Editor's Notes

The A.C.T.A. 1971 National Clay Target Championships and the International Teams' Match (Australian Section) shall be conducted by the Association at the grounds of the Brisbane Gun Club, Queensland, commencing 8 a.m. daily over the seven successive days of Saturday, June 12 through to p.m. Friday, June 18.

The programme (which includes the Queen's Birthday holiday on the Monday) has been quoted in letters received as probably the finest yet planned in Australia and that "it should be a bottle." It has been extended, to avoid a carry-over of any event, by having one major event each day. All shooting will cease daily around 4.30 p.m. because of approaching darkness. Where possible, \$300 value handicap events shall be conducted. Five down-the-line traps will be in use throughout the trap programme whilst a sixth trap may be available for practice — this shall be made known daily by the shoot marshals. Clay targets in the trap events shall be orange domed.

Shooters from America and New Zealand have arranged to be with us. Many old acquaintances shall be met and many new friendships established. Some 136 New Zealanders are expected and included shall be Father Kelly who has not shot with us for several years. This shall be the largest sporting contingent ever to leave New Zealand for any one sporting event. Under a long standing agreement, all New Zealand shooters shall shoot, whilst in Australia, two yards back from their currently registered handicap marks — this stems from a slightly different handicapping method.

The first day Saturday, will see the winner of the coveted Champion of Champions Cup event. This is shot from 20 yards and is open to all registered shooters. The 1970 winner was Douglas Smith of Queensland 115/115.

A newly adopted teams match shall then have taken place. This shall be a 10 shooter teams match, consisting of the ten best Australian scores in our National Champion of Champions Cup event. These scores shall then be mailed to the Secretary of the South

African Clay Target Association for comparison with their ten best scores in South Africa's Championships probably August 5, 6 and 7, 1971. The teams match for 1971 was suggested by South African President Mr Cyril Emphy and agreed to by Australian Honorary Vice-President Mr Jules Steiner, with the approval of A.C.T.A. President Mr Gordon Hall. South African clubs conduct their shooting programmes principally from February to November each year. (Mr Steiner has just returned from an extensive European and African tour. He shot with and discussed all Olympic shooting with the World Shooting Federation — International Shooting Union — committeemen).

On the second day, Sunday, the National Double Barrel Championship will be conducted off 16 yards. This is essentially a British or Australian event as many countries shoot mainly single barrel events. The 1970 winner was Jim Ellis of New South Wales 370/370. In conjunction with this event will be the National Intermediate Double Barrel Championship, limited to shooters whose handicap does not exceed 16 yards on that day. The 1970 National Intermediate Double Barrel Champion was Jim Bailey of Western Australia. Shoot-offs to determine the winners of the National DB and Intermediate DB Championships shall be conducted separately and in that order.

Day three, Monday, shall commence with the National Single Barrel Championship, which was won in 1970 by Jim Ellis with 50/50 after he had already won the National DB event. This 1971 event shall be followed by the National Intermediate Single Barrel Championship, from contestants whose handicap is 16 yards or less on that day. The 1970 National Intermediate Single Barrel Champion was Chas F. Russell of Western Australia 49/50.

Day four, Tuesday, will commence with the Australia/New Zealand Championship. The winner of this points scoring event in 1970 was J. Newton Thomas of Victoria with 180/180 consecutive targets.

This will be followed by the Australia/New Zealand Trap Teams Match. This is a six man team event com-

prised of the best six Australian scorers in the ANZ Championship event versus six New Zealand shooters as chosen by the New Zealand team captain. For the match they shall each shoot at 20 targets from the 16 yard mark and should there be a tie score then they shall shoot off at 10 targets per shooter until one team survives. Cartridges for this event are to be provided by the contestants.

In 1970 the event was shot in New Zealand and was won by a New Zealand team with a total score of 116/120 targets.

Time permitting a \$300 value handicap may then follow.

