EDITOR RETIRES

I should like to advise all of our shooters throughout Australia that after thirty years of looking after us (beginning in an honorary capacity) and up until six years ago, notwithstanding publication of "Shooters' News", in a part-time capacity, Mr. McCullough has decided to retire in December.

I am sure that all shooters will join the Executive Committee in wishing Bill and his wife Anne a very well-deserved holiday and good health in the years to come.

Bill has been kind enough to publish some of the highlights of these years elsewhere.

*J. M. TYQUIN,
President, A.C.T.A.*

SECRETARY/EDITOR BIDS ADIEU

"The Winds of Change" have arrived, and with the publication of the December edition of "News" the Secretary/Editor of A.C.T.A. "News" will retire from the dual offices.

It would seem timely at this juncture to review in brief detail some significant factors which have punctuated the years of effort to further the interests of the now International pastime of clay pigeon shooting, the A.C.T.A. and adherent shooters generally.

My connection with the sport of trapshooting had its initial intro-

duction way back in 1927 during the last £5,000 Handicap conducted by the now non-operative Melbourne Gun Club. It was during or about this period that I was asked to accept the secretaryship of the now long defunct Melbourne Clay Target Club. This club functioned for a year or two on the No. 2 ground at Tottenham, and I can well remember the late Mr. Donald Mackintosh officially opening the club. He was then at the veteran stage and, sure enough, he missed the initial target. However, some of the shooters present were not convinced that he had completely missed the target and on searching the ground, picked up the actual target with a hole right through the centre. The

target material of those days was not up to the quality of today and it was not infrequent to pick up targets carrying more than one hole, yet the target remained unbroken.

The Nobel Clay Target Club — the mother club of all clay target shooting clubs — was at this time functioning in a large quarry at West Footscray. Later the Nobel Company, which, of course, later became the great I.C.I.A.N.Z. Limited, took an interest in the Nobel Club and put down tracks for the club at ground level.

About this time the Victorian Clay Target Association came into being under the secretaryship of Colonel C. W. Thompson, a retired military officer. This Association, although not very strong, was nevertheless the origin of properly organised and correctly administered clay pigeon shooting in Australia. Colonel Thompson found the task of administering the Association something of a hazard and requested the Chairman of the day, H. G. James, to arrange for the appointment of a new Secretary. Hence my development into the administering office.

At a meeting of the old Victorian Clay Target Association in the mid-1930's Colonel Thompson relinquished his position and the writer took over. I can vividly remember, when being called upon to respond to my appointment, saying, in all humility, that "I would do my best." This declaration has been the standard to which the writer has at all times aspired throughout the 30 years which the appointment has lasted. An appointment, I might mention, which has never been opposed either officially or unofficially within the knowledge of those who really know.

From the outset the going was anything but easy. I took over a bank balance of approximately £10, plus a few shillings, three affiliated clubs and about 55 registered financial shooters. Money was by no means plentiful and I can recall on many occasions delivering the notices for a meeting by hand in order to save the postage, then about 1½d!

As the Association began to find its feet its name was changed to the Australian Clay Pigeon Trapshooting

Association — something of a mouthful, but a name which really meant what the Association represented. Having taken on a "National" name, it was decided to invite clubs outside Victoria to become affiliated with the Association. The response was most encouraging. Among the first clubs outside Victoria to become affiliated were the St. George Club in southwestern Queensland, the Townsville Club in northern Queensland, the Barendsen Club in southern New South Wales, and the Northern Gun Club (later the Tasmanian Gun Club) at Launceston (Tasmania). Development continued rapidly until just prior to the outbreak of the 1939-45 war the Association had reached the total number of over 300 affiliated clubs. With the advent of war, the sport dropped away until only five clubs were left on the roll of the Association when the war ceased in 1945.

Another big development in 1938 was the acceptance of Australia into the International Match against England, Ireland, Scotland and Wales. This development was arranged by the late Harry Rogers, who was the foundation Secretary of the English Clay Pigeon Association. When Australia first applied to be allowed to shoot "Internationally" the reserve for which the Home Countries were noted for at that time became very apparent, and the first application was not accepted. The late Harry Rogers sponsored the second Australian application, and late in 1938 it was successful and Australia fielded its first International Team in 1939. Its score was only equal to fourth placing in front of Ireland. Australia has improved greatly in International status since that time and has won the annual International Match at least seven times, and been runner-up on a number of occasions. Since then South Africa, Central Africa, Canada and New Zealand have been accepted into the competition. The late Mr. Donald Mackintosh, who later became the Association's first Patron, presented the International Cup for annual competition, and this is now competed for every year.

Another significant development took place in 1947. The daily newspapers, and also the weekly sheets, were not favourably disposed to providing space for clay target shooting

results — any more than they are today, although today the position is probably worse than it was in 1947. In view of this the Executive Committee of the day, under the Presidency of J. M. ("Jock") Wilson, decided to publish a "bulletin". This was to be of 8 pages and contain only shoot results. This situation did not last very long. The popularity of the publication quickly became apparent, both to registered shooters and advertisers generally. As recently as September last the publication for that month in pages exceeded 120 pages, and doubtless will grow further in stature and appreciation. The publication is issued free to every registered shooter, and this feature has done much to popularise the publication's expansion.

By this time the Association name had again been changed to its present title, "The Australian Clay Target Association". Many uninformed people considered that "clay pigeon shooting" had a background of live bird shooting, hence the new name.

The last bank balances submitted to the A.C.T.A. Executive Committee in October showed that the Association had a combined balance of approximately £8,000 — a big jump from the small amount of £10 with which we commenced operations.

As this will be my last essay on the sport and the Association, I would very much like to thank all those who have in any way assisted me in the development of the sport and the Association. There are far too many to individualise, but it would seem not out of place to extend special thanks to I.C.I.A.N.Z. Limited for that Company's long sustained and worthy support both in cash and kind over the three decades which I have had the honour of serving the sport and the Association. Without this support it would not always have been possible to function satisfactorily.

Finally I would like to pay a tribute to my wife, whose co-operative assistance, enthusiasm and understanding has done much to lighten the burden in the long years of endeavour to further the interests of the Association and shooters.

The time has arrived and I now say "Farewell" and trust the sport

and the Association will continue to progress under my successor, Mr. C. M. Berry.

W. McCULLOUGH,
Secretary/Editor.

SEASONAL GREETINGS. The President, Executive Committee and all officers of the A.C.T.A. officially extend Seasonal Greetings to all registered shooters and affiliated clubs throughout the Commonwealth and Mandated Territories. All express the hope that the sport will continue to prosper and shooters generally will enjoy shooting to the full.

1966 OPEN CHAMPIONSHIPS. The official allocation for the 1966 Open Championships as allocated by the Executive Committee at its recent meeting is published in this issue. The Official Allocation as printed should be accepted by all interested. No further advice in this regard will be issued.

A.C.T.A. EXECUTIVE COMMITTEE MEETING. National Championships 1966. Intending competitors are reminded that the 1966 National Championships and International series will take place on the grounds of the Royal Aero Club at Bankstown (Sydney) from March 12 to March 16, both dates inclusive. The programme has been changed to some extent and the series will open with the Champion of Champions Cup and the National Double-rise Championship. The second day, Sunday, March 13, will be reserved for the National double-barrel title, with which will be shot the A.C.T.A. Intermediate Championship. The third day has been reserved for the National single-barrel title. £100 Handicaps will be included each day whenever time permits.

A new departure has been arranged for the fourth day when the Australia-New Zealand event, which was formerly just an ordinary event, has now been elevated to a Championship and will therefore be known as the Australia-New Zealand Championship. On the same day the Australia-New Zealand Teams' Match will be decided, but as a separate event and not in conjunction with the title contest.

The 20th International Match will be held on the final and fifth day, with the Grand Australian Handicap concluding the programme. This latter event will be of £275, with the moderate nomination of £4. It is advised that in all other events other nominations have been slightly increased, by 10/- each event.

All shooters and New Zealand visitors will be entertained on Saturday evening, March 12, at a special buffet tea for the moderate fee of 20/-; this will include refreshments.

It has been decided to appoint eight referees for the conduct of the shoot, and these officials will operate one hour on and one hour off. This departure should make for very efficient refereeing. Those desirous of being included in the Referee Panel for the shoot are requested to advise the A.C.T.A. Secretary as soon as possible.

Double-Rise Call. The Committee has instructed that the call in double-rise shooting must now be 0 1 or 11. In the past it has been found that a varying style of calling has been in vogue, and the Committee is most anxious that uniformity should be attained in this matter.

Travel Agent. T.A.A. has been appointed Travel Agent for the shoot.

Handicapping. Yard Forward. All are notified that the system of bringing shooters forward one yard on previous handicap when renewing registration has been dispensed with and will not operate in future. Also, in future, once a shooter has attained a handicap of 16 yards, on merit, he cannot be re-handicapped forward of 16 yards again.

1966 Annual Meeting. The A.C.T.A. 1966 Annual Meeting will be held in the clubrooms of the Royal Aero Club at Bankstown, N.S.W., on Sunday night, March 13, 1966.

Interstate Teams' Match. It was advised that the 1965 Interstate Teams' Match was won by the New South Wales Team with a score of 493/500.

Interstate Skeet Teams' Match. Despite the poor response to this event in 1965, it was decided to continue the event for a further year, with the time extended from January to September 30, 1966.

