EXECUTIVE DIRECTORS NOTES

November, Skeet Nationals month. Support for the series has grown enormously over the last few weeks with further donations of trophies.

Trophies have been made available for overall winners of all events on the program.

The list of donors includes **Melbourne Gun Club, Eurocut Pty Ltd, Mark Ballantine Pty Ltd and Lilydale Hiring**, whilst two of the 50 target events on the program will carry overall trophies donated anonymously. **Borsimex** will be providing grade trophies for the Australian Skeet Championship, and **F.I.T.A.S.C.**, through Dr Raymond Young has offered a Perpetual trophy for five man club teams over the 400 targets of the Skeet Nationals. **Adrian Cousens** has donated a Perpetual trophy for two man teams competition over the 400 and the list of high gun trophies is almost complete.

Along with the Beretta Skeet gun donated by **Winchester Australia**, for the Champion of Champions, the winner will also receive the **Cec. Herbert Perpetual Trophy**, and a limited edition skeet belt buckle donated by **Barney Rooke**. **Ray Melville** has kindly donated the veteran high gun Perpetual trophy, as has **Bill Attwood** the Junior high gun Perpetual trophy.

Cartridges purchased from the ACTA must be used for the National Skeet Championship on Saturday, November 19, brands available will be Winchester in 275, 300 and 325 configurations, Scorpio and Rottweil. Winchester 300's and 325's will be specially branded for the Skeet Nationals. Five packets of shotshells of the competitor's choice, will be purchased when nominating for the National Championship.

Contrary to what was stated in the advertisement for the Skeet Nationals in October CTSN, all sweeps and purses are optional.

I hope to see many of you at the Skeet Nationals.

Enjoy your shooting,

IAN C. HILL

EDITORS MAILBOX

Part 1

Dear Ian,

On behalf of the Committee of the Christchurch Gun Club, I would like to convey through you our most sincere thanks to the shooters who attended and helped at the recent ISU Nationals we held.

In particular I would like to thank Bruce Noll and Barney Rooke. Although all the shooters were most helpful we are especially indebted to Bruce and Barney in helping us get the full 200 targets through in the two days. After a trap broke down on the Saturday it was a big help to us the assistance given by your members to keep the shoot moving.

I hope the shooters had an enjoyable time here and we look forward to seeing them again.

Sincerely,
Mrs Adrienne Sears.

"THE BERRY PATCH"

Terry McCarthy

Brett found "Keeping Up" an exciting, all consuming dare. "Grab the top of the bloody fence," urged Marcus as he lifted his young brother higher towards their committed task.

The modest porch light was faintly extending its animated cover of protection over Porter's patch of force-fed prize Strawberries. "Miserable Pommie Bastard", whispered Marcus, his warm breath condensing in the cold night air. Ivan Porter had done the wrong thing that morning; sure, the Maloneys' dog was near his precious 'berries', but he should have quietly beckoned the pointer homeward, rather than savagely crunching a damn garden rake into tissue and bone of Stoney's exposed frame. Within ten minutes of the incident Marcus knew who busted up his dog on the eve of Quail Opening.

"Careful, Brett! The old bastard will have the cops on us if you don't quieten it down a bit", cried Marcus firmly. Quickly, the lads instigated their deed of revenge, soaking the patch with petrol from the leaking drum Brett hid with detective like care alongside the garage wall. "No one will find it there", thought Brett as he anxiously fumbled for the matches which eventually found his brother's extended hand.

"What now?" asked Brett.

"You see that hose neatly coiled around the tap? Well, I'm going to cut 'er up in little bits" was the thoughtful reply from Marcus.

"The only way Porter's going to stop this prize pie from cooking is to piss on it" extended Brett as he muffled his laughter.

"Now, remember what I told you Brett; when I throw this flamin' stick, we hightail our arses out of 'ere — home, back into bed, which we ain't left."

"No worries" replied Brett. Whatever Marcus said or, for that matter did, was good enough in his eyes; a feeling shared by most in Langbridge.

Marcus was a strongly built lad of sixteen, two years older than brother Brett, who often displayed the strengthening bond which they shared. The responsibility of the past 18 months, since their parents had been wastefully killed in a tragic boating accident had been extremely difficult but, in a strange manner, rewarding. It was as if the Maloney boys were in the apprenticeship of a supernatural force governing their flow of experiences, judgments and emotions dramatically leading Brett and Marcus into manhood.

Ted Foley had placed the last tray of wholemeal French loaves in the earthenware oven of his father's bakery. Looking up he caught the flared uneven flight of the Maloney brothers' torch. Momentarily, the fuel hungry flickering torch lay between the dense rows of carefully cultivated strawberries. What followed confused Ted.

First, the strange flash in the moonless sky was uncomprehendingly joined by a violent glow of red, orange and stark blue, covering the rear section of Ivan Porter's back yard. "What in the hell could that be?" mused the baker's son with concern. As he watched with tightened, strained eyes, flames began to eagerly leap with searching thirst across and around the dry weather worn timber shell that housed Ivan Porter's symbol of success.

The explosion completely gutted the once powerful black Ford Customline. As the fire fighters hopelessly attempted to save the garage and its contents, the Maloney boys slipped

into bed contented in the knowledge that Ivan Porter wouldn't be raking dogs off his 'berries' for a while.

Eagerly Ted glanced at his father's pocket watch (borrowed for the occasion) — six a.m. Once again he checked gear, shotgun, 12 gauge cartridges, lunch, and three small boston buns, all placed in his game bag with careful anticipation. Marcus and Brett loved Ted's boston buns. Pondering, Ted recalled the kick he got out of Brett saying "Having a mate with his own bakery shor' comes in handy". What a day this was going to be — Quail opening. Marcus did say "Meet us at the main gate of Uncle Dan's place six sharp Sat morn'" reflected Ted, his disciplined mind cross checking all matters and detail. This time, his excited glance up the winding gravel track paid dividends; Marcus and his eager brother Brett approached Ted with a combined look of excitement.

"Hi, Ted" cried Brett, half laughing.

"All ready", greeting Marcus with his usual grin.

Ted stretched out his hands and carefully patted Stoney. "One day I'll have a pointer like Stoney . . ." thought Ted. "With luck, before the next season."

"Geezz, what in the hell happened to his bloody back?" exclaimed Ted. Continuing, he offered "Barbed wire."

"No," answered Marcus with agitation. "Had an accident with a damn rake, but he's O.K. now."

Ted was well aware by the reply from the pensive and stern Marcus that he best leave the matter rest there. Changing the subject Ted asked "Hear about the big fire last night? Old Pommie Porter's car went up in smoke."

"N'nn . . . No-No, we were in bed asleep, weren't we Marcus" answered Brett with nervous crumbling control. "Shh----it", blurted Marcus, "The . . . car too?"

Ted was pleased with the boys' obvious interest, and offered more detail. "Dad and I were working in the bakery about 9.30. I raised the alarm, I saw it start — but we were too late. Burnt to a bloody smouldering cinder; the garage, the new Ford, and all. The voluntary brigade wrecked the poor bastard's strawberries when they pulled the remains of the wall down on the patch. The sad 'ol sack just sat on the ground and stared. Didn't even help, they reckon."

"Musta-ta done somebody a bad turn to cop that".

"Yeah," "Ya know, he didn't treat animals right."

The three lads walked steadily in a safe guided line through the dew moistened stubble. Wheat stood out as scattered golden drops, perfectly reflecting the morning sunlight amongst the winding cracks in the red soil. Suddenly, Stoney shortened his instinctive cast, nostrils vibrating, seeking fresh scent of running stubble quail. Quivering now on perfect point, head motionless, eyes darting and half looking for Marcus, almost anticipating the command to flush.

"He's on 'em, Marcus" quietly offering Brett.

"Stoney's got birds; look at him quiver" returned Marcus with his infectious grin spreading further across his tanned face. BRR - RURR, BRR - RURR, repeated in a noisy explosion of gold and brown feathers, as the disturbed brace of quail desperately climbed to wing twisting in pre-determined paths of escape, no more than six feet from the stubble. Marcus smoothly shouldered the greener side by side and dropped the left quartering bird in a puff of floating feathers.

Positioned directly behind Stoney, Ted quickly plucked the remaining right swinger of the double rise from the morning air.

The English Pointer eagerly marked the pair which were now safely in Brett's game bag. Ivan Porter's 'berrie patch' was surely in another world . . .

AUSTRALIAN SHOOTING ASSOCIATION

NEWS RELEASE

The Australian Shooting Association (ASA), national controlling body for the sport of shooting in Australia, is to admit companies, organisations and individuals as Supporting Members.

The Association currently provides the means of affiliation with the International Shooting Union, the Olympic movement and the Commonwealth Games, and is involved in the organisation and administration of teams attending such events overseas.

ASA believes there is much to be done in promoting shooting, particularly in the fields of education and training, conservation and among young people. A lack of resources has restricted ASA's ability to develop and implement programs in many vital areas and the Association is seeking support to pursue these activities.

The President of ASA, David Watts, said that some financial support was provided by the Federal Government but this was insufficient to meet normal operating costs and to enable ASA to actively pursue its aims of promoting and developing the interests of shooters. In common with all sporting bodies, the Association's costs had risen rapidly in recent years and it had become more difficult to achieve the level of funding necessary to ensure the proper development of the sport.

Supporting Memberships would allow a broader cross-section of the community to make a positive contribution to the achievement of ASA's aims and permit the organisation to become less dependent on Government funding.

ASA is also entering the market for specialist books and is continuing discussions with the firearms industry on the establishment of a fund which will contribute to the development of shooting as a sport and to its recognition as a safe and legitimate recreational activity.

David Watts said that Supporting Members of ASA would receive:

- acknowledgement in the Association's publications, submissions to Government etc.
- badges and certificates issued by ASA
- copies of ASA publications, newsletters, etc.
- a 10 per cent discount on books marketed by ASA.

Supporting Membership is offered in two categories:

Corporate. Any company in the firearms trade, sporting goods or associated with shooting, or any organisations with an interest in the sport can apply. Corporate Supporting Members will be able to display a certificate of membership. (ASA and its affiliates regularly receive inquiries concerning shooting equipment, facilities and so on: when deciding where to direct these inquiries preference will, where possible, be given to Corporate members).

Individual. Any individual will be able to apply to become a Supporting Member.

David Watts said he hoped many shooters would recognise the importance of the Association's work and demonstrate their commitment to the future of the sport by applying for individual supporting membership.

Further information on Supporting Memberships of ASA are available from:

Mr G.R. Smith,
Executive Director,
PO Box 31,
SOUTH MELBOURNE, Vic, 3205.

PROPOSED AUSTRALIAN SPORTS COMMISSION

The Federal Minister for Sport, Recreation and Tourism, Mr John Brown, has announced action designed to establish the Australian Sports Commission. In indicating the names of five appointees to an Interim Committee set up to advise him on detailed arrangements for the Commission, Mr Brown said that this was a further important stage in implementation of the Hawke Government's election commitments in the area of sport.

The Committee will be chaired in a part-time capacity by Mr Ted Harris, AO, Managing Director and Chief Executive of Ampol Ltd., and Chairman of the National Olympic Telethon Committee. The part-time Deputy Chairman is to be Mr Herb Elliott, MBE, former top Australian athlete, Olympic gold medallist and world record holder, and now General Manager of Puma Australia Pty Ltd. Mr Mike Fitzpatrick, Rhodes Scholar and captain of the Carlton Australian Rules Football team in the Victorian Football League will be a part-time member.

Mr Greg Hartung, political correspondent for the Sydney Daily Telegraph, and formerly a sports journalist with The Australian in Brisbane and London, and Ms Libby Darlison, a lecturer in Sports Science and Sociology at the Cumberland College of Health Sciences in Sydney (who has a particular interest in the sociology of sport and leisure, and women's involvement in sport), will be full-time members.

The Interim Committee is to report to Mr Brown within three months, proposing guidelines for the establishment of the Commission. In this task, the Committee will need, inter alia, to consider:

The proposed Commission's role and powers (including the extent of coverage of aspects of recreation as well as sport);

Details of structure of its membership, and responsibilities of its Commissioners;

Its relationships with, for example:

- the Minister for Sport, Recreation and Tourism
- the Department of Sport, Recreation and Tourism,
- sports bodies/associations, including the Confederation of Australian Sport,
- institutions, such as the Australian Institute of Sport, and
- other levels of government.