The fifth day, Wednesday, will commence with the Australian Section of the International Teams Match for the Mackintosh Trophy. This is a 30 man team event and each member will have won his place in the team from his scores over the previous three days. A distinctive badge will be given to each of the 30 members of the Australian team. Any shooter who has been selected for the team, because of his progressive scores in the National DB, SB and ANZ events, shall not be entitled to a team badge unless he competes in the actual team match. Immediately following this team match, the National Double Rise Championship will be conducted (1970 winner was N. Johnson of Queensland 48/50), whilst in conjunction will be the National Intermediate Double Rise Championship (1970 winner was R. Ritchie of Western Australia). Contestants in this Intermediate DR event are limited to those whose down-the-line trap handicap does not exceed 16 yards on that day.

The sixth day, Thursday, will commence with the Grand Australian Handicap, open to all registered shooters who must shoot from their own registered handicap ratings as at that day. The 1970 winner was Barney Rooke of Wagga, NSW with 56/56. Subject to time available, a trap handicap or sweepstake event may be conducted and this will then conclude all scheduled down-the-line trap shooting events for the programme. It may also be possible to conduct some skeet practice, subject to the time and light available, and this would be limited to one round of 25 targets per shooter, or less, as decided by the Committee.

The Highest Gun Scorer (kills only) over the six principal down-the-line trap events of the programme (Ch of Ch, DB, SB, ANZ, DR, Gd H'cap) shall receive, together with the A.C.T.A. High Gun Sash, an engraved Browning Special Trap 5 Shotgun with the compliments of the makers Messrs Fabrique Nationale of Belgium and their agents Messrs Commercial Marketing Co. Pty. Ltd. of Sydney.

Previous winners of a similar such high gun trophy in Australia or New Zealand are excluded from competing for this high gun trophy. The A.C.T.A. has passed its acknowledgment to the makers and their agents for this fine trophy.

The J. Newton Thomas Perpetual High Gun Cup shall be presented for the first time to the high gun winner of the six principal events who shall hold it until the 1972 National Championship series when it must be returned to the A.C.T.A. for further competition. Annually the name of each winner, with his score, shall be engraved on the cup. The trophy dates from 1966. Holders of this cup may not necessarily be

"Browning Gun" high gun scorers because of any previous such wins.

A Stirling Broadrib trophy shotgun will be presented by Fuller Firearms of Sydney "to any New Zealand shooter who wins any of the five annual Australian Championships." These five events concerned are the Ch of Ch, DB, SB, ANZ and DR events.

The seventh day, Friday, shall be for skeet shooting only and two skeet layouts, using black targets, shall be in operation. From 8 a.m. the National Skeet Championship shall be conducted (1970 winner was J. Newton Thomas 60/61). This shall be followed by the Australia/New Zealand Skeet Teams Match, consisting of five shooters per team, each shooting one round of 25 skeet targets of the quick round method. The Australian team shall consist of the six highest Australian shooter scorers in the National Skeet Championship. The New Zealand team shall be six New Zealand shooters as selected by the captain of the New Zealand shooting contingent. Cartridges for this event are to be provided by the contestants. The 1970 Australia/New Zealand Skeet Teams Match was shot in New Zealand. The New Zealand team won with the score of 119/125.

A Referee Discussion Night on rules interpretations shall be held at the Brisbane Gun Club on Friday night June 11 — this is the evening before the commencement of the National series. Any registered shooter or referee may attend. The chairman shall be Queensland Executive Committee member, Mr W. A. Edwards. He shall be assisted by two other Executive Committeemen, each of whom shall be a Referee Examiner. The discussion is designed to achieve a common interpretation of rules by shooters who meet possibly only annually. The meeting is not designed to reframe or alter any rule.

The 35th Annual General Meeting of the Association shall be held in the clubhouse of the Brisbane Gun Club from 6 p.m. on Monday, June 14, 1971, and all member club delegates or representatives shall receive due notice with the agenda of the meeting.

A number of clubs are unable to be represented at the 35th Association Annual General Meeting as:—

- (a) the club is not affiliated for this financial year;
- (b) the club has not appointed a delegate on the prescribed form under the Companies' Act and our own Articles;
- (c) the club appointed delegate is not now a registered shooter.

Any club in any of these categories is unable to be represented by a delegate at the 35th Annual General Meeting and its continued acceptance as a member club shall be withheld.

