PRESIDENT'S ANNUAL REPORT

Mal Dyson – President

As President of the Australian Clay Target Association and a member of the ACTA Executive, it gives me great pleasure to present the Annual Report of the Association's activities for the year ending on the 31st of December 2021.

In a year that continued to be decimated by the Coronavirus which restricted the activities of National, States, Zones and Clubs alike, it was with a high degree of optimism that we approached the 2021 year. Hopes were high that this sporting year would produce greater opportunities to participate on all levels, and while there was an increase in competition activities, the continued challenge of Covid impacted everyone in some form.

MEMBERSHIP

It is very pleasing to report that membership of the ACTA has shown a significant 7.5% increase during the last twelve months.

Total membership has increased to 14,019, an increase of 1,075, over the previous year. New members numbered 2,443 during this time and is evidence that our Association is growing and attracting new people to the sport.

While this is a positive growth in numbers, it should be tempered with the understanding that after reductions in membership in recent years, this growth returns us to levels of a couple of years ago when, Covid impacted our sport so devastatingly.

The Executive have kept membership fees at the same level for the past few years in an effort to support the membership as a whole.

It is interesting to note that of the ACTA's 14,000 members, only 7,600, a little more than 55%, participate in competition.

Signing-up and encouraging new members will continue to be a focus for the Association, and clubs are encouraged to do all they can to increase participation in our sport. It is important for everyone to realise the necessity of membership growth, to register members with the Association and to explain the benefits that this provides for all.

FINANCIAL

ACTA's financial position continues to be sound even with reduced income from competitions and the Conference Centre. Only the National Skeet Championships were able to be held in 2021 – a significant reduction in income from years gone by.

At the same time though, the ACTA was well supported by the Government through the Stimulus Boost and Job Keeper packages. The result of this support has allowed staffing of the ACTA to be maintained and looking forward to a strong budgetary position for the near future.

NATIONAL CHAMPIONSHIPS

It was certainly a proud moment when we were able to hold the National Skeet Titles in May.

This was the first National event held at the National Ground since the Sporting Clay Nationals back in August 2019.

161 competitors from all States and Territories within Australia, and a small contingent from New Zealand, enjoyed the seven-day National event.

Congratulations to Overall Carnival High Gun winner Michael Buttigieg. Michael was also inducted into the Skeet Hall of Fame, a high honour in a year of such success for Michael.

Unfortunately, the Skeet Nationals was the only National event held during 2021 with all other events; ISSF, Trap and Sporting, being cancelled. The 2021 World ICTSF DTL event was also abandoned due to the Covid pandemic.

However, the postponed Olympic Games scheduled for Tokyo 2020, were able to go ahead in 2021.

Congratulations to the athletes who represented our country; Laura Coles and Paul Adams were representatives in the Skeet discipline while in Trap, Laetisha Scanlan, Penny Smith, Tom Grice and James Willett qualified.

Further congratulations to both Laetisha and Penny in making the final six.

COMMITTEES

The Coaching Sub-committee has continued to meet regularly throughout the year.

It is noteworthy that we have now issued all

registered Coaches with an accreditation card to acknowledge their effort and contribution to our sport.

The Constitutional Committee has also been busy with meetings, and plan to distribute a draft Constitution to our membership. The intent is to present this Constitutional document at the 2023 Annual Meeting.

The National Rules Committee, made up of all State Rules Supervisors and State Handicappers met several times during the year via the "Go To Meeting" video link. They subsequently submitted for Executive approval, appropriate and needed changes for the 2022 Rule book as well as steering the new MCMS program to be operational and running by the 1st January 2022.

The Executive has also continued to meet with representatives of the CPR Group as we work towards the introduction of a Strategic Plan. The final draft of this document is almost complete, and it is hoped that this will be released soon. This document will set the groundwork for the future advancement and development of the Association.

SPONSORS

As stated previously, all National events, except for the Skeet Nationals, had to be cancelled during 2021. This makes the ongoing mutual support of, and with our sponsors, most difficult.

ACTA is most grateful for the continued support of the sponsors during this challenging time and we look forward to working with them again in 2022.

MCMS

January 1st 2022 will see the full introduction of the My Clubs My Scores shooting program, including both grading and handicap algorithms, for all members. This promises to be an exciting time with the significant reduction of administrative responsibilities at all levels, Club, Zone, State and National.

It is expected, as with all new introductions that there may be some 'teething issues', however the program will be monitored closely, and any changes required will be addressed to ensure that MCMS is meeting the needs of the members.

FUNCTION CENTRE AND GROUNDS

There is little to report in regard to the Function Centre due to Covid. Most if not all functions booked have had to be cancelled.

However, the facility continues to be maintained at the highest standard and we are most appreciative of the work of our ground manager, John Winkels, in ensuring that the Function Centre, as well the whole ACTA complex, has been maintained in an excellent condition.

John has been supported by the Executive with the purchase of a new John Deere mower and the further purchase of a Tow & Collect machine for the collection of target fragments and wads.

I would take this opportunity to thank John for all of his efforts and for the pride and professionalism with which he completes all necessary tasks. The ACTA is very proud of its facility and the way that it is maintained.

EXECUTIVE CHANGES

Two valued Executive members have departed the Executive during the last year; Mr. Kim Nealon (NSW), and Mr. Alan Styles (TAS). I take this opportunity to thank each of them for their contribution and dedication to the Association.

These positions were filled by Mr. David O'Brien (NSW) and Mrs. Cheryl Arnol (TAS).

Members of the Management Sub-committee include Chairman Mr. Mal Dyson, ACTA Vice Presidents Mr. Terry Marsden and Mr. Garry Read, Executive members Mr. Lynne Curtis and Mr. Malcolm Collins and ACTA Treasurer Mr. Les Kadziela.

I would also like to take this opportunity to thank all Executive members for their work, time and support in what is sometimes a difficult position to hold, with special thanks to Vice Presidents Mr. Garry Read and Mr. Terry Marsden.

To the Office Staff at the ACTA; Judy Ferry, Sue Vesperman, and Jenny Robinson, thank you for your continued dedication to your work and on-going support throughout the year.

Finally, thank you to CEO, Mr. Paul Gilbert, for the way that you manage your role in such a professional and dedicated manner in what has been a most difficult year for all.

Yours in clay target shooting,

Malcolm Dyson,
National President, ACTA

CEO'S ANNUAL REPORT

Paul Gilbert – CEO

To the dismay of all, it would be obvious to say that 2021 did not summon any great return to normalcy following the early 2020 onset of the Covid-19 pandemic. Sadly, 2021 began with Greater Sydney lockdowns and resulting border closures between States. Consequently, all National Events were placed on hold and the March Trap Nationals were initially postponed to October. Thankfully, a window of opportunity occurred in May which allowed the 2021 Skeet Nationals and the ACTA's AGM to proceed as planned, however, subsequent lockdowns in NSW and Victoria closed these two States out from the rest of the country again for the majority of the rest of the year, causing the resultant cancellation of the 2021 Sporting Clays, Trap and ISSF titles. Amazingly, however, the 2020 Tokyo Olympics did proceed in July 2021 with our Shotgun Athletes; Paul Adams, Laura Coles, Tom Grice, Laetisha Scanlan, Penny Smith and James Willett all proudly competing for Australia. Sadly, pre-competition preparation was severely hampered during the lead up to the Games which may well have impacted on some personal performances at the Olympic Event.

Regarding other areas of business, the Function Centre again suffered severely due to Covid-19 cancellations and social distancing restrictions. As had occurred the year prior, the Wagga Wagga Lifestyle and Leisure Expo in late February proceeded, however, cancellations then again occurred with the "Stone the Crows", Defence Games and a host of expo, trade fair and conference bookings. Towards the end of the year, a number of school formals were able to honour their bookings.

Thankfully, your Association was administratively able to work through the year with little disruption, due to the previous and current year's Government assistance to small business during the pandemic. With the exception of a few months during August and September when staff were

required to work from home due to Regional NSW being forced into Covid lockdown, normal operations in the office continued to proceed. As a consequence, we were able to participate in a Destination Riverina / Murray project to promote the Function Centre, commencement of involvement with the National Sports Integrity Framework, delivery of member and club surveys, reactivation of constitutional review and feedback process, assist with the implementation of the MCMS grading and handicapping algorithm, provide Coaching Accreditation cards to coaches and finally deliver an electronic members card.

Legal issues appeared to be the order of the year with our Solicitors being called upon on numerous occasions to help us navigate uncharted waters. The major one of these was the ICAC investigation involving Daryl Maguire and Gladys Berejiklian, where we somehow ended up innocently implicated as "an involved party" as a consequence of the successful grant submission which we obtained for the building of the Function Centre in 2018. This situation was entirely out of our control and the ACTA was not, itself, under investigation as we only ever acted on the formal advice of the Government to guide us in our successful obtainment of a grant for this facility. Our assistance to the enquiry via the provision of all correspondence, grant submissions, financial acquittals and documentation provided validation that the ACTA's actions, processes and payments were in accordance with our lawful and statutory obligations. Consequently, the ACTA was merely an unfortunate pawn in the corruption hearing. We also needed to obtain legal advice on a number of other occasions in 2021 regarding disputes between the Association, clubs and / or individual members. Sadly, these kinds of interventions, while not always avoidable, are never enjoyable to deal with, and we would hope that most issues are able to be dealt with in an amicable way before they get out of hand and escalate to arbitration and tribunals.

STAFFING

2021 saw relative stability in this area. Due to the unpredictable nature of the Covid pandemic, the ACTA didn't proceed with the re-employment of its Function Centre Media, Marketing and Facilities Coordinator in early 2021 and considered, instead, the option to employ a marketing consultant for this role. Upon further investigation, it was determined that this arrangement would not be viable and the end of the year came without resolution. Wagga Catering Service are still, therefore, acting in this role. Consequently, the ACTA continues to operate with five staff members ... three full-time (CEO, Member and Competitions Coordinator and Facilities Maintenance Member) and two part-time (Finance Officer and Reception). We also have an off-site part-time member who is often overlooked but works tirelessly just the same ... our e-News editor and publisher. Thanks, Jim, for your ongoing efforts and support. We ask that you appreciate the effort and contribution these employees make to your Association. With over 14,000 members and the myriad of tasks and administrative functions they deliver, the level of service this small team provides is exceptional.

