## Specialist Gunsmithing

### BARREL PORTING

**\$75/Barrel**

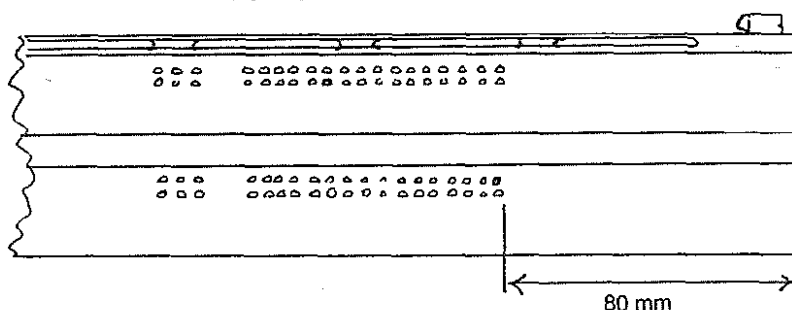

Is a series of holes machined into the barrel 80mm from the muzzle. This 80mm length allows choke tube guns to be ported without interfering with the choke tube area. It is designed to reduce recoil and because it is venting gases upwards it stops muzzle flip.

### LENGTHENING FORCING CONES

**\$60/Barrel**

This is lengthening the existing taper from chamber to barrel from around 15-25mm long to 44-48mm long, depending on the diameter of the barrel. In existing barrels the shot on the outside row races forwards and gets deformed by the sharp angle of the cone, and therefore does not fly truly and gives you the 'fliers' on the outside of the pattern. If you lengthen the taper, then the shot does not get deformed, which gives much more even and denser patterns as the flyers are now being put to use in the pattern proper. It also reduces recoil by allowing a longer time for the shot to get into the smaller diameter of the barrel over a longer time which has the effect of a push type recoil rather than a sharp jolt type recoil.

### \*BACK BORING\* NEW

**\$350/Barrel \$650/2 Barrels**

Is enlarging the whole length of the barrel. This gives: (a) less recoil; (b) better patterns, especially for 1 ounce shells; (c) shorter shot string; (d) the ability to give tighter chokes as if you bore the barrel out .010" bigger then a 3/4 choke becomes a full choke.

### CHOKE ALTERATIONS: Chrome or Non Chrome \$60/Barrel Choke Regulating \$140/Barrel

We can just bore out chokes to a particular size or we can regulate the pattern to throw a particular pattern at a nominated distance with a nominated cartridge and shot size e.g. 60% pattern with a 325, 8, at 40 metres.

**ALLOW 2 WEEKS FOR BACKBORING ALL OTHER WORK 1 WEEK 12 MONTHS GUARANTEE.**

# EXECUTIVE DIRECTORS NOTES

## National President

Members of the National Executive Committee have elected Mr Leighton Martin from SA as National President. Leighton first joined the Executive in 1982, later serving as Vice President and a member of the Management Committee.

Leighton with his election being the first from SA joins ten other gentlemen who have served the Association as National President.

J.M. Wilson (Vic) 1936-57  
J. Houston (Qld) 1957-61  
J.M. Tyquin (NSW) 1961-69  
G.H. Hall (Vic) 1969-75  
A.E. Pedersen (Vic) 1975-76

E.F. Hawkins (NSW) 1976-80  
G.R. Porter (Qld) 1980-81  
L.G. Connors (Vic) 1981-84  
R.M. Holtfreter (WA) 1984-88  
J.K. Scott (NSW) 1988-91

## Vice President

Assisting the President is Mr Ross Silvester from WA who has been elected as National Vice President. Ross first joined the Executive in 1988 serving as Vice President in the years 1989-91. Eight other members of the Association have occupied the role of Vice President.

A.E. Pedersen 1974-75  
P.L. Papps 1975-76  
E.F. Hawkins 1976-77  
G.R. Porter 1977-80  
R.M. Holtfreter 1981-84

L.G. Connors 1984-86  
J.K. Scott 1986-88  
L.J. Martin 1988-89  
R.H. Silvester 1989-91

## Management

With the elevation of Ross Silvester to the position of Vice President a vacancy occurred on the four member Management Committee. Members of the Executive have elected Robert Smith from NSW to this important position. Robert first joined the Executive in 1985 and had held a number of sub committee chairman roles during his time on the Executive Committee.

Management now comprises the following members: Chairman Leighton Martin, Ross Silvester, Bob Fox, Robert Smith.

All of whom are elected to Management to work on behalf of the sport and not the members from any one particular state. State representation is achieved with each state appointing two members to the Executive Committee.

## Executive Committee

With the resignation of J. McVitty (Vic) and J. Scott (NSW) two new members have been appointed to the Executive Committee to fill the vacancies.

**Victoria:** Mr Graham Mahoney, President of the Geelong Club has been elected by the VCTA to replace Mr J. McVitty.

**NSW:** Mr W. (Bill) Jones, President of Illawara Gun Club has been elected by the NSWCTA replacing Mr J. Scott.

As both Graham and Bill have been around clay target shooting for many years their experiences will be invaluable at Executive level.

A substitute delegate is yet to be appointed by SACTA to replace L. Martin having been elected National President.

In closing, with the appointment of a new National President, Vice President, Management Committee member, plus two new members to the National Executive Committee with one additional member yet to be appointed by SA, we should be able to confidently look forward to a period of stability, from where those who are interested in the promotion and well being of clay target shooting can play an active role.

We can in turn only hope that some of those from outside the Executive Committee who are doing little that any reasonable person would consider constructive, can turn their attention to the well being of the sport and not as would appear to be the case — work to its detriment.

What we require are good shots at targets not cheap shots at individuals.

Alan J. Maher

# MANAGEMENT STATEMENT

We understand that Mr A.M. Burgess of Cobar, NSW, has forwarded a letter addressed to "All Members of the Australian Clay Target Association" to Member Clubs of the Association and Council Members of State Associations.

We the Management Committee of the Association advise that the letter forwarded by Mr Burgess contains factual errors and is defamatory of the Executive Director, Mr Alan Maher.

L. Martin  
National President

# SPORTING COMMUNITY ENDORSES BUDGET

The Confederation of Australian Sport has reacted positively to today's sporting budget.

The Budget delivers an increase of about \$7M to sport to bring the total Sport and Recreation Budget to around \$75.8M.

The Confederation has acknowledged the role of Sports Minister, Mrs Ros Kelly, in ensuring that the Government honours previous commitments to establish an increased budget for Australian sport.

The Executive Director of the Confederation, Mr Dene Moore, said that the sporting industry was at last achieving appropriate recognition. "The sporting budget is an investment in Australia's future", Mr Moore said.

Independent research has shown that sport:

- employs over 150,000 people throughout Australia;
- as an industry accounts for about 1% of the gross domestic product, or approximately \$2.5B per annum;
- with over 6 million registered participants in sport, makes an enormous contribution to the health and fitness of the nation and plays a major role in preventative medicine;
- involves a vast network of volunteers whose contribution has been valued at approximately \$1.7B dollars per annum;
- is a major contributor to our international recognition and exposure and plays a vital role in the creation of our national identity.

"The Confederation does not expect individual sporting bodies to receive any significant increases in their individual funding as a result of this budget", said Mr Moore. "We are however delighted that the Government has accepted the Confederation's view that sporting facilities require urgent attention." The Budget includes an amount of \$8M towards the establishment of a new Community Recreation and Sporting Facilities Program.