Recognition of 27-yard Shooters. All shooters who have, at any time, reached the maximum handicap mark of 27 yards will be officially recognised by the issue of a special "27-yard Badge". Those entitled to this award are requested to lodge their application for one of these badges with the A.C.T.A. Secretary as soon as possible.

APPOINTMENT OF ADMINISTRATOR. Mr. C. A. M. Berry has been appointed Administrator to the A.C.T.A. as from the retirement of the present Secretary/Editor. Mr. Berry took up his duties on October 25.

NOMINATIONS. Clubs are again reminded that the closing date for nominations for all offices in the Association close at 5 p.m. on Friday, December 31. All nominations must reach the A.C.T.A. Secretary, Box 2038 S, G.P.O., Melbourne, C.I., on or before date and time indicated. Any clubs desirous of obtaining an official nomination form may do so by applying to the A.C.T.A. Secretary.

1966 ASSOCIATION DUES. Shooters and clubs are reminded that payments for the 1966 season are due on 1/1/1966. Club affiliation is £5 and shooter's registration is 30/-. Registration cards will be issued immediately on receipt of registration payments.

An interesting story emerges from U.S.A. regarding the late Frank Stoop, a one-time President of the A.T.A. in that country. It appears Frank and two friends were out in the field game shooting. A young farm boy was following them around, and Frank was grassing his birds with every shot. A covey of part-ridges flushed past wild and fast. Frank, using a pump gun, opened up and killed four birds. This was too much for the boy, so he walked up to Frank and said, "Who the hell are you, anyway?" One of the men with Frank suggested a bet that he would not kill the limit (10 birds). Frank replied, "I'll bet you 20.00 dollars that I kill the ten birds with ten shots." Frank won the bet; he went on to stop all ten birds with only 10 single-barrel attempts. The Hungarian part-ridges referred to are considered to be the fastest of game birds. Frank was apparently some shooter.

Office-bearers of the Warrnambool Gun Club in western Victoria, elected at the club's recent annual meeting, are: President, M. Holloway; Vice-Presidents, A. McSween, H. C. Durbidge; Secretary, R. C. The club will conduct a shoot on New Year's Day on the local grounds. This shoot caters for many shooters who visit the Warrnambool area and its famous beaches for the holiday period. The big event of the day is a £75 Trophy shoot at 20 targets. Three yardage awards are included. A cash handicap will follow this event. Programme is advertised. Enquiries to club Secretary, R. C. (Tony) Kenneally, 8

Anderson Street, South Warrnambool, Vic.

Some time back in U.S.A. a gun club advertised a "Wives' Appreciation Shoot". The programme indicated that the prizes would total 1,000 dollars, with "guaranteed prizes and no strings attached". The first four prizes allocated on the programme were: first, milk stole valued at 525 dollars; second, diamond ring valued at 250 dollars; third, ladies' watch, and fourth, kitchen T.V. The programme concludes with the following expression, "Capacity crowd expected".

In an English report the speed of swallows was tested by arrangement with some Italian enthusiasts near Milan. It was found that two hen birds, taken from their broods and released at a given hour, were back on their nests in 13 minutes. The calculated rate of speed was 87½ miles per hour. Watching the graceful movement of the swallow, one would be excused for thinking the birds were actually travelling faster than the speed indicated.

Buffaloes, like ordinary cattle, have hollow, permanent horns. Deer antlers are solid and are shed each year. Antelope shed the outer sheaths from the permanent cores.

Shooting will start at 1 p.m. Main day events are the Mid-Murray Double-barrel Championship, which will be followed by the similar single-barrel title. The night section of the programme will commence at 8.15 p.m., and the chief interest at night will be the deciding of the Mid-Murray night double-barrel title. A high-gun award will be made over events 2, 4, 6 and 7. Shooters are reminded also that the club will stage the Mid-Murray night S.B. title on February 12 and the Grape Harvest Night novelty shoot on March 12. Programme is as advertised. OUT OF THE PAST

Twenty-five Years Ago

R. W. Grossman and S. J. Kneebone, both of Wangaratta, defeated a first-class field in the Victorian Deauville Doubles Championship of 1940 when the event was shot at Seymour. They defeated J. Bryant-Fred Burns combination after a tie shoot. Later on in the same programme Grossman was runner-up to one-time Seymour shooter, Pat Reid, in the Goulburn Valley Double-barrel Championship. The late Ted Parow was third.

In December 1940 Harry Waight completed an interesting treble when he won the Victorian Skeet Cham-

pionship on the Coburg grounds. He had previously won the Commonwealth Skeet title and also the Metropolitan Skeet Championships in the same year.

The now defunct Victorian Ladies' Clay Target Club held one of their few programmes before ceasing operations. A 10 birder, under single-barrel conditions, using 20 - gauge guns, was won by Mrs. Munro of St. Kilda, 10/15. Miss Browne was second, 9/15, and Miss Olhom third, 8/15. A special-break trophy went to Miss Olholm, five straight.

Fifteen Years Ago

Jack Headland, a one-time member of the Executive Committee of the A.C.T.A., was in brilliant form at a Coburg shoot. Headland divided the opening event on the programme and then went on to confidently win the club's single-barrel championship with the only possible in the event.

The Camberwell Club, which has now removed to Lilydale and is known as the Lilydale Club, staged an auto and driven championship, and this resulted in an outright win by Jack Bryant from the redoubtable and versatile champion, Roy Johns.

Ten Years Ago

About this period in 1955 the Little Bool Duck Shooters' Gun Club at Naracoorte, S.A., registered no less than 56 shooters in one application to the A.C.T.A. This figure was a record and still stands. Strangely, the Little Bool Club is now non-existent, its place having been taken up, no doubt, by the recent development and formation of the Naracoorte Gun Club.

What was termed "The Clay Busters' Ballad" was sung with enthusiasm by members of the International Teams of the British Isles during the 1955 International series. The composition of the Ballad is credited to the Irish Team. The Ballad:

"England, Wales and Scotland,

Old Ireland, to be sure,
In the *Antipodes* scores are higher,
But — so is the temperature."

The English commentary on the foregoing was, "In these Islands we can sing those words with great feeling."

The Victorian Western District Deauville Doubles Championship of 1955 was won at Colac Club by Ray Bath (who is now Secretary of the Cressy Club, V.) and Syd. East of Geelong.

At Mangoplah G. H. Bell won the Mangoplah (N.S.W.) Championship under double-barrel conditions, 45/45; Ray Hall of Wagga was second, and Terry Wilkinson third.

it's a beaut!

A shooter, once having attained the mark of 16 yards, on merit, cannot be handicapped in front of that mark again.

INWARD MOVEMENT

Shooters who compete and shoot right through four consecutive **FULL PROGRAMMES ON THEIR HANDICAP MARKS**, and receive no trophy or division of any description, may be recommended by Club Secretaries (except in case where the shooter concerned is the Secretary, then the President or Club Handicapper) **ONLY**, for inward movement, if proof can be provided that the shooter is over-handicapped. Such recommendations must be accompanied by fullest details on the Official Handicap Return Form. No recommendation of more than one (1) yard on each recommendation, unless the shooter is suffering from some physical disability, will be accepted.

Recommendations from individuals or personal requests will not be entertained — by order of the Executive Committee.

GENERAL

Club Presidents and Secretaries are instructed that during any shoot, the management must immediately re-handicap each and every shooter who, for any of the reasons prescribed in the A.C.T.A. Handicapping Formula, qualifies for backward movement off his handicap. Such adjustments are to strictly comply with the Formula. No shooter is to be permitted to compete in another event should he refuse to accept his new mark. Handicap cards and relevant details concerning on-the-spot adjustments are to be forwarded, within two days, to the A.C.T.A. official Handicapper for ratification. Should the shooter ignore his latest handicap, irrespective of mark shown in "News", he will be penalised a further yard if he shoots inside his latest handicap.

Only the Association Handicapper has authority to amend shooters' Handicap Cards. Cards should be posted direct to the Association for handicap amendment immediately such amendment is recommended (or notification appears in "News"), together with Handicap Return Form, clearly outlining the reason for the amendment of Handicap. Club managements will NOT alter a shooter's card.

Club managements have the right to re-handicap any obviously under-handicapped shooter immediately, providing the Association is notified within TWO DAYS and the reason given on a Handicap Return Form. If these details are not completed, such handicap movement cannot be ratified.

Handicap Cards and all relevant details concerning on-the-spot adjustments, to be collected by club Secretaries, are to be forwarded, within (2) days, to the Official Handicapper

at the A.C.T.A. office for confirmation and notation.

Clubs when registering a shooter for the first time must clearly indicate whether the shooter is a complete novice gun handler, or has had field or other experience, before a 12-yard mark can be approved. Failure to provide this information will result in the shooter being placed on 16 yds.

No handicaps are assessed on Deauville Doubles, double-rise, walk-up, mixed birds and other novelty contests.

Club managements are informed that a Handicap Return must accompany every result sheet forwarded to the A.C.T.A. and same is required to reach the A.C.T.A. office within SEVEN DAYS of each shoot being held. (Handicap Return Forms are available on application to the A.C.T.A., Box 2038 S, G.P.O., Melbourne, C.1.)

## TEN HINTS ON HOW TO SHOOT

(By the late Donald Mackintosh, first Patron of the A.C.T.A.)

