DT10 TRIDENT, S682 GOLD E BORN TO WIN

DT10 TRIDENT SUPERPROFESSIONALS

Traditional cross bolt locking system.

Drop out trigger (spare trigger available on request).

Characteristics, dimensions, weight, balance, point of impact ... Everything in the new competition over & under Beretta DT10 Trident, has been studied, with the maximum professionalism, to satisfy the technical requirements of the target discipline that it has been designed for.

Manufactured with the utmost care, the DT10 Trident shotguns are unbeatable in performance, safety and ergonomics. They are extremely reliable, long lasting, handsome and functional. Some models feature standard or, on request, an adjustable Memory System stock.

S682 GOLD E EVOLUTION ACTUALLYREVOLUTION

After years and years of success on the Clay Target Shooting scene around the world, the Beretta S682 Gold E competition shotgun is the focus of modern restyling and several project refinements that gives this shotgun an even more appealing look and competitive performance.

Like the DT10 Trident, the S682 Gold E also features details that make the difference: the barrels with the new internal profile Optima-Bore®, the progressive thin chokes Optima-Choke® and the adjustable Memory System stock.

New external chokes Optima-Choke®

Memory System adjustable stock with "carbon reinforced" support.

Suede shooting vest.

To receive the new Beretta Catalogue, mail your request with your name and address to: Beretta Australia Pty Ltd, PO Box 4258, Dandenong South, VIC, 3164 quoting the following code 01/CTSN 1 and enclosing \$3.00 money order or cheque for postage and handling contribution.

National President's Notes

John H Byrnes

AUSTRALIAN SPORTS MEDALS

During 2000 the Commonwealth Government announced that it was awarding a specially struck Australian Sports Medal. This medal was for those considered to be icons in their particular sport. They must have been outstanding competitors over a long period of time or contributed to the sports administration in a significant way for many years.

The medals allocated to the association were divided on a pro rata basis for each state according to the number of registered shooters. The first of the medals received were the ones nominated from Victoria. I recently had the privilege of attending the Victorian State DTL Carnival to present these seven medals.

Congratulations to the recipients,

Mr Glen Woodhatch

Mr Bill Iles

Mr Ian Hill

Mr Jon Whittakers

Mr Lawrie Connors

Mr Bob Buchan

Mr Russell Mark

Each of you over many years has significantly contributed to the Clay Target shooting. Your impact has assisted our sport and influenced many. Thank you for what you have done and I am sure all members join with me in congratulating you on this honour.

We hope the medals for the other states will shortly be available and we look forward to honouring other worth recipients.

NATIONAL SKEET CARNIVAL

Recently we completed the National Skeet championships at the Wagga National grounds. The scores shot in several events were very good and I congratulate all winners.

The Glenn Cup Skeet match saw Australia 246/250 narrowly defeat New Zealand 244/250. The standard of shooting in the late afternoon light was fantastic and I congratulate both teams on their effort. Full details of all winners will be printed in the National Skeet report.

VICTORIAN DTL CARNIVAL AT ECHUCA

It was good to see 246 competitors at the Victorian DTL carnival. The poor light and wet conditions did not adversely effect most competitors. The scores shot in several events were outstanding. It was good to see that the rivalry between Victoria and NSW shooters is still as strong as it ever was.

2001 NATIONAL DTL CARNIVAL AT WAGGA

The executive and sub committees have made concerted effort to improve the carnival for 2001. The format of events, presentations and organisations has been reviewed to ensure a successful carnival for 2001. The dates for the Pre Nationals are March 31st to April 2nd, and the Nationals from April 3rd to 8th. Over the next month or 2 you will get more detail on how the Nationals will be structured.

STATE CARNIVALS

In late January and early February you will have the opportunity to attend the Tasmanian State carnival followed by the carnival in South Australia. An effort was made to ensure that they did not clash as occurred this year. I hope to see many of you there.

NOTICE TO ALL CLUBS

Registrations for the 2001 membership year will not be able to be processed until the ACTA has received the club affiliation fees (as per newsletter)

ACTA OFFICE

2000 Olympic

The Brisbane Gun Club played host to the 2000 Olympic Discipline National Championships. Mr. Tom Medows, President of the Brisbane Gun Club and his helpers made everyone feel at home. The kitchen, run by Dot Trindall, supplied the shooters with a fully cooked breakfast and lunches at a reasonable price.

Unfortunately, again this year all 100tgt events to be conducted over one day were cut to 75tgt's. This will be addressed for next years carnival.

ACTA OLYMPIC TRAP CHAMPIONSHIP

Continuing on from his success at the World Championships, Michael Diamond was the top qualifier for the final with a perfect score of 75/75. Nathan Cassells and Adam Vella were the next qualifiers from Lee Wung Yew, Tom Turner and Ben Kelley.

Michael shot a further 24/25 giving a final score of 99/100 to take overall from Nathan Cassells 98/100 second with Lee Wung Yew 96/100 in third place.

AA Grade winner was Adam Vella 73/75; A Grade winner was Ben Radford 79/84; B Grade winner was Frank Ruffo 67/77; and C Grade winner was Murray McAllister 64/75.

Ben Radford was successful in the Junior section with a score of 94/100 from Andrew Brady 92/100 second with Rocky Manno in third place on a score of 89/100.

The Women's section was won by visiting Japan shooter Keiko Suzu with a score of 89/100. After a brief shootoff Nessa Jenkins claimed second place with 87/101 from Diane Reeves with a score of 86/101.

COMMONWEALTH OLYMPIC TRAP CHAMPIONSHIP

There were 103 competitors who nominated for this event. Michael Diamond was again the top qualifier into the final with a score of 123/125. Nidal Asmar, Ben Kelley, Russell Mark, Nathan Cassells and Graham Blaskett were also in the final.

A perfect score of 25/25 in the final secured the Commonwealth Olympic Trap Championships for Michael with a final event score of 148/150. Second place went to Nidal Asmar on a score of 145/150 and in third place Ben Kelley on a score of 143/150.

AA Grade winner was Russell Mark 118/125; A Grade winner was Graham Blaskett 118/125; B Grade winner was Dustin Barry 114/125; and C Grade winner was Bill Shelton 100/125.

A score of 114 plus 24 was sufficient for Dustin Barry to claim victory in the Junior section. In second place was Michael Faber 112 plus 22 and third place went

Discipline Nationals

to Alan Kidd from New Zealand with a score of 110 plus 24.

In the Women's Commonwealth Olympic Trap Championship Diane Reeves from Normanton was successful with a score of 89/100. Second place went to Rebecca Attard 88/100 with Suzanne Balogh in third place on a score of 86/100.

NATIONAL OLYMPIC TRAP CHAMPIONSHIP

Top qualifier from a field of 102 was Nathan Cassells 123/125. Michael Diamond and Glenn Hayden both 122/125, Adam Vella 120/125 along with Russell Mark and Ben Kelley both on 119/125 made up the six finalists.

Nathan Cassells, Maryborough shot 25 in the final to take the 2000 National Olympic Trap Championship with a score of 148/150. The Silver medal went to Michael Diamond on a score of 147/150 with the Bronze medal being won by Glenn Hayden on a score of 145/150.

AA Grade winner was Adam Vella 120/125; A Grade winner was Daniel Power 117/125; B Grade winner was Frank Speranza 116/125; and C Grade winner was Murray McAllister 113/125.

Ben Radford also won his second Junior event with a score of 116 plus 25 from Steve Calleja 114 plus 24 and in third place was Sam Price with a score of 113 plus 24.