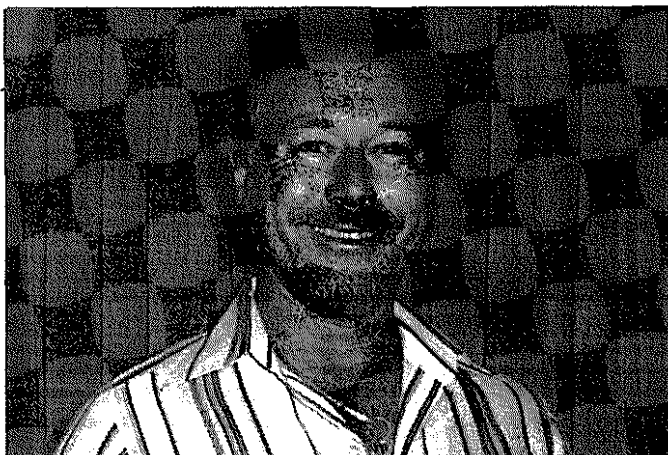

The Confederation has also expressed its strong support for the budget allocation of \$2.3M for the first full year of operation of the Australian Sports Drug Agency including allocations for drug testing.

"The Confederation will continue to argue for a balanced approach in the application of this sporting budget", Mr Moore added. "Australia's sporting system must receive attention to all its elements including junior participation, administrative improvement and coaching standards as well as funding international competition and supporting our top athletes".

## TRADE PRACTICES ACT

The attention of advertisers is drawn to the Trade Practices Act 1974 and the provisions in the Act which apply to advertising. It is not possible for the A.C.T.A. to ensure that advertisements which are published in this magazine comply in all respects with the Act and the responsibility must therefore be on the person, company or advertising agency submitting the advertisement for publication. The A.C.T.A. reserves the right to refuse any advertisement without stating the reason.

# PRESIDENTS MESSAGE

Hello Fellow Shooters,

As you are no doubt aware of the unexpected changes within the National Executive during the past months, in which our President and Vice President, both resigned their positions within a very short time of each other, albeit for very different reasons.

I should like to take this opportunity to express my appreciation on behalf of the National Executive of the effort and time given by Jim Scott during this ten years on the ACTA Executive, and in particular his achievements whilst National President.

So too, to John McVitty for his conscientious efforts and thought provoking sessions whilst a member of our National Executive.

Special thanks to my ACTA Executive colleagues for giving me the opportunity to lead the ACTA and our members into 1992.

I am very proud to be the first South Australian to be elected National President.

Congratulations to Ross Sylvester (WA) being elected to National Vice President. Ross has held this position in the past and has proven himself to be a very loyal, and able administrator within our Executive.

To Rob Smith (NSW) on his election to the vacancy on the ACTA Management Committee. Robbie is one of our Senior Executive members and is a very thorough and efficient administrator.

Our National Executive now represents a very interesting and important cross section of our members, which will offer enthusiasm, experience, ideas, co-operation and especially team work.

The restructuring of the National Executive, as was initiated in May, can only operate effectively with team effort.

Each of the new sub committees can only be workable and efficient, with co-operation and team work at all levels.

A team effort within the National Executive will undoubtedly flow through to the States Association and to our members. This in turn, will assist us at all levels within the ACTA, to promote our sport, to retain our members and especially to help solve problems as they arise from all levels within our organisation.

To help promote our sport, and to represent the ACTA Executive wherever possible, I want to attend as many major programs throughout our state as time will permit.

Two matters which will be given priority are the Constitution changes and proposals for a National Shooting Ground.

A great deal of effort and expense had gone into the considered changes to our ACTA Constitution, but obviously certain segments were not favourably accepted. Therefore we have sought your assistance by requesting your input to enable the appropriate changes to be made to the Constitution, to make it a more acceptable and workable document.

Planning for the future in our sport means to ensure that our expected growth in numbers can be accommodated at future National Championships, for various and genuine reasons.

Therefore, our Executive decided to pursue the objective of a National ground in NSW, being the most central state for majority of our members.

However, for this most important decision to become reality, we shall act responsibly and precisely. The value of land is always

PAGE 4

increasing, and because of the relatively large holding that would be required for this project, we cannot financially afford to allow time to unnecessarily slip by.

By the time this report goes to print, we shall have experienced the 1991 Skeet National Championships, staged at the Wagga (NSW) Gun Club, and hosted by the NSWCTA.

However in retrospect, I am sure that all those Skeet shooters who attended, will have had a very happy and competitive Nationals, and I look forward to renewing old acquaintances and meeting many of the Skeet shooting fraternity.

On the international scene, the rapidly approaching UTT World Shot Gun Championships, to be held in Perth, WA, in November, should be most exciting, not only for the competitors, but also for those of us who will be spectators.

Very few of us have had the opportunity to view world class clay shooters all competing at the one venue.

This is a great opportunity to promote our sport.

I wish our trap teams and skeet teams a very successful competition. They are all a most dedicated group of shooters and great representatives of our sport, and deserve all the success that they may achieve.

**Leighton Martin**  
National President ACTA

## AUSTRIAN TRAP CHAMPIONSHIP TO AUSTRALIA

Continuing his success at International level, Geelong Club's Russell Mark outshot the rest of the field to win the Austrian International Olympic Trap Championship which concluded on August 25.

As conditions were extremely poor it was not possible to conclude the match on the second day with shooting resuming on the Sunday morning for those squads who had not been able to complete their last rounds and a result a six man final was not shot. With rounds of 25 24 24 25 23 23 22, Russell's winning score of 191/200 was four targets ahead of second place with a further two targets between second and third.

It has certainly been a great year for Australia on the international scene with both Russell and John Summers recording great World Cup performances.

## RIVERINA ZONE CARNIVAL

The New South Wales Riverina Zone Carnival was held at the Griffith Gun Club on August 31. Sixty-eight shooters attended and shot in drizzly rain and cold conditions early, but weather did improve during the day.

The eye opener saw 25 shooters record the possible. In the Zone Double Barrel Championship only six qualifiers were required to shoot off, after the first 25 shoot off targets only three competitors remained. These shooters continued smoking targets with G. Thatcher being the eventual winner on 76/76 from R. Ehlers 75/76.

The Ladies Double Barrel Championship was shot in conjunction and was won outright by Lyn Blake with 22/25. Helen Sanders gained second place with 17/25. The Johnny Cox Memorial Shield was also contested in conjunction and was won by the Turmut No 1 team with the score of 119/125.

The Zone Pointscore Championship was won outright by Steve Guest with the only possible. Tony and Chris Salafia then fought out AA grade with Chris the eventual winner scoring 128/132.

There were no possibles in the Zone Single Barrel Championship. Five shooters with 24/25 shot off and T. Salafia won with a score of 38/39 from B. Hooper 37/39.

A Handicap Trophy event was held for the first time in several years and was won by M. Monteleone with 30/30 from K. Gelton 29/30. The Ladies Trophy was won by Lyn Blake after a shoot off with Liz Thatcher with a score of 21/28.

# HOW, WHY AND WHERE — To look for the Target

**By George Biggs**  
former Victorian State Coaching Director

The next time you miss a target, ask yourself this question, "Did I really see that target leaving the trap bright and clearly?". Your answer will surely be, "Well no, not really, I only saw it after it got out a bit further causing me to make a hurried shot that resulted in a miss."

The problem of seeing the target quickly begins at the trap house which means we must focus our complete concentration on seeing the target as quickly as possible as it leaves the trap house. This advice applies for both trap and skeet shooters. I am quite sure some shooters will say — "OK, what's the big deal in seeing the target so soon?" Well the answer is simply the further out you see the target, the more certain you are prone to make a quick jab at it and stop the gun as you fire, and for sure the chances are you will miss the target. In order that you break target after target you simply must see the target clearly as it is leaving the trap every time you call for it.