The clubs concerned have been mailed explanatory forms, with a request that they be completed and lodged by May 14.

As some member clubs have requested that shooter insurance be arranged by the Association, the Executive Committee at its last meeting considered several quotations and decided that the details of the best offer shall be discussed at the 1971 Annual General Meeting.

The Committee suggests that member clubs consider adopting this overall policy which "would provide

coverage for bodily injury or damage to property for which they may become legally liable occurring as a result of an accident in connection with the Association's business."

This proposed policy coverage would also provide indemnity for the liability of shooters whilst on the tracks during registered events.

Only member clubs with satisfactory documentation and constitutions in writing under the Companies Act shall be able to have coverage for their shooters and the premiums must be collected from the shooters with registration fees then forwarded accordingly through the A.C.T.A.

During the whole programme of the National series, the attention of all concerned is directed to the following arrangements and to the complete advertisement in this publication:—

1. The Shoot Marshal shall be Mr George Parker of Beerwah, Queensland.

2. The Assistant Shoot Marshal shall be Mr Harry Williamson of Apsley, Victoria.

3. Referees for the 1971 National Championships shall be:—

Trap and Skeet — Ken Smith, Brian Mundt, Stan Foote of Ipswich, Queensland, Allan Wembridge, Barry Wembridge of Geelong, Victoria, Maurice Sutherland of Horsham, Victoria.

Trap — Angus McSween, Warrnambool, Victoria, Naval Lieutenant, Wal Murphy of H.M.A.S. Cerberus, Wal Oliver of Horsham, Victoria, Joe Galetta of Silkwood, Queensland.

No further applications are invited for either trap or skeet appointments.

4. Shooters must check their scores before leaving the tracks and scorers shall only record the decisions of the referees. Gun malfunctions (rules 67, 68 and 76) shall be recorded. The Secretary's office shall total, then issue all scores to the noticeboard for publication.

5. No trap, in either down-the-line or skeet events, shall be altered without the permission of the Shoot Marshals.

6. Shooters shall use only those branded cartridges, as sold by the Association, for the National Championship events. There shall be a choice of two brands and each shall be sold at \$2.40 per packet of 25 shotshells, by the Secretary's office.

7. Shotguns up to 12 gauge are permitted and all cartridges may be inspected on demand by the Shoot Marshals and Referees.

8. A gunsmith shall be available on the grounds.

9. A caterer shall be on the grounds with full meals or take-away snacks available from 7 a.m. until 3.30 p.m. throughout the programme.

10. The Brisbane Gun Club shall conduct two days of shooting, as eye-openers, on Thursday/Friday, June 10/11.

11. Recommended accommodation/travel agent is Patrick Travel Service of 431 Queen Street, Brisbane, telephone 31-1871 or through their Sydney or Mel-

bourne offices (see page 31, February 1971, "Shooting News").

12. At the Gold Coast, some 45 minutes driving time via the highway, is "Number Ten-the-Esplanade" (see advertisement in March publication).

13. A descriptive road map of the Brisbane area is with the Nationals programme in this publication.

14. Shooters are reminded that a big racing carnival is scheduled for June in Brisbane, consequently accommodation should be booked immediately.

15. Visiting overseas and New Zealand shooters are advised that all possible notice has been passed to the Australian Customs Authorities to assist the smooth entry and subsequent exit of personal sporting shotguns, meanwhile, the following is republished:—

A 1969 Commonwealth Police Regulation concerning the entry or re-entry of firearms into Australia became effective in 1970 in all States of the Commonwealth. All shooters who travel abroad whether by sea or air with their shotguns (or rifles or pistols) and/or those who purchase a firearm abroad and bring it into Australia must surrender the firearm on demand at the time of entry to the **Customs Department** for safety **checking** by the ballistics section of the local Commonwealth Police. As this could take from one to three days, all such intending travellers must be prepared to assist the authorities at the inward customs of the airport or seaport concerned.

