Contrary to an expected happening, information is now to hand that no Canadian team will be fielded in the 1954 International contest. Previously it was expected that Canada would be accepted into the fold of Empire International competition. However, it is understood that the application from Canada did not come from the National body, i.e. The Canadian Civilian Association of Marksmen, Inc., but from a provincial source. Australia and New Zealand raised no objection to Canada's inclusion in the International Match, but it was generally felt that any Canadian combination should be representative of the entire Dominion of Canada. Hence, the English control committee decided to wait until Canada had its clay pigeon shooting activities organised on a national basis before agreeing to Canadian inclusion.

The scores, team and individual, compiled by the Australian International Team of 1954, are reported in another section of this issue. As previously reported, high-gun for Australia was won by Frank C. Johnson of Ferntree Gully (Victoria), with 99/100. A splendid score and congratulations are tendered to him for a fine effort. Johnson's performance is the more meritorious when it is known that he is the official photographer at the shoot and most of his spare time, between visits to the track, was taken up in taking pictures of the scene and individual shooters. Johnson missed his 52nd target. Second high-gun honours were gained by J. R. (Bob) Bushby, secretary of the Narrandera Club in the Riverina area of New South Wales. Bushby returned 98/100 and missed a target on each of his first two visits to the track, running out with over 50 straight. Following the two leaders were four 97/100's by Colin Ferguson, President of the Perth Club in W.A., Harold Colliver, also of Perth, W.A., T. R. Thompson

(Griffith, N.S.W.) and Sperry Marshall of Bridgewater, Tasmania. Result of the 1954 International will be known before this edition goes to press.

A number of clubs, who shoot fairly frequently, fail to render handicap recommendations to the Association. This is a serious omission. Clubs are expected to render handicap recommendations at least once in every 8 to 12 weeks. From some sources it has been advised that clubs were not aware of this direction. Therefore, for the information of all concerned, it is advised that handicap recommendations may be forwarded as often as is considered advisable to the Association. For those new clubs who do not appreciate this fully, it is mentioned that a handicap recommendation is a statement of handicap variation deemed expedient by the club. In other words, a recommendation to the Association suggesting that certain shooters should be moved back or forward, whichever the case may be. This recommendation should come from the Secretary-Handicapper or President. No other source of handicap recommendation is acceptable to the Association. Within the Association official report and score book is a detachable section which is placed in the book for the sole purpose of assisting club officials with their handicap recommendations. This is simple to compile and only takes a few seconds to prepare following on the report of the shoot. For those uncertain as to method of club han-

dicapping, the procedure in many clubs is to handicap a shooter 1 yard back for an outright win of a ten birder or better (depending on the class of company and conditions), a similar handicap is made for three divisions. A forward move is usually made in club shooting when a member has competed three to four times without showing any semblance of success—this again depending on the conditions, class of competition and conditions prevailing. Association handicaps are assessed largely on club recommendations, but not necessarily. The Association handicappers have to take an overall or national outlook, especially taking into account the conditions and class of competition available to the shooter under review.

For those clubs not using the official Association report and score book an ordinary letter of recommendation is sufficient for the Association handicappers, providing the reasons for the move are given. Shooters' registration cards may be altered at any time by the home club officials of a

shooter concerned, providing the notation is clear and is signed in full by the official. Any change made must be advised to the Association within three days and reasons for amendment given. This clause prevents any unreasonable marking of cards.

Another matter pertaining to handicapping which has caused considerable confusion in recent months, particularly in Victoria, is that of club secretaries recommending experienced shooters to start on 12 yards. One case of recent origin came from a mid-Victorian club. The club forwarded several registrations together with handicap recommendations. On review of the list submitted it was found that the club had recommended handicaps of 12 yards for most of those listed. Fortunately, Association officials were aware that several of the shooters mentioned were men of long experience over traps, and were by no stretch of imagination tyros in gun handling. The recommendations were ignored. Club officials are advised to take into account whether a shooter coming into the sport of clay pigeon shooting is really and in the true sense a novice before recommending a forward mark. The front marks are for "novice" gun handlers, i.e., those who are completely new to shooting over traps. Although a shooter may be a novice at clay pigeon shooting, it does not necessarily mean he is a novice in all respects. Shooters with previous experience at other forms of targets should, in no circumstances, be nearer than 15 or 16 yards.