The main reason shooters fail to see the target leave are lack of know how on what is the correct procedure in pointing the gun on the trap house before calling for the target. At this point we will assume that you have a trap gun that is suitable for clay target shooting and that the gun fits you correctly and that you have been instructed in the proper way to handle it. What you would be aware of is the importance of good gun fit and proper gun pointing and gun on shoulder position. If these details are not right, then you will never be able to correctly control your gun and if you are not able to do this, you will never be able to point accurately on the target. Hence your scores will suffer and you will possibly have a bruised shoulder and a sore cheek.

PAGE 6

## Gun point on the trap house

I never cease to be amazed at the number of shooters who pay scant attention to proper procedure when calling for the target.

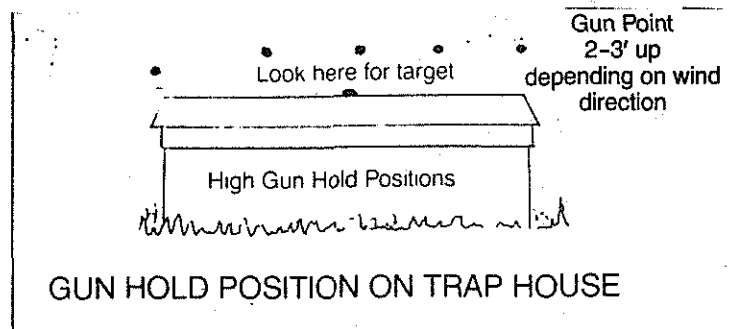

It matters not whether you shoot one eye or two eyes, your concentration should be just over the front edge of the trap house roof where the target will emerge. This is the critical area where target travel direction will be known. You must completely disregard everything else while you form a quick mental picture of correct procedure of shooting the target. When this mental picture is complete, call for the target, you will find that the whole action of tracking the target, lead, fire and follow through, becomes easier and more of an automatic action — *provided you keep your eye on the target and your face on the comb all the way out until the target is broken.* This is my favourite technique and one of the basic fundamentals of shooting clay targets, both trap and skeet.

There are two methods of gun hold on the trap house. Possibly the most common style and one that most shooters have been instructed to practice is — to hold the gun with the front sight bead just sitting on the front edge of the trap house at the locations corresponding to each lane (see drawing).

With his gun held at this point the shooter will focus for eye contact with the target about fifteen inches up from the hold point where he will pick up the target angle as it leaves the trap. It is important that you do not move the gun until after the call and before the target appears. At this point you must be sure to keep your cheek down snug on the stock and keep it there all the way up and out to the point of breaking the target. Any diversion from this detail will mean a lost target for sure. The forend method is the one I would suggest for the shooter who has to close one eye.

Another method of gun hold on the trap house is the one I have used personally all my shooting career, but unfortunately it is only the shooter who shoots two eyes that can adapt this style. The method calls for the gun to be held at a point above the trap house up to 2½ to 3 feet depending on wind conditions. (See drawing) The shooter will still focus for eye contact with the target, actually looking under the barrels for the target. This is a style that has a lot going for it, in that it cuts down on gun movement and tends to make the shooter concentrate more intensely on seeing the target leave the trap, this is what we want. The shooter who shoots one eye cannot adopt this style because when the left eye is closed the view of the target leaving the trap is lost. To overcome this problem the one eyed shooter would have to wait for the target to arise above the gun. In so doing, he cancels out the advantage he would otherwise have.

