EXECUTIVE DIRECTOR'S NOTES

The new shooting rules are included in this issue for all to read. Some of the changes are significant, and are already causing concern to shooters. From what I hear the rule regarding refusals is a worry to most. The Referee's Association delegates are confident that when shooters are fully aware of the ramifications of this rule, it will work very well. It certainly causes no problems in U.K. and U.S.A.

The Referee's Association has been criticised in some quarters for the changes to the Skeet rules, particularly regarding double loading at station seven. Some clubs have been using this system in practice, with great success. The acceptance of the changes from these skeet shooters has been excellent.

Big changes will be noted in the handicapping and grading rules. The handicapping procedure is simplified with the onus on the shooter who wants to move forward, to mark his own handicap scores on his card and have them verified by the Club Secretary. Only one movement forward will be allowed in each year, and then only if a shooter has not won or been placed second in a handicap event shot from A.C.T.A. handicap marks.

A major change to the rule for down grading is that a competitor shall shoot two consecutive groups of 200 targets at a lower grade percentage to be down graded.

Safety rules have been tightened to outlaw shooting from the hip. In future, this practice will carry an automatic three month suspension.

All shooters are urged to study these new rules carefully between now and January 1, 1983, when they will be implemented.

It is hoped that the new rules will encourage many more shooters to become registered Referees, as a definite attempt has been made by the Referee's Association to take a lot of unnecessary responsibility from the Referee, placing much of the onus on the shooter.

Enjoy your shooting,

IAN C. HILL ○

REFEREE'S ASSOCIATION

Staff Writer

The new rules to be implemented January 1, 1983 call for the appointment of Club and State Handicappers. Duties of these positions are listed below:

CLUB HANDICAPPER

To handicap and grade shooters. Check to see that all common mark scores are entered on cards. Check that handicap changes are recorded on cards. To regrade or re-handicap any obviously undergraded or underhandicapped shooter. To advise Club Secretary of any changes in grading or handicapping for onforwarding to the A.C.T.A. office.

STATE HANDICAPPER

To advise and assist Club Handicappers, and regrade and re-handicap any obviously undergraded or underhandicapped shooter.

The Referee's Association advises all clubs that a rubber stamp must be used when putting club's name on handicap cards.

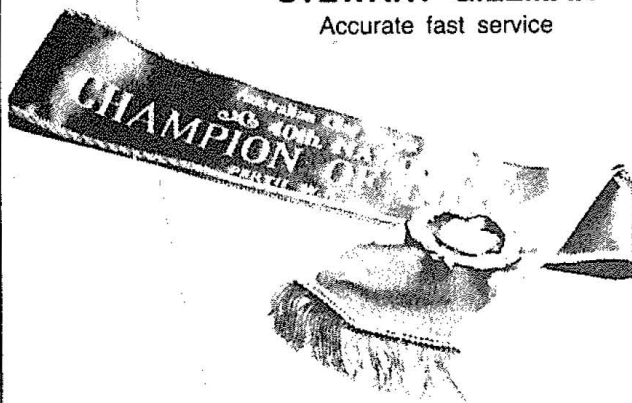

It is hoped that all referee examiners, and referees, will be instructed in the new rules by March 1, 1982. The names of persons so instructed are to be sent to the National Office for onforwarding to Rules Supervisors in each state. ○

TEAM MANAGERS REPORT XIITH COMMONWEALTH GAMES

Peter Anderson

The A.S.A. affiliates all conducted series of trials for Commonwealth Games Team selection. Generally the trials were related to Training Squads which resulted in more experienced competitors being nominated in each event.

Most trials were completed by June 1982 and the A.S.A. Selection Committee approved a complete team of 16 competitors at the July 17, 1982 meeting in Sydney.

I think that the final team was the first Australian team that comprised members who had all had previous overseas international competition experience. This experience showed in the professional approach of the members to training, pre Games administration assembly and travel to Brisbane and conduct in village life and during the Games competition and training. It also made it easier for the Team officials to help the team members in all ways.

Manager Peter Anderson and Coach Tibor Gonzol travelled to Brisbane on September 18 and had two busy days trying to sort out accommodation, travel and the like before the team arrived, under the wing of Assistant Manager Don Jones on 20th.

Brisbane airport was "standing room" only on the 20th but the Australian liaison team and the Games reception people really did a great job in getting teams cleared as soon as possible. As usual the firearms situation singled us out for extra attention, with the pistols needing a special licence. I had tried to arrange for these licences many months ago, but that was not to be and the pistols were licenced at the airport Police Station. No licences were needed for the rifles or shotguns.

Most shooters and lawn bowlers were accommodated in the "second" village at the Mount Gravatt College of Advanced Education. The "main" village was at the Griffith University. Both were excellent localities, well sited in quite, natural bushland. The rooms were excellent single accommodation, but Tibor and I nearly choked when we saw the rooms set up for three and in some cases four. It was totally unacceptable for our shooters and with some gentle negotiation we were able to settle on two per room, including officials. This meant having some people move to Griffith. As Yvonne Hill had to move to the womens village at Griffith it was decided that the whole small bore section, with Don Jones, would live at the main village. This was not ideal by any means, but without doubt, better than having three or four to a room. Being remote from the main administration was the greatest problem and Tibor and I wasted a lot of time travelling to and from the main village.

We were eventually all outfitted in a staggering array of uniform items, most of which I brought home unworn. Some of it does not fit and will be passed on, but I think everyone suffered that problem to some degree.

The shooting team will certainly recall that uniforms issue and accreditation were unnecessarily long and painful processes.

The dining room service was efficient and friendly and the food was excellent and in great quantity and variety.

After a few teething problems the transport was first class with adequate team transport and a very generous "shuttle bus" system that ran to the range and return on the hour.

The atmosphere in the village was just right — one had the

feeling of being in a somewhat restricted little world and congratulations are due to the organisers for this. I think that one good sign of a successful Games is when the home nation's athletes feel as though they could well be in another country. We enjoyed our association with the Aussie lawn bowlers and also had every opportunity to renew acquaintance with old shooting friends from previous competition.

For the competitors, the shooting facilities and organisation were absolutely tops. As is usual, there will be very few people who know just what has been done over the last 4-5 years by a very dedicated group of people. Forget about counting hours at meetings or days spent in physical labour on the ranges because it becomes much too complex when you throw in the mental strains and the dirty play needed to keep the show on the road. Whilst I am digressing — let me say from all the shooters to the shooting sub-committee and all involved — congratulations on a job very well done.

Organisation and competitors alike gave the facilities and themselves a good test during the traditional pre Games Badge matches. Gold badges were won by Greg Colbert (Air Pistol), Phil Adams (Free Pistol), and Jim Ellis (Trap). Silver badges were won by Phil Adams (Air Pistol), Ian Hale (Skeet) and Alan Smith (Prone). Bronze badges were won by Noel Ryan, Alex Taransky (Centre Fire Pistol), John Tremelling (Free Pistol), Alex Taransky (Rapid Fire Pistol), Alex Crikis (Skeet), Anton Wurfel (Air Rifle), and Alan Smith, Anton Wurfel (3 Position).

As always, the Opening Ceremony was a very moving experience but the reception given to the Australian team as we wheeled into the stadium definitely joins the short list of "moments to be long remembered". Without a doubt, our shooting colleagues from the Falkland Islands received the second best reception — a good indication of the real sportsmanship shown by the spectators.

I don't know that I could adequately describe the Games competitions. The conditions treated all competitors equally, the weather was mostly fine and the organisation on each range was first class. Australia won medals every day of competition, 7 Gold, 3 Silver and 4 Bronze in total. Also there were 3 4th places and 2 5th places. The excitement, team spirit and confidence in the Australian Shooting Camp was a unique and wonderful experience. I recall that it took some time for the rest of the Australian team to realise just what their shooters were doing, and to their credit, they were all generous in their praise.

In turn, the media then realised what we were doing in the daily medal tally and turned their attention upon us. Whether or not we mere participants enjoy the medal tally, the media tell us that is what the public wants — even demands. We had a lot of publicity, and only one item was in very poor taste, that being a newspaper article in the "Age". On several days I could say that I spent most of my time in the village, and on the ranges, engaged in media interviews.

So the efforts of our shooters in Brisbane has done more to advance the "state of the art" of shooting in Australia than perhaps any other single event. It is now up to us all to work at building on what they have done.

SHOOTING SHORTS

* By Roger Darwon

• Author, Roger Darwon.

(*Roger Darwon is a firearms consultant of P.O. Box 511, Marrickville, N.S.W. 2204).

An A Grade Clay Target shooter, the author of countless articles and publications on all sections of the shooting sports. Has studied shooting, clubs and methods used by many countries around the world:

Was for many years the General Manager of one of the countries largest retail/wholesale firearms outlets:

GOLD, GOLD, GOLD, the talk at the moment is all about our shooters, both individual and in teams, who set new highs for not only Australia but the shooting sports right across this land. Without distracting from each and every shooters great performance, it just goes to show there is nothing like performing on your own "turf" to bring the best out in each individual. It has many advantages that more than put the shots in your court. We all congratulate the shooters and officials plus every one who played a helping hand in the fielding of all shooters at the games in Brisbane. **That's the good news, next for the bad:**

CRITICAL LOOK AT THE HIGHER ECHELONS WITHIN THE A.B.C.:

We all know the media is very biased when it comes to shooting and shooters. But the obvious bias handed down by the heavy weights within the A.B.C. when it concerns the coverage afforded to our champions who won GOLD SILVER & BRONZE was a most shocking case of pure prejudice. I'm one of thousands who wrote and voiced my opinions about this very subject. How do I know there were thousands you ask, well that was very simple. Back came a prepared preprinted letter, with your name printed at the heading, enough proof for this scribe, the voice of the shooter was well and truly heard at the Aunty office. The best way to get the message across, is not by letter however but by twisting dials.

Its a sad and sorry state of affairs when our sports women and men are treated so shockingly, more so when in their own country. But the classic had to be the announcer on the games round up for Tuesday, when he told us "Australia has won another gold medal, at trap shooting can't think of the shooters name just dropped the sheet on the studio floor!" I can add with lots of amazement, then utter disgust, he did not even bother to come on at any stage and inform us who the shooter was.

CAMERA CREWS FANTASTIC

Lets not pass the opportunity to thank the camera crews who covered the games in Brisbane: They did a fantastic job, covered every event and did everything possible to show Australia the shooting events as part of their coverage: Top brass at the A.B.C., will no doubt try and pass the buck down the line, a very easy habit top brass have in this country. However this scribe knows the real truth and intends letting you all know who holds the real key to this disgusting example of treating our shooters as second class performers. Conclusion: if this is the manner in which the powers to be at the A.B.C. operate, then its high time, we poor taxpayers, and second class sports men & women made a concerted effort to voice our real feelings. My suggestion is write your criticism to the Government of the day in Canberra, the more the better. Can't remain an INVISIBLE critic, put it down in black and white and let "them" know how you feel: Right, get to it.

OUR HISTORY GOING DOWN THE DRAIN:

While I'm in a belligerent mood, let me hit upon another area that concerns all of us, which to my way of thinking is not being given the proper care it needs. Our trap shooting history, yes that's right, we have only been on this Island some 200 years, we have a fine history in the sporting arena. Had handed to me the other day a fine professional picture of one of the early trap shooting clubs. The picture a very large one showing some 32 shotgunners was taken by a photographer named Walker (it's signed) in 1934. You may be amazed to learn it was found on a Sydney tip. Full marks to my friend a non shooter, who found it and handed it to me knowing I'm interested in such things. At the time of writing I'm trying to find out with the help of some of the good-old shots, just where it was taken and who the men in it happen to be. I know one of the men is Luke Hughes, who worked for I.C.I. which became I.M.I. then Eley. The late Newton Thomas took over Luke Hughes's job when he retired. Before you throw away any of our past history . . . just remember it's real value is beyond price.

THE END OF AN AGE: IN GREAT BIG STEPS:

This scribe, a long time member, of what the Sydney Press has termed, "THE ALMIGHTY GUN LOBBY" whatever that's supposed to mean, has fought with a handful of dedicated men, over the past fifteen years or so, every time a Government has tried to introduce legislation to restrict your rights as a shooter. It's cost thousands upon thousands of dollars from the pockets of us all. Until now we have managed to ensure that safe keeping of your individual rights. Many shooters, and I guess non shooters have seen T.V. interviews also on this subject. Now it would appear State by State the changes are slowly taking place. In effect the shooters in these states have lost their basic rights. For Victorian's their

Cont'd on page 8

HERCULES GREEN DOT

Formulated specially for Field and heavy load shooting.
More loads for your money. Why pay more?

F22/882

holiday in New Zealand is full of many pleasant surprises.

Did you realise for example, that the Australian dollar is now worth about forty cents* more in New Zealand?

So instead of a delicious fare of bluff oysters and succulent steaks costing NZ\$14, to you they're down to an appetizing A\$10.

A family car like the Honda Civic costs NZ\$34 a day.

You drive away with a bargain at A\$25.

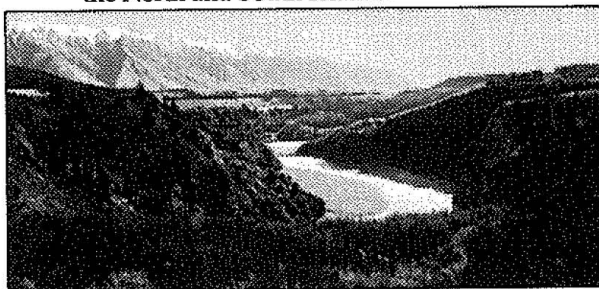

And if you fancy four legs instead of four wheels, you ride your pony off for a couple of hours having paid A\$10 not NZ\$14.

These astonishing savings also apply to fishing, skiing, golfing, boating and the 101 other activities available in one of the most beautiful countries on earth.

And if this wasn't incentive enough, Layzaway Holidays are offering twin share

accommodation for adults at only A\$9.50 each a night—and the kids stay free!

Layzaway accommodation ranges from friendly pubs to International class hotels and there are over 23 locations to choose from in both the North and South Islands.

For details of the overseas holiday you never thought you could afford, pop into your local travel agent or get in touch with Air New Zealand now.

Spend a night in New Zealand for under \$10 and the kids stay free.

*Exchange rate as at August 4th, 1982.

 **air new zealand**

The Pacific's
Number One

SHOOTING SHORTS Cont'd from page 6

Labour Government, not more than six months old has eroded the rights of Victorian shooters, even as 1982 comes to a close.

Don't try and sell this writer on these Labour ideals, as I'm opposed to what they stand for. No, not on what you may say the principles of the thing, or because it's come to pass after all the fighting I have seen many good men put up to try and stop it. No for none of these valid reasons, but simply because it will not work.: Yes, Mr Jim Kennon M.L.C., I have read your draft, (see copy A.C.T.S.N. - page 20 November, 1982). It comes back to what I've said over these past 15 years, on this very subject. **Even if it's too late for the shooters of Victoria; I will spell it out again. "All the licences, all the restrictions, all the Legislation in Australia will not prevent the miss use of anything; Be it firearms, Drinking, Flying or Dancing nude in the street, whatever you wish to nominate. It's just a plain waste of good money. We already have a fine JUDICIAL system, that's as old as when they planted the first flag in the sands of Botany Bay. The COURTS OF OUR LAND, that's the place to handle the law breakers of this country. A country already top heavy with over legislation, reforms and attacks on our rights and freedoms. The Labour Government Propaganda Merchants have taken a march on the shooters of Victoria, and stole another of your basic rights. It is a sad and sorry day for SHOOTING: I KNOW IT'S EASY TO BE A CRITIC**

One great bard once pointed this out to me long ago, and I always try and remember his good words of advice every time I feel the need to take someone or something to task, and I would like to quote them here if I may. "It's not the critic who counts, or has the strong man stumble and fall or where the doer of deeds could have done better. The credit belongs to the MAN who is actually in the arena, who knows the great enthusiasms, the great devotion, and spends himself in worthy cause. If he fails, at least he fails while daring greatly, so that he will NEVER BE ONE OF THOSE COLD AND TIMID SOULS WHO KNOWS NEIGH VICTOR NOR DEFEAT".

The message here my shooting friends, is plain and simple. Get into the ARENA, and with ENTHUSIASM, have a go. **THE TIME IS RIPE:**

IT'S not news, and we all know Australia, in effect is about 25 years behind the rest of the world, (give or take a foot or two) but that should not mean we intend to stay in that position. The American trap Shooting Association has just started what they call "A HALL OF FAME" to honour the past shooters and their history. To pay for this very important contribution, they are running at clubs across the nation all manner of events, auctions etc., to raise the money needed to establish this historic tribute and educational facility for future generations of trap shooters, who will have the opportunity, (thanks to far sighted men of today), to be able to look back, with pride at their heritage. What about it shooters of Australia...??? can I hear any support for such a fine gesture for this country:

Lets make 1983 a very good year to remember. The year more gunners bid for a similar establishment in this country. My money would be on the A.C.T. (Canberra) which is the obvious choice, being the home of Australia's power makers. Looking forward to hearing from all the ENTHUSIASTIC members within our great ARENA: Good shooting, see you next month.