"Tips" and "Tails"

W. J. (Willo) Hanran, President of the Townsville Club in northern Queensland, has been appointed an examiner to carry out the practical tests for shooters desirous of gaining official referee recognition in that part of the Common-

wealth. Taking into account the great distances which separate many clubs in Queensland, it was decided to make the appointment in order to assist the administration of this section of Association affairs. Hanran is a first-class referee and has officiated on two occasions during the Association national fixtures at East Burwood. Shooters in northern Queensland wishing to secure the Official Referee Badge should contact Hanran at 28 Macrossan Street, Townsville, and make arrangements to undergo the test at a club convenient to both parties.

Writing from Hamilton (New Zealand), Jeff McMiken mentions that New Zealanders are eagerly awaiting the results of the International Match. He adds that he hopes to be over in Australia again probably during the period of the 1956 Olympic Games. McMiken had an unusual experience on his first visit to Australia. He was on a tour of Tasmania with a party of fellow N.Z.'ers when the party stopped off at Cressy. Learning that a clay pigeon shooting contest was on at Cressy, McMiken hurried to the ground. Borrowing a gun, he ran out winner of the Northern Tasmanian championship. McMiken reckons it was one of the greatest thrills of his life and an experience he will never forget.

A letter from a New South Wales shooter advises that Hay Club entertained its visitors very well during the recent Easter carnival. The writer states, "I made the trip to Hay

Gun Club's Easter shoot and had a marvellous time, as did the friends who made the trip with me. I can well understand why no big breaks are made there; the hospitality meted out to visitors is A.I. I don't think I will have any trouble getting passengers to go with me next year. The set-up at the grounds is one of the best that I have seen so far. I am making my first trip to Mildura shortly, 350 miles; how mad we shooters get!" The foregoing compliment will doubtless please those at Hay who work to make the grounds so attractive.

A new club is contemplated at Aramac, Queensland. The club will be known as the Pelican Creek Club. Secretary is C. K. Cooper. The unit is expected to become affiliated with the A.C.P.T.S.A.

The Nhill Club in Victoria's Wimmera area is a recent affiliation with the Association. Nhill club was previously affiliated, but dropped out some years ago. Secretary of the newly formed organization is R. G. Batson, Box 24, Nhill.

Narooma, the restful spot on the New South Wales south coast, is likely to have a club formed ere long. J. C. Bowler of Holbrook, who has a seaside residence at Narooma, has taken up cudgels and expects to interest local sportsmen sufficiently to ensure a good club formation.

The annual meeting of the Riverside Club at Bonshaw in northern New South Wales was held recently. New office-bearers are: Patron, G. H. McWilliams; President, N. S. Smith; Vice-Presidents, V. P. Newlands and H. G. Smith; Secretary, T. J. E. Chandler; Treasurer, Mrs. T. J. E. Chandler; Committee, S. Murray, Mrs. N. Smith, D. Smith, F. Thompson, and Brian McWilliams; club captain, R. Middleton; club scorer, Miss A. McWilliams. The retiring President, V. P. Newlands, did not seek re-election owing to his recent ill-health.

supporting programme has also been arranged. Shooting will commence at 10 a.m. Enquiries should be directed to club secretary, B. H. Grainger, Warren (Phone 79). Programme is advertised.

The Sale Club in Eastern Gippsland (Victoria) will shoot on August 7, when two £20 Handicaps and other events are listed. Shooting will start at 1 p.m. The club will also shoot the Gippsland Grand Prix on Saturday, October 2. Programme for August 7 is advertised this issue. Enquiries to Lou Bourbaud (President) and Len Robinson (secretary), Raymond Street, Sale.

His Royal Highness, The Duke of Edinburgh, it is advised from England, will be visiting Bisley during July. He intends visiting Bisley gun club and has promised to take part in some of the competitions. In fact, he is understood to have asked to be included in a squad of shooters, not merely attending as a token appearance.

Senr. Commissioned Gunner, K. Hurst, of the R.A.N. Depot at Flinders (V.), has left for England. He has taken his gun and expects to shoot during his stay abroad. We have a report that his farewell on the "Strathnaver" was one of those never-to-be-forgotten affairs.

The annual meeting of the Coburg Club (V.) will be held in the Coburg Town Hall, Sydney Road, Coburg, on Tuesday, July 13. All officers retire at the meeting, but those seeking to stand again are eligible for re-election. Secretary of the club is C. J. Colledge, 12 Adler Grove, Merlynston, N.14 (V.). The Coburg Club's programmes for forthcoming events are published in the advertising section of this issue. On July 31 the Metropolitan Walk-up Championship is listed for decision. The club will also shoot on August 14 and 28. On Saturday, September 11, the Victorian section of the Interstate Match will be decided on the Coburg Club's grounds; the usual 30 birder elimination will precede the shooting of the Interstate Match. The club also makes a preliminary announcement of its Grand Prix shoot on Melbourne Cup day, Tuesday, November 2.

