FRONT COVER: The Opening Ceremony of the 1991 Olympic Discipline National Championships - Virginia, South Australia.

EXECUTIVE DIRECTOR'S NOTES

I am pleased to be able to report on the success of the Oceanic Shooting Championships which were held in Adelaide in conjunction with the ACTA National Olympic Discipline Championships.

STATE SHOOTING PARK which is the home of the International Gun Club was the venue for the Multi Discipline International Championships which attracted a record number of competitors including shooters from Germany, China, USA, New Zealand, Papua New Guinea, New Caledonia and Western Samoa.

Through the courtesy of the SA Government and the Department of Sport and Recreation this permanent shooting ground will grow in stature as the years go by and with generally minor improvements will prove to be an excellent venue for the 1998 Commonwealth Games if SA are successfully in their bid on behalf of Australia. We wish them well and thank in particular Mr George Belchev representing the SA Government and David Macfarlane from the Commonwealth Games bid office for their valued support.

OLYMPIC QUOTAS

As a result of the excellent performances of the Skeet and Trench Teams at the Oceanic Shooting Championships in Adelaide, Australia has four of a possible six Quota positions for shotgun at the 1992 Barcelona Games.

Quota Results:

Skeet		Trap	
John Summers	210/225	Russell Mark	213/225
David Cunningham	207/225	Michael Diamond	210/225

With Quotas in hand our athletes now require personal points under the Australian Shooting Association/Australian Olympic Committee points system which will enable them to be nominated to the AOC for Olympic Selection.

Points must be secured from World Cup/World Championships competitions and in an attempt to gain points a number of shooters will be competing in World Cups during the first half of this year.

Skeet		Trap	
Ian Hale	Mexico	Russell Mark	Mexico
David Cunningham	USA	Michael Diamond	USA
		John Maxwell	Italy

On your behalf we wish them well in their efforts to gain the necessary competition points which will enable their names to be put to the AOC for Olympic Selection in 1992.

MINIMUM QUALIFYING SCORES

A total of 5 shooters recorded their Olympic MQS score during the Oceania Championships, all are to be congratulated on this outstanding achievement.

Skeet 182/200		Trap 182/200	
Alex Crikis	184 (Vic)	Kevin Perkins	183 (NSW)
David Cunningham	184 (Vic)		
John Summers	190 (Vic)		
Craig Meuleman	192 (Vic)		

AUSTRALIAN TEAMS LADIES/JUNIOR

As a result of scores achieved over the 75 targets of the Oceania Badge Match and 200T of the Commonwealth Title, ladies and junior teams competed for Australia in the 1991 Oceanic Championships. On behalf of the Association we offer our congratulations to the following members of the Australian Teams.

Trap		Skeet

Faye Burton	Vic	Wendy Adams	Vic
Desiree Huddleston	NSW	Carol Ogden	Vic
Matthew Howden	Vic	Clive Barton	NSW
Vince Mollica	Vic	Leigh Roberts	Vic
Andrew Snooke	WA	Anthony Larson	Qld

OCEANIA SHOOTING FEDERATION

The Bi-Annual General Meeting of the Oceania Shooting Federation took place in Adelaide during the course of the Oceanic

Shooting Championships. For the first time in many years a new Federation, Western Samoa, joined the Oceania Federation with an expression of interest received from New Caledonia who have received conditional membership.

Being the Bi-Annual meeting of the Federation nominations were received for all positions. Australian delegates to the region Alan Maher and Tibor Gonczol were respectively elected as Vice President and Chairman of the Technical Committee.

Oceania President, Mr Graham Hudson from New Zealand was re-elected unopposed as was Mr Michael Watts, New Zealand Secretary of the Oceania Federation.

An expression of interest was received from New Zealand for the conduct of the 1993 Oceanic Shooting Championships. When advising of their interest for 1993 New Zealand gave notice that they would be seeking to gain approval from the Federation to host two successive Oceanic Championships as it would enable the experience gathered in 1993 to be capitalised on for 1995 which should result in a more professional and economical staging of the Championships which under the auspices of the UIT are so important to the countries in the region, in particular Australia and New Zealand.

NATIONAL OLYMPIC DISCIPLINE CHAMPIONSHIPS

The shooting results from the O.D. Nationals are contained elsewhere in this month's CTSN and will no doubt prove to be of interest to those who have a keen interest in the ISU side of the sport.

A number of excellent performances were recorded and for their efforts those who were involved both as competitors and organisers are to be congratulated.

Next month's CTSN will carry a report on the Championships which were an outstanding success and enjoyed by all who attended despite the hot and windy conditions which prevailed throughout the course of the week.

ACTA/NZCTA

This month 3 members of the ACTA Management Committee will be meeting in New Zealand with their respective counterparts to discuss many and varied subjects relating to the development of Clay Target shooting in both Australia and New Zealand. These meetings are to become an annual event and will no doubt prove beneficial to both countries in both the short and long term. A report will be given via the CTSN as soon as the information is brought back to Australia.

TRAP NATIONALS 1991

As stated before, all roads lead to Perth in April for the 1991 Trap Nationals which promise to be a great success. We hope to see as many as possible attend and see for themselves what a magnificent complex is available to the sport in WA.

Until then, good shooting to all.

Alan J. Maher
Executive Director

STOP PRESS

1991 SKEET NATIONALS WAGGA GUN CLUB

SEPTEMBER 12 - SEPTEMBER 15

PROGRAM:

Thursday National Skeet Double Ch'ship 25Pr.
- City of Wagga Skeet Ch'ship 50T.
Friday All States Skeet Ch'ship 100T.
Saturday Commonwealth Skeet Ch'ship 100T.
Sunday National Skeet Ch'ship 100T.