BY ROGER DARWON: P.O. Box 511 Marrickville, N.S.W. 2204.

EDITOR'S MAILBOX

Dear Ian,

Re: National Ground

On 2 June, 1965 I wrote to "News" recommending that the ACTA purchase a National Ground adjacent to Canberra ACT.

During the ensuing years this has been debated and we are no closer to a decision now than we were in 1965.

To construct a suitable clubhouse, install traps and equipment, purchase or lease a ground would cost a bare minimum of \$600,000 to \$750,000. We have approximately \$130,000 so the interest alone on the balance would be \$70,000 to \$93,000 per year. These are approximate estimates but it is perfectly obvious that a National Ground is completely out of reach of our organisation.

I feel that the National Executive should advise all shooters via "The News" that "we are not in a position to go ahead with a ground" or "we are going to build a ground in NSW or Victoria or whatever".

Some delegates of the NSW CTA have been investigating several avenues re a State ground but are hesitant to commence any definite arrangements until the National Ground location is known.

I personally feel that the ACTA should encourage State Associations to develop State grounds that can be used for Nationals on a rotating basis as at present — this is most acceptable to a large number of shooters and we can only do this when the National Executive make a decision instead of all this "guff" we are currently being fed.

What about a bit of honest decision making and open contact with the members who make up this Association.

Yours faithfully,

Len Bird

BAILLEE FARM FIELD CHAMPIONSHIP 1982

Staff Writer

• Station seven at Baillee Farm, a real test.

About 130 shooters attended the '82 Baillee Farm Shoot, enjoying wonderful weather and typical W.A. hospitality.

They came from near and far, Geoff Salmon, Winchester Sales Promotion and advertising manager from Geelong, had been in Perth on business and stayed on for the weekend's shooting. Merv Neve and the family rolled in from Kalgoorlie and many shooters from Geraldton, Bunbury and other parts of Western Australia.

Such is the relaxed atmosphere at this shoot, that good scores or bad, all shooters enjoy themselves.

This event is held annually on the very picturesque hills property of Bruce and Pam Smart, overlooking the beautiful Avon Valley, some 12 kms from Northam. The seven stations that comprise the course offer extremely difficult targets, and marvellous views of the Valley.

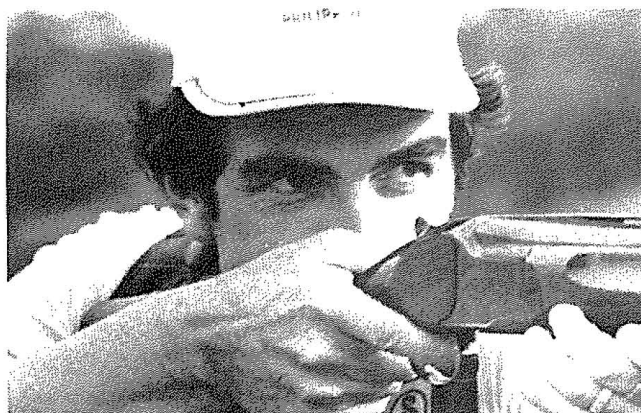

The early stations were the undoing of many shooters, such was the difficulty of the targets. Station one looked simple enough, but claimed many. The target crossed from right to left, was shot at well below the level of the feet and was also moving away from the shooter as it crossed.

Station two provided a target crossing swiftly from left to right, and one high from behind which floated out over the valley.

Other stations had targets of varying degrees of difficulty, colour, speed and angle. Station seven was interesting in that the trap was set on a hill that appeared to be a great distance away across the valley. The target was in the air for four or five seconds before coming into range, but then had to be shot before it dipped into a tree, or if it missed the tree, dived behind the side of the hill. To a non shooter it looked a most interesting and demanding course.

First overall was Ted Rose, beating David Kevill in a shoot-off. Both had scored 85/100, which indicates the difficulty of the targets at Baillee Farm.

A record was created this year when Colin Hinkley from Narrogin became the first shooter in the history of the event to shoot a clear round of 25 targets. This was a fine effort, well done Collin.

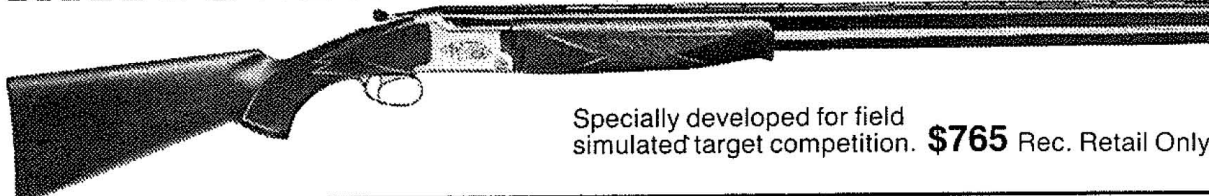

• "With both eyes open," Ted Rose winner Baillee Farm Championship.

• Colin Hinkley winner of Day 2, and first person to shoot a possible 25 at Baillee Farm.

OUTERS TARGET TRAPS

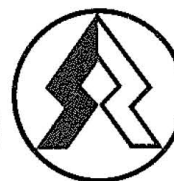

*Adjustable Arm Elevation
Excellent Singles and Doubles
Variable Spring Tension*

GROUND HUGGER Model 1001

The lightweight, portable Ground Hugger is exceptionally stable. Sturdy iron ground grippers with 70sq. in. of surface are Y-shaped for maximum contact and holding power. Imbed in the ground simply by pushing down with the feet. The trap won't jar loose, needs no anchors and vibration is virtually eliminated for more uniform throws and fewer broken birds. If a man is shooting alone, he can easily operate the trap by himself by holding the lanyard in his hand or attaching it to his belt or wrist.

Other models also available:

BAILLEE FARM Cont'd from page 10

• Winchester's Geoff Salmon at picturesque Station three.

The President and Committee men of the Northam Club are to be congratulated on the success of this shoot. It is no small task to get the site ready for such an event, many people worked extremely hard before, during, and after, to ensure an enjoyable weekend for all. The ladies as usual made sure that the inner man was well fed.

Some hilarity followed the leaving of one visitor on the hill on the Saturday night. His host for the weekend had driven back to Northam, not knowing that the visitor was well entrenched with the brothers Hopkins and Laurie Reynolds from Cunderdin, keeping the cool evening air at bay with cans of "Gold". A couple of calls on the two-way soon had the visitor back in Northam.

NEW SOUTH WALES CLAY TARGET ASSOCIATION OCTOBER BULLETIN

Firstly this month I would like to thank the Clubs who have forwarded typed or neatly printed programmes for the 1983 Blue Book; your efforts have been much appreciated.

CLUBS CHANGING SHOOTING DATES

There have been reports and also evidence of clubs making date changes from those approved by the N.S.W.C.T.A. and printed in the 1982 Blue Book, without first consulting the State Association.

Clubs who make these changes without first consulting the State Association are consequently clashing with neighbouring clubs and causing ill feeling all round.

Please Club Committees consider your fellow clubs nearby, because in the long term you do more damage to yourselves than the club that you decide to WALK OVER for a days shooting.

On page 3 of the 1982 Programme Book under the heading "Club Secretaries Please Note" all the rules governing programme changes are clearly stated.

STATE & ZONE C'SHIP BADGES

For those who may have missed last months Bulletin: the State Association has a supply of State and Zone C'ship badges for sale for the price of \$3.50 each.

State C'ship badges are a map of N.S.W. (gold plated) and the Zone C'ship badge is a silver plated circle. Both have the States badge attached.

STATE PRESIDENTS & SECRETARIES MEETING

A meeting of all State Presidents and Secretaries was held on 4th September, in Melbourne to exchange ideas and hopefully solutions to problems.

One very important point made, was the need for Clubs, Zones & State Association to try and work together to promote and improve the sport of Clay Target Shooting.

It was also stressed that ideas from clubs and registered shooters to be taken via their Zone to the State and from there to the National body.

As reported in the October C.T.S.N. an Administration Manual is now being drawn up for use by Clubs, Zones & State Associations. I feel this will be a great asset to all club secretaries and committees; especially for those who find themselves dropped in the deep end, which so often happens.

TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. and Waterwheel Press reserve the right to refuse any advertisement without stating the reason.

MACARTHUR GUN CLUB COACHING DAY

On Sunday October 24th a most instructive and practical day was conducted by the South West Zone Coach Harry Brooksby.

An attending fifty five junior and novice shooters were first instructed in the safe and proper methods of gun handling. Films of interest to all were then shown.

Moving on to the tracks for the practical side, where Harry instructed each on how to break targets and after a few shots most were successful.

Many thanks Harry for a very good day, on which over five hundred targets were thrown.

Badges were presented to the top five junior shooters.

MIROKU 3800S SPECIAL RIB FOR TARGET SHOOTING

For lifetime usage this is the best priced high-quality trap gun you can buy.
Price it at your dealer. You'll be surprised.

numero uno

What else can you say about one of the finest pieces of engineering excellence in the world today - crafted in a 300-year-old Italian tradition that is truly and uniquely Beretta.

The Beretta A 302 Mobilchoke is well-balanced, superbly finished and reflects the mystique of this tradition.

This gas-operated semi-automatic shotgun features a pistol grip; hand-chequered stock; four shot capacity; a receiver that's machined out of solid forged alloy; gold bead sight; high, wide vented rib; and four interchangeable chokes - Improved Cylinder, Improved Modified, Modified and Full.

With the chokes removed and the barrel collar in position, the A 302 may be used as Cylinder Bore for Skeet. That's five variations from the one Gun! No wonder we call it... Number One.

CENTRAL QUEENSLAND CARNIVAL

• Marlene Jarvis being congratulated on her weekends performance by Gemfields President, Charlie Edwards.

What makes a good shoot? Whatever it is the Queensland central zone certainly had an abundance of it at their 1982 trap carnival at Gemfields.

Beautiful weather, a hot breakfast served on the grounds and an impressive array of trophies gave shooters their initial incentive to get out there and keep their heads down. From there the comradship of central Queensland members, the keen competition and the efficiency of the organisers took over to make this one of the most enjoyable carnivals the zone has yet experienced.

After only twelve months on their new location, the Gemfields Gun Club proved an ideal venue for the carnival with powered van and tent sites, a central location, their social committee providing three meals a day on the grounds and, of course, ideal trap layouts.

A commendable trophy array was boosted by donations from Rockhampton, Gemfields, Gladstone, Barcaldine and Eton-Mackay Gun Clubs, Nioa Arms of Gladstone, Col Ennis of Dysart, Laurie Tselepy of Yeppoon, Port Curtis Yamaha and J. F. Thompson Pty Ltd.

A first for the zone was the introduction of a ladies trap team selection with the successful ladies being Marlene Jarvis, Tambo; Vere Storch, Tallawalla; Chris Young, Gladstone; Noleen Herbert, Gladstone; Vicki Deeley, Gemfields; and Irene Cross, Gemfields. Congratulations to those ladies and thank you to Nioa Arms who donated the badges.

The Open Zone Trap Team selection was, as expected, keenly contested with Tom Jarvis of Tambo and Bill Chandler from Barcaldine the highest qualifiers with 147/150 followed closely by Arthur Atcheson, Rockhampton; Noel Deeley,

Gemfields; Bill Nioa, Gladstone; and Brian Herbert, Gladstone.

Another highlight of the weekend was focussed on Bill Chandler who rounded off an extremely successful weekend of shooting by taking out the highly coveted 'Laurie Tselepy Perpetual Trophy'. Bill top scored over three championships and the interzone trap teams postal match to win this award. Congratulations Bill and thank you Laurie Tselepy.

Special congratulations also go to that most consistent shot, the high-gun winner, Tommy Jarvis. The Jarvis husband and wife team made it quite a weekend with both achieving top qualifying positions on representative teams.

Other results for the weekend were:

Event 1: 10 TGT. D.B. 15M.

1st: Brian Palmer, Bundaberg, 45/45

2nd: Bill Weedon, Mt. Isa, 44/45

3rd: Gerry Smith, 35/36

Event 2: 30 TGT. D.B. ZONE CHAMPIONSHIP 15M.

Overall: P. Comino 57/57

A Grade: A. Atcheson, Rockhampton, 56/57

B. Grade: B. Herbert, Gladstone, 30/31

C. Grade: I. Cross, Gemfields, 29/30

C 14: I. Cross, Gemfields, 29/30

Lady: I. Cross, Gemfields, 29/30

Event 3: 30 TGT. S.B. ZONE CHAMPIONSHIP 15M.

Overall: W. Chandler, Barcaldine, 33/34

A Grade: C. Pietzner, Eton-Mackay, 31/33

B. Grade: B. Herbert, Gladstone, 32-34

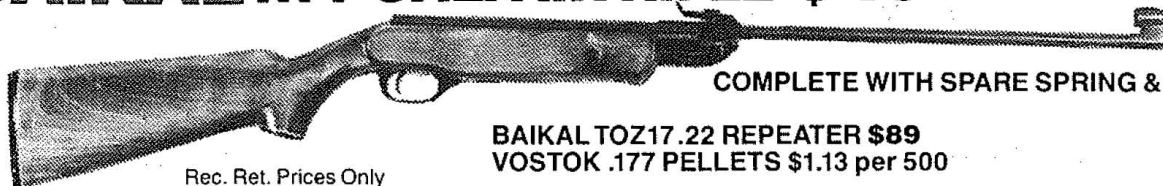

C. Grade: C. Grimshaw, 26/30

• A jubilant Bill Chandler receives congratulations from Charlie Edwards.

CAIRNS & DISTRICT GUN CLUB

• North Queensland Double Barrel Championship, L. to R. I. Sleigh A. Grade, S. Archi B. Grade and Overall.

Our Trench is now in operation and we will be conducting the first of the two eliminations for North Queensland, for the 1982-83 team on November 27 and 28. Townsville Gun Club will be conducting the other on January 29 and 30.

A shoot was held at Cairns and District Gun Club on September 6, 1982. The weather was fine and sunny and we had an excellent attendance of 85 shooters, the results are as follows:

North Queensland Double Barrel Championship: A. Grade I. Sleigh, B. Grade and Overall S. Archie, C. Grade P. McPhail. F. G. Simpson Memorial Single Barrel Championship: A. Grade P. Stockwell, B. Grade D. Millen and Overall, C. Grade P. Neven.

Cairns and Dist. 101 Winchester Tournament: A. Grade T. Commerford, B. Grade S. Marino, C. Grade P. Neven.

Brian Bell Sharp Shield Team Shoot: Won by Cairns No. 1 Team, R. Simpson, W. Keen, P. Stockwell, D. Jones, J. Reid. Cairns & Dist. \$1,000 Annual: L. Solari 50/50, P. Stockwell 50/50, K. Sleigh 50/50, B. Campbell 50/50, L. Falco 50/50, D. Le Blowin 50/50, J. Anderson 50/50.

Best Lady L. Holhauser, Best Junior D. Bell.

Queensland Double Barrel Continental Pointscore: A. Grade M. Nicoladies and Overall, B. Grade M. Stoneman, C. Grade K. Sleigh.

Cairns & Dist. Deauville Doubles: 1st R. Simpson and P. Stockwell, 2nd F. Bonanno and L. Falco, Best Veteran High Gun F. Bonanno.

Ladies High Gun L. Holhauser.

Junior High Gun J. Pascoe Jnr.

Average High Gun S. Marino.

Overall High Gun M. Nicoladies.

• High Gun winner, M. Nicoladies.

GYMPIE GUN CLUB

Please note Cancellation of January '83 Monthly Shoot

CENTRAL QUEENSLAND SKEET

The Central Queensland Zone has taken the initiative in Queensland with its first ever Annual Zone Skeet Carnival.

The Carnival shot in Rockhampton in October, attracted most of the zones skeet fraternity and proved to be quite a successful forerunner for bigger and better zone carnivals in the future.

The zone skeet team, selected over two fifty target championship events, recorded a score for Queensland Interzone Postal Teams Match in the hope that other zones in the state will take up the challenge and respond with a score from representative teams in their zones.

Six clubs from within the zone and one from the northern zone were represented by shooters showing a great deal of consistency and stamina through the 175 target programme. High temperatures, mainly climatical, proved an extra obstacle when Rockhampton temperatures on Sunday reached an uncomfortable 37 degrees.

Zone president, Jim Elliot, speaking at the presentation ceremony, commended the host club members and zone organisers for their efforts in the preparation and running of the carnival.

Successful Zone Team Members were:

John Parmenter, Rockhampton, 96/100

Jim Elliot, Gladstone, 95/100

Bill McLeod, Rockhampton, 94/100

Bill Scarborough, Gladstone, 93-100

Jim Storch, Tallawalla, 93/100

Other Results:

Event 1: 25 TGT HANDICAP

First: Jim Elliot, Gladstone, 50/50

Second: Brad Busteed, Gladstone, 49/50

Third: Col Ennis, Dysart, 37/38

Event 2: 50 TGT CAPRICORNIA CHAMPIONSHIP

Overall: Jim Elliot, Gladstone, 53/55

A Grade: Brian Herbert, Gladstone, 52/55

B Grade: Doug Wust, Rockhampton, 49/52

C Grade: Ron Bell, Nine Mile, 47/50

Event 3: 25 TGT HANDICAP

First: Brian Herbert, Gladstone, 50/50

Second: Ron Bell, Nine Mile, 41/42

Third: Don Holt, Gladstone, 38/39

Event 4: 50 TGT CENTRAL ZONE CHAMPIONSHIP

Overall: John Parmenter, Rockhampton 50/50

A Grade: Rick Hannah, Gladstone, 55/58

B Grade: Geoff Taylor, Gladstone, 47/50

C Grade: J. Deickmann, Rockhampton, 48/50

Event 5: 25 TGT OFF THE GUN

First: Brian Herbert, Gladstone, 35/35

Second: Jim Storch, Tallawalla, 34/35

Third: Bill McLeod, Rockhampton, 30/31

• Capricornia Skeet Champion Jim Elliot from Gladstone.