W. E. Bell, the lone shooter who registered from the North Queensland town of Mackay, advises that he is now moved to Cairns, where he explains, "I have at last got to a town where there is a live-wire club and I expect to have a shot now and then, and who knows I might manage to break a few. I have kept my registration up over the years in hopes."

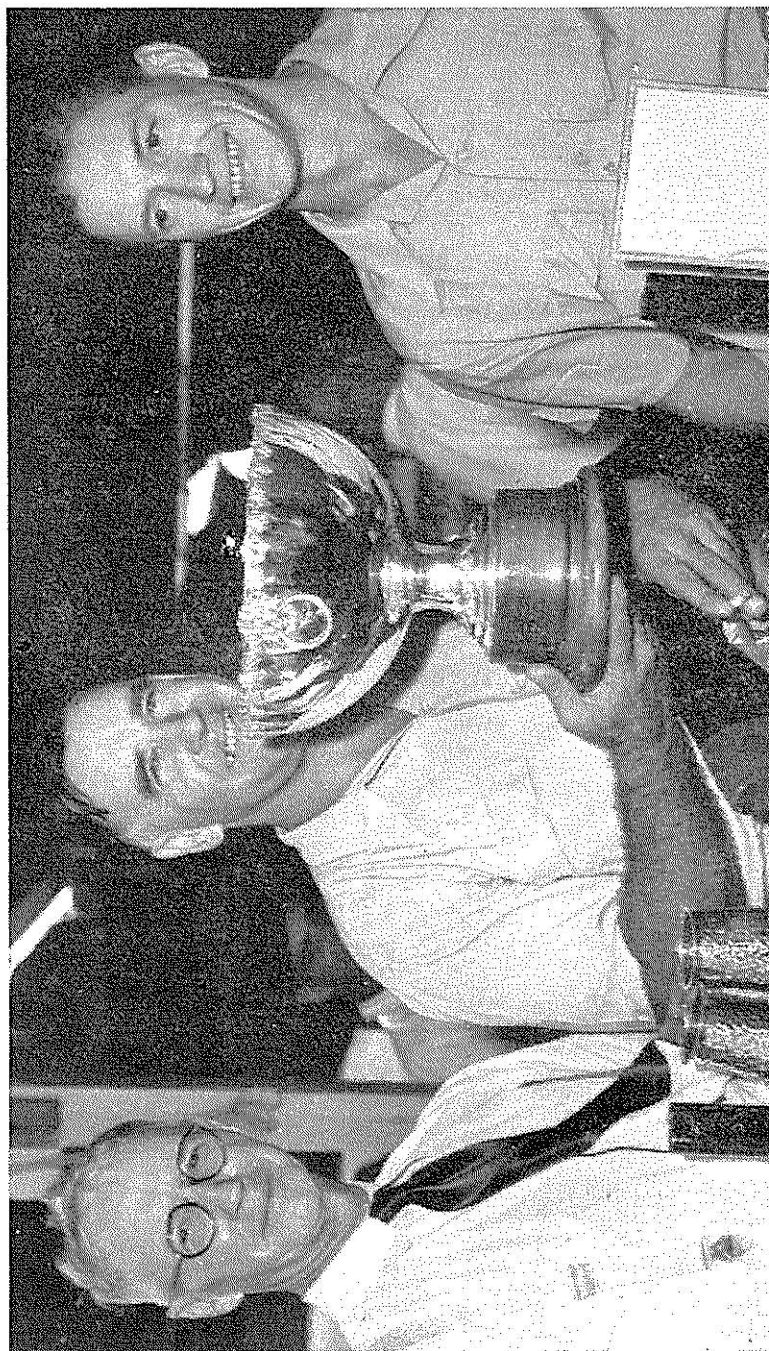

The Kingaroy and Nanango Clubs have amalgamated and their combined organizations will now be known as the South Burnett Gun Club. It is understood main reasons for the amalgamation was that the two clubs were too small individually to get any further ahead. The two towns of Kingaroy and Nanango are separated by only fifteen miles of bitumen road. Office-bearers of the joint clubs will be: Patron, H. Robertson; President, P. Dennis; Secretary, R. Powell; Treasurer, S. Horn; Vice-Presidents, Messrs. W. Proposch, M. Champney, C. Devine, T. Knauer and A. Ritchings. It would appear that the two clubs have acted wisely. Several Queenslanders had previously mentioned they thought the twin town clubs were too close together to run good clubs at both centres.

