EXECUTIVE DIRECTOR'S NOTES

Springtime in Melbourne does not always produce the type of weather that the season calls for. This year is no exception for at the time of writing one could still think that we were in the depth of winter. Hopefully this can only mean that the sunshine and nicer days for us Victorians is not far away.

We have all by now had time to digest the Federal Budget and its effect on us personally. The gloom and doom message has been spread but to my way of thinking, if we all get on with the job and stop expecting more for less then maybe things might not be as bad as first thought.

While on the budget, advice has been received without the actual details involved, that our submission to the Federal Government for funding through the Australian Sports Commission has received an increase of 10% over the 1985/86 year.

In a tough budget year many sports have had their funding decreased and for Clay Target Shooting to experience an increase then obviously we are well respected as a National Sporting Body by the Government and Australian Sports Commission.

Don't forget the Wagga Skeet Nationals next month for it should be a great carnival.

Until then, good shooting.

SPANISH SHOOT TO DOMINGO DIAZ

Australian shooter Domingo Diaz has found his decision to remain in Europe between the Commonwealth Games and World Championships to be correct.

Domingo with a score of 197/200 has won the Spanish 5 Trap Universal Trench Competition against world-class competition.

Entrants in the competition included shooters from England, France, Spain, Portugal and Italy and with this victory Domingo will be difficult to beat at the world championships.

Well done Domingo Diaz.

CHARLES ENGLAND

In August, the Mount Gambier and Bordertown Gun Clubs lost one of their longstanding identities, with the passing of Charles England, aged 80 years. Charlie, as he was known to all shooters, was a live bird shooter of many years and then made Single Barrel his forte. His notable wins included: the 1957 North Western Pigeon Championship (Warracknabeal), 1959 State Night Single Barrel and State Day Single Barrels in 1960 and 1966. He also represented the state in a number of A.C.P.T.S.A. interstate teams.

Charles is survived by his wife and two sons, John and Bruce.

WINCHESTER

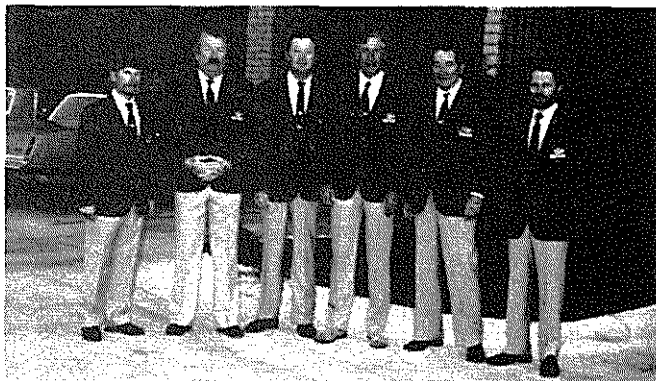

Australian International Skeet Team — July 1986 World Skeet Championship in San Antonio, Texas, U.S.A.

As you are aware, the team for these events were selected at our National Championship at the Melbourne Gun Club in 1985 and comprised Adrian Cousens, Robert Dower, Bill Iles, Eugene Kavanagh and John Summers. However, when John withdrew, his place was taken by the second reserve, Brian Thomson, as Alec Crikis was unavailable because of his commitment to the Commonwealth Games.

Pre travel arrangements were organised mainly by our Executive Director, and there were no hitches to our schedule, that entailed us all meeting in Melbourne prior to departure from Tullamarine, at 12.30 on July 19th, other than Brian, who had an urgent business commitment that prevented him from leaving with us that day.

We left by Continental Airlines and flew via Auckland and Honolulu for a stop over at Los Angeles for the night. Somewhere along the line we had lost a day, as it was still the 19th and we had flown most of one night. As it was still daylight after we had booked in and refreshed ourselves after the long trip, we took the opportunity to have a look around Hollywood for a couple of hours.

1986 Skeet Team (l. to r.): R. Dower, W. Iles, E. Kavanagh, A. Cousens, R. Holtfreter and B. Thomson.

Next morning we had a problem in that we missed the plane, mainly because Bill wouldn't get going, Eugene was hungry, Robbie admitted the long case he carried contained a gun, and took a long time to convince the authorities that the steel spectacle case picked by X-ray in his hand, luggage, was not a hand grenade or something. On top of this, we had to go about a mile to the gate only to have the attendant slam the door in our face with the comment that the plane was full. After a four hour wait we managed to catch the next flight to Houston in Texas, and arrived with 15 minutes to spare to catch our original connection to San Antonio which had been delayed for a couple of hours for some obscure reason. However, our hire cars were on hand as ordered, and we were soon at the La Quinta Motor Inn which was to be our home for the next week or so.

Next morning we drove to the National Gun Club which is the Headquarters of the National Skeet Shooting Association of the United States and made ourselves known to Ann Myers their Executive Director. We were told that no practice would be available on the grounds for the next two days. However, we were able to pick up the cartridges made available to us for practice by Winchester/Olin through the good offices of Bruce Burns of Winchester Australia. Our shooters were very appreciative of this gesture by these supporters of our sport.

Having had prior communications with Phil Murray (who is due here soon for our Skeet Coaching Seminars),

The N.S.S.A. Clubhouse at San Antonio.

we decided to travel up to the Pine Valley Gun Club at Conroe where he worked, for a couple of days practice, although it was 240 miles away. Luckily petrol over there is about the same price per gallon as we pay per litre. The roads are so good that it took us less than four hours even though we had to pass through the outskirts of Houston. This Club is at present run as a business by Jim Cook, a pretty good Skeet shot in his own right, and he looked after us very well, allowing our shooters to practise whatever they wanted in regard to gauges etc, with some assistance from Phil with coaching. We found that Doug and Michelle Siggs from Brisbane were also availing themselves of this hospitality and opportunity to practice and subsequently both shot very well at the Championships. They were also attempting to shoot enough targets to qualify for U.S. grading as our grades are not recognised over there, but our shooters did not have time for this and had decided to all register as 3A. This Club is to close in a few months time as a new complex is being built, at a cost of some millions of dollars, and will have two trench, 5 DTL, 5 Skeet fields, simulated field and provisions for some rifle and pistol facilities, as well as restaurant, motel and camping areas.

That day we drove back to San Antonio and out to the ground the following morning to register for the events which consisted of Preliminary Events in 12gge, 28gge, .410 and 12gge Doubles all of 100 targets followed by a Champion of Champions Event consisting of 25 targets in each gauge.

The Championship Events that followed consisted of Doubles, .410, 28gge, 20gge of 100 targets followed by the 12gge Championship and teams event of 250 targets over two days. A complete breakdown of the teams scores and percentages follows but I must say I was extremely proud of Adrian's effort in shooting 250/250 in the teams event and in the shoot off with five others which was in rounds of doubles, managing to come in second to a previous winner of the event in Bob Ukanalis of the United States. As a team we ended up 7th with a score of 1221, the winners being a team lead by Phil Murray that only dropped 8 targets in the 1250.

Our performance was all the more meritorious I believe, because we had left home where the temperatures were around freezing to compete in conditions around the 100°F every day, the maximum being 107° on one day. Most evenings it was still around 100° at 7.30.

Going back to the registration process, that is for all events you wish to enter, at the one time, and has to be fed into the computer, which enables you to receive a print out showing your squad, the field you are on out of the 29, the time you start, and your position in the squad, together with all purses and options you have taken up. Naturally this takes a long time to tabulate and check and I am grateful to those shooters who had been through the process before for their assistance, for the couple of hours involved. However, once done you can settle back and con-

centrate on your shooting knowing that you are programmed for the whole shoot. Over 1000 individual shooters were catered for at these events so you can imagine the statistical data involved. I cannot see that computerisation to this event could be a viable system for us in the foreseeable future as the costs are enormous.