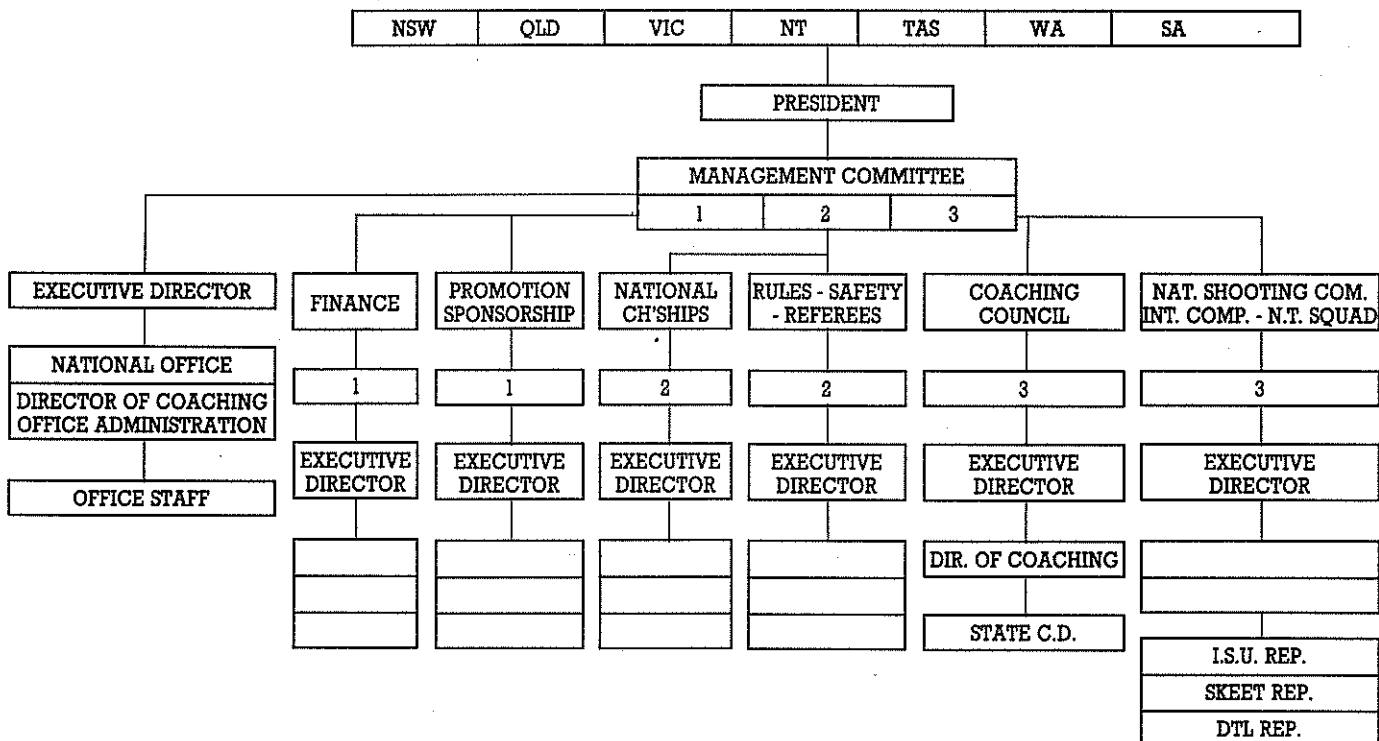

NATIONAL ORGANISATIONAL STRUCTURE

With a decision having been reached to implement a new National Organisational Structure as from May of 1991, the details relating to the operations of the new structure are published for ease of understanding by all members.

In addition to the National Structure is a recommended structure for implementation at State Level.

While the National Structure is able to function independently of the recommended State Structure acceptance by each State Association of the recommended State Structure would greatly enhance the overall objectives of the Association.

As with any new system or organisational change we will no doubt experience situations which were not evident at the time of introduction. Hopefully these will be few and far between and able to be corrected or amended as they come to notice.

A.C.T.A

Two elected representatives from each affiliated State Association/Territory:

SACTA	VCTA	NSWCTA	TCTA	NTCTA	WACTA	QCTA
-------	------	--------	------	-------	-------	------

PRESIDENT:

1. Elected annually from members of the National Executive Committee.
2. Once elected he/she is replaced as a member of the National Executive Committee by the State/Territory from where the President is elected.
3. National Executive Committee — Total Membership 15.

MANAGEMENT:

1. Four members drawn from the Executive Committee in the following manner:
Appointed: President
 Vice President
Elected: Executive Member(s) — 2
2. The Executive Member appointed by his/her State Association as a replacement member for the elected President is ineligible for appointment to the Management Committee.

MANAGEMENT PORTFOLIOS:

1. Finance
2. Promotion & Sponsorship
3. National Championships
4. Rules - Safety - Referees
5. National Coaching Council
6. National Shooting Committee
International Competition
National Training Squad

SUB-COMMITTEES:

	Management	Executive
1. Finance	1	3
2. Promotion & Sponsorship	1	3
3. National Championships	1	3
4. Rules - Safety - Referees	1	3
*5. National Coaching Council	1	0
**6. National Shooting Committee		
International Competition	1	2
National Training Squad	3	14

NOTE:

* National Coaching Council comprises eight additional members:

Director of Coaching (1)
State Coaching Directors (7)

** National Shooting Committee etc comprises three additional members:

Shooters Representative Skeet (1)
Shooters Representative I.S.U. (1)
Shooters Representative DTL (1)

NOTE: Shooter representatives to the National Shooting Committee to be ineligible for international competition for the period of their two-year appointment other than for traditional representative teams which may compete from time to time.

RESPONSIBILITIES & AUTHORITY

SUB-COMMITTEES:

1. The President shall not assume any responsibility to administer a portfolio.

- Each Management Member (3) shall assume the responsibilities for two portfolios for which they are considered to be best suited.
- Each member of the Executive Committee shall be elected/appointed to one Sub-Committee position.
- Each Sub-Committee shall be responsible for the placement of recommendations arising from their designated areas of responsibility to the Management Committee including all matters of a financial nature.

MANAGEMENT COMMITTEE:

- Management Portfolios.
- Recommendations from Sub-Committees in keeping with Executive authority.
- Finance (other than):
 - Expenditure in excess of \$5000;
 - Registration Fees.
- Management portfolios (combined) to be determined annually by sitting Management Committee.
- Management to consider nominations received for Management positions and place a recommendation before the Executive at the next full meeting.
- Management to consider the nominations received for Executive positions and place a recommendation before the Executive at their next full meeting.

EXECUTIVE COMMITTEE:

- Constitutional matters
- Expenditure items in excess of \$5000
- Registration fees
- National Championships
- Budget approval
- Rules - Safety - Referees
- Senior Staff Appointments
 - Executive Director
 - Director of Coaching/Office Administrator

EXECUTIVE MEMBERS:

- Executive Committee
- Sub-Committee Role

*The Chairman of each Portfolio (Management Member) will submit half-yearly reports to the Management Committee on the performance of their respective Sub-Committees.

In the event of any Executive Member continually not accepting his/her Sub-Committee responsibility the respective State Association be advised accordingly.

GENERAL:

- Positions on the Management Committee should be determined on the persons known or considered ability to assume the responsibility for specific portfolios.
- Elections to management (other than President or Vice President) to be for a specific portfolio.
- Management portfolios (combined) to be determined annually by sitting Management Committee.
- State Associations be requested annually as at 28th February to lodge written nominations for their State Member(s) to contest positions on management for specified portfolios.
 - Management to consider nominations received for Management positions and place a recommendation before the Executive at the next full meeting.
- State Associations be requested annually as at 28th February to lodge written nominations for the fourteen Sub-Committee positions and advise the priority of each position for their State members, 1-14.
 - Management to consider the nominations received for Executive positions and place a recommendation before the Executive at their next full meeting.