COMPETITIONS

As was advised earlier in this report, the only National competition completed in 2021 was the May Skeet Nationals. Participants were welcomed back to the National Grounds for this event under strict Covid protocols and the competition was almost fully subscribed. Thank you to everyone who attended and participated.

EXECUTIVE COMMITTEE

As per the current Constitution, the ACTA continued again to be operated in 2021 by an Executive Committee comprised of two delegates per State who elect a President, two Vice Presidents and a Treasurer. The current President is Malcolm Dyson, Vice Presidents are Garry Read and Terry Marsden and the Treasurer is Les Kadziela. A Management Sub-Committee is also appointed, composing the above group plus another two co-opted Executive Committee Members – Lynne Curtis and Malcolm Collins. The main method of meeting was via Videoconference and meetings were conducted in January, February, April, May, (face-to-face at AGM), July, September,

October, November and December. Additionally, the Management Sub-Committee met on nine occasions, the Constitution Sub-Committee met on seven occasions and the Expansion Sub-Committee met on three occasions. This commitment of the Executive Members is appreciated and worthy of acknowledgement. Coaching, Rules Supervisors, Finance Sub-Committee and State, Zone and Club meetings have also been conducted, demonstrating the extraordinary contribution that volunteers make to our Association, not only administratively, but also at a competition delivery level.

FUTURE DIRECTION

With our Strategic Planning process now complete, we will be advising our affiliated clubs of its content in early 2022. This will involve the implementation of new directions, particularly in the area of communication with members. The new proposed Constitution, (while having again been revised to incorporate and address the latest feedback from member clubs), still needs to be redistributed and finessed in order to make it the document that all clubs wish to align with and support. This process will occur in 2022 with the intention that it is implemented at or before the 2023 AGM. MCMS will continue to evolve as we identify enhancements that are required. The Function Centre will navigate the roadmap out of Covid and higher priority will be given to promotion and marketing of this valuable facility.

As such, we hope that 2022 will be a most productive year.

In closing, I would like to take this opportunity to extend my gratitude to the Executive Committee and my staff for their continuing support and assistance in running the ACTA over the last twelve months. It was another challenging year and their dedication and devotion to the ACTA membership has immeasurably delivered enhanced outcomes to our organisation.

Yours in sport,

Paul Gilbert
CEO, ACTA

MCMS AND ACTA DATABASES NOW SYNCHRONISED

My Clubs My Scores (MCMS) has now synchronised their calculated grades and handicaps into the ACTA database. This means that where a shooter has sufficient scores for a MCMS grade that grade will display in both the ACTA and MCMS apps. Whilst the MCMS app will update in real time as scores are entered this synchronisation process with the ACTA will only happen once a day (at 1am each morning).

Where a shooter does not have sufficient scores for a MCMS grade but has a grade within the ACTA system as at 31 December 2021 the MCMS app will not display a grade but the ACTA app will continue to display the ACTA grade. The shooter when nominating for an event will nominate into the ACTA grade until they have sufficient scores for a MCMS grade.

Where the shooter does not have a MCMS grade and also does not have an ACTA grade as at 31 December 2021 the shooter will nominate into a program as "ungraded". At that point the club administrator has the discretion under rule 1.15(c) to decide what grade to nominate the shooter into (or place them into clays only).

As previously advised the window to update the ACTA database to correct any errors has now closed and no more updates to grades or handicaps can be made by club, zone, state or ACTA secretaries. The only way a shooter's grade can now change is for them to "shoot the scores".

NOTICE OF UPDATE MCMS GRADES

We wish to advise that the ACTA will be making an interim adjustment to the % breaks of the disciplines of Double Rise, Sporting Clays and Ball Trap. These adjustments are being made to provide more equitable competition for those disciplines.

Once the adjustments have been made the ACTA will publish the splits as determined on the ACTA website under the Algorithms as is the standard procedure.

The implementation of these updates will be made prior to the DTL "Pre Nationals" (NSW Championships) that commence on the 25th of March 2022.

Following on from these interim adjustments the full MCMS program will be reviewed by the ACTA in July of 2022.

Australian Clay Target Association 86TH ANNUAL GENERAL MEETING

Australian Clay Target Association Inc.
PO Box 466 Wagga Wagga NSW 2650
Tel: 02 6938 2121, Fax: 02 6938 2122
Email: ceo@claytarget.com.au

**Notice of the 86th Annual General Meeting
of the
Australian Clay Target Association
Incorporated
is hereby given to the members.**

**The meeting will be held on
Sunday 27 March 2022
Commencing at 7 pm
Registration commences at 6.30 pm
*(for clubs that have Delegates in physical
attendance at the AGM),***

at

**The Range Function Centre
Tasman Road
East Wagga Wagga**

and

***(for clubs that are not able to have Delegates
in physical attendance at the AGM),
ELECTRONICALLY via
GoTo Videoconference Meeting
(All Videoconference Delegates
will be sent an email advising their access link
during the week prior to the meeting)***

AGENDA

The order of business of the meeting shall be as follows:

1. Opening
2. Attendance
3. Apologies

4. Roll Call and Quorum: Rule 17.1
(25 members who are entitled to vote)
5. Confirmation of the Minutes of the 2021 Annual General Meeting
6. Business Arising from the Previous Meeting
 - Update – Ongoing transition towards becoming a Company Limited by Guarantee (carried at the 2021 AGM), including our progress towards the requirement to deliver a revised, satisfactory and compatible New Constitution that will allow the transition to occur.
7. Reports
 - i. President: M. Dyson
 - ii. Financial: L Kadziela
8. Announcement of the appointment of elected Executive Committee Members in place of the retiring Executive Committee Members
9. Confirmation of Auditor for 2022
10. General Business
Function Centre Grant
11. Close of Meeting

By order of the National Executive

Paul Gilbert
Chief Executive Officer
Australian Clay Target Association

1 March 2022

Australian Clay Target Association Inc.

14 590 029 414

Statement of Financial Position as at 31 December 2021

COMMITTEE REPORT

The Committee present their report together with the accounts of Australian Clay Target Association Inc ('the Association') for the year ended 31 December 2021 and the auditors' report thereon.

COMMITTEE

The Committee members of the Association in office at the date of this report are:-

Malcolm Dyson	President	Colin Kneebone	New South Wales
Brian Muirson	Queensland	David O'Brien	New South Wales
Malcolm Collins	Queensland	Cheryl Arnol	Tasmania
Patrick Coogan	Northern Territory	Mark Dennis	Tasmania
Ray Niven	Northern Territory	Lynne Curtis	Victoria
Terry Marsden	Western Australia	Les Kadziela	Victoria
Ian Watson	Western Australia	Garry Read	South Australia
		Len DeCandia	South Australia

PRINCIPAL ACTIVITIES

The principal activity of the Association during the 2021 financial year was to administer, promote and develop the sport of clay target shooting.

RESULT

The net operating surplus of the Association for the year ended 31 December 2021 was \$63,255. This compares to a net operating surplus after depreciation in 2020 of \$220,306.

SIGNIFICANT CHANGES TO STATE OF AFFAIRS

Operations of the Association and its members were significantly affected by the COVID 19 pandemic during the 2021 financial reporting period, primarily the cancellation of the Trap and Sporting Clays national events. The Committee and management team have worked closely with members and local health authorities during this period to ensure all activities were delivered in a safe and compliant manner for all involved. COVID 19 also seriously impacted bookings at the Range Function Centre, consequently resulting in a significant reduction in activity for this business unit. This disruption has continued subsequent to year end with the full financial impact of this disruption unable to be accurately estimated at the date of this report.

In the opinion of the Committee there were no other significant changes in the state of affairs of the Association that occurred during the financial year under review not otherwise disclosed in this report or the accounts.

EVENTS SUBSEQUENT TO BALANCE DATE

Other than the matter raised above, there has not arisen in the interval between the end of the financial year and the date of this report, any item, transaction or event of a material and unusual nature likely, in the opinion of the Committee of the Association, to affect significantly the operations of the Association, the results of those operations, or the state of affairs of the Association in subsequent financial years.

SHORT AND LONG TERM OBJECTIVES

The short term objective of the Association is to service its members through:

- Organisation of local, State, National and internal competitions,
- Ongoing coaching and development,
- Collaboration with State Associations and affiliated Clubs.

The long term objectives of the Association are to promote the sport, service its members and to work collaboratively with all state organisations to manage the future development of the sport.

KEY PERFORMANCE INDICATORS

The Association monitors key performance indicators against industry standards and internal expectations. The indicators are both financial and non-financial with the results presented for the Committee's discussion.

LIKELY DEVELOPMENTS

The Committee is planning to reassess the ongoing valuation methodology of the property, plant and equipment held by the Association in the coming financial year.

COMMITTEE INTERESTS AND BENEFITS

Since the end of the previous financial year no Committee member has received or become entitled to receive any benefit because of a contract made by the Association or a related corporation with a Committee or with a firm of which a Committee member is a member, or with a company in which the Committee has a substantial interest.

Signed at Wagga Wagga this 9th day of February 2022 in accordance with a resolution of the Committee:

President
Malcolm Dyson

Treasurer
Les Kadziela

STATEMENT OF COMPREHENSIVE INCOME

The Statement of Cash Flows is to be read in conjunction with the notes to and forming part of the financial statements

NOTES TO AND FORMING PART OF THE ACCOUNTS

For the Year Ended 31 December 2021

NOTE 1 – STATEMENT OF ACCOUNTING POLICIES

The financial report includes the financial statements and notes of the Australian Clay Target Association Inc as an individual entity. The Australian Clay Target Association is a not for profit entity incorporated and domiciled in Australia. These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the financial reporting requirements of the *Associations Incorporation Reform Act 2012*.

The following is a summary of the material accounting policies adopted by the entity in the preparation of the financial statements:

(a) *Income Tax*

No provision for income tax has been raised as the entity is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

(b) *Cash & cash equivalents*

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

(c) *Receivables*

Accounts receivable include amounts due from members. Accounts receivables are recognised at the amounts as they are due for settlement. Accounts receivables do not carry any interest and are stated at their nominal value.

(d) *Inventories*

Inventories comprises goods for resale and goods for distribution and use at no or nominal consideration as part of the Association's ongoing activities.

Inventory held for sale is measured at the lower of cost and net realisable value.

