## National President's Notes

Glenn G. Woodhatch

### NEW ZEALAND NATIONALS:

A very large group of shooters attended the New Zealand Nationals held in Christchurch during March including our Glenn Cup Team. The team were successful in retaining the Cup shooting a perfect 250/250. Of the 8 National Championships on offer, Australia won 5. A great effort. A full report will appear in the next edition of this magazine.

### 2002 WORLD DTL CHAMPIONSHIPS:

Christchurch will be hosting the 2002 World DTL Championships immediately following their Nationals. The dates of the World Titles are the 17th to the 19th March 2002 inclusive. Information can be found on the NZCTA's web site or by contacting the NZCTA at PO Box 5355, Papanui, Christchurch, New Zealand.

The Nationals will commence on the 9th March.

### OLYMPIC GAMES:

The Olympic Games are almost upon us and our clay target team has been selected and if you wish to attend in person and support them, we still have tickets available. The Men's Trap Final has been sold out and I have no doubt that by the time you read this, all other finals may be sold out. This is a unique opportunity to be able to attend an Olympic Games and to support our shooters and to also see the World's best in action.

# Australasian - Pacific "Grand Prix" - BRISBANE GUN CLUB

Shooters from every continent of the globe were on hand during March to attend Australia's major international clay target shooting competition, the Australasian - Pacific "Grand Prix" at Brisbane Gun Club.

The competition which was held the week prior to the Sydney World Cup, was used by many of the world's best shooters from overseas, to fine tune their skills prior to entering the Olympic test event at the Sydney international Shooting Complex at Cecil Park.

Despite the fact many of Australia's representative shooters chose not to attend to take advantage of the opportunity to compete against shooters from so many overseas countries, the 2000 "Grand Prix" competition was again amongst the most successful held during the six years it has been conducted.

Included amongst this year's competitors were international visitors from Japan, Singapore, Great Britain, USA, Canada, Argentina, Barbados, Sweden, Poland, Latvia, Estonia, Slovenia, New Zealand and Namibia.

With such an impressive field of international representatives, it is disappointing that the decision makers in our sport in Australia do not encourage more of our own shooters, particularly juniors, to use the Brisbane "Grand Prix" event to gain much needed valuable international experience, rather than requiring them to attend so many overseas competitions which are very expensive. The objective of the Australasian - Pacific "Grand Prix" competition has always been to offer our Australian shooters the opportunity to compete with the world's best from both overseas and Australia and this objective will continue along with the success of the competition.

As has been the competition's format in recent times, the first discipline to get under way was the double trap starting with the 'skins' badge match, which is three rounds of 50 targets. Like 'skins' in golf, shooters have the chance to record the best score in

each round with the winner (or top 3 winners) sharing the pool in each round. In case of the double trap skin event, each round was worth \$480 which was divided \$340 to the AA/A grade section and \$140 to the B/C section.

Winners of the 'skins' prize money were Russell Mark (\$340), Deserie Wakefield-Baynes (\$340), Pia Hansen from Sweden (\$340), Robin Loy (\$280) and Suzanne Balogh (\$140).

At the completion of the 150 target Badge Match event, the winners were:

Junior: Rocky Manno International SA 112/150

Veteran: Art Goodman New Jersey USA 85/150

International Des Coe New Zealand 125/150

The Australasian - Pacific "Grand Prix" event in Double Trap again saw many of the world's best double trap shooters in the field including Olympic Gold Medallist Russell Mark, Conny Persson and Pia Hansen of Sweden who were runners up in the world championships in 1999, Cynthia Meyer from Canada who was a finalist in the world championships and the world cup final event in Kuwait plus many other shooters from the world's top echelon of shooters.

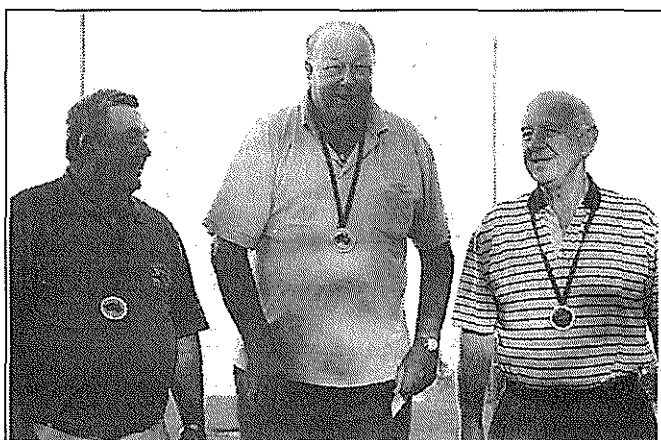

*Olympic Trap Team winners with the Angelo Zappala Memorial Teams Trophy — Sweden, USA, England.*

*Olympic Trap Grand Prix Championship — 1st Russell Mark (Sebastapol), 2nd Des Coe (NZ), 3rd Dominic Grazionli (USA) with Bob Dupoy of Winchester.*

At the conclusion of the event Olympic Gold Medallist Russell Mark was first into the final followed by Scott Wilson of New Zealand, Adam Vella of Frankston, Mike Herman of the USA, junior Rocky Manno of Frankston and Cynthia Meyer of Canada who along with Rocky Manno won the final position after a shoot off with Suzanne Balogh.

*Veterans Olympic Trap Grand Prix — Bill Turner (Goodiwindi), Brian Mark (Werribee) and Cam McClymont (Brisbane).*

At the end of the day, Russell Mark proved too strong for the final field winning gold from Scott Wilson and Cynthia Meyer who was keeping the end up for the women competitors.

The start of the Olympic Trap and ISSF Skeet event saw a very quick increase in numbers with nearly 100 trap shooters and 30 skeet shooters lined up to contest the spoils.

**Australian Open Skeet Champion — 1st Shawn Duloherly (USA), 2nd Tomas Johansson (Sweden), 3rd Gussen Vassili (Estonia).**

The 'skins' badge match in both events proved very popular with plenty of money up for grabs especially in the trap competition where each round of 25 targets would be worth \$720 to the winner. In the first round, five shooters recorded clean 25s ensuring that the prize money for the round would remain in tact and jackpot to \$1,440 for round two. The intermediate section (B & C grades) was won outright by Robin Loy of Warwick with 23/25.

After another two rounds, the Open section of the 'skins' trap event was still intact, guaranteeing a total of \$2,880 for the forth round. No doubt the most money ever on offer for one round of Olympic Trap in Australia.

Finally, four shooters shared the jackpot each receiving \$720 - Russell Mark, New Zealander Des Coe, Suzanne Balogh and Brett Dunstan. The intermediate section prize money was won by Robin Loy (\$480), Theresa Borrell of New Zealand (\$480), Steve Calleja (\$400), Taskeshi Okamoto of Japan (\$240), Rod McGregor (\$160) and Graeme MacKenzie of New Zealand (\$160).

In all a total of nearly \$5,000 cash was presented to the winners in the event - not bad for 100 targets of Olympic trap.

Section winners in the Olympic Trap Badge match were:

O/A: Des Coe New Zealand 96/100  
 AA: Mike Herman USA 96/100  
 A: Greg Newey Warwick 93/100  
 B: Steve Calleja Echuca 89/100  
 C: Jim Meyer USA 78/100  
 Women: Suzanne Balogh Canberra 91/100  
 Junior: Ian McLeod New Zealand 89/100  
 Veteran: Art Goodman USA 69/100  
 International: Dominic Grazoli USA 96/100

Numbers of competitors in the ISSF Skeet 'skins' event were a little disappointing but regardless of that, competitors would still be shooting for a handy booty of nearly \$250 per round, which was not to be sneezed at. George Barton from Tamworth set the pace despite having arrived late, shooting clean 25s in the first three rounds,

guaranteeing himself of good prize money for his trip.

Eventual winners in the 'skins' event were George Barton (\$300), local Brisbane shooter Tony Kidman (\$180), Argentinean Eduardo Fort (\$110), Michael Maskell of Barbados (\$75), Shawn Duloherly of USA (\$75), Tomas Johansson of Sweden (\$75), Shigeo Makino of Japan (\$75) and Mark Kempnich of Brisbane in the intermediate section (\$80).

O/A: George Barton Tamworth 97/100

Day 5 of the competition and the Australasian - Pacific "Grand Prix" events in Olympic Trap and ISSF Skeet were underway with nearly 100 trap shooters and 30 skeet shooters.

Round 1 saw plenty of good scores. Nidal Asmar and Greg Newey both recorded clean 25s, while Russell Mark, Des Coe of New Zealand, Mike Herman of the US Air Force, Conny Persson of Sweden, Brett Dunstan, Lee Wung Yew of Singapore and Steve Baynes all had 24s against their name.

The next two rounds also saw plenty of good shooting recorded and at the end of the day, Russell Mark was leading the field on 74/75, followed by Des Coe of New Zealand on 73, Nidal Asmar on 72, with Dominic Grazioli of US Air Force, Greg Newey and Ian Peel of Great Britain all on 70/75. The top junior after 75 targets was Joseph Ruffo on 69 while Dianne Reeves was leading the women's section on 66/75.

At the end of day 2, Des Coe of New Zealand had taken over the lead with 121/125, followed by Russell Mark on 120, Dominic Grazioli and Nidal Asmar on 118, with Mike Herman on 117 and Greg Newey on 116/125 making up the final six.

At the conclusion of the final - Russell mark again showed his class by finishing on 144/150, two targets ahead of Des Coe and Dominic Grazioli who had to go through the shoot off procedure to determine 2nd and 3rd.

 Intl A: Lee Wung Yew, Singapore 113/125.  
 Intl B: Akira Tsujikawa, Japan Top Gun 98/125.  
 Intl C: Rae De Lange, Namibia 96/125.