To be a marksman tried and true,  
We need Dame Nature's spark,  
No royal road for me or you  
To learn to hit the mark.  
Your gun must suit you like a glove  
To be a perfect fit,  
Not hang below or mount above  
The mark you are to hit.  
Some hold her like a billiard cue,  
But think this over twice,  
And hold her firm — I always do —  
With both hands like a vice.  
Firm on both feet, I will repeat,  
And here I'm in the know;  
The other man — the also-ran —  
May pivot on one toe.  
I shoot with both eyes open wide,  
No other way inclined;  
Skyline and landscape all a guide  
To help the shooting mind.

But, if your left's the master eye,  
Then do as crack shots do,  
And shut it up — the reason why?  
One's better than two.  
To get a fast bird on the wing  
It's ever clear to me  
You must not shoot where that bird is,  
But where the bird will be.  
Yet focus every bird for lead,  
For distance and for pace,  
And like the rifleman, your bead,  
Unfocussed, finds its place.  
Not half a second for your aim,  
Yet in that time be wise  
For distance, speed and kind of game,  
Wind, angle, light and size.  
You've got to calculate the lot,  
Together, not in turn,  
And, when you've fired your final shot,  
There's something still to learn.

# the alibi card

(By "GUNSMOKE")

- WEATHER** — Too hot, too cold, too wet, too windy, too dark, too bright.
- PULLING** — Too slow, too fast, too nervous, forgot to call.
- TARGETS** — Made of wood, drew wrong lane, too low, too high.
- HANDICAPS** — I'm so far back I don't have to leave the Clubhouse to shoot. My gun is too tight for a front-marker.
- GUN FIT** — Too much cast-off, too much cast-on, too high in comb, stock needs twisting. I need a kick pad, front sight too small (or too large), trigger pull too heavy, don't like 28" barrels (space here for any of another fifty good and sound reasons why my gun is wrong).
- REFEREE** — Blind. Got a piece and he didn't see it. Doesn't like me.
- BACKGROUND** — Target disappeared into a cloud. Too many trees. Too glary.
- INSECTS** — Flies get on my barrel, in my eyes, in my ears, butterflies in my tummy.
- MISCELLANEOUS** — I froze on the trigger, lack of sleep, sore feet. Head-ache (this one is permanently reserved for "Gun-smoke"), I shot better at practice, I'm really a skeet shooter, my gun kicks, cartridges don't suit my gun, crease in my jacket upsets me, forgot my shooting glasses, too many things on my mind, don't like shooting beside that guy in the next lane.
- FINAL ANALYSIS** — I'm not nearly as good as I should be, I'm not nearly as good as I thought I was, I'm well below average as a shooter; When I do hit them I don't know how the blazes it happened.

## Gun Gossip

**BOLT-ACTION  
ADVANTAGES**

On any sound teleological principles, it could surely be shown that the bolt-action rifle represents the highest all-round achievement in fire-arm design. Its strength, simplicity and safety; its adaptability to the most diverse and exacting duties; the comparative ease and cheapness with which it can be produced; and its unique inheritance of minor advantages free from countervailing snags puts it in a class by itself. It is indeed a world-beater.

In the field of shotguns, almost the same total merit could be claimed for the conventional, side-by-side, drop-down gun — but with this important exception: that bolt-action rifles of

the highest quality can be produced almost entirely by machine production methods; whereas shotguns of corresponding quality make heavy demands on very highly skilled, and correspondingly scarce and costly, hand craftsmanship.

In view of the difficulty accordingly surrounding the production of such guns nowadays, much thought has been given to ways in which their manufacture might be relieved of its dependence on hand-work. We have, of course, long had bolt-action shotguns, but these are single-barrelled weapons, and because of the cheapness with which they can be produced, they are reserved and tailored for a

cut-price market. Even so, they reveal several of the innate advantages of the bolt-action principle, including the incorporation of the breech-locking, percussion and ejector systems in a single, instantly removable bolt, a favourable disposition of weight, making for good balance, and an attractive simplicity of outline. It would, in fact, be easy to build a really high-class, single-barrelled shotgun on a bolt action. But world-demand for non-repeating shotguns is overwhelming for the double-barrelled kind, and a double-barrelled bolt-action is unthinkable, save as a rare freak.

### A case of incognito

And yet, is it? I am inclined to think, on reflection, that such a gun has, in fact, been invented — further, that it has been in production in a comparatively big way, by several firms, and for many years, and that it has achieved a large measure of success. I am referring to the French sliding-breech gun, which, without violence to any system of firearms classification, can be regarded as a bolt-action, travelling incognito.

There is no suggestion, so far as I am aware, that when, in 1894, Regis Darne produced his remarkable double gun with the mobile breech, he was in any way inspired by, or seeking to imitate, the bolt-action. On the contrary, I believe he was seeking to remedy what he wrongly conceived to be a fundamental weakness of the drop-down gun. If so, it would not be the first case of a man looking for one thing and finding another. Darne is extensively on the record as having believed that the force of the explosion in a drop-down gun is chiefly resisted by the under-barrel bolt, whereas, in fact, it is chiefly resisted by the solid, standing breech . . . to such an extent, indeed, that one of these guns can be safely fired without any bolt at all, provided it is held firmly closed by the hands, or even by a couple of turns of cellophane tape, as in one of my own experiments.

Darne nevertheless produced a gun with some notable merits, of special and increasing significance at the present time. His gun has a sliding

breech which, apart from embellishment, can be produced almost entirely by precision machinery. Moreover, this breech contains the percussion, ejection, breech-locking and safety systems — all of the greatest simplicity, and all capable of being instantly withdrawn for drying-out, cleaning, lubrication and repair, or for rendering the weapon useless to a thief. The resemblance to the regular bolt-action in all this is unmistakable. In fact, if Darne had elected to operate his breech-locking arrangements by a bolt handle, as he could well have done, instead of by his more elegant sunk lever (not very nice to open, but delightful to close), his gun would have taken its place quite naturally among the bolt-action weapons.

### Impressive points

For the rest, things fell out very much Darne's way—but not entirely. If they had, he might conceivably have achieved his ambition of superseding the drop-down gun. Still, his invention has an impressive number of good points, which should appreciate in relative value under present-day conditions. His action bar, on which the breech slides, is producible entirely by machinery, and can be of practically unlimited strength. The general disposition of weight is highly advantageous, and admits of admirable balance, while the requirements of elegance and beauty have never been better served.

So although, even in France, the sliding-breech gun is no more than the choice of an enthusiastic minority, it has the special significance, in my view, of being the only design of sporting gun likely to preserve the essential qualities of the fine, "hand-made" guns of the past right into the machine age. I would like to see some firms buying the actions, as they do the Mauser rifle actions, and making up an English version, if only as a hedge against the repeaters. But before it could be a success, the public would need more education than they have so far received in the special merits of this fascinating weapon.

# IMPROVE YOUR SCORE WITH A NEW

## *Stirling Miroku* **BROAD RIB** $\frac{0}{U}$

You yell "Pull!" You swing the gun up smoothly, leading the high one until your shot smashes the clay target cleanly.

### Perfect Shooting!

So easy with a Stirling Miroku Over and Under. There's a feeling of excitement in the fine balance, the easy swing, the ready response of these guns. So many things about them will make fanatics out of casual clay shooters.

Finger the carefully wrought scroll engraving, the finely polished blued metal, the superb walnut stock.