In a recent note from Rex Miles, Hon. Association Vice-President at Spokane, U.S.A., he mentions, "Our 1953 average book is out. I see where Mr. John M. Wilson of Melbourne is listed with an .8050 average on 16-yard targets. So he evidently shot one 200-target event and broke 161. He has the honour of being the first Australian to be listed. I was certainly sorry I missed him last year when I was unable to attend the Grand, I will look forward to meeting him this year if he comes across." Main averages were enclosed for U.S.A. shooters, and these are appended:

Queensland is losing a first-class club official in Colin Fletcher, secretary of the Roma Club. Colin has bought property between Mortlake and Skipton in Victoria and will shortly take up residence as a "full-time Victorian". Fletcher has served for several years on the Executive Committee of the Association and will continue to represent Queensland until the next Annual Meeting of the Association. An astute administrator, Fletcher will be a decided acquisition to Victoria, and it would not be a remote possibility to see him later as

AUSTRALIAN (V.), May 29th.—The Club Deauville Doubles Championship was won outright with an excellent display of precision shooting by the Barbara Biggs-John Bryant combination. These young gunners still hold International form, when Barbara (as best woman shooter) secured that title with 52/60 and recently in a tie shoot grassed 42/44, while John holds the National title with a possible 60/60; Metropolitan C'ship, 78/80; N.S.W. Double Rise C'ship, 14/18 pairs, and made history, creating a new record in Mixed Birds, returning a possible in the Queensland Mixed Birds C'ship, 20/20, secured 5th place in the Champion of Champions and has represented Australia five times in the International teams match.

Coached by his father, this young man has to his credit many major wins since the days when a boy of nine, Dad would lead him up to the trap house, and there with his little 410 he would break two out of five each break, being accompanied by applause from the shooters.

Those with 19 pairs were McInnes-Byers, Didier-Phillips, and F. Skate-Dick, the latter combination securing 2nd trophy, 24/25 pairs. The opening Deauville Doubles event was div. the possibles, Phillips-Didier, Bryant-Barbara, and Biggs-Byrne, 6/6. 5 pr. Double Rise won by George Biggs, 5/5 prs., from J. Veal, 4/5. A final D.B. Sweep was div. L. Byrne, F. Skate, "Doncaster", J. Donovan, R. Smith and J. Veal, 10/10. Our American friends, Mr. and Mrs. Fogg, from Eildon Weir, were a good combination and received a hearty welcome.

June 12th.—A 4-event programme, which covered the requirements of the forthcoming Commonwealth Mixed Birds C'ship, was opened with a 10 birder, 5 S.B., 5 D.B. This S'stake was div. F. Johnson, L. Baker, R. Johns, R. Smith. A 20 Mixed Birds followed, being won outright by A. H. Brenk, 19/20; a tie shoot placed F. Johnson 2nd, 25/27; John Bryant, 3rd, 24/27. Sectional Trophies to G. (£10 Nom. 30 BIRDS D.B.) Conditions as below.

Event No. 4 — **£150 HANDICAP - Double Barrel**
£50 to be divided on each of the three traps.

IMPORTANT. In order to ensure good distribution of the prize money in the £500 Handicap each day, and so make it possible for shooters to recover nominations, etc., the following procedure of pay-out will be adopted:

1st — £150 :: 2nd — £75 :: 3rd — £35

This leaves £240 to be divided — £80 on each trap — for those who shoot the ten at each or any visit.

It will be observed that the winners will enjoy more than the prize money indicated, and anybody shooting the 10 once or twice, etc., will receive some or more than their nomination back (according to the number in the cut). This procedure keeps a monetary interest for the shooter, even though he realizes through early misfortune he cannot win.

Shooters and friends will be entertained on Friday night (15th October), at which time a CALCUTTA will be sold on the £500 Saturday's shoot.

— THIS SHOOT WILL BE WELL WORTH ANY DISTANCE YOU TRAVEL —

ABERMAIN (N.S.W.), 24/4/54.—Weather conditions: fine. Results: No. 1, 5-bird E.O.: R. Young, J. Barker, J. Fryer, div. No. 2, 5-bird D.B.: D. Scowcroft, 10/10; D. Macara, O. Cesco, R. Young, after shoot-off. No. 3, 5-bird D.B.: J. Barker, 10/10, after shoot-off; R. Young, 9/10. No. 4, 5-bird D.B.: N. Mitchell and D. Scowcroft, div., 5/5. No. 5, 10-bird D.B. P.S.: N. Mitchell and J. Fryer, div., 20/20. No. 6, 10-bird D.B. P.S.: D. Scowcroft, 29/30.