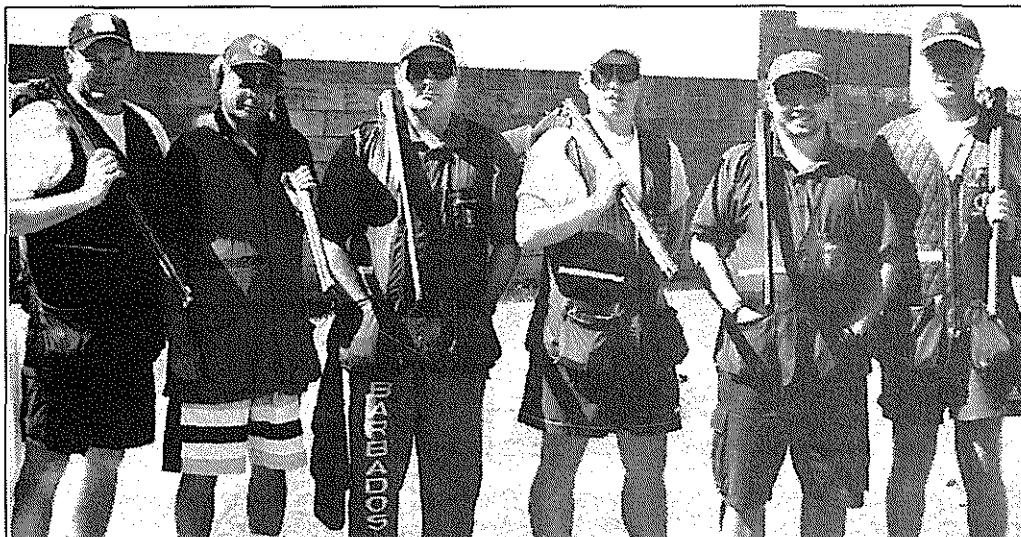

The team event in the Olympic Trap "Grand Prix" competition was well contested with 16 teams entered for the event.

At the end of the event, the winner of the coveted Angelo Zappala Memorial Trophy was the team of Dominic Grazioli and Mike Herman from the US Air Force together with Glen Kable of Cecil Park. This is the second year that this team has won the trophy and they made particular mention that they will be defending the trophy in 2001. Second place in the Olympic trap Teams event went to Sweden with the help of Russell Mark, while third place went to Great Britain team of Peter Boden, Ian Peel and Steve Archdale.

The "Grand Prix" ISSF Skeet event also saw some great competition with Clive Barton from Tamworth turning up to add to the field of top class competitors. At the conclusion of day 1, Clive was in the lead with US junior Lauryn Ogilvie both on 73/75. Michael Maskell of Barbados, Cherie Reeves of Normanton and Adrei Ineshin, Estonia were all still in contention on 71/75.

After the 'Final', Clive Barton showed he was well on track for the Sydney World Cup by winning the event with a very creditable 121/125 + 24.

O/A: Clive Barton, Tamworth 145/150  
 2nd Michael Maskell, Barbados 143/150.  
 3rd Shawn Duloherly, USA 141/150.

 Intl A: Michael Vaz, Singapore 112/125.

The team competition held over the 'Grand Prix' event was won by the composite team of Michael Maskell of Barbados, Shawn Dulohery of US and Lauryn Ogilvie of US.

The final series of events got under way on Friday 17th March with the commencement of the Kemen Australian Open events in both Olympic Trap and ISSF Skeet.

The Skeet again attracted a field of around 25 shooters while the trap was now down to a more manageable 85 shooters following the departure of the Japanese Top Gun contingent who had headed to the Gold Coast to become Japanese tourists for a day or so before heading home.

The Skeet event started with a real rush. At the end of day 1, Shawn Dulohery of the US had celebrated St Patrick's day with a fine 100/100 to have the jump on the rest of the field by 6 targets, from Gessev Vassili of Estonia on 94 with Barty Brighenti of Griffith on 93/100.

After the final on day, Shawn had continued with his fine form to record a resounding win on 222/225. Shawn's only disappointment was that he had not equaled the record score set by Todd Graves of the USA at last years competition, when Graves finished on 223/225.

O/A: Shawn Dulohery, USA 222/225  
 2nd Tomas Johansson, Sweden 212/225.  
 3rd Gussev Vassili, Estonia 211/225.

 Women: Lauryn Ogilvie, USA 181/200.  
 Junior: Lauryn Ogilvie, USA 181/200.  
 Intl AA: Boriss Timofejevs, Latvia 168/200.  
 Intl A: Lee Yee, Singapore 174/200.

Skeet High Guns for the competition were presented to:

Open: Shawn Dulohery, USA 314/325.  
 Women: Lauryn Ogilvie, USA 297/325.  
 Junior: Lauryn Ogilvie, USA 297/325.

The final event in the Olympic Trap competition also provided for a great spectacle with some of the worlds best shooters lining up to win the coveted Australian Open Trophy sponsored by Kemen.

Scores for the first day were up and down, with Fil Petriella of Canberra the consistent shooter after 100 targets on 3 x 24s and a 23 - total 95. Hot on Petriella's heels were Mike Herman of USA, Frank Minici, Dominic Grazioli of USA and evergreen number 69 Kevin Perkins of Illawarra all on 94/100.

At the end of the 200 targets, Petriella was still the leader after carding

another 4 x 24s to finish on 191 and go into the final 4 targets ahead of Grazioli and Russell Mark who had shot 99/100 for the last day to sneak up after being out of contention after day 1.

Following an exciting final, Petriella and Grazioli went to a miss and out shoot off with the result eventually going Petriella's way.

O/A: Fil Petriella, Canberra 212/225 + 3.  
 2nd Dominic Grazioli, USA 212/225 + 2.  
 3rd Russell Mark, Sebastopol 210/225  
 AA: Mike Herman, USA 185/200.  
 A: Kevin Perkins, Illawarra 185/200.  
 B: Frank Ruffo, Werribee 167/200.  
 C: Robert McNamara, Redcliffe 156/200.  
 Women: Suzanne Balogh, Canberra 189/225 + 1.  
 Junior: Joseph Ruffo, Werribee 196/225.  
 Veteran: Brian Mark, Werribee 159/200.

Intl AA: Des Coe, New Zealand 178/200.

Intl A: Lee Wung Yew, Singapore 181/200.

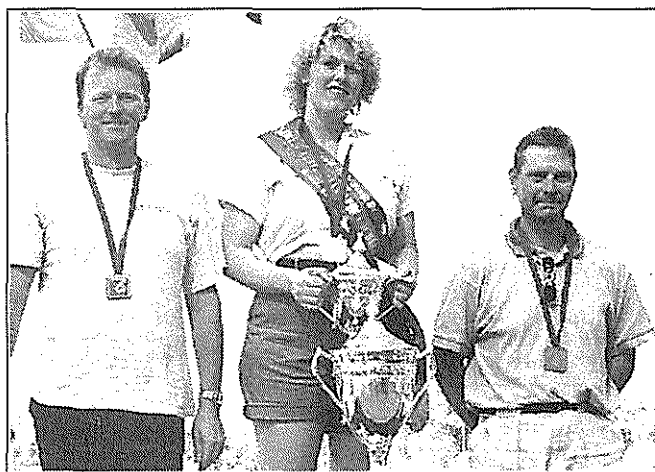

Intl B: Johan De Lange, Namibia 159/200.

Intl C: Art Goodman, USA 123/200.

High Guns for the Olympic Trap events were:

Open: Russell Mark, Sebastopol 307/325.  
 Women: Dianne Reeves, Normanton 280/325.  
 Junior: Joseph Ruffo, Werribee 282/325.  
 Veteran: Brian Mark, Werribee 258/325.

At the completion of the competition, all in attendance agreed the Australasian-Pacific 'Grand Prix' competition was again a resounding success and is worthy of the title of the 'Best Domestic International Competition in Australia'. The attendance at this years 'Grand Prix'

**Australian Open Double Trap Championship — 1st Pia Hansen (Sweden), 2nd Craig Tilley (Sydney), 3rd Conny Persson (Sweden).**

was again outstanding and a credit to the organising committee.

Special thanks and acknowledgement of the support of Kemen Australia, RIO Oceania, Winchester and Siviabird Targets was recorded on behalf of all concerned.

Also special thanks go to those members of the organising Committee who made everything happen - especially Janine Kettels, Dot Trindall, Tony Houselander, Col Boyd, Len Norman, Tony Kidman and all the others who did so much to make the 'Grand Prix' the outstanding success that it has been each year and every year since 1995.

# 20th Norfolk Island International Clay Target Championships.

## 6th to the 11th February 2000.

There were 88 shooters who had to compete in high winds but generally fine weather for the range of trophies and medals in this years Norfolk Island Clay Target Championships. We have again been most fortunate that we have received such good support from our various sponsors. The Travel Centre on Norfolk Island provided all the medals and sashes for the weeks events.

Other events are listed with each of the sponsors.

We are indeed pleased to see so many old faces of those shooters who return each year and we welcome the new entrants and hope they too will visit us again soon.

# 100 Plus Years of Coaching in Western Australia

Three long standing Coaches were presented a 25 year plus Long Service gold badge to recognize their support of Coaching in Western Australia at the recently held Annual General Meeting of the Western Australian Clay Target Club (Inc).

The three Coaches were Mr Tim Catling (Katanning Clay Target Club), Mr Murray Alexander (West Australian Gun Club (Inc)) and Mr Vince Marney (Bunbury Clay Target Club).

Between the three Coaches, their expertise spans 100+ years and covers all positions available to Coaches within and outside Australia. Mr Marney (Level 2) is the current State Coach of Western Australia and Mr Catling (Level 2) is a current practising Club coach. Mr Catling mentioned that Coaching within Western Australia stated from Eley / ICI representatives of each state as part of their duties, to coach people in the art of shooting. Those representatives being Newton Thomas, Mr Scholfield (NSW) and Ray Mack (SA). The third recipient, Mr Murray Alexander (Level 3), has gone from Club to Zone to State to National, International and onto Olympic Coach, with successes in all areas. His coaching career spanned Australia and New Zealand with input to the British and other coaching systems.

All three Coaches have had successful careers as competitive shooters, in that Mr Catling (AA - DTL) and Mr Alexander (AA - DTL & A ISSF Trap) both made State and National Teams in their respective disciplines, with Mr Catling representing Australia at the recent DTL World Championships in Wales in the Veterans section and Mr Alexander taking out the High Gun of the McIntosh Team in 1991, the second only West Australian to do so.

These men have given their valuable time and support to all persons wishing to undertake the sport of Clay Target shooting; with out asking for remuneration, as is so commonly asked for

these days. That in itself is a true virtue of why they have been successful coaches and looked to for assistance when members are troubled and in need of help with their chosen discipline.