WOMEN'S NATIONAL OLYMPIC TRAP CHAMPIONSHIP

Nessa Jenkins 69/75 was the top qualifier into the final from Diane Reeves 62/75, Leanne Smith and Rebecca Attard both 61/75 with Keiko Suzu and Suzanne Balogh both 59/75.

Nessa Jenkins from Maryborough won the event with a score of 93/100 from Leanne Smith of Lower North 86/100 and Diane Reeves of Normanton 85/100.

TRAP HIGH GUNS

The Open Olympic Trap High Gun winner with a score of 320/325 was Michael Diamond from Sydney.

The Junior Olympic Trap High Gun Winner with a score of 295/325 was Ben Radford from Broken Hill.

The Women Olympic Trap High Gun Winner with a score of 197/225 was Diane Reeves from Normanton.

Art Goodman Trophy winner with a score of 293/325 was Lee Wung Yew from Singapore.

ACTA ISSF SKEET CHAMPIONSHIP

Top qualifier from a field of 23 was Clive Barton with a score of 73/75. George Barton 72/75, David Cunningham 71/75, Barty Brighenti and Goran Rahman both 70/75 and Paul Rahman 69/75 made up the six finalists.

Clive held off a strong challenge in the final to be the outright winner with a final score of 97/100. A three way shootoff was needed to determine second and third place with second place finally being awarded to David Cunningham on a score of 95/100 plus 10 and third

place going to Barty Brighenti with a score of 95/100 plus 9.

AA Grade winner was George Barton 72/75; A Grade winner was Goran Rahman 70/75; B Grade winner was Adrian Calvi 61/75; and C Grade winner was Glenn Reeves 46/75.

Paul Rahman was successful in the Junior section with a score of 69/75 from New Zealander Daniel Payne 63/75 with Adrian Calvi in third place on a score of 61/75.

The Women's section was won by Cherie Reeves on a score of 64/75 from Natasha Lonsdale 62/75.

COMMONWEALTH ISSF SKEET CHAMPIONSHIP

A total of 23 competitors entered this event. Top qualifier into the final was David Cunningham with a score of 121/125. George Barton 120/125, Clive Barton 119/125, Neil Rundle 118/125, Paul Rahman 114/125 and Goran Rahman 113/125 completed the six finalists.

In the final David Cunningham shot 23/25 to win the Commonwealth title with a final score of 144/150. After the final the two brothers from Tamworth, Clive and George Barton were both tied on 143 necessitating a shootoff. After the shootoff younger brother George claimed second place with a score of 143/150 plus 9 while Clive had to settle with third place.

AA Grade winner was Michael Inguanti 110/125; A Grade winner was Neil Rundle 118/125; B Grade winner was Adrian Calvi 111/125; and C Grade winner was Glenn Reeves 86/125.

The Junior section was won by Paul Rahman 114/125 from Adrian Calvi 111/125 with Daniel Payne in third place on a score of 110/125.

In the Women's Commonwealth ISSF Skeet Championship Natasha Lonsdale from Werribee Victorian was successful with a score of 70/75. Second place went to Cherie Reeves 63/75 with Natalia Rahman in third place on a score of 62/75.

NATIONAL ISSF SKEET CHAMPIONSHIP

26 competitors lined up for the 2000 National ISSF Skeet Championship.

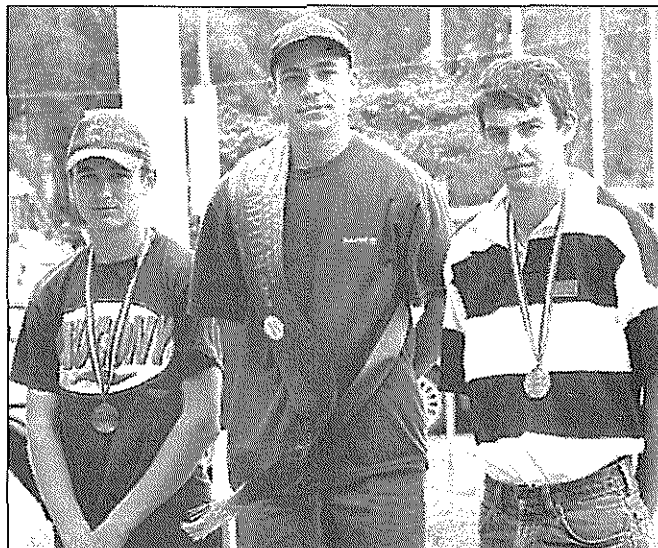

After 125tgs the final six consisted of Clive Barton 123/125, David Cunningham 120/125, George Barton 119/125, Barty Brighenti 114/125, Neil Rundle 113/125 and Goran Rahman 112/125.

With a 21/25 in the final, Clive Barton of Tamworth was successful in winning the National Title with a score of 144/150. Brother George 142/150 also from Tamworth won Silver with the Bronze going to David Cunningham 141/150.

AA Grade was won by Michael Inguanti 93/125; A Grade was won by Barty Brighenti 114/125; B Grade was won by Adrian Calvi 110/125; and C Grade was won by Rod Nicholson 90/125.

Adrian Calvi was successful in the Junior section with a score of 130/150 from Paul Rahman 129/150 second with Daniel Payne in third place on a score of 124/150.

WOMEN'S NATIONAL ISSF SKEET CHAMPIONSHIP

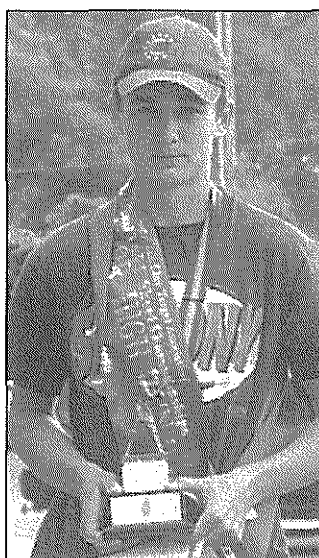

Natasha Lonsdale 69/75 was the top qualifier into the final from Cherie Reeves 64/75 and Natalia Rahman 63/75.

Natasha Lonsdale of Werribee Victorian won the event with a score of 94/100 from Cherie Reeves of Normanton 86/100 and Natalia Rahman of Frankston Australian 81/100.

ISSF SKEET HIGH GUNS

The Open ISSF Skeet High Gun winner with a score of 315/325 was Clive Barton from Tamworth.

The Junior ISSF Skeet High Gun winner with a score of 290/325 was Paul Rahman from Frankston Australian.

The Women's ISSF High Gun winner with a score of 201/225 was Natasha Lonsdale from Werribee Victorian.

ACTA DOUBLE TRAP CHAMPIONSHIP

There were 41 competitors who nominated for this event with Michael Diamond and Nathan Cassells equal top qualifiers on a score of 137/150. Steve Haberman and Brett Dunstan both equal on 136/150, Russell Mark 134/150 and Lee Wung Yew 133/150 completing the six qualifiers for this event.

Michael Diamond continued his good form in the final to shoot 43/50 to take out this event with a score of 180/200. After a shootoff Nathan Cassells took second place with a score of

175/200 plus 8 from Russell Mark in third place on plus 6.

AA Grade winner was Steve Haberman 136/150; A Grade winner was Lee Wung Yew 133/150; B Grade winner was Dustan Barry 114/150; and C Grade winner was Bob McNamara 98/150.

Rocky Manno was successful in the Junior section with a score of 171/200 from Dustan Barry 151/200 second with Jarrod Fletcher in third place on a score of 144/200.