NSSA has spent over \$200,000 to get where they are today, \$60,000 of which they spent on a system that did not work and had to be discarded. They have ended up with 11 VDU's, a very fast printer and two slower ones, a permanently employed software expert who is still not satisfied with the system, seven other permanents apart from ground staff, to cater for their 14,000 Skeet shooters. The staff increases to about 40 when the shoot is on.

An hour and a half was allowed for each squad to shoot its 100 targets which were naturally all taken from the one layout, and very few went over their time and it was up to number one in the squad to see that this did not occur. Possibly this is the reason that so much vocal encouragement was given by the leader during these events.

Although two of our shooters had "four barrel sets" it was appreciated by the others the willingness of the Americans to make guns available when required for the other gauges. However I do not believe we are ready to adopt all the gauges as they have done, but if another is warranted probably the 20 gauge would be the most practical.

Sporting Clays (or Field as we know it) has not taken off over there to any great extent but a rather elementary course was set up on a no cost for clays basis to introduce this type of clay busting to their Skeet shooters in their

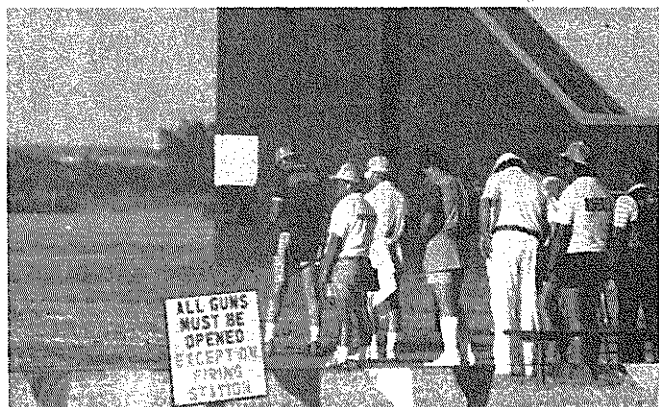

spare time. It proved very popular and was in use any time I was down that way. It certainly shatters the ego to have a go at these with the .410 as I know to my cost, and perhaps the shooters sporting the T-shirt, "I love Skeet but hate the .410" had also had a try. Another innovation was the biodegradable clays they were using over the water which were guaranteed completely soluble and not toxic to your HOGS. Bob Dower proved the best of the Aussies at this, carding a 21/25 in one round, with his 12 gauge of course.

Over the period of the Championships many new friends were made and renewed. Our special thanks to the President of the New Zealand Association and his wife for their hospitality. I also was invited by the local sporting commentator to join him on their Saturday morning radio program, with Jim Cook, and we had a general discussion about shooting generally in both countries.

After the events were over we had a day or so to look around San Antonio and their Hall of Horns at the Lone Star Brewery, the remains of the Alamo and its history, together with the River Walk are well worth seeing if you are ever in Texas.

The 43 hours elapsed time it took to return as far as Melbourne is best forgotten but the experience gained by these shooters, I am sure, will be used to advantage in upgrading our competitions here. Their reports to our Executive will certainly be taken into consideration at the appropriate time. On their behalf, I must thank the Association for giving us the opportunity to see what Skeet is all about under different circumstances.

R.M. Holtfreter,
Team Manager.

COMMONWEALTH GAMES

PETER QUIRE, COACH/TEAM MANAGER

The Commonwealth Games in Scotland were marred by the boycotts. Those attending could not help but share the disappointment of those athletes recalled by their governments at the last minute. The line of national flags grew less day by day. In Olympic Trap and Skeet however there was still an excellent competition of very high standard, with the Commonwealth records broken in one skeet event. The Scots were friendly hosts and with weather as cold and windy as they have it is easy to see why they invented Scotch Whisky.

Kippen was 100 ks from Edinburgh, so we were bussed to and fro each day. The shooting facilities were excellent, but the inclement weather and gale-force winds and rain made life difficult for everyone.

Terry Rumbel won our first medal, our team won four in all. He won the silver medal in the Trap Badge match with a 95/100. John Primrose of Canada won Gold with a 196 and Domingo Diaz was equal 6th with 91/100. In the Skeet Badge Match Ian Hale won the Bronze Medal with a 95/100. Alex Crikis shot a 94/100.

In the Teams events Terry Rumbel and Domingo Diaz took the Bronze Medals. They shot equal score with the Northern Irish Republic who took Silver on a countback. Peel and Bowden of England won the event with 185, Rumbel and Diaz shot 183. Congratulations to Terry and Domingo on their medals. In the Skeet pairs Ian Hale and Alex Crikis took 4th position.

The individual events saw Ian and Alex shoot 188 and 186 respectively. N. Kelly of the Isle of Man shot 196 to win the event.

In the individual Trench Terry Rumbel shot 189 to come 4th, Domingo shot a 187. T. Peel of England shot 195 to win Gold.

The Commonwealth Games is a special meeting of sports people with a common historical link, but independent racial and national pride. It would be a great loss if this sporting contact between Commonwealth peoples were to stop. I believe that problems are solved by meeting on a people-to-people basis, where human similarities are more obvious and important than are political differences.

Commonwealth Games Bronze Medal winners Domingo Diaz and Terry Rumbel.

ROBIN BAILEY WINS HIGH GUN AT NARROGIN 2 DAY TRAP SHOOTING CARNIVAL

July 19 and 20 was once again the weekend for the Narrogin Trap Shooting Carnival. Saturday morning started with the Woolcombers Championship and the weather chilly but sunny, promising a fine weekend and some good shooting. Shooters arrived from all over W.A. with 16 from Geraldton, and as far afield as Leonora, Esperance and Albany. Shooters from Narrogin were sporting their new green jumpers with gold logo as were Geraldton in maroon and gold and Esperance in red and white and others with the new State jumpers in black and gold. All looking very smart. Saturday night tea was held at the Clubhouse and a pig and lamb on the spit was ably cooked once again by Peter Riseborough from Kulin, and was much enjoyed by everyone, who then congregated around our newest addition to the club, the open fire, which had kept us warm during the day and contemplated the next days shooting.

High Gun winners (front l. to r.): Ray Wendt, Katanning 'C Grade'; Robin Bailey, Perth 'A Grade' & High Gun; Len Sharp, Narrogin 'B Grade'; Marg Slee, Albany 'Ladies High Gun'. Back (l. to r.): Reg Schmidt, Narrogin 'Veteran's High Gun'; Paul Lange, Bunbury 'Junior High Gun'.

After a reasonably early night the shooters arrived on a cold and sunny Sunday morning aiming for some high scores and looking forward to winning some of the wonderful array of trophies valued at around \$2500. The conclusion of shooting saw Robin Bailey from Perth win the High Gun Badge, which is a silver ram, with an excellent score of 248/250, congratulations Robin. Congratulations also to Leslie Watson of Geraldton who shot her personal best over the weekend.

After the presentations and speeches, tea was cooked on the Club's new brick gas BBQs and a lot of weary but contented shooters travelled some long distances home, completing a most successful weekends shooting.

VALE

HAROLD MELLOWSHIP

Mallala Gun Club, S.A. committee and members were saddened by the recent death of Harold Mellowship.

Harold had been a past member of the Broken Hill Gun Club of the early 1960s and was well known in shooting circles. After moving from Broken Hill in the mid 1970s he joined the Mallala Gun Club and was admired by all.

Our condolences go to his wife, Robby.