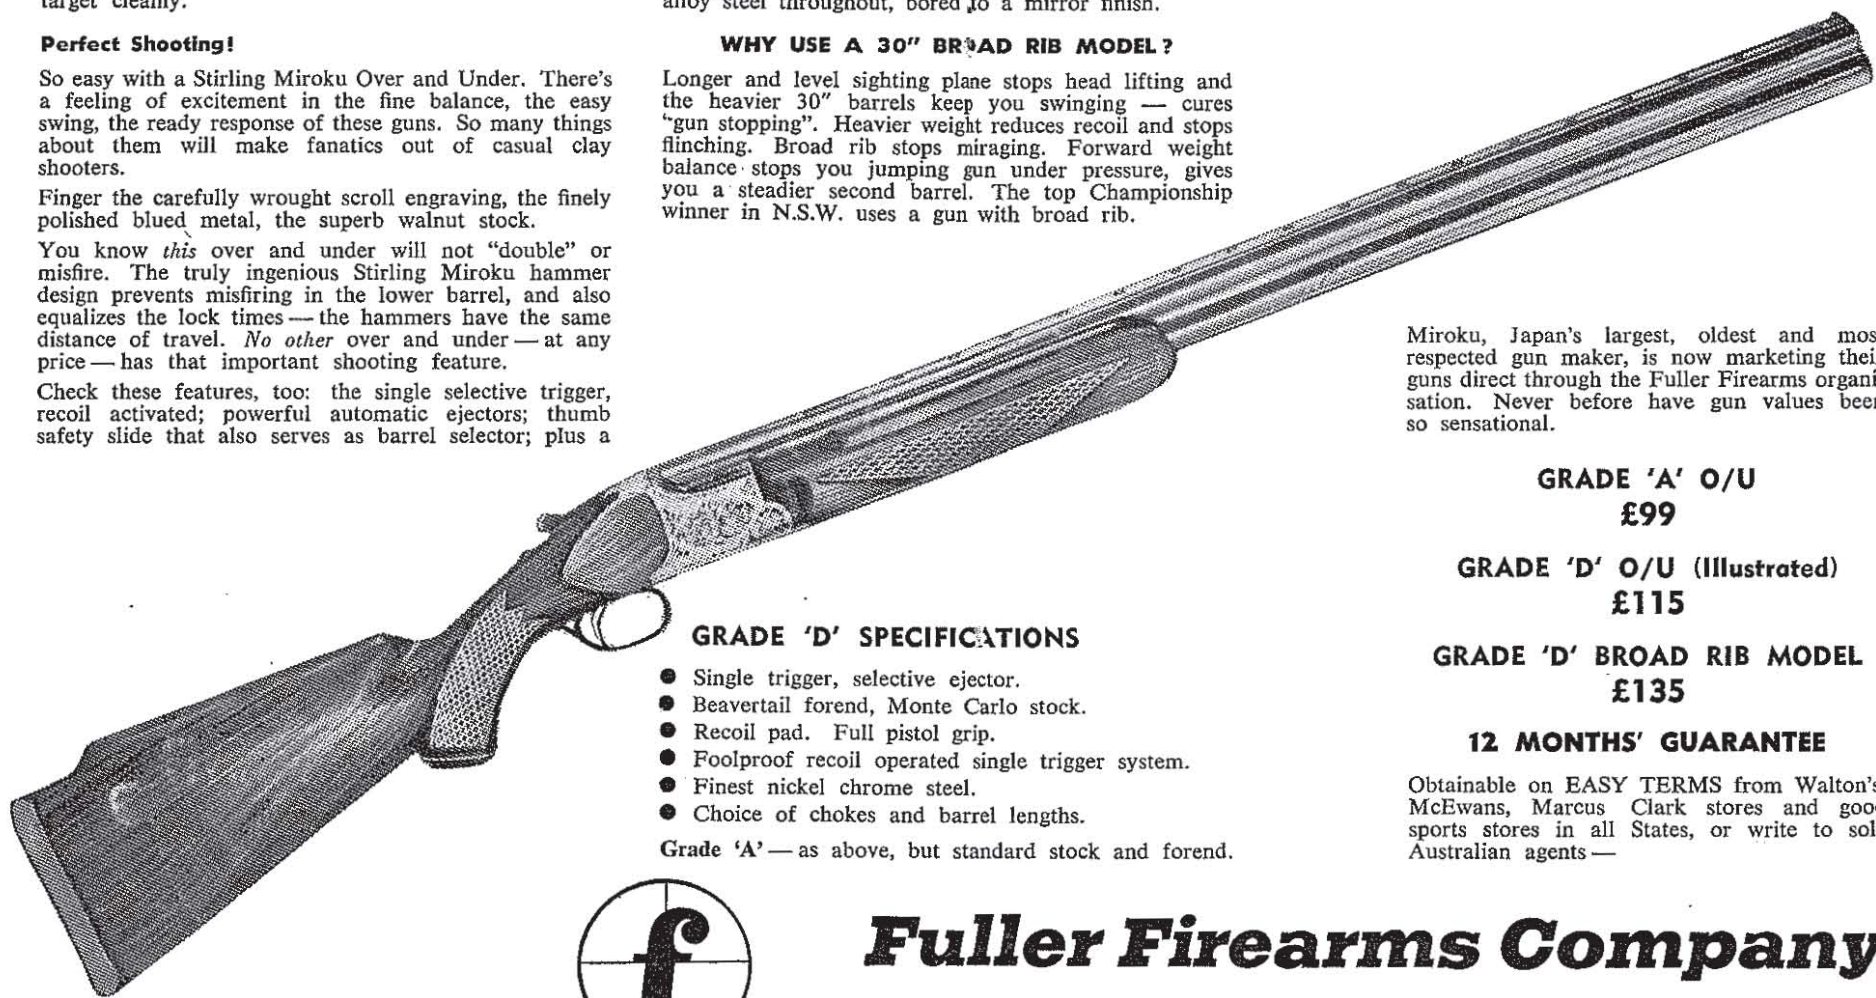

You know *this* over and under will not "double" or misfire. The truly ingenious Stirling Miroku hammer design prevents misfiring in the lower barrel, and also equalizes the lock times—the hammers have the same distance of travel. *No other* over and under—at any price—has that important shooting feature.

Check these features, too: the single selective trigger, recoil activated; powerful automatic ejectors; thumb safety slide that also serves as barrel selector; plus a

tapered, ventilated rib for instant sighting. The barrels are not merely chrome plated; they are nickel-chromium alloy steel throughout, bored to a mirror finish.

### WHY USE A 30" BROAD RIB MODEL?

Longer and level sighting plane stops head lifting and the heavier 30" barrels keep you swinging — cures "gun stopping". Heavier weight reduces recoil and stops flinching. Broad rib stops miraging. Forward weight balance stops you jumping gun under pressure, gives you a steadier second barrel. The top Championship winner in N.S.W. uses a gun with broad rib.

Miroku, Japan's largest, oldest and most respected gun maker, is now marketing their guns direct through the Fuller Firearms organisation. Never before have gun values been so sensational.

## **SAFE GUN HANDLING**

Almost every holiday season stories filter through about gun accidents, some fatal, in which practically all could have been avoided by safe gun handling. With the Christmas season coming up, it would seem appropriate to remind potential inexperienced gun handlers of the essential points to remember. The following article outlines some of these points.

Most of them are the result of pure carelessness or ignorance. Never forget that your gun is a lethal weapon and that one thoughtless action may result in tragedy. Not everyone can become a really good shot, but there is no excuse for anyone not being a safe one. If you are not that, you will never be welcome in any shooting party. Safety measures, however, are really quite simple and largely a matter of common-sense. The essential points are as follows, and they soon become second nature:

Never have your gun loaded except when expecting game, and whether loaded or unloaded, never let it point in the direction of anyone or at any living thing except your intended quarry. Even when game can be expected, you must unload before you attempt to climb over a gate or fence, cross a stile, get through a hedge, or jump a ditch. It is not enough that the safety catch of your gun is at safe, for it should always be at safe except when you raise it to shoot.

During intervals of shooting, when your gun is unloaded, it is preferable to leave it open — broken is the usual term — so that all may see that it is, in fact, unloaded. That is a good rule for everybody, but particularly for beginners who have their reputations for safety to make. When loading and closing the breech, the stock should always be raised to the barrels so that they remain pointing to the ground. If the process is reversed and the barrels raised to the stock, it might result in your gun pointing directly at somebody.

Carry your gun in the crook of your arm with the barrels pointing down to the ground, or on your shoulder with the trigger-guard uppermost so that the barrels point to the sky. If

you reverse its position and there is anyone behind you, it may well be pointing straight at his head — and it is very uncomfortable suddenly to find yourself looking down the barrels of another man's gun.

On entering a car, boat, house or other building, never assume that your gun is unloaded: always check to make sure, and never leave it anywhere if there is the slightest chance of its being knocked over.

In the field, never fire down a line of guns and so endanger those on your left or right. It is not only the man next to you that you have to think of; a man two or three places off may be in just as much danger. Never fire at low, oncoming birds if others are in the possible line of fire, or if you are not certain where they are, and never fire at low birds behind unless you are sure that there are no pickers-up or other persons there.

For your own safety, beware of old guns. Many beginners have their first experience of shooting with a loaned or borrowed gun. As a boy I shot my first rabbits with an ancient hammer gun which belonged to the gardener of the house in which I was staying. There are many very old guns still in use; some are family heirlooms that have been well cared for, but I have come across others that have been sadly neglected, yet if I ventured to suggest to their owners that they were probably out of proof, and should be sent to a gun-maker for overhaul and test, I was usually told that they still shot quite well and it had never occurred to them to have them examined: but a gun should be treated like a car or a watch and overhauled and examined periodically. Never fire modern cartridges in a gun that has not been proved for them.

ALBANY (W.A.), 10/10/65.—Weather conditions: brisk sea breeze. Attendance: 11. Results: 50-bird D.B. Inter-Clubs' Teams' Match: L. R. Chandler, 48/50; D. Webb, 44/50; G. Downer, 44/50, D. Webb winning on a shoot-off.

Bill Chandler, using his new Under & Over, shot consistently to record 48/50 in the 50-bird D.B. Teams' event held at the Albany grounds on Oct. 10.

The tricky wind, coming in off the sea and over the sandhills, has proved the undoing of more than one "name" shooter at this well laid out little course. The birds dip and swing in the wind currents, and Bill's effort was praiseworthy indeed. Albany shooters usually do well when away from home — probably because they get truer birds.

As usual, the ladies provided a lovely afternoon tea.

ALEXANDRA (S.A.), 2/10/65. — Weather conditions: fine. Attendance: good. Results: No. 1, 15 birds: Hutchings, Collins, Ayres, Brown, Mules, Morgan, Cooper, Brook, div. No. 2, £25 H'cap: Hutchings, Jarman, Ayres, Brown, Hunt, P. Caddy, Morgan, Campbell, Gardner, div. No. 3, I.C.I. H'cap: Griffen, Hutchings, Roberts, Ayres, May, Vaughton, R. Caddy, Campbell, Woodrow, J. Caskey, div. No. 4, 10 birds: Griffen, Hutchings, Collins, Pringle, Campbell, Gardner, div.