Consultations with external interests — particularly key sporting bodies — on the arrangements for establishment of the Commission will be undertaken by the Committee, which will also examine overseas literature. On a continuing basis, the Commission will liaise regularly with national sporting bodies.

SHOOTING SHORTS

By Roger Darwon

WINNING THROUGH NEGOTIATION: NSW legislation

The talent of a good negotiator, is his capacity to get things done: If the shooting sportsperson is to achieve any prominence into the next decade and beyond, he will have to understand one of the most important **BASIC facts of our TIME**. That is, to both understand a lot more about his sport, the attitude of others around him, and the fact **HE** must learn to stand behind the expert-negotiators of his sport.

At the same time, long gone are the days, when dressed in any old shabby manner, was good enough. Long gone are the days when in answer to others not knowledgeable about the shooting sports, **YOU** answered, "Oh, I'm a shooter!" Today you're a member of a sporting group, that has made inroads into both Australian wide and world wide competition with distinction. Show that you're both proud and prepared to introduce your sport to others.

It's a fair chance as an individual, you're not good at the negotiation profession, then my advice is **don't try**, but let your efforts be directed to and **through your State Association** which has at its disposal the best negotiation leaders.

These men are the ones who have spent at least 15 to 20 years within all facets of the shooting sports, with all manner of **OFFICIALDOM and GOVERNMENT**. They made it today, because **THEY** have managed to assemble **VAST** volumes of negotiable facts, and by their experience, and the **VALUE** of their convictions have managed to **MAINTAIN your STATUS-QUO** to date. They're used to "fighting" the "big guys" and they do it **each time with impeccable logic**.

It's vital when negotiating to have not-some, **but all of the facts involved if success is to be achieved**.

While I have your attention; let me explain in brief, a few main basics to **this NEGOTIATING-BUSINESS**:

First, you must remember, that all people are different. They will see your needs in another light to your needs.

When negotiating, **YOU** must make a **personal approach**, because "**commitments**" are never kept by **institutions or governments**, they're too big and impersonable. If you "**box**" people into taking a stand publicly, they tend to resist change. Always, but always do your negotiating, **BEFORE it becomes PUBLIC**; if you can. It's much easier to say **NO** over a telephone. So if your need is great, you had **better get to it face-to-face**.

If one of the parties, is going to write a letter **confirming your undertaking**, **YOU** had better be the one to do it. That way you get the initiative, and **YOU set the PRIORITIES**, and last, **you control the situation**.

Don't be afraid to seek advice and help from experts in your field. Plus it makes the negotiations more "collaborative" and less "competitive". **Timing, is most important**. This is the most important of all. **Anticipation is the greatest gift a good negotiator can possess** . . . without it he is just an all-so-ran.

Likewise your firearms-lobby, via negotiation, has been preserving your options within the shooting-sports, for over 20 years. This has been achieved at great expense and often difficulty, by **good negotiation, timing and team work, by a handful of good negotiators**.

To have **options and know you have options**, is very important. When you don't have **negotiating-options is when you're powerless**, and that kind of situation is bad for everybody. "Then people become hostile and try to **tear down the SYSTEM or the ESTABLISHMENT**", then people become in some cases **APATHETIC** and often 'throw-in-the-towel' and in these two cases, **we don't want either one!**

I am proud to serve on your firearms lobby (one of a **dedicated team**) for over 15 years. **THIS TEAM** is your best option to date, in your negotiating bid, and with your support, **can cure many of the ills throughout all shooting sport**. By **supporting and communicating with your LOBBY**, will be to your and your shooting sports full advantage. **Good shooting.**

IT CAN BE DONE: IF YOU TRY

Shooting Shorts, in C.T.S.News is just about to **celebrate it's FIRST birthday**. We are one year old, and what a mixed bag of "going ons" we encountered in that first twelve months. We received loads of criticism and loads of praise, we had the good fortune to be given loads of good ideas from gunners who have one idea in mind. The future growth on a National scale of both our showcase to the world Clay Target Shooting News, and the wonderful things this publication can and will do for our sport. At the risk of being considered cynical, which is an occupational hazard, I have learned to live with over some number of years as a firearms writer with the perception to keep searching for way to get across to others the many social messages needed to make our sport

IRRESPECTIVE OF STATE

become a real part of the Australian sporting way of life, I would like to leave you this month in both high spirits (that's all the champagne I'm drinking) and with this thought . . . which I hope many will **consider for it's true VALUE:**

IT CAN BE DONE!

Someone said that it couldn't be done, but He with a chuckle replied, maybe it couldn't, but he'd not be the one to say, until he'd tried it. So he buckled right in with a bit of a GRIN, if he worried, he didn't show it. He started to sing as he tackled the thing, that they said couldn't be done — and he did it.

Somebody scoffed: "Of you'll never do that, at least no man ever has done it!" But he took off his coat and he took off his hat, and the first thing we know, he'd begun it.

With a bit of a grin, and a lift of his chin, without any doubting or quitting, he started to sing. He tackled the thing, they said couldn't be done and he did it.

There are thousands to tell you it cannot be done, there are thousands to prophecy failure; There are thousands to point

out, one by one, the dangers that wait to assail you.

But buckle right in with a bit of a grin, take off your coat, and take off your hat and go to it. Just start off to sing, as you tackle the thing, that they say cannot be done . . . and before they know it, YOU'LL HAVE DONE IT.

SHOOTING SHORTS Cont'd from page 10

tions. We hope the message is loud and clear. Recently published figures in America and the United Kingdom show just what takes place within the economic system when Left-Wing elements impose and curtail all the shooting sports. Something like \$2000 million in the United Kingdom alone is spent each year on field sports, and that in turn generates a further \$1600 million per year. Sales of game and sporting products are reported to be worth \$34.8 million while the figure on such items as travel expenses, food the purchase of motor cars and other sundries would have to go into the multi-millions. Now in very plain and simple to understand language when you curtail the shooting sportsman through quite a number of un-called for restrictions, you're also putting out of work thousands of people employed within the many structures of the sporting manufacturing, sales and promotional industries. This does not even include the vast sporting publishing industries who supply the shooting sportsman with all manner of top line hardback books right through to monthly magazines on the many facets of the shooting sports. In Australia alone this amounts to a publishing world going into millions.

To all you unknowledgeable "experts" out there in our Australian way of life, ever ready to push your ideals down our throats . . . have you ever stopped to consider the job you have put into redundancy, may well be your own!! My advice to all politicians, State and Federal . . . it's about time you all stopped listening to non-experts, and took a lot of notice of the real experts the men and women who make up the industry and products associated with all the shooting sports. As a matter of fact, YOU NEED US MORE THAN WE NEED YOU.

THE INSTRUCTOR and THE COACH: (A DISTINCT DIFFERENCE):

Although the **mechanics of INSTRUCTING** and the **technique of COACHING**, overlap to some degree, you will note there is a **notable fundamental difference** between them. **The INSTRUCTOR**, is a **technician**, who plays the role of showing the basic fundamentals of guns and gun safety, the types of shells, targets and shooting procedures and etiquette, plus field layouts, and shooters personal equipment, not to mention cost factors. All beginners should be given a tour of the trap or skeet layout. This should include a view inside the trap houses, an examination of the trap and how it works. Also, they could be made aware of the benefits of the sports outdoor benefits, its safety record unequalled in any other sport and it's past **history**. **The instructor MUST** exercise a serious, **NO-NONSENSE approach** to a thorough teaching of the most important three issues for all new shooters. **GUN SAFETY, GUN HANDLING AND GUNOLOGY.**

Although the role of **instructor** and **coach** can, and are often filled by the same person, the **difference is THE INSTRUCTOR** covers the last three pointers until the new shooter gets it right. **THE COACH** on the other hand is more

of the **analyst and advisor**. His most important rule and responsibility is to **observe** the shooter, examine his shooting style and **scoring performance**, and then to draw the needed **conclusions that will help each gunner's performance**. **The coach's vital concern**, obviously, is to improve the shooter's score. He also has other very important responsibilities. He must listen in a very sympathetic way to **shooters alibis** and to comment and act as both their **psychologist** and to some degree their **disciplinarian**. He arranges practice sessions to iron out an **individual shooters weakness**, and coordinates other team activities. In reality the **INSTRUCTOR gets the shooter started** and then either himself or another more suited to **COACHING puts the polish** onto the **final stages**. To be a top shot, one needs the **guiding hand of a good COACH at all stages of his shooting life**. As a prime example that's why you see shooters from the Northern Hemisphere doing so well, they **live by the above rule of thumb**, not only in shooting, but all sports, for they have long understood the two rules, that of **INSTRUCTOR** and **COACH**. Let me assure you the keen **EYE and understanding of a good COACH**, is the best assistance any shooter could ask for:

"TO SIR — WITH LOVE!"

What would my old school master say, if he could see me now. His former pupil, who rode his little pony down that dusty road each day, to that old red bush school house . . . all long gone, vanished into their immortality. The teacher who toiled so that I may go into the world, with some fair measure of **education and comprehension**, in order that I could make both my way and also turn out a living in the **unknown world around me**.

What would all my past teachers say, if they could see me now? Would they laugh, cry or congratulate me . . . or fumble all three at once!! But on reflection, I'm sure my school master would be proud, he was that kind of dedicated man. I know my little pony would step higher, if I could ride him now, and that old bush school in my eyes would look brighter and brighter, if I could see it now. My fellow class-mates would more than just congratulate me, if they could know their former class mate was just that much more than a "**roads**" scholar . . . That is if one is to take with any degree of **acceptance and hope**, the letter to the Editor (page 44 October issue) from a Mr John Gould: . . . (Wonder' if he's any relation to the **BIRD LOVERS** of which this former pupil was a member, until I was **banished** when one of my teachers found out I went **DUCK HUNTING with my late Grandfather**). Any way thank you very much Mr Gould, both for your kind compliment and for paying me the finest tribute any man of **judicious journalistic repute** can **ever hope to attain**. I know my old headmaster would thank you too, for I'm sure there were times when he didn't think young Darwon would ever make it at all!!:

LEONORA GOLD NUGGET CARNIVAL

R. Bailey

It was at the Cunderdin Gun Club where Roy Holtfreter made it known that he had room in his car for a couple of shooters who might like to attend the Leonora shoot on the 30th and 31st of July.

Since we had never been to Leonora before and because of good reports of their previous shoots, we accepted his offer; particularly since Kath and Roy are such good travelling companions.

Sue and I left Perth at 7 am Friday the 29th to rendezvous with Roy at Northam. The day was made to order; clear blue sky, warm sunshine and no wind, but still fresh outside the car — a perfect day to travel.

The passing countryside was in fine shape — good rains had brought the recently sown crops through and the ground was a carpet of green. If you listened, you could almost hear the wheat growing.

It's 800 km to Leonora from Perth and a full days drive, but the five litre V8 covered the ground in fine style. The only sound was the girls chatting and laughing in the back seat.

Passing through the town of Bodallin, Roy ran foul of the law. A patrol car passing us in the opposite direction flashed its headlights at us. We slowed down, but too late. They turned after us, blue lights flashing. Stopping the car, Roy muttered something about losing another two points. I looked through the rear window and saw a very large policeman emerge with his infringement book. Some discussion took place and damn me if Roy didn't manage to talk his way out of a ticket, receiving only a caution. The remaining kilometres ticked by at slightly slower rate.

We stopped for a cold chicken lunch about mid-day and who should happen along but Murray Alexander and Greg Holly en route to the same venue. Both these chaps are top shots and we mentally noted that the competition would be very keen next day.

After a short break, they left and the red rocket was not seen again till we made Leonora.

We travelled along the Great Eastern Highway to Kalgoorlie, then turned north for a further 245 km to Leonora. We arrived at our destination around 5 pm and were made welcome by Anne Foale, manageress of the motel, who advised us practice was available at the Club.

However, we opted for hot showers and a meal instead and after a nice smorgasbord and a bottle of moselle, we retired early.

Since the rise in gold prices, a great deal of activity has centred around the area with diamond drillers, metallurgists, geologists and mining company personnel coming and going; giving a much — needed lift to the town's economy.

This is reflected at the Gun Club where new layouts are being contemplated. The clubrooms, fitted out with electric

• Cash and gold nuggets on display for the Leonora Business Men's Handicap.

heaters on the walls and a double door refrigerator in the kitchen, are a pleasure to step into and a credit to the Club.