SUMMARY:

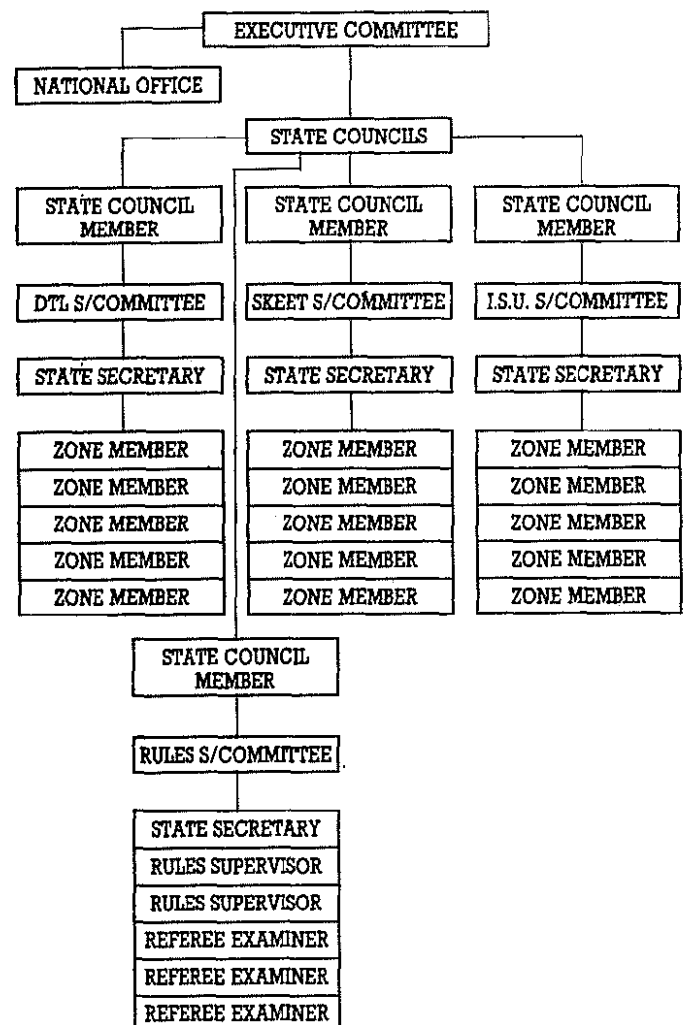

- The proposed organisation structure has been prepared in keeping with the existing Articles of Association. Should a revised constitution be accepted minor amendments may be required to meet constitutional requirements.
- The recommendation proposed for State Associations has been

prepared in keeping with the recommendation from the Management Committee to the Executive Committee.

- The recommendation proposed for State Associations is to ensure that the views of shooters have been discussed by Discipline Sub-Committees within the State prior to State Council's deliberation.

STATE ASSOCIATIONS (recommended for adoption)

- To elect as members of the National Executive Committee, persons whose areas of expertise would be considered suitable to assume a role on Management (if so elected) to administer a designated portfolio.
- To elect within the framework of their State Executive Committee, Sub-Committees in a manner that would be in keeping with the National structure.
- To submit recommendations to the National Body that having first been discussed by the respective State Sub-Committees have received the approval of the State Executive Committee.
- To consider requests from the Management Committee for the replacement of their elected member to the National Executive Committee for reasons of failing to or not accepting the responsibility of their National Role.

A. ELECTION PROCEDURE — DISCIPLINE SUB-COMMITTEES

- STATE COUNCIL MEMBER
Elected from and by members of State Council.
- ZONE MEMBER
Elected from respective zone.

Cont'd over page

- (a) 2 members x 1 year
 - (b) Additional x 2 years
 - (c) Appointments to be then on a two-year basis
- Persons elected to fill a vacancy would only be eligible to serve remainder of unexpired term of resigned member.

B. ELECTION PROCEDURE — RULES SUB-COMMITTEES

1. **STATE COUNCIL MEMBER (1)**
Elected from and by members of State Council.
2. **STATE SECRETARY (1)**
Appointed.
3. **STATE RULES SUPERVISORS (2)**
Appointed.
4. **REFEREE EXAMINER (1)**
Elected by members of State Council from zones not represented by a State Rules Supervisor.

C. 1. SUB-COMMITTEE CHAIRMAN

Elected by Sub-Committee Members.

2. **RESPONSIBILITY** of Sub-Committee would be to ensure that matters discussed or brought before the sub-committee are placed before the State Council subject to receiving support from the discipline sub-committee.

D. STATE COUNCIL — Responsibility to ensure that all matters discussed are brought before the Council and if supported, forwarded to the ACTA for further deliberation.

MARYBOROUGH TIT BITS, QLD.

12.1.91 — The first two day shoot off the rank for the year being the Sunshine Coast 'Supershoot' with 80 shooters from 25 clubs. The most Southern shooters being Karen and Trevor Nash from Melbourne Club and the most Northern being the Reeves family from Normanton in the Gulf. The Reeves comprised Diane, Wayne and daughter Cherie who had just turned old enough to have her first shot over the traps. Not every day a new shooter such as Cherie has the pleasure of being squadded with that gentleman of shooting our Q.C.T.A. President Tom Meadows. I was talking to Thelma, she said she is fine and will be back shooting soon ... best of luck Thelma.

In the DB Championship Geoff Fett (152) pushed Mike Swale to 153 to win the Supershoot. Gary Redmond smoked 156 ahead of Rod Fett 155, Rob Rehbi and John Withers both picked up seconds in different events with totals of 113. OA HG Gary Redmond, AA HG Geoff Fett, A HG George Schaf, B HG Steve Laffey, C HG Ike Osborne, LHG Karen Nash, JHG Amando Coco and VHG Peter Anderson. Congratulations on a good shoot and thanks for the information Bev.

20.1.91 Gympie — Not a big turn up because of other big shoots early in the year. Dave Gardner drew the jackpot but missed and he needed them one; Y, bad luck Dave. Shooters to shoot well G. Durre, G. Stolberg, B. Power, L. Beattie, D. Gardner, B. Waites, I. Osborne, S. Edgerton, G. Foster and B. Edgerton.

26.1.91 Police Australia Day Charity Shoot — Another disappointing attendance and only \$120 raised for Blue Nurses with police team winning the team shoot. Next year it will be held on the holiday and will be for Blue Nurses again.

27.1.91 Maryborough — An average turn up on a very hot day. Thanks to Bundy and Gympie visitors, Gino let us off the hook by not shooting the jackpot, better luck next time Gino. The high guns of the day turned out to be a family affair with Fred Sidwell winning OA HG and son Les taking the FM HG. Thanks to our non shooting ladies; Holly who works everything in the office and Jill who keeps the drinks and eats coming ... it would be a lousy shoot without them. Thanks to you both.

Shoots in sight to remember: Gympie Cooloola Classic March 10. Maryborough Timber City March 24.

Good shooting to all, till next time see you at the shoots.

Lost Bird

THE POWER OF THE POSITIVE IMAGE

Ross Williams has been writing a weekly shooting column for the sports section of *The Weekly Times*, Australia's biggest-selling rural newspaper, since 1977. The following article is reprinted by permission from that column.