(e) *Trade creditors and other payables*

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Association during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days on recognition of the liability.

(f) *Property, plant and equipment*

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include the initial purchase price and other directly attributable costs.

Land

Land held for use is stated at re-valued amounts. Revalued amounts are fair market values based on appraisals prepared by external professional valuers once every three to five years or more frequently if market factors indicate a material change in fair value.

Increases in the carrying amount arising on revaluation of land and buildings are recognised in other comprehensive income and accumulated in the revaluation surplus in equity. Revaluation decreases that offset previous increases of the same class of assets shall be recognised in other comprehensive income under the heading of revaluation surplus. All other decreases are recognised in profit or loss.

Buildings, plant & equipment

Buildings, plant and other equipment (comprising fittings and furniture) are initially recognised at acquisition cost, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management.

Buildings, plant and other equipment are subsequently measured using the cost model, cost less subsequent depreciation and impairment losses.

Depreciation is recognised on a straight-line basis to write down the cost less estimated residual value of buildings, plant and other equipment. The following useful lives are applied:

- | | | | |
|-----------------------|-----------|---------------------|-----|
| • Buildings | 2.5% | • Office equipment | 20% |
| • Plant and equipment | 10% – 20% | • Computer software | 33% |
| • Motor vehicles | 20% | | |

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

(g) *Revenue*

The Association applies AASB 15 for recognising revenue. Revenue is recorded as the amount of the transaction price that is allocated to the performance obligation, excluding any amounts of variable consideration, when the performance obligation has been satisfied. All revenue is stated net of the amount of goods and services tax (GST). The Association has the following specific policies for when the performance obligations have been met:

Provision of Membership Services

Revenue for membership subscriptions is recognised in the period to which the benefits of the membership is provided.

Sale of Goods

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Grants and other Funding

Grant funding is recognised as income to the entity when all obligations contained in the underlying funding agreement have been met.

Any grants funds remaining unspent or non-acquitted are deferred at the end of the reporting period.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Association.

Donations

Donations collected, including cash and goods for resale, are recognised as revenue when the Association gains control of the asset.

Interest revenue

Interest income is recognised on an accrual basis using the effective interest method.

(h) *Goods and services tax (GST)*

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of an asset or as part of an item of expense. Receivables and payables are stated inclusive of GST.

(i) *Employee benefits*

A provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

The Association's liabilities for other employee obligations are included in other long-term benefits as they are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service.

(j) *Reserves*

Asset revaluation reserve comprises gains and losses from the revaluation of land.

All other reserves comprise surplus funds that have been designated to be spent for a specific purpose in the future to which the individual reserve relates.

(k) *Financial Instruments*

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. For financial assets, this is equivalent to the date that the entity commits itself to either purchase or sell the asset (ie trade date accounting is adopted). Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Finance instruments are subsequently measured at either fair value or amortised cost using the effective interest rate method or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

The amount at which the financial asset or financial liability is measured at initial recognition less principal repayments; plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method; and less any reduction for impairment.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability.

Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets are classified at fair value through profit or loss

When they are held for trading for the purpose of short-term profit taking, or where they are derivatives not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

(ii) Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

(iii) Financial Liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At each reporting date, the entity assess whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

De-recognition

Financial assets are derecognised where the contractual right to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability, which is extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(l) Critical Accounting Estimates and Judgements

The Committee evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Association.

Key Estimates – Impairment

The Association assesses impairment at each reporting date by evaluation conditions specific to the Association that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates.

Key Judgements – Provision for Impairment

The doubtful debts provision represents amounts that the recoverability of the receivable is doubtful. The provision is measured in accordance with AASB 9 using the expected credit loss approach. This requires the Association to apply a forward-looking credit loss methodology.

The Association applies the simplified approach to its trade receivables and measures the loss allowance at an amount equal to the lifetime expected credit losses.

STATEMENT BY MEMBERS OF THE COMMITTEE

In the opinion of the Committee, the financial report as set out on pages 1 to 17:

1. Presents fairly the financial position of the Australian Clay Target Association Inc as at 31 December 2021 and its performance for the year ended on that date in accordance with relevant Australian Accounting Standards – Reduced Disclosure Regime and the financial reporting requirements of the *Associations Incorporation Reform Act 2012*; and
2. At the date of this statement, there are reasonable grounds to believe that the Australian Clay Target Associations Inc will be able to pay its debts as and when they fall due.

Dated at Wagga Wagga this 9th day of February 2022

Signed in accordance with a resolution of the Committee:

President  Malcolm Dyson	Treasurer  Les Kadziela
---	--

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF AUSTRALIAN CLAY TARGET ASSOCIATION INC

Opinion

We have audited the accompanying financial report, being a general purpose finance report, of Australian Clay Target Association Inc, which comprises the statement of financial position as at 31 December 2021, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes and the Committee's declaration.

In our opinion, the financial report of Australian Clay Target Association Inc has been prepared in accordance with the *Associations Incorporation Reform Act 2012*, including:

- (i) giving a true and fair view of the registered entity's financial position as at 31 December 2021 and of its financial performance and cash flows for the year ended on that date; and
- (ii) complying with relevant Australian Accounting Standards – Reduced Disclosure Regime and *Associations Incorporation Reform Act 2012*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The committee are responsible for the other information. The other information comprises the information included in the Association's annual report for the year ended 31 December 2021, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Committees' Responsibility for the Financial Report

The committee is responsible for the preparation of the financial report in accordance with the financial reporting requirements of the *Associations Incorporation Reform Act 2012* and for such internal control as the committee determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so. The committee is responsible for overseeing the Association's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.

2022 SACTA State DTL Championships

Well, another year has come and gone. And Boy!! What a year we've seen!! I don't think we're quite in the clear yet!!! We've still got a couple of Greek alphabet letters to get through (Alpha, Beta, Gamma, Delta, Omicron, son of Omicron – and a Partridge in a Pear tree). Let's not dwell too much on the past couple of years. Yes, exactly 12 months to the day, we are all here at the South Australian Clay Target Association State DTL Carnival. Although we managed to get through all our Carnivals last year amongst mandated club closures, this year from Thursday February 3rd through to Sunday February 6th sees our 6th year that the DTL Carnival is extended to be 4 days of competition, based on the success of the reintroduction of the State Champion of Champions.

By Wednesday afternoon, the grounds of the State Shooting Park were already buzzing with activity as the usual caravanners and campers arrived. This year was a little more sedated as competitors assessed if they could get back home without having to isolate should something go amiss over the next 4 days. The ones that did make it were all getting themselves a favourable vantage spot for the 4 days of shooting competitions. All the trade stands were being erected with lots of great goodies on show for everyone to feast their eyes on and buy. Competitors came from a few States this year, and over the 4 days of events, were all vying to try their skill at claiming one of the many Red State sashes that were on offer.

Temperatures for the 4 days were going to be reasonably comfortable in the mid-high 20's to low 30's. There had been the odd day leading up to the Carnival where the daytime temperature spiked upwards of 38–40 degrees with intense

humidity, but the weather gods were going to be kind this year. In the background, everyone was out there practicing to make sure they had a psychological edge and to be sure they were used to the background of the various layouts that were being used before the competitions started at 11am the next day.

Early on Thursday morning the officials were running around in a scurry of activity while final checks were being done to the layouts – angles, heights, distances and speeds. To this part, a word of thanks has to go out to the Shoot Marshall (Andrew Hoare) and his committed team (Cockles, Dale and Greg) for overseeing trap set-ups over the 4 days. Friends that hadn't seen each other for ages were seen all over the park having a good laugh, telling stories and catching up on the events that had transpired over the past 12 months (whilst maintaining social distancing of course). Our interstate visitors came in with their families for the events, and this certainly made for a decent crowd of onlookers and a great ambience at the grounds considering the tragic economic climate over the past couple of years.

Even the office was a flurry of activity as we made sure everything was in readiness, especially the important stuff like all the lollies being in their respective bowls for the staff (very important)!! Hopefully everyone could have a great 4 days of competing without a worry in the world. This year there was no rush at the ticket window, as the State decided to do pre-noms only to avoid face to face contact. It made the job at hand a lot simpler for office staff, and for the best part, most competitors were happy to oblige with only 3 noms taken at the window. With 145 pre-nominations already in place, thank you all for getting them in to us nice and early. And, with squadding on cue, right on 11am sharp, 103 competitors – (18 squads), (exactly the same as last year), started to get called and filed out to the walks to contest the first event which was the 75 target State Champion of Champions title off 18m. Lurking around every corner and walking amongst us you could see some of the best shooters in Australia waiting to pounce and claim one of the available Red State title sashes.

Champion of Champions 'Overall' winner Steve Haberman with event sponsor Daniel Morgan representing Pullbang Enterprises & DRC Imports

Breezy conditions greeted the shooters with temperatures in the high 20's. Squads shot their whole 75 targets in 1 visit to the trap with just a reload in between 25's.

Shoot-offs went to ground in extremely blustery conditions making for some very tricky targets and some quick adjustments to be made by the competitors. After shoot-offs, when all had gone quiet, the results were counted and came out as follows: C Grade 1st went to Rob Marcoionni 124/150 and 2nd was Ron James. B Grade 1st went to Antony Panazzolo 114/125, 2nd was Allan Vilcins. A Grade winner was our Shoot

Marshall Andrew Hoare 118/125, followed by Gary Coppola in 2nd place. AA 1st was taken by Darryn Nicholls with a well shot 123/125, with Ash Hawker 2nd. The Junior category went to Tom Clark, Veteran winner was John Wojcik and the highest scoring Lady was Deserie Baynes. The highest accolade of Overall Open for this event was taken by an elated Steve Haberman 124/125. Congratulations and well done to Steve in extremely trying conditions.

Presentations were all over by 3.30pm and a great day was had by all. Most competitors headed out to the practice trap for some Double Rise practice before everyone started to head to their accommodation for a relaxing break before tackling tomorrow's events.

Friday morning came around and everyone was

THE COMPLETE RANGE IT'S ALL ABOUT YOU.

At Beretta, we understand that the right gun can make all the difference. From the Silver Pigeon I DTL to the 694 DTL to the DT 11 DTL, our Steelium barrels ensure a more gentle shot with better consistency. With each advancement, a higher grade Steelium barrel means an even more consistent pattering when your shots hit their target. Steelium, Steelium Plus and Steelium Pro, when you need the extra edge, Beretta provides a complete range of competition shotguns to suit any discipline and any budget. It's all about you!