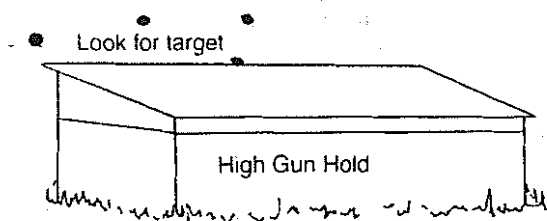

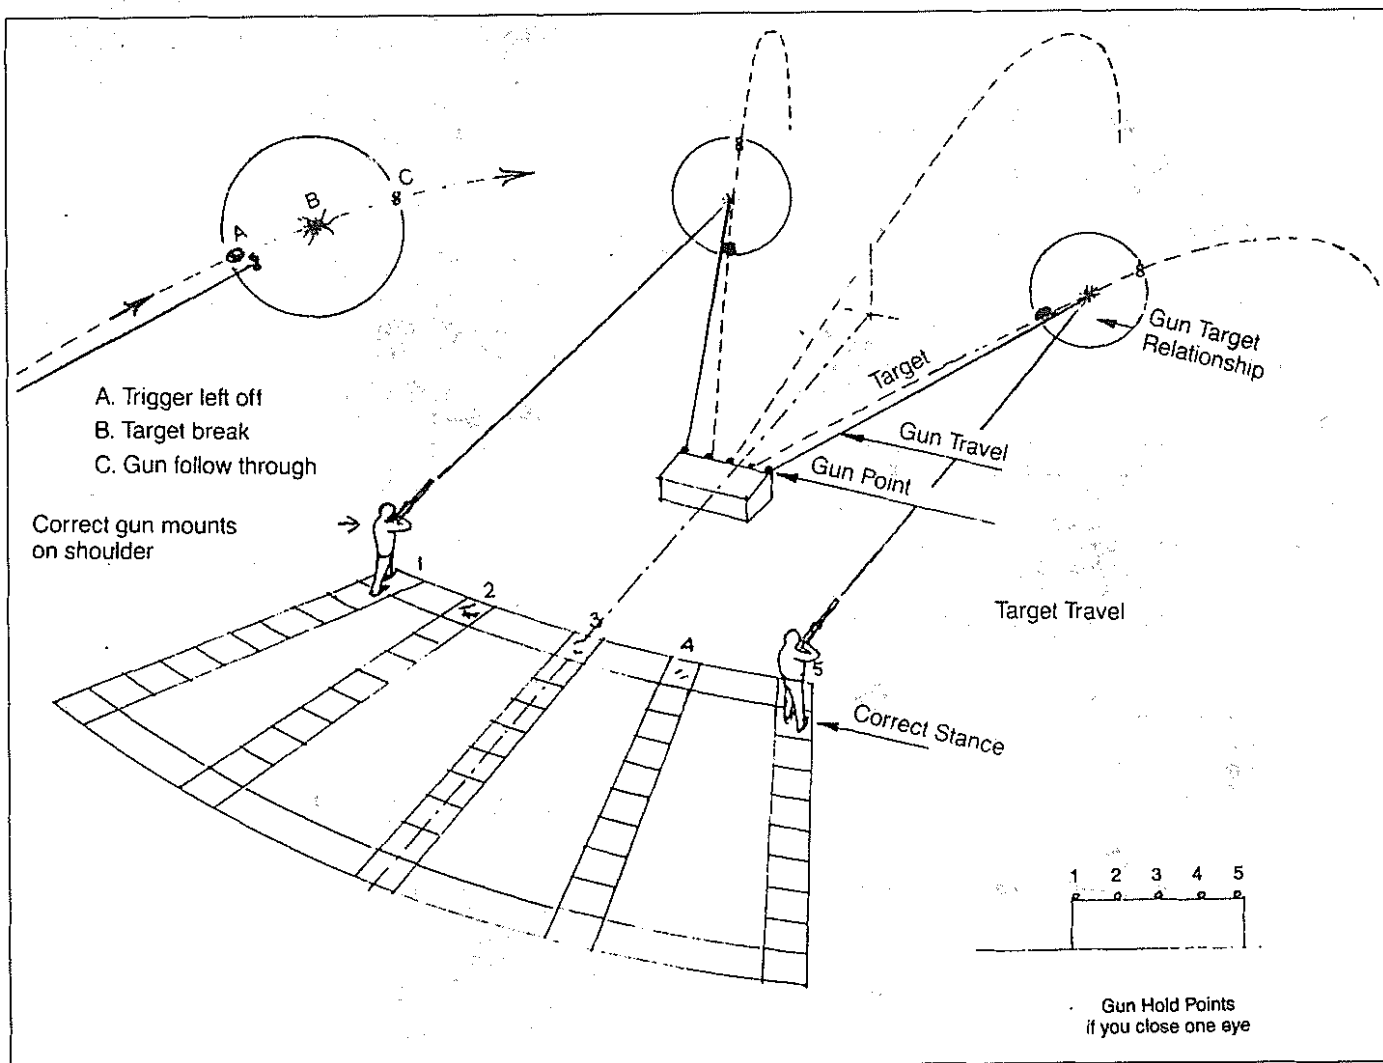

The main advantages in the high gun hold are that the amount of gun swing is reduced and the actual gun movement is not so fast, therefore allowing for greater accuracy of gun point on the target.

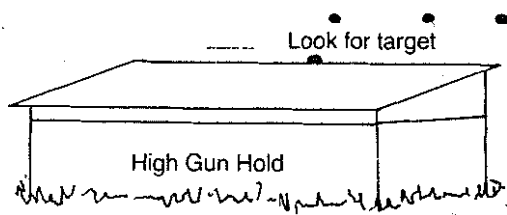

(See drawing.) Lane 5 can be a problem for the right hand shooter if he does not position himself properly — an extreme right angle from lane 5 can frighten the hell out of the new shooter and a lot of not so new shooters if they are not prepared for it — so make sure your stance is right and that the gun and cheek position is right. Be careful not to let the stock get away from its position under your cheek, as is often the case. Keep cheek and gun stock together always. You will then be pointing the gun where your eye is looking.

### Shoot with 2 eyes open if you can

However, it's not the end of the world if you discover you cannot shoot with both eyes open due to the fact that you are a right shoulder shooter and have a left master eye. When this is the case you must obviously do one of two things — either change over and shoot from the left shoulder, or stay with it on the right shoulder and close the left eye. Actually some of our prominent shooters do just this, and shoot very well indeed ... so don't worry too much about this problem.

One method I would suggest you try is to keep both eyes open as you look for the target leaving the trap, then as you swing the gun up to and on the target simply wink or close your left eye as the gun draws on the target and actually fire at the target with one eye shut. This practice will ensure a final alignment of gun and target. This practice may also help you to eventually keep both eyes open.

### Here are a couple of tips that I have found helpful

1. The recipe for good shooting is simply a good knowledge of the basic fundamentals involved in shooting moving targets and a complete application of them always. Gun fit, gun handling and gun mounting are vital statistics that should concern the clay target shooter.
2. Proper gun fitting and gun mounting will bring your gun and eye into alignment. You will then be pointing the gun where you are looking and if you keep your eye on the target, you should then have no problem — hitting the target!

Good luck and good shooting.

# VIDEO COACHING TAPES TRAP AND SKEET SHOOTING

*Written and Produced by George Biggs*

An ideal Christmas present

## \*Shooting Trap

The techniques of shooting trap both single rise and double rise targets plus a 15 minute talk on gun handling and gun pointing on the trap house. Where to point and how to look for the target leaving the trap house.

Price \$45

## \*Shooting Skeet

The mechanics of skeet shooting in a step by step demonstration round the skeet field plus a talk on types of guns etc and a 15 minute explanation of how to determine correct gun fit for the individual shooter.

Price \$45

## \*Commonsense Reloading

An all new tape that demonstrates and explains from A to Z shotshell reloading for the Australian shooter.

Price \$25

\*Each tape is supplied with a 2-page leaflet with advice on gun fitting and gun selection.

## \*Shooters

Do you have a number of 8mm films that you never look at these days? Why not transfer them to video tape for quick and easy viewing. Perhaps some shooting, hunting or fishing films want an airing. Give me a call for a quote.

Immediate Delivery. Prices include post & packing to all states.

Phone or Write to: **George Biggs**  
4 Hugh Street, Knoxfield, Vic. 3180.  
Phone (03) 801 2748

## EDITORS MAILBOX

Dear Sir,

RE: FREEZING ON THE TRIGGER

From time to time every shooter is confronted with "freezing on the trigger", either as a competitor or as a referee.

Two recent examples that I witnessed would have been better handled if the refusal rule had been utilised.

One competitor had a damaged knuckle on his trigger finger, as a result of a work injury that occurred many years previous. This person was obviously embarrassed that he had failed to simply pull the trigger because of his residual injury. My concern is that this person may believe that he is disadvantaged and therefore wasting his time continuing as a clay target shooter.

The second competitor was about to shoot his 25th Skeet Target, i.e. low house 8 (previous round was 25/25). He called for his target, aimed and pulled the trigger, it appeared that the trigger moved to the rear but did not disengage to sears, subsequently the referee passed the gun for testing, during the process an audible "click" was heard. The trigger, when tested by the referee, fired the gun, the shooter was in my view, beaten by not the target, but other circumstances.

Therefore it is my view that by extending the refusal rule to accommodate what is commonly termed, "freezing of the trigger".

WHY

1. Take into account some shooters disabilities
  2. Allow for an intermittent trigger mechanism fault
  3. Lessen the need for release trigger guns
  4. Result determined by hitting or missing a target when the gun is actually fired
  5. Less responsibility for referees
- Finally, let's keep shooting simple.

Yours faithfully,  
**A.C. Kenny**

## MOUNT ISA GUN CLUB

An exciting days clay target shooting was held at the Mount Isa Gun Club on Sunday August 4 in good conditions. Among the 19 shooters attending was Barney Rooke who is one of the highest ranked shooters in Australia. Barney holds numerous records and is graded AA with a handicap rating of 25 metres, the highest grading possible, although that didn't faze Rod Maxwell in the 50 target Ball Trap event as Rod 42/50 took first place with Barney Rooke 39/50 coming second and third to Ron Power 38/50.

The second event of the day was 25 targets Skeet and here both Barney Rooke and Geoff Ladbroke shot 25/25, but Phil Leddick 24/25 had the necessary handicap points to be in the running and after the shootoff won first place with Barney Rooke second and Geoff Ladbroke third.

Following an excellent barbecue lunch, the down the line programme commenced with 10 targets off 15 metres in which Doug Stone, Barney Rooke, Brian Palethorpe, Rod Maxwell, Mick Tipman and Greg Mathews all shot 10/10 to share the prize money.

The next event was the Mount Isa Gun Club Day Double Barrel Points Championship which Greg Mathews won in fine style with a perfect 75/75, with newcomer to Mount Isa, Mick Tipman winning A grade with 72/75 and Ted Mathews 74/75 and Glenys Palethorpe 66/75 winning B grade and C grade respectively.

The 25 target handicap event was contested next and Peter Willcox 22/25 recorded his first win by taking out the 11-14 metre group. Ron Power 24/25 won the 15-19 metre group and Greg Mathews 23/25 won the 20-25 metre group.

The final event programmed was 25 targets off 15 metres and this time A grade went to Barney Rooke 24/25, B grade to Rod Maxwell with a very well shot 25/25, and Trevor Bennett 23/25 was the C grade winner.