Weather conditions fine and sunny. Attendance good, with competition keen and the shooters appreciating the ideal conditions. The £25 H'cap was shared by nine shooters. The I.C.I. Trophy was won by J. Caskey, with D. Ayres and J. Hutchings being the place-getters.

The banquet in the evening was thoroughly enjoyed by the shooters and their wives.

3/10/65.—Weather conditions: fine. Attendance: good. Results: No. 1, Woodrow Shield: Adelaide No. 1 won Team shoot; individual winners: D. Brown, C. Hollow, J. Livesey. No. 2, Birthday H'cap: 1st, J. Hutchings, J. Ralston, A. Dawe, div.

Attendance (67) was very good. Results: the Woodrow Shield going to S.A.G.C. No. 1 team (R. Mules, D. Kimber, R. Kimber, P. Mules, S. Ridge). Birthday H'cap: 3 shared equal 1st, J. Hutchings, A. Ralston, S. Dawe.

The High Gun over three major H'caps went to J. Hutchings.

Our congratulations to all winners. Our thanks to all shooters for making this weekend among our best Birthday shoots. Also our thanks to R. Treloar for his job as marshall of the shoot, and the ladies for a fine effort.

(L. C. Yeo, Hon. Sec.)

ALEXANDRA (V.), 2/10/65. — Conditions for the championship shoot were cold and windy; however, 31 shooters were present to contest the various events throughout day and night.

Day. — No. 1, 3 pr. D. Rise: J. Henwood (Croydon), C. McCormack (Mansfield), 3/3 prs., div. No. 2, Nth. Cent. Dist. D. Doubles C'ship: two possibles 20/20, J. Henwood - R. Henwood, A. Drake - R. Hedger, 20/20. A short shoot-off resulted in the father-and-son combination taking top honours, with Ron and Jock 2nd. No. 3, 20-bird £16 H'cap: eight 20/20's, who decided to cut the money evenly.

The team shoot was conducted in conjunction, and a very surprising but pleasing result eventuated, with the Alexandra team taking the honours with an exceptional score of 212/220 over the Croydon boys' tally of 195/220; however, as promised, we will be giving Croydon their chance to retrieve it next year.

Night. — No. 4, 5-bird S.B.: five 5/5's, R. Buchan, W. Henwood (Croydon), S. Singleton (Euroa), G. Cumming (Alex.), G. Innes, div. No. 5, N/C. Dist. S.B. C'ship: two 20/20's, with five tying for 3rd, 19/20. Eventual winner, Bill Henwood, 25/25; 2nd, W. Sheridan, 24/25; 3rd, J. Henwood, 23/24, after a very short shoot-off. The front-markers' trophy was won by K. Hedger, 19/20. No. 6, 10-bird H'cap (for half-case cartridges): ten shot the 10 targets and a shoot-off resulted in D. McGuinness Jnr. and G. Innes splitting the spoils after a lengthy shoot-off, both shooting 33/33.

This event was the last of a very entertaining shoot, and the club is deeply appreciative of the terrific assistance rendered by the Croydon boys and our other visiting friends from Euroa, Mansfield, Melbourne, Marysville and surrounding districts. To complete this report let me express the committee's appreciation of the work done by the very few but willing women as far as looking after the refreshment side of the day.

Also a word of thanks to two of our older members in Messrs. Jack Boote and Bill Sheridan, as, was the case before, their willingness to assist both on the tracks and in the office is invaluable.

(J. F. Boote, Hon. Sec.)

**ALICE SPRINGS (N.T.), 17/10/65.** — Weather conditions: gusty winds. Attendance: 10. Results: No. 1, 5-bird Walk-up: Sutton; 5/5; Tuck, 4/5. No. 2, N.T. Walk-up C'ship: Sutton, 18/20, 1st; Gerussi, 14/20, 2nd; Kittle, 12/20, 3rd. No. 3, 5 prs. D'ville Doubles: Smith - Poduti, Sutton - Dussin, 5/5. No. 4, N.T. D'ville Doubles C'ship: Sutton - Dussin, 22/24, 1st; Jackson - Gerussi, 20/24, 2nd; Smith - Poduti, 14/20, 3rd.

A good day's shooting once again. But Sutton topped the card, and after winning the N.T. Walk-up C'ship he and Dussin won the D'ville Doubles C'ship. Good shooting, Bert.

Thanks, ladies, for the usual excellent afternoon tea.

(E. M. Smith, Hon. Sec.)

High Gun: C. W. Gall.

This was our Annual Visitors' shoot. We were pleased to have Bill and Mick Moyse with us. We again shot for an A Model Browning Under and Over, and congratulate Peter Doyle, who won it outright. Our congratulations also go to Charles Gall for his continued good shooting. To the losers we wish better shooting next time.

All present were very pleased to see veteran shooter Clarrie Lee win the Club D. Rise C'ship for the second year. At this shoot the J. Mulholland Trophy was finalised. Today seven shooters had possible scores from previous occasions. All except G. Lynam, E. Anderson and A. J. Smith "fell by the wayside". Gerrard proved too good in the shoot-off with Eddie taking second trophy. The Club Trophy was a shoot-off between Noel and Neville Smith, with Neville finishing first. Congratulations to all winners.

Stanmore, J. Hulme, M. Lambert, L. Robertson, B. Gordon, G. Craze. No. 2, Trophy: L. Dow, 1st; H. Sim, 2nd; B. Gordon, 3rd. No. 3, 10-bird D.B.: L. Dow, J. Hulme, M. Lambert, B. Gordon, G. Craze, D. L. Dow had a very good day, winning or dividing in every event. Other shooters who showed good form were: B. Gordon, G. Craze, J. Hulme, M. Lambert, all scoring a possible in the 5 and 10-bird shoots.

We had a very pleasing day and a good crowd for a small town. The ground was in good order, and a nice luncheon provided by the ladies. It is very satisfying to see a club progressing and popular such as this one.

(H. G. Grant, Hon. Sec.)

**BARMERA (S.A.), 10/10/65.**—Weather conditions: fine. Attendance: 20. Results: No. 1, 10-bird D.B.: F. Holmes, 2. Moritz, R. Barratt, A. Ralston, D. Bannear, P. Caddy, 10/10, div. Bornholm, 27/28; 3rd, J. Martin, 26/27. No. 5, 5 pair D. Rise: D. Bannear, 10/10.

A pleasant, light-hearted, picnic-type shoot, with some very good shooting by Frank Holmes and Colin Bornholm, not forgetting Doug. Bannear, who got the lot in a 5 pairs Double Rise.

Very pleasing to have Cal. Hollow fly up for the last time before transferring back to Melbourne. We surely will miss you, Cal, but such is progress and we all wish you luck.

(Peter Caddy, Hon. Sec.)

**BARWON HEADS (V.), 16/10/65**—Weather conditions: cool, windy. Attendance: 21. Results: No. 1, 5-bird D.B.: T. Russ, J. J. Hehir, H. Edwards, G. Hall, 9/10, div. No. 2, 10-bird D.B.: L. Winter, 10/10; B. Hart, 18/19; H. Edwards, 17/18. No. 3, 10-bird S.B.: J. Ford, J. J. Hehir, K. Rankin, 10/10, div. No. 4, 10-bird D.B.: H. Edwards, J. Ford, J. McInnis, div.

Although weather conditions were far from ideal, this did not deter the shooters, who, in my opinion as a non-shooting secretary, are a very hardy lot; never a complaint do I hear. With a strong, gusty wind blowing, shooting was not up to the usual standard, but the shooters were very keen to win the lovely fresh crayfish we had as prizes.

As well as local shooters, we had representatives from Melbourne, Sebastopol and Geelong Clubs. Everybody enjoys a day out at Barwon Heads. Afternoon tea was served by Mrs. Edwards, and much appreciated.

(F. Fiddes, Hon. Sec.)

**BENALLA (V.), 9/10/65**—Weather conditions: fine and gusty. Attendance: 25. Results: No. 1, 10-bird S.B. (16 yds.): L. Parkes, D. McGuinness Snr., R. Smith, W. Ford, D. Suter, F. Crawford, R. Lourie, div. No. 2, City of Benalla S.B. C'ship: D. Suter, 1st; F. Crawford, 2nd; M. Lourie, 3rd; 12/18 yds., J. Jones, 14/15 yds., W. Ford. No. 3, 10 birds: G. Sagalettie, M. Lourie, F. Goodman, div. No. 4, 10-bird Novelty: R. Smith, W. Ford, G. Sagalettie, C. Duff, M. Lourie, D. McGuinness Jnr., div.

The first City of Benalla and District S.B. C'ship was held on Saturday, 9/10/65, and

as was expected, was a much sought after prize by the many first-class shooters who attended on the day. A gusty wind gave the clays an unpredictable rise, and only one possible was shot in the C'ship. Don Suter won the event in brilliant style from Fred Crawford and M. Lourie, John Jones taking the 12/13 yd. trophy and Wal. Ford the 14/15 yd. trophy.

All round, an enjoyable day was had by all, an added attraction being a novelty event which separated the men from the boys.

(J. D. Coutts, Hon. Sec.)