CLAY TARGET

SHOOTING RULES

for

D.T.L. and SKEET

Effective from January 1, 1983

TRAP SHOOTING RULES.

Any reference in these rules pertaining to "him" will also mean "her".

TRAP LAYOUT

1. (a) A standard trap layout shall consist of five firing points arranged on the arc of a circle of radius 16 metres and whose centre is the trap, firing points to be 3 metres apart, numbered 1 - 5 from left to right when viewed from the firing points and facing the trap, with No. 3 firing point directly behind the trap.
- (b) A horizontal line joining No. 3 firing point and the trap and prolonged indefinitely will be known as the "Centre Line".

FIRING POINTS FOR HANDICAPS.

2. (a) These firing points are situated at intervals of 1 metre from 11 to 25 metres behind the trap on lines from the trap extended through the firing points for standard trap layout. These firing points may be referred to as "Handicap Marks" and each line of firing points shall be known as a shooting lane.
- (b) The 11 metre mark is to be measured from the top centre pivot point of the trap.
3. This collection of firing points and shooting lanes, forming a fanshaped pattern, shall be known as the "Shooting Tracks" and on each lane distances should be clearly marked to signify the forward limit of each firing point.

SHOOTING SQUARE.

4. (a) When firing the competitor's feet must be behind any line indicating the firing mark assigned to him, must stand with both feet completely within 1 metre square; this square shall extend 50 centimetres either side of the centre of the shooting lane and shall extend backwards 1 metre from the assigned handicap mark.

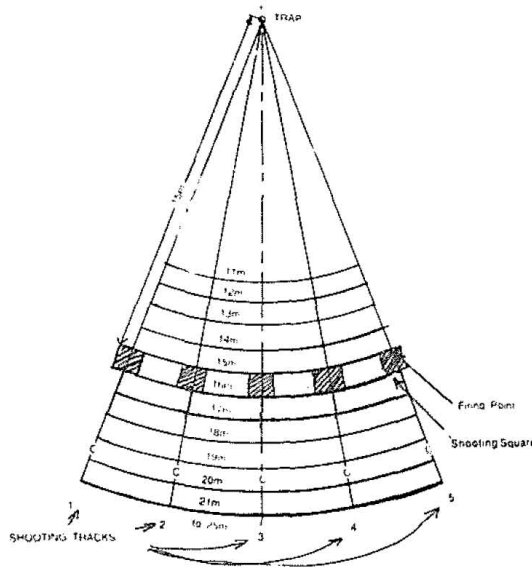

STANDARD TRAP LAYOUT AND HANDICAP MARKS

ALL LANES AS FOR LANE 2

- (b) However, provided his front foot is as close as possible to the forward edge of a shooting square a shooter with a wide stance will not be penalised if his back foot extends beyond the rear edge of the shooting square.

TRAP HOUSES

5. Trap houses shall be used to give full protection to the trappers. These houses shall be 1 metre high in front, tapering or sloping to 85 centimetres at the back, and shall be 2 metres from back to front, 2.5 metres wide. A tolerance of 10 centimetres either way is permissible on these dimensions. All height measurements

shall be taken from the level of the centre lane. The trap shall be mounted in a manner which will bring the top centre pivot point of the throwing arm 35 centimetres above the level of the centre lane and 1.5 metres from inside back of traphouse and 30.480 centimetres left of centre. A tolerance of 5 centimetres either side of this dimension is permissible.

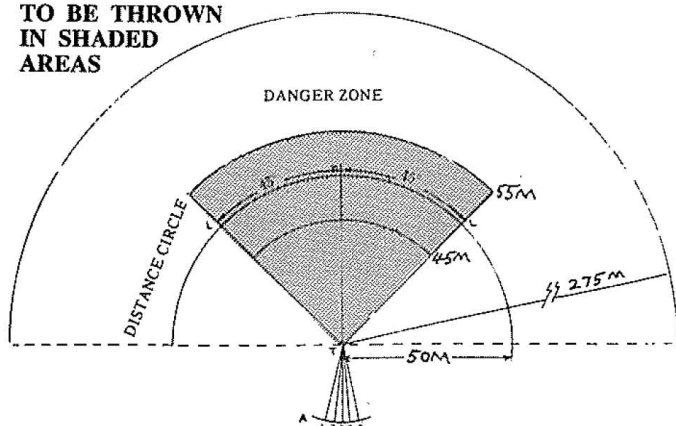

LEGAL TARGETS.

6. (a) Targets, to be legal, whether single or doubles, shall be thrown out not less than 45 metres nor more than 55 metres (measured horizontally at trap level) with a flight of 3 metres above the centre lane at a point 10 metres from the trap, with a margin of tolerance of not more than 50 centimetres above or below. Except in double target shooting, the flight of targets shall be at unknown angles, thrown within an area subtending an angle at the trap of 45 degrees right and left of the centre line.
- (b) As an aid in determining the legality of targets, where possible three pegs at least 1 metre high are to be placed on the arc of a circle (known as the "Distance Circle") of radius 50 metres and whose centre is the trap; one on the centre line — "The Central Peg" — and one other each 45 degrees to the right and left of centre line respectively. These two pegs will be known as the "Lateral Limit Pegs". Concrete blocks and measuring sticks for measuring target height are to be standard equipment at all clubs.
- (c) Where practical, three minimum distance pegs shall be placed at 45 metres.

LEGAL TARGETS

— SINGLE

TO BE THROWN
IN SHADED
AREAS

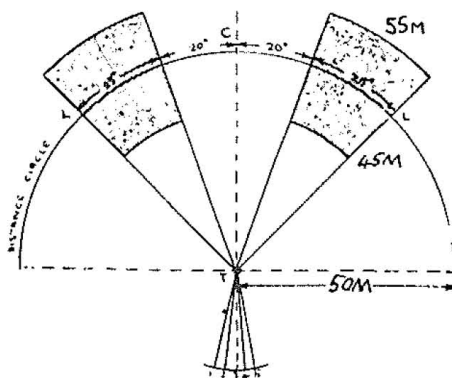

LEGAL TARGETS DOUBLE.

7. Each double shall be thrown as a right and left quarterer respectively into an area subtending an angle of 25 degrees at the trap; each area having as one boundary a line to the lateral limit peg as defined, and as its other line drawn 20 degrees to the left and the right respectively of the centre line.

LEGAL TARGETS — DOUBLE

TO BE THROWN IN
SHADED AREAS

8. There is a tendency among officials to set the trap at 3.5 metres and say that they are within the permissible tolerance. This is not so. The trap so set has no tolerance above and has 1 metre tolerance below the 3.5 metre bar. In all cases the trap should be set to throw targets 3 metres high when 10 metres from the trap and should be altered immediately weather conditions cause clays to be thrown outside these limits. All too few clubs set their traps so that they cannot lower them to cope with an oncoming wind.

9. The provisions of rules 6 and 7 shall apply to targets released in still air.

If in the opinion of the Referee, a target was legal when fired upon, but was blown out of bounds or fell short of distance due to adverse weather conditions it shall still be classed as a legal target.

TARGETS.

10. Standard targets shall measure not more than 11 centimetres in diameter nor more than 2.85 centimetres in height nor more than 110 grams in weight.

GUNS AND LOADS.

11. (a) The term "Magazine gun" applies alike to automatic guns, pump guns (so called) and other guns not directly dependent on hand loading and are permissible for clay target shooting.
- (b) Release trigger guns shall only be used on registered ACTA

ground, subject to the following conditions:—

- (i) ACTA shooters suffering from some condition which would make the use of a release trigger gun desirable shall obtain a statement signed by the President and Secretary of the shooter's home club, that the shooter suffers from such condition and shall present the statement to a Referee Examiner who shall satisfy himself that the shooter understands the use of a release trigger device.
Having been so satisfied the Referee Examiner shall forward the club statement to the ACTA Executive Director who shall keep the register of shooters authorised to use release trigger guns.
- (ii) No ACTA shooter other than those authorised in Trap and Skeet Rules 11 (b) (i) shall use a release trigger gun.
- (iii) All release trigger guns used by ACTA shooters and overseas visitors shall be clearly labelled in red — "CAUTION RELEASE TRIGGER" — in a conspicuous place near the breech. Such labelling to be consistent with 12mm width marking tape.
- (iv) Release trigger guns shall not be left in gun racks or in positions where they can be mistakenly handled but shall be constantly under the control and supervision of the user.
- (v) The user of a release trigger gun shall notify the Referee at each visit to the trap and skeet layout.
12. No gun whose gauge is larger than 12 gauge is permitted nor shall any barrel(s) length be shorter than 63 centimetres overall.
13. For Championship events (Commonwealth, State, Zone, and District), the load is limited to 32 grams struck measure or equivalent, shot size not larger than No. 6. Re-loads are permitted in all events except National Championships.
14. For handicap events, load is restricted to 36 grams struck measure or equivalent, shot size not larger than No. 6.

CHALLENGE.

15. (a) A competitor may challenge the load of any other competitor. On receipt of a written challenge, with \$20 forfeit, the Management shall obtain a cartridge from the challengee, and if after public examination of it the Management finds the challengee has violated requirements he may be disqualified or not accordingly as the offence was wilfully committed or otherwise. In case the challengee is wholly innocent the forfeit shall be paid to him, otherwise it shall be returned to the challenger. The Management of any Club, or of any tournament has the power to examine any competitor's cartridges at their discretion, without involving themselves in any penalty.
- (b) A competitor may appeal against the decision of a referee in regard to interpretation and application of these rules. The competitor shall advise the referee before he leaves the shooting track that he intends to appeal, and, immediately upon completing his runover the traps the competitor shall lodge a written appeal and \$20 forfeit with the management. The management shall enlist the aid of at least three, including any Executive Committee Members, Referee Examiners, Rules Supervisors, or official Referees on the grounds, to examine the matter, and should the competitor's appeal be upheld, his forfeit shall be returned and the correct ruling shall be applied to the target appealed against. Should the appeal be disallowed the forfeit shall be paid to the Club concerned. There shall be no appeal against a referee's decision in regard to whether a target is legal or whether it has been missed.

MANAGEMENT.

16. The Management of any club holding a tournament or competition under these rules has the authority to reject any entry in the said tournament or other competition without giving any reason and to disqualify in whole or in part any competitor who acts in an ungentlemanly or disorderly manner, or who handles his gun dangerously.

COMPETITOR AND COMPETITION

17. Whosoever the word "Competition" may be used in the following rules, it is to be understood to refer to each particular event, and must at all times be construed by the Management in whose charge the carrying out of such "Competition" has been entrusted.

18. A competitor is one who has nominated for a particular event, and whose name appears on the official score sheets or score board. A competitor can compete only once in each event. Each competitor shall carry and present his current Handicap/Registration Card at all shoots before he is allowed to participate (see also Rule 74g).
19. Every competitor entering competitions agrees to accept all official decisions, and to abide by the rules controlling the competition.
20. All competitors must be registered by the ACTA before taking part in competition. Unregistered competitors are not permitted to compete at any time.
21. Competitors must at all times use their correct names when entering a competition. Shooting nom-de-plumes are not permitted.
22. Any competitor who commences an event and withdraws or is disqualified from the competition forfeits the right to resume and to any refund from the event.
23. All clay targets — broken or otherwise — shall remain the property of the Club and not the competitor. The competitor only pays for the privilege of shooting.
24. Should darkness, bad weather, or other cause interfere with the competition the Management shall have the right to decide when and how the competition shall be continued, provided that this is not postponed longer than one calendar month. Any competitor who defaults in respect of such postponed competition forfeits all his rights and standing therein.
25. Shooting for targets only, is a term which shall be held to define the status of a competitor in any given event, or events, or in an entire tournament program, and shall signify that a competitor is "shooting for targets only" and has no interest in any trophy or trophies, nor any interest in money or monies in any specific event or events or in the entire program. The competitor's name shall be placed on the squad board, signifying that he is shooting for targets only. "Shooting for targets only" shall be allowed in any event at the discretion of the Club.
26. (a) Open shoots, that is Commonwealth, State and District Championships and open competitions (cases where more than \$200 value is allotted for distribution in any one event), must have the approval of the State Association before being advertised or conducted. (This rule applies to the actual event and the date of holding).
- (b) Clubs allocated Commonwealth Championships and Interstate Teams' Matches must advertise the event in the ACTA "Shooting News" at least once, two months before the actual shooting date.
- (c) Clubs allocated State Championships must advertise these events in the ACTA "Shooting News".
27. A manual, automatic or electric oscillating trap must be used at all open shoots.

SAFETY.

28. (a) Shooting, holding the gun in any position other than orthodox i.e. to the shoulder, is prohibited (with the exception of a physical disability) any shooter acting in this way will be immediately suspended by Referee or Management, and reported to the Executive Committee in writing. Minimum penalty three (3) months suspension.
- (b) All guns carried on or about the shooting ground must be held in a position of safety, with the breech open and unloaded at all times.
- (c) Shooting on the grounds at any place other than the firing point at legitimate targets only is prohibited except where a pattern plate is installed.
29. (a) When it is his turn to shoot, a competitor shall close his gun only when at the firing point and facing the traps, he must remove the cartridge or cartridges from his gun before turning from the firing point on No. 5 lane and proceeding to No. 1 lane and shall not reload until standing on No. 1 lane. The cartridge or cartridges must be removed from any magazine gun between each lane. Provided he is standing on the mark from where he is going to shoot, and there is no person on a more forward mark a competitor using a semi-automatic or magazine type gun may drop a cartridge into the barrel whilst he is waiting his turn to shoot. The breech shall be left open and the gun muzzle shall remain pointed in the direction of the trap-house. The competitor may only close the breech and load

the second cartridge into the magazine when it is his turn to shoot.

- (b) Shooters must not close or attempt to mount the gun to the shoulder until the result of the previous shot has been called by the Referee.
- (c) During any event, competitors must remove all cartridges from their guns immediately upon the red signal at the trap-house, or if any official approaches the trap-house concerned.

PROCEDURE.

30. A competitor must be at the firing point within two minutes after having been called by the official referee, scorer or a member of the Club Management. Failing therein, he may be disqualified or penalised with loss of targets and may be re-squadded in the last squad at the discretion of the Club.
31. Empty shells on the ground must not be collected by anyone whilst the shooters are on the tracks. Only those people directly associated with the competition will be on the ground whilst the shoot is in progress.
32. A target must be thrown for No. 1 shooter on his call at his first and subsequent visit to each trap, or after a break in shooting.
33. When at the firing point ready for competition, the competitor shall distinctly give the command "pull" or a similar command to the referee and thereafter the competitor is in the competition (see also Rule 49).
34. Unless, in the opinion of the referee, it is contrary to the equity of the competition, a competitor taking part in the competition may shoot at pieces of his own target, if he so wishes.
35. No competitor shall make, negotiate or discuss any bet (either on his own shooting or that of any competitor) whilst he is at the firing point or shooting tracks, nor shall he leave the firing point or shooting tracks for the purpose of making, negotiating or discussing any bet. If any competitor infringes this rule, he may be disqualified by the referee.

HANDICAP SHOOTING.

36. (a) No competitor is permitted to shoot from other than his ACTA handicap mark except in novelty events, common mark graded trophy events or common mark open championships or eyeopeners preceding common mark events which shall be shot from the same mark as the common mark event. All common mark graded events must be shot within the common mark rules.
- (b) Clubs may conduct trophy or sweepstake events to be shot from handicap marks with competitors divided into various handicap groupings.

SQUADS.

37. Competitors shall be in squads with a maximum of 6; where there are withdrawals from a squad or squads after the competition has begun, squads will be closed up before each run over any trap. No. 1 competitor in each squad shall always start the shooting. The Club, at its discretion, may require competitors to change starting lanes on each trap as follows: — No. 1 competitor shall commence shooting from lane 1, on Trap No. 1, Lane 2 on Trap No. 2, Lane 3 and so forth over all the traps. This rule shall also apply to Double-rise.
38. (a) Managements have the right to divide the number of targets by the number of traps available, shooting 6, 7 and 8 targets per visit per trap. Illustration No. 1: 15 targets, 2 traps, 1 visit. No. 1 competitor shoots 8 targets on trap No. 1, finishing on Lane 3. No. 1 competitor now starts on lane 4 on trap No. 2 and shoots 7 targets, finishing on Lane no. 5. Illustration No. 2: 30 Targets, 5 traps, 6 targets per trap, one visit. Clubs must preserve equality by lane changing between traps.
- (b) In events of more than twenty five (25) targets, managements of the clubs with multi-trap facilities may start squad No. 1 on Trap No. 1, squad No. 2 on Trap No. 2, squad No. 3 on Trap No. 3 etc., and shoot up to half the number of targets in the event per trap. For the second squad No. 1 will advance up to half the number of traps available.