The Women's section was won by Deserie Baynes with a score of 138/160 from Suzanne Balogh in second place on a score of 136/160. In third place was Diane Reeves on a score of 125/160.

State Womens Double Trap Shoulder to Shoulder teams was won by Diane Reeves, Cherie Reeves and Maria Bosworth representing Queensland with a score of 245/360.

THANKYOU

The Australian Clay Target Association would sincerely like to thank Bertetta Australia for their sponsorship of the High Guns. A very special thankyou to Peter and Barbara Quire for there continued sponsoring of the Trap and Skeet High Guns and supply of such lovely trophies. Thankyou to both, it is very much appreciated by all.

To all other sash and event sponsors a very big thankyou. Your assistance is appreciated by the ACTA.

Thankyou to Jenny Burt for her assistance in running the office and a special thankyou to Dexter Barnes for acting as the Chief Range Officer for this event. After a light shower of rain one-day Dexter came flying into the office and used the dryer we were using to dry the squad sheets. After blow-drying his hair Dexter was heard to say, "How does my hair look" before going back into the fray. Grooming is everything. Thanks for your efforts Dexter.

CHAMP AT WANGARATTA

Wangaratta Clay Target Club members and visiting shooters witnessed a very high standard of shooting when conducting the final shoot of for the Junior, Ladies and Open Champion of Champions at their November completion. All groups were required to shoot at two targets of each discipline conducted throughout the year.

Open finalists were - Reese Ehlers, Daryl Hunt, Steve Coulston, Leigh Barry, Ken Maurey, Brad Henshall and David Jackel Jnr.

At the completion of two rounds Daryl Hunt scored 30/30 and was declared the winner over Ken Maurey.

The junior finalists were - Jarna Winters, Angus Ferguson, David Jackel, Leigh Barry, Steven Boag, Jake Hoffman, Michael Vander-gulik. David Jackel has a convincing win with a score 10/10.

The club's inaugural Ladies champion of Champions finalists were - Michelle Felmingham, Ann Ferguson, Joanne Ford, Jarna Winters and Kylie Stott. Michelle was victorious with a score 10/10. Congratulations to all finalists, and particularly to Michelle, David and Daryl

ACTA Rule Changes effective Jan 01, 2001

The following rule changes will apply from Jan 01, 2001. These changes have been made to: (i) align ACTA Skeet Rules with NSSA Skeet Rules, (ii) correct several typographical errors in the current Rulebook and (iii) include the necessary authorisation to allow the use of "phonopull" equipment in all ACTA shooting. All rules that have been altered or added for 2001 are listed below, with the changes shown in bold italics for easy reference. For an abbreviated summary of these changes, please refer to page 19 of the September 2000 issue of the CTSN, where the basis of these proposed changes was aired for public comment.

Mark McInnes
Chairperson ACTA Rules Committee

GUIDELINES FOR REFEREES

1. Read shooters' names from squad sheets and **for Trapshooting** ensure competitors are on correct tracks and marks. **For Skeet shooting ensure competitors are lined up in the correct order beside station one.** For safety reasons ask all shooters to check for obstructions in barrels.

2. The Referee must stand where he has a clear view of targets and competitors. **For Trapshooting**, preferably between lanes 2 and 3, approximately 2 metres behind the competitor's shooting mark. If there is excessive background noise the Referee may move between lanes 2 and 4 in order to hear the competitors call so as to give all competitors equity of competition. **For Skeet shooting the Referee should stand in the positions indicated in the field diagram.**

5. Target to be shown by Referees,

- (a) **For Trapshooting**, one target **shot** not-to-count shall be **offered to each** shooter, for his first target, of a day. **For Skeet shooting, one target from each house shall be offered.**
- (b) When the competitors are all in position the Referee must release a target for the first shooter to look at on his call.
 - (i) At the beginning of all events
 - (ii) After any breakdown or delay
 - (iii) At the commencement of all shoot-offs
 - (iv) On each trap used for a shoot-off
 - (v) After any break for shells etc during a shoot-off
 - (vi) If a competitor receives two broken targets in a row.
- (c) **For Trapshooting**, if it is a six man squad and there is to be 1 target per shooter eye-opener, number 6 shooter must move up to take the first target, but he must still be shown a target on his call before he shoots at his eye-opener target.

6. **The Referee must at all times ensure that the target is released immediately on the competitor's call. Refer Rule 4.11(a).**

9. The Referee is to see that the next shooters gun remains fully open until the result of the previous shot has been called. **He should ensure that the competitor does not call and the target is not released before the result has been called,** refer Rule 1.01e.

SECTION 1

Rule 1.02(d)

For Trapshooting, once reaching his shooting mark a shooter must stand on the station, position himself, load his gun and call for his target within 10 seconds after the shooter preceding him has completed his firing or after the Referee has given the signal to commence firing or to resume firing. Non compliance with the above will draw a warning from the Referee, subsequent occurrences per event will be penalised one target each.

Rule 1.02(e)

For Skeet shooting, it shall be considered a time infringement if a shooter deliberately delays more than 15 seconds for each shot on a station and the referee shall warn him/her once each round without penalty. This rule should be interpreted in conjunction with rule 4.19 (f) which indicates that a squad should complete a round of Skeet in 22 minutes.

Rule 1.03(b)

For Trapshooting the competitor must stand with both feet entirely within the boundary of the shooting station, **except as allowed under section 1.10(e).** **For Skeet the shooter must stand with any part of both feet within the boundaries of the designated shooting station.**

Rule 1.03(f)

For Trapshooting, unless, in the opinion of the referee, it is contrary to the equity of the competition, a competitor taking part in the competition may shoot at pieces of his own target, if he so wishes.

Rule 1.05(a)

A normal skeet squad is composed of five shooters. Any five shooters may designate themselves as a squad. All shooters shall be formed into squads of five shooters each, as nearly as possible. Less than five shooters is permitted for expedience, but more than six should not be squadded for safety reasons, except in shoot-offs, see rule 3.23(a).

Rule 1.05(b)

The officiating Referee **MUST** have the trap adjusted immediately if it is not throwing legal targets. Immediately following such alteration, a target must be thrown and the competition continued. **Unauthorised shooters must not interfere with or attempt to interfere with the setting of the traps. Violation of this rule may be grounds for disqualification from the event.**

Rule 1.05(c)

The competitor whose turn it is to shoot **may** observe a legal target from a traphouse where the trap has been adjusted or repaired, or where **an** illegal target has been released.

Rule 1.05(e)

At the beginning of each round the squad **may** observe **two legal** targets from each house.

Rule 1.05(g)

The referee shall **ensure that the target is released "instantly"** (see rule 4.11a) in response to the competitor's acceptable call. If a shooter fires at what is considered to be an illegal target, **due to the timing of the release**, he must abide by the result.

Rule 1.08(e)

For Trapshooting, in single target shooting, two targets are released at the same time. **However, for Skeet shooting, in singles, if by error or for mechanical reasons doubles are thrown and the shooter shoots and breaks or misses the correct target, it shall be scored as in singles. It shall be the shooter's prerogative to elect to shoot or withhold his shot when doubles are thrown in the calling of singles.**

Rule 1.08(f)

When a competitor shoots out of turn or from the wrong lane. **However, in Skeet shooting, the referee may grant a shooter permission to shoot out of his turn where it is justified in the interests of saving time.**

Rule 1.09 **NO TARGET - DOUBLES / PROOF DOUBLES - SKEET**

(a) If the first target emerges broken, the doubles shall, in all cases, be declared no targets (both) and a proof double shall be

thrown to determine the result of both shots.