There are three sides to successful shooting: having the right equipment for each discipline, developing the necessary physical skills, and mental preparation.

Of these, the last is arguably the most important. It is the reason why top marksmen and markswomen often call their sport a "mind game".

Mental preparation covers a variety of techniques, all of which are important. But none is more important than visualising every detail of a perfect shot, running it over in the mind again and again.

Sporting Shooters' Association national president and running target coach, Keith Tidswell, had an experience that highlighted the value of this routine. The competition involved was running boar, but it could have been DTL, skeet, Olympic trap, tower, ball trap, flush, ZZ, simulated field — or indeed any other target discipline.

"One time, before a South Australian championship, our range equipment had been out of order for some months and we had been unable to practise. Yet three of us broke the record that had stood for seven years," he said. "What happened? All we had been able to do for our preparation was mental training techniques — thinking the positive over and over again."

Obviously there is no substitute for real shooting, for the body must be so attuned to using the firearm that much of the process of firing a shot is done subconsciously, he added. Only then can the mind take over.

The mistake many shooters make, however, is allowing negative mental images to creep into their minds, Tidswell said. He explained as follows:

- When a competitor leaves the line, someone will often ask, "How did you go?"

This is not the time to recall the mistakes, to analyse every detail of the muffed chances, for that simply reinforces the negative. It's much better to recall the good shots and talk about them.

- Eliminate the word "Don't". It invariably introduces a negative, doubt-creating attitude or a negative mental image, and often produces the very result that we wanted to avoid.

Imagine handing a young child a glass full of water with the instruction, "Take this over there and don't spill it." The picture created in the child's mind is that of spilling the water.

But if we say, "Keep the water in the glass", the mental image is quite different: it is positive, achievable.

Therefore advice should be worded positively: "Squeeze the trigger", "Increase your lead on this target", or "Keep your head on the stock", for example. This applies not only to comments by coaches but also to the instructions shooters give themselves.

- When listening to such advice, shooters should rehearse the desired change in their minds. That is, they should picture themselves performing the necessary actions, from their viewpoint behind the butt. In this way, it is possible to learn from a mistake without reliving it.

- Wherever possible, analysis of performance after a match should focus on successes. Which is more profitable — to discover why we scored a ten or broke a clay, or to discover why we did not?

"Surround yourself with the positive; use positive self-talk. If you are instructing people, use positive statements, paint positive images ... there is no place for negative thoughts in a successful shooter's mind," Keith Tidswell said.

AUSTRALIAN CLAY TARGET NEWS — MARCH 1991

RULE CLARIFICATION

Release Triggers

Delete Rule 4.11B(1) Guns and Loads
Replace with 4.11B(1)

"A.C.T.A. shooters suffering from some condition which would make the use of a Release Trigger desirable, shall obtain a statement signed by the President and Secretary of the shooter's home club that the shooter suffers from such condition and shall present the statement to a Rules Supervisor for consideration.

A Rule Supervisor shall by whatever means he determines, have the applicant examined on his understanding of the use of a Release Trigger device.

The Rule Supervisor shall forward the statement from the shooter's home club to the ACTA together with his decision on the application on the appropriate form provided by the ACTA who will advise the applicant accordingly.

Where a Rule Supervisor has satisfied himself that the applicant understands the use of a Release Trigger device the shooter shall be included on the master register of release trigger users and his Handicap Card shall be marked accordingly by the ACTA."

RULE CLARIFICATION — AMENDMENT

RULE 6.2 TO READ

- (A) No shooter shall have a handicap greater than 5 except when Club Management programmes D Grade (handicap 5) and then for that event only. A shooter must not shoot in a grade higher than his best performance. Once having attained a grade he may elect to remain in a higher grade at the time of re-registering or reclassification.
- (B) Once attaining B Grade, a shooter cannot be re-classified as C Grade without receiving approval from the State Handicapper. Once attaining "A" Grade a shooter cannot be reclassified as "C" Grade. Once attaining AA Grade he cannot be re-graded to B Grade. Other than in the authority vested in rule 6.3.

RULE 6.1 (G) TO READ

Grades. After shooting the next 200 targets and each successive 200 targets the shooter's handicap and grading shall then be adjusted according to the handicap and grading formula.

A shooter may have his grade increased after shooting 200 targets but must shoot two consecutive groups of 200 targets at a lower grade percentage to be down graded. All scores after the last grading must be carried forward onto new handicap card.

Any C Grade shooter having recorded a 50 target break shall be re-graded to B Grade.

AA Grade 97% and over — Handicap 0; A Grade 94% and under 97% — Handicap 1; B Grade 87% and under 94% — Handicap 2 or 3; C Grade 80% and under 87% — Handicap 4 or 5.

NOTE: Club Managements have the option of shooting D Grade under 80% — Handicap 6.

Persons travelling to W.A. are reminded that they must be in compliance with the W.A. Gun Laws if carrying firearms into Western Australia.

Individual temporary permits are available and must be obtained at the first available police station upon entering Western Australia. A fee paid temporary permit can be issued for a maximum of three months at a cost of \$2.00 per month or party thereof. You will be required to provide a current shooter's licence (not applicable to residents of Qld. or Tasmania), proof of club, association membership by means of a shooter's registration card, along with proof of the serial registration number(s), of the shotgun(s) carried.

If in doubt enquiries can be directed to:

VIDEO COACHING TAPES TRAP AND SKEET SHOOTING

Written and Produced by George Biggs
For the Australian Clay Target Shooter

*Shooting Trap

The techniques of shooting trap both single rise and double rise targets plus a 15 minute talk on gun handling and gun pointing on the trap house. Where to point and how to look for the target leaving the trap house. **Price \$45**

*Shooting Skeet

The mechanics of skeet shooting in a step by step demonstration round the skeet field plus a talk on types of guns etc and a 15 minute explanation of how to determine correct gun fit for the individual shooter. **Price \$45**

*Commonsense Reloading

An all new tape that demonstrates and explains from A to Z shotshell reloading for the Australian shooter. **Price \$40**

*Each tape is supplied with a 2-page leaflet with advice on gun fitting and gun selection.

Immediate Delivery.

Prices include post & packing to all states.

Phone or Write to **George Biggs**
4 Hugh Street,
Knoxfield, Vic. 3180.
Phone (03) 801 2748

Please send money order or cheque when ordering.

VALE NOEL WRIGHT

The St. James community was shocked by the tragic death of our popular Shoot Marshall Noel "Doodle" Wright on January 16.

Although restricting his shooting to this club in recent years, Noel was well known throughout the North East Zone as club delegate.

Deepest sympathy to his brother Kevin, Finley N.S.W.