PERAZZI

The Guns with the latest and up to date technology built into them:

The gun that is continually being improved to the highest standard and expectation of the shooters who appreciate the finest quality and value for money spent on their investment — not all guns fit into this category.

The gun that was designed by some of the world's top champion shooters who knew the shooters requirements and these are being made by champion gun makers to enable you to become one of them, so why not make your first and any other subsequent purchase a PERAZZI. There are so many models available that there must surely be one just perfect for you. It will become your pride and that in itself is enough to give you the confidence required to break that LAST target that makes you a winner. Isn't that what you want to achieve? So think positively. SUCCESSFUL SKEET CARNIVAL

S.A.C.T.A. held their Skeet Carnival on June 28 and 29. The weekend was very successful and enjoyed by those who attended. We were very lucky with the weather it being fine if a little cold at times. It was very pleasing to have the four visitors from Victoria and I should think they would be very pleased with their results, especially Adrian Cousens and Brian Thompson. Adrian winning the o/a in two events and was the o/a winner for the weekend. Thanks to Adrian for his donation of trophies to S.A.G.C., Linda, Agnes, and Isabel (and Brian Thompson for the kiss). Brian winning o/a in the other two events. Our S.A. Shooters to do well were Dave Sparnon, Ray Kimber, Bob Dower, Ray Pitt to name a few. This year we had enough ladies to have a team and congratulations go to Mary Waugh for being the team High Gun winner. Also we must congratulate Bridget Dower for being the Ladies High Gun winner for the weekend. We are also very proud of Bob Dower for winning his way into the Skeet team to shoot in America, he was the S.A. champion shooter for the weekends events also. Must not forget Peter Caddy getting the Veterans trophy.

Ladies Skeet Team (l. to r.): Sandy Applecamp, Ruth Michel, Bridgette Dower, Mary Waugh, Margaret Pinter.

Laurie Connors is pictured presenting the High Gun runner-up trophy to Brian Thomson. Brian was the overall winner of 2 events during the carnival.

The Central Zone won the Zone teams event they being I. Campbell, B. Murphy, D. Sparnon, R. Kimber, R. Dower.

We had our usual Campers on the ground and there were some very tasty meals being cooked, by the men. Some being cooked were fish from the river Murray I think, and a very hot, hot tasty stew (pepperoni) I do believe (Clarry's special) some of us lined up for a second helping.

Agnes and Laurie Connors were back again and are always very welcome. On the Saturday we were very fortunate to have the company of our National President Roy Holtfreter, we thank him for coming. I really would like to take this opportunity to say thanks to all who came from near and far, especially my mate Phil Green from Mt Gambier for all his work in the office, and to everyone who helped in any way to run the shoot. It is also especially appreciated by all for food prepared for those in the kitchen and those responsible for the preparation of the grounds which looked great.

Last but by no means least, S.A.C.T.A. would like to say many thanks to THE GUN RACK for sponsoring the STATE SKEET TITLE, and AUSTRALIAN SHOOTING GEAR (Ray and Pat Mack) for sponsoring event Five.

It is also fitting to say thanks to those who conducted the Trench, those shooting had a good weekend.

Until we meet again.

REPORT ON COACHING IN QUEENSLAND

It is very obvious to see that the coaching scheme is operating successfully in Queensland, not just by the improvement in scores being shot, but also by the uniformity seen in stance, gun mounting etc.

Apart from coaching clinics being conducted by club and zone coaches throughout the State, the State Coaching Director Bill Stevens also conducts a major seminar in each zone annually.

These seminars are used to: (a) upgrade accredited coaches; (b) register and instruct new coaches; (c) examine coaches for accreditation; (d) hold discussions on problems which coaches encounter.

The coaching year runs from 1st July to 30th June each year. The venues for the 1986-87 year are:

Northern Zone: Held at the Charters Towers Gun Club, this was a very good seminar, made interesting by a contribution from Arthur Kenna on visual aids, and how to use them. All the coaches found this interesting, and gained many useful ideas.

Central Zone: To be held at Gladstone Gun Club on the 6th-7th December. The National Coaching Director will be attending this one, and we are looking forward to his contribution to this.

South-Eastern: Schedules for Toowoomba Gun Club on 13th-14th December. Again we hope to have the National Director attend, plus zone coach Martin Gough will be arranging a guest speaker so it will be one the coaches won't want to miss. Martin with assistance from Gerry Chizzotti have made a video called "Smokin' Targets". This is very interesting and clubs wishing to view this should contact Martin.

Western Zone: Venue not decided on at the time of writing.

All coaches in Queensland are urged to discuss reloading safety at all their seminars and clinics, to ensure maximum safety for all shooters who reload their own ammunition.

Registration for Level 2 accreditations are increasing, with many coaches taking advantage of the Correspondence Course, while others have done their Level 2 at the T.A.F.E. Colleges.

By the end of 1986 each zone should have an accredited Level 2 coach.

This will only improve shooting in this State, and we congratulate those coaches who give of their time and effort to promote this sport in Queensland.

BECOMING A REFEREE

Approach your Club President or Secretary who, providing they agree that you have achieved a satisfactory standard, will make a recommendation to a registered referee examiner for you to be given a practical and oral examination.

Once you have done this a recommendation will be made by the referee examiner for your appointment, providing of course that you have successfully completed the practical and oral examination.

Your appointment will be for a period of five years from the date of examination and you will be issued with an identifying badge which is required to be worn at all shoots.

Why should you become a referee? The answer is why not, for, as you wish to shoot with a competent referee, so do others.

As well as this you will obviously obtain a better understanding of the rules which in turn will lead to greater enjoyment of your chosen sport of Clay Target shooting.

To identify the referee examiners, one of whom will conduct your examination, please refer to the published list below.

OBITUARY

An era closed on Clay Target shooting with the passing of Edward Charles Andersen, fondly known to all as Eddie, on July 10th, 1986. Eddie was in his 87th year and will be sadly missed by all. He was a keen sporting man and his greatest love was clay target shooting. He was a keen member of both Warwick and Ballandean clubs.

When Ballandean staged the first and only "Car Shoot" with a car as first prize, in May 1964, Eddie was responsible for making three electrically loaded and fired traps to be used by the club. These traps were much better and more reliable than any other traps available.

He faithfully maintained and serviced the traps for both Ballandean and Warwick for over twenty years. At Ballandean he won his last shooting championship at 80 years of age.

Life membership was awarded to him at Ballandean in 1962, and at Warwick in 1965 Eddie was predeceased by his only daughter Betty, also a life member of the Warwick club, in 1980.

He was a quietly-spoken man, and one of nature's gentlemen. Our sincere sympathy to his wife Kit.

DARWIN GUN CLUB

ANNUAL FOUR-DAY SHOOT

R.E. Fox

Well the combination of the best weather in Australia at this time of the year plus top shooting, fishing and good facilities proved irresistible to over 100 shooters at this year's annual shoot at Darwin. It was the best turnout for many years and a good weekend was had by all.

Darwin Gun Club organisers were pleasantly surprised by the turnout of 86 shooters on Thursday night (31 July). While not part of the shoot proper, the 50 target PS Winchester State Championship has been the traditional start to Darwin's annual weekend. 86 was the best turnout for five years and was an accurate indication of how things were to go on the weekend. It would appear that the nosedive in the Aussie dollar is making holidays in Australia more attractive and Darwin is reaping the silver lining of that particular cloud.