(b) If a double is thrown but the targets collide, before the result of the first target is determined, they shall be declared no targets (both) and the result of a proof double shall determine the score of both shots.

(c) If the first target of a double is thrown irregular as to deviate from the prescribed line of flight and is not shot at, a proof double shall determine the score for both shots, whether the second target is fired upon or not. The referee shall be the sole judge of irregularity.

(d) If the first target of a double is thrown irregular as to deviation from the prescribed line of flight, and is shot at, the result shall be scored for the first shot, and if the shooter is deprived of a normal second shot for any of the reasons in 1.09(e), the second target only shall be declared no target and a proof double shall be thrown to determine the result of the second shot.

(e) If the shooter is deprived of a normal second shot for any of the following reasons, the result of the first shot shall be scored, and the second target only shall be declared no target and a proof double shall be fired to determine the result of the second shot.

(i) The second target is thrown broken.

(ii) The second target is thrown irregular as to deviate from the prescribed line of flight and is not shot at.

(iii) The second target is not thrown at all.

(iv) The second target is not thrown simultaneously.

(v) Both targets are broken with the first shot.

(vi) The wrong target is broken with the first shot.

(vii) The first shot is lost and a collision occurs before the result of the second shot is determined.

(viii) The second target collides with fragments of the first target properly broken, before the result of the second shot is determined.

(ix) The result of the first shot is determined, and interference occurs before the second shot is fired.

(f) There shall be no penalty for withholding the first shot when either target of a double is irregular. A proof double shall determine the score of both shots thereafter.

(g) If a double is thrown and an allowable malfunction occurs on the first shot, it shall be declared no target, and the result of a proof double shall determine the score of both shots. If such malfunction is excessive (not allowable) the proof double shall be thrown to determine the result of the second shot only.

(h) In shooting a proof double after the first target (of a double) is lost, if the shooter fires at or breaks the wrong target first, said proof double shall be scored as both targets lost. If in such a proof double after the first target (of a double) is dead, the shooter fires at, or breaks, the wrong target first, it shall be scored as first target dead and second target lost.

Rule 1.09A NO TARGETS - DOUBLES - TRAP

Rule 1.10(c)

The competitor has an apparent malfunction and attempts to open the gun before the referee examines it. The competitor must not turn around and must keep his gun pointed in the direction of the trap house until the Referee has given his decision. If a competitor's gun breaks down and it is necessary to seek a replacement the competitor is allowed five (5) minutes to do so. If this is not possible the competitor may leave the squad and finish the remaining targets of the round at a time decided by the Management.

Should a gun malfunction occur during a shoot-off, the competitor has 10 minutes to repair or replace the gun. Failure to comply "Lost target".

Rule 1.10(e)

A foot position violation occurs. For Trapshooting, the competitor's feet must be behind any line indicating the firing mark assigned to him. He must stand with both feet completely within 1 square metre; this square shall extend 50 centimetres either side of the centre of the shooting lane and shall extend backwards 1 metre from the assigned handicap mark. However, provided his front foot is as close as possible to the firing mark, a shooter with a wide stance will not be penalised if his back foot extends beyond the rear edge of the shooting square. **For Skeet shooting the**

shooter must stand with any part of both feet within the boundaries of the designated shooting station.

Rule 1.24 SKEET ROUND PROCEDURE

(a) A squad shall start shooting at Station 1 in the order in which the names appear on the score sheet. The first shot scored lost in the round shall be repeated immediately as the optional shot and recorded in the 25th column on the score sheet. Should the first target lost occur in a double, the lost target shall be repeated as a single.

(b) The first shooter shall start shooting singles at Station 1, shooting the high house target first and the low house target second. Then, loading two shells, he/she shall proceed to shoot doubles, (shooting the first shot at the target from the nearest skeet house and the second shot at the target from the farthest skeet house), before leaving the station. The second shooter shall then proceed likewise, followed by the other members of the squad in their turn.

(c) Then the squad shall proceed to Station 2 and repeat the same sequence as on Station 1.

(d) The squad shall then proceed to Station 3 where each shooter will shoot at a high house single target first and a low house single target second before leaving the shooting station.

(e) The same procedure shall be followed at Station 4 and 5.

(f) Upon advancing to Station 6 the leadoff shooter will shoot singles in the same sequence as at the previous stations. Then, loading two shells, he shall shoot doubles by shooting the low house target first and the high house target second before leaving the station. The other shooters will follow in their turn.

(g) The same procedure will be followed at Station 7. However, when shooting the single targets, only one shell at a time should be loaded. It is recommended that a sign to this effect be erected on the side of the low house.

(h) The squad will advance to Station 8 where each shooter shall shoot at a target from the high house before any member of the squad shoots at a target from the low house.

(i) The squad shall then turn to Station 8 low house and the leadoff shooter will shoot at the low house target.

(j) The shooter shall repeat the low house target for his optional shot before leaving the station, provided he is still straight (no lost targets in the round). The other shooters will follow in turn.

(k) At this time the shooter should verify his own score.

(l) On Station 1 to 6, two cartridges may be loaded to shoot single targets, but on Stations 7 and 8 only one shell may be loaded or singles.

(m) When a shooter intentionally fires a second time at the same target, he shall be warned by the referee. The second time the shooter intentionally fires a second shot at the same target in any event, the penalty shall be automatic disqualification from the event.

Rule 1.25(b)

Uneven numbered rounds ie Rounds 1 and 3. Commencing on Station 1 and proceeding through Station 4, a double is to be shot from each station, taking the high house first. On Stations 5, 6 and 7 a double is to be shot taking the low house first. Reversing back through Stations 6, 5 and 4 a double is to be shot taking the high house first. Total number of targets = 24. Even numbered rounds ie Rounds 2 and 4. To be shot as in uneven numbered rounds but finishing on Station 1. Total number of targets = 26.

Rule 1.25 (c)

The rules for doubles in a Doubles event are the same as the rules for doubles in a regular round of skeet.

Rule 1.25 (d)

Clubs have the option of conducting a 25 target event. This event will be the same as an uneven numbered round with the addition of a single high house target immediately following the concluding double from Station 2.

SECTION 2

Rule 2.08(c)

For his *third* round his handicap allowance shall be the difference between the average of his first two rounds and 25.

Rule 2.08 (d)

For his *fourth* round his handicap allowance shall be the difference between the average of his first three rounds and 25.

SECTION 3

Rule 3.23(a)

All ties shot in championships must be shot off *to determine the placings. Regular Skeet shoot-offs shall be miss and out by target. Doubles shoot-offs shall be miss and out by station. Any number of shooters that management deems practical may be squadded together for a shoot-off. However when more than one squad participates in a shoot-off, they may commence shooting together on different fields providing management deems that situation equitable. Pacer for lone participant on a field in a shoot-off shall not be permitted.*

Rule 3.23(b)

At the discretion of club management, skeet shoot-offs may be conducted in conjunction with following events *or as doubles from Stations 1 to 7, or as doubles from Stations 3,4 & 5, or any other format that is mutually agreed between shoot management and all the shooters involved.*

Rule 3.23(c)

Shoot-off competitors shall carry enough shells for a complete round of Skeet. Failure to comply *may be grounds for disqualification.*

Rule 3.23(d)

Competitors are allowed five (5) minutes to replenish ammunition between rounds of shoot-off. Failure to comply *may be grounds for disqualification.*

Rule 3.23(f)

Should a gun malfunction occur during a shoot-off, the competitor has ten (10) minutes to repair or replace the gun. Failure to comply "lost target".