Saturday morning at 8.55 am the large group of shooters from as far apart as Newman in the north to Kojonup in the south, listened to club captain Neil Johnson give the days briefing under a heavily overcast sky. Gil Foale, club secretary, had the office running like a well oiled machine only an hour after he had delivered our motel breakfast.

Eighty four shooters were on the board to compete in the first event — the State Point Score Tower Championship. The wind intensity increased and one well known shooter was heard to comment "a bloke'll need five dogs to keep him warm tonight".

Despite the cold start, Bruce Hopkins of Cunderdin was able to shoot the only possible 90/90 to take his first State title. It was a popular win as Bruce is well liked and congratulations went on until very late that night. (Rumour has it that the White House Hotel was out of beer when a certain party left for home).

By 2 pm the skies had cleared and apart from a fresh wind, the afternoon was much more pleasant for the second event — 25T DB Graded Gold Nugget Shoot. Ninety shooters were contesting the event; all keen to win a gold nugget. After a relatively short shoot off of ten targets, Murray Alexander stood alone — first nugget to Murray.

Event three, the District DB Championship was stopped due to failing light at 5.15 pm and recommenced next morning at 8 am. Eventual winner was yours truly after an even shorter shoot off of four targets.

A five target SB Gold Nugget event was next and many good shooters came to grief here. 15/15 was all that ex-Government dogger Karl Srb needed to win a gold nugget.

The State Walk — Up Championship was next and the expatriate Victorian Tom Vodden showed us how; winning outright with 18/20. While all this shooting was taking place, the Leonora ladies were keeping the soup and coffee moving.

Well contested by ninety two shooters was Event Six: the Leonora Business Men's Cash Handicap. However, the light again beat us and the last four squads were completed under lights. After an interesting thirty two target shoot off with D. Perrin, R. Carlson claimed the one thousand dollar first prize with fifty two straight.

Conditions were now the best they had been all day; the flag hung motionless and the background was pitch black for the High Gun shoot off between Brendan Vodden, his father Tom and myself. Brendan showed that he is a chip off the old block by beating us both.

By now the hour was too late to finish the program so the 20 pair DD was cancelled and nominations refunded. Then it was all into the clubroom for the presentation.

• State Tower Championship winner, Bruce Hopkins, of Cunderdin.

LEONORA GOLD NUGGET CARNIVAL Cont'd from page 14

• State Walk-up Championship, won by Tom Vodden of Kambalda.

By this time, Sue Bailey was floating a foot above the ground having won the Ladies High Gun Gold Nugget and her first ever sash.

The lovely array of trophies was presented by Leonora Shire President and Club Patron David Fitzgerald who is also a competent shooter.

The gold nuggets not used for the DD event were auctioned off by Don Lithgow and amid much good natured banter, managed to swell the Club's coffers by some \$325.

A barbeque and refreshments finalised a good weekend of shooting.

Before leaving town, we spent the day sight-seeing and had a look through the Sons of Gwalia Gold Mine Museum where Herbert Hoover (who was later to become President of the United States), was the first mine manager. A quick trip out to Laverton to inspect the Local Gun Club, then to Windarra and on to the ghost towns of Malcolm and Kookynie where the locals bought us a beer and told us tales of the early years on the goldfields.

A leisurely drive home, with many fond memories of a great trip covering a total distance of 1968 kms.

BATHURST GUN CLUB ELIMINATIONS

Bathurst Gun Club held the Western Zone eliminations on 3-7-83 to choose a team for the State Skeet Team Championships at Coffs Harbour in August.

Five Bathurst members qualified for the team and photograph shows left to right: Ron Frisby, Les Aberly, Bruce Midgley, John Harris, Noel Dwight (Cowra — and Western Zone President) and Bob Campbell.

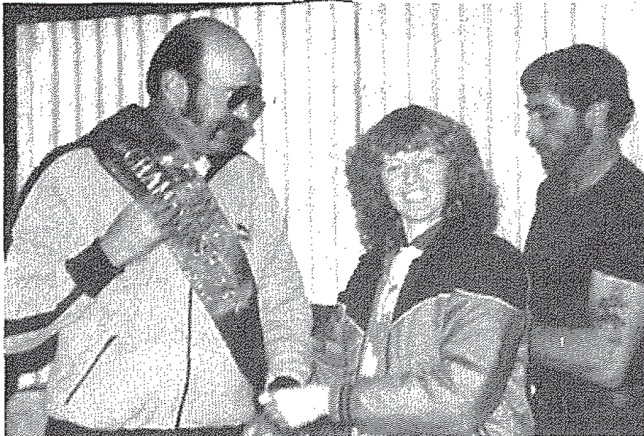

Collie Gun Club Shoot August 21, 1983

Michelle Alexander

The Collie Gun Club conducted the State Double Rise Tower and District Double Barrel events on Sunday August 21. The theme for the day was the Centenary of Coal, as it was in 1883 that coal was discovered in Collie. A special bottle of port and a beautiful black and gold sash was part of the High Gun prize and a much sought after trophy.

This small coal mining town lies in the hills east of Bunbury. It took its name from the Collie River which was named after the man who discovered it in 1828, Alexander Collie. The Gun Club, consisting of one trap, one skeet and 1 tower layout is situated in a picturesque bushland setting, with a lovely view over the trap layout.

Club President, Max Cubic, welcomed everyone and the first event began. The 5 pairs of Double Rise from the tower was a warm-up for the State title to follow. Max Cubic was the only shooter to have a perfect score 10-10. Everyone thought he

• Murray Alexander being presented with the sash for State Double Rise Tower by Michelle from Collie with Max Cubic and Neil Dowe looking on.

was favorite for the next event, but one person had other ideas. Others to share in the money for the minor places were Mick Della-Franca 8-10, and on 7-10 were Colin Roach, "Banjo" Paterson, Alan Dye and J. Carbone.

Then came the State title, shot over 15 pairs of Double Rise Tower. Unfortunately, there were only 25 to compete in this event.

The lack of support from the surrounding clubs was quite disappointing. Those who did attend really shot to win the red sash. When the scores were all in, Murray Alexander was the outright winner with a score of 26-30. Peter Tyler shot well to gain second. Score 24-30. A shoot-off began to decide third place between B. Day, N. Dowe and M. Cubic. Max, once again shot 10-10 to take the third position.

After lunch, the District Double Barrel got under way. The pink fluorescent targets must have been a bit tricky because Mike Callaghan was the only one to shoot 25-25. He received the sash and A grade trophy, while Max Cubic took second and Murray Alexander third. B grade went to John Fry. In second place was Neil Dowe with Peter Tyler in third. Michael Griffiths was the C grade winner followed by Brian Bunter in second spot with Phillip Hope third.

As the main events were over early the club decided to put on a handicap event. This was won by June Roach with the only 25-25. Then all the 24s had a shoot-off for the minor places. N. Dowe, M. Griffiths, P. Iley, B. Day and A. Dye went to battle it out for second and third. Brad Day was the winner of the shoot-off and took second and Alan Dye was third.

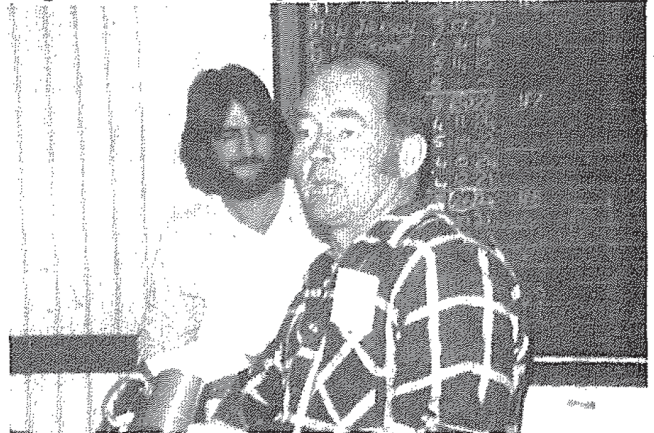

At the close of shooting, Murray Alexander ran out High Gun winner. June Roach took the Ladies High Gun and Phillip Hope was the Junior High Gun.

Mr Kevin Douglas of Western Collieries, was the guest of the club for the presentation after the shoot. His company donated the High Gun Trophy which he presented to the winner Murray Alexander.

The business houses and mining companies supported the Collie Gun Club and the array of trophies were some of the best to be offered this year. It is wonderful to see the town help a small club in this manner.

After the presentation there was the barbecue and refreshments. It was most enjoyable as the selection of salads was great! The Collie ladies worked hard and did a good job of feeding everyone who attended.

The committee of the Collie Gun Club are also to be congratulated on a well prepared and well run shoot.

• John Fry (talking as usual) B Grade winner in the District Double Barrel.

ATTENTION ALL ISU SHOOTERS

International Sub-Committee

ISU SKEET AND OLYMPIC TRAP

Due to a decision by the Australian Shooting Association on October 15, 1983, eliminations will be held at Downside on December 3, 4 and 5, 1983, and Melbourne on February 25 to March 1, 1984, to qualify for selection for the 1984 Olympic Shooting Team.

Shooters who have International Ratings will be eligible for the Olympic Team. The second elimination will be held in conjunction with the ISU Nationals in Melbourne in February 1984, over the 400 targets of the Commonwealth and National Championships.

Four lots of 200 targets to be shot, 400 at Downside and 400 at Melbourne, the best three scores to be considered plus overseas performances.

Shooters please note, both sets of eliminations are compulsory. Would all shooters who will be competing at Downside, please contact the National Office by November 15.

THE ALUMINIUM TARGET

By Tom Gannon

SCENE: A CENTRAL NSW gun club in the 50s.

Jock Wilson, ACTA president, No 1 shooter in a 5-man squad, walks to his mark as a bookmaker offers 6/4 against Mr Wilson's breaking his first target.

Mr Wilson, now 87, of Almurta, near Korumbarra (V), recalls: "I took six pounds to four. It was a RIDICULOUS offer — 6/4 to break a target in a double barrel event.

"I hit the target with each barrel. But it did not break.

"Then I knew something was fishy.

"When we came to shoot our second five targets, the bookie offered 6/4 again. I didn't fall for it a second time. Again I hit the target, and again it did not break.

"When the event was over, I got the Club President's permission to inspect the missed targets.

"There were three black-painted aluminium targets among them.

"And there were another 17 in the traphouse.

"Needless to say, the club was banned; and registered shooters were forbidden to compete there

COMPLAINT —

"I had driven all the way from Melbourne on a complaint that a bookie was operating at the ground. ACTA rules forbid betting.

"The first person I saw at the ground was a chap who knew me. He honored my request to not mention that I was present.

"Betting was a hangover from live bird days when huge amounts changed hands, and bookmakers operated openly.

"The ACTA grew out of opposition to killing something to win a purse or bet; AND the desire of a few of us to create a national sport, allot titles and introduce a handicapping system.

"Betting forced many a new shooter out of the game.

"What happened was, that when the shooter acquired a certain ability, he started to back himself.

"The sport lost shooters because chaps got into debt with their betting.

"In the live bird days, I've seen five hundred pounds riding on the outcome of one shot.

"How can you call it SPORT, when you are BETTING on killing something!"

Live bird shoots have been outlawed for years.

Field shooting—

However, Mr Wilson enjoyed nothing more than a day on quail, snipe or ducks.

"In the field, the bird has a real chance."

Mr Wilson, the first ACTA president, was president from 1937 to 1957.

He and the late Horrie James, who shot under the name of Duxbac, called the first meeting to form the Australian Clay Pigeon Target Association.

"The meeting was in a club in Swanston St., Melbourne in 1936.

"Horrie put himself in as President, and nominated one of the monied Baillieus of Melbourne as chairman.

"We never saw Baillieu for the first year; and when Horrie wanted him re-appointed chairman the following year, the committee did not go along with it, and I got the job.

"The first three clubs were Launceston, Benalla and my club Nobel, which shot in the western Melbourne suburb of Footscray.

"There were other clubs about, but they had not made up their mind.

"Once the association was formed, they quickly joined.

"At the start there were 35 registered shooters at two shillings a shooter. Club registration cost five shillings.

"Nobel was the first club in Australia.

"It shot in a quarry. ICI owned the quarry and the surrounding land; and later approved of our coming out of the quarry, and setting up on the land.

"When the Second World War broke out, ICI needed our ground to build a factory to make fuses. The club folded, and

members joined the Australian gun club on the other side of Melbourne, at Burwood.

"The old Australian Club has since gone, too, but it perpetuated in the name of the Frankston-Australian Gun Club.