The West Australian Gun Club (Inc) congratulates Mr Tim Catling and Mr Vince Marney on their achievements and support to Coaching within Western Australia. To Mr Murray Alexander, the club says thank you for your dedication to the sport through you input in Coaching within Western Australia, Australia and Internationally and particularly at the Club as a Club identified coach who continues to assist people in all disciplines and at all competitive levels of clay target shooting.

Thank you for your effort and support.

## Tips on Breaking Targets By: Joe Ljutic Canterbury Voice Releases & Your Call.

The Canterbury voice release systems are becoming very popular around the Country and I for one am glad to see the step in the right direction for trap shooting sports - The Puller. We all know the problems and controversy this particular individual can generate at a shooting tournament. I personally feel the implementation of voice release

systems across the country will improve the average scores shot by the vast majority of shooters at least one or two targets per event, as they become the standard at gun clubs across the country.

Having shot over the Canterbury voice release systems a few thousand targets I find that they work very well. The problems I have witnessed with shooters not receiving on time release of the targets using this release system involve shooters that have low volume or softer voice calls with higher tone in their voice. A deeper lower tone - slightly longer duration call with as much volume as you can comfortably produce will provide the best results. For shooters that do not have a lot of natural deep tone in their voice remember that volume (how loud your call is) is your ally with a voice release system.

The only reason that I stress the value in the type of call you produce to release a target using a voice release system is that at most gun clubs referee's are usually assigned to each field to monitor the proper release of the targets being called for and shot. Occasionally you will encounter a trigger happy referee that considers it impossible to receive an improper pull using a voice release system and he or she will be more than happy to exercise their authority and take a target away from you stating the target you refused was legal. In this situation remember the failure to fire rules in the rule book. Additional items to remember in this situation - Back ground noise, PA Systems - airplanes flying overhead etc - combined with your call for the target you can get an occasional fast or slow pull using a voice release system. Event without background noise and occasional improper pull can occur.

Personally, I prefer the voice release systems 1000 to 1 to their human counterparts and enjoy shooting targets with the systems in place. Adjusting your call for 95% of shooters will not be required but if you do encounter any problems - Volume and Slightly longer duration will help a great deal. When you think about it - a slight adjustment in your call for the target is an easy adjustment to make. Considering the overall quality of the pulling using a voice release system will be the same for every competitor up and down the entire firing line in every event. That in my opinion levels the playing field and scores will only improve. Remember, breaking targets is the name of the game.

# Tamworth Clay Target Club 2000 Annual Skeet Carnival

On the weekend of the 19 - 20 February, the Tamworth Clay Target Club held its 22nd Two Day Skeet Carnival.

The shoot began with somewhat of a dark cloud hanging over it due to the sudden and untimely passing of club founder and stalwart Col Burt the previous week. In fact Col's massive funeral was held the day before the skeet carnival with many skeet shooters from far and wide in attendance. A one minute silence was held prior to the commencement of the shoot on the Saturday morning.

The weather was excellent for the two days although somewhat hot and the Committee provided shade and cold water at each layout in anticipation of hot weather, which is common in Tamworth in February. The grounds were well presented by Graeme and Rae Richardson who always have the grounds in

Mr John Sleightholme, president of the Tamworth Clay Target Club, congratulates Adrian Cousens on establishing a new National Skeet Break Record of 565 at the club's annual two-day Skeet Shoot in February. The Tamworth club now hold the Australian record for both Skeet and Trap as Russell Mark set the Trap record there in 1992. Adrian was only eleven targets short of breaking the entire contents of the four boxes he is pictured with, when the shoot finished on Sunday night. This is the fourth time Adrian has broken the record, having previously held it at 389, 446 and 518 respectively. However it is the first time that anyone can remember the record being established "not out".

tip top condition.

The catering for the weekend was of the usual high standard thanks to Bev Taylor and Rae Richardson who have built a very high reputation for keeping shooters and helpers well fed.

Some 57 shooters attended on both days, a very pleasing result.

Despite some trap problems and long shootoffs, the shoot was completed in good time on both days.

Mike Bryant ran the office very efficiently with his computer program and scores were quickly recorded so that events and shootoffs were quickly underway.

The Club also extends its sincere appreciation to those members who gave their time over the two days to keep the traps full so that there was no hold ups while traps were filled.

The highlight of the shoot was the New National Skeet Break Record set by Adrian Cousens - World Champion Clay Target Shooter from Bairnsdale in Victoria. Adrian missed his 11th target into the program and then never missed another target for the weekend. His break was 553 plus 12 in doubles in the High Gun shoot off.

Tamworth's Rod Taylor found himself in a shoot off with Adrian Cousens and shot a break of 221, which is most likely a club record.

The Tamworth Clay Target Club is now the venue for both skeet and down the line trap record, as Olympian Russell Mark set a trap break of 1177 at the Trap Carnival in 1992.

The quality of the shoot is evidenced by the fact that there were eight break badges awarded and there were 12 shooter who were regraded into higher grades over the weekend. This is an extraordinary number of breaks and regrades when compared with previous years.

The two days competition was a huge success with shooters praising the carnival as a great weekend of skeet shooting.

A big effort by club members ensured that the carnival was a big success with shooters expressing their appreciation for what is reputed to be one of the best skeet shoots on the calendar.

# Maryborough Tib Bits Qld

www.mctc.org.au

It is the twelfth Anniversary of Maryborough Tib Bits, this being the 141st copy. It first started as Maryborough Tib Bits, but on copy 38 in July 1991, some one decided it would be better Tib Bits and it took me several copies to notice it had changed. I had just finished four days in Hospital and was told I wouldn't see out of my right eye, and wouldn't drive a car again. So I said I was not going to die sitting on the verandah. So to give myself an interest in life, apart from my family, M.T.B. was born. I thought this area could do with some news and to lighten things up a bit, a few jokes. I have made a lot of friends in shooting and would like to thank my club, who has never told me who, or what, I can put in my column. It gives me much pleasure when I arrive at a Club, and I'm told that they liked a certain joke. Some have news for me to use. I would also like to thank my readers and hope that M.T.B. continues for some time. Thanks CTSN for the M.T.B. Thanks Karen.

With Sydney 2000 in sight there is this bloke who jogs a few miles every morning and meets up with this young lady on the same corner every day. They don't stop, jogging on the spot, they bid each other the time of day and then they are on their way. One morning when he was jogging, he saw a tennis ball. He picked it up and ran with it in his right hand, but it didn't feel right, so put it in his left hand. It still didn't feel right, so he slipped it down the front of his shorts. When on the same corner he met up with the lady he always talked to. After passing the time of day, the lady looking at his shorts said, "What's with that", and the jogger said "Just Tennis Ball". The lady said "You poor man, I had Tennis Elbow once, and I know what you are going through".

Talking to Warren Burke he tells me his sister Tania, who I spoke of in Feb copy is now working in New Zealand. I bet it is a race to see if Judy & Pat (Mum & Dad) or Warren (Brother) is first to have holidays in N.Z with Tania.

I had to go to the Doctor this week and have some sun spots & lumps cut out. So when I got home my wife said I will make you a cup of tea. After drinking my tea, I leaked like a sieve. They don't stitch you up like they used to!

## Maryborough 27-2-00

Complaining about chest pains the E.C.G said Angina, so told not to work or shoot till it was pin pointed. Told not to work was great, but no shooting that is something else. Anyway I still went with Harry to the shoot and enjoyed having a talk with everyone.

Tania Bourke was back from N.Z. so shot with us, but is back to Queenstown to work, and it is Judy & Pat to have a holiday with Tania first. Pat also shot with us and wife Judy has had her health problems. Hope everything is OK now Judy. So visitors to shoot: Tania & Pat Burke (Caboolture), Tom Brereton, Chris Post & President Brian Goddard (Gympie), Irvine Wynyard (T.L.G.C), Emma & Frank Robinson, Emma being the pretty one (Central Burnett), Brian Fourro (Bundy) and Tom Szekeres Sporting Clays. Thanks all for coming. In the kitchen was Betty, Kay and Hazel Wolstencroft (Kay's mum). Thanks Ladies. There were some beautiful cakes for smoko. Thanks to those who bought them. The Quicky Board was won by our hard worker Andy Wood, which this time was a bottle of rum. Luck bags Trevor Cecil won the meat tray raffle. Easier than shooting Trevor. Allen Joblin won the Jack Pot draw, but didn't put it together. Better luck next time Allen. Results of the shoot in AA Paul Anderson share of D/B CD. Then it was all Irvine Wynyard share D/B CD, S/B C/S, 1st HCP, D/R & AAG H/G. In A Grade Brian Fourro, D/B CD, Chris Post D/B CD, Frank Robinson D/B CD, Brian Goddard D/R and Graham Noffke D/B CD, O/A & A S/B C/S & AG H/G. In B Grade Vince Dollison D/B CD, then Dick Osborne S/B C/S, 2nd HCP, D/R & BG H/G. In C Grade Harry Walker D/B CD, Darrell King D/R and Emma Robinson cleaned up S/B C/Ship, 3rd HCP & CG H/G. We were lucky with the weather for once. Our May shoot 100 Target Double Barrel Continental (1-2-3) each Grade.

I heard on the Grape Vine Gary Redmond has been in and out of hospital. I hope all is well now Gary, and back busting clays.

Farewell to Deborah and welcome to Daniel Bond & Rebecca Blair, to

our ACTA Staff.

Looking at Cooma results I see young Rowan is at it again. Keep it up Rowan. I enjoyed the story of the shooter who had a sex change so he/she? could work in the kitchen. I forget what Club now.

## Bundaberg 5-3-00

Going for some tests I thought I better stay home from Bundy, but luckily Peter went with Harry for the company. I didn't think I would ever see the day to turn down a shoot. Visitors to shoot were Harry Walker, Peter Pagliarino (Maryborough), Glenda & Chris Post (Gympie). Result of shoot. In AA Grade, Stafford Smith D/B CD, Rob Rehbein D/B CD, PTS, S/B C/S, D/R & O/A H/G. In A Grade Gino Sergiacomì D/B CD, Brian Fourro Pts, Chris Post D/R & Peter Winzen D/B CD, O/A & A S/B C/S. In B Grade Kaye Rehbein D/B CD, D/R, Bradley Allen D/B CD & Pts & Tim Gardner to S/B C/Ship. In C Grade Janice Butters D/B CD, Malcome Dawson S/B C/S & Doug Baggaaley Pts & D/R. A nice day with only a light shower. Bundaberg shoots May 7th Skeet 9am, Trap 12.00pm. Thanks to the Club Members for phone calls of best wishes and thanks to Stafford Smith for interest in phoning me.