**BERRIDALE (N.S.W.), 9/10/65**—Weather conditions: fine and windy. Attendance: 14. Results: No. 1, 10 birds: div. O. Feilen, B. Scanes, T. Hayden, N. Carter, R. Sands, No. 2, 10-bird D.B. Trophy: 1st, B. Scanes, 16/18; 2nd, W. Woodhouse, 15/16; F/M., P. Feilen. No. 3, 5 S.B., 5 D.B. Solomon's Canteen Trophy: 1st, R. Hedger, No. 4, 10-bird Points Trophy: 1st, B. Scanes, 36/36; 2nd, O. Feilen, 35/36; F/M., A. Bookallil. No. 5, 5 pair D. Rise: 1st, R. Sands, 10/10; 2nd, div. B. Scanes, N. Carter, R. Hedger. No. 6, 5 prs. D'ville Doubles: 1st, R. Sands - O. Feilen. No. 7, 10-bird D.B.: div. O. Feilen, R. Sands, W. Woodhouse.

Quite a good day except for a south-easterly wind which would keep the birds varying in height. It made no difference to Barry Scanes, who came out on top by winning both trophy events. The Solomon's Canteen was won by R. Hedger. His is the third name now on this trophy.

Thanks, ladies, for the nice afternoon tea. (Rodger Sands, Hon. Sec.)

**BERRIWILLOCK (V.), Saturday, Oct. 12**, saw the re-opening of the Berriwillock Gun Club, which has been in recess for a number of years. The Eastern Mallee D.B. C'ships, Day and Night, were conducted. A field of 44 shooters took part in the afternoon events, and 45 competed at night.

(Day). — Eastern Mallee D.B. C'ship: 1st, G. Knight, 44/44; 2nd, R. Butler (Horsham), 41/43; 3rd, K. Wise (Hopetoun), 40/43.

(Night). — Eastern Mallee D.B. C'ship: 1st, G. Knight, 28/28; 2nd, T. Casey (Hopetoun), 27/28; 3rd, R. Butler (Horsham), 27/29.

The Mallee Teams C'ship was won by a team from Horsham, with a score of 96/100; second was Berriwillock No. 1, 94/100.

Gilbert Knight put up a very fine performance by shooting through the entire programme without missing a bird, finishing the programme with a fine score of 72/72.

We were very fortunate to have with us for the day a very well-known trap shot in the person of Newton Thomas, who conducted a school for young shooters on the Saturday morning.

Much was learnt by all young and old alike at the way Mr. Thomas explained and demonstrated how a shooter should hold his gun, his body and his feet in the art of clay bird shooting.

Once again a word of thanks to all who helped make this shoot one of the most enjoyable we have ever held.

(Leonie Lord, Sec.)

Another thanks to all the shooters who turned up at our annual open shoot on Monday, 4/10/65, and made the best day the club has had for quite some time.

The gusty wind didn't seem to put many off. Congratulations go to Ron Brady for shooting 40 birds S.B. to win the Points trophy, and to Jim Quigley for shooting 105 to win North-Western Districts C'ship; also finished the day with a break of 122. Eric Saunders took the back-markers' High Gun presented by I.C.I., and G. Gittos took the front-markers' High Gun presented by T. Boyland.

A disappointing crowd for our President's shoot, as he travels all over the State to other clubs. Thanks to the ladies for supplying afternoon tea once again. Congratulations to Eric Commons on winning his first 1st prize; good shooting, Eric.

We were very pleased to have L. Lewis back with us again after his operation.

**COOTAMUNDRA (N.S.W.), 17/10/65.** — Weather conditions: wet, with very strong winds. Attendance: 11. Results: No. 1, 5 birds: K. Oldfield, P. Crisp, div. No. 2, 10-bird D.B.: A. Sheather, P. Crisp, div. No. 3, 10-bird Pts.: T. Johnson. No. 4, 5 S.B., 5 D.B.: J. Thompson. No. 5, 5-bird S. Rise: Clare Pendon. No. 6, 10-bird D.B. H'cap: J. Thompson, Bill Manning.

Conditions were shocking, and so was the shooting, with few possibilities being scored. However, Keith Oldfield and Jim Thompson were able to hit all but three of their birds up to the last event, when they went to see who would take out the monthly High Gun. Keith was able to shoot one more than Jim to take off the trophy, though neither shot the possible in this last event.

Our lady shooter, Clare Pendon, shot both squads out to win the Silent Rise.

(Tom Johnson, Hon. Sec.)

The main event, the Lachlan Valley D.B. Sparrow C'ship, was won by Tom Lawler (Condobolin); Ernie Field of Orange was a little unlucky and had to be content with second; David Thompson (Cootamundra) was third, and L. Lanaryrie (Condobolin) was the best of the front-markers.

The final trophy event was won by a local shooter in Bob Gittos; another local, Doug, Heilman, was second; F/M., David Thompson.

Churchill, 14/15.

Not a big attendance for our October night shoot. Probably the storm clouds and the threat of rain was the cause. However, those present enjoyed themselves and good shooting was witnessed. Three shooters, Ben Churchill, Jack Medway and Robt. Stephenson, shot the possible 15 birds D.B. in the first round of the Geo. Nicholls Trophy. Bill Webster and Roy George scored the possible 15/15 S.B. in the President's and Secretary's trophy. Both are annual events, and are finalised at the Xmas shoot in December.

Roy George topped off a good night's shooting by winning the 10-bird D.B. Sparrow trophy, 15/15, from Robt. Churchill, 2nd, 14/15.

(N. T. Nicholson, Hon. Sec.)

A good attendance and a fine day. Some very good shooting, in which W. Abbott outlasted the field to win, 46/46; Jock Drake missed his 46th bird to run second, and Bill Dalzell third, 34/35. Congratulations to the place-getters, also to Frank Spicer and Les Brown, who won the yardage trophies in this the Club Spring C'ship.

A 15-bird D.B. H'cap followed, and the five shooters who shot the possible decided to share a case of shells which was first prize, and enable the boys to indulge in a few off the fence.

A very good attendance for our annual Charity Shoot for the Monkami Spastic Children, and I wish to take this opportunity to thank every shooter and his family and friends, on behalf of the Croydon Gun Club

Congratulations to all. Roy Johns took the honours and sash in the day 16 yarder, W. The club wishes to thank all shooters who took part in the programme for the wonderful support in nominating for all events. Thanks also to all who assisted in running the shoot, and also to those who assisted at the last minute in preparing the ground for the shoot. We regret that time was against us and forced the cancellation of the N.S.W. Mixed Birds C'ship; however, these are just one of the many things that crop up unexpectedly. The weather left much to be desired, but the committee has no control over the elements, so this year at times we nearly froze. It was the first time that this club has had a full squad of 27-yard shooters nominate in a H'cap event, and we appreciate the support that these back-markers give by nominating.

I feel that after the support received this year that the committee of the club will give a lot of thought to putting on an even better shoot for the Grand Prix 1966.

(Robert Lawson Jnr., Hon. Sec.)

Following the S.B., we held a 10-bird D.B. event from handicap marks, and this was div. Steve Rogers, Max Bell, Jack Murray and Bill Montgomery.

Our next shoot is the Club 1965 Skeet Open and Intermediate Club C'ship. The club has lent its grounds on this day to the local spastic committee to raise funds for this worthy cause, and a barbecue, etc., will be held following the shoot.

**GERALDTON (W.A.), 18/10/65.** — Fifteen shooters contested the Club's S.B. C'ship from 16 yards, under most adverse conditions. The first touch of summer brought a hot, blustery nor'easterly wind which caused the birds to take violent, evasive action.

Eddie Daw was the only shooter to master the situation, and he shot a superb 20 single barrels to take the championship badge and trophy. Four 18/20's shot off for the places, and Jim Boyes prevailed over Alec Wann after they had eliminated Sam Zorino and Graham Bailey of Perth. Three front-markers returned scores of 14/20, and in the resulting shoot-off, Frank Oliveri triumphed over Vic Wann and Chris Russell for the yardage trophy.

Vern Hill was welcomed as a new member from Shark Bay.

Simson, 57/60. During the day Bill Collis shot 102 and Mayne Wilkins 93 straight; they will be recommended for the appropriate breaks.

In order to allow as many shooters as possible to share in each event, the club gave 21 additional yardage prizes as well as the usual trophies and optional sweeps.

HAY (N.S.W.), 23/10/65. — Weather: hot and sultry. Attendance: 30. Results: No. 1, Hay G.C. Cup (20 targets, Ass. H'caps): Maurice Gibson, 1st, 41/41; Max Gibson, 2nd, 40/41, after shoot-off; C. Gibson, 3rd, 29/30, after shoot-off. No. 2, Club D.B. C'ship (off 16 yds.): J. Headon, 1st, 32/32; B. Addison, 2nd, 31/32; R. Carver, 3rd, 29/30, after shoot-off.

Night—"Mitchell Cup" (20 targets off Ass. H'caps): R. Murray, 1st, 39/39; R. Carver, 2nd, 38/39; P. Carver, 3rd, 26/27, after shoot-off.

These events are the premier events of the club during the year, and this year something rather unique happened in the result of the Gun Club Cup. The Gibson family scooped the pool—the winner being the eldest son, out-shooting the father (second), and the youngest of the "elk" in collecting the third place after a shoot-off with G. Williams, Don Mertz and Don Anderson.

In the Club C'ship Jack Headon (President of the club) retained his title by out-shooting Brian Addison (Moulamein), who came second, with Ray Carver third.