Speaking of clouds, for the second year in a row the shoot was interrupted by a bushfire. Bushfires up here are pretty tame affairs compared with the Southern holocausts but enough smoke was generated on Thursday night to temporarily disrupt proceedings. The smoke, however, did not seem to trouble Geoff Mark of Sebastopol Club with his excellent 148/150 which enabled him to take out the overall trophy kindly donated by Winchester Australia. Peter Lorman of Darwin was right behind Geoff with 147/150. The Winchester donated trophies were presented by the indefatigable Mr Winchester, Dick Ayres.

The Friday events featured 50 Trench followed by 50 Skeet. Neil Berry of Echuca took out the overall in trench with 49/50 with Ken Selwood of Darwin with 72/75 after a shoot-off. Allan Spence also of Echuca took out the B grade

Neil Berry of Echuca won the High Gun for the weekend.

Darwin's Dave Moon had a good weekend including winning a TAA Calcutta airfare despite have to feed us all at the Calcutta dinner.

after a shoot-off from young George Magdziarz. (Allan Spence a B Grader?) John Griffiths of Bunbury took out the C grade trench in fine style. There was a large contingent from Bunbury this year — nice to see you folks and we look forward to your coming back next year.

In the Skeets, locals John Doyle and Max Weston set a cracking pace early on with 50/50 possibles. Unfortunately Max was called away on a work-related emergency and could not enter the shoot-off leaving a hollow victory by default to J.D. The first prizes for each grade were well worth competing for, being return fares from Darwin to any other capital city, kindly donated by Greyhound Australia. Kevin Baker and Dave Wetherall won the other two fares for first in B and C grades respectively.

Saturday we got down to the serious business of the weekend trap events aided by a magnificent Darwin dry season day. Neil Berry and Allan Spence featured in the two main events taking out overall in the 30 PS and 50 DB respectively. Guy Beddington was hot behind Neil in the first event and Trevor Byrne dropped his 92nd target in the shoot-off against Alan Spence in the 50 DB. June Roach from Bunbury gave the men a bit of a shakeup in the C Grade in the points score with a very creditable 83/90 but was pipped at the post by local Lance Chin Quan who, for some strange reason, no longer shoots C Grade. Local Dave Moon won the DB B Grade outright by shooting the possible, with another local "Bull" Ken Bathman taking out C Grade. DGC President's wife Lanie Grove won the ladies with her personal best of 47/50. Good on yer Lanie! (Real objective reporting this!) Dave Ellis won a case of cartridges in the 5T eye-opener in the morning.

Sunday dawned another beautiful day, perhaps a little early for some as I believe the casino stripped off a few more southern dollars the previous evening. Scores were down a bit, possibly due to the strong winds that blew up early in the morning and persisted all day. Hank Theunissen, Neil Berry, Jim Blythman and Brian Mark agreed to share the case of cartridges on the eye-opener

thus saving the club time and money on the shoot-off. Thanks gentlemen, that is real sportsmanship.

Neil Berry again starred along with Craig Bently and Trevor Byrne being overall winners of the three main events of the day. Doreen Aylett shot consistently well and Lanie Grove shot another 47/50. (This is getting to be a habit Lanie!) Local Glen Goding featured in C Grade — I doubt that you'll stay there long Glen. Arthur Wooley (nice to see you back Arthur) took out B Grade in the 30 SB and 15 Pr DR. Darwin's Les Woodbridge won B Grade in the 50 DB in a shoot-off from John Parmenter of Rockhampton academic fame. John had a couple of disappointments over the weekend by just missing out on a couple of shoot-offs. You'd better come back next year for revenge John.

The traditional Calcutta dinner on Sunday night was a great success. Beryl Bell and the rest of the wonderful ladies coped magnificently and Dave Moon did a rerun of the loaves and fishes act. Speaking of acts Brian Mark turned up with another lot of jokes — I did like the one about Snow White and the seven dwarfs Brian! Local identities, auctioneers and sometime pastoral inspectors Ted Easton and John Franklin auctioned off the Calcutta entrants in inimitable style which bemused many visitors. These fellows make a specialty of auctioneering for similar events in local sports clubs and their style would be hard to beat.

Monday saw some serious shooting despite the wind. Allan Nott and Bob Britcher split the case of cartridges on the eye-opener. Dave Moon won the handicap with a possible and local junior (not for long) Thomas Weis and Brian Treloar battled it out for 2nd and 3rd respectively.

In the premier event of the weekend, the 50 DB Calcutta, Dick Ayres couldn't believe it when Alan Spence dropped his 56th target in the shoot-off. Dick has been coming to Darwin for many years and has always had his eyes on one of the 50% concession return airfares donated by TAA. Good on yer Dick! Dave Moon continued his winning streak by winning the airfare for B Grade as did "Bull" Kim Bathman in C Grade.

Dick Ayres won the overall Calcutta and a coveted TAA airfare trophy.

Neil Berry showed consistent form by taking out the overall high gun for the weekend. Doreen Aylett won the ladies high gun and Territory shooter Paul Seis won the junior high gun. The trophies for high gun were again generously donated by Darwin sports store, Fishing and Outdoor World, and presented by club handicapper, accommodation organiser, tireless club worker and sometime sports store proprietor Greg Chan. The trophy for Overall High Gun was a particularly fine Seiko watch. Thanks Greg; I don't know what we would do without you.

Apart from the few inevitable glitches in the office it seems that the only sour note was struck by our having all

black targets for the first time at an annual shoot. As most club committees would appreciate, there are compelling financial reasons for having black targets instead of coloured ones. In the light of this experience, however, we will be recommending to next year's committee to return to coloured targets again despite the costs.

The magpie geese and barramundi championships were more popular than ever. Greg Chan organised both events for Tuesday and Wednesday respectively. Enough geese were shot at Howard Swamp to make it interesting and some fine barra were caught on Wednesday. There were at least two 14-15 pounders and many other smaller ones. I wouldn't mind a dollar for every can of amber fluid that disappeared down thirsty necks but, hell, ain't that what it's all about, eh?

Paul Seis, Hank Theunissen, Tony Abela, Greg Chan and Guy Beddington survey a nice catch of barramundi. That's a 14-pounder that Greg is weighing.

All in all it was an extremely successful weekend. Thanks to all the visitors — we really appreciate your coming and look forward to your return next year. I'm reliably informed that Darwin hosts one of the biggest annual shoots in the country and we have no intention of losing that reputation. See you next year.

WARATAH STATE NOTES — OCTOBER

MANNING OF TRAPS AT GRIFFITH

All zones by now would have advised their respective clubs that at the State Trap Carnival each zone will be responsible for the refereeing and scoring duties for the six traps.

The allocation was made with a draw from the hat, and is as follows:

Western Zone — Trap 1, Northern Zone — Trap 2, Riverina Zone — Traps 3 and 4, Central Zone — Trap 5 and Southern Zone — Trap 6.

Each zone has been asked to "decorate" their area behind each trap, to add to the spirit of the carnival.

Please do not leave these duties to the "few" — if everyone helps it will be a very small task. Give it your support.

ON THE COACHING FRONT

Barney Rooke and Col Burt conducted a very successful Level 2 Coaching Accreditation weekend at Dubbo in August. Five Level 1 coaches are now commencing their 12-month course to become Level 2. This can only lead to a higher standard of coaching within N.S.W.

Each zone has been asked to set aside one or two dates during 1987 for coaching sessions to be held. These dates along with the proposed venues will be printed in the 1987 Blue Book.

The sessions are for the benefit of all shooters in the State — so here again give the coach of your zone the support by attending.

FROM THE SOUTHERN ZONE

Zone President Robby Smith reports: Another well-run and successful zone carnival was held at the Sydney Clay Target Club on Sunday 3rd August.