Production of a current A.C.T.A. handicap card with the actual submission or a letter, written well in advance of such arrival, could possibly speed the firearm checking process to a matter of hours. The principal arrival points and addresses for such early contact are to the Collector of Customs, Department of Customs and Excise:

P.O. Box 210, Darwin, Northern Territory. P.O. Box A9, Perth, Western Australia. P.O. Box 1464 T, Brisbane, Queensland. G.P.O. Box 8, Sydney, New South Wales. Flinders Street, Melbourne, Victoria.

At the time of going to press for this publication, the first of the Australian shooters returning from the 1971 New Zealand National Championships were arriving in Australia — the request by A.C.T.A. Secretary to the Customs Authorities had produced immediate clearances to those with correct documentation.

GENERAL

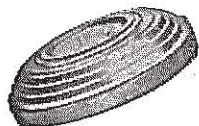

1. The 1971 Commonwealth Mini Targets (Night) Single Barrel Championship has been re-allocated to Cootamundra G.C. (NSW).

The City of Melbourne was in the grip of an electricity power strike and stoppage over March 25/26—A.C.T.A. "Shooting News" was consequently delayed.

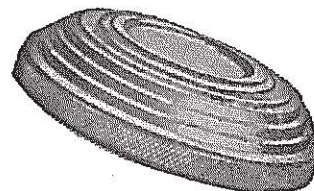

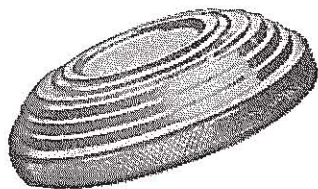

2. Answering a query on distribution of sweepstakes, a sub-committee of reference replied 22/3/71 by telegram that "Rule 97 refers STOP your highest scorer 23/25 receives 60 per cent your next two each with 21/25 divide the remaining 40 per cent."

3. The N.Z.G.C.A. conducted a 30 target open handicap motor car trophy shoot as a prelude to their 1971 National Championships. (ref. p.2 Gunshot/ March, 1971).

AUSTRALIAN CLAY TARGET SHOOTING NEWS

Letter to the Editor

The following is an extract of a letter as received from R. (Bob) Jorgensen, Secretary and long time creator of the Portarlington Gun Club, Victoria.

The text of his unsolicited letter is clear in that, after a lifetime of clay target shooting at which he is a very capable shooter, he advocates for his fellow clay target shotgun shooters, a change in the method of our trophy distributions.

Such a change, as is currently under trial by a number of clubs throughout the Commonwealth has equity as its base.

(Editor.)

* * *

The Secretary,
A.C.T.A., Melbourne.

Dear Mr Berry,

A suggestion that must take on — 3 Grades.

All Championships shot A, B, C Grades:—

A Grade 23 to 27 yards.

B Grade 16 to 22 yards.

C Grade 12 to 15 yards.

No "A" Grade shooter can shoot in B and C Grade Championships.

All Portarlington Championships are to be shot only B and C Grades. To let in the expert is only chasing the small shooter away. Anyone that shoots every day at clays is an expert — so that if there are any 23 to 27 yard shooters, their scores are only amongst themselves and they can only win and shoot according to the numbers that attend that shoot. 23 to 27 yarders in one group, B and C Grade shooters to be separate groups — otherwise we just order the Badges for A. James, N. Thomas (or other top shooters) or don't shoot, close up and put the shutters up.

I attended the two day shoot at Melbourne Gun Club. Alf James was second in the Commonwealth DB with 188. Next day he shot 99 and took the gun. I shot for nominations worth, over two days, \$30 and never got a smell. I have had my handicap card altered 17 yards from 18.

Yours,

R. Jorgensen.

The tradition of
Oliver Fisher Winchester
lives on.