Examples:

1. For a three (3) trap layout, squad Nos. 1, 4, 7, etc., will shoot their first round from trap No. 1 and will advance to trap no. 2 for their second round, — squads 2, 5, and 8, will advance from Trap 2 to Trap 3.
2. For a four (4) trap layout, squad Nos. 1, 5, 9 etc., will shoot their first round from Trap No. 1 and will

advance to trap No. 3 for their second round, — squads 2, 6 and 10 will advance from Trap 2 to Trap 4.

- (c) Events of 25 targets but not greater may be shot in a visit to a trap.
39. (a) All competitors in a squad shall automatically change lanes, once having fired his shot, a competitor may move back along his own shooting lane but he may not move off his shooting lane until the next competitor has fired his shot, excepting the shooter on number five (5) lane who having removed the cartridges from his gun before turning round may proceed to number one lane and not reload until on that lane. No competitor shall close his gun to fire until all persons on the shooting tracks have withdrawn to a handicap mark at least equal to his own. Club managements shall have the option of shooting 5 targets per lane in 25 target event. Squads to be a maximum of 5 shooters.
- (b) All members in a squad must remain at the shooting tracks until the last competitor has shot.

SHOOTING UP.

40. No shooter may be allowed to enter an event after the commencement of the second round of that event.

REFEREE.

41. (a) To become a registered referee, a candidate shall approach his Club Secretary and President, who (when they consider that the candidate has achieved a satisfactory standard) shall recommend in writing to the nearest Registered Referee Examiner on the prescribed form that the candidate be given a practical and oral examination. When the candidate has passed this examination to the Examiner's entire satisfaction the examiner will then submit his recommendation plus the form to the ACTA Executive Director, who will issue a Referee badge to the candidate. Any candidate who has failed and wishes to be re-examined must be re-examined by the same Examiner.
- (b) The Rules Supervisors will keep a record of all Referees in their State.
- (c) The Club Management complaint of any Referee or Referee examiner shall be referred to the nearest Rules Supervisor within the State for investigation. The Rules Supervisor has the power to suspend the person concerned until the State Association Meeting. If justified the State Association has the power to further suspend and recall the Referee or Referee Examiner's badge and shall advise the ACTA Executive Director of the action taken.
- (d) Referees shall be appointed for a period of five (5) years and are eligible for re-examination. Any Referee or Referee examiner who fails to register in any year will have his name automatically removed from the Association Referee and Referee Examiner list.
- (e) The Referee's decision in all cases coming under his jurisdiction as set forth in the rules, shall be final. Referees must wear their official badge at all shoots.

DUTIES OF REFEREES.

- (f) The Referee, besides attending to special duties set forth in these rules, shall adjudicate the competition, he shall distinctly and loudly announce the result of each shot by calling out "one" when the target is broken, and "Lost" when the target is unbroken, except Points Scoring, he shall decide all other issues which arise in relation to the direct competition.
- (g) A check Referee shall be employed for Deauville Doubles and Double Rise competition with the chief Referee to give the decision.
- (h) If the Referee is negligent, or inefficient, impairing thereby the equity of the competition, the Management may forthwith remove him. This rule applies also to scorers, pullers, trappers and any other of the staff.
- (i) The Referee is empowered to challenge the ammunition used by any competitor.
- (j) The Referee has power to alter his decision. If altering his decision on "Lost target" or "Baulk," etc., during the competition, this must be done before the shooter in question shoots his next target or the shooter leaves the tracks should this be his last target.
- (k) The officiating Referee or the Management MUST adjust the trap immediately if it is not throwing regulation targets. Immediately following such alteration a target must be

thrown and the competition continued.

- (l) He must have complete knowledge of the Rules of the A.C.T.A. and shall adjudicate the competition at all times as set by the management.
- (m) It is his responsibility to announce the conditions as set out in the Rules for each event before the competition commences, also to deploy shooters to their correct firing lanes.
- (n) As shooting proceeds he must observe that shooters are commencing on their correct mark, not shooting out of turn, handling their guns with safety, and using the correct shells as laid down for each individual event.
- (o) The referee must be efficient and alert at all times and it is most important that he should gain the confidence and respect of each and every competitor.

DUTIES OF SHOOT MARSHALL.

42. (a) He must observe all the duties of the official referee.
- (b) He must be present at all shoot-offs.
- (c) He must see that all traps are checked for correct height and angles prior to shoot-off.
- (d) The shoot marshal shall be in charge of all operations and personnel including referees relating to the shoot and shall be responsible only to the management.
- (e) He must instruct and roster the duties of all personnel prior to the commencement of each day's shooting.

DUTIES OF REFEREE EXAMINER.

43. (a) To examine applicants for Referee in trap and or skeet, who have been recommended as required in the A.C.T.A. shooting rules.
- (b) To assess the applicant's temperament, fairness, his ability to control a situation and his personal behaviour on the shooting tracks as a shooter before considering an examination.
- (c) To observe the actions of existing Referees on the shooting ground and to discuss any problems or make any recommendations considered appropriate.
- (d) To make themselves available when convenient to attend Rules discussions when required by clubs.

DUTIES OF RULES SUPERVISOR.

44. (a) To examine applicants, theoretically and practically, for the position of A.C.T.A. Trap and Skeet Referee Examiner and to advise the A.C.T.A. Office when the applicant is successful.
- (b) To demand a degree of ability, before authorising new Referee Examiners, that will ensure a high standard of Refereeing.
- (c) To observe the actions of existing Referee Examiners and Referees and to discuss any problems concerning their duties.
- (d) To investigate the written complaint of any club management or Referee Examiner concerning the ability of existing Referees and to report to the appropriate State Association when action is considered necessary, with full facts so that the State Association concerned may recommend the action to be taken as detailed in trap rule (41C) and skeet rule (50C).
- (e) To investigate the written complaint of any club management concerning the ability of any Referee Examiner and to report the facts to the appropriate State Association concerned necessary, so that the State Association concerned may recommend the action to be taken.
- (f) To arrange or require the re-examination of any Referee examiner or Referee. (When investigating complaints concerning Referee Examiners and Referees every effort should be made to correct the complaint by re-examination or re-training in preference to suspension).
- (g) To control the number of Referee Examiners so that:
- (i) Referee applicants cannot shop around for an easy examiner.
- (ii) The principle of common interpretation is maintained — (The more examiners the more chance of interpretation becoming loose).
- (h) Rules Supervisors should not generally carry out Referee examinations but may do so if requested or if there is no Referee examiner in the area.
- (i) To make themselves available when convenient to attend Rules discussions when requested by clubs.

REFEREE AND SCORER

45. The scorer shall keep an accurate record of each shot, according

to the referee's call. He shall mark the figure "1" for the call of "one" or the figure "0" for the call of "lost" for either single barrel or double barrel shooting. Double barrel denotes that two shots are allowed per target, each shot of equal scoring value. Double barrel "Points" denotes three points for a "score" on the first barrel, two points for a "score" on the second barrel and no points for "lost". These points score will be called by the referee and scored by the scorer accordingly.

If the scorer is incompetent at scoring the referee has the right to change the scorer before commencement or during the event.

46. All malfunctions, faulty cartridges or misfires must be recorded on the score sheet as "M" for malfunction. "R" for all refusals.
47. The official score must be kept on a score sheet and be available for inspection by the competitor.
48. It shall be the responsibility of the competitor to check his score with the score sheets before leaving the shooting tracks. Any protest on his score must be lodged with the referee immediately, i.e. before leaving the shooting tracks. Such protest can only be made against incorrect score.

49. (a) The referee shall release the target instantly in response to the competitor's acceptable call. (See also rule 33). If a shooter fires at what is considered to be an irregular target or a fast or slow released target, he or she must abide by the result.

(b) Club management have the option of conducting events using separate Button Pushers, Referees and Scorer(s).

50. The Referee shall have an uninterrupted view of the competitors at the firing points.

BROKEN TARGETS.

51. A "broken target" is one which has a visible piece or pieces broken from it, whilst in the air, by the shot from the competitor's gun.

DUSTED TARGETS.

52. (a) A "dusted target" is one from which more or less dust is detached by the competitor's shot, but which shows no visible diminution in size therefrom. A dusted target is not a broken target and is a "Lost target".

(b) A target, if legal when fired upon is to count even if it falls outside legal limits because of wind or some other factor.

NO TARGETS.

53. After "No target" has been called by the Referee under any of the following conditions it thereafter plays no part in the competition and is irrelevant to it.

54. No target shall be called when a target is refused for the following reasons.

(a) A target is released without the competitor's call and the target has not been fired at.

(b) a time interval occurs before or after the competitor's call unless the target is fired at.

(c) a target does not conform to the definition of a legal target as regards height, distance or angle thrown and the target has not been fired at, (see rules 6, 7 and 9).

*Note: If in the opinion of the management an excess of refusals is recorded, the management has the right to check the shooter, Referee and equipment.

No target shall be called when:

- (d) a broken target is released.
- (e) in single target shooting, two targets are released at the same time.
- (f) when a competitor shoots out of turn or from the wrong lane.
- (g) two competitors, or a competitor and a non competitor shoot at the same time, at the same target.
- (h) a misfire or malfunction occurs in either barrel caused by the competitor's gun or misfire of a cartridge due to no neglect on the competitor's part. In the event of a misfire of the second barrel, the competitor must fire a live cartridge in the general direction of the target, and is permitted to score with the second barrel only. If the competitor accidentally breaks this target with the first barrel, "No target" shall be called and another thrown, if he again breaks this with the first barrel, "Lost target" will be scored. If in the opinion of the Referee the first shot was fired before the target was visible, "Lost target" shall be scored.

(i) a simultaneous or near simultaneous discharge occurs, i.e., from any cause both barrels are discharged together or nearly together. Simultaneous discharges shall be recorded as a malfunction.

(j) a cartridge lacks a live primer, or one in which the primer fires, but through failure of the cartridge or lack of

components, and which consequently leaves part of, or all of the charge of shot or wad in the barrel.

Note: A soft load, in which the shot and wad leave the barrel is not a faulty cartridge. After all misfires the referee must inspect the firearm before making his decision. (Obstruction in barrel "No Target").

BAULK.

55. (a) Any extraneous occurrence which, in the opinion of the referee, materially interferes with the equity of the competitor after he calls for his target constitutes a baulk.

(b) Under no circumstances will a baulk be granted unless claimed by the competitor immediately it occurs, or if, in the opinion of the referee, a baulk has occurred, he may restore the competitor's target.

LOST TARGET.

56. Lost target shall be called when:

- (a) a competitor fails to break the target.
- (b) the competitor fails to shoot because his gun is unloaded, or because the safety was faultily adjusted or jarred back whether from his oversight or not, or because of any other cause chargeable to his oversight or neglect. Should this happen in a double rise event, the first target only should be declared lost and a proof pair shall be thrown to determine the result of the second shot only. However, a shot shall be fired at each target in the proof pair.
- (c) the competitor has an apparent misfire or malfunction and attempts to open the gun before the referee examines it. A competitor having an apparent misfire or malfunction will forthwith call the Referee for his decision. The competitor must not turn around and must keep his gun pointed in the direction of the traphouse until the Referee has given his decision (see rule 54 (j)). If a competitor's gun breaks down and it is necessary to seek a replacement the competitor is allowed three (3) minutes to do so. If this is not possible the competitor may leave the squad and finish the remaining targets of the round at a time decided by the Referee or when a vacancy occurs.
- (d) in single barrel shooting the competitor loads two cartridges into the gun. A competitor is allowed to load one cartridge only and is not permitted to load an empty shell or dummy cartridge.
- (e) a competitor shoots from his wrong handicap mark, or the competitor's stance violates rule No. 4.
- (f) on the fourth and subsequent malfunction in any one event. However, at the end of each 100 targets in any one event, the malfunctions that have occurred should be cancelled, and the count should re-commence from zero.
- (g) a target is dusted (see rule 52 (a)).
- (h) in the opinion of the Referee, a target was legal when fired upon, but was blown out of bounds or fell short of distance due to adverse weather conditions.
- (i) an illegal target or a slow or fast released target is fired upon and missed. A competitor may refuse illegal targets, but if he shoots, the result must be scored.
- (j) the cartridge is defective but no part of shot or wad remains in the barrel.

ABIDE BY RESULT.

57. Should there be a faulty cartridge, misfire or malfunction in the first barrel, in any type of event, and the competitor fires the second barrel where this is possible, the competitor shall abide by the result and shall have no claim to a repeat target for the first barrel.

Where this happens in a points scoring event and the target is broken with the second barrel the decision shall be as follows:

- (a) If there was no detonation of either primer or powder with the first barrel the score shall be "3";
- (b) If there was a detonation of either primer or powder with the first barrel the score shall be "2".

In both cases if the target has been missed with the second barrel the score would be lost.

SASHES.

58. (a) Sash colours for clubs to be any colour other than those designated for National, Commonwealth (both royal blue), State (red) and District (white) Championship sashes.

(b) Any person or persons or organisations may donate a trophy or trophies for competition but must comply with A.C.T.A. rules.

TYPES OF SHOOTING.

59. (a) **DOUBLE BARREL.** Double barrel shall be shot with two barrels permitted and a score on either barrel to be of equal value.
- (b) **SINGLE BARREL.** Single barrel the competitor is permitted to load one cartridge only in the gun.
- (c) **POINTS SCORING.** Points scoring shall be shot as double barrel where a score on the first barrel is scored three points, a score on the second barrel is scored two points, and no points for a loss with both barrels.

DOUBLE TARGETS.

60. (a) Double targets. Double rise shall be shot squad system and may be off handicap or championship marks and called by the referee, 1-1 or lost -1 or 1 - lost or lost lost whichever the case may be, each target to count one point. In the event of a tie to be shot off squad system 5 pairs, total 10 points until finality.
- (b) A competitor must shoot at a complete pair of targets on every occasion, each target broken by the competitor's shot shall score one point, two barrels must not be attempted to be fired at one target.
- (c) It is "no target" and the referee shall declare "no target" and allow the shooter another pair under the following conditions:
- (a) When only one target is thrown.
 - (b) When both targets are broken by one shot.
 - (c) When there is an allowable misfire on either shot.
 - (d) When the gun breaks down so either shot cannot be fired.
- (d) When one or both targets are thrown broken even though the shooter fires one or both shots.
- (e) If one or both targets of a pair are not within the prescribed angle or height limits, it is "no target" if the shooter does not fire either shot. If the shooter shoots at an illegal first target and the SECOND target is LEGAL, he must also shoot the second target. However, a shooter is not required to shoot at an illegal second target even though he shot at the first target which may have been either a legal or an illegal target.
- (f) When both targets are not released simultaneously.
- (g) When one target or both targets are thrown at a wider or narrower angle or angles than is set forth, subject to the following conditions:
- Both targets shall be called "lost" if the shooter deliberately shoots at the same target twice. This rule is not applicable to a gun "doubling" or "machinegunning", these are malfunctions and are not deliberate second shots.

DEAUVILLE DOUBLES.

61. (a) Deauville doubles shall be shot with four competitors on the tracks at one time, the first pair using lanes 1 and 5 and the second pair using lanes 2 and 4. After shooting first round of 5 pairs, competitors then change lanes, first pair taking lanes 2 and 4 and second pair taking lanes 1 and 5. Tie shoots shall be conducted first miss-out from lanes 2 and 4, one team at a time. The competitors may arrange between themselves which lane they will take, and who will call for the release of the clay targets, which will be released instantly on the competitor's acceptable call. In the event of a false call by either competitor they must abide by the result. Only pairs will count, and as 1 point. Either competitor can help his partner.
- (b) Any faulty cartridge, misfire or malfunction in Deauville Doubles does not entitle the competitors to another pair of targets and they must abide by the result.

WALK UP.

62. Walk-up events shall be shot double-barrel from No. 3 lane, squad system. The competitor shall load his gun at the 22 metres mark; when ready in this position he commences to walk at a normal walking pace, holding his gun in such a position that the butt of the gun must be level with his hip and cannot be mounted to the shoulder until the target is released. The Referee/puller shall release the target between the 20 metres and 15 metre marks inclusive, the mark being unknown to the competitor, having previously been determined by an indicator or dice. No. 1 competitor shoots at one target, he then returns to the rear of the squad, each competitor doing the same in turn.

WALK UP POSITION OF SAFETY.

63. (a) A loaded gun shall be deemed to be in a position of safety when it is the competitor's turn to shoot and he faces and

points the gun in the general direction of the trap house, having the gun in the gun-down position.

- (b) Having fired at the target, or in the event of a no target, the competitor shall open his gun and remove all live shells and fired cases before attempting to turn around and return to the rear of the squad or to recommence his walk.

MIXED TARGETS.

64. A mixed target event shall be a combination of a series of double barrel, single barrel, points score and double rise targets. Shot squad system under rules applicable to the appropriate section with target numbers and shooting marks in accordance with the appropriate championship.

TOWER EVENTS.