The night event saw some comparative novice shooters in P. Carver (only third time), Roger Murray and Ray Carver shooting the possible 20/20, and in the shoot-off Murray prevailing with some excellent shooting to take the cup, 39/39, from consistent shooters Ray Carver (second) and brother Phillip Carver (third).

In the presentation of the trophies former Presidents John Houston and Norm Milliken deputised, and both congratulated the winners. Max Gibson has been shot out in the Gun Club Cup some seven or eight times, and this year in particular by eldest son Maurice, who previously won the cup in 1953; however, he still has plenty of time and who knows?—may be next year.

Nice to see yet another good roll-up. We are gradually getting our amenities better, and everyone agrees that they really enjoy our shoots. Visitors from other clubs seem to turn up, and we are always pleased to see new faces as well as our regulars. Every member has agreed to try hard to bring along at least one new shooter to each shoot, and it's quite usual to see at least four to six new shooters each month.

Congrats., Alan, on your S.B. Club C'ship win.

(A. H. Chesney, Hon. Sec.)

Much work has been done around the grounds and clubhouse, and a new trap has been installed. Thanks to the local firm of "Jasens", we now boast as good a front gate as any club in Australia. Club members Dick (R. J.) Powell, Fred Hoskins and John Ellis were responsible for its construction.

Mesdames Powell, Callinan and Tonkin efficiently officiated at "cuppa" time. Thanks, ladies.

It was good to see John Newton, who drove up from Sydney again this month for the club shoot. Mick Neilson took off the 12/15 yard trophy again; if he wins any more cartridge belts, he'll look like Hopalong Cassidy.

Visiting shooters from many parts of the State turned out for the club shoot on Saturday. The main event, the Club D. Rise C'ship, was won by Hobart shooter Don Taylor. Don, shooting as consistently as ever, was the outright winner, 18/20; second placing went to Warren Fisher, 17/20. Warren is shooting well and had placings in two other events. Five shooters tied for the third trophy, and after a shoot-off of a further 4 pairs, G. Richardson (Hobart) carried off the trophy with a score of 22/28. B. Wright and B. Lee tied for the front-marker section, and after a shoot-off of another 2 pairs, B. Lee took the trophy with a score of 17/24.

President Don Brett welcomed visiting shooters and presented the trophies. Many thanks, ladies, for the excellent afternoon tea.

(H. C. Neville, Hon. Sec.)

**METROPOLITAN (V.).**—Eighty shooters attended on 9/10/65, when the Victorian Intermediate S.B. C'ship was the main attraction. A back-markers' section was also shot in conjunction with this event, and the skeet was also in operation.

The programme commenced with a 10 birds Points, in which 14 divided.

Jock Stevens took his first "Red" sash when successful in the Intermediate with 20/21. Bob Reid, 19/21, was second, and Frank Carney, 25/27, third.

The back-markers put on a good showing, with Don Glover, 39/40, first; Henry Weitzel, 38/40, second, and Alan Craig, 29/30, in third place.

A 20 birds D.B. H'cap followed, and in this Eugene Colautti, Neville Dixon, Anthony Senserrick, Bill Attwood and Don Nicholls div., 20/20.

The Skeet got its full complement of starters, and in the first, 13 cut the spoils, and seven div. the second.

On October 23 the first Skeet C'ship was held at our grounds. This produced a good field, and success went to Merv Landers, 25/25; Dudley Edgerton, 34/35, second; Des O'Callaghan, 33/35, third.

Roy Adams and Alan Craig div. a 10 birds Points, 30/30, with six others splitting the remainder, 29/30.

Ted Lowery, 42/42, scored a good win in a 20 birds D.B. event from Allan Harrod, 41/42. Cyril McMillan, 34/35, was third, and the front-markers' prize was taken by John Ashcroft, 24/25.

In another round of Skeet Terry Wilkinson and Noel Scaife split, 25/25; Ray Burrell, 24/25.

On Saturday, October 30, we commenced our three-day Grand Prix Carnival. The attendance was very gratifying.

Conditions were not of the best. The weather was hot and a strong north wind prevailed. The wind eased towards the end of the day, but whatever the conditions, the scoring was particularly high.

In the opening 15 birds Points Mal. Fuller, Fred Burns, Bill Finnigan and Fred Reade returned clean scores.

The Club D.B. C'ship attracted a strong field and, as results proved, one had to shoot well over the 100 to be anywhere near it.

Newton Thomas was the winner with the "moderate" score of 161/161. Don McCraith ran Newton very close, but the 161st bird proved elusive, and he took second prize after a very fine performance.

Ray Maybury was third when he called it a day, 73/74. John Ashcroft, 29/30, got the front-markers' trophy.

The Club Intermediate D.B. C'ship (with which a back-markers' section was shot in conjunction) was an interesting event.

Eugene Colautti cracked it for his first title when he ran out a nice winner, 57/57, in the Intermediate. He beat Arch Gosling by one. Max Day, 29/30, third.

The back-markers staged a real marathon and it looked as though the event would never reach a decision. Five scored the possible, and this was soon defined down to three — Jim Walls, Alan Craig and Don Glover.

Away they went, neither one giving an inch. At 143, Jim was "clean" and both Alan and Don dropped one.

However, it did not take long to decide second and third after that, and Alan took the honours at 149/150, with Don one less.

Congratulations to the three of them for a fine exhibition.

The story of the Grand Prix Day you will see full details of in next issue.

Future programmes are advertised elsewhere. The Victorian Tower C'ship will be shot on December 4, and the Christmas shoot on December 18.

Best wishes to all shooters in the coming New Year.

(C. J. Colledge, Sec.)

**MILDURA (V.), 9/10/65.**—Weather conditions: good. Attendance: 29. A good muster of shooters at our monthly club shoot. Olympic Park S.B. C'ship was the main event. The winning shooter was one who always seems to be amongst them — B. Watson, 26/28; 2nd,

C. L. Barnes, 25/28; 3rd, W. K. Wakefield, 23/26.

The ladies attended to an excellent afternoon tea. A good time was had by all.

(L. G. Connors, Hon. Sec.)

**MOREE (N.S.W.), 2/10/65.**—Weather conditions: fine; strong, gusty winds. Attendance: 13. Results: No. 1, 10-bird D.B.: J. McLean, G. McPherson, F. O'Neill, 10/10, div. No. 2, Club C'ship (40 birds): F. Thompson, 39/40; J. Thompson, 38/40; P. Webb, 37/40. No. 3, Jackpot (20-bird D.B. Points): F. O'Neill, 56/60; E. Brown, 54/60; P. Webb, B. Dillon, J. McLean, 53/60. No. 4, 10-bird D.B.: F. Thompson, G. McPherson, P. Webb, 9/10.

Gusty winds provided interesting conditions and scores were below average. F. Thompson shot well to win Club C'ship from J. Thompson, who won this event for the past four years. Jackpot winner was F. O'Neill.

(F. Bardsley, Hon. Sec.)

**MORWELL (V.), 16/10/65.**—Weather conditions: overcast, S.W. winds. Attendance: 20. Results: No. 1, 10-bird D.B. Pts.: D.

Welcome to new member Bill Curtis. For a novice he shoots very well.

These were the first State C'ships to be held at Mount Hagen, where Moreshy and Rabaul shooters participated. Competition over the week-end was of a high standard and good shooting was in evidence throughout the whole programme.

Congratulations to Jim Middleton, Norm Camps, Steve Carter and V. Sandr on their wins in the C'ships, and to Steve and Vic for High Gun and Intermediate High Gun. New Guinea Import and Export Company donated the D.B. C'ship trophy, and this was a handsome silver champagne bucket. Shell Company (Pacific Islands) Ltd. donated the S.B. trophy, a handsome canteen of cutlery, with I.C.I.A.N.Z. and Rheem Australia Ltd. providing the High Gun and Intermediate High Gun awards.

Following the teams shoot, the President, Norm Camps, made the presentation of trophies and welcomed the visitors. All people who assisted in the organisation of the shoot were thanked for their work, and all prize winners were congratulated. It is hoped that next year's championships will be held at Rabaul.

Shooters, friends and families were invited to attend a dinner dance at the Hagen Country Club on the Sunday evening.

The High Gun award for the week-end's shooting was won by Moreshy shooter, Steve Carter, who shot off with Vic. Sandr and Jim Middleton for the award. Sandr was first to drop out of the shoot-off, closely followed by

Middleton, leaving Carter the High Gun of the week-end. This was a beautiful silver platter donated by I.C.I.A.N.Z. Ltd. Vic. Sandr took the Intermediate High Gun award, which is given to shooters on or forward of the 15-yard mark. A number of shooters received re-handicapping over the week-end and the recommendations have been forwarded to the National body.

MT. GAMBIER (S.A.), 9/10/65. — Conditions: fine and calm, but cold. Attendance: 30. No. 1, Sth. Aust. D.B. Night Sparrow C'ship (30 targets, 18 yds.): 1st, R. C. Mules, 26/30; 2nd, A. Mercurio, 25/30; 3rd, B. England, 24-26/32; F/M. trophy, F. F. Kentish, 20/30. No. 2, £30 H'cap (15 clays D.B.): 1st, S. L. Durbidge, 15/15; 2nd, B. England, 26/28; 3rd, F. F. Kentish, 25/28.