On Monday afternoon a coaching shoot was conducted by Barney Rooke and his efforts were much appreciated by all who attended.

The Mount Isa Gun Club wishes Barney and his wife all the best as they continue their around Australia holiday.

Full results in rear section.

*This picture shows the workers at Mt Isa Gun Club hard at it. Barney Rooke had a few wonderful days with the Mt Isa members and snapped the photo. He reported that the Mount Isa Gun club is in top shape and a credit to the members of it.*

## EDITORS MAILBOX

Dear Mr Maher

I would like to thank you and the VCTA (SEZ) for nominating me for the MLC Junior Sports Foundation Sponsorship. As you well know I have received the sponsorship from MLC Insurance, and as this sponsorship will allow me to compete at a higher level both here and interstate, I would ask that you thank MLC Insurance for their support on my behalf.

Yours sincerely,  
**Vincent Mollica (junior)**

# EDITORS MAILBOX

## Request for clarification of Rule 2.7a and associated problems.

Dear Sir,

Recently at a shoot, a B grade shooter shot an A grade score of 94.1% which automatically on that day took him into A grade.

At this shoot, a State Handicapper under section 2.7a ACTA rules, upgraded the shooter to AA grade.

At the time of the decision to upgrade the shooter, the State Handicapper did not know that the shooter had shot an A grade score; nor had he sighted the shooter's 1990 nor 1991 record card.

The State Handicapper stated — that he did not believe the shooter to be of AA standard, but his reason for this AA upgrading was that he believed the shooter to be an OBVIOUSLY undergraded B grade; and that this was the only way to stop him from competing in B grade.

Rule 2.7a states . . . "The State Handicapper has the right to grade any OBVIOUSLY undergraded shooter immediately . . ."

Rule 2.1n states . . . "That a shooter MUST NOT shoot in a grade higher than his best performance . . ."

The section relied upon by the State Handicapper to exclude shooters from competing in B grade is section 2.1n . . .

This section states . . . "That once ATTAINING AA grade, a shooter cannot be classified as B grade."

The word ATTAIN means . . . to gain by effort . . . and any shooter graded to AA grade merely for the purposes of excluding him from B grade, has never attained AA grade.

At the same shoot, a B grade shooter who had not completed his 200 targets, was also upgraded into AA by the same Handicapper. The same reason of obviously undergraded was given. Within a matter of weeks, this shooter contacted the Handicapper, and was informed that he would be backgraded to his original B grade. This shooter has since been returned to B grade. This shooter had not shot any further competition targets, nor did he supply the Handicapper with any evidence of any physical disability allowing the State

Handicapper to regrade him from AA to his original B grade.

The above section is clearly incompatible with the ACTA rules.

In the next edition of the ACTA Shooters News, would you please publish a clarification/interpretation of the problems associated with the present day apparent interpretation of rule 2.7a.

Sincerely,  
L.T. Drummond

## RESPONSE:

In reply to the shooters letter regarding the use of Rule 2.7, there seems to be three facts that need to be clarified:

1. The shooters card in question had been sighted and signed by the State Handicapper prior to the regrading.
2. The shooters grading had been questioned by several clubs within his own zone.
3. The full State Executive sat and considered the shooters appeal against the decision of the State Handicapper. The appeal was rejected as requested.

W. Eagle  
Victorian State Handicapper

## EXPRESS CARTRIDGES

Arriving in October are England's most popular and high quality competition cartridges.

# PERAZZI

The gun that has done and is doing more for shooters in 26 years, since I introduced them in commercial quantities into West Australia, than other guns that have been available over very long periods.

With the most modern and up-to-date technology built into them, it is designed to give you more value for far longer for the dollars you spend when you buy a Perazzi — no doubt about that.

It's a long-term investment for your enjoyment so why not join the very wise shooters who knew best to select Perazzi and when you also are ready to invest in a top gun you immediately think to yourself "PERAZZI FROM YOZZI" — the most favoured name and Perazzi centre in Australia since 1972. We now offer you for immediate delivery the following large range of models:—

MX1	MX3 trap	MX3C sporter	MX4C trap, skeet or field
MX2	MX3 skeet	MX5 sporter	MX8 trap with 28½" and 31½" barrels
M2L	MX3C trap	MX4 trap	MX8 skeet
			MX8 gold line trap
			DB81 special trap
			SC3 trap and skeet

We try to have for immediate delivery stocks of all above models, but apologise should at times we may be temporarily out of stock.

All orders including special orders get my personal attention in order to fulfil your personal satisfaction. What better could you wish for?

Now be positive and buy your "PERAZZI FROM YOZZI" (since 1972). It shoots as good as it rhymes. The rest is up to you. The wise or otherwise decision is yours. You can't say I haven't advised you. Now I thank all past clients and I look forward to giving my best assistance to all my past and future clients.

# UIT WORLD CUP FINAL

Australia's Russell Mark and John Summers have both returned from the UIT World Cup Final in Munich, each having competed against the seven best trap and skeet shooters in the world in 1991.

In the skeet final John shot 189/200 which did not gain a position in the top three. The competition however was first class with the winner having to shoot a world record 200/25/13 to take the title.

In the trap final, Russell continued on with his good form taking second place 218/225 behind the Russian shooter, Alexander Asanov on 220/225.

Congratulations John and Russell for outstanding achievements during 1991.

## GERALDTON GUN CLUB

### 1991 CRAYFISH CARNIVAL REPORT

The Geraldton Gun Club hosted its Annual Crayfish Carnival on July 27 and 28 with shooters coming from Newman to Augusta. The shooters were treated to fine and calm conditions and this was indicated by the number of high scores recorded.

The City of Geraldton Championship was won after a shoot off by Hedley Harmer with 53/53 from the Geraldton Gun Club. The winners in their respective grades were L. Shipp with 52/53 from the West Australian Gun Club (WAGC) winning A grade, C. Thompson from Augusta winning B grade with 59/61 and V. Oliveri with 53/60 from Geraldton getting C grade.

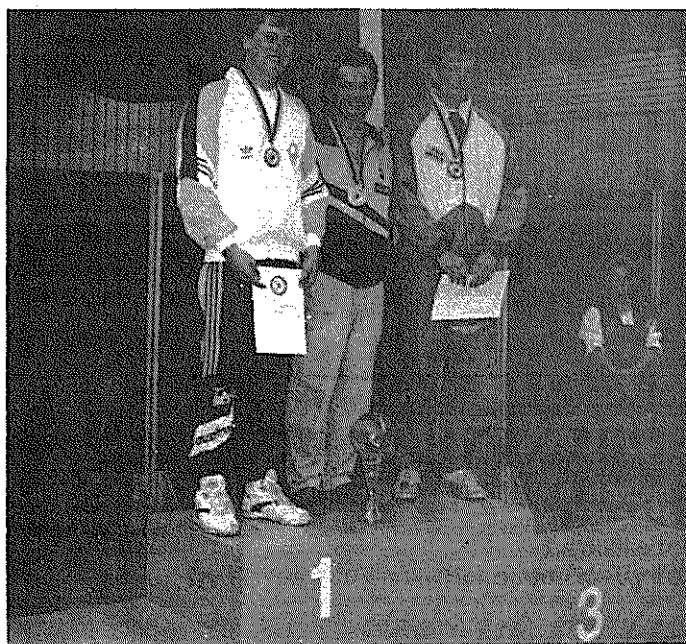

The 25 DB PS District Championship was won by Michael Boschetti with 75/75 with other good scores from G. O'Brien 74/75 to get A grade, C. Thompson 77/78 to get B grade and G. Wilson from Narrogin to get C grade with 68/75.