Rule 3.23(g)

If shooters involved in a shoot-off offer management a mutually agreed upon method of determining the places, management may accept. If management does not accept, shoot-offs must continue and any shooter who refuses to continue forfeits.

Rule 3.25(a)

High Gun Shoot-offs at Nationals shall comprise of skeet targets from 2, 4 & 6 (normal skeet, consisting of 10 targets in all), and one pair of doubles from stations 3 & 5, *totalling 14 targets in all. The targets shall be shot on the stations in normal numerical sequence and the result shall be determined by total score to count,* continuing until a result is achieved.

Rule 3.25(b)

When Skeet or ISSF Skeet is included in a high gun over a *trap shooting* program, the High Gun Shoot-Off shall *include a* high and low target from station four. When Skeet Doubles are included over a program, the High Gun Shoot-off shall include a double from station four with shooting continuing in brackets of two targets from each type of event until a result is achieved.

SECTION 4

Rule 4.09(b)

Station 1 is located at the left end of the base chord, and station 7 at the right end when facing the centre while standing on the periphery of the segment. Stations 2 to 6 inclusive, are located on

the periphery at points equal distant from each other (the exact distance between stations 1 and 2, 2 and 3, etc. is *8.14metres*). Station 8 is located at the centre of the base chord.

Rule 4.09(c)

Shooting Stations one and seven are a square area 900 mm on a side with two sides parallel to the base chord. Shooting Stations two to six inclusive, are a square area 900 mm on a side, with two sides parallel to a radius of the circle drawn through the station marker. Shooting station eight is a rectangular area 900 mm wide by 1800 mm long, with the long sides parallel to the base chord. The location of each shooting station shall be accurately designated. For Shooting Stations one to seven it is in the centre of the nearest side to the target crossing point, of a suitable pad 900 mm square with the front edge on the periphery of the circle. However, the pad for shooting station eight is placed lengthwise on the centre point of the base chord and is 900mm by 1800mm. The centre of Station eight is on a line drawn between the centres of stations one and seven. The designated shooting station for each house, is the half of the rectangular pad, most distant from the respective house.

Rule 4.09(e)

One target should emerge from a traphouse (called high house) at a point *90 centimetres* beyond the front of pad one (measured along the base chord extended) and 3.05 metres above ground level. The other should emerge from a traphouse (called low house) at a point *90 centimetres* beyond the front of pad seven (measured along the base chord extended) and *75 centimetres* from the base chord extended (measured on side of target crossing point) and *1.07 metres* above the ground.

Rule 4.09(f)

Suitable markers shall be placed at points 40.23 metres and *55 metres* from both the high and low house measured along the flight of a regular target. The first marker shall indicate the shooting boundary limit and the second marker shall indicated the distance a target shall travel in still air.

Rule 4.09(g)

The target crossing point must be marked in a visible manner where geographically possible.

Rule 4.09(h)

It is recommended and desirable that the side of the skeet house, from the bottom of the chute to the top of the house, be a very light colour or painted white where feasible.

Rule 4.11(a)

Is released "instantly" in response to the competitor's acceptable call. *It may be released by the puller, who must be either the referee or an authorised target release operator appointed by shoot management. Or it may be released by voice actuated electronic equipment, provided that equipment incorporates a delay mechanism that is timed to imitate the biological reaction time of a human puller. This delay time is necessary to allow equitable integration between events using pullers, and events using phono-pulls.*

Rule 4.11(b)

Passes within *45 centimetres* horizontally or vertically of a point 4.57 metres above the target crossing point. *For this purpose a target setting hoop should be used. Such hoop is 90 cm in diameter and mounted on a 4.02 meter long pole.*

Rule 4.11(c)

In still air, when passing through the centre of the target setting hoop, must carry to a distance equivalent on level ground to 55 metres with an allowable tolerance of plus or minus two metres.

Rule 4.16(a)

For all *12 gauge* events (Commonwealth, State, Zone, District, Club) other than *Trap* Handicap, Sporting Clays or ISU, the load is limited to 28 gram struck measure or equivalent shot size not

larger than No. 6. (Trap), No. 7. (Skeet). Reloads are permitted in all events including National Championships.

Rule 4.16(b)

Twenty gauge events shall be open to all guns of 20 gauge or smaller using shot loads limited to 24 gram struck measure of shot size not larger than no 7.

Rule 4.16(c)

Twenty eight gauge events shall be open to all guns of 28 gauge or smaller using shot loads limited to 21 gram struck measure of shot size not larger than no 7.

Rule 4.16(d)

410 bore events shall be open to all guns of 410 bore or smaller using shot loads limited to 14 gram struck measure of shot size not larger than no 7.

Rule 4.16(e)

A gun of larger gauge, which has been converted to take a smaller gauge shell, may be used in an event for which it has been converted provided that the shell itself complies with the rule requirements for that event.

Rule 4.16 (f)

For Trap handicap and sporting clay events, load is limited to 32 grams struck measure or equivalent, shot size not larger than No.6.

Rule 4.19 (a)

For Trapshooting, no shooter may be allowed to enter an event after the commencement of the second round of that event.

Rule 4.19 (b)

For Trapshooting, any shooter who after completing his event, shoots for targets only, is deemed ineligible for any recognition in the event or High Gun program.

Rule 4.19(d)

For Trapshooting, there shall be no practice permitted between qualification and shoot-off.

Rule 4.19(e)

Where a shooter has registered in a Skeet event, but does not show up to start the event with his squad, he will not be permitted to shoot up after the first man in the squad has fired a shot at Station 2. He may join the squad for all later rounds, but the round missed because of lateness must be shot on the proper field in the first vacancy, or after all other contestants have finished. In the interest of conserving time the shoot management may modify this rule to meet special conditions, if it so desires.

Rule 4.19(f)

Under normal conditions, a squad should complete a round of skeet in 22 minutes. Unusually slow shooting squads who are disrupting the normal sequence cannot object to being transferred to a substitute or practice field.

Rule 4.27(f)

The officiating Referee MUST have the trap adjusted immediately if it is not throwing legal targets. Immediately following such alteration, a target must be thrown and the competition continued. Unauthorised shooters are not to interfere with or attempt to interfere with the setting of the trap. Violation of this rule may be grounds for disqualification from the event.

Rule 4.32(g)

Break recognition and badges for Skeet shall conform to the Trap break rules above, except that separate breaks will be recognised for regular Skeet in all four gauges, and for Skeet Doubles. Any deviation from a break in progress, such as shooting a different event or changing the format of a shoot-off to make it different from the normal shoot-off format for that event, will neither add to nor terminate a break in progress. Shoot-off targets will only be recognized if they conform to the format of the

event except in Skeet Doubles Shoot-offs, where doubles at 3,4&5 is the normal shoot-off format, and thus shall be counted in the Skeet Doubles break.

Rule 4.33 LONG BREAK RECORDS - TRAP

Rule 4.34 LONG BREAK RECORDS - SKEET

Australian Long Break Records in Skeet and Skeet Doubles shall conform to the Trap Long Break Record rules except that "all-comers records" will not be recognised separately and Australian Skeet Records may be established by any person legally competing in an ACTA event in Australia. Any records established outside Australia will not be recognised for this purpose.

Rule 4.35 SKEET RULES - OTHER

Any Skeet rules not specifically covered in these rules should be determined by reference to the current NSSA rulebook.