"However, because the club is based at Frankston, it is generally referred to only as the Frankston gun club."

NEXT MONTH: A stickler for safety.

CUNDERDIN GUN CLUB Sunday, August 17, 1983

Chas Riegert

In a change about of tactics, our astute Club Captain decided that instead of shooting normal Skeet first, we would dive straight into our Club Championship ISU Skeet. In excellent shooting conditions the scores posted were not good. John Harris, a late arrival, brought in a score of 43-50 to win the event outright.

Fighting for honors in the Australian Skeet was a two way tussle between Laurie Reynolds and David Kevill. Laurie commenced the resultant shootoff and both shooters were able to leave station 1 clean. On station 2 Laurie shot both his single targets but missed his high house double.

• Robert Herridge (left) and John Fissoli — Club Captains of Northam and CMT clubs.

Normally you don't get a chance when shooting against David in this situation, however, on this occasion, David missed his high gun house single and the sash went to Laurie. A very pleased Club President.

The 50 Skeet shot in the afternoon was also the Cunderdin Captain's Team versus the northam Captains Team Match event.

The Cunderdin Team was the same as the Interclub team and posted a score of 232-250. The Northam team consisted of: T. Carvell, R. Holfreter, D. Morgan, R. Herridge, N. Way.

This team posted a score of 211-250 and the Captains Shield remained at Cunderdin still again.

Thanks are extended to Ivan Halbert for taking photographs of the presentations and the write up on the afternoons event.

Shoot results are as follows:

50 ISU Skeet District C'ships: OA J. Harris, 'A' 1 D. Kevill, 2 I. Halbert. 'B' 1 J. Fissoli, 2 K. Hopkins-R. Holfreter. 'C' 1 N. Way, 2 B. Hopkins, 3 L. Reynolds.

50 Skeet District C'ship and Interclub team score: OA L. Reynolds. 'A' 1 D. Kevill, 2 C. Riegert, 3 I. Halbert. 'B' 1 G. Way, 2 B. Hopkins, 3 G. Beard. Interclub team and scores: Laurie Reynolds 48-50, David Kevill 48-50, Chas Riegert 46-50, John Harris 45-50, Ivan Halbert 45-50. Total 232-250.

WHERE WOULD WE BE WITHOUT THEM?

AN INTRODUCTION TO THE GRIFFITH CLAY TARGET CLUB COMMITTEE

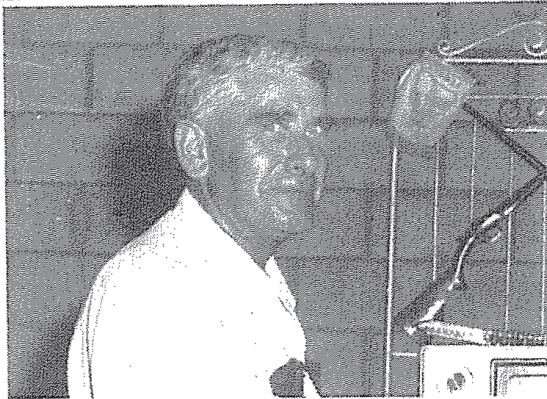

They're the ones who work their fingers to the bone . . . get no thanks . . . are expected to have ESP . . . never do anything right . . . and couldn't choose a decent trophy in a fit . . .

Sound familiar! Yes, every club has them. They're called "committee members".

The Griffith Clay Target Club has several "diehards" on its committee.

First off the rank is president Keith Sim. He's the bloke who sets the traps to throw that vicious straight-away you always miss, and who, even when he gives you ten minutes warning, can't get you out onto the tracks at the same time as the rest of the squad.

Then there's Peter McWilliam. That man must have ridden to Darwin and back by now, the amount of miles he has spent on the ride-on mower keeping the grounds in order. And he could have swum half way to Sydney in the gallons of water he has pumped out of the Trench lay-out since the drought broke.

• Griffith Clay Target Club president, Keith Sim.

Garry McDonald is the big Vietnam veteran who runs the kitchen, now that the only female member is stuck in the office (we don't have a ladies committee). He's the one with the sponges loaded with too much cream, and, because of the yummy jam rolls you ate too much afternoon tea and couldn't get moving in the next event. Yes, and then he faithfully recorded your lousy score on the board for everyone to see . . . and nearly went cross-eyed in the process.

The practical-joker, the one with the odd sense of humour? Read his T-shirt and you'll find "Davo the Garbo", alias David Wallace (read his other T-shirts and you'll find messages unpublishable). He's the one who broke your concentration by giving you the target exactly at the moment you called for it. Still, he's the bloke who gave his 100th pint of blood at the Blood Bank the other day, so we'll be nice to him. Not a bad bloke . . . considering.

There are these and several more.

Ian Evans who's truck has to be unloaded of superphosphate so it can be loaded with clays delivered to the carriers on the morning of the shoot.

Mark O'Mahoney, who drives 70 miles to attend a committee meeting, spends three hours discussing proposals which are deferred till next month, then drives 70 miles home again.

Silvano Codemo, whose Italian community group, Fili del Grappa, threw a charity dance that finished at 3 am on the day that it was his turn to supply the sandwiches for the shoot — which he was unable to attend because his head no longer belonged to his shoulders. But he delivered the sandwiches (they were delicious) and Fili de Grappa raised over \$1100 for the charity, so it was worth the headache.

Harry Hillery, after his ten-year sentence in the Office, took an extended holiday to unwind and now he's back we've gained a referee and scorer.

Lance Brissenden is the Handicapper, who tries to keep the handicap cards up to date and does his best to be polite about the many and varied rule changes.

Bernice Britain

John Evans, the sports store owner who supplies cartridges at that ridiculously high price — about \$2 below the over the counter price — and who gives Peter McWilliam slow targets because, Peter being so tall needs more time to see them.

. . . and Bernice Britain. She's the one who couldn't choose a decent trophy in a fit, and then she over-pays on the sweeps. Never be a secretary's boot-lace, that girl.

Yes, they're a familiar crew — and every club has them — the committee members.

Where would we be without them?

HATS OFF TO THE TRAPPERS

Bernice Britain

• Trench Trappers Andrew and Patrick Pendlebury.

There are many things which go into the making of a successful shoot — an enthusiastic committee, a good program, plenty of shooters, and . . . efficient trap boys.

At the Griffith Clay Target Club we have three regular trappers. Our "Number One Trap Boy" is Les Sim, and the trap in front of the clubhouse is "his" traphouse. At our monthly club shoots Les has No. 1 trap and brothers Andrew and Patrick Pendlebury take it in turns to Man No. 2 trap, which means that at larger shoots we can bring in No. 3 trap without the worry of looking for an extra trap boy.

Les has been our regular DTL trapper for more years than he has fingers, and it is an indication of his efficiency that he still has them all! Because Les' legs are a little short one end, the two "Teenage Beanpoles" do the monthly Trench trapping. The boys say that Trench trapping keeps them in training for Soccer, as they spend the whole afternoon running.

Trapping is a thankless task. In the summer, temperatures soar into the 40's here in the Riverina, while in the winter the early mornings are often several degrees below zero warming up to a whole 7° maximum for the day. So, shooters, the next time you seek the comfort of an air-conditioned clubhouse or the warmth of a welcoming oil burner, spare a thought for the Lad out front in his concrete bunker.

Our Trap Boys do a great job for us all, and I'd just like to say, "Hats off to the Trappers". They are one of the most important people at any shoot.

PS: Both boys' Soccer teams were defeated in their second semi finals. Maybe we should speed up our shooting and make them run faster next season!

1983 GERALDTON CRAYFISH CARNIVAL

Michelle Alexander

Four and a half hours travel north of Perth brings us to the town of Geraldton which is the venue for the Annual Crayfish Carnival. The accent was on Crayfish, from the two events with crayfish trophies, the lunches of crayfish and salad, to the crayfish on the Stirling Silver High Gun Badge. There was a total of 102 shooters from all over the state, ranging from Esperance in the South to Newman in the North. Even a visitor from Broken Hill.

President Ron Baker welcomed all shooters to the club and asked Murray Alexander, W.A.C.T.A. President, to address all who were present. It was with deep regret that he announced the passing of a fine lady and sportswoman, Beth Catling. A minutes silence was observed in her memory and it was on a sad note that the shoot was started on Saturday August 13.

The first event for the morning was a Cash Graded Event, with each competitor trying to get a share of the money. The fortunate A grade shooters were T. Stingel, E. Daw, N. Hyder, R. Bailey, M. Cubic, T. Vodden, and John Harris. The B grade was split between only three shooters, R. Pickard, G. Couzens and R. Baker. C Grade had only one possible and that was shot by Mark Hatch. The other 40 per cent was divided between E. Dickinson, J. Medhurst, V. Oliveri, Michelle Alexander, G. Riseborough, J. Tetlow and Colleen Ireland.

The day had started in fine conditions but this was not to last long. Halfway through the second round of the National Mutual T & G Classic 50 Target Double Barrel, Duke Wellington looked to the heavens and announced to everyone that rain was on it's way and promptly donned his wet weather gear. Down came the rain, on went the shoot and nobody missed out on getting wet, but all were dedicated Clay Busters and carried on regardless. Shoot off for the sash was contested by C. Hinkley, M. Green, Jim Neve, Murray Alexander and R. Mason. Colin Hinkley went on to be the Overall winner. Bob Mason took first in A grade and second in that grade went to Murray Alexander. R. Pickard, A. Filgate, R. Baker, G. Couzens, A. Ship and A. Hocking shot off for first and second in the B grade section with Bob Pickard being the winner with Alby Filgate taking second. John Tetlow won

C grade outright and a shoot off was necessary to decide the second place. Laurel Hartley and Mark Hatch went to do battle and Mark took the minor placing. Laurel Hartley received the Ladies Trophy in that event and Jim Chandler the Junior Trophy.

Then to the event that everyone wanted to win or be a place getter in, the Crayfish Graded Event, with places going to fourth in each grade. The shoot off for A grade was between J. Harris, Jim Neve, D. Wiese and M. Cubic. John Harris was the winner (and got more crayfish than the others) from Jim Neve in second place, followed by Darrell Wiese in third and Max Cubic in fourth place. B grade was won by Lex Shipp from Colin Loxton and Dick Howell who gained second and third. There was also a shoot off for the fourth place between R. Pickard, A. Filgate, M. Normington and W. Chandler. Mark Normington took some crayfish back to Kalgoorlie. John Medhurst won C Grade outright and R. Fuller, J. Hartley, Shirley Hocking, J. Tetlow and B. Humphrey fought it out for the minor places. Shirley Hocking was second, Jack Hartley third and Ray Fuller managed fourth. The ladies went to Helen Wiese with Jean Bunter second. David Farthing was first in the junior section and Mike Boschetti finished in second spot.

Sunday morning saw the usual amount of sore heads and red eyes but of course no names mentioned hey Bob? The overnight High Gun leader was Jim Neve with at least half a dozen others in hot pursuit. The weather was no better than it had been on Saturday and the rain came down as the first squads began the District Double Barrel. It later stopped and just remained cold for the rest of the day. Among the many A and B grade shooters to go into the shoot off was Helen Wiese. She fired her first blast and had a misfire. Took it again, shot the next one and had another misfire on the third target and dropped her fourth target. Even an old hand at shoot offs would have been rattled by then. Robin Bailey went on to be the Overall winner with David Kevill taking first place in A grade and John Harris was second. Bob Pickard was the B grade winner and Helen Wiese was second, even with her problems. C grade was won by June Roach from Jeff Neve. The best unplaced lady was Jean Bunter and the junior place went to Jim Chandler.

The District Single Barrel was won by Ray Pederick with the only 25 in the event. Ray's weekend did not start very well when he blew the water pump on the Escort at Dongara. He had to leave it there and hire a car to get to the shoot on Saturday. Meanwhile, the mechanic at Dongara was fixing the Yellow Wagon and Ray and his car were re-united on Saturday night. Robin Bailey, who had crept to the front in the High Gun race, was first in A grade with Eddie Daw, the man who supplied the flowers in the club rooms, was second. Duke Wellington took the first place in B Grade, followed by Allan Hocking. June Roach shot a good score of 23/25 to take C grade outright with young David Farthing getting second. Again Jean Bunter was the best unplaced lady and Mike Boschetti received the Junior Trophy.