The last programmed event on Saturday was a Crayfish event, which was highly competitive with the first five shooters in each grade, plus Ladies, Juniors and Veterans winning crayfish. Most of the 18 placings were determined by shoot offs.

The club decided to hold an Extra Event with Prawns as the prize attraction with 25/25 coming from J. Tetlow, G. O'Brien, B. Boschetti and G. Kelly.

The 10 Continental Pages Special was won by Hedley Harmer with 13/13 after a shoot off between M. Urquhart and M. Boschetti.

AUSTRALIAN CLAY TARGET NEWS — OCTOBER 1991

Russell Mark (left) takes silver.

Standing left to right: H. Weise, M. Shipp, R. Baker, A. Watson, J. Chandler, M. Boschetti, P. Jackson and R. Eckersley. Sitting left to right: V. Oliveri, R. Holtfreter, D. Weise and C. Thompson. Absent: G. Cammock and Alan Brown.

The State Continental Championship was won by Roy Holtfreter with 48/50 from the Northam Club. First in A grade was D. Wiese with 47/50, C. Thompson 45/50 to win B grade and continue his good weekend and V. Oliveri took out C grade with 47/48 after a shoot off with P. Jackson. The Ladies won won by H. Wiese with 45/50 and the Veteran winner was Alan Brown with 40/50 and the junior winner was M. Shipp 45/54.

The last event on Sunday was a Crayfish Handicap event which was eventually won outright by Michael Boschetti with 33/33. Michael also took the Carnival High Gun with 230/250 after a shoot off with Ross Eckersley.

The Ladies High Gun was won by Helen Wiese with 216/250 for the second consecutive year.

The Veteran High Gun was won by Alan Brown with 206/250. Alan was presented with a birthday cake earlier in the day.

The Junior High Gun was won by Matthew Shipp with 222/250 which capped off a good weekend for him and the rest of the family.

The club wishes to express its thanks to its sponsors and members who helped make it an enjoyable weekend.

A full list of results are provided in the rear section.

## WACTA REPORT

August has been a very busy month. Early in the month thirty-five members attended a sports administration seminar, which was organised by Alison. All those in attendance came away much more informed in the ways of running their clubs.

The following weekend saw fifteen coaches attend a coaching update. Tom and Murray introduced two guest speakers, Ron Tindall from the department of sport and recreation, and Grant Dorrington of WA football. These two gentlemen certainly motivated everybody. Members, while I am talking coaching, don't forget that the coaching council has a library of video tapes and books for hire. Contact your club coach about these.

### WORLD CHAMPIONSHIPS

At the last meeting of the organising committee, twenty-six countries had confirmed they will be sending competitors to the Championships, and with still one month before nominations close, the numbers are swelling. So if there is any member of the ACTA who is coming to Perth for the Championships and could help, the organising committee would appreciate a call.

### AROUND THE TRAPS

The State Skeet Teams Elimination was once again well supported. Zone two was successful in winning the inter zone teams match, after an interesting shoot off with zone one. Overall winner of the WACTA Skeet Championship was Laurie Hull of Katanning. Geraldton shooter, Glen O'Brien won the 50 target WACTA Skeet Classic. Our shoulder to shoulder team to compete at the Nationals was R. Yates of Bunbury,

WA '91 Skeet Team.

WA Skeet Junior and Lady High Gun Winners.

B. Chandler, D. Hilsz, S. Horo of Geraldton and A. Carmichael from the WA Gun Club. Congratulations to these shooters and to all who made the State Team.

On the weekend of August 17 and 18, Northam conducted their two day carnival where the feature event was the State Champion of Champions. This was able won by local shooter, Peter Morrison with a fine 124/125. Even an injured foot didn't prevent Roy Holtfreter from winning the High Gun for the weekend. Congratulations to all winners, also to the club for a well run weekend. Must mention the selection of game dishes prepared by the club's resident chef, Scott Voak for Saturday nights tea. They were absolutely delicious, well done.

Until next month, good shooting.

**A.R. (Mick) Watson**  
WACTA President

## SHOOT PERFORMANCE APPRAISAL

In every sport, performance analysis is important.

Clay Target Shooting is no different.

Computer based analysis will help you improve, and can be used as an on-going training tool.

# AN AUSTRALIAN FIRST

## THE MELBOURNE SHOOTING SCHOOL

Tony Bundock an enterprising shooter originally from England has introduced to Australia what is believed to be the first professional shooting school catering for clay target shooters.

Operating from the Frankston-Australian Gun Club, Victoria, The Melbourne Shooting School is catering for corporate shooting days and promotional shoots providing supervision and coaching under the guidance of a qualified shooting instructor.

Any interested person or company can contact Tony by either writing to 17 Ashfield Drive, Berwick, Victoria 3806 or phoning on (03) 707 2331.

## SCHOOL CHAMPIONSHIP

The 1991 South East Zone VCTA school championship was held at the Frankston/Australian club on Thursday 1st August. The morning was cool and the attendance down, however 65 shooters from 22 schools provided 8 teams, all in the senior section participated.

There was no rain, which had threatened all day, but the cool trailing wind at times made targets a little unpredictable and the resulting scores were very good under the conditions.

Left to right: Rohan Carrol, Vince Mollica and Craig Howden

Over All was Vince Mollica 17/20 from Essendon Tech. Senior Boys: Craig Howden 16/20, Galvin Park; Rohan Carrol 17/22, Langwarrin SC. Junior Boys: Roland Zanca 18/23, Redden CC; Mitch Foon 17/23, Mary McCallop. Girls: Judy Lade, St Annes Gippsland; Julia Higgins, St Annes Gippsland. The winning team from Wonthaggi SC: Malcom Clark, Andrew Suckling, Darrel Williams, Shane Thomas and Dean Demench.

The day was very successful and on behalf of the shooters and the zone I would like to thank Frankston/Australian President Jeff Wallis (who was a trapper for the day) and his club for the venue, which is a great layout and was well presented, thank you again. A shoot of any size does not run without help and a sincere thank you to all who worked on the day.

Wonthaggi Secondary College Winning Team

Winchester Australia in their continuing sponsorship of the four zones school championships have reached the point this year where Mr Rod Laidlaw their sports promotion manager has organised, with the help of the VCTA to have a final at Bendigo, and we thank Rod and his company for the back-up and sponsorship of these events and wish all the shooters who qualified the very best of luck and good shooting.

Chris Carrol  
Zone Secretary

**JUNIOR SPORT SPONSORSHIP**

Clay target shooting is unfortunately a minority section of the wide range of activities covered by the umbrella of Junior Sport. Budding shooters of tomorrow, in our chosen activity, need as much financial input as any sport and a lot more than most. Many talented prospects never even get into the game, let alone to "centre stage", because of this hurdle.

In August I was invited as a member of the VCTA, to the M.L.C. Life, Junior Sports Foundation Scholarship Award Presentation in Hawthorn (Vic.).

There were 92 scholarships granted (to Victorians and 500 Australia wide) to representatives from 34 sports, each of the 92 receiving \$1000, a track suit and the individual coaching backup, as well as an invitation to the M.L.C. sports camp at Deakin University, all of which is a great boost for each participant.

The two shooters represented where both shotgunners, Nigel Monument representing the Field and Game Association from the Ararat area, who we can only surmise is the equivalent of the South East Zone's Vince Mollica who at the tender age of 15 is already an AA shooter, a member of the junior State trench team, and a member of the junior Oceania team, and a list of achievements he and his very proud parents can already boast of.