65. (a) Tower events may be shot double barrel, single barrel, points scoring and double rise squad system, competitors in a straight line left to right, with centre No. 3 competitor standing in front of the centre of the tower. Whilst at the firing point the competitor must not turn towards the tower, but must face directly to the front throughout the competition.
- (b) Shooters stand 3 metres apart at the rear of the concrete track, as for down-the-line trap shooting. The track is 1.5 metres from the front to rear and each shooter must stand at the rear of this track until it is his turn to shoot. He then steps forward up to, but not over, the leading edge of the track which then puts him 1.5 metres in front of a vertical line from the centre pivot point of the trap. After shooting, he breaks his gun and returns to the rear of the track.
- (c) When Number 5 shooter has shot, he walks to the rear of the Tower, and around to the No. 1 station.
- (d) The trap shall be 10 metres above the ground, plus or minus 1 metre, mounted on a tower. Targets shall be thrown at standard angles, i.e., 45 deg. either side of the centre line. Tower targets shall be thrown within a minimum of 75 metres and a maximum of 85 metres, measured laterally from the base point of a vertical line from the centre pivot of the trap. The targets shall leave the trap as near to horizontal as practical.
66. Continental events shall be shot double barrel, single barrel and points scoring with the traps set as follows;
- (i) low targets shall be thrown 1.5 metres above the level of the centre lane at a point 10 metres from the trap, with a tolerance of 15 centimetres above or below.
 - (ii) high targets shall be thrown 5 metres above the level of the centre lane at a point 10 metres from the trap, with a tolerance of 15 centimetres above or below.
 - (iii) distance — the low target shall be thrown a minimum 45 metres and a maximum of 55 metres.
 - (iv) angles — flight of targets shall be thrown at unknown angles a maximum of 45 deg. right and left of the centre lane.

I.S.U. CHAMPIONSHIPS.

67. (a) Commonwealth, State, Zone and District Championships may be conducted under International Shooting Union Rules. Applications to be made as in Trap rule 26 (a).
- (i) District I.S.U. Championships to be of 50 targets or 100 targets.
 - (ii) Zone I.S.U. Championships to be of 50 targets or 100 targets.
 - (iii) State I.S.U. Championships to be of 100 targets or 200 targets.
 - (iv) Commonwealth I.S.U. Championships to be of 200 targets.
- (b)
- (i) All I.S.U. events shall be run as graded events and equal trophies shall be provided for each grade.
 - (ii) Shooters shall be graded into four classes by their percentage performance at all targets fired upon in competition, and shoot-offs, from 15 metres at either I.S.U. Trench or U.I.T. Trap.
 - (iii) The grades shall be:
AA — 95 — 100% B — 75 — 84%
A — 85 — 94% C — all under 75%;
 - (iv) It shall be the responsibility of a designated club official to progressively mark the shooter's card with his results and after each 100 targets and at November 30 annually when re-registering the card must be submitted to the club secretary for correct classification and reporting to

A.C.T.A. central records.

- (v) In the event of 100 targets not being shot at by November 30 then the average shall be taken of the targets shot at up to that time.
 - (vi) Shooters may compete in one grade only.
 - (vii) Until such time as a shooter records his initial 100 I.S.U. or U.I.T. targets he shall be placed in the same class as his grading under A.C.T.A. Rules.
- (c) I.S.U. Entrance fees —
- | | | | |
|--------------|------|----------|------|
| Commonwealth | \$42 | District | \$21 |
| State | \$42 | Maximum | |
| Zone | \$21 | | |

SWEEPSTAKES DEDUCTION AND CASH DISTRIBUTION

68. (a) Possible deduction from sweepstakes by clubs, in contests, shall not be more than 50 per cent (inclusive of targets).
- (b) No deduction is permitted by clubs in optional sweepstakes.
- (c) In all cash distribution handicaps or sweepstakes, the distribution shall be on the basis of 60% (1st), 30% (2nd) and 10% (3rd). A competitor scoring the only possible in the event wins only 60% first place.
- All optional sweepstakes shall be compulsory division as in the above formula.
- (d) In all events for prizes or trophies advertised as other than cash distribution, the places shall be decided by shoot-off.
- (e) All optional sweepstakes shall be compulsory division. The management shall clearly indicate on the official score sheet or score board those who have entered for the optional sweep.
- (f) Sweepstakes at State Carnivals on Championships may be decided by the State concerned. State Associations shall have the option of conducting either compulsory or optional sweepstakes at State Carnivals.

TIES.

69. (a) Commonwealth, State, Zone and District championships shall be shot off squad system, first miss out. All competitors to commence on the same trap, competitors shall be squadded in the order they qualified. Competitors shall close up when commencing at each trap or at the recommencement of shooting after a break for ammunition where the shoot-off is being solely conducted on one trap. Shoot-off competitors shall carry enough shells for a complete run over each trap or for at least 25 targets where the shoot-off is being conducted over one trap. Failure to comply, penalty "lost target".
- Competitor allowed five (5) minutes to replenish ammunition between rounds of shoot-off. Failure to comply "lost target".
- Competitors shall be re-squadded at the commencement of each run over a line of traps or immediately there is only one survivor of a run over a particular trap (i.e., no competitor shall be required to commence a run over a trap on his own unless he is the last competitor in the shoot-off).
- (b) **Deauville Doubles.** First miss-out shot from lanes 2 and 4 as per Rule no. 64 (a).
- (c) **Double Rise.** To be shot squad system as per Rule 60 (a) (b) & (c).
- (d) **Walk-up.** To be shot squad system as per Rule 62, best of five targets until finality.
- (e) **Mixed Targets.** To be shot in any order from No. 3 lane, 2 double barrel, 2 single barrel, 2 points score, 2 pair double-rise. Total 14 points until finality.
- (f) **Tower double barrel, single barrel and points scoring** shoot-offs to be shot squad system, first miss out.
- (g) In all shoot-offs, competitors shall shoot in the order in which they qualified.

HIGH GUN.

70. The High Gun for a shoot shall be over the advertised program or such events as the club, at its discretion, has advertised. In the event of a tie for High Gun, where such program included varied types of events, the shoot off shall consist of rounds of two of each type of targets (D.B., S.B., D.B. Points, D.R. two pairs off the prescribed marks where applicable) on the High Gun program, all to be shot from the centre lane with the highest scorer, over the full round, to be the winner.
- Points score events must count as points to determine High Gun.

COMMON MARK SHOOTING AND CLASSIFICATION.

71. (a) CLUBS SHALL HAVE THE OPTION OF RUNNING

ALL CHAMPIONSHIPS OTHER THAN STATE OR COMMONWEALTH CHAMPIONSHIPS EITHER AS GRADED EVENTS OR AS ONE CLASS EVENTS with trophies for first, second, third, with handicap group trophies. All appropriate 15 metre scores shall be recorded for percentage performance classification irrespective of how the event is run.

Note: Recording for Grading does not apply to the following novelty events such as D.D., D.R., W.U., M.T., Continental and Tower, or to single barrel events.

- (b) A graded event is a competition common mark shooting event in which all the competitors shoot from the same mark and prizes are allocated for various classes of competitor.
- (c) Shooters shall be graded into four grades by their percentage performance at all standard targets fired upon in common mark 15 metre competition, including shoot-off targets, in double barrel and points scoring events with broken targets to count. Results in handicap events or off common marks other than 15 metres shall not be included.
- (d) Grades shall be:
- | | | | |
|------|-------------------|-----|-------------------|
| "AA" | 97% and over | "B" | 87% and under 94% |
| "A" | 94% and under 97% | "C" | under 87% |
- (e) All shooters not previously registered with the A.C.T.A., and competing for the first time in common mark events, will be graded on the first 50 targets shot in competition, under the common mark classification.
- (f) Club management have the option of running common mark events A/A, A, B and C, A, B and C, Overall A, B and C and First, Second and Third.
- (g) The grade earned by a shooter on his 15 metre results shall be his classification for all common mark events.
- (h) It shall be the responsibility of a designated club official to progressively mark the shooter's card with his 15 metre results and after each 200 targets regrade the shooter if necessary. Note: If the 200 targets falls during an event or shoot off, regrading will not take place until the completion of that event. When he registers the shooter shall be placed in the allowable grading indicated by his percentage at the conclusion of his last 200 targets. If he has not shot at 200 targets during the year he shall be graded on the percentages of the targets shot at up to the time of re-registration.
- (i) A shooter may have his grade increased after shooting 200 targets but must shoot two consecutive groups of 200 targets at a lower grade percentage to be down graded. All scores after the last grading must be carried forward onto new handicap card.
- (j) No shooter, other than those awaiting the issue of a card after registering for the first time, shall be allowed to enter in any competition unless he submits his card to the designated club official on each shooting day. However, if a shooter has lost his card he shall be allowed to compete providing he is registered with the ACTA.
- (k) He shall be allowed to compete in his grade in common mark events and shall be allowed to compete in handicap events from the mark he claims to be his correct handicap mark. Should he win prize money or trophies they shall be retained by the club until such time as the shooter finds his card or obtains a new one and presents it to the club for marking.
- (l) Should it be found that the shooter has claimed the wrong handicap mark or grade, the State Association shall advise the nearest Executive Committeeman so that the matter may be investigated.
- (m) Should it be also found the shooter deliberately mislead the club management regarding his Grade and/or his handicap, the shooter be suspended for a period of three (3) months.
- (n) A shooter must not shoot in a grade higher than his best performance. Once having attained a grade he may elect to remain in a higher grade at the time of re-registering or reclassification. Once attaining 'A' Grade a shooter cannot be reclassified as 'C' grade.
- (o) Any shooter re-registering after a period of non registration shall be placed in the same grade and handicap as when he was last registered.
- (p) Managements conducting graded common mark events shall provide a minimum of one equal value prize or trophy for each grade.
- Managements may award additional sashes, badges and/or trophies at their discretion provided the recognition given to

the overall winner remains distinctive.

Unless the management clearly advertises otherwise the optional sweepstakes on graded common mark events shall not be broken up into three classes but shall be compulsorily divided over the whole field.

CHAMPIONSHIP CONDITIONS — MACKINTOSH INTERNATIONAL TRAP TEAMS MATCH.

International Trap Teams match shall be shot under the conditions that apply at the time.

QUALIFICATIONS.

72. Each team member shall be an Australian citizen of at least 12 months' standing. In the event of a member being unable to take his place in the team, his place will be filled by another shooter, agreed upon by the Organising Committee.
73. The necessary highest scores over the National Double Barrel of 50 targets; National Single Barrel of 50 targets; and the Australian and New Zealand Championship of 50 targets; point scoring 3 and 2, shall become Australia's International Team. In the event of a tie, to be shot-off in the order of qualification, squad system, at full rounds of 5 targets double barrel, 5 targets single barrel, 5 targets point scoring 3 and 2, for a possible score of 25, from 15 metres.
74. Highest scorer in the Australian team will hold the special International High Gun Cup, (presented by the late J. M. Bauman, Esq., of Brisbane) for 12 months, (or until the next International match) and will be awarded a special trophy and the International High Gun Sash. Second and third High Guns will also receive trophies.
75. (a) Every member of the Australian Team will receive the special "International Badge".
(b) Ladies and junior teams of five (5) shooters will be selected under the above conditions.
76. Only A.C.T.A. official Referees to officiate, scorer and check scorer to be provided, score sheets to be signed by scorers and Referees. The team members to be squadded in the order in which they qualify.

AUSTRALIAN NATIONAL DOUBLE BARREL CHAMPIONSHIP.

77. This Championship shall be shot, as a graded event, at 50 targets from 15 metres, 25 targets per visit one visit to the traps, each competitor to shoot from the five lanes, squad system. In the event of ties, to be shot off squad system, first miss out (refer rule 59 (a)).

AUSTRALIAN NATIONAL SINGLE BARREL CHAMPIONSHIP

78. This Championship shall be shot, as a graded event, at 50 targets from 15 metres, 25 targets per visit, one visit to the traps each competitor to shoot from the five lanes, squad system. In the event of ties, to be shot off squad system, first miss out (refer rule 59 (b)).

AUSTRALIAN NATIONAL DOUBLE RISE CHAMPIONSHIP

79. The Championship shall be shot as a graded event, at 25 pairs double rise from 15 metres. (refer rules 60 (a), (b), (c).)

AUSTRALIA — NEW ZEALAND CHAMPIONSHIP

80. The Championship shall be shot as a graded event, at 50 targets double barrel points from 15 metres, 25 targets per visit, one visit to the traps. Each competitor to shoot from the five lanes, squad system. In the event of ties, to be shot off squad system, first miss out. (Refer rule 59 (c)).

CHAMPION OF CHAMPIONS CUP

81. To be an event which for the time being shall be shot under conditions as determined by the Executive Committee.

ENTRANCE FEES.

82. Entrance fees and trophies for all National Championships to be determined each year by the full Executive Committee.
83. **RON PORTER REMEMBRANCE TROPHY** — Shall be determined from the highest overall scores in the six major trap events comprising Grand Australian Handicap, National Double Barrel, Single Barrel, A.N.Z. Double Rise and Champion of Champions. "The actual overall scores to be counted, with the results of the points-scoring event to be counted as a figure within the overall result." In the event of ties, to be shot-off in the sequence of the program, five of each type of trap target on the high gun program.
84. **J. NEWTON THOMAS OVERALL NATIONAL SKEET HIGH GUN TROPHY** — shall be determined from the highest overall scores in the National Skeet Championships.

AUSTRALIA-NEW ZEALAND TRAP TEAMS' MATCH.

85. (a) Teams to consist of six shooters. Both teams shoot at 20 targets per shooter, double barrel from 15 metres. Each competitor to shoot from five lanes, squad system. In the event of ties, to be shot off ten targets per shooter until one team survives. Cartridges shall be the prescribed maximum 32 gram shot load as for all Championship series.
(b) **Team Selection.** — when conducted in Australia; the six top Australian scorers in the Australia-New Zealand Championship comprise the Australian team. When conducted in New Zealand; the Australian team will be selected in accordance with an Executive Committee decision.
86. **Venue** — the match to be hosted, alternately by arrangement, in Australia during the odd numbered years.
87. **Empty shells** — empty shells on the ground at the National Championships are the property of the ACTA.

COMMONWEALTH CHAMPIONSHIPS

88. (a) The Double Barrel Championship shall be shot at 50 targets from 20 metres (See rules 38 (a) and 59 (a).)
(b) The Single Barrel Championship shall be shot at 50 targets from 20 metres (see rule 59 (b).)
(c) The Double Barrel Points Score Championship shall be shot 50 targets from 20 metres (see rule 59 (c).)
(d) The Mixed Target Championship shall be shot as a graded event at 10 targets double, 10 targets single barrel, 10 pairs double rise and 10 points score off 20 metres except Double Rise, which is shot off 15 metres. (See rule 60 (a) (b) (c).) Total 70 points. (See rule 69 (e).)
(e) The Walk-up Championship shall be shot at 25 targets (see Rules 62 and 69 (d).)
(f) The Double Rise Championship shall be shot as a graded event at 25 pairs of targets from 15 metres. (See Rules 60 (a) (b) (c) and 69 (c).)
(g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 24 metres. (See Rules 61 (a) and 69 (c).) Conditions: The Management shall provide four trophies — two for 1st and two for 2nd.
(h) The Tower Championship shall be shot at 40 targets as per rules 65 (a) (b) (c) (d) and 69 (f). Double rise to be shot at 20 pairs of targets.
(i) The Continental Championship shall be shot at 50 targets from 20 metres (see Rule 66).

STATE CHAMPIONSHIPS.

89. (a) The Double Barrel Championship shall be shot as a graded event at 50 targets from 15 metres. (See rules 38 (a) and 59 (a).)
(b) The Single Barrel Championship shall be shot as a graded event at 50 targets from 15 metres (see rule 59 (b).)
(c) The Double Barrel Points Score Championship shall be shot as a graded event at 50 targets from 15 metres. (see rule 59 (c).)
(d) The Mixed Target Championships shall be shot as a graded event at 10 targets double barrel 10 targets single barrel 10 points score and 5 pairs double rise from 15 metres. Total 60 points. (See Rule 69 (e).)
(e) The Walk-up championship shall be shot at 20 targets (see rules 62 and 69 (e).)
(f) The Double Rise Championship shall be shot as a graded event at 25 pairs of targets from 15 metres. (See rules 60 (a) (b) (c) and 69 (c).)
(g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 22 metres (see rules 61 (a) and 69 (c).) Conditions: the Management shall provide four trophies — two for 1st and two for 2nd.
(h) The Tower Championship shall be shot at 30 targets as per rule 65 (a) (b) (c) and 69 (f) (g). Double Rise to be shot at 15 pairs of targets.
(i) The Continental Championship shall be shot at 50 targets from 15 metres (see Rule 66).

ZONE CHAMPIONSHIPS

90. (a) The Double Barrel Championship shall be shot as a graded event at 25 targets from 15 metres. (See rules 41 (c) and 62 (a).)
(b) The Single Barrel Championship shall be shot as a graded event at 25 targets from 15 metres (see rule 59 (b).)
(c) The Double Barrel Points Score shall be shot as a graded event at 25 targets from 15 metres (see rule 59 (c).)