Shooting at meeting was fair. D. Scowcroft, J. Fryer, N. Mitchell and J. Barker all shot exceptionally well. Once again Hazel Morton and June Scowcroft competed, but had no success, but I am told that they both visited the newly formed Tea Gardens Club, where they both shot well, extending the men. Good luck to both, as they are wonderful sports.

No. 7, 5-bird D.B. Sweep: R. Melville, 5/5. No. 8, 5-bird D.B. Sweep: R. Young, J. Barker, div., 9/10.

Fair roll-up of shooters, but very disappointing attendance from our own club members, and it is time our own members took the game to heart and turn up at shoots, as it is only continued support that can keep the club going, so come on, boys—help! After shoot on Saturday a visit was made to local R. Soldiers' Club, where a very enjoyable evening was held after tea had been served by

Ladies' Auxiliary of that club.

(J. H. Johnston, Hon. Sec.)

A very cold night, apparently affecting attendances—however, a most enjoyable shoot.

(W. A. Santon, Hon. Sec.)

Shepparton, Yea, Homewood and Eildon. Very pleasing to have Jim and Mrs. Fogg and our other American friends with us more regularly. This is made possible by the slowing down of work on the Eildon project during the wet winter months. The efforts of the ladies' committee were most welcome and carried out in the usual pleasant manner.

Doubles, S'takes: 1st, D. Webster; 2nd, W. Moody and R. Heinemann. No. 11, 5-bird Miss-out, S'takes: 1st, R. Holle; 2nd, R. Heinemann; 3rd, W. Moody.

Opening of the polo season was a major counter attraction on Sunday, but we were pleased to see that even this could not keep our keen members away. Thus a further successful shoot to be recorded by our club. The Trophies donated by various supporters made a lovely display and all shooters tried their hardest. The new Secretary's room and shelter shed are quite an asset to the Club and in future we hope to see more spectators present. Congratulations to Ed Ecroyd, who won the Trophy for the best 12/13 yarders.

(Miss F. Osborne, Hon. Sec.)

SURAT (Qld.). — The Surat Gun Club held a club shoot on June 6, at which 18 shooters faced the trap, for what was to be the last and final round of the N. Bassett Clock. Brother Jim was in the mood for clay busting, and bust clays he did. Colin Fletcher shot particularly well and actually scored the highest points on the day in the Clock, but Jim Bassett had too much lead, having compiled points at previous shoots, and in so doing scored the necessary 10 points to win. The only blotch was the 97th bird; it was the one to get away, and Jim was dead-bent on a 100 break, too. Bad luck, Jim, but still a mighty effort. After the presentation President Lloyd Stewart welcomed the Fletcher family, and paid tribute to them for the services they have rendered our club, and wished them every success in their new venture.

The following are the results: No. 1 event, 10-bird Point: 1st, Jim Bassett, 44/45; 2nd, Lloyd Stewart, 43/45; 3rd, Bill Warby, 40/45. No. 2 event, 10-bird D.B.: K. Bassett, W. White, R. Dehnert, T. Hegarty, 10/10, div. No. 3 event, 10-bird D.B.: T. Ferrier, W. Warby, 10/10, div. No. 4, Club Trophy, 30-bird D.B.: 1st, Jim Bassett, 30/30; 2nd, K. Bassett, 39/40; 3rd, W. White, 38/40;

by N. Thomas after a lengthy shoot-off with J. Storrier and the Secretary. Congratulations, Jack, on your first 100 break. Jack compiled 105 for the day and looked like settling down for another hundred had the wind not caught one unawares.

COFFS HARBOUR (N.S.W.), 15/6/54.—In perfect weather and under ideal conditions the club held the Club Annual D.B. Championship. The line-up of club members, under the circumstances, and the fact that nearly any of the members had a good chance, was rather disappointing. The Trophy, a handsome Cup, presented by G. D. T. Seccombe, is competed for each June, and the winner's name is inscribed on a silver plate on the plinth. Gordon Jarrett has not had a shot for some time owing to an accident, but he proved that the spell did not interfere with his sighting and timing, and after a shoot-off with Alf Herdegen, who has improved wonderfully over the past 12 months, won the Cup and Championship of the club for the ensuing year.