**Nigel Monument F & G (left) alongside Vince Mollica ACTA.**

Well done to both these young achievers, may their futures be bright and their full potential reached.

With this help from M.L.C. the foreseeable future will be a little easier on the pocket of the parents.

**Chris Carrol**  
VCTA Council Member

# DARWIN GUN CLUB ANNUAL SHOOT

25-28 July, 1991

R.E. Fox

Darwin's annual shoot was held a weekend earlier this year to avoid clashing with the Darwin Cup and other sporting fixtures also held on that weekend. Numbers were down for this well known shoot no doubt due to the Keating factor. When times get tough remote localities quickly feel the pinch. Darwin is a long way for the majority of shooters to travel and we really appreciate the efforts of those who make it up here.

The weather was vintage Darwin — although a little sticky early in the weekend it was cool in the mornings with beautiful clear sunny days. Except for the last day (when the big money was on of course!) very little wind was in evidence and targets sat up like dinner plates. It all made for a thoroughly enjoyable shoot and we look forward to perhaps a few more visitors next year.

The weekend commenced with the 50 target City of Darwin Trench and a 30 target Point Score off 16m on Thursday. Geoff Mark took out the overall in the trench and Alice Springs shooter, Steve Laffey and Darwinite, Victor Fertiklis shared the A grade cash divide in the DTL.

Things hotted up in the traditional Winchester State Night Championship which featured a shoot-off between former Darwin shooter, Dexter Barnes and local junior, Brett Hall. Dexter nudged Brett out on the 88th target which is not a bad effort for night shooting. That started Brett off on a great weekend and there is no doubt that this talented junior has a great future ahead of him. Thanks to Winchester and particularly to their representative Dick Ayres who presented the trophies. Dick, I have said it before but I will say it again. It would not be a real Darwin shoot without your presence.

Rodney Ahrens managed to win a free case of ammo from the draw of the pre-nomination forms. Good to see you back up here again Rod.

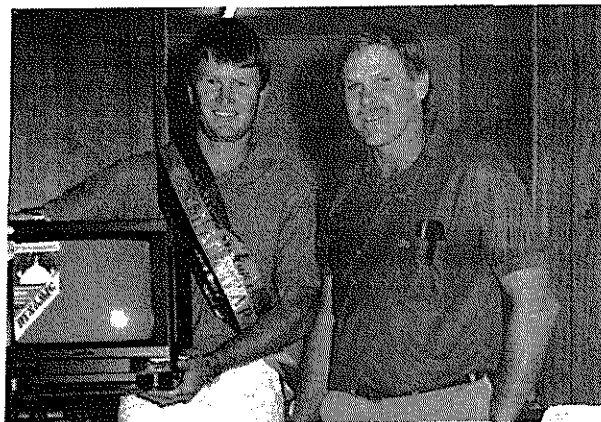

*Beryl and Joe Bell, Darwin Vice-President, enjoying a well earned cuppa.*

On Friday Terry Frazer picked up \$400 on the 10 target double barrel eye-opener with 23/23 — not a bad way to pick up 400 notes. In Darwin we shoot off this event on slightly different rules — single file and moving back a metre after each shot.

The 50 DB event produced the shoot-off of the weekend with Brett Hall coming home this time with 220/220 in front of Geoff Mark. It was a personal best for Brett and broke the previous club record for the year. The Champion of Champions shoot created quite a bit of interest and Justin Warner took out overall and 1st A grade with 99/100.

Saturday was another glorious day with temperatures mild and no real wind. Kerry Kyriacou ultimately took out the 10 Points Score eye-opener and Murray Roberts the overall in the 30 Single Barrel. Nice to see you back again Murray and good shooting. The single barrel throws many good shooters. The Hall's Transport 50 DB Champion-

PAGE 18

*Brett Goldup with Darwin President Ken Selwood after winning the Computer Sales and Leasing Handicap.*

*Barry Pobke had a good day on Sunday by winning both the \$400 eye opener and the Australian Airlines Calcutta.*

*Overall High Gun winner, Bruce Webb, with the watch donated by Fishing and Outdoor World.*

## VALE ROGER HYATT

The Glenn Innes Clay Target Club was saddened by the recent death of Roger Hyatt. Roger, who had been ill for some time, never let his illness interfere with his shooting and participated at a club shoot only one month before his death.

A true gentleman, Roger will be sorely missed by his many friends. The club extends its sympathy to his wife Gwen and children Jim and Pat.

**Catherine Hollis  
Secretary**

AUSTRALIAN CLAY TARGET NEWS — OCTOBER 1991

ship was won by Victor Fertiklis with 87/87. Dexter Barnes won 1st AA with another fine shoot-off 161/162 from Bruce Webb 160/162. This event was featured by shoot-offs in every grade as the results show.

The Calcutta auction held after the dinner on Saturday night featured a record pool of approximately \$4500 which is more than a fair effort considering the relatively low numbers. Thanks again to the auctioneers, former Darwin President Ted Easton, "the voice" John Franklin and others.

The last day saw the events with the big money and, wouldn't you know it, a fair old south easterly blew up making for very interesting targets indeed. Barry Pobke had a good day starting with the eye-opener and finishing with winning the Australian Airlines 50 target graded handicap Calcutta. It happens so often with this event that a B or C grader is the only one to come home with a possible.

Brett Goldup won the Computer Sales and Leasing Handicap with Justo Villaflor and Greg Bateson second and third respectively. Thanks again to Ken and Di Selwood of Computer Sales and Leasing for their sponsorship.

Congratulations to the High Gun winners, Pam Bateson — Ladies, Brett Hall — Junior, and Joe Bell — Veteran. Overall High Gun was won by Bruce Webb after a shoot-off from Victor Fertiklis and Bruce collected the watch donated by Fishing and Outdoor World. Thanks to all our sponsors as without your support the weekend would not have been a success. Also thanks to Di Warren and all the ladies and helpers at the bar — the service and meals were superb.

See you all next year and good shooting!

## RESULTS:

Thursday 28 July

50 City of Darwin Trench	
1st A & OA	Geoff Mark 44
2nd A	Ken Selwood 43
1st B	Dick Ayres 43
2nd B	Bruce Webb 50/60
1st C	Savvas Savvas 38
2nd C	Pat Maloney 36

30 Points Score 16m

1st A	Steve Laffey 88/90
shared	Victor Fertiklis 88/90
1st B	Adrian Fuller 84/90
2nd B	Rob Young 83/90

## WARATAH STATE NOTES

### CENTRAL ZONE

Bathurst Gun Club hosted a very succesful and enjoyable Central Zone Carnival on the weekend of 16th and 17th August. Sixty shooters attended from all clubs in the zone, with some fierce competition evident. Those who qualified for the Zone Trap Team are: J.W. Smith, D. Piotrowski, J. Blazley, P. Gaeta, P. Walmsley, P. Hayley, G. Bunting, C. Hawke, P. Hayman, J. Scuito, B. Taylor and L. Arnold.

The Junior Team is C. Hawke, M. Wright and Justin Ellison. A special mention should be made of Clint Hawke, a junior who qualified for the open team as well. Well done Clint.

Central Zone shooters were sad to hear of the passing of Central Zone Shooter, Charlie Fabri, who had been ill for some time. Our sympathies to Charlie's wife, Rosie.

### WESTERN ZONE

Cobar Gun Club hosted their annual Golden Clay and Junior Masters Shoot on the weekend of August 24 and 25. There were 46 shooters in attendance and young Sydney shooter, Ben Kelly, winning both the Junior Masters and the Golden Clay Championships.