Jim Kelly

WEST AUSTRALIAN CLAY TARGET ASSOCIATION APRIL 1991 WEST AUSTRALIAN GUN CLUB

PRE-NATIONALS PROGRAM

Wednesday April 3

9AM

Event 1. 25T Pre-National Handicap.
Trophies 1.2.3.4.5

Event 2. 50T Double Barrel Ch'ship.
OA Winner Sash & Grade Trophy.
1.2.3. Trophy each grade A.B.C.
1st in L.J.V.

Thursday April 4

9AM

Event 3. 25T Double Barrel.
Graded OA.A.B.C.

Event 4. 50T Pointscore Ch'ship.
OA Winner Sash & Grade Trophy.
1.2.3. Trophy each grade A.B.C.
1st in L.J.V.

Friday April 5

9AM

Event 5. 20Pr Double Rise.
Graded OA.A.B.C.

Event 6. 50T Single Barrel Ch'ship.
OA Winner Sash & Grade Trophy.

The Australian Clay Target Association will hold their ANNUAL GENERAL MEETING on Friday, April 5 at Langley Plaza Hotel, 221 Adelaide Terrace, Perth, at 8.00p.m.

Note: Delegates' register will be open from 7pm, closing at 8pm.

1991 DENILIKUIN GRAND PRIX

On Sunday of the Australia Day long weekend 103 shooters attended the Deniliquin Grand Prix. Visitors came from all points of the compass — Melbourne-Hamilton-Geelong-Albury-Hay-Narrandera etc. As a matter of interest also in attendance was Mrs M. Duchatel (86 years old) and Mrs Cecily Daly. These two women were the first and second women registered in NSW in 1948. At that time there were only five registered women in Australia; 3 in Vic., 2 in NSW.

Conditions were near ideal, 28-30 degrees but with a slight westerly wind. Shooters had to be careful they didn't get caught with a flatter target.

The day started at 9.45am with a 10T PS where 21 shooters recorded 30/30. Event 2 a 20T Remington PS C'ship with a \$700 shotgun for OA and MEC reloaders for grades, it was just a bit of surprise that there were only 6 possibles. OA & AA went to Roger Duthie 117/117, runner-up Greg Pinner 116/117. A. Dimuri took A grade with 84/87, B grade J. Monteleone 58/60 and C grade H. Whelan from Mathoura 59/60.

Event 3, 50T Scorpio 2000 DB, 14 possibles took the field all keen to record a win, but the Golden Greek Nick Marinos was too good on the day, 206/206 brought the event to a close, with solo runner-up 205/206. N. Asmar Agr 162/163, J. Kemp Bgr 60/61, P. Hopper Cgr 73/74.

Event 4 was a 25T Taits Taxi's Grand Prix and this was the event all had waited for with \$1000 cash for overall and \$200 stereos for grades. 29 possibles and with about 3 hours of daylight left this shootoff looked like going forever, but slowly they started to fall out, Jon Whittakers went at 210/211, Solo was the next casualty 218/219, Brian Doyle from Hay would have been extremely dejected when he missed his 230th target and knew that Peter Carroll from Ballarat was \$1000 richer. 1st AA Robert Godfrey, 1st B Col Hood 28/29, 1st C Buster Hogg 24/25.

With a \$500 jackpot up for grabs, Roger Duthie, Greg Pinner and Robert Godfrey were all \$166 richer — all having shot the program clean. A high gun shootoff was started and four rounds of 6 targets were shot before a winner was decided, that being Robert Godfrey 205/205. A gr Wayne Headon 201/205, B gr D. Signorotto 178/185, C gr P. Hopper 159/165, Ladies: Karen Nash 154/165.

A special thanks to sponsors and supporters and don't forget to keep Australia Day weekend free next year and come to Deniliquin.

"Cuddles"

GEELONG CLAY TARGET CLUB (INC)

NEW YEAR'S DAY CHARITY SHOOT

Once again perfect weather, excellent trophies, good targets, and a field of 108 shooters were the ingredients for high scores and keen competition at our annual new year's day charity shoot.

Although a good many of the shooters were still a little "tired" after the previous nights festivities most managed to put good scores on the board.

Event 1 15tgt. Points eye-opener, was divided between 7 shooters who shot the possible 45/45.

Event 2 — 25tgt. Mixed Meterage Championship. This event attracted 102 competitors and saw 11 possibles recorded. Robert Viney was the overall winner with a score of 76/76 from Bill Iles 75/76 second Richard Howden 65/66.

Event 3 — 25tgt. New Year's Day GRAND PRIX. 106 Shooters participated in this, the main event of the day, and 18 Possibles were scored. After a lengthy shoot-off in hot conditions a sun-burnt Russell Mark 306/306 outlasted Roger Duthie 305/306, and Bill Iles 236/237 to become the overall winner and the proud owner of a new Hi-Fi stereo system. B grade was won by R. Hunter 49/50 with the C grade trophy going to a junior L. Chant with a score of 38/39.

Event 4 — The Ray Mack Continental Double Barrel Championship was the final event of the day and Robert Viney made it two for the day when Stephen Haberman missed his 77th target. Placings for this event were A& O/A R. Viney 77/77. S. Haberman 76/77, B grade R. Chipfield 57/58, C grade M. Scarlet 24/26.

With the completion of event 4 only the high gun trophies were left to be decided. Iona McJames won the ladies section 115/120 and Wells Hitchcock the veterans 113/120. Shoot off's were required for open and junior high-guns. After four rounds Ossie Hayek 167/168 won the open high-gun from Bill Woodward 166/168, and after one round L. Chant emerged victorious over T. Heywood scoring 126/132 in the junior section.

Throughout the day the Lions Club tirelessly catered for the hungry competitors and their families and did a great job. After the presentations were completed the general opinion at the bar was that the club had had a great start to the new year.

TERRITORY SHOOTING

It has been a while since I have put pen to paper about events in the Territory. This was not because nothing has been happening up here but simply because of a slack scribe!

Consequently, I need to cover at least some of the events that have occurred over the last few months, so please bear with me.

Back in October (I know I promised something earlier Kevin!) N.T. Coaching Director Greg Chan and I travelled over for the new Groote Eylandt Gun Club's first annual club championship shoot. I would like to personally thank Kevin and Janine Ross for their generous hospitality as well as the rest of the club for what was an extremely enjoyable weekend. This club has got off to a flying start with a number of very keen members and a good set-up and grounds. It truly is an isolated community at Groote and to get anything going successfully there is a major achievement. I suspect the shooting world is going to hear a lot from this club in the future.

If you are travelling around Australia and want to shoot somewhere really different, give the boys at Groote a ring and I can promise you that you will not be disappointed. Just remember that you have to get a permit as it is Aboriginal land and that there are no motels on the island.

Territory shooters fared quite well at the Skeet Nationals at Townsville in September with the team being led by that able Katherine virtuoso Jim Bitossi.

I would like to congratulate the Townsville Club on a very successful and friendly shoot. It was typical northern hospitality at its best but I can only guess at the weeks of work prior to the shoot. I look forward to the day when the Territory might be able to host a national championship of one sort or the other now that Townsville has shown that it is possible to successfully run one in the north.