Mount Isa

CLUB SHOOT

Saturday 11 November 2000

November being one of our three night shoots each year, saw a change in starting time to 3.30 pm on Saturday 11th. Competition kicked off with 25 targets Skeet off handicap which was won by David Stitt with 22/25. Paul Whatmore (who is making a return to clay shooting after eye surgery) held on to second place with 18/25 just one point ahead of Ross Ohlsen who had to be content with third.

The next discipline to be contested was Ball Trap, which soon sorts out the pecking order. Ross Walsh made his presence felt by winning A grade with 24/25. David Stitt and Peter Rose shot 21/25 to win B and C grades respectively.

With rain falling and a thunder storm in the offering the decision was made to call a halt and await further developments. Unfortunately by the time the rain stopped it was too late to shoot Tower and that discipline had to be cancelled so everyone tucked into the supper provided by Rod Cusack and waited for true dark to begin the night Trap events.

The first item on the night agenda was to draw the name of the competitor to shoot for the Club Jackpot. David Stitt was the name drawn and five shots later from 25, 12, 20, 13, and 11 metres he was \$294 richer. Well shot David.

With the Jackpot decided, shooters were called to the tracks for 25 targets Double Barrel. Ross Walsh won A grade with a perfect 25/25. Not to be outdone Joe Sebastiani Snr also shot the lot (25/25) to win B grade and Paul Pozzoli won C grade with 19/25.

Points score was next and with 3 points awarded for breaking the clay with the first shot 75 points were on offer. Ross Walsh couldn't quite get them all but nether the less won A grade with 71/75, while Joe Sebastiani Snr (63/75) won B grade and C grade went to Kevin Moss with 53/75.

The finale of the evening was 25 targets Continental and just to make it interesting the height at which the target flies is varied as well as the angles. Ross Walsh missed just one target to win A grade with 24/25, while the Father and Son combination of Joe Sebastiani Snr and Joe Sebastiani Jnr both shot 18/25 and made B grade and C grade a family affair.

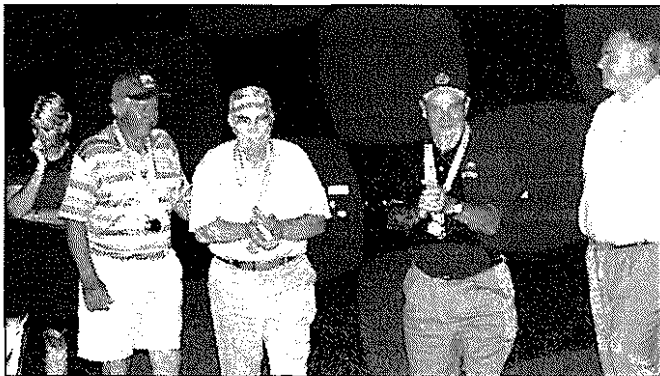

A big thank you to all who helped in running the shoot and to the competitors who never won a thing but thoroughly enjoyed themselves - which is what clay Target Shooting is all about - having fun.

The next shoot on our calendar is the last for 2000, our Christmas Shoot which is to be held on Sunday 10th December - hope to see everyone there.

Shooting for Gold... at the Alice Springs Clay Target Club

The Honda Masters Games started for us on Saturday 21st October when the few of us who were in town congregated in the town centre for the march to the opening ceremony.

One noticeable absentee was Alan who was home nursing a wife with a couple of wounded ribs after a "fall" out the caravan door. We weren't too sure whether to believe Bruce's version, but just in case, we did suggest to Alan's wife that she didn't say "no" when he was so hyped up with nerves for a big competition. It was at this stage that we knew we were in for a big week at the gun club.

John Zupa, Ettore Demichelle and Bruce Papst receiving medals from Peter Harvey of Honda.

It was wonderful to see Bruce Papst lining up for the marching parade after we had heard on the grapevine that he had been in intensive care the previous week. (Obviously he had heard the rumour that the town ran out of condoms during the last two Masters Games)

Although shooting started with practice at the club grounds on Wednesday, needless to say shooters can't help themselves and we had a good turn up on Tuesday. It was very handy actually because all the last minute jobs were done and the traps got another quick look at. Genuine thanks go to Metro, Hugh, Bernie, Bob, Bill and Mick for their help.

Colin McTaggart and Greg Harrington receiving their "scalpers shirts".

Congratulations have to go to "Mango Man" Bob Dalglish for his neat 100 target break, but did he have to act so humble by going out in the next event and shooting a 39 out of 50. We can only guess that he was thinking out his congratulatory speech of accepting the 150 break badge when his concentration waned. But thanks have to go to the shooter who went out in sympathy and shot a 1 out of 10 in the next eye opener. Well at least he did succeed in taking the pressure off Bob. Maybe if he was looking for a sport with more compassion, he could try Bull Fighting.

Anyone who has shot a 50 target break will remember the excitement of succeeding. But none can beat Brian Barlow. At the presentation when his name was called out he rocketed out of his place, but it was unfortunate that the seat wasn't ready for such lightening speed and when the video camera decided to get in the way, it meant that all three went for an ungentlemanly sprawl. Luckily it happened at the Masters Games when "all that happens on camp stays on camp" and we won't repeat a word of what happened. So could anyone reading this, keep it to themselves

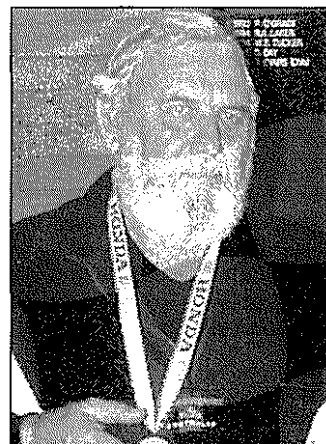

And Marlene assures us that she is genuinely happy for Brian's 148/150 in the point score, even though she had a thing going with John Zuppa who told her she had to better 141 to beat him and 144 to beat the board and when she sneaks in with a 145, before she could even shake anyone's hand, Brian comes home with 148. She would like to sincerely thank Bill Francis (her mentor) for the jolt on the backside when she dropped her 26th target, which no doubt helped to achieve this score.

Congratulations have to go to new "C" grade shooters Colin and Greg who excelled in their first competition, although we think some of the success may have to be attributed to the "prisoners" shirts they received for scalping and the amount of Jack Daniels and Black Sambucca chasers you can consume until the sun comes up.

We couldn't report on the weekend without mentioning two up-

Marlene Niland — Can you tell its her fist sash?

Brian Barlow. Nice to see Brian on his feet.

and-coming new innovative coaches.

* What about Andrew who went out drinking at the Casino until 3am and proceeded to convince all who would listen that he is Michael Diamond's new coach.

* And Anna who was leaving her husband behind if he didn't deliver the gold medal before the end of the competition. We saw her in the corner giving him the tips on how to mount the gun. It must have worked because he won the next event. No one was more pleased than the club members - just in case she carried out her threat and left Ettore behind.

On a more serious note, any shooters contemplating a release trigger can contact the coach of the Alice Springs Clay Target Club (and recently made NT coach) on tips on how to avoid shooting the walks after you get three broken targets in a row.

Jim Conway was the American contingent and during the last presentation when he received his third gold medal his quote was "now I'm too important to talk to myself". We wonder would 4 medals have made him mute. Jim's a great club member with his ever-ready quick wit and his wife makes great chili.

It was great of Ayers Rock to send their full team and we would like to thank "the Crow" for coming....ark, ark, ark.

Friday night's meal of fish, fish, squid, prawns, fish, mango and

Bob Britcher enjoying real meat.

Bob Dalglish. Wet weather gear a-la-glad

Tracey Harker. You've got your medal now get back behind the bar!