Results: 5-bird D.B. Eye-opener: Tom Seccombe, G. Jarrett, G. D. T. Seccombe, G. Wedgwood, D. Mulhearn, Dan Seccombe, A. Herdegen, div., 5/5. 5-bird D.B. Sweep: G. G. Jarrett, Dan Seccombe, G. D. T. Seccombe, Dick Seccombe, Keith Seccombe, Rex Bennett, Boyce Seccombe, div., 5/5. Club C'ship, 20-bird D.B.: 1st, Gordon Jarrett, 29/30; 2nd, Alf Herdegen, 28/30; 3rd, Dan Seccombe, 26/30; 4th, Keith Seccombe, 25/30; best 12 ydr., W. Golden. 5 birds Points Sweep: 1st, Keith Seccombe, 15/15; 2nd, Rex Bennett, 14/15. 5 birds Points No. 2: W. Golden and Dan Seccombe, 14/15, div. Box Sweep: Alf Herdegen.

Shooters from Grafton, Ken Northcott and Max Harrison, represented

the northern club, and visitors to the shoot included Mr. Ted Russell, one of the club Patrons, and Mr. Packham, sec. Coffs Harbour Race Club, and they enjoyed the afternoon's sport. Several new shooters are coming out to practice shoot, when we will shoot over No. 2 trap, which has been practically isolated during the wet weather.

RIVERSIDE (N.S.W.), 30/5/54.—Weather conditions: fine, cloudy. Results: No. 1, 5-bird D.B. Sweep: 2 div., 13/13. No. 2, 5-bird D.B. Sweep: 4 div., 5/5. No. 3, 5-bird D.B. Sweep: Rod Middleton, 15/15.

As this will be my last report as Hon. Secretary of the Riverside Club, I want to thank all members and office-bearers for their kind assistance at all times, also A.C.P.T.S.A. Secretary, Mr. McCullough, for his prompt and courteous replies to all correspondence. I think the shooting standard of our members has improved tremendously since we started our club 12 months ago. Two of our members, R. Middleton and T. Chandler, have achieved considerable suc-

cess lately and have obtained a 50 and 75 break respectively.

(N. S. Smith, Hon. Sec.)

Price, 2nd, 18/20; C. E. Flegler, 3rd, 14/15; A. F. Flegler, best 12 yd., 13/15.

Fairly windy, making conditions not good for shooting, resulted in somewhat erratic scores by the less experienced shooters, but some of the old hands at the sport put up some good scores. A good roll-up of shooters today for a club shoot. 33 entries.

(C. E. Flegler, Hon. Sec.)

Towne, 5/5; M. Champney, 5/5, tied for 1st; next best, H. Robertson, R. Powell, S. Horn, 3/5.

M. Champney, in winning the main event of the day, showed that he is always persistent; the big prizes are there as well as the small ones. That is his 4th trophy in three shoots. The most improved shooter, I would say without hesitation, is G. Towne. Noel Kefford, who has not shot for some time, also shot very well. Perc. Dennis shot much better than he has been. W. Proposh also shot well.

(R. Powell, Hon. Sec.)

A. Scott, 9/15.

The Roma Gun Club conducted a successful shoot on Sunday; the attendance was only small owing to the heavy social engagements during the week. In a 20-bird D.B. Trophy event

J. Bassett, H. Rothwell and C. Fletcher returned possibles; in the shoot-off H. Rothwell dropped his 28th target; Jim Bassett shot on brilliantly to win the event with 70 straight, C. Fletcher dropping his 67th target. During the day two good breaks were made, C. Fletcher shooting 91 straight and J. Bassett 78 unbroken.

The Surat and Roma Gun Clubs conducted a most successful shoot on the 12th, 13th and 14th June; the weather was fine, with only a moderate wind and a very cold day on Saturday. There were 45 competitors, visitors being present from Goondiwindi, South Coast, Dalby, Texas, St. George, Charleville, Clara Creek, Cunnamulla and Longreach. The shooting was of the usual high standard and many good breaks were recorded: M. Cameron, 106; T. Hegarty, 99; L. Price, 50; D. Webster, 68; W. Carne, 66, and T. Chandler, 55. Keith Cameron shot brilliantly to win the Qld. S.B. Championship, the Back Markers' Trophy Shoot and div. a £50 Handicap, only dropping four targets out of 125. N. Danes was 2nd to K. Cameron in the Qld. S.B. Championship and also div. a £50 Handicap. Ian Arthur returned the excellent score of 29/30 to win the Qld. Intermediate S.B. Championship, with B. Shand and T. Chandler taking the minor places. In the South West Qld. D.B. Championship there were six possibles; in the shoot-off D. Webster had to shoot 60 straight to win the title from Nev. Bassett, 59/60, C. Fletcher being 3rd, 49/50. Nev. Bassett continued his good form and won the £100 Handicap with 60 straight and finished the day with 138/140.