Darwin's Christmas shoot went off successfully over the weekend of 8-9 December. The results have appeared elsewhere in the journal and it was a thoroughly enjoyable way to end off an extremely successful shooting year for the club. The Greek-style barbeque on Saturday night was tremendous and thanks to Kerry, Savvas and the boys — you have been definitely booked for the four day shoot next year now you know! Our Hawaiian-style President, Ken Selwood was definitely overshadowed by dapper well-dressed(?) Mal Warren. Well what could I say Mel, your outfit took some describing!

The big news of the N.T. is the count-down to the Arafura Sports Festival to be held on 18-25 May 1991. Darwin Club has scored a second trench layout and two refitted I.S.U. skeet layouts. The N.T.C.T.A. did not rate the extgra I.S.U. gear as high priority for the sport in the Territory but the N.T. Department of Youth Sports & Recreation are determined that the Festival will be success and virtually required the club to accept a grant to ensure that we could cater for the numbers of shooters that they predicted. Who were we to refuse?

Initial registrations for the shooting are not overwhelming but it is early days yet and further registrations are expected from the Philippines and Indonesia at least. The N.T. Government is hoping

• **Darwin Treasurer Gordon Bell inspecting footings for Darwin's second trench layout.**

that the Arafura Sports Festival will be a regular biannual event and thus a lot of hopes are pinned on the ice-breaker this year.

There is still time to register a team for the Festival you know!

The national implications of the Darwin developments are interesting since, as far as I am aware, Darwin will be the only Club with two trench and I.S.U. layouts in northern Australia and which would be eligible to host the I.S.U. National Championships. To add interest, perhaps it may be possible to run them either immediately before or after a future Arafura Sports Festival.

I leave you with those thoughts and, until next time, good shooting!

PERAZZI

The gun that has done and is doing more for shooters in 26 years, since I introduced them in commercial quantities into West Australia, than other guns that have been available over very long periods.

With the most modern and up-to-date technology built into them, it is designed to give you more value for far longer for the dollars you spend when you buy a Perazzi — no doubt about that.

It's a long-term investment for your enjoyment so why not join the **very wise** shooters who knew best to select Perazzi and when you also are ready to invest in a top gun you immediately think to yourself "**PERAZZI FROM YOZZI**" — the most favoured name and Perazzi centre in Australia since 1972. We now offer you for immediate delivery the following large range of models:—

MX1	MX3 trap	MX3C sporter	MX4C trap, skeet or field
MX2	MX3 skeet	MX5 sporter	MX8 trap with 28½" and 31½" barrels
M2L	MX3C trap	MX4 trap	MX8 skeet
			MX8 gold line trap
			DB81 special trap
			SC3 trap and skeet

We try to have for immediate delivery stocks of all above models, but apologise should at times we may be temporarily out of stock.

All orders including special orders get my personal attention in order to fulfil your personal satisfaction. What better could you wish for?

Now be positive and buy your "**PERAZZI FROM YOZZI**" (since 1972). It shoots as good as it rhymes. The rest is up to you. The wise or otherwise decision is yours. You can't say I haven't advised you. Now I thank all past clients and I look forward to giving my best assistance to all my past and future clients.

SOLE FACTORY EXCLUSIVITY FOR WESTERN AUSTRALIA FOR **PERAZZI** FIREARMS AND ACCESSORIES. **KROMSON** CLAY TARGET MACHINES. ROBOT MODEL 350A — trap — skeet and personal models.

BENELLI FIREARMS MODELS 121, 123, 123-3" Mag., 121-3" Mag., Montefeltro, Super 90 in field, trap and interchangeable choke models.

ALL ABOVE GOODS IN STOCK AND AVAILABLE FOR IMMEDIATE DELIVERY NOW FOR YOUR CONVENIENCE AND SATISFACTION.

THE COACH IN THE EARLY 21st CENTURY

The following is a summary of an article published in August 1989 by Dr. Brent S. Rushall in *CAHPERD Journal*, and subsequently reprinted in "The Coaching Director", Volume 6 Number 1. "The Coaching Director" is the official quarterly publication of the Australian Coaching Council.

Brent Rushall is currently associated with the Department of Physical Education at San Diego (California) State University. He has been a profound influence on the development of formal coaching practice in this country, not least through his contributions as collaborator in, or sole author of, Australian Coaching Council publications.

I found the article of particular interest as it addresses concerns expressed to me by three ACTA coaches, Peter Quire, Ian Hale and David Menck, about the development of young shooters.

Young athletes should not be subjected to programs that approach those of elite performers until they have reached a high level of physical maturity. It is desirable to have young athletes spend more time in the developmental stages of a sport rather than in programs which assume that development has been completed. Olympic champions are getting older with each Olympiad (contrary to popular belief) and children should not be expected to compete against adults.

Young people should be helped to acquire a wide range of sporting skills, rather than being encouraged to specialise early. Early specialisation can lead to participation "burnout", the response to which may also hamper athletes later in their sporting careers.

The old practice of coaching athletes in groups will be discarded and coaching methods will focus on individuality. This will necessitate the development of new ways of organizing, teaching and monitoring the progress of athletes.

Coaches will refrain from training athletes hard until the athletes have become fully proficient in the skilled aspects of their sports. Current hard training of athletes who are not fully skilled leads to "ingraining performance inefficiencies".

Effective coaching will emphasize proper recovery from periods of intense training or competition. (Fundamental to this is the implementation of the "periodisation" of training which sets athletes in an environment of planned training, recovery and competition over long periods, such as a year.)

Programs and practices will be structured on sound principles of sport science. "Coaches will be breaking with current erroneous beliefs about many popular training methods and activities". Current unscientific approaches to certain sports lead to "superstitious behaviours in both athletes and coaches".

The coach will not be able to do all the coaching himself (or herself). The coach will team with other coaches, trainers and support staff. In particular, sport psychologists will play a major role in the development of athletes and the structures which support them. Sporting organisations will focus more on athletes than on coaches or administrators.

Coaches themselves will need to take part in continuing educational processes in order to achieve, and to retain, accreditation. It is to be hoped that coaching will be properly regulated to bring about an end to erroneous coaching practices. The effectiveness of coaching will be evaluated through scientific testing of the results of training programs and through athlete evaluations of the coach and his behaviour.

The foregoing summarises a longer article available in full on request from National Office. A useful summary of the concept of "periodisation" of training — with which Level 1 coaches will not be familiar — is also available. I would welcome comment on this summary, but make the preliminary comment that the article was written for consumption in the USA; some advanced sports in this country are already implementing some aspects of this proposal for the future.