Shooting got underway with an eye-opener, and with just on 100 shooters we saw 27 possibles in the Zone Double Barrel Championship. The overall winner was Barry Kable from Fred Twarloh with a score of 145/145. This event was followed by the Zone Point Score Championship which saw only two possibles, the winner this time being Tony Alvaro with 90/90, from Vince Gatt on 89/90. The last qualifying event for the Zone Team was the Zone Single Barrel Championship and again only two possibles, with Australia's up-and-coming young shooter Michael Diamond successful with 34/34 over G. Large, the overall high gun going to Barry Kable.

On behalf of the zone I must thank Mal Tilley, his family and committee for a great day's shooting, with excellent trophies, good targets and in all a shoot that has done both the Sydney Clay Target Club and this great zone no harm in the eyes of our shooters and supporters.

The Southern Zone Team for Griffith is: Barry Kable, Michael Diamond, P. Pontello, J.W. Smith, P. Farrugia, Tony Alvaro, Vince Gatt, Peter Politi, Craig Tilley, G. Large, G. Smith, R. Brown, with the reserves being F. Twarloh, M. Holland, D. Jordan.

FROM THE NORTHERN ZONE

Again this year, the Inverell R.S.M. Gun Club executive, committee and members can feel justly proud of the extremely successful two-day open Trap Shoot conducted during August. With over 70 shooters on both days and two traps, the whips were certainly cracking — but they made it. The club has taken a giant leap forward and has installed phono-pulls on both layouts, and with no problems at all — the only comments were very favourable. Well done Inverell (full report this issue).

The Northern Zone Team to make the long trip to Griffith (having been selected at Glen Innes in February) is: Jack Barker, Alex Yeoman, Don Thrift, Bill Buchanan, Peter Flack, Ray Hammond, Rex Varley, Peter McGuire, Barry Finch and Mike Wade. Reserves: Andrew Futter,

John Farrell, Col Burt, John Kent.

The ladies team is Helen Finch, Alice Harrison and Georgina Mitchell.

Good luck to those shooters.

STATE TRAP CARNIVAL — 1986

By the time you read this the Carnival will be a short few days away. If you haven't already reserved your accommodation you are probably too late; however the nights are not too cold and the ground not too hard at Griffith — pack your swag and walk (if necessary). By the way — "have you packed your gun?" — just get to Griffith and "blow some of the hornets' nests out".

If you want to be part of the biggest shoot in N.S.W. once a year this is your chance — remember "opportunity knocks only once".

PARTICIPATION — OR NOT?

Despite my request in August "News" for input in the "News" — the result is like the referee calls when I'm on the tracks — LOST. What about it? Some of you guys must have heard a good yarn during the month — write and tell me a few new ones; if I can't print them at least I'll have a laugh and pass them on. Also — I'm running out of proverbs so "HELP".

Drop a line to the State Secretary or myself and be a part of your magazine.

SKEET CARNIVAL — 1986

The Skeet Carnival was held at N.S.W.G.C. in Sydney and proved an outstanding success.

Sydney had a real downpour and the whole area was flooded and saturated. How some of the competitors managed to get through I will never know. I guess you can use the old proverb of "Where there's a will there's a way".

The attendance was excellent with over 80 competitors so "thanks" to the workers who kept the show running smoothly and thanks to the competitors who travelled so far — particularly the Victorian contingent. We had a visit from John "Tiger" Turner of Balfour Gun Club in New Zealand; Tiger read the News and decided he would like to break a few skeet targets so he hopped a jet and shot the Carnival. Thanks and welcome Tiger.

The trophies were of an excellent standard thanks to the sponsors — Mick Smith (Smiths Sports Store); Stewart & Allwood (CCI Primers etc. etc.) and Seiko Time Centre (Seiko Watches and clocks etc). Thanks to each of you from the President and Committee of the N.S.W.C.T.A. and a special thanks from the competitors.

AFTERNOON TEA AND MEALS

I am completely amazed as I travel around to see the variation in the meals and afternoon teas. I know that I mentioned this in September News but you can accuse me of stuttering if you wish.

Mostly, when you talk to the President or Secretary they will give you a sob-story and apologise about the kitchen or will say "We don't worry — the girls do it all".

To me this shows the spirit of the Club and is a very real barometer. In August I again visited my favourite little club of Dorrigo and the 55-odd shooters could still be at the afternoon tea table and still eating about three weeks later — the table would still have plenty of food.

A short time later I visited one of the supposed bigger clubs and the meal consisted of pies (which ran out), salad rolls (stale buns) and no morning or afternoon tea at all. I wasn't impressed and neither were some of the visitors who had travelled to visit the club.

Guess which way I will be travelling next year? Remember "the best way to a man's heart is through his stomach" and Dorrigo sure has my heart.

Two masterpieces from Belgium

New Browning B125

A perfect combination of exotic walnut and forged steel wrought into classic sporting and old English game guns.

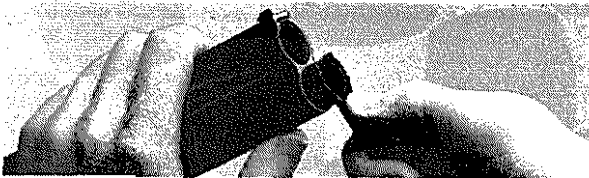

The B125, crafted with traditional Browning skill, is the direct descendant of one of the most beautiful and robust guns ever created — the legendary masterpiece John Moses Browning invented in 1926.

The Superb decoration is a tribute to the Belgian engravers.

The whole action is finished in "Old Silver". Beautifully designed Game Scenes depict pheasants and ducks on either side.

It is complemented by fine hand cut checkering on the grips.

Complete with Browning's exclusive Invector Choke.

This interchangeable choke can be changed in seconds yet is invisible from the side. Perfect sighting without distraction. Five chokes available.

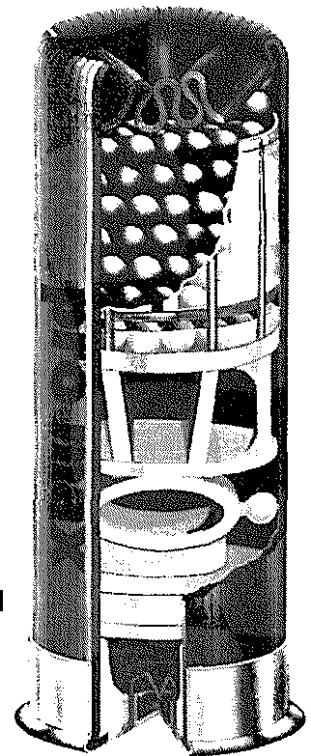

Game model features English Gooseneck stock and also available in 1/4-3/4 and 1/2-F, fixed choke.

W.A.C.T.A. REPORT

By the time you read this report all clubs in the State will have submitted their programmes for 1987 to the W.A.C.T.A. office. They will then be correlated and printed in a booklet and sent out to clubs before the end of this 1986 shooting year.

I would like to mention that the Leinster Gun Club was allotted a State event for the first time, but unfortunately, due to the closure of the Agnew Nickel Mine, the club will cease to exist. We wish all club members and their families well, plus good luck in securing employment elsewhere and trust it will not be too long before we see them shooting with other clubs. The Leinster Perpetual trophies will be kept at the Shooting Complex and hopefully they will again be shot for should the mine reopen in the future.

HOLY GHOST — W.A. State President caught out smoking in a breathalyser test at Geraldton.