- (d) The Mixed Target Championship shall be shot as a graded event at 10 double barrel, 10 single barrel, 10 points score and 5 pairs double rise targets, total 60 points (see rule 69 (e).)
- (e) The Walk-up Championship shall be shot at 20 targets (see rules 62 and 69 (e).)
- (f) The Double Rise Championship shall be shot as a graded event at 15 pairs of targets from 15 metres. (See rules 60 (a) (b) (c) & 69 (c).)
- (g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 22 metres. (See rules 61 (a) and 69 (c).) Conditions as per 89 (g).
- (h) The Tower Championship shall be shot at 25 targets as per rules 65 (a) and 69 (f).
- (i) The Continental Championship shall be shot at 25 targets from 15 metres.

DISTRICT CHAMPIONSHIPS.

- 91. (a) The Double Barrel Championship shall be shot as a graded event at 25 targets from 15 metres (See rule 38 (a) 59 (a).)
- (b) The Single Barrel Championship shall be shot as a graded event at 25 targets from 15 metres (See rule 59 (b).)
- (c) The Double Barrel Points Score Championship shall be shot as a graded event at 25 targets from 15 metres. (See 59 (c).)
- (d) The Mixed Target Championship shall be shot as a graded event at 5 double barrel, 5 single barrel, 5 points score and 5 pairs double rise total 35 points. (See rule 69 (e).)
- (e) The Walk-up Championship shall be shot at 20 targets (See rules 62 and 69 (e).)
- (f) The Double Rise Championship shall be shot as a graded event at 10 pairs of targets from 15 metres. (See rules 60 (a) (b) (c) and 69 (c).)
- (g) The Deauville Doubles Championship shall be shot at 20 pairs of targets from 20 metres (see rules 61 (a) and 69 (c).)
- (h) The Tower Championship shall be shot at 25 targets as per rules 65 (a) (b) (c) and 69 (f) (g).
- (i) The Continental Championship shall be shot at 25 targets from 15 metres (see Rule 66).

CHAMPIONSHIP TROPHY VALUES AND MAXIMUM ENTRANCE FEES.

- 92. (a) Championship trophy value (inclusive of badge and sash) for Commonwealth Championships is fixed by the Association at minimum \$60 retail value. Similarly, with State and Zone Championships, the amount fixed for trophies (inclusive of badge and sash) is fixed at minimum \$50 retail value. In District and Club Championships, the minimum retail value is left optional and at the discretion of the Club conducting the event.
- (b) The maximum entrance fees for Championships shall be:
 - (i) C'wealth D.B., S.B., P.S., M.T., D.R., Tower Commonwealth Walk-up, D.D. and cont. (\$18.00 Maximum).
 - (ii) State D.B., S.B., P.S., M.T., D.R., and Tower State Walk-up, D.D. and cont. (\$18.00 Maximum).
 - (iii) Zone D.B., S.B., P.S., M.T., D.R., and Tower Zone Walk-up, D.D. and cont. (\$12.00).
 - (iv) District D.B., S.B., P.S., M.T., D.R., D.D., Walk-up, Tower and cont. (\$12.00).
- (c) In all Championships where applicable the management shall provide a sash or badge for the overall winner as per rule 71 (e).

INTERSTATE TEAMS' MATCHES — D.T.L.

- 93. (a) Team 15 members, 10 highest scores to count. 50 targets per member from 15 metres, double barrel points scoring, 5 lane squad system to be shot in two stages of 25 targets per visit, 5 targets from each lane per member before changing lanes. In the event of a tie for High Gun to be shot-off squad system, points scoring first miss out. International load shells 32 grams shot No. 6 size or lighter only. Manual — Automatic or electric oscillating traps to be used.
- (b) Ladies and juniors to comprise of 6 shooters to shoot at 25 targets, double barrel points scoring from 15 metres, changing after each shot, and 5 scores to count.
- (c) **QUALIFICATIONS** — each team member shall have registered in the State which he represents and may only represent one State in any one year.
- (d) State Associations shall choose their team on the results of an elimination shoot or series.
- e) In the event of a tie, to be shot-off squad system.

- (f) An appropriate High Gun Trophy shall be provided and a souvenir badge shall be given to each member of the State Team (15) by the club conducting the event — badges are available on application from the ACTA. The program and venue of the Interstate Teams' Match shall be advertised in the ACTA "Shooting News" at least two months prior to the State Teams' elimination shoot, and the State Teams' Match.
- (g) The club conducting the Elimination Match shall provide compulsory division prize money of \$150 or 40% of the total nomination, whichever is the greatest. Where there are no tied scores, the distribution will be 60% for 1st, 30% for 2nd and 10% for 3rd. (This rule does not apply where the selection is conducted over a series.)
- (h) Maximum nomination for the elimination match shall be \$18.00.
- (i) Only official ACTA Referees to officiate, scorer and check scorer to be provided. Score sheets to be signed by Scorers and Referees.
- (j) No other major shoot is permitted in the particular State on the day or days when elimination and State Teams' Shoot is held.
- (k) Results of the competition which must be completed by December 31 must not be publicised until all teams have contested. These results, including the scoresheets signed by both the Referee and principal scorer, must be sealed and lodged with the ACTA Executive Director by December 31. Weather conditions during the match are required. A check scorer should be used at each set of tracks. Final details of the Interstate teams' Matches to be published in the first available ACTA Shooting News.
- (l) Should a tie occur between competing teams then the score sheets shall be checked, points scoring, with a count-back for the 10 members of each team (or the 5 ladies and 5 juniors) to break the tie.

I.S.U. TEAMS' MATCHES

- 94. The qualifying event shall be conducted over either 50 or 100 targets. Teams are to consist of 6 shooters with the top 4 scores to count — the course of the team's event is to be 50 targets.

QUALIFICATIONS.

- 95. (a) Each team member shall have registered in the State which he represents.
- (b) State Associations shall choose their team on the results of an elimination shoot or series.
- (c) In the event of a tie for placings it may be decided by the state association concerned.
- (d) An appropriate High Gun shall be provided, and a souvenir badge shall be given to each member of the State Team (Open, 15; Ladies and Juniors, 6 each) by the Club conducting the event. Badges are available on application from the ACTA.

NIGHT SHOOTING CONDITIONS.

- 96. All rules and conditions are applicable to night shooting with maximum entrance fees \$3 extra.

CARTRIDGES.

- 97. Shells used in all Open Championships (Commonwealth, State, Zone and District) are required to be restricted to 32 grams shot struck measure, or its equivalent, No. 6 size shot or lighter. Shells marked by reputable manufacturer as complying with this regulation are approved. Reloaded cartridges are permitted.
- 98. Home-loaded or reloaded cartridges may be used in all events excepting National Trap & Skeet Championships.

ACTA TRAP HANDICAPPING FORMULA.

Note:

- (a) State Associations must elect State Handicapper - To advise and assist Club Handicappers, and regrade and rehandicap any obviously undergraded or underhandicapped shooter.
- (b) Each club must appoint Club Handicapper - To handicap and grade the shooters. Check to see that all common mark scores are entered on cards. Check that handicap changes are recorded on cards. To regrade or rehandicap and obviously undergraded or underhandicapped shooter. To advise Club Secretary of any changes in grading or handicapping for onforwarding to the A.C.T.A. office.
- 99. All shooters registering for the first time with the ACTA commence on 15 metres and are assessed for handicap by Club Handicapper after shooting his first 50 targets double barrel in competition.

100. Assessment of Handicap shall be 1 metre forward of 15 metres for every 5 targets lost on the 1st 50 targets double barrel taken to the nearest multiple of 5 targets.
e.g. 48/50 handicap 15 metres, 47/50 handicap 14 metres, 42/50 handicap 13 metres, Minimum handicap mark 11 metres.
101. Any competitor winning first or second place in any ACTA handicap event will be handicapped 1 metre. ACTA handicap events must be shot out to finality.
102. In a group handicap event shot from ACTA handicap marks, where there are no overall prizes, each group winner will be handicapped 1 metre. Any competitor winning overall in any championship event from behind his ACTA handicap mark will be re-handicapped to that mark.

INWARD MOVEMENT.

103. (a) Any shooter who has shot at 200 targets from his ACTA handicap without backward movement will be entitled to inward movement of 1 metre per year, when renewing his annual registration. If any backward movement has been recorded for the past year no inward movement is allowed.
- (b) It is the shooter's responsibility to record his handicap scores on his handicap card, and have them stamped and signed by the Club Secretary.
- (c) A competitor may apply through the State Association for inward movement due to proven physical disability.
- (d) In handicap events competitors must shoot from their approved handicaps. If the competitor shoots from any other mark the target is lost.

GENERAL.

104. Club Management and Secretaries are instructed that after any event the management must immediately rehandicap each and every shooter, who, for any of the reasons prescribed in the ACTA Handicapping Formula, qualifies for any movement off his handicap. Such adjustments are to strictly comply with the Formula. No shooter is to be permitted to compete in another event should he refuse to accept his new mark. Handicap details concerning on-the-spot adjustments are to be forwarded within 14 DAYS, to the ACTA Official Handicapper for ratification.
105. If some clerical error appears on a shooter's handicap card, or if a shooter is re-handicapped after any event, it is the shooter's responsibility to have the mistake corrected and to shoot off the correct handicap mark.
Such errors and/or amendments may be corrected by the club Secretary or a member of the Executive Committee of the A.C.T.A. or by the Association Handicapper.
106. Club managements, Rules Supervisors, State Handicapper or a member of the A.C.T.A. Executive Committee have the right to re-handicap or regrade any obviously under handicapped shooter immediately, providing the Association is notified within 7 days and the reason given on a handicap return form. If these details are not completed, such handicap movement cannot be ratified.
107. Club managements are informed that a Handicap Return must accompany EVERY result sheet forwarded to the A.C.T.A. office within SEVEN DAYS for each shoot being held. (Handicap Return Pads are available on application to the A.C.T.A., P.O. Box 198, Blackburn, Vic. 3130.)

BREAK RECOGNITION.

108. (a) Break badges will be recognised in sequences of 50, 75, 100, 150, 200, 250 and so on, provided these are shot over automatic traps under double or single barrel conditions and in regular competition on one day only excepting over a program of two or more successive days. Also for ball trap and double rise i.e. 25 pair, 50 pair and so on.
- (b) non-oscillating traps are not acceptable within the rules.
- (c) break badges may also be similarly earned in Continental down-the-line events, or Tower events provided that the break is achieved from events of the same nature.
- (d) no practice between events is permitted and breaks must be continuous.
- (e) shooting at not more than two sighter targets (not to count) prior to commencement of an event does not terminate a break in progress.
- (f) to shoot in other than a specific type of event, as named above, immediately concludes a break.
- (g) clubs must submit form number 17, duly completed, to the A.C.T.A. Secretary, with the prescribed fee for each requested badge, before recognition can be considered or

granted. Break badges once they have been obtained, will not be repeated. Badges for "25 metres" will also be available to those attaining this as their registered handicap.
(h) Distinctive break badges may also be similarly earned from the "25 metre" mark.

PENALTIES.

109. Any shooter deliberately firing at any fauna on any shooting ground shall be immediately suspended by the club management and shall remain suspended until the incident is dealt with by his State Association.

SKEET SHOOTING RULES.

FIELD LAYOUT.

1. A skeet field shall consist of eight shooting stations arranged on a segment of a circle of 19.2 metres radius, with a base chord 36.8 metres long, drawn 5.49 metres from the centre of the circle. The centre of the circle is known as the target-crossing point and is marked by a stake.
2. Station 1 is located at the left end of the base chord, and station 7 at the right end when facing the centre while standing on the periphery of the segment. Stations 2 to 6 inclusive, are located on the periphery at points equi-distant from each other (the exact distance between stations 1 and 2, 2 and 3, etc. is 8.13 metres.) Station 8 is located at the centre of the base chord.
3. Shooting stations 1 to 7 inclusive, are a square area, 91 centimetres on a side, with two sides parallel to a radius of the circle drawn through the station marker. Shooting station 8 is a rectangular area 91 centimetres wide by 1.83 metres long, with the long sides parallel to the base chord. The location of each shooting station shall be accurately designated by a suitable marker, not easily removable, not more than 76 centimetres high and so constructed as not to interfere with the free swing of a shooter standing on the shooting station. The marker for shooting stations 1 to 7 inclusive, is on the centre of the side nearest the target crossing point. The marker for shooting station 8 is on the centre point of the base chord.
4. A shield should be installed at the target opening of each traphouse so that the trap operator is not visible to the shooter when he is firing from any station. This precaution is desirable as a safety factor for the protection of the trap operator from possible injury from direct or ricocheting shot.
5. One target should merge from a traphouse (called High House) at a point 91 centimetres beyond Station Marker 1 (measured along the base chord extended), and 3.05 metres above the ground level. The other should emerge from a traphouse (called Low House) at a point 91 centimetres beyond the Station Marker 7 (measured along the base chord extended), and 76 centimetres from the base chord extended (measured on side of target crossing point), and 1 metre above the ground.
6. Suitable markers shall be placed at points 40.23 metres and 50 metres from both the high and low house measured along the flight of a regular target. The first marker shall indicate the shooting boundary limit and the second marker shall indicate the minimum distance a target shall travel in still air.
7. As a safety precaution, a safety fence should be erected running parallel with the base chord line and at least 3 metres behind No. 4 Station, extending from the High to the Low Traphouse. No spectator to be allowed in front of this fence.

TARGETS.

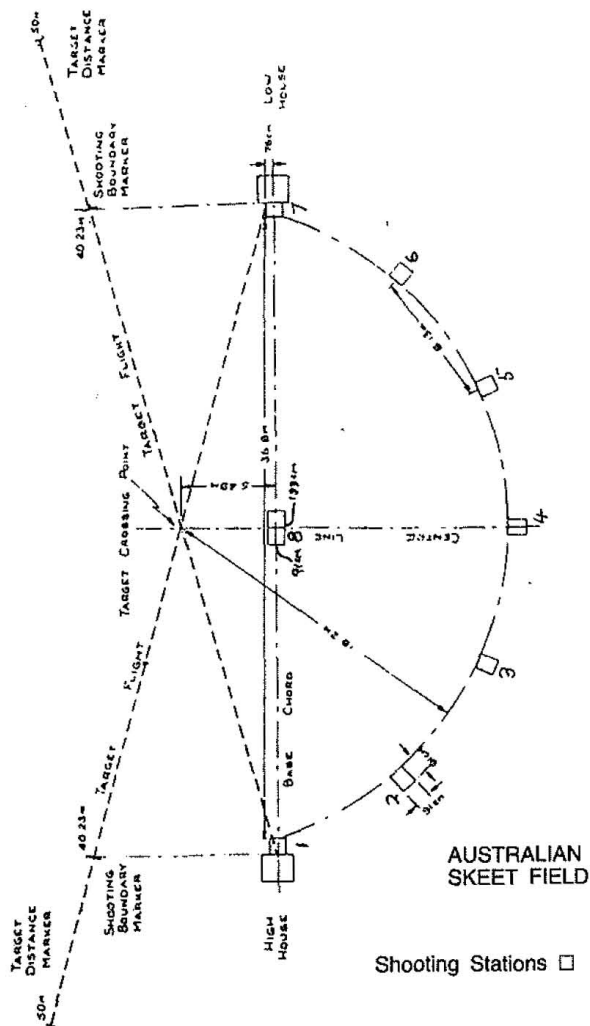

8. Standard targets shall measure not more than 11 centimetres in diameter, nor more than 2.85 centimetres in height, nor more than 110 grams in weight.
9. A legal target is one that is released instantly in response to the competitor's acceptable call, and passes "within 50 centimetres" horizontally or vertically of a point 4.51 metres above the target crossing point. The target in still air must carry to a distance equivalent on level ground to 50 metres and not exceed 60 metres.

REGULAR DOUBLE.

10. Two legal targets released simultaneously (one from each traphouse).

GUNS AND LOADS.

11. (a) The term "Magazine Gun" applies alike to automatic guns, pump guns (so called) and other guns not directly dependent on hand loading and are permissible for skeet shooting.
- (b) Release trigger guns shall only be used on registered ACTA ground, subject to the following conditions:

- (i) ACTA shooters suffering from some condition which would make the use of a release trigger gun desirable shall obtain a statement, signed by the President and Secretary of the shooter's home club, that the shooter suffers from such condition and shall present the statement to a Referee Examiner who shall satisfy himself that the shooter understands the use of a release trigger device. Having been so satisfied the Referee Examiner shall forward the club statement to the ACTA Office which shall keep a register of shooters authorised to use release trigger guns.
 - (ii) No ACTA shooter other than those authorised in Trap and Skeet Rules 11 (b) (i) shall use a release trigger gun.
 - (iii) All release trigger guns used by A.C.T.A. shooters and overseas visitors shall be clearly labelled in red — CAUTION RELEASE TRIGGER — in a conspicuous place near the breech. Such labelling to be consistent with 12mm width marking tape.
 - (iv) Release trigger guns shall not be left in gun racks or in positions where they can be mistakenly handled but shall be constantly under the control and supervision of user.
 - (v) The user of a release trigger gun shall notify the referee at each visit to the trap or skeet layout.
12. No gun whose gauge is larger than 12 gauge is permitted nor shall any barrel(s) length be shorter than 63 centimetres overall.
 13. For all Skeet shooting, the load is limited to 32 grams struck measure or equivalent, shot size not larger than 7 to be used.
 14. Re-loads are permitted in all events except National Championships.