Guy Boileau
National Director of Coaching

A BRIEF PSYCHOLOGY OF COACHING

Before discussing the psychological aspects of coaching it is necessary to place the relevance of psychology to sport in its correct perspective. For example, in order for a Coach to have his team (or individual) reach the potential of which it is capable, he must examine three important areas — 1. skill; 2. fitness; 3. the psychological aspect.

In most sports, a skilled team will beat an extremely fit but less skilled team, but when two teams are of equal skill, then the fitter team has an advantage. When two teams are of equal skill and fitness, it may well be the team which is superior psychologically that will be the victor. However, it should be clearly stated that superior psychological attributes can never make up for a lack of skill or fitness. Although the relative importance of each aspect may vary slightly with different sports, it is a belief that skill is the most important aspect, followed by fitness, and it is only when both of these have reached a very high level that the psychological attributes can be thought of as a deciding factor.

The concept of arousal is possibly a new term that is not familiar to many shooters. Simply stated, arousal refers to level of awokeness, alertness, attention or even emotional excitement of an individual, and it varies on a continuum from low to high. When we are at low levels of arousal (e.g. rather drowsy) our performance (both mental and physical) is very poor, but as we increase our level of arousal our performance greatly improves. At the other extreme if we are very highly aroused, tense and overly excited, our performance is also very poor. Between these two extremes we reach an optimal level of arousal and at this point we appear to give our best performance.

Obviously then, one of the Coach's tasks is to have all his shooters at their optimal level of arousal so that they may give their best performance. The level of arousal can be affected by various means, drugs, shock, noisy music, or emotional outbursts by the Coach, but a convenient method (and perhaps a more healthy way) is by a sub-maximal amount of physical exertion. A solid burst of between five to eight minutes of vigorous physical activity is sufficient for most athletes to reach their optimal level of arousal.

However, Coaches should be warned that there are personality differences between resting and optimal levels of arousal and arousability. For example introverts are usually more highly aroused than extroverts and reach their optimal levels of arousal earlier with a similar amount of stimulation. Similarly, more anxious personalities are more quickly aroused than stable personalities. Coaches should be prepared to experiment with individuals in order to find optimal levels of arousal, but they must also beware of increasing individuals, levels of arousal too high (whether by exertion or a fiery emotional speech) as too high a level of arousal is just as unsatisfactory as a low level.

Similar to personality it is now possible to measure motivation as defined by a number of factors, and to obtain a score on each of these factors for each individual. The motivational profile measures five desire factors (drive, aggression, determination, conscientiousness and leadership) and six emotional factors (self confidence, coachability, emotional maturity, trust, responsibility and mental toughness). The desire factors give an indication of an individual's willingness to work hard towards accomplishing desired goals, whilst the emotional factors reflect an athlete's personal attributes and feelings about himself and his Coach.

CENTRING PROCEDURE

The centring procedure can be rehearsed mentally as well as physically. We ask shooters to mentally rehearse various aspects of the actual performance situations, and to incorporate in that rehearsal the application of the Centring Procedure.

By "centring" you are directly countering the natural responses you make in stressful situations.

INSTRUCTIONS

1. Stand with your feet slightly apart and your knees slightly bent. Your weight should be evenly distributed. (Test this by leaning forward, backward, side to side). You should be aware of tension in your calves and thighs due to the knee bend.

2. Consciously relax your neck and shoulder muscles. Let your mouth drop open slightly to reduce the tension in your jaw muscles.

3. Breathe in slowly from the diaphragm. Inhale slowly. Notice you are extending your stomach. Consciously maintain the relaxation in your chest and shoulders. Don't let the inhale cause the chest to expand and the shoulders to rise.

4. Exhale slowly. Become aware of the feelings in your abdomen. Notice your stomach muscles relaxing. At the same time, let your knees bend slightly as a reaction to the increasing feeling of heaviness that develops as you exhale and you feel your body press towards the ground.

PROCESS

The exhale counteracts the natural lifting caused by breathing in, and helps to make your body feel steadier. This attentional break counters both the physical and attentional responses to stress. If you attend to these relaxing physical cues you cannot attend to the negative distractions and fears that upset performance. The downward spiral is broken, allowing you to regain enough control and to remind yourself of some constructive action or focus shift to get back in the game.

Centring allows you to quickly recover attention and briefly lower arousal. To be effective the breathing exercise must be followed by a focus shift to more relevant cues.

APPLICATION

At first you are slowed down by checking whether you are doing all the right things. After a few practice attempts, the procedure becomes more automatic. You find yourself monitoring tension levels while you breathe in and out. Very quickly, you can learn to centre in the time it takes to inhale and exhale.

BACK TO MELBOURNE GUN CLUB

• L-R: Rob Godfrey saying a few words; S. Zotti with E. Bertollo.

Veneto — Abruzzo gun clubs, are back at the M.G.C. The 20th January was the first shoot, which attracted a good number of keen shooters.

The competition was well organised, referees and scorers were ready to do their jobs. The shooters were very enthusiastic to show their skills. So much so, that in the D/B shoot off, 163/163 was shot by Tony Bradshaw, winning the event.

In the double rise event he shot 19/20 a good score!! As Rob Godfrey was the last shooter of the D/R, Tony said to him, "Don't bother to shoot as I think you won't reach that score." The reply was "I will do better." As he did, he shot 20/20. Well done Rob!

A big thank you to the ladies in the canteen for the magnificent home style cooking.

WALMER GUN CLUB

WALMER is a name with a true meaning. It stands for: We All Love Meeting Every Rendezvous: Rendezvous means people meeting each other to enjoy each other's company.

But the true meaning of Walmer is this. Firstly there is W which stands for William our popular and capable president. We all know Bill is a nice chap and he performs his duties as president in a capable and friendly manner. We are lucky to have people like Bill to help run our club. Then there is A which we all know stands for Alf. We also know that Alf started the Walmer Gun Club from scratch and he has done a marvellous job to get the club to where it is today. Alf could walk into any gun club in Australia and they would know of him and his reputation as one of the best shots in the Commonwealth. On top of that Alf is a good bloke. Well liked by all competitors and members in our given sport (Trap Shooting). Now there is L which stands for that lovely little lady "Lois". We are all indebted to Lois for the capable manner in which she helps run the club. She will help anyone at anytime and performs her many tasks "always" with a smile on her face. We members of Walmer Gun Club are fortunate to have a person of Lois' calibre to help run our club. Then there is M which stands for member which incorporates us shooters within the club. We all meet here at Walmer in a friendly and competitive manner to compete against each other and I can personally say that it is a great pleasure to come here to Walmer and meet such a friendly lot of people. I have attended many Gun Clubs over the years and can safely say this that "Walmer is the best". Next is E which means "Everybody" and this is the people who help to run our club. Each one of you who referee and those who mark the scores and each lady helping in the canteen with the food and the drinks and also the trap boys all do a wonderful job for the club. Now last but not least R and that stands for Ron Harvey. Ron is the club's handy man (you name it Ron can do it). It wouldn't matter what it was. If they gave Ron the necessary material I reckon he could build a "battleship" as he is a first class tradesman. Ron helps in many ways by doing maintenance jobs around the club and helps run the raffles.