Darryn Nicholls 46/50, and 2nd went to Steve Haberman. Veteran winner was Max Medhurst, Ladies was Gabriella Ferteklis and the Junior winner was also taken by Kane. The Overall State

title went to Mitchell Iles with a well shot 47/50. Congratulations! (Well earned).

No sooner had the shoot-offs finished and the first wave of squads were called out for the 50 target State Handicap. Squad sheets were already out for the competitors so everyone started getting kitted up and at 11.15 we started the rounds to get through 24 squads of shooters. Conditions started to change as we got a bit further into the day with the afternoon winds that prevail here to contend with. As everyone came off, they were 3 and 4 deep at the scoreboard to see what the damage was and how they had fared. Eventually, everything went quiet and the shoot-offs went to the grounds to decide the top 5 positions. Conditions fortunately remained calm and clear for the remainder of the event and shoot-offs. There were no perfect scores shot, but 4 competitors shot a 49 and 8 shot a 48. All went out to face it off for positions 1st to 5th. It was great to see in the lead up to the

1st 3 placings that there was a Super Veteran and 2 Juniors fighting it out to the end. When all was said and done, the final results were: 5th Hayden Phillips 64/66, 4th Jamie Dunn 51/53, 3rd Tom Clark 55/57, 2nd Bill Iles 58/60, and then finally the Overall winner of the South Australian State Handicap title for 2022 was Harry Brown. With a well shot 59/60 (in near perfect conditions) and at only 15 years old earning himself the privilege of an extra metre. Congratulations Harry and well done!!

During presentations, MC Gerald Hopgood, welcomed our new incoming State President Andrew Hoare and we all wish Andrew smooth sailing ahead as he takes the helm to move SACTA ahead in years to come. We also thank outgoing President John Bretag for his 2 years of assistance with management of our State.

Above left: Jamie Dunn 4th in the Handicap
 Above right: Hayden Phillips 5th in the Handicap

Most of the competitors got to have a small break here while the South Australian Zone teams came out to contest their titles. The 25 target event was shot as a double barrel with a points countback. Open winners were Central Zone. Team members were Rino Rossi, Rob Damin, Robbie Clark, Barry Sims, Luke Higgins and Dennis Lymn. The Veteran Team winners were the Eastern Zone. This team was made up of Bob Andrews, Max Medhurst and Don Beelitz. The Junior winning team also came from Eastern Zone. This team was Luke Batten, Vicki Batten and Kane Hawker.

A sight to see – final 3 placings in the State Handicap saw Super Veteran and ACTA Hall of Fame member Bill Iles from 25m fighting it out with 2 Juniors. It made for a great spectacle for all the onlooking crowd

Zone Open Team winners, Central Zone. L-R Robbie Clark, Barry Sims, Dennis Lymn, Rino Rossi & Rob Damin. Absent Luke Higgins

Zone Veteran Team winners, Eastern Zone. L-R Bob Andrews, Max Medhurst & Don Beelitz

Zone Junior Team winners, Eastern Zone. L-R Kane Hawker, Luke & Vicki Batten

Central Zone took out the Ladies and the team was made up of Molly Bretag, Tania Evans and Sue Byrnes. Well done to everyone that competed and congratulations to all the Zone winners.

Another great day and all done and dusted by 5pm. As the second day drew to a close, everyone headed out to some of the local hotels and eateries for a well earned break and to get refreshed for the Saturday morning.

When Saturday morning started off, it was another reasonably calm day. It was good to have very little activity at the ticket window with everyone being pre-nomed. This avoided the usual rush of competitors that come through to nominate for the important qualifying events of the final 2 days. At 8.30am sharp the 50 target State Single Barrel Championship got underway with 23 squads (1 squad down on last year). Weather conditions were still quite good with a forecast of 30 degrees later in the afternoon. But after everyone had finished Aimee Norris took out C Grade with 45/50 and Barry Duncan was 2nd. B Grade went to George Karageorgis 46/50, 2nd was Max Pontifex. A Grade was won by Tom Clark 51/54, and 2nd went to Jason King. AA Grade went to Peter Attard 76/77, 2nd was Shane Gallagher. Taking the Red State Single

Barrel sash and Overall title this year with the only near perfect score of 49/50 was Darryn Nicholls – great effort to stay focussed. Veteran went to John Wojcik, Ladies winner was Kelly Coogan and the Junior was Tom Clark.

At the end of the Single Barrel event, there was a short break to do some presentations. Each year there are framed Certificates of Appreciation awarded to past Executive members that have given of their time and this year they were awarded to Robert Uback, Peter Minhard, Sue Denton, Matt Wilson, Samantha Johnson and Bob Andrews – we thank you all for the enormous dedication, contribution and service to this State

over your tenure.

We also thank State Handicapper, Aaron Zupanic for continuing to put in a massive effort to ensure that everyone is exactly where they should be during our State events. Also, to Deserie Baynes and Allan Vilcins for their continued support in the roles of our State Rules Supervisors.

This year we also welcomed new State Executive members Dennis Cumerlato, Michael Meaney, Gerald Hopgood, Rodney Hammat and Luca Forza. Thank you all for joining us to make a contribution in helping move our State in a forward direction. Our State members acknowledge your efforts and are grateful for your assistance.

Each year an Executive selection panel under the guidance of our Patron, Kelvyn Prescott, chooses

and International teams (as well as the McIntosh International team) – awarded this year to Sue Byrnes and Ruth Michell for their commitment and dedication to our sport over many, many years. Finally, the battle was on for the 50 target State Double Barrel Championship. The event was declared Open at 12.30pm. The whole cast and crew headed out to contest the title. 24 squads took to the walks to see who was capable of concentrating long enough and how they would fare in this 50 target event. The breeze became stronger as the afternoon went by and as the

shooters came off, they were all hanging around the scoreboard to see if there were any red scores.

There were murmurs that there was going to be a heap of perfect scores on the board and some long shoot-offs but it wasn't to be. 17 competitors shot

the 50 and went to fight it out. The conditions got a little more blustery in the afternoon with the breeze just licking at the targets a bit harder.

As the crowds watched from the fence line, it eventually got down to the last couple. Neither was going to relent and let the other have it, so they fought it out till 5.30pm when we had a result and they went to 196.

The presentation list looked like this: C Grade 1st was Aimee Norris 53/56, 2nd went to Olivia Ford. B Grade winner was Gabriella Ferteklis with 50/50, while Antony Panazzolo took 2nd place. A Grade was won by Harry Brown 72/73, and Molly Bretag was 2nd. AA 1st went to Steve Haberman 195/196 with Ash Hawker picking up 2nd place. Finally, with a winning score of 196/196, it was Darryn Nicholls from Broken Hill taking out the Red sash, State title and the State Silver badge.

A great effort in the not so perfect conditions. Congratulations Darryn!! Veteran was Max Medhurst, Junior was Harry Brown and Ladies went to Gabriella Ferteklis.

Shot in conjunction with the State Double Barrel event was the SA 5 Man Club Team event (5 members registered with the same SA Club). Outright winner claiming the honours was Mount Gambier Gun Club shooting 245/250 targets. Team members were Gavin Height, Cockles, Warren Lindner, Jamie Dunn and Max Medhurst.

After a really long day, there was eventually finality to the shooting. When all the formalities were over, the stragglers settled in for a relaxing night with a few drinks before heading off for a shower and freshen up for the final day. Because of how late the shoot-off finished, the presentations for the Double Barrel event was postponed until Sunday afternoon.

Sunday morning arrived and everyone was getting anxious. With perfectly still conditions and an 8am start, 11 competitors that had won an Overall State title during 2021, were invited to compete in the prestigious Ray and Pat Mack Perpetual Trophy shoot. Ray and Pat are now in their 34th year of hosting and presenting this

Winning SA 5-man Club Team was Mount Gambier. L-R Jamie Dunn, Max Medhurst, Gavin Height, Warren Lindner, & Cockles

great event where every shooter strives all year to win an Overall State title and secure a spot to compete and take home this much sought-after trophy. A 30-target event consisting of 5 Double, 5 Single, 5 Points, 5 Handicap and 5 pair Double Rise, competition was strong and at the end there was but 1 winner with 38/40. The winner was announced as Robbie Clark from Monarto CTC. The State Executive and shooters would like to extend their thanks to Ray and Pat Mack for continuing to put this on every year. Well done!

Straight after the trophy shoot, the final qualifying event was on the program. The 50 target State Points Score Championship got underway: this is the event that can make or break team selections and High Guns. The weather gods were again kind to us (for shooting Points) with not so blustery conditions (compared to the first 2 days).

145 shooters still came through to compete this year, which was a pleasant surprise considering the current economic climate and the on-again, off-again border travel directives (thanks to the virus). Yet, on the grounds, there was still a heap of activity around the trade stands and everyone was enjoying the Carnival atmosphere and the slightly nicer day.

Competitors were all nervous now to see where they stood amongst the rankings for the teams and High Guns scores. When all was said and done, and the numbers were counted, the Points results were Aimee Norris for C Grade with 143/150 and Lachlan Holtham took 2nd. B Grade featured Grant Carter on 149/153 for 1st. Lucas Parletta took 2nd. A Grade went to Daniel Peel with a 154/159 and 2nd was Richard Warden. AA 1st was taken by Steve Haberman 190/192,

Overall winner of the State Points Score Championship Mitchell Iles with Cockles from Goolwa PiPi Co & Silver State Badge sponsor Bob Andrews

Above right: Points Score Ladies Kelly Coogan

Points Score C
Aimee Norris

with 2nd being Kelly Coogan. The State title Overall was won by Mitchell Iles 191/192. Congratulations Mitch. Grant Carter was also Veteran winner, Cameron Ford Junior, and Kelly Coogan took the Ladies.

The Black Crow Club Team Event for 2022 is decided over the 50 target State Points Score. A team must have 1 x C Grade

and 1 x B Grade. \$5 per shooter (\$25/team). Nominations go to a charity of their choice. This year the winners were "The Cackle Train": Max Medhurst, Cockles, Gavin Height, Dale Robertson and Nicola Harradine. Thank you for your donations.