Once again those crayfish were up for grabs. This time in the last event of the day being the Handicap. Helen and Darrell Wiese had decided to put away the strange sounding shells as they had both had misfires in the Single Barrel event. Darrell had finished shooting and was 7 targets down for the weekend. He and Bob Pickard and Bob Mason were all in the running with Robin Bailey for High Gun. Unfortunately, weather conditions were not suited to the back mark shooters and High Gun slipped away from Robin. Murray Alexander was very pleased to see Warren Maddocks arrive at the shoot as it gave him some company on 25 m. The event was divided into four sections. 11-14 m was won by R. Kowald from Gaye Shipp in a shoot-off. Ray Pederick lasted the longest in the shoot off for third position. 15-16 m was won by Allan Hocking, with Kim Newbold second and Stewie Johnston (B to A) in third. 17-18 m was taken by Peter Wood. Jeff

• Ray Pederick winner of the District Single Barrel Championship with 25/25.

• Darrell Wiese High Gun with 168/175.

Neve was second with Helen Wiese third. 19-25 m section saw Jim Neve in first spot with Darrell Wiese in second followed by John Harris in third position. Best unplaced lady was Colleen Ireland and Laurel Hartley was second. Best Junior shooter — Mike Boschetti from Jim Chandler.

Darrell Wiese won the coveted Silver Crayfish High Gun Badge with a score of 168-175. Helen Wiese won the Ladies High Gun. Helen's score was 155-175. Well shot both of you under difficult conditions. Junior High Gun went to David Farthing and the Veteran's was won by Alf Coleman. The standard of the ladies shooting was high with places being attained in most of the events by many of the girls.

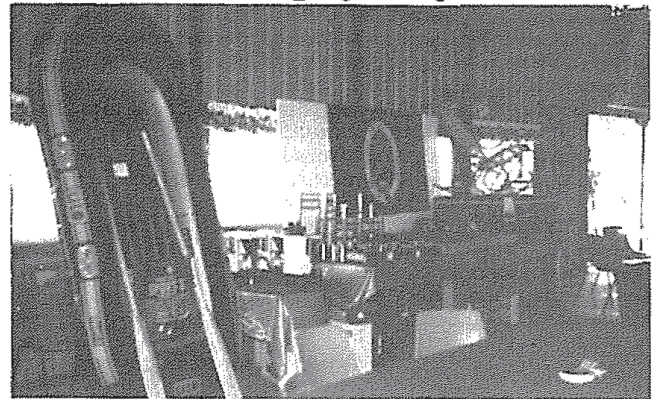

With the presentation over, it was on with the barbecue and refreshments. At Geraldton, it is traditional for fish to be served, and no-one was disappointed. It was a fitting finish to a weekend of fine shooting and good fellowship.

• Robin Bailey winner of the District Double Barrel Championship.

Sixty Six Attend Gold Coast Mammoth Trophy Day

• The trophy table at Gold Coast Gun Club.

66 shooters attended the mammoth trophy shoot at the Gold Coast Gun Club Clay Target range Saturday and Sunday 20-21, August.

Saturday's skeet program added a further 30 shooters to the attendance. They came from everywhere. Lightning Ridge — Wangaratta — Condamine — Melbourne just to name a few.

• Champ — Gary Redmond of Brisbane — All smiles as he receives his High Gun award.

Competing for just over \$2500 worth of trophies, the big guns were out in force — so were the big scores. Gary Redmond from Brisbane took the major honours with the Blue Ribbon event of the L. J. Hooker Beenleigh handicap event and the overall highgun for the day. Bruce Ross from Brisbane clinched the front marker event.

The much prized Beenleigh Toyota event, the Continental Championship was taken out by the Club's president Colin Witt in a closely fought shoot off with Ryan of Brisbane, Duyker of Terranora, McLachlan of Gold Coast and Giles of Ipswich.

Commenting on the attendance and tremendous representation, the President Colin Witt said that the generosity of the local trophy donors was paramount in the successful carnival.

The Saturday skeet event, he said was a triumph for Don Wells of Toowoomba. Bill Stevens from Brisbane, Mike Swale and Bill McCarthy from Gold Coast.

The one lady competitor, Mrs Thelma Meadows of Brisbane out shot all the men in the middle mark metreage distance to win the much contested event.

Colin Witt was generous in his praise for the trophy donors who were L. J. Hooker Beenleigh, Beenleigh Toyota, Stevens & Sons Sports, ANZ Bank, Aub Marstella, Associated Paving Contractors, Gerry Hermle and Gary Davison.

NORTHAM & DISTRICT GUN CLUB

Geoff Way

Under what could only be described as appalling conditions, the championship series conducted by the Northam and Districts Gun Club over three days, Friday, Saturday and Sunday, went off extremely well.

Numbers were down on Saturday, attributable no doubt to the inclement weather. Surprisingly though, on Sunday, at Bruce and Pam Smart's picturesque Baillee Farm property, there were 115 nominations for the Baillee Farm Field championships which underlines the popularity of simulated field shooting in WA, competitors travelled from as far away as Geraldton, Eastern Goldfields, and Esperance.

The program commenced on Friday afternoon with a 25 Target Cash Graded event: Neil Johnston from Eastern Goldfields Club won outright, and took off the P & M Machinery trophy. Mike Callaghan from Perth won the A grade section with local shooter Geoff Way in second place.

Another local shooter Eddie Humphrey from York won the

over all events, and indicates an ability to shoot consistently high scores over all events and in this case over a wide variation in shooting conditions.

Tod Harris from Cunderdin ably won this trophy donated by Winchester.

Thus the scene was set for the Baillee Farm Field championship on Sunday which was sponsored by instant TV and Holtfreters, the first prize being a slow combustion room heater valued at \$360.

Phil Hodgson from Perth set the pace in the morning round missing only one target to score 24-25, remarkable shooting considering the conditions. Often a good morning round does not guarantee a good afternoon round also. Phil however, followed his morning round of 24 up with another superb 24 making a total score of 48-50, only two down for the day, leaving no doubt of the outright winner.

Phil Hodgson Baillee Farm Field Champion 1983!

Neil Johnson continued his consistent run by coming second overall and winning the Forbes Motors Trophy, while Darryl Wiese from Narrogin came third, taking off the Bailey Sports Store trophy.

Laurice Reynolds from Cunderdin won the best morning round while David Kevill won the best afternoon round.

B grade, with Robert Herridge in second place and Peter Humphrey third.

The opening event on Saturday was sponsored by Jardine West farmers, it was the district Double Barrel Championship and resulted in a shoot off between five shooters, each being eliminated on a "first miss out" basis.

Tod Harris and Nigel Way were the final two, until eventually Nigel missed a target allowing Tod to take off the championship.

Geoff Way won the A grade trophy with David Kevill second and J. Yates winning third place and the L & B Holden Trophy.

Helen Wiese from Narrogin was placed first in B grade, Robert Herridge second and Jeff Neve third.

Nigel Way came first in C grade winning the Northam Brake and Clutch Trophy and J. Hartly second and John Gentle third.

The main event for Saturday, the CIG Handicap followed and was keenly contested. Once again Cunderdin shooter Tod Harris proved unbeatable and walked away with \$250 worth of electric welder, which he said he would put to good use on the farm.

Merve Neve from Kalgoorlie won the CIG Little Beaver Spray unit for being placed second while B. Chandler came third.

The 11-15 metre trophy was won by Bruce Maly 14-15m Nigel Way, 16-18m R. Eckersley, 19-20m D. Kevill and 21 and over John Harris.

Overall Best Lady shooter for the day was Helen Wiese who won the Kath Holtfreter trophy. The best junior shooter was Chad Johnson winning the Mark Green trophy while Merv Madew shooting as consistently as ever won the Veterans trophy donated by Jess Errington.

Perhaps the most prestigious trophy to win at a series such as this is the overall high gun, being the best aggregate score

• *Helen Wiese winner of the Ladies Trophy for Saturday's events.*

• Phil Hodgson — Winner 1983 Baillee Farm Field Championship.

The 0-1 Skeet was won by R. Eckersley, 2-3 R. Herridge, 4 plus P. Hill, A grade J. Harris, B grade S. Clint, C grade P. Dyer (Bob Thomsons Trophy)

Gaye Shipp after a shoot off with Helen Wiese won the Ladies trophy. Chad Johnson the junior Mark Green trophy winner and Merv Madew the Toodyay Chiropractor veterans trophy.

As anyone who runs large championship events knows, trophy and sponsorships are always a headache. The Northam and Districts Gun Club would like to express its appreciation to the trophy donors, without whom the weekend would not have been nearly so successful.

VALE

The members of the Colbinabbin Clay Target Club were deeply saddened by the death of their President, Norm (Soapy) Carboon. Norm had been a member of the A.C.T.A. since 1961 and has held the position of club president at Colbinabbin since it affiliated with the A.C.T.A. in 1972.

He was well known to many shooters around central Victoria and I am sure anybody who has visited the Colbinabbin Club would remember him. Norm was also a great fisherman and was one of the best cod anglers that you would have ever seen.

Deepest sympathy is extended to his wife Dorothy, and his seven sons and three daughters.

The Gympie Gun Club, in Queensland, reports the sad passing of Mr John Cavanagh, on August 25, aged 67 years.

John held the office of President from 1977 to 1980, and on his retirement, due to ill health, life membership was bestowed upon him. He was also a life member and a keen competitor of the Gympie branch of the Queensland Field and Game Association. He was a dedicated shotgunner in the field, in open season, and in clay target shooting. Generally, more especially tower events, in which he derived a great deal of added pleasure, and was very often rewarded with success. He was an extremely hard competitor to toss in this discipline, because of its similarity to duck shooting, and also it added extra practice for him before and after open season.

During his term as president, John was the main driving force behind many projects. More importantly the establishment of mains power to the club facilities. And, by his sound knowledge of the shooting ethics (he was an excellent .303 rifle shot in his younger days), and his level headedness at solving problems, many a difficulty was overcome within the club.

A very sincere man, he was an inspiration to his committee and fellow members, often saying "that as long as I can remain a member, I will never let the club down." He never did.

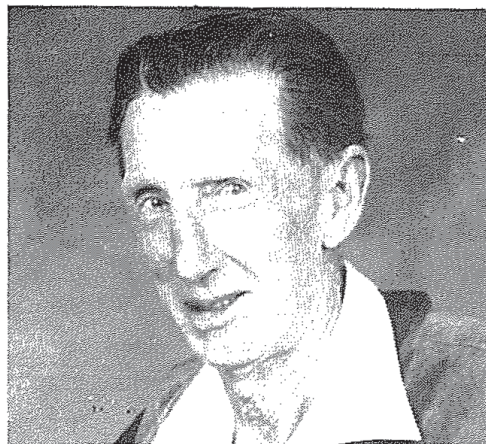

John was a very respected member of the near North Coast POW Association, having served his country in the Japanese sector of World War 11 where unfortunately, he fell into the hands of the enemy and was imprisoned in the dreaded Changi POW Camp.

It would be very difficult to find another person, who possessed so great a love for shotgunning as John, who would request that the gun and shooting jacket be placed on the lid of the coffin, and there to be cremated together with its lifeless remains. The many friends and shooting acquaintances who attended the service surely must ever remember this most moving spectacle.

It is that we pay tribute to this man, possibly not known to most shooters, but to those in the immediate surrounding clubs to Gympie, he was well known as "gentleman John." May his utmost spirit inspire young and old, more particularly the younger shooter of this country, to continue the fight to return the shooting sports which so many of us enjoy so much.

Our deepest sympathy is extended to his wife, who always stood by his side through the good times and the bad times, never losing hope of his returning from the Changi prison. To his son and three daughters and their families on their sad loss, and ours, to clay target shooting.

The members of the Gympie Clay Target Club.

RON SIEDE

Ron started shooting about 1959 at the old Australian Gun Club in Burwood Rd and after coming back from a trip to NZ there was a meeting held at the Club rooms to determine whether the club would fold up or not. They were £1000 in debt and it was there that Ron was elected President and the club was reformed and with his guidance and the keen committee, he made a great success of the two years he was president.

He was an ardent field shooter and was a great believer of 'all time what's not spent shooting is wasted.'

I remember him and his two shooting mates were shooting at Kerang on the top marsh, spaced out at reasonable intervals, it was a Sunday morning, the last fling before we packed up to go home. The birds were flying in small mobs and I can still clearly hear a voice saying 'Why don't you B—go home and give us a shot?'