A big surprise 6-3-00. A call from my shooting pal at Sunshine Coast, Norm Keech, who has been through all his heart stuff. Thanks Norm, regards. Norm told me he was at Springsure (Hope that is right), when he developed a coughing fit, while shooting, and with the club having Photo Pulls he was setting off targets one after another. So he had to retire from the event. Thanks again for the call Norm, you would do anything for a joke. You most likely got your 25 Targets anyway.

## Gympie 12-3-00

Well once again I sat this shoot out, with Harry going over by himself. Thanks Wal for results, who over at Caboolture put on a display of Single Barrel & Continental Shooting to take AAG H/G. Good shooting Wal. You seem to be doing a lot of shooting while the wife is away Wal. Gympie now boast of having Laporte Traps. Congratulations Gympie, must be the new President Brian leading from the front and his wife Yvonne told me this one that came home from school, so don't blame me.

Three pencils in a case, one got in the family way. Which one was it? Yvonne said "The one with no rubber". Stick to the kitchen Yvonne.

As I wasn't at the shoot to talk to visitors, the ones that Harry told me & on results were Harry Walker, Vince Dollison, Bruce Walker (Maryborough), Norm Keech (Sorry I missed you Norm), Dane Vincent, Brett Brown, Phill Groves (Sunshine Coast), Frank Robinson (Central Burnett) & Bill Chain (Redcliffe). Sorry to any other visitors that I didn't know were there.

In AA Grade Bill Chain D/B CD & Pts, Phill Groves S/B & AAG H/G. In A Grade Norm Keech D/B CD, Frank Robinson S/B & Brett Brown Pts & AG H/G. In B Grade Lex Stolberg D/B CD & Pts, Dennis Carew S/B & BGHG. With C Grade Glenda Post S/B and Steve Bowes D/B CD, Pts & CG H/G. With a possible Chris Post got the metre with 1st in Handicap, Tom Brereton 2nd & Dane Vincent 3rd. Gympie Shoot in May is a full day shoot, being Gold City One Day Shoot on 14th May. 9am Start being 25 D/B Sw/St, 25 D/B C/Ship, 25 H/C & 30T Med (DB, SB, Pts). Thanks Wal.

## Maryborough 26-3-00 Heritage City One Day.

While I haven't been able to shoot, I have been working on a new target. I know I will upset Gundy and other target sellers, but this one is different. It has a shape like a boomerang and if you don't hit it going out or coming back, it will come back and give you a good wack in the ear. If you didn't hit coming or going, well, you deserve a good wack in the ear.

Well this is the month that shooters track off to Old Koreelah for that yearly break, being on the 27th & 28th May. Good shooting to all.

Once again I didn't get my Pre-shoot notice in the Local Paper. a bit disappointing after writing it and getting it in time (but that's life). Peter Pagliarino back from N.Z, but he brought back bronchitis. Bad luck Peter. Once again not shooting, but went up to our shoot with Harry. In the kitchen was Pam, Kerry & Heather, thanks girls.

Thanks to the workers who had the ground 100% with sponsor tents. Visitors to the shoot: Dennis & Gary Carew, Glen Durre (Gympie), Gino Sergiacomi, Spencer Plath, Ryan Howie, Jarrad Smith, Brian Fourro (Bundy), Emma & Frank Robinson, Ken Vicary, Ben Zillman (Central Burnett), Gary Schneider & Fred McCann (Kingaroy), Robin Newshaw, Greg Nagy, Brett Brown, Greg Manning (Sunshine Coast), Gary Redmond, Bob Dupy, Robert & Bill Nioa, Bill McKechnie (Brisbane), Ray Wise (Gladstone) & Tom Szekeres Sporting Clay.

Thanks to our sponsors Dr Paul Anderson, Open House, Noosa Shooting Supplies, Angus & Shirley Robertson.

The 1/2 case ammo won Ken Vicary. The Fruit Raffle Vince Dollison. Graham Noffke who shot so well today took out the C grade Double Trap in the Australasian Pacific at Brisbane a few weeks ago. Good shooting Graham.

Our next shoot May 28th 12.00 noon. 100 Target Continental (1-2-3 each Grade).

Good shooting to all till next time.

See you at the shoots.

# Golden Ibis Shoot Warren

## March 2000

**Motto of the Warren Gun Club is "Time Not Spent Shooting Is Wasted".**

Phones ran hot on Friday and Saturday.. Is it still on, yep raining cats and dogs, don't matter we're coming..

**Robbi Thompson, winner of the Presidential Trophy with Club President Kevin Walton and June.**

This being the general reply from all who rang. In fact some 140 plus shooters braved the conditions to dodge puddles, mud, snakes, ants, centipedes and everything that was trying to get dry.

We started with three of our five layouts due to the pits being full of water. A bit of bucketing, some pallets and cardboard soon got the other two layouts going. We certainly needed the five.

First event as usual was a Cash Divide to settle the nerves and get the blood flowing.

Event two followed with the 25 target Pointscore Championship. This showed the trend for the weekend even with the poor conditions scores were excellent. Ian Merrick of the Cobar Club again shone out to defeat the ever green Wayne Hawkins in the shoot off. Wayne being the winner in the AA grade section. Others to feature early and to show they meant business as their names seem to show up quite often. Robert (Frog) McInnes taking A grade. Local worker Scott Bennett B grade and G Anderson C grade. Carley Neilson taking the Ladies and the Juniors. Local Kevin Heywood taking the Overall in the Veterans section.

Event three 25 target Single Barrel Trophy. Some 12 possibles took the tracks for the shoot off. Roger Duthie from Victoria a winner again at Warren after a great shoot off with Robbie Thompson of Cobar to win the

lovely singer ironing press with a great 113/113. That Frog jumped up to claim A grade. Seems to love the wet weather and lives up to his name. The greatest win in this event went to Dominic Bonello. The cheering could be heard up to three clicks away. Great stuff Dom. Here again Angry Anderson cleaned up C grade.

Event four and already people looking for the hot showers. This the last for the day and being the Lower Macquarie Double Barrel Championship we knew we were in for a long haul when many a great shot shot the possible.

As in previous years the process of elimination took place and we came into night with one squad left to tussle it out.

Glen Hayden from Victoria eventually outlasted junior Murray McAllister to shoot 192/192. Murray for his part shooting 191/192 took out AA grade and the Junior section. That lovely smiling chappie Rodney Wright shot a great 139/140 for a second in AA grade. Kudri Demaj all the way from Wangarratta won A grade with 53/54 from Frank Autitorie. The Frog was too wet by this stage to feature in A grade. B grade went to Phil Loshe from Cobar with a fine 44/45 from Gavin Dennis from Goolma Club. That Angry chap popped up to take C grade and Carley

Harry Faris (Narrabri) accepting his trophy from Shoot Marshall John Coaker

Neilson again won the Ladies section with a great 24/25.

A lovely meal supplied by our wonderful ladies was enjoyed by those who stayed to watch the shoot off. I am not sure how long the night ventured, however there were some very late and bleary eyed shooters come Sunday morning.

At one stage it looked like we would see some early sun light. Not so and so we continued in the wet sticky mud. A change of format was welcomed, shooting five targets per lane to save walking was well accepted and certainly sped up the shoot.

First event Sunday the 25 target Double Barrel Trophy. Thirty odd possibles and the shoot off quickly underway. Shooters came and went with Garry Kennerson eventually victorious with a great 105/105 to edge out Brad Hooper who took AA grade from Peter Kenyon of Dubbo. One of our older shooters Kevin Heywood cleaned up A grade from Rod Haug Illawarra. Rod is now moving to Coonamble so I am sure we will enjoy many a happy occasion with Rod. Carley Neilson, remember this girl showed the boys in B grade a clean heel shooting the possible and eventually finishing with 44/45. Great stuff Carley. Comeback again next year. We will have more snakes for Dad to take home.

Whilst on snakes one of the biggest browns came for a look and received a nice facial from Bob (alias Harry Butler) with the straw broom. A poke in the eye clean teeth and a very angry snake was eventually cornered in the toilets.

The fun over and on with the shoot and the Lower Macquarie Single Barrel Championship. Here again heaps of possibles however after 75 targets apart from the referee the only shooter left standing was the little gnome from Sydney John Crompton. Terrific win John. John left all in his wake including smile Rod Wright who again had to settle for the bridesmaid spot. John Gemmell took A grade with 50/51 from the Frog who had just resurfaced to the winning circle again with a 43/44. B grade was Tom Dickson of Cobar 34/35 from Peter Gorrie on 25/26. C grade went to Darren Went from Narrabri. Phil Jackson won

Kevin Walton with B grade winner, Scott Bennett of Warren

Ian Piddington (Narramine)

the Juniors and at last a different lady in Michelle Felmingham winning the Ladies section and Kevin Heywood again the Pensioners Run.

Nearing the end and the mud still not letting up. The Presidential Trophy event being 25 target Point Score. Robbie Thompson of Cobar eventually in the winners circle with a skinner, the only 75/75. A couple of shoot offs for the minor placings. AA grade went to Mike Heywood with 92/93 from Paul Farrugia on 91/93. John Gemmel again taking A grade with 103/104 from Paul (Jacko) Jackson on 102/104. B grade went to the keg on legs Graeme Dowling (nicknamed this by the President) from local Sid Kinsey. Troy Monk cleaned up C grade from Peter Poile.

The end is close and many a weary body not really wanting to move far. The Double Rise and again to save walking shooters took the trap they drew and shot 3 pair per lane for the 15 pair to save walking. Seemed to work well and were finished this approximately 45 minutes earlier than last year in the dry. Here again we were graced with shoot offs. Junior Phillip Jackson being the eventual overall winner with a fine 56/60 to win the lovely pink and white sash and 48cm colour TV. Terry Watts cleaned AA grade with 54/60 second Kevin Heywood again featured in A grade and the older section also shooting 28/30 from that Frog on 26/30. Tom Dickson won B grade with 26/30 from Terry Brind 24/30 on his first visit in some 20 years. Hope to see you back again Terry. Peter Poile got the better on Troy Monk in C grade with a 28/40 and not to be out done Karen Kennerson won the Ladies section so she could match conversations with Garry on the way home.