A good attendance of shooters from Adelaide, Swan Hill, Naracoorte, Victorian Western Districts, South Eastern, and local districts competed for the State C'ship. Congratulations must go to Bob Mules, who added another success to his list with an outright win from Gus Mercurio. Maurice Sullivan and Bruce England had a very short shoot-off for third place. Victory went to the latter.

As predicted, Frank Kentish is starting to feature in the prizes with the front-markers in the C'ship, and third place after a long shoot-off with Bruce England in the £30 Cash H'cap. Major prize in this event went to Staff Durbidge, who was the only shooter to score the possible.

(Ian A. Marks, Sec.)

MUTTABURRA (Qld.), 2/10/65. — Weather conditions: good. Attendance, 15, for the Club Annual Shoot. Second shoot only held this year, due to some drought conditions. Those who were present forgot their worries and shot well. The club would like to thank the shooters who came from Winton, Longreach and Hughenden for their attendance. The club also congratulates Cam McClymont on winning the Belando C'ship recently held at Clermont.

Results for the day: 20-bird S.B. C'ship: Ted Delahunty. President's Trophy: C. McClymont. Muttaborra Gun Club C'ship: Bill Stevens. D'ville Doubles: A. Ussher-P. Poole, (Susan Graham, Sec.)

NARACOORTE (S.A.), 10/10/65.—Weather conditions: cool and cloudy. Attendance: 25. Results: No. 1: H. McLeod, 1st, 6/6; S. Williams, R. Mules, 5/6. No. 2, S.E. Double-Rise C'ship: K. Foster, 1st, 28/30; M. Grigg, 2nd, 27/30; G. Ward, 3rd, 18/22. No. 3, D'ville Doubles: S. Williams - L. Williams, 1st, 12/12 prs.; 2nd, J. Herold - J. Standerwick, 11/12 prs. No. 4, £1 S/stakes: B. Haggett, J. Herold, 10/10, div.

It was quite a nice day — a bit chilly later in the afternoon, very little wind to worry anyone. We saw H. Foster, the club Vice-President, win the sash in a good shoot-off from Merv. Grigg. The junior Vice-President and Secretary won the D'ville Doubles match, mostly due to S. Williams, who shot one of mine off the grass — good shooting, dad. We must thank Mr. C. Copping for the first trophy, a case of cartridges.

Again the ladies provided a delicious afternoon tea, which everyone enjoyed; thanks to the ladies. We missed one of them, Mrs. S.

Williams, who is in hospital recovering from a heart attack.

(L. J. Williams, Hon. Sec.)

**NARRABRI (N.S.W.), 24/10/65.**—Weather conditions: strong N.W. wind. Attendance: 34. Results: No. 1, 5-bird S.B.: A. Falkner, B. Gittoes, P. Proudfoot, M. Wilkins, V. Eather, J. Simpson. No. 2, 10-bird S.B.: 1st, M. Wilkins, 11/11; P. Proudfoot, 10/11. No. 3, 20-bird D.B.: 1st, V. Eather; 2nd, F. Atkinson; 3rd, A. Palmer. No. 4, 20-bird D.B. £25 H'cap: E. Saunders, F. Atkinson, W. Simpson, V. Eather. No. 5, 10-bird Pts.: 1st, F. Atkinson, 10/30; 2nd, V. Eather, 10/29. No. 6, 15-bird Pts.: 1st, M. O'Connor, 45/45 pts.; 2nd, Ron Brady, 43/45; 3rd, E. Saunders, 43/45. High Gun: F. Atkinson, 58/60.

For our annual shoot the day had patchy cloud conditions and strong north-west winds which played tricks with the birds, so no big scores or many possibles were attained. Shooters were present from Moree, Gunnedah, Boggabri, Bundella and Tamworth. The roll-up was to expectation.

Congratulations go to Vic. Eather on his fine win of the main event of the day, the Naomi D.B. C'ship. A well-earned win went to Mike O'Connor for his magnificent score of 15/45. Good luck, Mike, and keep it up. Shooters, he's done it again—a couple of trophies and the High Gun—you know who.

Congratulations, Frank, the yard won't worry you.

I take the opportunity to thank all shooters who attended this shoot to make it the success it was. See you at our Xmas shoot.

(Eric Saunders, Hon. Sec.)

The slight but uneven wind made shooting tricky for the shooters who came along. New shooter A. McCalman shot well through the whole programme.

(R. J. Williams, Hon. Sec.)

**PARKES (N.S.W.), 9/10/65.**—Weather conditions: ideal. Attendance: 27. Results: No. 1, 10-bird D.B.: F. Williams, G. T. Wilson, J. Watts, J. Scott, L. Tobin, E. Miles, div. No. 2, 15-bird D.B. Plenty of keen shooting was seen throughout this programme. Frank Williams shot most consistently and took out the High Gun trophy (over events 1-7) with 107 kills to his credit. Club President, Garry Wilson, was close behind with 106 kills. Bob Gittoes and Kev. Heywood both shot extremely well and each added other championship titles to their rapidly growing list.

Very interesting to see Bob Gittoes and Cliff Bradley win State Night D'ville Doubles Sparrows title, as they have already won State Night D'ville Doubles title this year.

In winning Rowley Rose Bowl again, Bathurst remains the only team to have its name on this trophy since it was introduced. The £50 H'cap shot in conjunction was divided by two Parkes members, Garry Wilson and Doug. Stevenson.

(Miss J. Wilson, Hon. Sec.)

**PERTH (W.A.), 1-3/10/65.**—The grounds presented a carnival atmosphere over the week-end when 107 individual shooters took part in the six-event programme; spectators were also numerous. The weather was not at its kindest, ranging from heat-wave conditions on the Friday to rain squalls later in the programme. Night Shooting. Programme for the summer will be posted out to members and other clubs shortly. Included in events is to be a Night Champion-of-Champions shoot similar to the day-time championships except that, for the time being, skeet cannot be shot under lights.

There is also to be a film evening, and possibly some other social evenings.

Club improvements. Shooters will be interested in the long-range plan being drawn up for expansion of shooting facilities and amenities. It is proposed to install a tower shooting lay-out in the next year; club amenities will be a major consideration. A fuller report will be published later.

As these notes will be the last published in 1965, President John Webster and the Management Committee extend the Season's Greetings to all members and shooters, with Good Wishes for 1966.

**SEBASTOPOL (Ballarat, V.), 2/10/65 (Day and Night).**—Weather: cold. Attendance: 92. Pleased to report that our Caravan shoot was a success, thanks to visitors from Mildura, Swan Hill, Mt. Gambier, Warrnambool, Shepparton, Melbourne, Geelong, Barwon Heads, Noorat, Colac, Cobden, Puckapunyal and Werribee.

In the main event 26 shooters qualified to shoot off for the Caravan; the shooting was excellent and it took some time to reduce the field to four, namely W. Cations, J. Summers, S. Henwood, F. Walters. After several more rounds these four shooters decided to call it a day with scores of 75/75. This is the first time at our club that three shooters have shot a 75 break; J. Summers went on to a 100 break.

In the S.B. C'ship W. Abbott defeated L. Swain and J. Summers. We then proceeded with the night event, the Ballarat and Dist. D'ville C'ship. Once again excellent shooting was put up by W. Dalzell and S. Henwood, 70/70, defeating J. Walls and R. Lacey, 69/70. I believe that one of our Mildura pair forgot to put cartridges in his gun for this event; never mind, better luck next year.

Special thanks to A. McSweeney, G. Hall, A. Smith, S. Chasey, L. Tierney, L. Simpkin and K. Fisher, and our trappers for jobs well done. Also to Mrs. Bevan and the ladies, who never let up with the tea-pot from early morning till midnight.

There being three other shoots on in the State, we only had a small gathering, but this

gave all the local shooters a good day. Congratulations to the grand old gentleman of the club, Cedric Scott, for winning the President's Trophy in an extraordinary shoot-off, where the three finalists all missed their 23rd birds, and again when two missed their 28th and then went on to 36 before the President, Bob Rossiter, won out from Sid Dawe.

Thanking all for their attendance and for making it such a friendly and enjoyable shoot.

Campbell, W. Makeham, C. Radcliffe, R. Hammond, J. Maddy, A. Knight. No. 5, 3 pr. D. Rise: I. Steele, J. Maddy.

With weather conditions a little gusty for the start of the day, there were some rather tricky birds being thrown up, but this did not seem to deter Jim Mathiske, who shot very strongly to go on and win the main event. Bob Dawson also shot very well to take off second place, being unfortunate to drop the fatal one.

Peter Campbell, a new member to the club, and to the sport of shooting, looks like doing well in the future.

The I.C.I. Trophy was next. Ray Dealy, a young shooter who has just started following the sport, was the only one to get the possible 15/15, taking out the I.C.I. Trophy; congratulations, Ray. Cations, 16/18, 3rd; P. Powell, 15/18, F/M.

A varied programme and good shooting conditions helped to make this a very enjoyable shoot. A feature of the afternoon was the accurate shooting of members of the local club who featured in the prizes of all events. N. Filby was the most successful of the visitors. The tower event was, as usual, very popular and competition was very keen. To complete the day, members practised some tower "skeet" shooting, which locals claim is the best practice possible for duck shooting. The club intends to put on a full programme of such a shoot early next year to help would-be duck shooters get their eyes in.