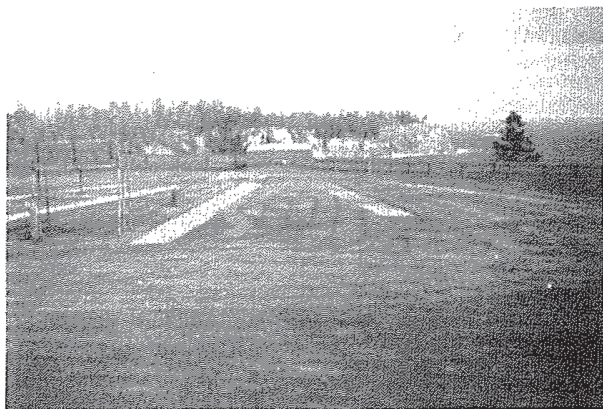

Ron got a lot of satisfaction out of that as Ron was probably as good a field shot as you would meet in a day's march. Ron went out of trap shooting for a few years but over the last five or six years he came back into shooting and always was willing to help where possible if any shooter was seeking advice.

NORFOLK ISLAND EAST WEST SHOOT

Doug Campbell

• No. 1 layout at Norfolk Island.

Following my phone call of this morning I am now writing to you to let you know the particulars re the Norfolk Island East West Invitation Shoot. I was accompanied by my wife, at Brisbane Airport we met Brian and Noelene Herbert from Gladstone who were also going to the shoot. We flew over in the King Air and landed at Lord Howe for a short stop, then on to Norfolk, where we were met and taken to our motels.

The next day we had a tour of the island and had an explanation on the main historical facts, during the afternoon we met club president Bryan Roberts & the hospitality of the Island was extended to us. On the Friday an afternoon practice had been organised for us, we were really surprised by the layout, it is situated on grounds above Anson Bay, it would be the most magnificent spot that any club could be built on. After an afternoon of practice we adjourned to the club house for some well organised Island hospitality, and believe me it was superb.

Saturday arrived and was a beautiful clear day, the shoot went off well, met up with Sergio Zuffo and Peter Abela, at the completion of the shoot. A well run barbecue was the order of the day, and boy do they know how to cook fish. Club member Peter Woodward took Bryan Herbert, Sergio, Peter and

myself out for a days fishing on his boat. I have never seen fishing like it, not even on our Barrier Reef. We had a most enjoyable day, and finished off with another barbecue.

The next shoot on Norfolk is their International next February, refer to our CTSN and I would suggest that you all book early for the shoot, it will be on February 9-12, 1984. I know that I am going back, I hope to be able to take other members from my club and Brian Herbert is going with the Biloela and Gladstone clubs group.

I would say that of all the clubs that I have visited over the years that I have never been to a friendlier club, our congratulations and thanks to you Bryan and your band of members, they all have the interest of the club at heart and your club can only grow and prosper. We look forward to returning again in February and renewing the many friendships that we made.

I was fortunate enough to get among the winners and got a first place in the Point Score, Single Rise, second in the Skeet, and High Gun overall. It helped me enjoy my stay. We all enjoyed the champers and the limbo drummer is spot on.

BARELLAN LADY SHOOTER WINS TWO CHAMPIONSHIP SASHES

Lola Charles

• Two sashes for Maureen Sheehan.

Weather conditions were far from pleasant at Barellan's September shoot. But cloudy conditions with showers threatening and strong gusty winds did not deter Mrs Maureen Sheehan.

The Riverina Zone Single Barrel Ladies Championship shot as a separate event for the first time was won by Maureen, a 13 metre shooter, who followed this up by winning the Riverina Zone Single Barrel Championship from 25 shooters after a shoot off with A. Paonne and F. Schmetzer from Leeton.

Maureen is the wife of Neville Sheehan and mother of three girls from three to 12 years of age. She registered as a new shooter at Barellan in October 1982, and has won both Riverina Zone Single Barrel sashes and first in B grade in both events at the end of only 11 months of shooting.

Congratulations from your club Maureen and congratulations from Riverina Zone.

Ian Whytcross, veteran shooter from Barellan has been Maureen's coach. Ian's ability as a shooter and his contribution to Clay Target shooting over a period of many years won for him the Barellan and District Sportsman of Year Award last year.

He was the instigator of a gathering of more than 30 shooters on July 19, 1972. At the meeting Ian put forward his belief that there was a need for an official group between club and ACTA levels. As a result the Riverina Gun Clubs Council was formed. This later became the NSWCTA Riverina Zone. Ian was President of this body for six years and a Club delegate since 1972, only missing seven meetings out of 41.

He has always been more than willing to help and encourage shooters. Both Neville and Maureen Sheehan are a credit to his able coachmanship.

DARWIN GUN CLUB FOUR DAY SHOOT

Report J. D.
Photo's Bob Fox

Once again, Darwin Gun Club played host to a collection of shooters from all States of Australia, and overseas, at the Club's annual Four Day Shoot.

Numbers of shooters were down, with only 97 shooting the program, and 111 shooters overall. This could have been put down to a number of reasons, the late opening of the duck and geese season on August 14 perhaps taking precedence over economic ills.

A pleasant feature of the annual shoot is the number of shooters who continue to return year after year to the shoot. Guyra's guys and the Gumtree Syndicate toed the mark for the third or fourth consecutive year, and Ray MacDonald and a strong Geraldton contingent bobbed up after a couple of years' absence. Victorians Howard Warner, Alan Spence, Jack Shellcot and Adrian Cousens returned to the sunshine with Geoff Mark and Lee Beaton and the Apple Isle's Ayletts.

Singapore's Mr Tan returned with his son and daughter-in-law and stayed for the duck season opening.

• Commodore Johnston tries his hand at Clay Target Shooting assisted by Executive Committee member Nev Seis.

The shoot? Well, it went off with very few hitches, in a remarkably casual atmosphere, with visitors and locals commenting on the smooth running, which probably owed more to the balanced number of targets which comprised the program than to any human agencies. Referees and scorers were always (well, nearly always) ready and willing when needed, and the usual kudos went to the 'ladies and the office staff'.

All in all, it was a splendid four days of shooting shot and conducted in a spirit that seems all too lacking these days. It's on again in 1984, so come and sample some real sunshine shooting next year.

• NT Government Treasurer Marshall Perron on left, with Commodore Eric Johnston, Administrator of the Northern Territory.

Shooting conditions were pleasant with the wind being the only unpredictable feature of the shoot. Tuesday's skeet targets could only be termed 'Continental', with the Club's flags straining in three different directions over a hundred yard front.

Highlights of the shoot would have to include Alan Spence's High Gun triumph, Trevor Reschke's 112/112 in the Calcutta, which incidentally becomes the highest break yet recorded at the new grounds, and the 'C' grade shoot off in the Double Rise event, with husband and wife opponents Jack and Laurel Hartley doing battle over two extra series of targets, with Laurel eventually carrying the title away from Jack.

For many years, the local shooters have come off second-best to the visitors, so it was most unusual to see an event where the locals took away the complete list of trophies. But, in the 30 target single barrel event, Darwin scooped the pool!

The shoot was opened by the Territory's Treasurer, Mr Marshall Perron, and another most welcomed guest, the NT's Administrator, Commodore Eric Johnston. This redoubtable duo set the shoot off to a fine start with a rather hit and miss approach towards their ten target Honoured Guests Opening Event.

NEW SOUTH WALES CLAY TARGET ASSOCIATION BULLETIN

PRESIDENT'S NOTES

I would like to open this months report by offering the NSWCTA Executives congratulations to David Wilson for his winning of the United Permanent Sports Star medallion. This award the young fellow can now add to his already impressive tally of wins in the clay target shooting game.

The first meeting of the 1984 Nationals organising committee was held in Wagga, June 27 & 28, 1983. Many items still have to be thrashed out naturally enough, but progress is being made and at this stage that is most important.

As this is my first Nationals in so far as the organisation is concerned my eyes are really being opened! One glaring point which has come to light is that club and State Association Committees have to work extremely hard for 12 months for very little return! Personally I think it is time a long hard look was taken at the economics of A.C.T.A. National Championships. The expenditure side of the balance sheet is getting far too near to exceeding the income side as the years go by.

The venue of Nationals has to be very nearly the most important governing factor in this day and age.

Majority of income at Nationals comes from nominations, which in all conscience cannot be increased "Willy Nilly." Therefore the number of nominations is the crux: To have the numbers the Nationals must be held where the most shooters live or where they can get to easily. Being quite frank that has to be the Eastern States of Australia. That is to say that economically the most viable venues for A.C.T.A. National C'ships are Victoria, NSW, Qld in that order, and to be more specific Victoria and Southern NSW. No longer can we afford to debate this issue on an emotional basis, especially if we agreed that we have to look at Nationals as a business proposition from the A.C.T.A. point of view.

For the NSWCTA to make adequate profit from organising the 1984 Nationals a lot of voluntary help is required from zone and club committees. Give it some though folks! It'll be good to have a Nationals in your own State close handy. Can you see your way clear to lend a hand with the organisation?

The Southern Zone recently held its Annual General meeting and there elected Robbie Smith as President, his wife Pam as Secretary. Other office bearers are Snr Vice President Harry Somers, Jnr Vice President Fred Twarlogh, State delegate Angelo Piazza.

The Southern Zone Council has adopted the Northern Zones recommendation of conducting intra-Zone competition amongst its clubs and this move is to be commended and encouraged.

The 1983 NSW State Skeet Carnival at Coffs Harbour, August 19, 20 and 21 is approaching quickly and is expected to be a good forerunner to the first National Skeet Championships to be held in Melbourne in November 1983.

The Riverina Zone at its recent A.G.M. elected the following President Bruce Charles. Vice President K. Sim and A. Povey. Sec Treasurer Mrs Lola Charles. State Association delegates, K. Sim, A. Povey, B. Rooke.

The Western Zone at its recent A.G.M. elected the following President Pud Burgess, Vice President Jim Scott, Sec Treasurer Mrs Louise Machul. State Association delegates, J. Scott, Pud Burgess, M. Shields.

Below I have had set out a list of the administrators you can contact if you have any problems to iron out.

State President: Rob Parker, "Edgewood Park," Beach Rd, Batehaven.

State Secretary: Marg Povey, 18 Eastlake Dr. Wagga Wagga.

State Rules Rep: Albert Povey, 18 Eastlake Dr. Wagga Wagga.

State Delegates from Zones:

Northern: Len Bird, P.O. Box 166, Forster. Col Burt, P.O. Box 836, Tamworth. Stan Simmonds, RMB 76, South Boambee Rd. Coffs Harbour.

Southern: Robby Smith, 3 Cleveland Place, Bonnet Bay. Angelo Piazza, 52 Jersey Rd, Wentworthville. Harry Somers, 3/46A Moruben Rd. Mosman.

Riverina: Keith Sim, RMB 123, Yenda. Albert Povey, 18 Eastlake Dr. Wagga Wagga. Barney Rooke, 55 Murray St. Wagga.

Western: Pud Burgess, P.O. Box 3, Cobar. Jim Scott, "Yuulong" Dubbo. Mick Shields, P.O. Box 11, Goodooga.

Zone Presidents: Northern, S. Simmonds. Southern, R. Smith. Riverina, B. Charles. Western, A. M. Burgess.

Zone Secretaries: Northern; Miss J. Etheridge, P.O. Box 836, Tamworth. Southern; Mrs P. Smith, 3 Cleveland Place, Bonnet Bay. Riverina; Mrs L. Charles, RMB 1A, Grong Grong. Western; Mrs L. Machul, 22 Woodiwiss Avenue, Cobar.

Remember, communication is all important, keep abreast of what is happening within the administration of clay target shooting through your club, zone and State Secretaries.

COLAC GUN CLUB

Steve Williams

● Overall winner of the "Lake Corangamite" D/B Championship Alan Davis.

Despite the cold, wet and windy conditions, the Colac Gun Club conducted a very successful shoot at the club grounds on Saturday, September 3.

The 40 Target Lake Corangamite Double Barrel Championship was won overall by Geelong shooter, Alan Davis, who was the only shooter to post a clean score in the difficult conditions.

Henry Squires, who is shooting consistently well recently, won the A grade following a short shoot-off with club president, Frank Dignan.

John Ballagh secured the B grade ribbon and trophy whilst C grade was taken out by Steve Williams.

The 20 Target Grouped Handicap event was well contested with generally high scores recorded as the weather improved.