There was a slight pause in shooting so that the presentations could be done for the previous day's Double Barrel, today's Points Score and our monster raffle. Our monster raffle and our crayfish raffles (thanks to Kat), raised a huge \$980 for the Junior Development Fund. Thank you to everyone that donated.

The 4-day High Guns were also presented and the recipients were: Junior – Tom Clark 489/535, Ladies – Kelly Coogan 439/475, Veteran – Max Medhurst 435/475, C Grade – Aimee Norris 402/475, B Grade – Gabriella Ferteklis 429/475,

A Grade – Tom Clark 489/535, AA Grade – Steve Haberman 461/475, and the highest award of Overall Open High Gun went to Darryn Nicholls with a fantastic score of 462/475. Congratulations to all of these winners who continually strive to get these outstanding performances.

At this point, the South Australian Postal Teams matches got underway to decide who was going to Wagga to represent our State. Team High Guns were: Junior, Luke Batten, Veteran, Don Beelitz. Ladies, Deserie Baynes and Open Team High Gun was Ash Hawker.

SA Champion shooter was announced as Darryn Nicholls 393/400, Daniel Peel was SA Junior Champion 373/400. The SA Postal Team High Guns were: Junior – Luke Batten, Veteran – Don Beelitz, Ladies – Deserie Baynes, and Open was Ash Hawker 149/150.

We would like to sincerely thank all of our generous sponsors for supporting our State DTL Carnival this year. Every shooter knows that without their involvement, contribution and support, these events would not be possible. This year we take a bow to new sponsor Ramsey Brothers. Plus, our regular team that give so generously every year – The Goolwa PipiCo, Nathan from Beretta, Filippo from Perazzi with the assistance of the Gunforce team, Sean from Winchester, Martin from Collumbo Shooting, Greg from Fisher Firearms, DRC Imports and PullBang Enterprises, Bronte Evans Chartered Accountants, Kat and Cockles. Also, Bob and Linda Andrews who produce the very

sought-after silver State badges. Many thanks also to Ray and Pat Mack for their trophy shoot. Thank you all so very much for making our State event a success.

Finally, we appreciate and acknowledge the assistance of all the behind-the-scenes quiet achievers that gave of their time. Workers that were running around everywhere in the office, on the grounds

and in the clubhouse and kitchen to make sure everything ran like a Swiss watch. Thanks to Shoot Marshal Andrew Hoare and Cockles for being on the ball with some much-appreciated help from Greg Ferguson, to help finish in a timely manner on all 4 days. All these helpers also contributed to making sure that everything ran like clockwork.

On a last note, thanks to all the shooters that participated and travelled to compete under

Psychological Skills for Shooting

by Michael Kruger-Davis

Dealing With Anxiety at the Nationals

The week after this article will be published in the CTSN, the National Down The Line Championships will begin in Wagga. This will be the first DTL Nationals since 2019 and during the past two years many of us have been in either voluntary or enforced lockdown, so the opportunity to compete in a high volume, high-pressure shoots has been limited. National Championships, by virtue of their significance can engender anxiety within most competitors. Anxiety is the fear of future. Anxiety can have many causes: the fear of losing, the fear of not performing up to standard or the fear of missing this target, all of which are future focused. When I searched for 'Ways of dealing with Anxiety for clay target shooting', a theme emerged and it was breathing and relaxing. Centering featured strongly. I teach clients centering when providing therapy for anxiety, so it seemed timely to revisit one of the most essential techniques for limiting anxiety, both in sport and life.

Before we begin, it is important to go back and look at how the brain works. Simply defined, the brain can be divided into two halves: the left side and the right side. This implies that the two hemispheres are independent of each other but this is not the case but for this discussion we will assume that it is. Left-brain thinking is associated with words, numbers, logic, analysis, criticism, rules, details, planning, and judgment. This is the side where our language comes from. Thoughts put into words can either be positive or negative, and can lead to beliefs. Conversely, right brain thinking is associated with sounds, images, patterns, kinesthetic or sensory input, emotions, the "big picture," free association, and creativity. This side is also responsible for motor movements. For the shooter this would involve how we stand, mount the gun, seeing the target, keeping our head on the stock, swinging our bodies and following through.

If we could shoot only using the right side of

the brain we would probably never miss. A bit like putting food into your mouth when you eat: when was the last time you missed your mouth? You don't because you don't think about it. When your left-side gets involved you go back to the past and develop judgements about yourself or your past performances, and when you think about the future you become anxious and worry about what might or might not happen. Left-brain thinking will lead to self doubt. It makes our muscles tense up and we will not be able to perform. How do we make the shift from left-brain thinking to right brain thinking and get into "the zone?" An effective tool is called Centering.

According to Noa Kageyama in an article *How to Make Performance Anxiety an Asset Instead of a Liability*, Centering is what sport psychologists call a pre-performance routine. It was designed "in the 1970's by the renowned sport psychologist Dr. Robert Nideffer, and can be adapted for all types of sports, drama, performances, public speaking, etc. Centering is a highly effective means of (a) channeling your nerves productively and (b) directing your focus even in extreme situations. Once mastered, it is a very quick and highly effective way of bringing you back to the here and now. Kageyama points out there are seven steps, each specifically designed to move you progressively closer to right-brain quiet, focus, and poise, and take you further away from left-brain fears, doubts, and self-criticism.

Step 1: Pick Your Focal Point

Select a fixed point in the distance, somewhere that feels comfortable. This point could be on your field, the ground in front of you, or towards the trap house, but wherever it is, ensure that your focal point is below eye level. A focal point helps to minimize distractions and avoid the temptation to engage in left-brain thinking.

Step 2: Form Your Clear Intention

A clear intention is in essence, a specific goal

statement. What do you intend to do when you step out on to the track or the skeet pad? How do you intend to break the target? Use assertive, declarative language, such as “I am going to perform brilliantly, with passion,” as opposed to “I hope to shoot well.” Do not use the word “don’t”. Doing so will only put the negative picture in your head and generate fears and doubt. For instance, when you say to yourself “Don’t miss the target, or Don’t miss high 2”, what’s the first image that pops into your mind? Missing the target, right? What image pops into your mind when you tell yourself “Smoke this target?” Learn to focus on what you want, not on what you don’t want.

Step 3: Breathe Mindfully

Kageyama explains that “one of the most powerful techniques for reversing the stress response involves learning how to breathe diaphragmatically. When stressed, our bodies have a tendency to revert to shallow, rapid, chest breathing. Doing so keeps us in fight or flight mode. Diaphragmatic breathing is the most biomechanically efficient way to breathe, and furthermore, is conducive to activating what’s called the parasympathetic nervous system response which is our body’s antidote for the fight-or-flight state”. Regular readers will have heard this over and over again. Focus on your breathing to, lower your heart rate, increase the oxygen flow and bring you back to the here and now. Whilst this is important on the layout it is also just as important to practice it out of competition. Centering can be practiced when you have a few spare seconds, whilst waiting in a queue at the bank or supermarket.

Step 4: Scan and Release Excess Tension

When our muscles are tense then we cannot be fluid when we want to shoot. Muscle tension will lead to missing which will lead to self-doubt which will lead to further misses. Scan your muscles from head to toe as you continue to breathe slowly and deeply, one muscle group at a time, releasing tension on the exhale.

Step 5: Find Your Center

According to Kageyama, in Eastern philosophy; chi is described as being one’s “life force” or energy. There is a specific location in our body where the energy tends to congregate, which is essentially your center of gravity. If you have ever observed the movements of a great martial

arts masters or even some athletes or dancers, you will notice a presence, grace, and balance about them regardless of their size or physical dimensions. The feeling of being centered is a very calming and reassuring one, and the mere act of searching for your center will quiet your left-brain activity.

Step 6: Repeat Your Process Cue

Rather than focus on minute details and succumb to ‘paralysis by analysis’ make sure you have a process cue to help you return your focus and narrow your attention if you feel it is wandering. A word or statement such as “Trust and let go” can be helpful but this will originate from the left-brain. To use the right side you might like to focus on a sound, the sound of the gun closing, or a feeling, the feeling of the gun on your shoulder or cheek.

Step 7: Direct Your Energy

Kageyama states that “by the time you have gotten to this step, you will have made the shift into a more quiet and focused mental state conducive to performing your best. You will have taken the edge off of your nerves, and in this last step you will channel the remaining energy into a dynamic and inspired performance. This is how you use the energy instead of trying to get rid of it. Rather than have butterflies in your stomach, this is where you get them to fly in formation or as the saying goes, “You can’t stop the waves, but you can learn to surf.”

When you first try to Center, it may take several minutes to go through all of the steps. If you practice this for 10-15 minutes per day, however, and stick with it, you will begin to notice a difference within a week or two and find that you can center in 5-10 seconds. Some notice a difference within days. The key, like anything else, is consistency and persistence.

A TRIBUTE TO TONY ROWE

The Frankston Australian Clay Target Club held a 'Tribute to Tony Rowe' down the line competition on Sunday 6th February. The competition consisted of a 90 target medley with 30 targets of double barrel, 30 targets of points score and 30 targets of single barrel in the mix. Thanks to the very generous sponsorship from the Rowe family, overall, 1st to 3rd in each grade and the best unplaced ladies, juniors and veterans prizes were awarded. Competition was strong and not only were sashes and prize money in sight but so was the significance of paying tribute to a great man who gave so much to the sport.

Tony's wife Shirley, sons John and Sam, great grandson Taj and good friend Tony Jeremiah shared an afternoon tea with everyone prior to presentations. Shirley had the honors of presenting winners with their prize envelopes while Taj presented the sashes.

Shooting an awesome 149/150 and taking the overall win outright, an emotional Daniel Cleary (Mornington CTC) spoke about his friendship with

Overall winner Daniel Cleary with Taj and Shirley Rowe

Below: Sash winners Joanne Russell, Malcolm Green, Shirley Rowe, Daniel Cleary, Kevin Gillispie, Dimitrios Kannas & Cooper Williams

Junior winner Cooper Williams

Ladies winner Joanne Russell

C Grade winner Dimitrios Kannas

Tony and what winning this event meant to him. Daniel presented Shirley with the overall sash which he would arrange to be framed and displayed in Tony's memory.