On the final day Murray Cameron shot like a champion to take the £150 Handicap with 176/180 points, and at the same time make a break of 106; congratulations, Murray, on the coveted 100 break badge. We were happy to welcome Mrs. T. Chandler of Texas to our grounds, and although she did not win a trophy, she returned some excellent scores.

New Zealand wins International

Just prior to going to press, the following cable was received from the Secretary of the English Clay Pigeon Shooting Association, indicating that New Zealand had won the 1954 International Match, defeating Australia by 4 points. Cable, "McCullough, Box 2038 S, Melbourne, New Zealand 1725, Australia 1721, England 1676, Scotland 1657, Wales 1597, Ireland 1595. Rogers."

The event has proved an unlucky one for Australia. Last year, 1953, Australia lost to England by the narrow margin of 5 points, when points scoring was in vogue.

COLAC (V.), 26/6/54.—Weather conditions: fine and calm. R. Boylan was the outstanding shooter at the Colac Gun Club on Saturday. He won the main event with a clean score of 20/20 and shot a break of 30 straight. But for one clay sparrow he would have completed the full programme without a miss. A. Hay also shot well to win the second trophy event outright. Twenty-six shooters attended, visitors having travelled from Geelong, Sheldford, Inverleigh and Camperdown. A feature of the day was the number of young shooters trying out the sport for the first time.

Main results: Event 1, 5-bird D.B. Sweep: div. R. Boyd, C. Romeo, R. Bath, R. Boylan, T. Meek, H. Eldridge, W. Arnold, C. Long, C. Adamson, J. McColl, A. Barker, B. Hickey and J. Hay, all 5/5. In windy conditions we held our anniversary shoot, and it was a great success, visitors coming from all surrounding districts and the city. Many thanks to Geo. Biggs for his help in refereeing shoot. We were very pleased to see quite a few of the city lads up with us, and just ask those city boys how the wind can blow. The shooting was of a very high standard.

Congratulations to John Brooks and Tom Lucas on obtaining their 50 straight; it is the first time that has been done on our ground. The ladies, as usual, look after the shooters' wants, and as the light was bad, shoot finished 5.15. The stories round the keg were something to be heard to be believed. Once again thanking all who helped to make the shoot such a grand success.

The S.B. Championship of the Southern Districts of N.S.W. was the principal event of the day, and was won by M. J. Edlington, with E. Glover (Yass) filling 2nd place. The oldest club member, Mr. Geo. Morton, celebrated his 78th birthday by taking part in the shoot, and was unlucky not taking a trophy. The catering carried out by the ladies, under Mrs. Edlington, was, as usual, a feature of the day and appreciated by all.

Spectators were treated to some excellent shooting, especially in the shoot-off between the six that had scored 14/15. R. Blackwell dropped his 15th bird, then went on to score 23/25. The winner, R. Smith, a recent addition to the Clay Busters' Ranks, looks like being a threat to the Back Markers very soon. Alan Mansell scored well, claiming 43/35 and 2nd placing. J. Veal, a newcomer, did really well, 33/35, and 3rd prize. Alan Robinson of Pakenham, a beginner, showed how it was done by grassing 25/30 for the Front Markers prize.

Good muster of shooters, all keen to win the Ultra Trophy, a case of 500 cartridges, which was ably won by W. J. Doyle (Quambatook) after a shoot-off with A. H. Brenk, going to 27/27. Then there was a keen shoot-off between the six who scored 19/20; this was taken by W. Bray, 37/38. Doyle shot like a veteran and never looked like dropping a bird, and I am sure we will hear a lot more of his deeds with the gun before long. The President made him an honorary member for the day. Owing to large number of shooters and short day, only two events were put through.