The Geraldton Gun Club's annual Crayfish Carnival was held on the 2nd and 3rd August and there were a massive 127 nominations for the weekend. I was most impressed by the way Club President Mick Watson had the club and members looking and performing so well; also the hospitality and the meals made the carnival the best I have attended. There were two State events on the programme and congratulations go to D. Fox and W. Jackson (Collie) on winning the State D/D Championship, and to Murray Alexander (W.A.G.C.) for winning the prestigious State D/B Championship. The hospitality of the Geraldton Gun Club shooters carried on for the following week, when Eddy Toomey, Alan Hocking and Hedley Harmer took Darryl Wiese and 13 others to Little Pigeon Island on the Abrolos Group. Darryl tells me that the three hosts entertained the 14 visitors to a 5-Star quality few days, as well as a very informative look at where the survivors of the "Batavia" shipwreck came ashore and built shelter for themselves and lived for six months in 1629.

Roy Holtfreter, our National President, has just returned from U.S.A. where he was managing the Australian team to the World Skeet Championships. One of the team members, Adrian Cousins, excelled to win second place overall — a mighty effort.

Also just returned from U.S.A. are two more international travellers from the West, Jasper Bright and Merv Neve (E.G.G.C.). They were competing in the U.S.A. National Trap Championships. Jasper is the oldest active shooting member in Australia and he was the oldest competitor in the U.S.A. competition.

Merv tells me he wore his new W.A.C.T.A. blazer every

day to the shoot and was constantly asked about Western Australia. Also the comment was that the A.T.A. should have a jacket like that — it looks great.

Some 900 squads of five shooters (4500) shot the Grand American Hop, the winner gaining a prize of \$22,000 with a score of 98/100. Around 1800 targets S/B were shot over 73 traps in 10 days — a marathon by our standards. We as Western Australians can be proud of our three ambassadors to the U.S.A., bearing in mind the forthcoming America's Cup defence.

Northam Gun Club's carnival was held on 23rd and 24th August and saw a good field of shooters for their trap programme, including the State Continental D/B expertly won by Tod Harris (C.M.T.) with a score of 50/50. On the Sunday the State Champion of Champions, to keep it in the family, was won by father John Harris with a score of 98/100. The overall High Gun was won by State Vice-President John Fissoli. The Club President Bruce Maley and his committee are to be commended especially for enthusing their own Town Council to support the shoot in the form of trophies, making a formidable line-up of trophies.

Our Coaching Director has just concluded a five-day coaching clinic in the Far North — three days at Koolan Island and two days at Derby. They were the most intense he has experienced and a total of 31 shooters attended. He says that "after reviewing all that was achieved in these five days, the exercise was well and truly worthwhile and one that both clubs will be approaching the Dept. for Sport & Recreation for a similar seminar in 1987. I myself would like to thank the Dept. for assisting me to conduct these seminars and Mr Simon Leunig for doing the arranging."

In closing I am very pleased to see clubs are starting to use the trap guards on the trap machines.

See you around the traps. Good shooting.

VALE

ERIC MEDHURST

Mount Gambier Gun Club regrettably notes the passing in August of life member Eric Medhurst.

In later years Eric was unable to partake in shooting due to the loss of an eye; nevertheless he always maintained a keen interest in the club. He is survived by his wife and seven children.

VALE

LOU LUPP

On 22/8/86 the Katanning Clay Target Club lost one of its very old members with the passing of Lou Charles Lupp. Lou was a keen shooter with many long breaks to his credit in years gone by. He will be sadly missed by shooters and friends all over Australia.

Northern Notes

Here and there

Darwin Gun club hosted its most successful shoot for many years on the Picnic Day long weekend, with total nominations in excess of 120.

Mister '49er', Alan Spence returned for another successful foray into the wild North, and brought the 'Quiet Achiever' Neil Berry with him. They shared many of the 'A' grade trophies, putting up breaks of 200 plus in so doing.

Alan, always the source of a quote or two on the shooting grounds, came up with another after he'd posted the possible in the Calcutta. 'You know,' he said, 'I was seeing them so well, and concentrating so much that if the target had shot through the legs of a naked Nullarbor nymph prancing on the pitch, I could have powdered it without powdering her.'

However, it was that dapper, debonair, political look-alike, Dick Ayres, who took the top trophy in an unexpectedly short shoot off. Reputedly, he was not amused at the antics of the consortium who bought him in the Auction, when said alliance 'went West' for a 'Night at the Opera' and left Dick in 'Duck Soup' without even shouting him a drink. We don't do it that way up here, Victorians! Perhaps it's time to combine prizemoney and Calcutta money, and split the total, say 70%-30%, buyers and shooter respectively, to stop the problems.

The shoot went well, but some aspects of management could be improved. Contestants in the shoot off of one event were not amused when told that, although ample daylight was left to shoot an extra thousand targets, the shoot off would take place next morning due to the possibility that the Social evening and Calcutta auction might be delayed. As one spectator remarked, 'What are they running? A restaurant or a shoot?'

Another shoot off between two local shooters, delayed with the consent of one, when the other was called away on urgent business, resulted in a Committee decision to delay the shoot of indefinitely. The remaining shooter, with justification at this most strange decision, protested. This happened after presentation of trophies for the day, and after two hours notice was given to the absent shooter. Under no circumstances should he have been subjected to such an unreasonable delay. It was most embarrassing for all concerned, needlessly.

Perhaps these are isolated, and, perhaps minor points. It is the proliferation of a succession of these 'minor points' which, in many cases will ruin the reputation of a Club or a particular shoot.

Away from problems, which were, in fact, few, to a shooter who has proposed the best scheme I have yet heard for a major shoot, be it at National, State, Zone or Club level. Those interested, please contact Bob Hooper, care of Darwin Gun Club.

Jabiru Gun Club is holding its major shoot for the year, with a proposed 100 target 'Rotor Services' trophy, and a 75 target single, double and points score event for the Kevin Barket Memorial Shoot. Perhaps two marathons on one weekend is ambitious, but with good sweeps on offer, it may prove to be a shoot to remember.

Hundred target shoots seem to be the go up here, with Katherine Clay Target Club holding theirs the weekend after Darwin's Annual Shoot. The result was no surprise, with the Quiet Achiever recording the only 'ton'. It seems that Spencey's graduated to ninety-nine now, rather than forty-nine. Up with the big boys, eh, Al?

Ken Selwood is coming good in a rush at Trench, with two 48's and a 49 at his last three outings. That fifty's a bit elusive, but I'd have a fair sum on Ken's being the first shooter to do it in '86. Nationals next year, Ken?

Andrew Napoli became the first 'C' grader to take a title away from the 'A' grade trappies for many a long day. Well done, Andrew! May it be the first of many!

October's the month for the Masters' Games in Alice Springs. Here's hoping for a bumper roll-up, to give our Southern cousins some solid competition to get the ball

rolling (clay curling?) again. It's been too quiet for too long in the Centre.

It was good to see Steve Lorman up and about on the skeet walks again. It takes a lot to keep an addicted shooter down.

Another local lady, Donna Williams, was in raptures recently after getting 57/60 in a points score event. You would have bet London to a brick (sorry, Ken Howard) on Donna getting the 'C' graders share of the goodies. Alas and lackaday, 'twas that evil villain, John Fletcher, who stole away the trophy with a top score of 59/60. It's getting harder to win 'B' and 'C' grade than 'A' grade these days, it seems but it won't be long before Donna steps up to the winner's platform.

THE ROLE OF THE COACH

M. Alexander — W.A. State Coaching Director.

The role of the Coach is an ever changing one. It started within our sport with the person who helped start novices off and carried through to assist the more proficient.