COMPETITOR.

15. (a) A "competitor" is one who has nominated for particular events and whose name appears on the official score sheet or score board. A competitor can compete only once in each event. Each competitor shall carry and present his handicap and registration card to all shoots and shall present it to the nomination office before being allowed to participate. It shall be the responsibility of the club to enter the competitor's scores on his card and to calculate his handicap at the appropriate times.
However, if a shooter has lost his card he shall be allowed to compete provided he is registered with the ACTA in the Grade or Handicap he claims to be correct.
- (b) Should he win prize money or trophies they shall be retained by the club until such time as the shooter finds his card or obtains a new one and presents it to the club for marking.
- (c) Should it be found that the shooter has claimed the wrong handicap mark or grade, the State Association shall advise the nearest Executive Committeeman so that the matter may be investigated.
- (d) Should it be found the shooter deliberately mislead the club management regarding his Grade and/or his handicap, the shooter be suspended for a period of three (3) months.
- (e) A shooter must not shoot in a grade higher than his best performance. Once having attained a grade he may elect to remain in a higher grade at the time of re-registering or reclassification. Once attaining 'A' Grade a shooter cannot be reclassified as 'C' grade.
- (f) Any shooter re-registering after a period of non registration shall be placed in the same grade and handicap as when he was last registered.
16. (a) Every competitor entering competitions agrees to accept all official decisions, and to abide by the rules controlling the competitions.
- (b) A competitor may appeal against the decision of the referee in regard to interpretation and application of these rules. The competitor shall advise the referee before he leaves the shooting tracks that he intends to appeal, and, immediately upon completing his run over the traps the competitor shall lodge a written appeal and \$20 forfeit with the management. The management shall enlist the aid of at least three, including any Executive Committee members, Rules Supervisors, Referee Examiners or Official Referees on the grounds to examine the matter and should the competitor's appeal be upheld his forfeit shall be returned and the correct ruling shall be applied to the target appealed against. Should the appeal be disallowed the forfeit shall be paid to the club concerned.
There shall be no appeal against a referee's decision in regard to whether a target is legal or whether it has been missed.

17. All competitors must be registered by the ACTA before taking part in competition. Unregistered competitors are not permitted to compete at any time.
18. Competitors must at all times use their correct names when entering a competition. Shooting nom-de-plumes are not permitted.
19. If a competitor who commences an event withdraws or is disqualified from the competition, he forfeits the right to resume and to any refund from the event.
20. The competitor whose turn it is to shoot must observe a Legal Target from a trap-house where the trap has been adjusted or repaired or where several non-legal (irregular) or No Targets have been released.
21. No competitor shall unduly delay a squad without good and sufficient reason in the judgement of the referee in charge of the squad. A shooter who persists in deliberately causing inexcusable delays after receiving a first warning from the referee shall be subject to disqualification from the event.

SHOOTING UP.

22. Where a competitor has entered but does not present himself to start an event with his squad, he will not be permitted to shoot up after the first man in the squad has fired the first shot at Station 2. He may join the squad for all later rounds, but the round missed because of lateness must be shot on the proper field in the first vacancy, or after all other contestants have finished.

COMPETITION.

23. Wheresoever the word "Competition" may be used in the following rules, it is to be understood to refer to each particular event, and must at all times be construed by the Management in whose charge the carrying out of such "Competition" has been entrusted.
24. (a) Open Shoots, that is Commonwealth, State and District Championships and open competitions (cases where more than \$200 is allotted for distribution in any one event), must have the approval of the State Association before being advertised or conducted. (This rule applies to the actual event and the proposed date of holding.)
(b) Clubs allocated Commonwealth Championships and Interstate Teams' Matches must advertise the event in A.C.T.A. "Shooting News" at least once, two months before the actual shooting date.
(c) Clubs allocated State Championships must advertise these events in the A.C.T.A. Shooting News.
25. At the beginning of each round when the squad is assembled at Station 1, the squad must observe a single target from both the High and Low Traphouses.
26. No member of a squad having shot from one station shall proceed toward the next station in such a way as to interfere with another shooter. The penalty for wilful interference in this manner shall be disqualification from the event. However, when in the opinion of the referee it is done unobtrusively the first competitor in a squad should be allowed to move across and stand at least three metres behind the next station from Stations 2 to 6 inclusive.
27. Should darkness, bad weather, or other causes interfere with the competition, the Management shall have the right to decide when and how the competition shall be continued, provided that this is not postponed longer than one calendar month. Any competitor who defaults in respect of such postponed competition forfeits all his rights and standing therein.
28. Shooting for targets only, is a term which shall be held to define the status of a competitor in any given event, or events, or in an entire tournament program, and shall signify that a competitor is "shooting for targets only" and has no interest in any trophy or trophies, nor any interest in money or monies in any specific event, or events or in the entire program. The competitor's name shall be placed on the squad board, signifying that he is shooting for targets only. Shooting for targets only shall be permitted at the discretion of the Club. In any event in which any competitor is shooting for a sweepstake or prize the scores of these competitors in the event who are shooting for targets only shall be used for handicapping purposes.
29. All clay targets — broken or otherwise — at all time remain the property of the club and not the competitor. The competitor only pays for the privilege of shooting.

TRAPS.

30. In all open events any trap which throws a Legal Target may be used, provided the target is released from a position in the field by mechanical or electrical device (NOT released from within the Traphouse).

SAFETY.

31. All guns carried on or about the shooting grounds must be held in a position of safety with the breech open, and unloaded, at all times.
32. Shooting on the grounds at any place other than the firing point at legitimate targets only is prohibited except where a pattern plate is installed.
33. (a) Shooting, holding the gun in any position other than orthodox, i.e. to the shoulder is prohibited, (with the exception of a physical disability) any shooter acting in this way will be immediately suspended by Referee or management, and reported to the Executive Committee in writing. Minimum penalty three (3) months suspension.
(b) Any shooter committing an ungentlemanly or unsafe act on the shooting ground shall be liable to suspension or disqualification.
(c) Any shooter deliberately firing at any fauna on any shooting ground shall immediately be suspended by the club management and shall remain suspended until the incident is dealt with by his State Association.
34. When it is his turn to shoot, a competitor shall stand on the shooting station, load and close his gun. He must open his gun and remove the cartridges before turning or leaving the shooting station.

PROCEDURE AND DEFINITIONS.

35. A competitor must be at the firing point within two minutes after having been called by the official referee, scorer or a member of the Club Management. Failing therein, he may be disqualified or penalised with loss of targets or may be re-squadded in the last squad at the discretion of the Club.
36. A competitor is duly notified to compete when his name is called out by the referee, scorer or other person authorised to do so by the Management or when his name appears on the score board. If a "squad hustler" is furnished it is a matter of courtesy only and does not relieve the competitor from responsibility. It is the duty of each and every competitor to be promptly on hand to compete when called upon to do so.

SHOOTING POSITIONS.

37. The competitor must stand with both feet entirely within the boundary of the shooting station.

GUN POSITION.

38. The competitor may hold his gun in any position consistent with safety.

SQUAD.

39. A squad for shooting skeet shall have a maximum of six (6) competitors. Under safety requirements this number must not be exceeded.

SHOOTING BOUNDS.

40. For Stations 1 to 7 inclusive, to be an area 40.23 metres in front of the traphouse from which the target is released. (These bounds must be clearly marked on the skeet field with a suitable marker) — see field layout. For No. 8 Station, to be from the traphouse from whence the target is released to a point defined on the field layout as the centre line. Note: Targets shot at and broken after they pass the centre from No. 8 Station are lost targets.
41. While shooting single targets a competitor must load two cartridges except for users of release trigger guns. One cartridge only to be fired at each target.

BAULK.

42. (a) Any extraneous occurrence which, in the opinion of the referee, materially interferes with the equity of the competitor after he calls for his target constitutes a baulk.
(b) Under no circumstances will a baulk be granted unless claimed by the competitor immediately it occurs, or if, in the opinion of the referee, a baulk has occurred, he may restore the competitor's target.

BROKEN TARGET.

43. A "broken target" called by the referee as "1", is one which has a visible piece broken from it, whilst in the air and within the shooting bounds, by the shot from the competitor's gun.

DUSTED TARGET.

44. (a) A Dusted Target is one from which dust is detached by the competitor's shot, but the target shows no visible lessening in size therefrom. A Dusted Target is not a Broken Target, and is a Lost Target.
(b) A target when fired upon is to count even if it falls outside legal limits because of wind or some other factor.

NO TARGET SINGLES.

45. After "No Target" has been called by the referee under any of the following conditions it thereafter plays no part in the competition and is irrelevant to it.
46. No Target shall be called when a target is refused for the following reasons:
 - (a) A target is released without the competitor's call and the target has not been fired at.
 - (b) A time interval occurs before or after the competitor's call. Unless the target is fired at. No target shall be called when
 - (c) A broken target is released.
 - (d) In single target shooting two targets are released.
 - (e) A target does not conform to the definition of a legal target as regards height distance or angle thrown and the target has not been fired at. See rules: 9 and 10.
 - (f) A misfire or malfunction caused by the competitor's gun or a misfire of the cartridge occurs due to no neglect of the competitor.
 - (g) If when double loading while shooting single targets a misfire or malfunction should occur preventing the competitor from shooting at the second target.
 - (h) A simultaneous or near simultaneous discharge occurs: i.e. from any cause both barrels are discharged together or nearly together. Simultaneous discharges shall be classed as

malfunctions.

- (i) A cartridge lacks a live primer, or one in which a primer fires, but through failure of the cartridge or lack of components, and which consequently, leaves part of, or all of the charge of shot or wad in the barrel.
Note: A soft load in which the shot and wad leave the barrel is not a faulty cartridge. After all misfires the referee must inspect the firearm before making his decision. (Obstruction in barrel "No Target".)
- (j) All misfires or malfunctions faulty cartridges or refusals must be recorded on the score sheet as "M" for malfunction or "R" for refusal.

NO TARGET DOUBLES AND PROOF DOUBLES.

- 47. (a) No targets (both) shall be called when either target in doubles is released broken.
- (b) No targets (both) shall be called in doubles when both targets are not released simultaneously.
- (c) No targets (both) shall be called when only one target is released in doubles.
- (d) No targets (both) shall be declared if any allowable malfunction occurs on the first shot in doubles, and a proof pair shall be thrown to determine the results of both shots. If such malfunction is excessive the Referee shall declare "first target lost, and no target on second barrel", and a proof double shall be thrown to determine the result of the second shot only.
- (e) No targets (both) shall be declared if the targets of a double collide before the result of the first shot is determined, and a proof double shall be thrown to determine the result of both shots.
- (f) If the first target lost be the first target of a regular double, when the competitor is deprived of the opportunity of shooting at a second target then a proof double shall be fired upon to determine the result of the second shot and then the first target lost shall be repeated as a single and scored as the 25th target.

LOST TARGET.

- 48. If a double be thrown but the shooter is deprived of a normal second shot for any of the following reasons, the result of the first shot shall be scored and the second target only shall be declared "no target", and a proof double shall be fired to determine the result of the second shot only:

- (a) Both targets are broken with the first shot.
- (b) The wrong target is broken with the first shot. The competitor must notify the Referee on each occasion he elects to shoot at the incoming target while shooting doubles.
- (c) The first shot is lost and a collision occurs before the result of the second shot is determined.
- (d) The second target collides with fragments of the first target, properly broken, before the result of the second shot is determined.
- (e) The result of the first shot is determined and a baulk occurs interfering with the equity of the second shot.
- (f) An allowable malfunction occurs on the second shot. If such malfunction is excessive, not allowable, the second target shall be scored "lost".
Note: If the shooter shoots at an illegal first target and the SECOND target is LEGAL, he must also shoot the second target. However, a shooter is not required to shoot at an illegal second target even though he shot at the first target which may have been either a legal or an illegal target.

Lost target shall be called when:

- (g) a competitor fails to break a legal target.
- (h) when the competitor fails to shoot because his gun is unloaded, or because the safety was faultily adjusted or jarred back from his own oversight or not, or because of any other cause chargeable to his own oversight or neglect. Should this happen when shooting doubles the first target should be declared lost and a proof pair shall be thrown to determine the result of the second shot only.
- (i) The competitor attempts to open the gun before the Referee examines it. A competitor having an apparent misfire or malfunction will forthwith call the Referee for his decision. The competitor must not turn around and must keep his gun pointed in the direction of the trap house until the Referee has given his decision. If a competitor's gun breaks down and it is necessary to seek a replacement the competitor is allowed three (3) minutes to do so. If this is not possible the

competitor may leave the squad and finish the remaining targets of the round at a time decided by the Referee or when a vacancy occurs.

- (j) on the fourth and subsequent malfunction in any 100 targets.
- (k) when the competitor breaks a target outside the shooting bounds.
- (l) if the first target lost be the first target of a regular double, when the competitor is deprived of the opportunity of shooting at a second target then a proof double shall first be fired upon to determine the result of the second shot and then the first target lost shall be repeated as a single and scored as the 25th target.
- (m) If when shooting a proof double the competitor accidentally breaks the wrong target first the result shall be NO TARGET and a further proof double shall be released. If no result is obtained after three attempts both targets shall be scored lost.

SKEET ROUND PROCEDURE.

- 49. (a) The squad shall start shooting at Station 1 in the order in which the names appear on the score sheet. The first competitor shall start shooting singles, firing upon the high house target first and the low house target second. Then he shall proceed to shoot doubles, firing the first shot at the target emerging from the high house and the second shot at the target from the low house, before leaving the station. The second shooter shall then proceed likewise, followed by the other members of the squad in turn. Then the squad shall proceed to Station 2 and repeat the same sequence as on Station 1. The squad shall then proceed to Station 3 where each competitor will shoot at a single target from the high house first and then a single target from the low house before leaving the shooting station.

The same procedure will be followed at Station 4 and 5. Upon advancing to Station 6 the first competitor will shoot singles in the same sequence as at the previous stations and then he shall shoot doubles by firing at the low house target first and the high house target second before leaving the station. The other competitors will follow in their turn. The procedure to follow at Station 7:

The first competitor shall start shooting singles firing upon the low house target first, and the high house target second. Then he shall proceed to shoot doubles, firing first shot at the target emerging from the low house and the second shot at the target emerging from the high house, before leaving the station. The other competitors will follow in the turn. The squad will then advance to station 8 where first competitor loading one cartridge only shall shoot at one target from the high house. If the competitor has broken his first 23 targets he shall then turn and loading 2 cartridges will shoot at his 24th and 25th target from the low house. The other competitors will then follow in turn using the same procedure.

- (b) A round of skeet for one person consists of 25 targets. The object being to score the greatest number of broken targets.
- (c) The first target lost in each round shall be repeated immediately and the result scored as the 25th target and recorded in the 25th column on the score sheet.
- (d) Should the first target lost occur in a double, the Lost Target shall be repeated as a single and scored as the 25th shot.
- (e) On station 1 to 7 two cartridges must be loaded to shoot single targets with the exception of users of release trigger guns.
- (f) During single target shooting with the gun loaded with cartridges, the shooter must not open his gun after shooting the first of the two singles. (After 2 warnings failure to comply, penalty "Lost Target").
- (g) A HALF ROUND OF SKEET consists of 13 targets as follows:

Station 1 = a single high house target = 1
Station 2 = a single low house target + 1 = 2
and one pair of targets (H & L) + 2 = 4
Station 3 = a single high house target + 1 = 5
Station 4 = a single low house target + 1 = 6
Station 5 = a single high house target + 1 = 7
Station 6 = a single low house target + 1 = 8
and a pair of targets (L then H) + 2 = 10
Station 7 = a single high house target + 1 = 11
Station 8 = a single high house target + 1 = 12
and a single low house target + 1 = 13

- (h) Club management have the option of conducting events using separate button pushers, referees and scorers.

REFEREE.

50. (a) To become a registered referee, a candidate shall approach his club Secretary and President, who (when they consider that the candidate has achieved a satisfactory standard) shall recommend in writing to the nearest Registered Referee Examiner on the prescribed form that the candidate be given a practical and oral examination. When the candidate has passed this examination to the Examiner's entire satisfaction the Examiner will then submit his recommendation plus the form to the ACTA Office which will issue a Referee badge to the candidate.
Any candidate who has failed and wishes to be re-examined must be re-examined by the same Examiner.
- (b) The Rules Supervisors will keep a record of all Referees in his State.
- (c) A club management complaint against any Referee or Referee Examiner shall be referred to the nearest Rules Supervisor within the State for investigation. The Rules Supervisor has the power to suspend the person concerned until the next State Association meeting. If justified the State Association has the power to further suspend and recall the Referee or Referee Examiner's badge and shall advise the ACTA Secretary of the action taken.
- (d) Referees shall be appointed for a period of five (5) years and are eligible for re-examination. Any Referee or Referee Examiner who fails to register in any year will have his name automatically removed from the Association Referee and Referee Examiner list.
- (e) The Referee's decision in all cases coming under his jurisdiction as set forth in the rules, shall be final. Referees must wear their official badge at all shoots.