Mal Cox, a rapidly improving new shooter, won the Front Marker Group with a clean score, with Calawadda/Stawell shooter Len Cook 'doing a metre' in the intermediate group. Well known Colac shooter, Ray Parker won the back marker trophy from 25 metres.

The Colac Gun Club has continued with its policy of first class trophies and sashes and promises shooters good value for money.

● Grade winners John Ballagh, Henry Squires, and Steve Williams.

NEIL IS RIGHT ON TARGET

● Neville Lowe publican of the Commercial Hotel, Milawa, presents Neil Berry of Shepparton with the sash.

Shepparton shooter, Neil Berry, blitzed the opposition at Wangaratta Gun Club's local sponsors day.

Out of a possible 130, Berry hit 129 targets to win three out of the four events he competed in.

Winning the President's High Gun sash Berry also took honors in the Milawa Hotel double barrel championship and the 18 metre double barrel championship.

He was second by one target in the points score. He was beaten by Alan Spence in the points score after shooting 74-75.

Results: Double Barrel Championship: N. Berry 51-51, R. Glen 50-51; B grade: K. Plum 1, V. Tomasoni 2; C grade: C. Sanders 1, R. Gray 2.

Point Score: A grade: A. Spence 75-75, N. Berry 74-75. B grade: P. Bruce 1, F. Plas 2; C grade: G. Green 1, J. Fiumara 2.

Continental Championship: A grade, J. Whittakers 1, T. Penney 2; B grade, N. Haydon 1, D. Wilson 2. 18 metre Double Barrel Championships: A grade, N. Berry 1, R. McKenzie 2; B grade, P. Pettit 1, B. Braybon 2. C grade, T. Bussell 1, P. Bruce 2; C grade G. Green 1, C. Sanders 2. Miss F. Ward won the Winchester Auto shotgun.

The annual inter-club competition with Melbourne Gun Club was conducted on Sunday.

The visiting city side proved too strong to win both teams events. Good consistent shooting from John Irons, Neville Moore and junior Andrew Hansen were highlights of the day. Hansen shot his first 25 break and won both C grade events.

Results: 50 Target Skeet Championship: A grade N. Moore 63-64, P. Krummins 62-64; B grade J. McGregor 1, J. Irons 2; C grade A. Hansen 1, J. Paulus 2.

20 Target Double Barrel Championship: A grade J. Irons 1, T. Penney 2; B grade P. Krummins 1, G. Rudd 2; C grade R. Rees 1, M. Huean 2.

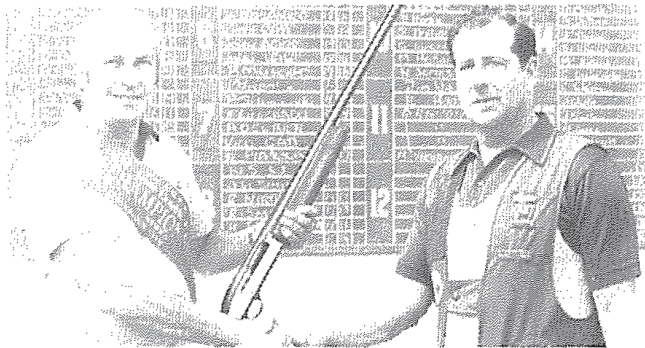

25 Target Skeet Championship: A grade B. Thomspson 1, N. Moore 2; B grade K. Griffith 1, A. Berteri 2; C grade A. Hansen 1, J. Dryden 2. Ladies Trophy: Carol Ogden 84-105.

Skeet Team Event: Melbourne 341-250 d Wangaratta 233-250. DTL team event: Melbourne 140-150 d Wangaratta 138-150.

STATE TITLE AT COWRA

Peter Mould

The Cowra Gun Club held their two day open shoot over the 3-4 September, with the major event on the program being the NSW State Double Barrel Night Championship. This event saw J. Agius of Hawkesbury the winner on 64-65 after a shoot off with Barry Kable and Allan Cramp. Mr Agius took home a Franchi 520 automatic shotgun and a red sash for his trouble, looking very pleased with himself as he headed for home on the Sunday evening!

• J. Agius receiving his trophy for the NSW Night D/B Championship from Cowra Gun Club President, Noel Dwight.

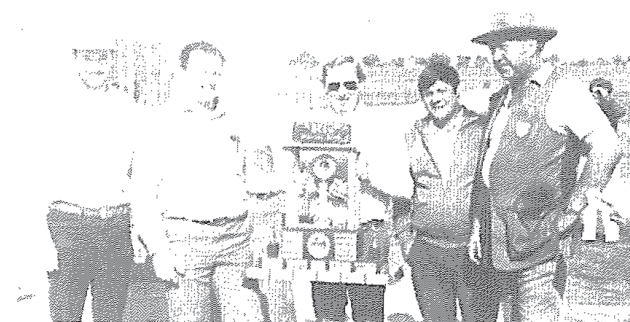

The Lachlan Valley Single Barrel Championship saw Peter Rbinovski of Illawarra in the winners circle after a shoot off with Hank Theunissen. The biggest problem here was extracting the grin from Peter's face for the remainder of the weekend! While the Central Tablelands Point Score Championship was won in fine style by Pat Muscat of Hawkesbury after a shoot off with Chris Warren. The shoot off had to be carried over onto Sunday because of failing light. Pat shot 186-186 to take out the championship.

Sunday saw the staging of the Eley Perpetual Trophy for the 14th year, and it was an almost flawless NSW team that took out the event with the score of 96-100. This result restored the smile to Rex Northcott's face after last year's defeat to Cowra! The winning team consisted of Jim Smith, Rex Northcott, Barry Kable, Rob Smith and Hank Theunissen.

The next event saw the Len Bird Trophy (perpetual) and saw Cowra trio Jim Smith, Peter Lynch and John Owen come to the fore, when they collectively shot 57-60 from their handicap marks.

Then it was onto the Cowra Gold Cup, which saw Robbie Smith crunch 98-98 to take out the Cup from Pat Muscat in the shoot off. The High Gun trophy over the entire program was won by Chris Warren of Boorawa with the score of 253-260.

All in all a successful and well attended shoot was enjoyed by everyone.

• The winning team in the Eley Perpetual Trophy at Cowra, L. to R. Jim Smith, Barry Kable, Rob Smith, Rex Northcott, and Hank Theunissen.

TOOWOOMBA GUN CLUB

David Moon

• George and Betty Biggs.

Over the weekend 17-18 September, Toowoomba Gun Club was very privileged to be host to one of Australia's best known clay target shooters, Mr George Biggs. As a result of discussions between George and Bob Donovan, past club president, at the Nationals in Adelaide George and his wife Betty were able to work the weekend in Toowoomba into their Queensland holiday plans.

During the weekend visitors attended the club from Dalby, Warwick, Kingaroy and Jerry Chizzotti, vice president of the Qld State Executive, came up from Brisbane complete with video camera, recorder and TV. Skeet was held on the Saturday afternoon and was attended by 13 shooters which included three juniors. George spoke on the importance of correct gun fit and how that is achieved. All shooters were filmed on the shooting stations which showed up a number of glaring mistakes in gun fit and gun mounting.

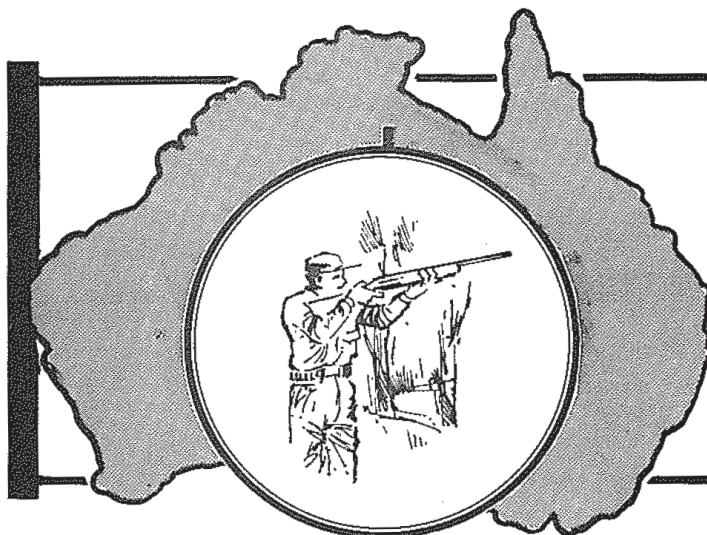

Sunday was trap day and 22 shooters attended. After a brief talk on gun fit and gun mounting, George spent the morning checking each shooter's gun and highlighting alterations that could be made to improve the shooters performance. After a light lunch all the shooters were filmed on the tracks and viewed the replay to pick up any apparent faults.

George and his wife Betty were presented with mementos of their visit by the club president, Tom Robinson, who thanked George for coming to the club and giving us the benefit of his vast experience. Tom also thanked Jerry Chizzotti for his sterling effort behind the camera and his support and advice over the two days. A 20T DB Sweepstakes event completed the days proceedings, top scorer being shared jointly by Tom Robinson and Shane Adamson with 19-20.

Due to the success of this weekend the club committee hopes similar weekends can be organised in the future.

• The gathering at the end of a happy day.

Q.C.T.A.

Introducing: MR ALWYN FLEGLER

Alwyn first commenced shooting at Dalby Gun Club in 1950 and was elected on the committee in its early years until it went into recess for a short period of time.

He had been a continuous member since its formation, being president of the club for approximately nine years. One thing of note was the timber for the existing club house being milled and delivered by him at a cost of £30.

He has won Commonwealth and State Championships, and District championships that are too numerous to mention.

He has also been a member of the Lions Club International and served the positions of 1st, 2nd, 3rd Vice Presidents, President and Zone Chairman. He is past President of the Miles Bowling Club.

He now lives in semi-retirement at Hervey Bay and is on the committee of the Maryborough Gun Club.

Alwyn is now a State Councillor for the SE Zone, and is only too willing to assist anyone, and help them to understand any problems.

AUGUST CLUB CHAMPIONSHIP TIME AT GRIFFITH, NSW Bernice Britain

August was Club Championship month at the Griffith Clay Target Club, and marvellous support was given by local shooters.

The down the line Championship held on August 7 attracted forty-nine shooters who were watched by over 20 family members and interested spectators. Competitors travelled from Wagga, Narrandera, Coleambally, Leeton, Barellan and Lake Cargelligo, to make a most successful day.

Fifteen possibles were scored in the Eye-opener. The 20 Target Club Trophy event followed, shot from 17 metres with trophies awarded in metrage groups.

20-25 metres Les Brown, Griffith, 20/20.

15-19 metres Colin Shields, Coleambally, 24/24.

11-14 metres junior Glen Evans, Griffith, 18/20.

The main event, the Griffith Clay Target Club Championship of 40 mixed targets resulted in:

"A" grade and overall champion Garry McDonald, Griffith, 58/60 points.

"B" grade Max Stanmore, Leeton, 54/60 points.

"C" grade Milton Weymouth, Leeton, 55/60 points.

Barellan shooter Maureen Sheehan took out both the Ladies and Front Marker High Guns with her total of 75/90 for the day. Glen Evans won the Junior High Gun with 69/90, while Garry McDonald took out the overall High Gun with an enthusiastic 86/90.

Warm, sunny weather and newly mown grounds gave the perfect setting for the Club's Trench Championship held on the following weekend August 14.

"A" grade Keith Sim, Griffith, 76/100.

"B" grade and overall champion Graham Hall, Leeton, 83/100.

"C" grade Steve Guest, Leeton, 79/100.

Because it was the Club Championship several down the line shooters gave the "Trenchies" some extra support — and a run for their money. Ian Evans has now established a grading

• Griffith Clay Target Club committee member, Gary McDonald, and daughter.

as a "B" grade trench shooter with his score of 80/100.

Competition was keen at the Club's Skeet Championship held on Saturday, August 20, particularly in the Dave Greenham Birthday Skeet Handicap. The event being scored off handicap gave several novice 'handicap six' shooters a chance to be among the winners.

Graeme Anderson, Griffith, gave a stirring performance by shooting 24 of the 25 targets, and was able to bring in his six handicap to card 25/25. He then went into the shoot-off with an extra five up his sleeve. However, the pressure from experienced shooters McDonald and Brissenden proved too much and young Anderson caved in.

Lance Brissenden shot well to take out the sash donated by Dave Greenham.