Now all of you good people who attend Walmer Gun Club know the true meaning of the name Walmer. I would like to wish you good shooting and a happy and prosperous new year.

H. Barnes

1990 STATE POSTAL TEAMS

Results received for the various postal team results indicate that, subject to availability of numbers, States are either not conducting these events which are clearly explained in the ACTA Rule Book: Trap Rule 3.19, ISU Rule 3.20, Skeet 7-9 or alternatively not forwarding the results to the ACTA office.

The Third Australian Masters Games 1991

Amost 15,000 veteran athletes are expected to visit Brisbane to compete in the Third Australian Masters Games from October 12-20.

Held as part of the First APOSA Festival of Sport, the games will attract past national and international champions as well as competitive mature-aged sports participants from approximately 40 nations.

The assistant general manager of the Brisbane International Games Ltd, Ms Lois Appleby, who was involved in the First Australian Masters Games, said veteran sports were one of the most exciting growth areas for sports participants throughout the world.

"Since the first Games in Hobart in 1987, the Masters Games has grown significantly in popularity," she said.

"Hobart attracted 4000 participating athletes, while more than 8000 participants competed in the Second Australian Masters Games held in Adelaide in 1989. We hope to attract up to 15,000 competitors to Brisbane.

"It is estimated that 850,000 mature-aged people compete each week in the sports selected for the Masters Games."

Ms Appleby said that organisers were keen to hear from potential participants.

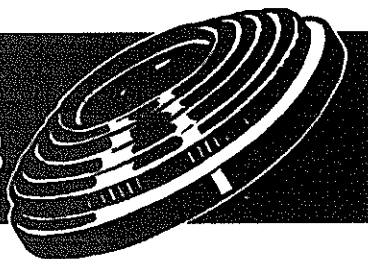

"The Games are open to everyone and participants do not have to be registered with a sporting organisation to compete," she said. Entry applications open in March and close on August 30, 1991.

"The Third Australian Masters Games has the full support of the Confederation of Australian Sport and the Australian Sports Commission."

Participating sports include athletics, badminton, ballroom dancing, basketball, billiards/snooker, bocce, canoeing, croquet, cycling, diving, fencing, golf, women's hockey, lawn bowls, indoor bias bowls, indoor cricket, futsal indoor soccer, judo, netball, orienteering, rowing, shooting, women's and men's softball, swimming, table tennis, tenpin bowling, touch, triathlon, volleyball, water polo and water skiing.

WARATAH STATE NOTES

Northern Zone

Unfortunately Coffs Harbour & District Gun Club do not have their 1991 programs stated in the Blue Book this year. There are two big weekends of shooting at Coffs Harbour in March — the first being the **Southern Zone Trap Carnival** on March 9 & 10 commencing at 9 am both days. Then on March 30 & 31 they are conducting their **Two Day Skeet Carnival** with a 9 am start both days.

Southern Zone

Both the Zone Skeet & Zone Trap Carnivals are being held in March. Marconi Club has the Southern Zone Skeet Carnival on Sunday 3, while Illawarra Gun Club is hosting the Southern Zone Trap Carnival on March 17 (Sunday) with a 10 am start. Why not come along and try to qualify for your zone teams.

Riverina Zone

The 1991 Veterans Games are being held in March at Wagga Wagga with the Wagga Gun Club hosting a 4 day shooting program from 13th-16th March. If you would like more information concerning this shoot, please contact the secretary of the Wagga Gun Club.

Central Zone

West Wyalong Gun Club is the host for the NSW State Night Single Barrel Championship, being held on Saturday March 16. There is always keen competition for a State Title.

Kenworth Gun Club our "Charity" gun club are holding their first charity shoot for 1991 on March 31. Noel always puts on a good shoot, with the proceeds going to worthy causes. Let's hope they have better luck with the weather this year.

Western Zone

Goodooga is conducting their 2 day annual open shoot on March 9 and 10. This is always a very popular shoot so why not come along and experience the hospitality of the West.

Good Shooting.

N.S.W.C.T.A.

COLAC GUN CLUB

RECORD CROWD FOR ERIC CORNEBY MEMORIAL SHOOT

On Sunday 13th January a combined shoot was held at the Colac Gun Club in conjunction with the Cobden Gun Club when 102 shooters contested the Eric Corneby Memorial Double Barrel Championship in perfect conditions.

This was a record number of entries for a one day shoot at Colac. Eric was a foundation member of the Cobden Gun Club and until his untimely death suddenly last year was a regular shooter at the Colac, Noorat and Cobden Gun Clubs, as well as the Colac Field and Game also the Timboon Field and Game of which he was Vice President, and to have 102 shooters attend just goes to show the esteem he was held in, he was a thorough gentleman and a true sportsman who just lived for the sport of clay target shooting.

I have no doubt that the Corneby family must have felt very proud to see the number of shooters in attendance to remember their father and husband, he was such a top bloke and a great guy, who will be sadly missed.

Shooters attended from Heyfield, Hamilton, Warrnambool, Ballarat, Geelong, Werribee, Melbourne, Cobden, Noorat, Beaufort and Colac.

With shooting conditions perfect, good scores were the order of the day. Peter "Smiley" Carroll (Ballarat) shot 155.155 his personal best. Graham Johnston (Colac) shot his first 100 break, other good scores were achieved by Nick Marinos 73.73 winner of the main event. Steve Haberman 154.155, Russ Aston (Geelong) 72.73, Mark Pollock 76/77 (full details this edition).

I would like to say a special thank you to our 2 office girls on the day Norma Parker, Secretary Colac Gun Club; and Jan Ovens, President of Cobden Gun Club, top job girls. To the ladies in the canteen, how you fed everyone I don't know, home style country cooking sure hits the spot.

To Bob Brown on the score board and Graham Johnston for setting the targets and having the P.A. system up and running, you all helped to put Colac on the map.

To all the sponsors I would like to say a special thanks to namely Heather Corneby, Bob and Norma Schwartz, Mick and Jan Foster, David and Lisa Preece, Verne and Cathy Barby, Alan and Bev Davis, Charles Stewart and Warden, Jeff and Helen Yates and Ballintines Cartridges.

A truly memorable day. Chris you have every right to feel very proud.

Peter McDonald
President, Colac Gun Club Inc.

1990 A Vintage Year for Winchester

WITH 6 OUT OF 7 NATIONAL OPEN TITLES GOING TO WINCHESTER SHOOTERS

Winchester's target load shotshells continued to dominate the Nationals. Once again shooters who chose to use Australia's best performing ammunition won!:- 38th Double Barrel, 36th Single Barrel, 29th Australia/New Zealand Points, 50th Champion of Champions, 30th National Double Rise, plus the Overall High Gun Award.

1990, another excellent year for Red (and Gold).