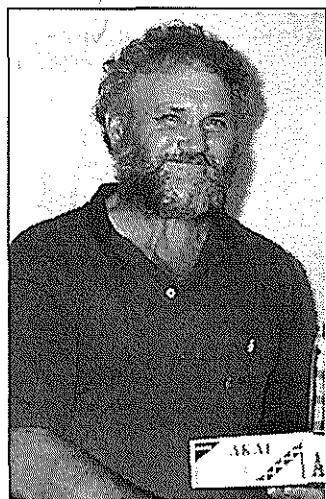

As a lot were heard to say thank god that's the finish. Only the High Guns and presentations to go. No shoot off for the high guns. Overall High Gun and winner of the Golden Ibis and Bruno Under and Over Shoot Gun was Robbie Thompson from Cobar with a great score of 299/305. Only one point behind Arthur Turner's win last year. Under these conditions the results were terrific to say the least Ian Merrick from Cobar hot on Robbies heels taking AA grade and the Bruno Under and Over Shoot Gun shooting 297/305. Great effort Ian. Here we go again with Robert (Frog) McInnes taking A grade on 294/305. Robert also received along with his sash a Bruno Under and Over. B grade was Thomas Dickson of Cobar, (Three for Cobar), shooting 273/305. C grade went to Angry Anderson much to Garry Mac's concern as he was not a winner and would have to listen all the way back to Griffith. Michele Felmingham was a very happy winner of the Ladies section also winning a Bruno Under and Over and the lovely yellow and white sash. Phillip Jackson topped of a great weekend taking Juniors with a great 285/305, make the most of it Phil, time is running out in the Junior division. To top of another great weekend Kevin Heywood won the Veterans Bruno Under and Over and the appropriately coloured grey and white sash.

Well folks that's it for another year. It's on again next year same time and same place. To conclude but not mention names I would like to sincerely thank all who helped make this weekend the success it was. It really shows that shooters have to be a great mad bunch to travel so far to shoot under the conditions we experienced this weekend.

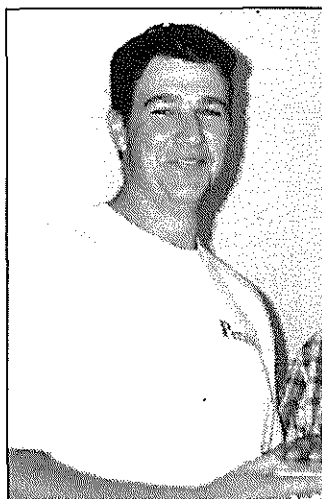

Take care and thanks again. Happy Shooting.

Guess what? ..... At the finish the sun was out, bright and bushy tailed. Oh well.

Cheers, here's mud in your eye!

Sid Kinsey B grade runner up.

Brad Hooper AA grade winner

# Majura Park Gun Club

**I'm Bugged!!**

They were the last words that our president Peter Schremmer said as he climbed off the sit-on mower having been on there for 7 hrs the day before our 2 day shoot. We all looked around at the grounds and agreed that the time and effort put in by a few of our members of getting the new extension finished, painted, lawns cut, rubbish removed and all the traps checked and re-checked was well worth it. Saturday morning arrived, first nom came in at 8:30am 1 1/2 hrs before start time, so, by the time we were due to start 41 shooters had nominated ..... Looks like WE will be a success.

**Overall winner of the 2 day shoot Fraser Roberts  
(Goulbourn Gun Club) 403/410.**

Shooters came from North, South, East and West and by the time the first squad had gone to the traps, another 18 competitors had arrived. The weather was kind to us till 12:00 noon, then the sun told us to SLIP-SLOP & SLAP. Our shoot marshal Barry Skinner and his cohorts ran the shoot like brain surgery, no ifs! or butts! Just bodies lining up all in a row.

First event, Southern Zone 40t Mixed started right on time, this I think would be one of the most important things at a big shoot, starting on time.

Must thank all those shooters who, when asked to ref and score did so ... still NO hiccups, with the first event finishing well in time, the Second Event 75t Southern Zone Champion of Champions had the full afternoon to finish including time if need be for shoot offs without having to resort to using lights.

I won't be going into detail on How or Who won what at this point, the results will be at the end of the story.

Our official sponsor for the 2 day shoot was Ridges Resort, a few minutes up the highway, Darren Clarke the PR of the Resort could not have done any more to make sure that both, i.e.. Ridges & Majura had a successful WE.

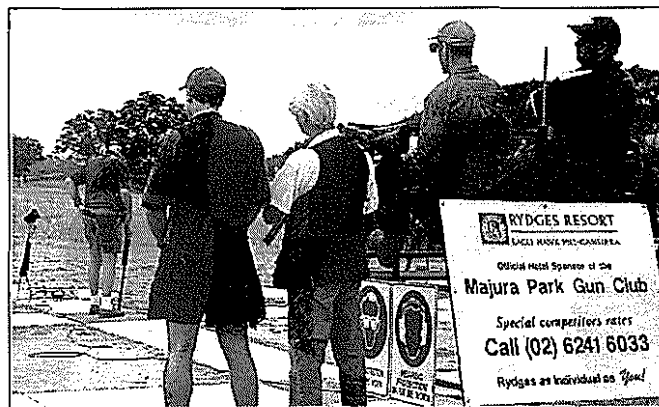

**Kathie Gualt winner of the Ladies High Gun with President Peter Schremmer (left) and Vice President Kim Nealon (right).**

Wives, daughters and others who were not shooting were given the opportunity to take advantage of Darrens offer of spending the afternoon beside the Resort pool and being taken there by a courtesy bus driven by ... guess who! Yep! Darren himself.

Saturday finished around 5:00pm, including the shoot-off, so all cars and bodies headed either home or to have a shower and change or to the Resort for a few ales before the BBQ, now that's worth mentioning.

The Resort didn't just stop at "just a barbie", Asian Marinated Chicken, Continental Sausages, Scotch Mini Steaks, Crusty Bread

**Start of 1st event on Saturday 40 target Champion of Champions.**

and Fresh Fruit Salad was put on for us, then to sit outside in the BBQ area with the tables set-up fit for royalty, certainly finished the day with an air of satisfaction. 72 turned up for the Gourmet feed and because of this, Stephen Bain the Food and Beverage Manager at the Resort, put on a happy hour for the group before the Calcutta got under way.

OK the "Calcutta" .... Within minutes dollars were flying around the room like parrots trying to mate, Simon, but everyone called him Peter, got his lips working to the same rhythm of a V8 with dual exhausts never missing a beat, until Jimmy Allen who came along to

"3 PETES" (L-R) Peter Simon, Peter Schremmer and Peter Ewart.

give him a rest, and to give his gummms a rest.

By 11:00pm everyone had run out of cash, eyes were starting to close on some people, and 11:20pm saw darkness in the room.

Sunday morning around 7:45am members started to arrive to set-up the grounds ready for the day. 9:00am start, 9 squads, 10:00am 14 squads less 2, this is going to be a long day (understatement).

Bacon and egg rolls seemed to be the first thing on the agenda, Pete

"COR" how did I miss that one!  
Greg Geering (Majura Park Gun Club).

and Jane turning out a great tasty treat with that famous eye opening drug..."COFFEE"...

Again, the shoot marshals were on their toes, 2 minutes to nine the first squad were on their way to trap 1, thus it continued squad by squad, etc..etc..etc.

The day again was kind to us, not to bright...not to dull, great shooting conditions.

First event the 50t "Majura Park Gun Club" DB C'Ship carried the Calcutta, everyone but everyone watched this event....Why!! \$\$\$\$\$.

Second event the 25t "Majura Park Gun Club" H'Cap started just within time limits with the shoot offs from the DB event giving us more time to us than we anticipated.

The last and third event 50t "Majura Park Gun Club" PS C'Ship started with the committee thinking ...will the light hold out till the finish?

With the shoot marshals still at full go, go, the event finished at 6:35pm with still enough light for the final shoot-off.

OK I had forgotten!...two of the hardest workers at the WE are people that we take for granted "the Nom Takers" Kathy Gault and Therese Nealon. These two girls only got off their seats for food, drink, to shoot and you know what!!, so I hope nobody will mind if I take it upon myself to say on behalf of all the shooters at the WE and especially the committee, thanks for sorting out any problems that may have occurred and helping in making the day run smoothly.

7:45pm, presentations are just about to get under way...Where's the President? Kims here!, .... Are the badges sorted out? .... bl...dy h..ll they're in the drawer! ... so endeth the first two minutes, smoooth from now on!!!

Winners in the Grades were, AA: Tony A, A: Willo Cameron, B: John Tsiftsis, C: John Hugo, Overall went to Frazer Roberts 403/410, Ladies: Kathy Gault 377/410 and the Vet's went to Roger Medway with a score of 336/410, full results are published in the Club Contents Section.

At 9:00pm we said our good-byes to all, presentations finished, we now had the task of cleaning up what little mess there was.

To all those who traveled long distances to participate in our w/e, Gunning, Dalton, Boorowa, Orange, Cecil Park, Wagga, Junee, Yass, Albury, Marconi, Shoalhaven, Forrest, Downside, Canowindra, Cooma, Tumut, NSW, Goulburn and Canberra International, thank you for your attendance and from what we heard most of you would

# CUZZO'S RAMBLINGS APRIL 2000

A couple of months ago, I elaborated at length on what I thought was the optimum content and structure of a "club" Two-Day Skeet Shoot program. This month I intend to follow that issue through to its natural conclusion and examine some ideas for National and State Skeet Carnival programs. Let's start with a State program. Over the last few years I have attended the State Skeet Shoot in most of the states, and at some time or other in the past, I have shot at the State Skeet Shoot in every state and territory of Australia. I even have a Red Ribbon from the ACT "State" Skeet Shoot, which unfortunately is no longer contested.

It used to be held at the old Canberra-Queanbeyan Gun Club, which overlooked the Queanbeyan Horse Racing Track. That Club and that Shoot have some great memories for me. It was there in 1980 that I had the pleasure of watching the great Jimmy Ellis bump the National Skeet Long Run Record up from 215 to 223. What made it so special was the fact that his achievement spanned two days, and included a night shooting event, where he shot the only possible under very adverse conditions of bad weather and poor lighting.