AA grade winners:
1st Kevin Gillespie (FACTC) 147/150,
2nd Hecta Crawford (Nepean) 146/150,
Craig McDougall (FACTC) 170/175

A grade winners:
1st Malcolm Green

(Korumburra CTC) 143/150, 2nd Gavin Boyd (Nepean) 142/150, 3rd John Rowe (FACTC) 140/150

B grade winners: 1st Justin Ryan (Melbourne GC), 2nd Robby Williams (FACTC) 136/150, 3rd Billy Woodward (FACTC) 158/175

C grade winners: 1st Dimitrios Kannas (FACTC) 138/150, 2nd Kevin Wright (Sebastapool) 134/150, 3rd Bianca Calvi (FACTC) 132/150

Junior: Cooper Williams (FACTC) 132/150

Ladies: Joanne Russell (Bairnsdale) 136/150

Veteran: Keith Calder (FACTC) 136/150

At the conclusion of presentations, the FACTC Committee made a very special and

well deserved presentation to John Rowe. John was awarded a Life Membership, making Tony and John the first 'father-son' duo to receive Life Memberships at the Club. John, who

Continued next page

Below: Shirley Rowe wearing the Overall sash presented to her by the event Overall winner Daniel Cleary with son John holding his Life Membership certificate

FACTC Life Members L to R – Barrie Webley, Jane Vella, Robby Williams, Lawrence Mirabella, Paul Calvi, John Rowe, Charlie Galea

has injected so much into the Club, was truly chuffed and honored to receive this accolade. Tony, Life Member and Founding Member of FACTC passed away in December 2020. He left behind a plethora of memories within those who had the privilege of knowing him. During presentations, Vice President Barrie Webley spoke of Tony's life well lived and a man who held no prejudices and was well known for speaking to anyone and everyone during his time at his home club; always ready to offer a cup of tea or a soft drink. Tony was part of a small group of people who selected the piece of land FACTC currently occupies and then dedicated his time, resources and personal finances to the initial facility build.

There were many a story from Tony who had the complete ability to encapsulate an audience. There were stories of people he had met along

the way, fishing and hunting trips, business experiences, the selling of a gun and the buying of 'just one more gun' and the justification behind it. A character like no other who is missed within the shooting community.

SEASIDE CLASSIC

11th to 13th February 2022

Sunny, warm days, green manicured layouts, the camping areas full and the grounds set in a carnival atmosphere welcomed the 226 shooters and their families to the 10th Seaside Classic. Over the years this event has now grown into one of the main events on the Victorian calendar. With competitors travelling from as far away as NT, SA, NSW, the Warrnambool CTC committee were overwhelmed with the support from the large number who attended. With seven events on the program and only six layouts to cater for the 35-plus squads, the three Canterbury and three Mattarelli traps performed well with not one breakdown, using White Flyer fluoro blackout targets supplied by Winchester Australia. These targets also performed well with very little breakage over the entire weekend. With over \$22,000 in cash, shotshells, shotguns and sashes on offer, without the support of our generous sponsors, this would not be available, plus the support from our club's recreational members, neighbouring rifle club members and volunteers who worked over the weekend filling traps and reloading the trap houses with targets. An important part of running any large carnival, this was greatly appreciated.

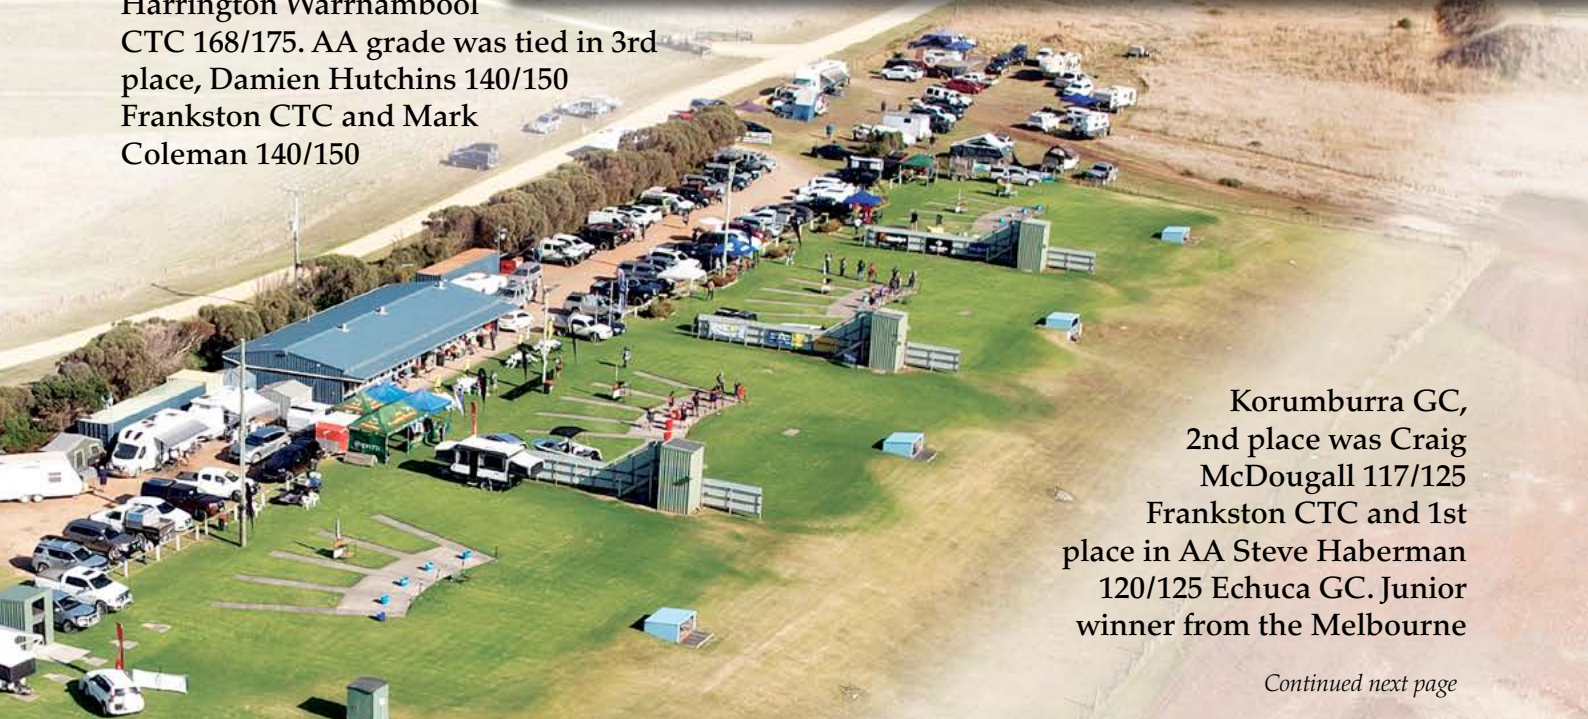

Friday – 3 pm, the first of the 7 events on the program, a 75 target Champion of Champions shot off 18 metres. C grade 3rd Tim Obrien Bendigo Club 138/165, 2nd Val Dehne Cohuna Club 146/165 and 1st C grade Andrew Nash Melbourne Gun Club 110/125.

Right- Event 1:
 C- Andrew Nash
 B- Steve Pellegrino
 A- Greg Harrington
 AA- Steve Haberman

B grade 3rd Robby Williams Frankston CTC 137/150, 2nd Joanne Russell Korumburra GC 157/175, 1st Steve Pellegrino for Melbourne GC 117/125. A grade 3rd Phill Defrancesco from Werribee CTC 143/150, 2nd Daniel Woods 164/175 Woods Point GC and 1st A grade Greg Harrington Warrnambool CTC 168/175. AA grade was tied in 3rd place, Damien Hutchins 140/150 Frankston CTC and Mark Coleman 140/150

Korumburra GC,
 2nd place was Craig McDougall 117/125 Frankston CTC and 1st place in AA Steve Haberman 120/125 Echuca GC. Junior winner from the Melbourne

54/56, and 1st place junior member Benjamin De Pedro from Melbourne GC 55/56. A grade 3rd David Fenn 54/55 Colac GC, 2nd Connor O'Brien Bendigo GC 55/56 and 1st A grade Kane Hawker 105/106. AA grade 3rd Mitchell Iles 87/88, 2nd Paul Mansueta from the Cecil Park CTC 96/97, 1st AA Darryl Weal 98/99 from the Orange CTC. The Junior award saw Warrnambool member Lachlan Pringle take this title scoring 50/52. Penny

moved onto Event 6 – this being the 25 target Seaside Classic Handicap. This event was again sponsored by Beretta Australia with cash and a shotgun to the value of \$3,000 for the winner and placegetters. 5th place Roger Duthie 27/28, 4th Andrew McKinnon from the Mount Gambier Club 30/32, 3rd David Kent Korumburra GC 31/32, 2nd place also from the Korumburra Club Adam Russell 46/48 and the Classic Handicap winner from the Mansfield Club was Jason Foster scoring 47/48. Backmarker went to Maryborough member Stewart Forbes.

Event 7 – 45 target Medley Championship shot from 15m, 15 Double, 15 Single and 15 Points Score. This event was sponsored by Holts Gun Shop Colac and Warrnambool Off Road and 4x4. We again thank Sarah and Gail at Holt's Gun Shop and Russel Cairns at Warrnambool Off Road and 4x4 for their continued support of our carnival. In 3rd place C grade Callum Dower 93/100 from the Melbourne Club, 2nd Rhys Fowler a Warrnambool member 94/100 and 1st place in C grade went to Noorat member Warren Williamson 74/75. B grade 3rd Lachlan Pringle 96/100, 2nd Kye Latimer 98/100

Event 5 – Wayne Jenkins with Overall winner Bill Jorgensen & Mal Dyson

Smith's good form continued taking the Ladies title scoring 49/50 and the Veterans title was won by visiting shooter from Ungarra South Australia Pete Minhard 49/50. After an exciting shoot-off between junior member Kane Hawker and our sponsor Bill Jorgensen, Bill came out on top taking out the Championship, scoring 106/106. Bill's home club is the Callawadda Stawell CTC.

Onto Sunday morning and after presentations were completed for the previous day's events we

Event 6 – 2nd Adam Russell, 3rd David Kent, 4th Adam McKinnon & 5th Roger Duthie

2nd Steve Trembath Werribee 124/125, 1st AA grade Hecta Crawford 99/100 from the Nepean GC. Junior winner from the Hamilton GC was Fraser Diprose 74/75, the Ladies saw Catherine Owen from the Walmer Club win scoring 121/125 and Veterans went to Numurkah Shepparton member Allen Cole scoring 120/125. The Overall winner of the Medley Championship was Rowen Foote from the Korumburra GC with a score of 100/100.