GUN GOSSIP

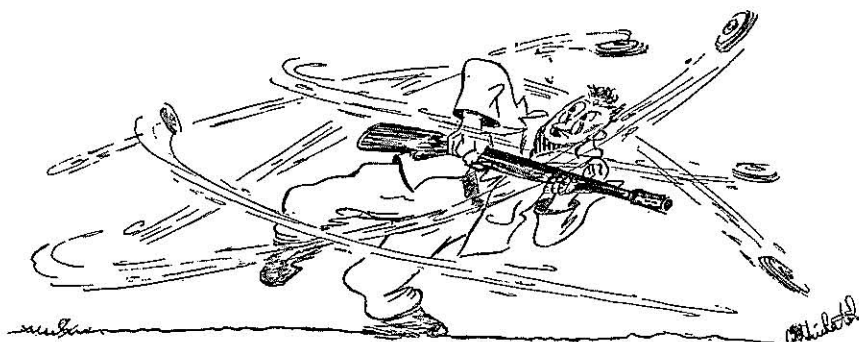

(By "North Country" in Shooting Times, England)

A Turkish friend has written regarding a shoot on the Maritza, in which he was accompanied by his youngest son and cousin. And this is a part of what he says: "The first day was a disappointing one, I bagged 11 geese, 59 duck, one curlew, one redshank. Total for three guns, 32 geese, 115 duck, two curlew, three various." My comment here is that this was regarded as disappointing! But here comes a really wonderful day: "The next day I was luckier, at last breaking my duck record. I got 203 duck, my cousin 85, my son 74—so we had 262 between us. The ghillies also gathered 14 more. My bag consisted of 99 mallard, six pintail, 98 teal, but the funny fact was that I had 19 mallard to 80 wild duck." This is indeed a wonderful bag and my friend deserves the highest congratulations. Though he shoots in some of the finest wildfowling country in the world and enjoys opportunities which few could hope to enjoy, he has, I happen to know, to work hard for his bag.

Writing of the load used in making this bag, he tells me that he fired 1½ oz. of No. 4 shot and never before used such a powerful combination. Nor was he tired at all at the end

of the day! Which indicates that he is a very fit man, seeing that the firing of several hundreds of cartridges carrying this heavy load is a very different matter from the firing of a standard-load cartridge. Try firing half-a-thousand magnum 3 in. cartridges in a few hours and see how you feel! The total bag to three guns for this trip was 34 geese, 602 duck, eight various. My friend's share was 12 geese, 313 duck, five various—330 head.

To give a bit of a picture of the actual conditions, my friend says that the ground was quite dry and that had he gone after geese alone, he could easily have gathered 60 or 70, perhaps even a hundred in a day. And owing to the fact that the farmers had been shooting all over this ground, the birds were flying pretty high. So this was clearly no case of easy shooting, but real sporting work. There was no rush and hectic firing like in Egypt and India, but a steady stream of birds all day long. This is my friend's final remark: "This sort of shooting improves one's marksmanship and the best birds I remember on my record day were the six last ones I got in the evening flight."

out further attention—apart from chance breakages. That is to say, unless used under salt-water conditions.

With regard to the question of safety, any kind of magazine gun needs to be carefully treated. It is very easy to THINK it to be empty, but to FIND that, after all, there was one cartridge left in the magazine. However, if this is continually borne in mind and the "open breech" rule adhered to, there is no reason at all why a self-loader or repeater should not be as safe in use as any other sort of gun.

With most types, when climbing over fences, etc., the breech can be opened, the chambered cartridge ejected into the free hand, and the remaining cartridges left in the gun—which will now be in the same state of safety as a double with the breech open but the cartridge left in. The breech should be left fully open while the obstacle is negotiated. When it is needed to ready the gun for action, again the breech can be closed, chambering the next magazine cartridge, and the cartridge that was ejected replaced in the magazine. During the time that the breech is open the cartridge that is "next coming up" will not be tipped out and lost if care is taken. The Browning self-loader, by the way, has a magazine cut-off which retains the cart-

ridges in the magazine for just such an operation. If this is made use of there is no cartridge in the "coming up" stage, and once the chambered cartridge has been ejected, all the rest are locked in the magazine. When the gun is re-loaded, however, it must be remembered again to release the magazine cartridges or the user will get a disappointment.

If the gun is to be let out of the user's hands, it should, of course, be completely unloaded and left with the breech open.

For any normal kind of shooting, it is seldom an advantage to load the gun with more than three cartridges at any time. In America the Federal Migratory Bird Law has made it necessary to reduce the magazine capacity so that the gun will only fire three shots without re-loading. This can be done in the case of existing five-shot models by fitting a simple magazine stop.

To sum up, while most of us would agree that a good British-made double is by far the best thing for game shooting, there is no need for us to look on the repeater as anathema.

Incidentally, it will give some indication of the popularity of repeaters in foreign countries when it is realised that there have been over a million each of the Winchester Models "97" and "12" sold.