Anyway, back to business. Most of the States now shoot a three-day program for their Skeet Carnival, but the content and format varies considerably. Years ago, the only "Red Ribbon" events at most of the State Skeet Carnivals were the Singles and the High Gun, and the rest of the program was made up of "support events". However, in recent times, both Doubles and Handicap have entered the arena. Although most States are adding these events, some still shoot Doubles but not Handicap or vice versa. Once again the QCTA have shown the greatest foresight and customer response. For several years now they have included Singles, Doubles and Handicap in their State program. And last year, to their credit, South Australia also followed suit.

The whole idea of State Carnivals is to conduct State Title events. At the State Trap Carnivals, there are enough variations of Trapshooting, that only State Title events are held. Therefore I believe Skeet Carnivals should capitalise on the opportunity to shoot as many Title events as possible. However, because support events have been around for so long, some of them have accumulated a fair amount of tradition in their own right, even to the point of having their own perpetual trophy. Some examples of this are the NSWCTA Championship in NSW, the Don Taylor Memorial in Tasmania and the City of Melbourne in Victoria. Thus a standardised program format would need to accommodate at least one support event.

Individual event size also needs consideration. For much the same reasoning as with club shoots, as well as the limited programming time available, I believe the Doubles and the Handicap should be run over 50 targets. Additionally, the difficulty of Doubles can make longer events a bit awesome for the lower grade shooters. And experience has shown me that 50 targets is the perfect compromise for a Skeet Handicap. One round does not allow the handicap shooters to build up enough start on the scratch shooters to have a reasonable chance of being able to wear them down, whereas 100 targets will usually allow some of the more liberally handicapped competitors to gain a lead over the scratch shooters that is virtually unassailable. Two rounds is definitely the balance point where everyone has a fairly equal chance.

However, the State Singles is probably best conducted over 100 targets due to its easier format, its greater prestige and as a stamina training exercise for the National Skeet Championship. Although I think a State 20 Gauge Event is a great idea, and the VCTA are to be commended for being the first to introduce one this year, I'm sure its much too early to include it in the High Gun. For that reason it probably needs to be either the very first event or perhaps even conducted the day before the Carnival starts, depending upon the length and make-up of the program.

So now that we have the substance pretty much established, let's look at formatting. For club shoots and the National Carnival, I believe that shooting the Doubles last has so many advantages that no other option is really worth considering. However, State Carnivals introduce their own unique problem that often causes this to be revised: qualifying and conducting the State Postal Team Shoot. The need to conduct qualifying over as many targets as possible causes the Postal team to usually be the last event. This has the advantage of allowing interstate visitors to leave while its being conducted, but the disadvantage of causing them to miss the final presentations. And the desire to keep all the qualifying targets together, whilst keeping the doubles out of it, usually relegates the Doubles to the being the first event, which sacrifices all the advantages of shooting them last.

Shooting the Postal team last also causes other problems. If you retain a full days shooting on the last day ie 2 x 50 target events, then the Postal Team invariably ends up shooting in the dark and thereby defeating its purpose. Remember that this effect is worsened by the fact that the Skeet Shooting Season runs through the late autumn and winter into early spring and thus daylight saving is not available. To circumvent this, several variations have been tried. Before Victoria reverted from a three-

Day Program back to two days, they reduced the support event on the last day from 100 targets back to 75. Although not perfect, this worked OK. South Australia used a different plan. They shot their Postal Team in conjunction with the second event on Sunday. Of all the variations, this one probably worked the best. But maybe there's a better way!

In fact, once you make the decision to shoot the doubles last, the rest pretty much just falls into place. Saturday is the obvious choice for the 100 target Singles as it is the premier event and Saturday is the easiest day for most people to attend. One large event also limits the numbers in shoot-offs and gets them started earlier, thus increasing the chances of finalising the event on Saturday, without any thought of having to go to doubles, which would be sacrilegious for an event of this calibre.

Anyway, even if the shoot-off did become drawn out, by scheduling it for Saturday, you always have the option of calling a halt when the light fails, and coming back early on Sunday morning to finish it off. The only other event that could involve a long shoot-off and where you would not want to have to go to Doubles at any cost, would be the State Handicap, and so the obvious timeslot for it would be Friday afternoon. Here again you could shoot until dark with the option of coming back early on Saturday morning to finish up if necessary.

So now your format would be the 20 Gauge on Friday morning (or another support event if you don't wish to include Small Gauge Shooting in your program yet). This would be followed by the Handicap in the afternoon and the Singles on Saturday, both with guaranteed shoot-off plans. The feature support event would be Sunday morning and the Doubles would finalise the program on Sunday afternoon, giving you a 250 target High Gun.

This also gives you several good options for the Postal Team and a degree of flexibility. You could qualify them over the 150 of the Handicap and Singles, which is all you get with a two-day program anyway. Then you would program the Postal Shoot for Saturday evening, but add that this was dependent upon time and weather. Thus if the Singles finishes up early and the weather is nice, you shoot on Saturday evening. However, if you run late or the weather is nasty, you reschedule for 8.00am Sunday morning, or possibly even shoot it in conjunction with Sunday's support event, as South Australia do.

Another advantage of this system is that it suits the occasional shooters better. They usually just come out for the Red Ribbon event on Saturday and generally can't make the time, or simply aren't interested in Doubles or 20 Gauge or support events. Now maybe they will also come out on Friday afternoon to make both the regular Title events. However, if they shoot well and qualify for the Postal Team, they are able to shoot in it, and still take mum and the kids to grandmas on Sunday. And that could be the impetus they need to attend the whole program next year.

Now to the National Program. There's not much wrong with it except for the Opening Ceremony and Shoulder to Shoulder Team Shoot causing us to get a late start on Thursday. This invariably means shooting into the sun at the end of qualifying and finishing in the dark. Several months ago, I invited suggestions as to how we might overcome this. Several good ideas were forthcoming. The best and most workable was to cut the All States support event on Thursday back to 50 targets, but reducing the program and cutting the High Gun back to 350 was a very bitter pill to swallow.

However, a recent suggestion to add a National Skeet Handicap to the program would avoid a program reduction while automatically providing the much-needed solution. For the reasons explained above, a skeet handicap works best at 50 targets. So if such an event was conducted a day earlier on Wednesday, after the Opening Ceremony and the Shoulder to Shoulder Team Shoot, all our problems would be solved and the program

would be expanded and improved, rather than having to be condensed to attain a solution.

A recent Committee Meeting of the ASSA voted unanimously to forward a submission to the ACTA along those lines. I'm sure the Championships Committee will not only view it favourably, but will also ratify our suggestion for a perpetual trophy. Jenny Burt has already been approached and has given her blessing, and I'm sure that between the Tamworth Gun Club, the ASSA and the many friends of the Burt family, a suitable memento will not be hard to arrange. So no matter what grade you shoot in, your ambition at this year's Skeet Nationals should be to make your name the first one engraved on the Col Burt Memorial National Skeet Handicap trophy.

This month's Shooting Trivia Question: Who is the most recent shooter to complete the double of both an Australian and a New Zealand National Skeet Championship? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 25-05-00. The first correct answer drawn shall receive a free entry to this year's National Skeet Doubles Championship. The correct answer to March's STQ was: The one event at each year's Trap Nationals, where I usually call a dozen or more people to one field for the overall shoot-off, and allow them to all shoot together to finality, just like a Skeet shoot-off is obviously the Deauville Doubles. The first correct answer drawn was submitted by Andrew Brady from Glengarry in Victoria, who will have already enjoyed a free entry to the National Double Rise by the time you read this. Congratulations Andrew. If anyone has a good trivia question or an interesting subject for discussion in this column, please forward it to me at the above address.

Hope to see you at the Vic or SA Skeet Carnival

### Reg Franks

It is with regret that the Mallala Gun Club informs you of the sad passing of Reg Franks on 28th February 2000, age 78 years.

Reg was a great supporter of the Mallala Gun Club and held many positions over the years, being a patron sine 1967 and an auditor sine 1970, until his death.

He was Vice President and then President until 1988 and was made a life member of the club in this time.

Reg really enjoyed shooting and won many club shoots and championships over the years and had a keen eye for a good gun.

He will be greatly missed by the club both for his generosity in donations to the club and his friendly personality towards its members.

Our deepest sympathy to his wife Barbara and family.

## Australia Cup Results

The Australia Cup which was held during the third week of January, 2000 at the Sydney International Shooting Centre. This involved the Australian ISSF Shooting Team and the Olympic Shadow Team and was being used as one of the elimination events for the Olympic Team selection.

There was a Junior ISSF Training Camp held in conjunction with this competition and the overall winners of the Australia Cup events were as follows:

ISSF Trap - Glen Kable

ISSF Women's Trap - Diane Reeves

ISSF Skeet - David Cunningham

ISSF Women's Skeet - Natasha Lonsdale

ISSF Double Trap - Russell Mark

ISSF Women's Double Trap - Deserie Wakefield Baynes

At this competition we also had some shooters from the Netherlands who had come out to gain some experience over the Olympic grounds. We also had 2 Clay Target Coaches in attendance - Luca Scribani-Rossi and Greg Chan.

Dear Sir

It would appear that my now infamous January letter has been misunderstood and or taken out of context.

I read in the March edition of Cuzzo's Ramblings, Adrians response to the said letter, and unfortunately he does not quote things quite as they were written.

Adrian states that my criticisms were that he unfairly forces people to shoot doubles and that I criticized Mr Andy Sanders' dual roles as Office Manager and Tournament Director.

In fact, what I wrote was, that people felt intimidated and embarrassed. (Not forced) and agreed to shoot doubles so that they would not seem to be complaining.

As far as Andy Sanders is concerned, I stated that a "blind eye" seemed to have been turned to a particular squadding situation.

I have known Andy casually for a number of years now, and have never thought that he has done anything other than a great job.

To the people that rang or have otherwise spoken to me, I say, have your say in "Your Say".

Dear Sir

There is no doubt about workers around clubs, the normal scene is about five or six people doing most of the administration and work to put on and run shoots. From Tamworth Club we have had a great input from members and lay claim to an Australian Record.

On Sunday 6 February a time was set to unload the clay shipment from the "clay truck" into the skeet houses and container. Now our skeet houses have internal ladders which makes the task a little harder, however fourteen (14) people were present and in a span of 35 minutes 12,000 clays were unloaded into the skeet houses and container.