SCORER.

51. (a) The scorer shall keep an accurate record of each shot, according to the Referee's call. He shall mark the figure "1" for the call of "one" or the figure "0" for the call of "lost", for each target.
- (b) The official score must be kept on a score sheet and be available for inspection by the competitor.
- (c) If the scorer is incompetent at scoring the referee has the right to change the scorer before commencement, or during the event.
- (d) It shall be the responsibility of the competitor to check his score with the score sheet before leaving the skeet field. Any protest on his score must be lodged with the Referee immediately i.e. before leaving the shooting track. Such protest can only be made against incorrect score.

CHAMPIONSHIP CONDITIONS

AUSTRALIAN SKEET CHAMPIONSHIP.

52. (a) The Championship shall be shot at 100 targets, in two visits. In the event of ties, to be shot-off squad system, first miss out.
- (b) Entrance fees and Trophies to be determined each year by the full Executive Committee.
- (c) All sweepstakes to be paid out without deduction and shall be compulsory division.

AUSTRALIA/NEW ZEALAND SKEET TEAMS MATCH.

- (d) The five top scorers in the Australia National Skeet Championship comprise the Australian Team. Both teams will shoot at one round of 25 targets per shooter. In the event of tie scores, the result to be a tie. When the match is conducted in New Zealand, the Australian team selection policy will be determined by an Executive Committee decision.

OTHER SKEET CHAMPIONSHIPS

NUMBER OF TARGETS AND MAXIMUM ENTRANCE FEES

53. Commonwealth 100 targets or 200 targets maximum \$42.00. State and Zone 50 targets maximum \$18.00. District 25 or 50 targets maximum \$15.00.

I.S.U. CHAMPIONSHIPS

54. (a) Commonwealth, State, Zone and District Championships may be conducted under International Shooting Union Rules using standard targets only. Application to be made as in Skeet Rule 24 (a).
- (b) Trophies for I.S.U. Championships should be limited to

sashes, badges and similar. Clubs may provide additional trophies at their own discretion but the maximum entrance fees as shown in Rule 54 (c) shall not be exceeded.

- (c) Number of targets and maximum entrance fees shall be: Commonwealth 200 targets \$42.00 maximum. State 100 or 200 targets \$42.00 maximum. District 100 or 50 targets \$21.00 maximum. Zone 50 or 100 targets maximum \$21.00.

CARTRIDGES.

55. (a) Standard shell for Championships. Shells used in all open championships (Commonwealth, State, Zone and District) are required to be restricted to 32 grams of shot, struck measure, or its equivalent, No 7 shot size or lighter. Shells marked by reputable manufacturer as complying with this regulation are approved. Reloaded cartridges are permitted.
- (b) Home-loaded or reloaded cartridges may be used in all events excepting National trap and skeet Championships.

CHAMPIONSHIP TROPHY VALUE.

56. (a) Championship trophy value (inclusive of badge or sash) for Commonwealth Championships is fixed by the Association at minimum \$60 retail value. Similarly, with State and Zone Championships, the amount fixed for trophies (inclusive of sash or badge) is fixed at minimum \$50 retail value. In district and Club Championships the value of trophies is left optional and at the discretion of the club conducting the event.
- (b) Sash colours for clubs to be any colour other than those designated for National, Commonwealth (both Royal Blue), State (Red), and District (White) Championships respectively.

TIES.

57. All tie shoots in Championship must be shot off squad system first miss out. Refer Rule 64 (b).

INTERSTATE TEAMS MATCH.

58. (a) Team 15 members. Best 10 scores to count, 50 targets per member, to be shot in two rounds of 25 targets. In the event of a tie for High Gun, to be shot off squad system, first miss-out. Standard load shells not to exceed 32 grams of shot, No 7 size or lighter.
- (b) QUALIFICATIONS — each team member shall have registered in the State which he represents and may only represent one State in any one year.
- (c) State Associations shall choose their team on the results of an elimination shoot or series.
- (d) In the event of a tie, to be shot-off squad system, first missout.
- (e) An appropriate High Gun trophy shall be provided and a souvenir badge shall be given to each member of the State Team (15) by the club conducting the event — badges are available on application from the ACTA. The program and venue of the Interstate Skeet Teams' Match shall be advertised in the ACTA "Shooting News" at least two months prior to the State Teams' elimination shoot, and the State Teams' Match. The competition to be completed in each State not later than the thirtieth day of December of each year.
- (f) The club conducting the Elimination Match shall provide compulsory division prize money of \$150 or 40% of the total nomination, whichever is the greatest. Where there are no tied Scores, the distribution will be 60% for 1st, 30% for 2nd and 10% for 3rd. This rule does not apply where the selection is conducted over a series.
- (g) Maximum nomination for the Skeet elimination match shall be \$10.
- (h) Only official ACTA Referees to officiate, scorer and check scorer to be provided. Score sheets to be signed by Scorers and Referees.
- (i) No other major skeet shoot is permitted in the particular State on the day or days when elimination and State Teams' Shoot is held.
- (j) Should a tie occur between any of the respective State Skeet Teamscores, then the count back system is to be applied to achieve a decision.
59. (a) The ACTA recognises BREAKS in sequences of 50, 75, 100, 150, 200, 250 and so on, provided the break is shot in competition on one day only excepting over a program of two or more successive days.
- (b) Break badges may be earned provided that the break is achieved from events of the same nature.

- (c) No practice between events is permitted and breaks must be continuous.
- (d) Shooting at not more than two sighter targets (not to count) prior to the commencement of an event does not terminate a break in progress.
- (e) Clubs must submit form Number 17, duly completed to the ACTA Secretary, together with the prescribed fee for each requested badge, before recognition can be considered, or granted. Break badges once they have been obtained will not be repeated.

NIGHT SHOOTING CONDITIONS.

- 60. All rules and conditions are applicable to night shooting with maximum entrance fees \$3 extra.

SKEET HANDICAPPING FORMULA.

- 61. (a) A skeet shooter with no past performance or handicap rating shall shoot his first round on a zero handicap to establish a handicap.
- (b) For his second round his handicap allowance shall be the difference between his score in the first round and 25.
- (c) For his third round his handicap allowance shall be the difference between the average of his first two rounds and 25.
- (d) For his fourth round his handicap allowance shall be the difference between the average of his first three rounds and 25.
- (e) For his fifth round his handicap allowance shall be the difference between the average of his first four rounds and 25.
- (f) After shooting five rounds the lowest score of the five shall be discarded and the difference between the average of the other four rounds and 25 shall be his handicap allowance.
- (g) After shooting the next 200 targets and each successive 200 targets the shooters handicap and grading shall then be adjusted according to the handicap and grading formula.

A-A Grade	98% and over	Handicap 0
A Grade	96% and under 98%	Handicap 1
B Grade	88% and under 96%	Handicap 3
C Grade	under 88%	Handicap 6
- Note: No shooter shall have a handicap greater than 6.
- (h) After shooting the first five rounds the shooter's handicap shall then only be adjusted after each successive 200 targets as in (g).
- (i) All full skeet rounds of 25 targets are to be recorded and used for handicapping (championship events, handicap events and any shoot-off full rounds).

Note: Practice rounds are not to be used for handicapping. See rule 28 concerning "targets only" scores that are to be used for handicapping.
- (j) It shall be the responsibility of the designated club official to progressively mark the shooters card with his full round scores and after each 200 targets to calculate his new handicap. Any handicap adjustments as a result of these rules shall be notified, on the club return, to the ACTA Secretary within seven days.
- 62. Shooters should retain and be able to produce their handicap card of the previous year so that scores for the previous six months are readily available.

Decreases in handicap or grade will not be granted unless these records can be provided.

SKEET SWEEPSTAKES

- 63. (a) The normal method in a Skeet Handicap is to divide the sweepstakes amongst those shooters attaining twenty-five broken targets, with handicaps included.

(Example)

Smith 25-25, handicap 3 total	= 25-25
Jones 22-25, handicap 3 total	= 25-25
Brown 19-25, handicap 6 total	= 25-25
- (b) The normal method in skeet championships is to divide the sweepstakes using off the gun scores.
- (c) All sweepstakes must be divided 60%, 30% and 10%.
- (d) Possible deduction from sweepstakes by Clubs in contests shall not be more than 50% (inclusive of targets). In optional sweepstakes no deduction may be retained by clubs.
- (e) Sweepstakes at State Carnivals on Championships may be decided by the State concerned. State Associations shall have the option of conducting either compulsory or optional sweepstakes at State Carnivals.

TIES.

- 64. (a) Each competitor will commence the shoot-off with a handicap allowance equivalent to the surplus of his ACTA handicap remaining after qualifying for the shoot-off and will continue in the shoot-off until he has lost one target in excess of the handicap allowance irrespective of the length of the shoot-off.

Examples:

- (i) 25 target event. A competitor whose ACTA handicap is 6 shoots 21-25. He will commence the shoot-off with a handicap allowance of 2 and will be eliminated immediately he loses one target in excess of the allowance. Should he shoot 23-25 in the first round of the shoot-off he will commence the second round with an allowance of 0 targets.
 - (ii) 50 target event. A competitor whose ACTA handicap is 6 shoots 40-50. He will commence the shoot-off with a handicap allowance of 2 and will continue in the shoot-off as in (i) above.
 - (b) When shooting doubles in a first miss-out shoot-off, both targets shall be fired upon and recorded even though the first target may have been missed. The score on the second target shall be considered to be part of the competition and shall be used to arrive at a decision when the tied competitors all miss the first target of the double.
 - (c) Commonwealth, State, Zone and District Championships shall be shot off squad system, first miss out.

Shoot off competitors shall carry enough shells for a complete run over a Skeet layout. Failure to comply "lost target".

Competitor allowed (5) minutes to replenish ammunition between rounds of shoot off. Failure to comply "lost target".
- Examples:
- (i) Shooter A scores 0-1 in the doubles and shooter B scores 1-0. Shooter B is the winner.
 - (ii) Shooter A scores 0-1 and shooter B scores 0-0. Shooter A is the winner.
 - (iii) Both shooters score 0-1 or both shooters score 1-0. The shooters are equal and, if this was their first miss, both would return to the station and shoot at a repeat target.

GRADING.

- 65. Club Management have the option of running all Championships either as graded events or as one class events with placings of 1st, 2nd and 3rd. When run as graded events the grades shall be:

A-A, A, B and C
A, B and C or
Overall A, B and C.

**REMEMBER —
START WITH SAFETY,
FINISH WITH SAFETY!**

ABRIDGED RULES JANUARY 1, 1983

Please note the above rules shall be printed in January C.T.S.N. for referee's convenience.

"ABRUZZO CLAY TARGET SHOOTERS"

FIRST CHRISTMAS SHOOT

**Major Sponsor
PIONEER CONCRETE
SATURDAY DECEMBER 18, 1982
at Metro Clay Target Club Epping**

We wish to thank our major sponsor Pioneer Concrete and all other sponsors, our loyal patrons, and especially the Metro Clay Target Club for making their grounds available to us and for making 1982 such a successful year for the Abruzzo Clay Target Shooters. We extend our sincere wishes to everyone for a Merry Christmas and a Happy successful New Year.

Refreshments and Cartridges Available.
The Committee reserves the right to change the Program.

TEAM MANAGERS REPORT Cont'd from page 4.

It is good to know that our standing in the Australian sport hierarchy has improved greatly, but I have been very impressed with the number of "ordinary" people who have admitted how impressed they were by our shooters even though they knew nothing about shooting before and hadn't realised shooting could be so interesting. As well as consolidating our new status with the A.C.G.A., A.O.F. etc., let us think hard about what can be done to reinforce the impact we have had on the general public.

In conclusion, our team's performance is a strong justification for the continuation and development of National Training Squad programmes and an increase in International competition. We have been able to develop our programmes to date with some assistance from the Commonwealth Government, some State Governments, the Commonwealth Games Association and the Olympic Federation. We have improved our general administration and our approach to coaching, training international coaching, limited international competition and so on. Most importantly we have used these resources wisely and demonstrated that given the opportunities and the finance we can produce results and that given more finance and opportunity we can do better.

COROWA GUN CLUB

Saturday, December 4, 1982.

12 noon start

Christmas Shoot

- Event 1. 20T off 16m (Graded)
- Event 2. 20T Handicap

Kaye Woods

STATE CARNIVAL REPORT

Fifty eight shooters attended the first day of the T.A.S.A. State Carnival at the Tasmanian Gun Club. Although fine conditions prevailed there was a threat of rain later in the day and this along with thunder did eventuate.

The first event was the Carnival Double Rise Championship and all shooters were keen to register a win. Stuart Browning showed that he was in top form with a win in A grade with Debbie Groves taking out the C grade and this was to be the first of many wins she would record over the carnival.

The Winchester Tournament was keenly contested by a field of fifty four shooters. Two shooters recorded a perfect score with ten shooters one point down on forty nine and this led to several exciting shoot-offs. John Murphy showed why he is currently the State's top shooter in taking out the overall trophy. Junior shooter Martin Conlan displayed great form in the 11-15 metre section, outclassing more experienced shooters with a fine score of forty nine/fifty. Stuart Browning was once again in the winners circle with a perfect score in the 16-19 metre section. The Hobart Gun Club team was successful in the team event with father and son, Claude and Martin Conlan registering a score of 98/100 for the combination trophy.

Rod Laidlaw from Winchester Australia made the presentations on behalf of his company. T.A.S.A. is grateful for his assistance and the sponsorship from the Winchester company.

Day two saw an attendance of sixty five shooters all keen to gain selection for the State Trap Teams. The teams were selected over three events, the first of which was the Carnival Single Barrel Championship. Leon Gray from the Huonville Club posted the only perfect score in taking out A grade. B grade was won by Keith Woods with 29/30 and Debbie Groves continued her good form to take out C grade.

Eight shooters recorded perfect scores in the Double Barrel event and as expected this resulted in an exciting shoot-off. Keith Woods and Michael Burling shot off for B grade with John Murphy, Sperry Marshall, Gary Cooper, Kevin Viney, Alan Styles and Ian Rist all hoping for success in A grade. Ian Rist emerged as winner with a score of 78/78 with Keith Woods taking out B grade with 43/43. Junior shooter Layne Delphin from Rosebery shot a score of 29/30 to take home the C grade trophy.

The final event was the Carnival Points Score Championships and with many shooters in contention for a team berth all eyes were on the score board. Sperry Marshall proved equal to the task shooting 90/90 along with Brian Schott of Hobart. The shoot-off resulted in a win for Sperry. Cressy shooter Barry Whitely shot well to take out B grade with Debbie Groves rounding off a successful carnival with a win in C grade.

Sperry Marshall took out the High Gun award in the State team with Michael Burling and Nanette McCallum winning the Junior and Ladies High Guns in their respective teams. Congratulations are extended to all team members and to all trophy winners at the Carnival. **O**

EDITOR'S MAILBOX

Dear Ian,

It was with some misgivings I read that at the forthcoming Nationals in Adelaide, shooters will be required to shoot 'Yankee style' ie. five targets per lane before moving to the next.

This will no doubt be a new experience for many shooters and I can see it causing a deal of confusion as it did when tried at club level — thereby actually causing loss of time when I understand it is supposed to save some. If this style is to become standard would it not have been better to have voted in a rule change at the General meeting so that Clubs would have had the better part of a year to become familiar with the practice?

Might I suggest to all Clubs who have members intending to attend the Nationals that they begin now to use the five a lane system to give the said members a fair crack of the whip during our Major competition. I have always thought the nationals should be shot as per the rule book anyway — and this is certainly not presently in the book.

Further it may be well to remember that in America self loading traps are the rule generally speaking.

If the shooting did become too fast for our hand fed traps I also see trap boys with a few badly bruised fingers.

This means I feel that the said boys could well develop a bad case of the "flinch" which will result in them dropping the target onto the plate rather than placing it in position.

If so this will mean more "No Targets" and broken targets with a resulting further loss in time and not so happy shooters. Having been involved in years past as a referee at the nationals and as a competitor I realise that the average shooter is only asking for a fair crack of the whip and it is in consideration of the average shooter that I wrote this letter — will he be getting a fair go?

**NEW NATIONAL
 BREAK RECORD**

Staff Writer

Top shot Bill Iles established a new record of 600 targets during the recent Metropolitan Grand Prix Tournament. Bill shattered the old record of 536 which was shot by Larry Dimasi at Mildura at Easter. Bill's effort highlights the fact that he has great concentration and stamina, as well as the ability to amass such a total. Congratulations Bill from all Clay Target shooters. ●

Trigger: New inertia system offering extra short lock time and fine crisp pulls.

Both models come
complete with this
fine custom gun case.

Shoot with the powerful Australian

Want the very best power-packed shotshells Australia has to offer? Go for Winchester - the powerful Australian.

Always available, because they're made right here. Since 1967, Winchester research and development has perfected the shotshell for Australian shooters. Winchester introduced to Australia the reloadable plastic shotshell case. Serious shooters use it over and over again.

All components are available locally for reloading to match factory specifications and ballistics. Winchester shotshells...in a full range of loads.

WINCHESTER
More than a name, a legend.