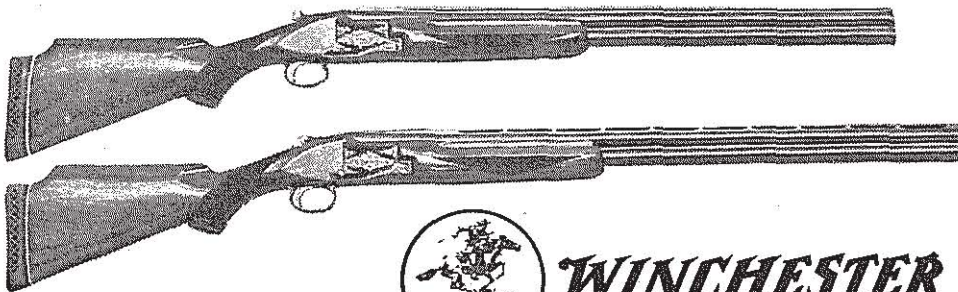

In the hand-crafted Winchester Model 101 shotgun

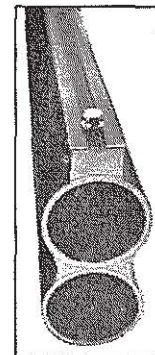

Winchester has built new Under and Over guns especially for the Australian Shooter. The result is two new Model 101 trap guns, with two new ribs, each wearing a stock slightly lower in drop at comb, much lower at drop at heel (with fuller toe to heel dimensions), and modified length of pull. See these great new models at the Nationals.

pull. What about these new ribs? One is full, broad 15 mm width with central sighting plane, and the other a modest 10 mm, also with central sighting plane.

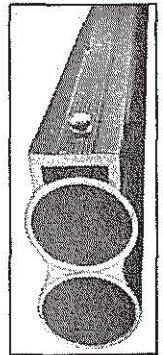

Now you can own and shoot the very best in Trap guns.

Les, Ted and Lew dropped out only to see Neil go at 95. Alf and Vin settled down to the tune of 190 when both these shooters being good sports decided on their own initiative to postpone their shoot-off as they knew the Club looked like being short of clays for the handicap.

We then shot the handicap and had enough time and clays for Alf and Vin to finish their shoot-off. Alf finished with a Club record break of 255/255 and Vin 254/255.

Both Vin and Alf finished square over the full programme 274/275 each. We all wish Vin all the best in New Zealand. There were 10 possibles in the handicap (divided).

Quite a good crowd for the Grand Prix H'cap. Billy Costa shot above himself to win the skeet gun from Graham Paul. Graham from 18 yds. looked the winner but Billy dug in and held Paul out. R. Johnston took third trophy and the yardages went without snoot-offs except for the 12-15 which developed into just as good a highlight as for the main trophies. Wayne Pilkington shot extremely well and if he continues will win many more trophies.

Most disappointing to the Wangaratta Club to have only 20 shooters compete in a State title. 16 of these were members of Wangaratta. 39 shooters competed in the EO and 33 waited to shoot the H'cap. It was a night of mixed fortunes for shooters. The EO and C'ship proved difficult and then some fine shooting in the H'cap in the last event.

In the Winchester Shoot Paul Marshall established a long run break of 91. This was not good enough to beat brother Sperry's total (144) shot at the Hobart meeting.

Good shooting on the day from Paul Marshall, David Cunningham, Brian Higgins, Dennis Whitely and Len Toyne.

Shooters observed one minute's silence as a mark of respect to their late comrade and friend Michael Blake.

Special Shooting Glasses

**It's good common sense:
When you see more clearly
you shoot more birds!**

The sharper, clearer vision with Stirling shooting glasses will surely lift your score because they contrast your target against the background. The large lenses give undistorted vision from centre to edge, and properly fitted Stirling glasses won't fog or obscure your vision because they ride high on the face.

YELLOW LENS: For medium to poor light conditions, they brighten the background yet accentuate the black. The difference is amazing, look for yourself.

GREEN LENS: These eliminate the glare and squinting caused by bright sunlight, keep your eyes fresh all day and contrast black against the background.

BARELLAN, 14/3/71.—Very hot and sunny. Attendance: 39. Results: 10-tgt. DB H'cap: 11 divided 10/10. E. Norris, P. Stevens, A. Paonni, G. Grinter, M. Allen, M. Stanmore, J. Simpson, M. Weymouth, L. Graham, K. Whytcross, C. Spencer. 15-tgt. DB Trophy H'cap: 5 possibles in shoot-off — M. Stanmore 29/29; S. Trembath 28/29; E. Whytcross 26/27. High Gun Shoot-off: M. Stanmore 33/34; L. A full squad of novices was welcomed and received pointers from experienced members. An all out effort is being made to encourage new shooters and it was very pleasing to see their attendance at this shoot.