Can any Club beat that?

*Regards*

Dear Editor,

I am writing in regards to a few articles which have been published in some of the previous editions of the CTSN, in which there have been letters sent in discussing some of the views of certain people regarding some of the newer style DTL clay target throwing machines. I feel that seeing how many people have aired their views, I would like to air mine.

I believe that there is one trap in particular in which the mechanics of the trap and the general operation of is nothing short of brilliant, with a few breakdowns and even fewer targets broken by the traps. However in saying this I must also say that at the present, what comes out of the trap houses which have these machines is not up to par with the more simplistic traps which are used. Whilst these more conventional traps are not as high-tech, and some may say durable as the new ones, they are however much more simplistic in their mechanics therefore easier to fix and probably less temperamental.

I do not imply that these newer traps are not shootable, but I believe

that they are less shootable (harder to shoot), though on a real good sunny and calm day any trap can produce good scores. The main thing that I believe which causes the shooters trouble is the fact that the targets thrown off the newer machine show less of a face than what we shooters are used to shooting at (razor edge targets). These targets thrown are then more susceptible to the wind, which means there will be less consistency in the targets.

One must however remember that no trap to date can cope with really strong wind but the older style traps seem to throw better in the wind because there is more face and more spin. The targets thrown out of an older style trap will generally take a higher or lower path (usually a higher path) depending on wind direction, but will dance less and will still show face. Targets thrown out of the newer traps will dance and do basically everything and anything, so the shooter has less chance to adjust to the conditions. I must also agree with what Adrian Cousens said about how targets should not vary in normal wind or at least not noticeably much, but the fact is that a razor edge target will and nobody can argue with that.

I will agree that the traps do not seem to show bias in angles thrown (although I would like to see these tests carried out) and that the fact that these traps do not continuously oscillate means that shooters cannot read the traps and gain an advantage, but really is it not fairer that a shooter's call decide where he is to receive his target or is it fairer that a machine decides? I would be very surprised if it is any more than a tiny percentage of shooters who do not try to read the traps and these shooters will bring themselves undone, so I believe that a trap that does not oscillate is not a good selling point.

May I add to this whole equation that the newer style traps do not have any room for adjustments when it comes to the throwing of Continental targets. I would really be interested to see just what height these traps throw the low birds, I think the outcome of a test would prove very interesting.

Before I conclude this letter, some of the previous letters published in the April edition criticised earlier letters written for having any proof of things that they had stated. Whilst these same people did not show any proof of the things they had stated. All I can say is that the proof is in the pudding as I found out when I recently attended a State Trap shoot at Wagga where Officials were scratching their heads as to why the scores were so low, (and they were low), just compare them to previous shoots like Guyra and especially Cecil Park (or shoots from the last 5 years for that matter) where these were less shooters but much higher scores shot. We cannot blame the weather either because whilst it was very boggy and wet, it only rained lightly on one of the events which was the single barrel, and for the three days it was not windy, a light wind at most. With more than 250 of the finest shooters in NSW and Victoria, the Shoulder to Shoulder Zone Teams Event was a disaster with shooters missing targets left, right and centre in perfect conditions, only 2 possibles in the handicap, 1 in the Single Barrel, a measly 20 in the Double Barrel, and 4 in the Points, which isn't too bad I guess (Perfect weather conditions). Victoria equaled and bettered these scores in very windy conditions. All I can say is that the Nationals will be very interesting.

In conclusion I would just like to say that I believe that if the manufacturers of these machines should swallow their pride and make a few minor adjustments to the machines, these machines then could become the best innovation to happen in trap shooting for along time. But if they don't do something and if this is the way of the future we just have made a difficult sport, more difficult and that it will take some time before shooters get used to shooting these types of targets (if ever). I believe that more than ever the weather will govern the quality of scores now shot. Who was it that said the simple things in life are often the best?

Good shooting to you all

*Kind Regards*  
**Chett Auditore**

## PLEASE NOTE CHANGES OF DATES

Newcastle Lake Macquarie Clay Target Club would like to  
advise of the following changes to events advertised  
in the Blue Book.

The June Novelty Field Shoot will now be held on 17th and  
18th of June and will be 100 tgts per day Novelty Field.  
The 12th and 13th August were previously advertised as  
Novelty Field, but those dates are now allocated for The  
SSAA 5 Stand Nationals which will be hosted by our club.

# ISSF JUNIOR TRAINING SQUAD'S TRIP TO NEW ZEALAND NATIONALS

The Junior ISSF Training squad, on the 20th February, travelled to New Zealand to compete in the North Island ISSF Championship and the New Zealand ISSF National Championships that were held at the Waikato Gun Club at Hamilton. The team consisted of Angelique Psarakis, Sophia Psarakis, Robert Cameron, Michael Faber, Murray McAllister, Josh Lawrence (all of New South Wales) and Jarrod Fletcher, Dustin Barry, Daniel White, Sam Price (of Victoria) with Bill

smooth and enjoyable flight over and met at the Auckland airport where all guns, licenses and documentation (which had been pre-organised with the New Zealand Police) was quickly cleared through customs, having being arranged on one licence, the Team Managers, saving some \$225.00.

We were met at the airport by the hire company that was supplying us with a 12 seater bus and it was then off to Hamilton, an hour and a half drive. For many of these Juniors it was their first time away

and all were excited about the week that lay ahead of them. Our accommodation in Hamilton was at the Alcomotel where we have stayed on previous trips, the apartments housing lounges, kitchens, dinettes, bathrooms, spas and bedrooms that were upstairs. Following some 'take away' food, we all retired to our rooms and this ended our first day.

The following morning we were all up early and went out to the Gun Club for a practice, organised our cartridges and the Juniors familiarised themselves with the grounds. The Waikato Gun Club has 2 Trap layouts, one fitted with Ibis Traps, whilst the newer is fitted with automatic Rossini Traps. All of our Juniors were

having the chance to shoot both Trap and Double Trap. This same day Monday 21st February, was also the actual start of the Championships and the weather which was fine and warm luckily lasted throughout the week. It was very pleasant.

At the completion of the North Island Double Trap Championship we had our first taste of winning, with Robert Cameron having being placed 3rd among the Juniors and Sophia Psarakis taking 3rd in the Women's section. The scores that were shot were not of a very high standard with the Overall Tony Truss shooting 128 + 43 and top Women's score 91 + 33 being shot by Nadine Stanton.

Tuesday saw the New Zealand National Double Trap Championship being shot and Bill took the bus load of Juniors out to the shooting ground while I hired a small car and raced back to Auckland to pick up Angelique Psarakis, who had just flown in.

By the time I got back from Auckland and out to the Gun Club the final stages of the competition were under way and there was again great excitement amongst our Juniors for so many of them were shooting so well, with Robert Cameron in the Open Final in 2nd place. Robert eventually took 1st place in B Grade with a score of 127 + 43 in the Final, Dustin Barry took 2nd place in the Junior Section a 121 + 34. Robert Cameron taking 3rd in the Juniors with his score of 127 + 34 and Sophia Psarakis taking 2nd in the Women's section after shooting a Personal Best of 93 + 31. All of our Juniors shot Personal Best scores and we couldn't have asked more of them. It was then off back to the Motel, the Juniors choosing 'take away' while we had a look around Hamilton.

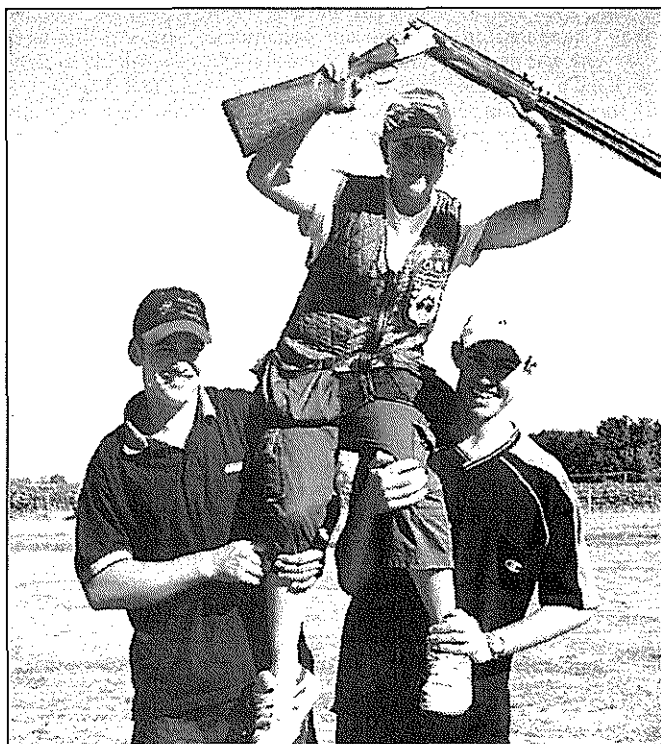

Wednesday, 23rd February, saw the start of the North Island Trap Championship being contested and at the end of the first day Sophia Psarakis came in 4th position in the Women's section, with Angelique Psarakis still getting used to the grounds missed out on the Women's Final. Most of the boys shooting well and were eager for the next day of competition when the Final would be shot.

As this was to be a relatively short day at the shooting ground, finishing around 3 to 3.30 pm, I had organised to take the entire Team on a fishing trip to a place called Coramandel which was away to the

Isles as Team Coach and Graham Michell as Team manager. The NSW group - minus Angelique left from Sydney airport and flew direct to Auckland and the Victorian group, plus Coach and Manager followed an hour later, flying out from Melbourne. Both groups had a

north of us, out on to a mussel farm where it was reported that some exciting snapper fishing was to be had. Ron Shaw, Victor's father, elected to be our guide to get us there in the shortest possible time although it ended up being a 2 hour drive along a road that mostly followed the coast but I must say it was some of the prettiest scenery you could see anywhere in the World.