Carnival High Guns – Events 3 to 7, AA, A, B, C, Ladies and Veterans was sponsored by Richardson Marine Warrnambool, Sinclair Wilson Accounts and Avalon Nursery. The Ladies High Gun winner was Catherine Owen 236/250 and Paul Mansueto 242/250 won the Veterans High Gun.

C grade High Gun Warren Williamson 225/250, B grade Lachlan Hurse 231/250, A grade Greg Harrington 239/250 and AA grade Roger Duthie 243/250. The Overall Carnival High Gun winner was Kane Hawker 244/250. Junior High Gun was sponsored by Collumbo

High Guns – Junior Tom Clarke with sponsor Martin Collumb

Shooting and we thank Martin for his support. This was won by an up and coming young competitor from the Hamilton GC Tom Clarke scoring 231/250.

Junior Encouragement Award, sponsored by Trish Carter, was awarded to a young Echuca member Patterson Eeles who showed excellent sportsmanship, excellent manners, willing to listen to advice and willing to assist with scoring/refereeing and always showed respect to his squad and fellow competitors. Congratulations to Patterson.

Winchester Reverse Draw – all winners from the 7 Carnival events go into this Reverse Draw. O/All, AA,A,B,C, Ladies, Juniors & Veterans. Winchester Australia sponsor this event and supply a Browning Citoria 30" 12g Trap Gun – valued \$2000 being for the last name left on the board. 500 Winchester shotshells for the second last name on the board and 250 shotshells for the third last name drawn. George Filittidis represented Winchester Australia and we thank Winchester for their continued support of this draw. George conducted the draw at the conclusion of presentations and to win you had to be present

High Guns – Veteran Paul Mansueto & Lady Catherine Owen

High Guns – C Warren Williamson, B Lachlan Hurse, A Greg Harrington & AA Roger Duthie

Overall Carnival High Gun Kane Hawker & Mal Dyson

at the draw. 3rd place went Darryl Weal from the Orange CTC in NSW, 2nd place went to Greg Harrington, Warrnambool member, and the winner of the Browning Trap Gun from the Ungarra GC South Australia was Pete Minhard.

To hold a successful event you need plenty of support and again I would like to thank the sponsors listed for each event, without their support it would be impossible to hold this major carnival. Also thank you to J&A Shooting, Bill Jorgenson and Collumbo Shooting, Martin Collumb for setting up their exhibits during our Carnival, it was greatly appreciated. To all the people working behind the scenes it would be remiss of me not to mention these club members and all visitors who assisted in helping out during the carnival. Firstly, as mentioned earlier, I would like to thank all the members who assisted in the filling of the traps and Gary for bringing in the pallets of targets each night to refill the trap houses. To the office staff – Joanne, Marcus and Mishay Chambers – thank

2022 Tasmanian State Trap Carnival

The Tasmanian Clay Target Association held the 2022 State Carnival commencing on the 22nd January, 2022. This year we changed the program to maximise the attendance of Tasmanian competitors to be able to try out for the State Team.

We started on the Saturday morning with 116 competitors taking part in the 50 target Single Barrel event sponsored by the Bryan Family, in honour of the memory of Molly Bryan who dedicated many years to the administration of Clay Target Shooting in Tasmania. There were 3 shooters who shot the event clean being Rob Hunter, Ben Woodhouse and Nick Brown. They went into the shoot-off and first out was Nick Brown after 4 targets. Then Ben Woodhouse missed his 13th target leaving Rob Hunter to take the win. The final placings were Overall Rob Hunter 63/63 Darwin Clay Target Club, 1st AA Ben Woodhouse 62/63 Wagga Clay Target Club, 2nd AA Nick Brown 54/55 Mersey Clay Target Club. 1st A grade was Trevor Harbor 54/59 from Hay and second A grade Gary Enniss 53/59 West Coast Clay Target Club. 1st B grade was Darren Quinn 69/75 Tasmanian Gun Club 2nd B grade Garry Adkins 68/75 Spring Bay Clay Target Club. 1st C grade Justin Strickland 36/50 Mersey Clay Target Club, 2nd C grade Kaye Ward 33/50 Tasmanian Clay Target Club. Section winners were Junior Jebb Wilson 48/50 Spring Bay Clay Target Club, Ladies Tori Powell 49/50 Springsure Clay Target Club and Veterans Roger Duthie 48/50 Hamilton Clay Target Club.

We then started the 50 target State Double Barrel Championship with 117 competitors vying for their various grades and sections. The shoot-off for overall lasted for 326 targets and saw our Darwin visitor, Nicholas Ferteklis, win with 376/376.

Peter Attard on 375/376 took out 1st AA and 2nd AA Michael Burling Tasmanian Gun Club. 1st A Jason McSherry 50/51 Hobart Clay Target Club, 2nd A Brian Adkins 73/74 Spring Bay Clay Target Club. 1st B John Schneider 61/62 Mackay & Sarina Club, 2nd B Austin Kelly 62/64 Mersey Clay Target Club. 1st C Kaye Ward 38/50 Tasmanian Gun Club, 2nd B Justin Strickland 37/50. Junior was taken out by Cameron Ford 74/75, Veterans Roger Duthie 50/50 and Ladies Nanette McCallum 49/50. That rounded up Saturday's events

The only open event on the Sunday was the State Points Score Championship, which after a short shoot-off, was taken out by Brendan Grimes on 189/189 from Morwell holding out Bruce Powell, Springsure, on 186/189 who took out 1st AA and 2nd AA Paul Francis, West Coast Clay Target Club 1st A Jason McLaren 148/150 Burnie Clay Target Club, 2nd A Les Harris 170/174 Darwin Clay Target Club. 1st B John Schneider 146/150 Mackay & Sarina, 2nd B Melissa Wheatley 143/150 Cressy Gun Club. 1st C Amber Pitsch 117/150, 2nd C Justin Strickland 113/150 Mersey Clay Target Club. The sections were Junior Cameron Ford 148/150 Corowa, Ladies Nanette McCallum 148/150 and Veteran Paul Francis 170/171.

The State teams matches were conducted in the afternoon to decide travelling teams to the National titles and also to put our postal team scores on the board. The squads were named and went out to shoot with some very

good scores recorded. The Open team in final qualifying order were Paul Francis, Michael Stacey, Nick Brown, Tim Atkins, Michael Burling, Joshua Munn, Aydan Morse, Nico Pruis, Beau Caville, Barry Bennett, Michael Johnston, Christopher Kenny, Jason McLaren, Phil Turner and Jason McSherry rounded out the top 15. The Veterans' in qualifying order were Graham Blaskett, Stephen Bennett, Stuart Browning, Michael Goss, Paul Jones and Warren Waddingham.

Junior squad Jebb Wilson, Jack Stacey, Lewis Kenny, Garry Adkins, Austin Kelly and Kyle Chapman. The Ladies squad was Nanette McCallum, Melissa Wheatley, Jane Ward, Bec

Open Team High Gun winner Michael Stacey

McSherry, Sophie Johnston and Michelle Stubbs. The Postal Team High Gun awards were Open Michael Stacey 150/150, Junior Jebb Wilson 75/75, Nanette McCallum 73/75, Veterans 89/90 after a shoot-off to decide went to Stephen Bennett.

Nanette McCallum Ladies Team High Gun winner

Veterans Team High Gun winner Stephen Bennet

Monday brought about the State Double Rise Championship which saw 92 competitors vying for the prize. The outright winner was Nico Pruis from King Island shooting 49/50. There were multiple 48/50's and after a shoot-off 1st AA Rob Hunter 58/60 Darwin Clay Target Club, 2nd Michael Burling 67/70 Tasmanian Gun Club, 1st A David Martin 55/60 Mersey Clay Target Club, 2nd A Grant Ellis 54/60 Central Wimmera, 1st B Sean Johnson 46/50 Burnie Clay Target Club, 2nd Phil Turner 45/50 Mersey Clay Target Club, 1st C James Pocock 37/50 Top End Gun Club, 2nd C Austin Kelly 44/60. The section winners were Junior Luke Soppi 43/50 WVCTC, Ladies Tori Powell 46/50 Springsure and Veterans Roger Duthie 46/50 Hamilton.

The next event was the State Handicap Championship which saw 92 competitors take to the tracks to take the honours. There was only the one possible which was Michael Kelly (21m) from the Mersey Clay Target Club. There were 4 shooters on 49/50 who had to shoot-off for the minor placings. Andrew Fiek (25m) missed his 4th target, Barry Bennett (24m) missed his 5th target. This left Bruce Powell

(23m) and Austin Kelly (17m) fighting it out. On completion of their first 25 targets both competitors looked settled in and out there for some time. Unfortunately only 7 targets into the next 25, Bruce Powell missed his 32nd target. This meant that the placings were sorted and in which was a first for Tasmania and meant Michael Kelly 50/50, Mersey Clay Target Club, took the overall win with his son Austin Kelly 2nd 81/82 Mersey Clay Target Club, Bruce Powell 80/82 3rd Springsure, Barry Bennett 53/55 4th Spring Bay Clay Target Club, Andrew Fiek 52/54 MCC.

Michael and Austin Kelly 1st & 2nd State Handicap (father & son)

The last day of competition saw the State Champion of Champions with 86 competitors trying to take the last event out. We saw a shoot-off between Chris Kenny and Aydan Morse with Aydan hitting all of his targets to take the win. With the final results being Overall winner Aydan Morse 150/150 Mersey Clay Target Club, 1st AA Chis Kenny 149/150

Hobart Clay Target Club, 2nd AA Rob Hunter 173/175 Darwin Clay Target Club, 1st A Martin Smith 120/125 Ballandean, 2nd A Trevor Harbor 139/150 Hay Clay Target Club, 1st B Auston Kelly 118/125 Mersey Clay Target Club, 2nd B Daren Quinn 115/125 Tasmanian Gun Club, 1st C Amber Pitsch 106/125, 2nd C Justin Strickland 98/125 Mersey Clay Target Club. The section winners, Junior Jebb Wilson 120/125 St Helens Clay Target Club, Ladies Tori Powell 117/125 Springsure and Veterans Graham Blaskett 123/125 Cressy Gun Club.