This system has worked well throughout Australia and as experience is gained so the coaching system adjusts yet never losing sight of the fact that the coaching system must be available to all standards.

Of course this places a fair strain on our Club Coaches and it is inevitable when a Coach could not help an individual's problem, that shooter just stops and investigates no further. It is surprising how little our members know of this sport and its interconnecting arms. For the shooter who needs that extra help which seems out of reach, he can get his Club Coach to contact the Zone Coach and seek his assistance.

The Zone Coach generally has at his call a variety of coaching aids and he in turn has the assistance of the State Coaching Director. He in turn can supply or obtain most information and any technical data required. The State Coach can also go onto the National Coaching Director when the curliest of problems remains unanswered.

It boils down to, if you don't 'ASK', the System can't provide the answer.

The W.A. emphasis has been placed on this chain from the coachings inception and, apart from the odd hiccup, has proved successful. Because the system is used, Clay Target Shooters in W.A. are benefiting from improved standards and this in turn is reflected in the support the Department for Sport and Recreation gives to WACTA. The way in which the majority of our shooters present themselves also has many benefits as WACTA has an excellent rapport with the W.A. Police Department to the extent they recognise the W.A. Coaching Council assistance in their Police Trap Team.

The Armed Forces have also availed themselves of the W.A. Coaching Council's services and regularly have Skeet

training days. This has helped them in skill acquisition and is a regular part of their program, especially when you see how quickly the discipline these people have in their training helps them to quickly pick up and adjust to the necessary skill required in Skeet Shooting.

All this is beneficial to WACTA, ACTA and all State bodies for the different government departments have become aware of our sport and how it benefits them and the public in raising the standards of firearm awareness and safety.

Yet all this is of no consequence unless the system carries on, communicates and improves. Improvements that help can be as little as the novice coaching package put together by the W.A. Coaching Council, Department for Sport and Recreation and the W.A. Gun Club to ensure our novices received the correct information and introduction to the Sport, to the arrival shortly of a World Class Skeet Coach.

So now our Coaches find they must liaise with more outside the sport to gain expertise, finance, and to help improve the image of our sport. Not an easy task but one that does have its rewards.

But one thing remains and that is that all Coaches are human as well as being volunteers and it should be remembered that most times they assist others often to the detriment of their own shooting ability. Yet if we use our system and not consciously undermine it these same people will continue to give of themselves to improve shooters in ability, appreciation of this sport and above all, pride in yourself.

EDITOR'S MAILBOX

Dear Sir,

The Australian Skeet Team to the U.S.A. for the World Championships has very recently returned. However, before going home to Victoria, Adrian Cousens, a team member, contested the N.S.W. State Skeet Championship and other events conducted at New South Wales Gun Club.

In a discussion with him re the World Championships, I discovered that he had achieved a second placing in the premier event, the 12 gauge World Championship. To say that I was both excited and delighted at this news is an understatement. That such an achievement was made by an Australian after such short acquaintance with the American scene is, in my opinion, magic.

I was fortunate to be a member of the first skeet team to the World Championships in 1984. Seeing the very high standard of performance by the American shooters had convinced me that Australia was some five to ten years behind the top Americans. Apart from the greater opportunity for intense competition I am convinced that what favoured the American shooter was first that they shot the smaller gauges; this demands greater accuracy from the shooter but more importantly it allows him/her to more closely call the shot — the gun does not jump around as does the 12 gauge.

Second there is a lot of doubles shooting from all stations. This most certainly sharpens up the shooter — if you can shoot doubles from stations 3, 4 and 5 then singles become easier. It seems to me that doubles shooting can and should be introduced in Australia and certainly should be included in our Nationals.

One of the things which stands out in my mind regarding the 1984 trip to San Antonio was the .410 World Championship shoot-off; it went to over 300 targets. It seemed that visible pieces of broken targets were seen about every fourth target, the rest were smoke rings. This was truly an awesome display of shooting skill.

That Adrian Cousens was able to meet these very formidable shooters head-on and come very close to taking the lot is a truly commendable performance and supports the contention that Australian athletes can match the best when given the opportunity.

Yours faithfully,

Reg Clarke

GERALDTON CRAYFISH CARNIVAL

2nd & 3rd AUGUST, 1986

127 shooters from all over Western Australia travelled to the town of Geraldton situated some 450 km north of Perth in the heart of the rock lobster country, for the Geraldton Gun Club's two-day Crayfish Carnival.

The Carnival derives its name from the two events in the programme which have crayfish as trophies, and have been kindly donated by the club's members who are professional crayfishermen.

The Stirling Silver High Gun Badge depicting a crayfish is also a sought-after prize.

With two State Titles, 20 Pr State Deauville Doubles and the 50T State Double Barrel to contest, as well as two District Championships, a 10T Dunlite Special which had a Dunlite Lighting Plant as the overall prize, and the two Crayfish Events, we had all the ingredients for two days of excellent shooting.

The crayfish lunches, afternoon teas, and Saturday Night teas were much appreciated by the visiting shooters.

On Saturday, the State Deauville Doubles Championship, sponsored by the Geraldton Fishermen's Co-op, was shot off 22 metres. Outright winners with a good score of 18/20 were David Fox and Wayne Jackson from Collie. Michael and Bertie Boschetti, Geraldton shooters, and last year's winners were runners-up.

The 25T Point Score District Championship was won outright by Trevor Holly (Geraldton) with a fine score of 75/75. First in "A" Grade was J. Fissoli (Cunderdin) 74/75. N. Johnson (Leonora) was second with 73/75. "B" Grade 1st E. Powell, 2nd was A. Duffy after a shoot off with D. Wellington. "C" Grade 1st C. Walker, 2nd D. Davidio. Lady: Tony Watson. Junior: Roger Warr.

The State Double Barrel Championship, sponsored by M.G. Kailis (1962) Pty Ltd, was shot over 50T with Murray Alexander and Mike Callaghan from Perth and Max Cubic from Collie all shooting the possible 50/50. After a lengthy shoot off Murray Alexander was victorious and became the champion for 1986. "A" Grade 1st M. Callaghan, 2nd M. Cubic, 3rd Allan Hocking. "B" Grade 1st J. Chandler, 2nd G. Hogarth, 3rd E. Toomey. "C" Grade 1st D. Davidio, 2nd A. Tester, 3rd L. Watson. Lady winner: J. Bunter. Junior: R. Warr. Veteran: A. Coleman.

Chas Riegert, another visitor, shot well in the 25T Single Barrel District Championship, sponsored by the Fremantle Fishermen's Co-op., to take the sash with a score of 24/25.

"A" Grade 1st A. Washenko, 2nd M. Neve. "B" Grade 1st L. Hall, 2nd D. Wellington. "C" Grade 1st G. Walker, 2nd M. Doyle. Lady: G. Shipp. Junior: T. Watson.

The Dunlite 10T Pointscore event, sponsored jointly by Dunlite and Pages Auto, saw L. Shipp, G. Boshammer, L. Hull, R. Pickard, R. McDonald, A. Ferreo and A. Hocking all shoot possibles 30/30. After a shoot-off, "C" Grade shooter Garry Boshammer outshot all others to take the trophy. 2nd place two days accommodation donated by the Abrolhos Reef Motel was won by R. Pickard.

25T Double Barrel Cash Graded Event: "A" Grade 25/25 A. Watson, R. Baker, R. Bailey and M. Callaghan. "B" Grade 25/25 A. Duffy, H. Miller, P. Miragliotta and S. Johnston. "C" Grade 24/25 G. Hogarth, 23/25 J. Bunter and D. Davidio.