Jess Averis. I love the shooting and don't mind these ambassadors either.

yummy pudding was fantastic. The ASGC would like to thank Bob, Bob, Mick and Bill for their generous donations. We hope Mick and Bill make it to the Barossa Valley before the Baileys run out (and thanks for the night caps).

Victor Hyde slipped out of the frog removal responsibility and left the onus on fellow toad catching Queenslander Bill to remove frogs from the ladies loo.

Top End shooters are known for their ability to cope with all situations, but young Richie has let the side down by refusing to shoot on Saturday morning. We thought because he was under the weather, but it turns out he is made of sugar and thought he would melt in the rain. ASGC has come to the rescue once again and supplied him with a lifetime supply of little rubber things to cover his head. He could have taken a page from Dalglish's book and worn an innovative wet-weather jacket named the "Wheelie Bin Liner"

Jesse Averis was our oldest attending shooter this year. He was given his "The Master" tag for the back of his jacket. We only had

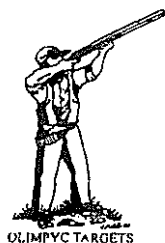

to sew it on three times. Britches reckons because Jesse slept with it on, showered with it on and Jesse says the ambassador ripped it off in the height of "the kiss".

The Woods Point Fluro Ducks returned once again with gallons of Port, Piss and Piss Weak. We think they are finally getting to be responsible drinkers because none of them had to visit the Emergency Clinic at the hospital this year. They did, however, introduce some American Wood ducks to the club.

Results are not included in this report because winning is not a priority at this shoot. Hoping everyone else shoots well is the priority along with just enjoying each other's company.

If you are thinking of coming, the next Masters Games is tentatively scheduled for October 2002 and enquiries may be directed to Marlene on 0889595220 or 0889525833.

Regards,
Alice Springs Clay Target Club Committee.

MARYBOROUGH TID BITS

www.mctc.org.au

Happy New Year to all hope you survived Christmas. If you were looking for Chris Harrison and didn't know his whereabouts you will find him at clayshooter@one.net.au thanks for the e-mail Chris glad you found our web site, regards to all.

I think a big thanks for the public relations our Olympic medallists gave us after the Olympics was great, as after the Olympics finished our shooters turned up to many gathering and wasn't backwards in making their presence felt and saying a few words on television. Firstly, congratulations on winning medals as without them there was no interview and secondly, thank you for the PR you gave clay targets, it would have been easy to take your medals and go home. Thanks to all. And again it is congratulations to Michael on his wins in the World Cup in Cyprus. Good shooting Michael. And thanks again fellas.

A tired motorist pulled over on the side of the road, after passing a sign which said "rest, revive, survive, arrive" he put on his hand brake, put back his seat and settle in for a rest, but didn't know he was in the path of a foot race, so just getting off to sleep a jogger tapped on his window. So the driver put down window and the jogger said, "could you tell me the time mate". So the motorist said it is 6am and off went the jogger and the motorist started to go back to sleep when he had another jogger tapping on his window and asked the same question "could you please tell me the time mate". So the motorist said it is 6.02am with this the jogger was out of sight and the motorist settled in for a rest, but this went on a few more times joggers asking the time. So the driver put a sign on the back window "I do not have the time" and at last got off to sleep when another jogger knocked on his window, on putting down his window the jogger said I saw your sign about not having the time so I thought I would tell you, it is 6.10am right mate. Glad to help you mate.

The Australian 2nd Disabled Clay Target Shooting Championships

To be held at Cecil Park Gun Club
From 29th to 31st March 2001

PROGRAMME OF EVENTS

Thursday 29th March

Practice from 12.30pm - \$7.00 per round

Friday 30th March - 09.30am Start

- Event 1 25 Target Double Barrel Graded
AA, A, B, C - \$7.00
Event 2 25 Target Double Points Graded
AA, A, B, C - \$7.00
Event 3 25 Target Single Barrel Graded
AA, A, B, C - \$7.00
Event 4 25 Target Handicap - 1st to 3rd - \$7.00

Saturday 31st March - 09.30am Start

- Event 5 - 100 Target ISSF Trap - 1st to 3rd - \$28.00

1-11-00 the day the Bible came

On the cover was a gold plated diamond, how sweet it is, and I am talking about the medal. And just when every thing is looking OK on page 18 the rules pop up again, I thought a few years back when handicap was tied to grades things weren't too bad. There is on thing rule makers have to remember is that person in the office doing those scores wants it as easy and simple as possible most the time it is a shooter and trying to do the cards and shoot and enjoy the shoot.

After reading the rule proposal I have a few questions. Would it be right if new shooter starts at common mark (2c) then all register members under 15 metres would go to 15 metres.

Rule (2D) member from other C.T association. He might want to be new member; coming from other association would have no grading or handicap so treat him like a new member rule (2Q). After shooting 50 targets be graded etc. In rule (2e) high scores rule, does a shooter get 1/2 metre every time he shoot 15-24 and shooting 25+ gets 1 1/2 rule (3b) 15 metre percentages to include "all" 15 metre events. Would these be all double barrel, all single barrel and double rise or DR would be with the next. Proposal only. Why leave out continental there is more possibilities shot in continental than single barrel, and will be the single barrel that brings the shooters down in their grades Rule (4). If double rise gives another grade you could be a common mark A grade and double rise B grade and your program 50t DB and 50t DR. How do you work out high gun if you shoot part A grade and part B grade (I must add this is my view not Maryborough club). And I forgot, is grading and regrading still done at 200 targets also if double rise grading is coming in, it would pay to keep scores 12 months ahead for grading when it starts.

Went to a night club the other night and there was Mike the train driver celebrating his birthday, next time Mike could you leave your train at the station it sure took up a lot of parking space, and didn't those 43 sparklers take some blowing out. Happy Birthday Mike. See you at the shoots.

Bundaberg 5-11-00

Fine with strong wind and a storm coming up all day, was the order of the weather with only a couple of possibles all day. Visitors were Gary Darlington (Central Burnett) Harry Walker, Phillip Warren and yours truly (Maryborough). In the kitchen was Cheryl, Edie, and Sandra, thanks for the eats, Rob Rehbein drew and shot the jackpot good shooting Rob. When I won the raffle I was set back a bit as it was a RSL voucher for dinner for two, which meant I had to travel back to Bundy to use it, but thanks to John Butters he bought the voucher and will use it, thanks John a great gesture. A fine fellow and good luck too.

The skeet was just winding up when we arrived and results was 25t handicap 1st Ryan Howie and Richard Merrick. Shared 2nd Brian Fourro, Rob Rehbein. 25t championship OA B Kaye and Rob Rehbein A. Peter Winzen C John Butters. Trap AA Philip Warren shared DB CD with Paul Rehbein who also won OA & AA in the PTS C/S then Rob Rehbein took DB and Mixed in A. Brad Petersen took DB Les Moore mixed while Peter Winzen took Pts, SB & OA high gun. B grade Norm Dale shared DB with Brian Fourro who went on to win SB and mixed while Kay Rehbein took Pts. C grade was mostly Reece Jensen who took DB PTS & SB and Doug Baggeley put in the last to win Mixed. Bundaberg shoot early January 7th 9am start program CTSN. Being Presidents and Patrons tribute shoot Bundaberg had a good year shooting with all auto traps and phono pulls in 2000.