The main event was the 50 target Griffith Clay Target Club Skeet Championship scored off the gun. After a shoot-off between Silvano Codemo and Peter McWilliam, "A" grade was won by Codemo 54/60. "B" grade and overall champion was Dave Wallace 46/50. This included one round of 25/25, the only possible off gun all day. Mario Foggiano won "C" grade with 41/50.

The 'Handicap Six' High Gun was won by Graeme Anderson with a total of 60/75, while Dave Wallace won the overall High Gun with 68/75.

With the Club Championships successfully behind us, organisation is now well in hand for our annual two day New Year Shoot.

This year will see the NSW State Walk-Up Championship and sweepstakes events shot on the Saturday afternoon before-hand, December 31 — and then into the New Year Shoot on Sunday, January 1. Sunday's shooting is to be followed by a free barbecue tea, with "vittles" being provided by club members. (No, this is not to "noble" any-one!!) Monday's shooting will culminate in the popular Five Target Elimination event.

Full details will be advertised in the CTSN shortly. ○

Congratulations go to Maureen Sheehan who not only won the Riverina Zone Single Barrel Ladies Championship outright but also won the open championship after a shoot off with some very experienced male shooters. Maureen has only been a registered shooter for 12 months so it appears that she may have a bright shooting future ahead of her and some of her male counterparts may have to be content with second place.

INVERELL RSM'S BEST EVER

The Inverell RSM Gun Club held its most successful two day shoot in the history of the club at the weekend.

A total of 70 shooters on Saturday and 80 shooters on Sunday contested five championships during the two days of shooting. Club officials are ecstatic with the wide area from which the shooters travelled to compete.

Shooters from Goodooga, Illawarra, Wollongong, Ipswich, Toowoomba, Warwick, Goondiwindi, Hawksbury, Guyra, Moree, Coffs Harbour, Grafton, Glen Innes, Texas, Tamworth and Wancha took part.

Visiting shooters congratulated the Inverell RSM Gun Club on the excellent range facilities and this could be seen with the high standard of shooting which took place.

Among the highlights of the day was a special presentation to the club president Frank Lingham, Frank who started the updating program of the club grounds and organised the rebuilding to what it is today was presented with Life Membership of the club.

The calcutta which was held Saturday night was a huge success, just ask Doug Ellis of Goupa who had to withdraw from one event on Sunday because of a "slight" headache.

• John Kent on left, presents President, Frank Lingham, with his Life Membership Badge.

NORTHAM & DISTRICTS, 18.9.83 — Sunny, fine (13). In contrast to recent events Sundays 100 T program at Island Farm was conducted in perfect conditions. It was shot in two sections. Skeet in the morning and down the line in the afternoon. David Kevill proved unbeatable in the morning achieving a perfect score of 50 out of a possible 50. A grade was won by Laurie Reynolds, B grade John Harris and C grade Nigel Way. After handicap adjustment for the aggregate points competition three shooters were equal first. Nigel Way, John Harris and David Kevill. Geoff Way came fourth while Laurie Reynolds, Peter Humphrey and Roy Holtfreter shared fifth place. The afternoon round belonged to John Fissoli with a 49 out of 50 while John Kevill had to earn his A grade first place by beating David Kevill and Roy Holtfreter in a shoot off. Peter Humphrey won the B grade and Nigel Way the C grade. After the allocation of points for both the annual High Gun competition and aggregate handicap competition, David Kevill has an unassailable lead in the High Gun with 41 points. Well back in the field is Roy Holtfreter 23 and Geoff Way 19. The Aggregate competition is a different story however, David Kevill is in the lead with 29 points, only 3.5 in front of Geoff Way and 11.7 in front of Roy Holtfreter.

• Griffith Clay Target Club NSW ISU eliminations, Peter Giddings and Bob Andre.

Shooters vying for a place in the 1984 NSW ISU Trap and ISU Skeet teams were in Griffith over this weekend to take part in the NSW State ISU Eliminations at the Griffith Clay Target Club.

Those who shot to qualify for the State team in the ISU Skeet were Len Norman and Ken Warn from Sydney, and Barney Rooke, the State coaching director from Wagga. Peter Giddings travelled up from Melbourne Gun Club to attend.

Results for the 200 targets were Len Norman 189-200, 1st; Barney Rooke 170-200 2nd; and Peter Giddings 168-200 3rd. Norman won the overall medallion.

Shooters who shot to qualify for the State ISU Trap team were David Menck from Tamworth, Bruce Dent and Vic Kalms from West Wyalong, and Garry McDonald from Griffith. Bob Andrae of the Melbourne Gun Club came up with Peter Giddings to attend also.

Trophies were awarded in grades in each 100 targets.

Results for the first 100 shot on Saturday were: 'A' grade, Vic Kalms 87-100; 'B' grade, Tony Salafia, Leeton 78-100; 'C' grade Bob Andrae 66-100.

Results for the second 100 shot on Sunday were: 'A' grade David Menck 85-100, 'B' grade Tony Salafia 78-100, 'C' grade Doug Lucas, Griffith 74-100. Junior shooter Glen Evans, Griffith, was only one target behind Lucas on Sunday.

Garry McDonald, Griffith, had consistent rounds of 81-100 and 82-100 to take out the overall medallion with 163-200.

VICTORIAN NORTH WEST ZONE

SUNDAY, NOVEMBER 13, 1983

A coaching seminar is to be held for the North West Zone, in Horsham at the Horsham High School and Gun Club.

A variety of topics, including motivation, shooting the moving target, preparation for competition and level 2 accreditation for coaches will be discussed. An open forum and a practical coaching session with the aid of video will also be held.

In attendance will be zone coaches, Frank James and Harry Brooksby, National Coaching Director, Peter Quire, and Australian Representative, Ian Hale.

The day starts at 9 am and will be opened by the National President, Laurie Connors, at the Horsham High School.

We are looking forward to meeting all interested shooters and coaches. ●

IN RETROSPECT 1948

By Wayne Calaby

In 1948 things were rather quiet. But, some things of interest did eventuate and I find some items rather amusing. The February 1948 issue of C.T.S.N. under "Stop Press" stated that the International Team's Championship has been arranged and that the teams of 20 men, the best 15 scores to count and cartridges are to be confined to 2½" length, maximum load of 1½oz, shot size no. 6 "English" to be used. 2½" shells, it's been a long time since I've seen those!

On Australia day in 1948 the food parcels for British shooters fund was held at the Blackburn Club. The main event the Great Britain Handicap at 30 clays was won by Geoffrey L. Bragg of Wagga, NSW, he shot 29-30 missing his 18th release.

In 1948 three North Queenslanders were convicted under a 106 year old Act for carrying guns on a Sunday, both fined 5/-. That Act in Victoria still exists, fine today, for this loss of gun and a few hundred dollars.

The veteran Champion trapshot Calrossie, officially opened the Club's new ground at East Burwood, this was the old Blackburn Club, Victoria.

The 1948 NSW Single Barrel Championship was won by W.J. McPhee, Dubbo and F. Bean Lithgow was second. The shoot was held at the Bathurst Gun Club. Also while on Bathurst Gun Club, Sunday shooting was again in the news. Bathurst Gun Club after consideration has decided to make an effort to have the Act amended to allow Sunday shooting. The police are being asked to change Act No 5 of 1901, which at the moment prohibits the use of firearms on Sunday. Of course, we now benefit from these old Club's actions 10 years ago keeping in mind this is 1948.

The Commonwealth Single Barrel at the Kings Meadow Gun Club was won by H. Munnings of Kempton (Tas). Also at this venue the Australian teams shot. Winners were the Hobart Gun Club, team members were W. Morgan, J. Tyquin, R. Redpath and R. Pitt.

Under "Tips and Tails" of 1948, it was reported that ex World Champion trapshot Donald Mackintosh, was seen at the 1948 Champion of Champions Cup. Mr Mackintosh, now 80 years and in excellent health, is the donor of the Perpetual Cup for this event, which this year is valued at 100 guineas "a hundred what!" How many have forgotten a guinea, would it be 21/-.

A report from Townsville indicates the success of a woman shooter at a recent fixture. She was a Mrs Christensen. This report of a woman shooter is the first to reach the A.C.T.A. since Evie Hayes, the star of Annie Get Your Gun, partnered Association President Jock Wilson, in winning the Deauville Doubles at the old Nobel ground in 1938. Some Victorian shooters will remember Evie as she was constantly on TV in Melbourne.

In 1948 Evens and Balfour sold a William Powell side by side for 76 pounds 10 shillings and a Greener Empire for 60 pounds and under the ad. is said NEWS FLASH continuous supply of 12 gauge shells price 39/- per hundred. The brand of course, was Maximum or Eley.

Under "10 Years Ago" in 1949 the 1938 Champion of Champions cup was won by W. Lancaster of Mildura. This title was much discussed because a protest was lodged, stating he missed his 19th, 21st and 33rd birds, and once more the protest was later upheld. The attendance in that year was 70 shooters.

In the July 1948 C.T.S.N. the well known master of skeet E.G. Biggs wrote a story called "Why I use the automatic," and I think it should be reprinted. Do you remember it George? Some shooters would love to read it, apply some pressure to have it reprinted. Because in the article you still mention the stock fit ideas back in those dark years.

Some shooters would be interested to know that the clay pigeon shooting was part of official defence training in the 1939-45 war and was used by British Air Training forces and Canada, Australia and U.S.A. It was adopted by the Navy air

Arm training schools also. Its aim was to improve the marksmanship of the Air Gunners and crews of planes.

It was in July 1948 that the death of the late W.P. Grosvenor occurred. Many old shooters will remember his articles on shooting in the old C.T.S.N. magazines.

In Griffith, NSW, the Commonwealth Walk up took place, and attracted such a huge crowd. Only this event was held, which was won by Jack Houston, second was Roy Johns and third was G. Biggs. So even in those days shooters travelled many miles as G. Biggs lives in Melbourne, did you then George?

At the club in those days Ted Frombs and his workers had built a private garden of beauty. Pity some clubs today couldn't produce these results today to improve the tin shed look.

Whatever has happened to young Bill Brownson, who in 1948 shot 21 straight at the age of 13 and had his photo in the August C.T.S.N. Bill, if you are still about, some kids today could gain a lesson and how to look lesson, as your photo shows the cleanest cut young bloke I've seen, polished shoes, tie and suit coat and in those days short pants and socks.

At the Yarram Gun Club this year Calrossie opened the newly formed club. This club was built by Cal and others, he was a foundation member of it.

Tower shooting was about to enter Australia. Hobart is about to build a tower. Its style will be after the tower at Middlesex in England.

The Holbrook Gun Club, NSW, will hold its monster two day shoot December 27 and 28. Its main event will be the 50 pound Handicap and a Double Barrel championship. The secretary in those days was H.J. Burge, president, J. Cox.

The first State Championship held under the A.C.T.A. was held in 1948 at Wangaratta, Vic, it was won by Yarrowonga sportsman Norm Bott 22-25, second Keith Veal Melbourne 21-25. Well, till next month, which will be 1949.

PROPOSED AUSTRALIAN SPORTS COMMISSION

Cont'd from page 6

Mr Brown said that the Government's general commitment to sport was demonstrated by the record Budget allocation for it (\$22.46 million, up 54%). "\$274 000 was provided for establishment of the Commission," Mr Brown said, indicating that issues that the Commission will address will include priorities for, and new approaches to, sports development, and additional sources of funds for sport.

"The Commission will provide added expertise to work with national sporting bodies and associated private sector interests in developing ideas for the most equitable distribution of the Government's sports funding. It will also advise on the criteria for and allocation of Government grants and awards," Mr Brown said.

As foreshadowed by the Prime Minister on July 29, the role of the Sports Advisory Council — which has been purely a part-time body — will be absorbed. The committee will advise the Minister on matters related to the development of sport and recreation as referred by him during the interim period. At that time the Prime Minister also said: "The Commission will be able to respond to issues that emerge in sport and recreation because it will be a flexible body with a large degree of autonomy."

Mr Brown said that the establishment of the Commission will provide an added focus for sports development, coaching, research and information activities. This will generate increased opportunities for involvement in sport and recreation, not only at the high performance level, but down to participation for fun at community level.

The Minister added that the members of the Interim Committee represented a diverse involvement in sport, business, education and the media which gave them a suitable background for the tasks to be undertaken.

He invited individuals and organisations interested in forwarding their views on the Committee's task to do so by writing to the Secretary to the Interim Committee for the Australian Sports Commission, C/- Department of Sport, Recreation and Tourism, GPO Box 787, Canberra, ACT, 2601, as soon as possible.