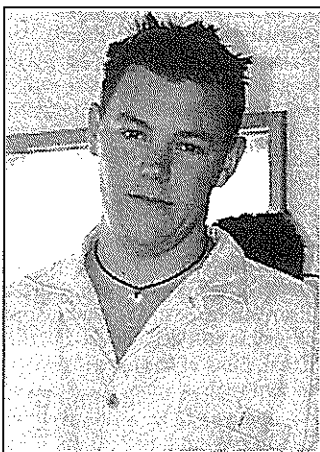

We arrived at Coramandel and found our fishing barge which was converted mussel barge, quite big, very safe and ideal for fishing. We were soon heading out to sea to the mussel farms where we were to actually fish inside the buoys that were holding all of the mussel ropes up. All of our fishing rods, bait etc was supplied in the price, plus tuition on fishing and baiting and we were all soon pulling in something. Most of the fish were undersized as all of the lines had only one hook, and the smaller fish were taking the bait before our lines had time to reach the bottom where the bigger fish were. But it was great fun.

Bill Iles, being an ex fisherman, helped Angelique and she soon pulled in the largest of the fish caught, many of which were cleaned and smoked by the barge owner, and within a half an hour everyone was eating freshly barbecued fish and mussels. What a treat. I believe that everyone caught at least 6 or 7 fish, many having to be thrown back, but yes, I have a photo of Sam Price, alias 'Rex', giving a fish a kiss before he threw it back.

By 9.30 pm, we were back at the pier after our great fishing trip, with a bag of fish and quite a large bag of fresh mussels to take with us.

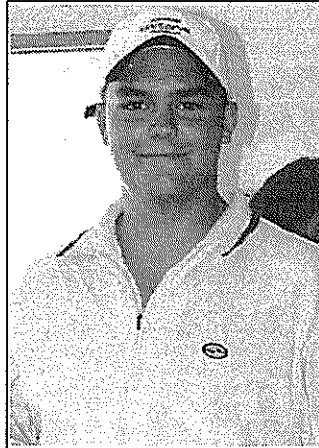

**Robert Cameron.**

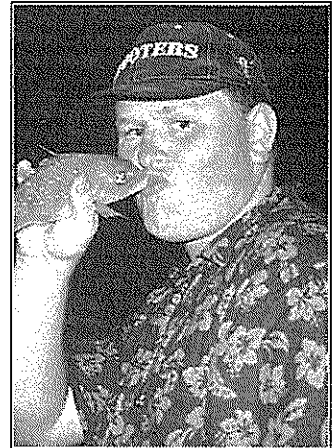

**Michael Faber.**

Ron Shaw took the fish home and filleted them for us and both the fish and the mussels were cooked by the lovely ladies in the canteen back at the Gun Club for our lunch the next day. It didn't take my bus load of weary fisher-people long to nod off to sleep on the return journey to Hamilton - surprising what a bit of fresh sea air will do! We arrived back at the Motel around 11pm.

Thursday, 24th February - the last 50 target of the North Island Trap Championship plus the Final was to be shot. All of the boys were eager to get started as the conditions for shooting were very good and by starting at 10 am the targets were easily seen. At the completion of the event we had Michael Faber winning the Junior section with a score of 113/125, Josh Lawrence having to shoot off with Ian McLeod (NZ) after shooting 110/125, and we saw Josh ending up in 3rd place.

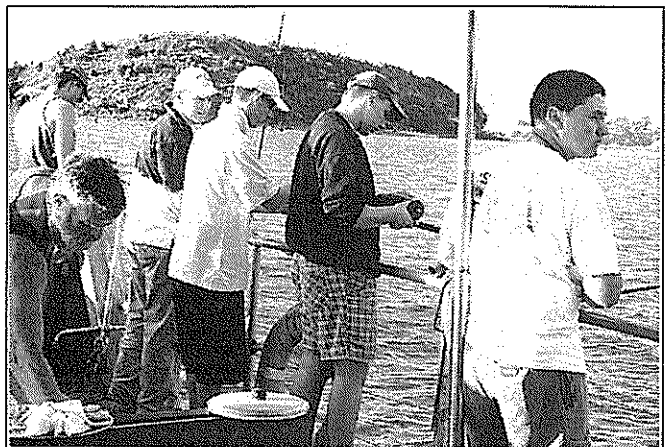

**Josh Lawrence.**

**Sam "Rex" Price.**

Michael Faber took out B grade, Josh Lawrence took 2nd in B grade and Robert Cameron took 3rd place in B grade. A great achievement. The overall winner was Victor Shaw (NZ) who shot 116/125+23+3. Tom Turner who had come across from Australian to shoot at the Championships came 3rd overall after having shot a 113/125. After presentations were over a very cheerful bunch headed back to the motel.

Friday, 25th February saw the start of the New Zealand National Trap Championship and after our performance earlier in the week everyone was eager to continue for most of them continuing to shoot personal bests as they went through the competition and this was due in part of the continual coaching that Bill was giving them each day. At the end of the day we had the Women's Final with Angelique going in as the clear leader on 66/75. She then shot a 22 in the Final making her the New Zealand Women's National Trap Champion for the 2nd year in a row, beating the New Zealand women who will be representing their country at the Olympic Games. Meanwhile, Sophia

Psarakis finished in 3rd place and this was also an excellent performance for Sophia had originally gone over as a Double Trap shooter. Both of these girls have a bright future. Angelique was however not too sure when the boys hoisted her up above their shoulders following her win - as can be seen in the photograph.

Saturday morning we had to be up early to pack our bags before going to the shooting range and we left all of our luggage locked in one room at the motel.

At the end of the day Robert Cameron took 3rd placing in the Junior section and this ended our very successful trip to the New Zealand ISSF Nationals.

It had been a long week for the Juniors and I think they were all starting to feel tired from so much shooting. Both Bill and I were very impressed with their behavior, their willingness to learn, their friendship for each other and their ability to get along together - in fact they were great ambassadors for Australian shooting.

I would like to thank the New Zealand shooters for the friendship shown to us yet again, to Steve Webb for all of his help and for letting me fly the Australian flag each day and to the members of the Waikato Gun Club.

I would also like to give a personal thank you to Flocchi - New Zealand for looking after the entire Team with excellent cartridge which were used for the whole competition and on behalf of the Juniors, the ACTA and myself, I would like to sincerely thank Bill Iles for the magnificent job that he did as coach - we would be hard pressed to find a better coach, especially for the Juniors, anywhere in the world and I would like to thank him for being a great rooming partner for we had many a lengthy discussion after dinner art night and I must say that I learned a great deal about shooting. Bill must be commended for his efforts, for he gave of his time and knowledge, free of charge, to the Junior programme. Many thanks Bill!

I would also like to thank the Shooting Committee, Bill Jones and the Finance Committee and the ACTA for supporting these programmes and yes, contrary to many peoples belief that our Junior numbers are diminishing, having seen the response to our two Junior camps and the inquiries that we have been receiving, there are many Juniors out there, and with the right help and coaching these young shooters of Australia have the world at their feet.

# Illawarra Gun Club

The Illawarra Gun Club recently held their Annual Summer Shoot incorporating the 'Ern Webb 1000' on the 6th February. With conditions overcast and a slight Illawarra breeze, 75 shooters turned out for the Annual Event.

**Overall High Gun winner  
Robert Dale.**

The first event held was a 25 target double barrel cash divide which saw N Quince, J Dematos, K Perkins, J Crompton, R Haug, R Dale, G Kable, P Farrugia, P Spiropoulos and G Rootes all pocketing a nice sum of cash for their efforts.

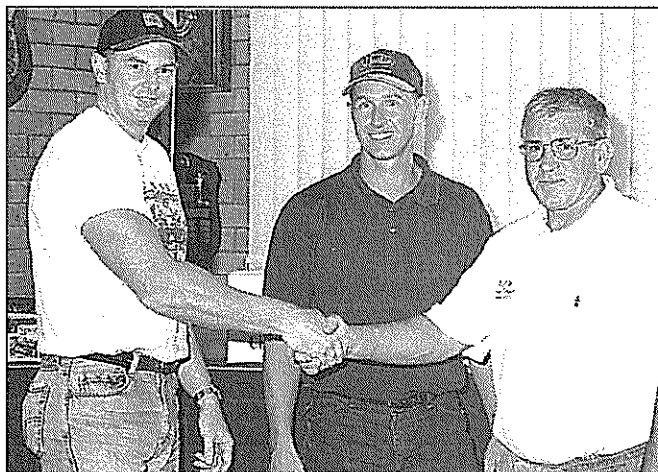

The second event, a 25 target point score then got underway and after a lengthy shoot off, Glen Kable showed us some nice single barrel shooting to take overall with a score of 156/156 over Gary Rootes who posted a 155/156 to take 1st in AA grade. 2nd in AA grade went to Kim Chiaverini with a good score of 125/126.

1st A grade - D Perri 75/75, 2nd A grade W Higginbotham 84/87. 1st B grade - C Briotelis 86/90, 2nd B grade R Haggart 83/90. C

grade 1st - H Hugo 66/75, 2nd C grade S Cassar 64/75.

With great support and sponsorship from Bob and Brad Webb of Ern Webb's Sports, Wollongong, the 3rd Event 'Ern Webb 1000' got underway. With some very talented competitors lining up for the event it would be a tough one to win. After 50 targets of double barrel shooting quite a few possibles were posted. Illawarra's hard core I.S.U. Trench shooter Kevin Perkins showed us the way to shoot DTL and scored 142/142 to take Overall in the event. Charlie Sherry scored 141/142 to take 1st AA grade with Frank Bradwell 118/119 doing his best for second.

1st A grade - T Czinker 63/64, 2nd A grade G Kennerson 53/54. 1st B grade - J Salvaggio 49/50, 2nd B grade G Dowling. 1st C grade -

**25 target Pointscore, overall winner Glen Kable.**

**50 target Double barrel "Ern Webb 1000", Overall winner Kevin Perkins with Fred Rapley and Brad Webb.**

**President Fred Rapley with Marianne Saliba, Member for Illawarra.**

J Maxwell 50/53, 2nd C grade - B Kelly 49/53.

A very consistent day of shooting by Glen Kable and Robert Dale saw both shooters "clean scored" for the day. A very short shoot-off followed with Robert Dale taking the Overall High Gun Trophy and a fine score of 158/158. Subject to an invitation from the Club, we were very fortunate to have our local member of parliament, Marianne Saliba join us for the presentation, wherein she was enthusiastic in praises for the club's organisation of the shoot, the encouragement of ladies and junior participants and the safety of the sport which she had not witnessed previously.

The Committee wishes to sincerely thank the shoot sponsor Ern Webb's Sports, Jean and Mary who did a great job in the office, and all committee and members who helped leading up to and on the shoot day.

**Brad Webb.**