Although numbers were down on previous years, as is the case at most shoots these days, a very enjoyable weekend's shooting was experienced by those who made the trip west.

### NORTHERN ZONE

I have received advice from the Northern Zone, that the Secretary of the Kempsey Gun Club, Jan Edwards passed away on the 8th August. We wish to extend our condolences to Jan's family.

### COACHES CORNER

Cobar and Hermidale will be the next venue for the Western Zone's 2 day Coaching Weekend. It will be held at Cobar Gun Club on Saturday 26th October starting at 12.30 pm, and Hermidale Gun Club on Sunday the 27th October starting at 10.00 am. During the weekend, I will be assisting Western Zone Coach, Pud Burgess and former Zone Coach, Kevin Constable.

This weekend's coaching program will be designed to be of benefit for beginners through to experienced and veteran shooters, so I hope to see you there.

Good shooting, Fred Schmetzer State Coaching Director.

# NSW 1991 STATE SKEET CARNIVAL

Tamworth Gun Club was blessed with some good weather on the weekend of August 10 and 11, for the NSW State Skeet Carnival. Unfortunately, numbers were really down this year, with only 58 shooters attending, but those who did, enjoyed the weekend's shooting. There were visitors from Queensland and Victoria, a large contingent from Sydney and a few keen shooters from Western, Riverina and Central Zones.

The Old/NSW/Vic Challenge, this year sponsored by Nick Burrows of Anglo Australasian Publishing, was won by Christian Naudin of the Wakehurst Gun Club with the only possible, 50/50.

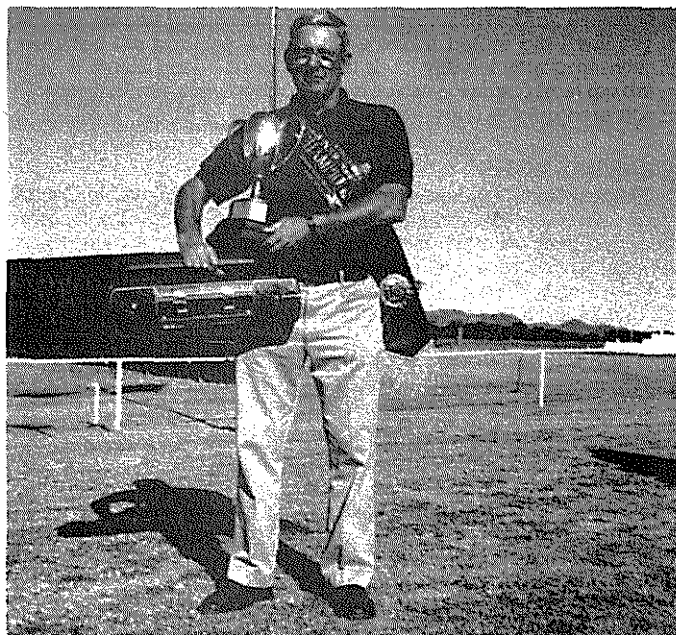

The 11th NSWCTA Skeet Championship was sponsored by Machin Transport Company, and six possibles were recorded. Nick Aird of the Brisbane Gun Club, was the eventual winner shooting 112/112, and the runner up being Nick Burrows.

The second Championship on Saturday was sponsored by the Tamworth Gun Club and another Brisbane shooter, Dave Dundon, won this Championship with Nick Burrows being runner up again.

Sunday morning we began with the State Team event. The 1991 State Skeet Team is: N. Burrows, S. Wright, Bill Clark, R. Prior, R. Clarke, J. Worley, P. Kouroupis, A. Muolo, C. Naudin, L. Aberley, D. Jackes, M. Blenman, F. Schmetzer, R. Vidal and C. Burt.

M. Blenman won the Team High Gun after shooting off with C. Naudin and S. Wright.

Congratulations also to the Shoulder to Shoulder Team of Scott Wright, Nick Burrows, Bill Clark, Reg Clarke and Christian Naudin. The Junior Shoulder to Shoulder Team is George Barton, Tim Barwick and Scott Schmetzer. Good luck to these teams in Wagga.

Neil Dimmick

Our last event, the NSW Skeet Championship was won by well known Brisbane shooter, Neil Dimmick, with the only possible 100/100.

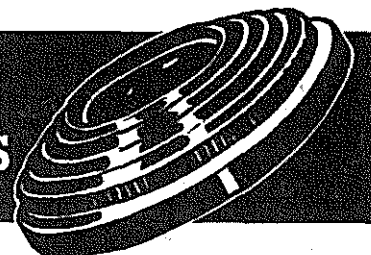

Neil also won the Overall High Gun, with a very impressive 199/200. The Ladies High Gun was won by Lee Brownbill, the Junior High Gun by Tim Barwick, Sub Junior High Gun by George Barton and the Veteran High Gun by Reg Clarke.

The Interzone Teams Match, the Hawkeye Shield, was won well by the Southern Zone Team of C. Naudin, S. Wright, N. Burrows, J. Cobby, J. Worley and R. Clarke.

Wakehurst Gun Club again won the Wakehurst Gun Club Perpetual Trophy, while N. Dimmick and D. Dundon took out the two member teams event.

A comprehensive results list can be found in the NSW Club News section.

## MARYBOROUGH TID BITS

**Kingaroy 4-8-91** — Most like the best shooting conditions I have ever shot in, a nice warm winters day with no wind, the clays spot on, however the turn up was most disappointing. Thanks Kingaroy we enjoyed the day.

**Bundaberg 4-8-91** — Top shooters for the day: I. Wynard with 25T SB, OA & A Run City DB & AHG. F. Agius B grade SB & DB.

**Gympie 11-8-91** — Bad luck for Charters Towers, the (Gypsy) George Hogarth will be back with you by now. Best of luck in your new venture George, we will miss you and your family at the shoots.

Welcome to new member Jeff Shorhouse of Minyama Waters, and visitors Ray Tremul, Morgan Smith being his first shoot in ten years, K. McKee, V. Hyde, J. Loy and J. Horspool... it was a bit like an international shoot with visitors from all over plus Harry and myself.

Shoots to get into most of the events: G. Durre, C. Campbell, V. Hyde, N. Dale, G. Foster, L. Clarke, I. Osborne and Melissa Tipman winning her first tower C grade, congratulations Tip.

Note: Nov 13/14/15 at Brisbane you can shoot the police and civilians shoot.

**Gladstone 28-7-91** — Two of Bundys most capable shooters ventured to Gladstone with good results, this being Keith Palmer and Gino Sergiacomi.

**Maryborough 25-8-91** — Another enjoyable shoot with Andy Wood taking the jackpot and visitors from Bundy, Paul and Irwin, thanks for coming. High Gun honours to R. Rehbewin (A), L. Sidwell (B), D. King (C).

Good shooting to all, till next time, see you at the shoots.

Lost Bird

# WINCHESTER

## TARGET LOADS

*Setting the pattern  
others can only follow.*

Winchester – our leadership in ammunition products is legendary.

In the toughest trap and skeet competitions, shooters have learned to rely on Winchester winning consistency.

From primer to crimp, Winchester best quality components are loaded for performance. Fast, with light recoil and patterns with perfect distribution of shot.

In shoot-off after shoot-off, Winchester's legendary performance, consistency and reliability has won through, time and time again. Over the past 10 years, Winchester Target Loads have won more Australian Shooting Titles than all other brands combined. Maybe it's the consistent, dense even patterns. Maybe it's Winchester's exclusive soft recoil design.

Whatever the reason, Winchester sets the pattern – the winning pattern – others can only follow.