This only left the formalities to be presented, the overall, grade and section high gun winners for the 4 days of competition. Overall High Gun winner was Rob Hunter 464/475, AA Andrew

Overall High Gun Rob Hunter

Brady 463/475, A Jason McLaren 444/475, B Austin Kelly 423/475, C Justin Strickland 358/475. Section winners Junior 443/475, Ladies Tori Powell 453/475, Veterans Paul Francis 476/501.

COACHING NEWS

Around the DTL Nationals it has been suggested a catch-up by the ACTA Coaching Committee to formulate plans to take forward coaching in line with the newly adopted Coaching Course Framework: Club and Competition.

This will offer the possibility of the reintroduction of a competition course that ceased around five years ago with some paperwork issues within the system.

With the adoption of the Framework documentation and the update of additional competition material, this should see the reintroduction of this level.

Another possibility is the introduction of a new level below a club coach called a club instructor. This could be used by clubs that have a large number of come-and-try days, corporate functions and those type of promotions and fundraising operations.

This club instructor level is already used by several of the Shooting Australia member organisations and after discussions with several larger clubs around the country, interest has been shown.

The other discussion point will be the main features of the coaching budget for 2022 and how the proposed junior component will be implemented and who will run the program.

Hopefully we will have some answers to these discussion points by the next issue of Clay Target.

If you are one of the many club coaches that have been held up over the last five years and wish to progress your coaching to the next level, now is the time to contact your Zone or State Coaching Director so you will be on a list as soon as the competition course is approved.

NSWCTA Coaching Director
Chairman State Coaching Director Committee*

Wagga Lifestyle and Leisure Show

ACTA's 'The Range' Function Centre was the venue chosen for the Wagga Lifestyle and Leisure Show, conducted from Friday 25 to Sunday 27 February.

A crowd in excess of 7,000 visitors attended the show over the weekend.

A joint venture between WACTA and the Collie Clay Target Club

The aim of the game was to shelter the shooters from freezing, wet weather suffered in 2021, and try to ensure more clement skies by moving the WACTA 5 Stand Sporting Carnival from November to February. The shooters certainly got bright skies, no rain and definitely warm weather. In fact, the temperature reached 40° and it sizzled! We will say that the equipment preferred the dry weather but from a shooter's perspective, was the move successful? That, of course depends upon one's susceptibility to frying or freezing!

The Collie Clay Target Club once again ran the WACTA 5 Stand Sporting Carnival with the assistance of Nick Haynes, WACTA President, in the office and other WACTA Executive members assisting in various areas.

With great facilities for campers and caravanners and, as mentioned, sizzling weather the reveling of the shooters made this a weekend to remember.

Event 1: 50 Target Cash Divide

Fimac a Success at Bega

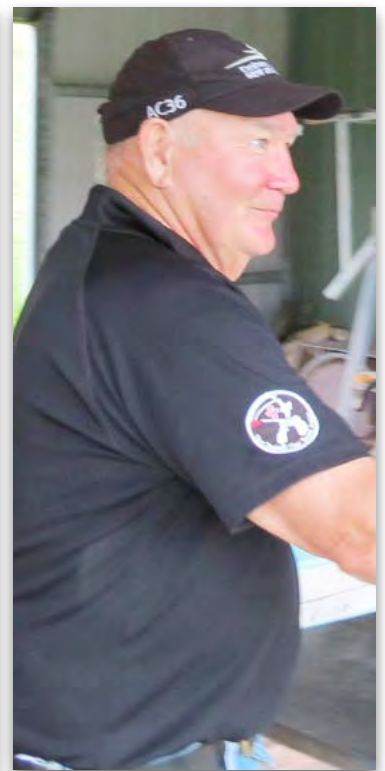

The Fimac Engineering Handicap 100 target Championship, supported by long time club member and sponsor, Shane Platts, defied the weather and attracted five squads to the Bega Tarraganda grounds. Sure, some had to travel round some of the road closures in the district to get there, but the day remained dry until the end of competition and all had a great time. The Fimac, as it is called, is shot over two rounds of fifty targets with twenty-five on each of the club's two traps.

Veteran C Grader, John Walker, shooting off 17 metres, confused himself by being one down after the first two rounds, dropping one target in the second 25. With some of the backmarkers having slightly off days, this gave him a significant lead at half way.

Continued next page

Fimac Handicap Championship winner, John Walker

Runner-up, Ray Welch

4th place and family bragging rights went to Michael Platts with sponsor and dad, Shane, and President Chris

3rd place Keith Pearce

5th place John Gray

A pair of 23/25's in the second round gave him a winning score of 95/100 and the championship sash and ammo. A Grader, Ray Welch, shooting

off 22 metres, took out second place with a creditable 91/100. A further four targets back on 87/100 was B Grader, Keith Pearce in third. Fourth place went to Michael Platts (C 15) with 89/103, after fifth placer John Gray (B 17) and he enjoyed an extra three targets .

The club thanked Shane for his ongoing sponsorship of this event over many years. Like so many clubs, sponsorship of events is such a vital part of being able to supply great prizes for our shooting programs.

The shoot raffle saw Keith Pearce go home with a beautiful meat tray after he managed to miss the first of his five targets before single barrelling the rest – our treasurer was most pleased.

Next month's program will consist of 30 targets double barrel, 30 targets points score and 20 pair double rise. The usual 10am start. Thanks to all the working bee participants – the club is looking better for the effort.

Vale

Stan Keen

9/5/1940 – 26/1/2022

Stan passed away on the 26th January after a long battle with cancer.

Stan's involvement with clay target shooting spanned a period of at least fifty years. He was active and supportive of several clubs in the Zone.

Stan's positivity over the last few years, was an inspiration to all who knew him. He will be greatly missed around the traps by all who had any contact with him.

Our deepest sympathy to Faye and family from all clay shooters in South Australia.

COMPETITION AND CONSUMER ACT

The attention of advertisers is drawn to the Competition and Consumer Act 2010 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

What's happening in the VCTA

The life of an administrator is a very hectic one. No matter what level of management you are involved in there are always things to organise, paperwork to complete and deadlines to meet.

There is no doubt that I have a huge amount of respect for those people who take on these roles, especially at a volunteer level. All too often their contributions are overlooked, and many people just do not see the amount of work that has to be completed.

This first part of the year is such a hectic one, especially after the last couple of years of COVID.

Getting back into competitions, elections, grant applications and acquittal processes and reconnecting with government authorities all add to the general workload of the administrator.

So, where am I going to with all of this?

Well, actually, it's to have a bit of a grumble! And it's a situation that all members and clubs can help with.

A fair amount of my recent time has been spent dealing with government bodies, grant applications and, in particular, organisation of VCTA State teams.

In all these instances, I must rely on the contact information that is provided either by the ACTA membership database or by a website. And, wouldn't you know it, all too often the information is incorrect.

Now while I can't do anything much about government contacts . . . I can impress upon clay target members, and clubs, the need to ensure that the information held in the database about you is correct.

And it's a very simple process.

If you go to the ACTA's webpage, you can click on the "My Page" link, log in, and then you are able to edit your contact details and make sure they are correct. If you aren't computer literate or struggle to have computer access, you can ask your club secretary to log on and change your details for you.

And club secretaries have the same ability to alter club contact details and contacts for committee members and other club position holders.

This might seem like a trivial request, but I can assure you that it is a very important one.

Communication is the 'life blood' of any organisation and communication is only as good as the 'links and contacts' that are available.

So . . . if you get five minutes at some stage, go to your 'My Page' and have a look and see what details are being held for you. I can guarantee that at some stage, someone is going to need to contact you and will be relying on the information that is there. It would really help if you made sure your contact details are correct.

So, now I'll get off my soapbox!

I think everyone is looking forward to the upcoming Nationals at Wagga Wagga. I've been trying to go to my first one for almost three years! It looks like, at last, I will make it!

Safe travelling to all those making the trip.

Hopefully I'll see you on a trap layout real soon.

WINCHESTER
AMMUNITION

BERETTA FOREVER SERVICING

The Beretta Australia service team will be on the grounds from Friday 29th April throughout the carnival.

Shooters can have their gun measured by professionals & receive advice on proper gun fit. A range of Beretta shotguns will be on display with 'try' guns available to shoot.

A Beretta gunsmith will be on site to service Beretta firearms over the weekend.

Come and talk to the Beretta Australia representatives and take advantage of the 'Beretta Forever Servicing' with parts, adjustments, servicing and gun fit FREE for all guns purchased through the Beretta Australia network.

69th INTER STATE TRAP TEAMS POSTAL MATCH

Postal Team Selection from Events 2, 3 & 5. Open - Top 15, Ladies, Junior & Veterans – Top 6

The combined total of the 3 Elimination Events plus the Team scores will then determine the Shoulder-to-Shoulder State Teams.

5 Person Open Team – 3 Person Ladies, Junior & Veterans Teams.

OVERALL HIGHGUN: Sponsored by **Beretta Australia** - RACQ GIO Perpetual Trophy, QCTA Gold Badge, Sash & Cash/Sponsor Prize

QUEENSLAND CHAMPION: Total of Events 2, 3 & 5 + Team score. G.R. & M. Porter Perpetual Trophy & Sash

GRADE HIGHGUNS, LADIES, VETERANS & SUPER-VETS HIGHGUNS: Sponsored by **Beefer BBQ** Sash & Cash/Sponsor Prize

JUNIOR HIGHGUN: Sponsored by **Qld Police Clay Target Club** Sash & Cash/Sponsor Prize

TEAM HIGHGUNS: Sash **2 PERSON TEAM:** A.B. Long Perpetual Trophy & Cash Awards

Thank you to Qld Police for their continued sponsorship of Queensland junior teams.

Pre-nom forms: Available on the QCTA website, Facebook page and from the State office.

Open Noms \$250, Partner/Veteran \$225, Junior \$185 – Full program

Juniors - 75% of open nominations if shooting the full program.

Spouse (or De facto) & Veterans - 10% discount of open nominations if shooting the full program.

★ Prize money paid proportionate to nominations in grades ★ Shooters eligible to win multiple sashes/prizes relevant to grade & section.

The Committee reserves the right to alter the program.

For further information: QCTA President Davo Back 0427 220530 or Debbie Young 0419 880080