25T Double Barrel Crayfish Graded Event: "A" Grade 1st G. Hayward, 2nd W. Bridges, 3rd L. Costa, 4th N. Johnson. "B" Grade 1st W. Johns, 2nd B. Edgar, 3rd R. Hopkins, 4th B. Dewar. "C" Grade 1st B. Maley, 2nd M. Doyle, 3rd W. Liebeck, 4th D. Hilsz. 1st Lady: H. Wiese.

INVERELL R.S.M. GUN CLUB

The third weekend in August has now become a permanent date in the diary of many shooters who enjoy excellent shooting, great trophies and even better food! This is the date for the Annual 2 day open shoot at the Inverell Club, and this year over 70 shooters from all over the state enjoyed perfect weather and plenty of good old fashioned hospitality. The Club has taken a very forward step by installing phono-pulls on their two layouts — and they certainly proved to be very successful — with good reports from even the "old button favouring" shooter.

The weekend got under way with the 25 target R.S.M. Club Double Barrel Trophy event, 1st in "AA" went to Roger Vidal (Guyra) with 90/90, from Vince Gatt (Sydney) 89/90. Peter Abela (Sydney) returned 35/35 to win first in "A" Grade from local shooter Mick Wade on 34/35.

Club President, Peter Jensen was the winner of "B" Grade on 36/36 from John Fenwicke (Walcha) 35/36. The "C" Grade division was won by Ray Robinson (Goondiwindi) with 25/25 from Bob Wetzler 25/26.

The next event was the 25 target MacIntyre District Point Score Championship and the overall winner was Col Burt (Tamworth) with a score of 108/108, after a lengthy shoot off with Ray Hammond (Guyra), who was the winner of "AA" Grade with 105/108, 2nd in "AA" also going to a Guyra shooter, Doug Ellis with 74/75. Mick Wade continued his winning way by taking out 1st in "A" Grade with 72/75. Tony Robinson, who is in the junior ranks was the winner in "C" Grade with 69/75 from Bob Wetzler 68/75.

The MacIntyre District 25 target Double Barrel Championship was the next event and this was taken out by Warren shooter, Kevin Walton with 92/92, from Ray Hammond on 91/92. Col Burt received 2nd in "AA" Grade with 44/45. Inverell shooter, Allan Jennings was successful in "A" Grade with a score of 48/49, from Geoff Baxter (Guyra) 39/40. Peter Jensen returned 30/31 to win "B" Grade from another local shooter, Ken Frizell on 24/25. Mrs Alice Harrison (Grafton) recorded 24/25 to win "C" Grade from Tom Dickens (Moree) 23/25.

The final event on Saturday was the Sapphire City 25 target Single Barrel Championship. The Overall winner being Mick Blenman (Guyra) 33/33, from Roger Vidal 32/33. 2nd in "AA" with 24/25 was Greg Oehm of Moree. Dorrigo shooter, Barry Finch returned 24/25 to take out "A" Grade from Geoff Baxter, 26/28. Max Harrison recorded 26/28 to receive the trophy for 1st in "B" Grade from Peter Jensen on 25/28. "C" Grade went to Ray Robinson on 23/25 from Tom Dickens 22/25.

Sunday morning was again perfect weather conditions for the 70 plus shooters to take part in the MacIntyre and District Grand Classic 25 target Double Barrel. The overall win by Rodney Loy (Inverell) after a mammoth shoot off with Roger Vidal, Loy recorded 98/99 and Vidal 97/98. 2nd in "AA" Grade was Col Burt on 78/79. Allan Jennings recorded 32/33 to win "A" Grade from Barry Cameron on 30/31. Guyra shooter Gary Cluley returned 40/40 to win "B" Grade from Peter Jensen on 39/40.

Tom Dickens collected another trophy for 1st in "C" Grade with 24/25, from Tony Robinson on 24/26.

The 40 target point score \$1000 cash divide calcutta was the next event, and those shooters to share in the prize money were in "AA", Allan Cramp and Roger Vidal 118/120, Rodney Loy 117/120. "A" Grade, Barry Finch 113/120, Georgina Mitchell 112/120 and Geoff Baxter 111/120.

"B" Grade, Cary Cluley 110/120, John Fenwicke 109/120, Charlie Hidden 98/120 and Alice Harrison 92/120.

The final event for the weekend was a 20 target double barrel continental cash divide, with the following shooters all returning 20/20, Andrew Ralte, Ken Frizell, Geoff Baxter, Barry Cameron, Col Burt, Barry Finch, Peter Jensen and Georgina Mitchell.

The overall high gun for the two days went to Roger Vidal with a score of 308/315. The Ladies High Gun was taken out by Georgina Mitchell with 277/315 and Tony Robinson was the winner of the Junior High Gun on 260/315. The Sapphire City 3 Member Teams Trophy, donated by Centreline Ammunition Sales and Service was taken out convincingly by the Guyra combination of Roger Vidal, Mick Blenman and Col Varley.

Again, a very successful and well run shoot — if you are looking for a good shoot to attend on the 3rd weekend in August next year, or the years after that — make your way to Inverell — you will not be disappointed.

NORTHAM & DISTRICTS 10-8-86 — Sunny & fine (19). The Club Champion of Champions event was run at Island Farm on Sunday. There was a good field ofshooters as well as visitors from Cunderdin and Perth who were keen to win this year's championship, which consisted of eight different types of events designed to produce the best all-rounder. John Fissoli from Cunderdin proved superior on the day with 91 points, two points clear of David Kevill also from Cunderdin. John Fissoli now leads the Aggregate points competition, although only by a very slim margin of 3.5 points from Northam shooter Peter Morrison. David Kevill heads the "Off Gun" aggregate competition, but once again by only one point from John Fissoli, 3.5 points from Roy Holtfreter.

BLACK CHROME

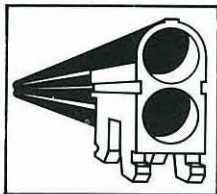

IN AN ORDINARY WORLD, A TOUCH OF THE EXTRAORDINARY.

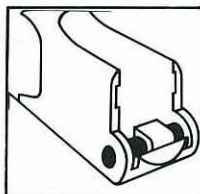

Laurona's unique BLACK CHROME process gives these precision Trap and Field guns a rust resistance factor some 60 times that of conventional blueing. Exteriors of barrels and Multi choke tubes are black chromed, whilst interiors are hard chrome lined (even threaded areas) — providing the ultimate resistance to rust, corrosion and pitting.

Ornate engraved 'Old Silver' finished receivers are complimented by select walnut woodwork, oil finished and hand checked the traditional way.

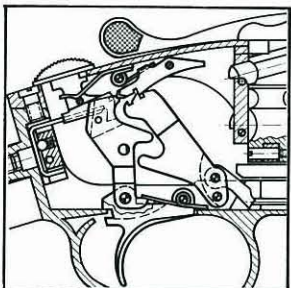

In addition to Multi-Choke versatility, the Laurona 85 series offers design innovations and features far and away ahead of similarly priced firearms. Laurona 85 — precision made guns at affordable prices.

For optimum strength and reliability, barrel tubes, chambers and locking lumps are constructed of one piece forging, not sleeved or jointed.

Well dimensioned high alloy steel hinge pin is centrally reinforced for greater strength and durability. Large forearm metal contact area ensures consistently firm, smooth opening/closing action.

Laurona's unique inertia and mechanically activated single selective trigger assures re-setting for second barrel with the lightest of loads — or in the event of a cartridge misfire. In addition, hammers are double toothed to avoid accidental discharge.

The unique Laurona 85 Series trap and field guns — a touch of the extraordinary in a very ordinary world.