A front markers trophy is to be awarded at each shoot to the 12-14 yarder with the highest score over the trophy event, who has never previously won a trophy. This trophy was donated by E. Whytcross for this shoot and was won by son Ken.

Another innovation to this shoot was a back markers trophy, donated by Ian Smith and shot for by the 20-27 back yarders over the programme.

A lovely presentation of an eight-day clock was made to Club Secretary D. M. Smith, for services rendered to the Club over the years.

BATHURST, 20/2/71.—Fine and mild. Attendance: 40. Results: 40-tgt. STD SB C'wealth C'ship: W. Burrow 38/41; R. Parker 40/44; K. Soames 39/44. Best 12-14 yds: D. Dwyer 32/40 30 Mini Tgt. Vice-President Bill, scored a popular double in winning C'wealth Day and NSW Night Mini C'ships.

Shooting was the worst ever witnessed at Bathurst for many years with all the visiting shooters going home without the bacon and wondering what went wrong.

The Winchester Olympic Trap kept the shooters on their toes and could have been the downfall of us all.

BERRIDALE, 14/2/71.—Hot. Attendance: 32. Results: I.C.I. Perpetual Teams Event: Illawarra No. 1 96/100; Berridale No. 1 95/100. 10-tgt. Pts.: R. J. Albert 39/40; J. Albert 38/40. FM: A. Our many thanks to I.C.I. for the donation of the magnificent High Gun trophy won by R. Webb of Illawarra with his score of 80/80.

Our most important thanks must go to the three ladies who unselfishly gave their day up to keep up the beautiful meals to the shooters and their families.

Seccombe 8/10 div. High Gun: G. D. T. Seccombe 52/60 after shoot-off with P. Thompson and E. Simmon.

Peter Thompson was perhaps the most outstanding shooter, sharing in all but one event, winning the 40-tgt. event outright and extending "G. D. T." in a shoot-off for High Gun. Most Sweepstakes were divided by a number of shooters, but possibles were recorded in only two events on the programme. Visitor from Inverell Aldo Sceresini, shot well and was in the running for High Gun until the last event.

We are trying to keep the Club going by only shooting every three months but the attendance hasn't improved any.

After a postponed shoot from last month it was good to see the grounds again. After two months of near continuous rain the last persons to leave the ground left together in case the last out needed a tow.

There were three new members welcomed, they seemed to enjoy the proceedings as they joined in most of the events.

Annual Meeting: The Lismore Gun Club held its Annual Meeting at the Clubrooms on Saturday night. There was a change of office bearers. The new President is W. Langdon; Secretary again is R. Shepherd; and Treasurer, H. Threlfo.

We had three teams from Sydney shooting and with the good weather all enjoyed themselves. John Fryer shot very well, scoring 100 straight over three events. Also Bill Collis with a 50 break. ESPERANCE.—A short history of the Club for the benefit of any shooters travelling our way.

The Club has been in action some ten years and has really flourished in the past six years. In that period new Club rooms have been built (three years ago), electric traps installed, the most recent only this month when the Club purchased a White Flyer.

The two layouts are situated some three miles from town in very attractive surroundings, with the West Australian Christmas tree our most featuristic land mark.

Brick Club rooms with a caretaker's room and facilities of gas stove, hot water system and hot and cold showers, have been built over the past three to four years by members, all on a voluntary basis.

Swings, see-saws and playing bars are set aside for children and the whole of our leased area will, with hard work, be completely grassed and fenced within the following three seasons.

Apart from all this activity our Club also finds time to shoot at the elusive clay target. Our shooting days are each fortnight, Sunday morning, starting time 9.30 a.m.

Attendances are usually 12-15 and keen shooting usually results in the handicappers having the usual problems.

The Esperance Bay Gun Club can boast of a lot of firsts in country club shooting in WA.

Perhaps the most mentionable first was that the Club ran the first U/O shoot four years ago this Easter, as the feature event and in doing so was the first club outside of Perth to do so.

We have continued this event with much success each year since then.