Kingaroy 5 November club shoot

Thanks for results Max hope all is well in Kingaroy. Shooting wet underfoot in muddy conditions the shoot was finished and another storm came allowing the shot to have following results with visitors Sunshine Coast, Dalby, Normanton and Toogoolawah. In the 25t h/cap two possibles and after shoot off it was 1st Todd Vidler 2nd Max Behm 3rd Chips McCann who had to survive a shoot off with Richard Brittan, Neale Tessmann and Don Villani shooting 24/25.

In the 25th point score in A grade it was Peter McDonald, B grade after shoot off it was Richard Britton from John Lord and C grade new shooter Jim Jones welcome to shooting Jim.

The 15 pair double rise with no shoot offs. A grade Tod Vidler, B Chipps McCann and C Scott Dempster another new shooter also welcome to shooting. The shooter to hold his cool all day and take the OA high gun was Todd Vidler good shooting Todd congratulations.

Kingaroy shoot January 7th program h/cap, SB, DR with their 2 day shoot 3rd 4th Feb program CTSN (send new program please Max) 6-11-00 phone call from Pam and Tom, Albury to say the old high gun mug is in it resting place and Tom having a win here and there. Thanks Pam.

7-11-00 Shirley writing to wish me well and to say grandson Ryan William is doing great also told me Chipps went to Asian Pacific Masters Games at gold Coast and won two gold medals. One for shooting 1st in the single barrel and one for being the best looking in his age group. Thanks for writing Shirley and don't hide the bible from Chipps, I can't say, "where were you Chipps" as I usually do, as I know where you were looking for the bible, good shooting Chipps. Thanks Shirley.

Gympie 12-11-00 Club Shoot

It was good to catch up with visitor Bill McKechnie from Brisbane as Bill was a regular at Gympie now retired came up for the shoot along with Bill there was Pat Burke (Caboolture), Craig Morris, Laney and Phill Grove from Sunshine Coast, Laney has taken up shooting again, welcome back Laney, also Bill Chain Redcliff, Vince Dollisson, Harry Walker and Norm Dale Maryborough. In the kitchen Yvonne, Marg and new help Averille whose husband had his first shoot and in h/cap had a possible good shooting Stuart Dawson from Wolvi. Another new member Graham Fogarty welcome to shooting to both. Also Mitchell also Wolvi having a trial run. Tom Brereton told me he took out B grade 50 targets medley at Caboolture good shooting Tom.

Well Robert Webb best known as Wombat drew the jackpot but didn't shoot it then drew the whisky raffle. Good luck wombat and lucky Tom Brereton drew the potted rose quickly raffle. Today I saw sportsmanship alive and well, as the squad I was in didn't get very good targets as a lot broke in the double rise. So our squad was given the choice of shooting it again and the reshoot would be your score as I had cleaned my gun and run out of puff, I decided to give it a miss and stick to my first score. So Lex decided to reshoot the double rise and came in with a score about six better than his first run. But declined to accept his reshoot score which would have given Lex double rise and high in B grade. But by staying with his first score lost these events, good sport Lex. I must be getting a bit old as I came away from Gympie without the results. We'll wait and see. Well from what I remember Pat Burke in AA shot the day well with possibles in DB and H/C and took HG in the H/C 4 possibles 1st in the shoot off was Tony Clark with a meter 2nd Pat Burke 3rd Norm Dale and shooting a possible on his very first shoot but not carrying on in the shoot off was new shooter Stuart Dawson, good shooting Stuart. Also Harry Walker took three events and CGHG good shooting Harry. Sorry to other shooters who won as I forgot the results and can't remember all winners. So when I am leaving shooters ask me if I have the results. Sorry about that. If shoots go as they did last year, Sunshine Coast take 2nd weekend of January for their 2 day shoot 13th 14th January and Gympie take the third weekend 21st January program could be DB SB Cont DD I haven't programs yet so check before going.

Maryborough 26-11-00

Thanks to our workers who had our complex looking like a millions dollars after the rain. It looked a picture. A big welcome to new shooters Jim Robertson who started shooting at SA (Bolium) then Alice Springs then Darwin and now Maryborough, Welcome Jim. Visitors Rose and Irvine Wynyard (TLGC) Lex Stolberg (Gympie) Gine Sergiacom, Spencer Plath, Brian Fourro (Bundy) and Jason Smith and Guy Lawrence Field and Game (Sunshine Coast). Welcome to all and thanks for coming. Lucky Graham Noffke drew the jackpot but missed his last target bad luck Graham but you did say it wasn't much to shoot for. Vince Dollisson won the meat tray raffle and visitor Guy Lawrence won the rum quickly board. Good luck to both. Thanks Jason and Guy for coming.

Also a big thanks to Willma Berry in the kitchen and a helping hand

at smoko by Kerry. Thanks to both. Results of shoot in AA grade it was Neil Berry PTS, Graham Noffke DR & OA SB C/S with Paul Anderson DB & AAHG in A grade Gine Sergiacom DB & SB Andy Wood DB PTS with Ian Robertson OA & A in DR & AGHG. In B grade Brian Fourro DB & SB Spencer Plath DR while Norma Dale DB Pts and BGHG, while C grade Harry Walker shared DBCD and took DR and Darrell King shared DBCD then shot SB, PTS & CGHG. This shoot the last score shot as it is all Christmas shoots to finish the year.

Which don't score. this shoot shot in ideal weather apart from a bit of wind, but a beautiful day. Maryborough shoot 23rd January 12 noon after meeting at 10.30. So the start of another year shooting.

At our AGM it was only a rise in pay and everybody kept their jobs. Thanks to all who do a big job a great club to be a part of. Good shooting to all till next time see you at the shoots.

XIII ISSF WORLD CUP FINAL

October 18th - 23rd, 2000
Olympic Shooting Range, Nicosia, Cyprus

The Australian Team consisted of Deserie Baynes (competing in Trap and Double Trap for Women), Michael Diamond (competing in Trap and Double Trap for Men), Russell Mark (competing in Double Trap for Men) and Team Manager, Graham Michell.

Final results were:

TRAP WORLD CHAMPION - MICHAEL DIAMOND

DOUBLE TRAP SILVER MEDAL WINNER - MICHAEL DIAMOND

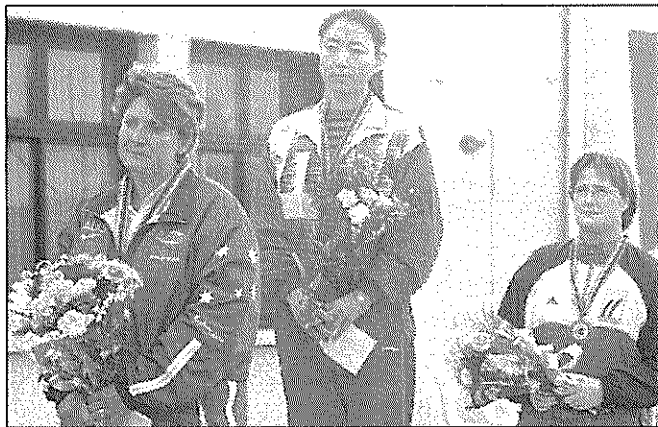

WOMEN'S TRAP SILVER MEDAL WINNER - DESERIE BAYNES

Michael Diamond — Trap World Champion XIII ISSF World Cup.

The World Cup Final is held each year and is renowned at the most prestigious event on the shotgun ISSF calendar with only the winners of World Cups, previous year's Final winners, Olympic place getters (in the year of the Olympics) and World Championship winners being those invited to attend plus the highest point scorers from the year's World Cups, making up to 12 competitors in each event. This event is by invitation only to those competitors and their countries. As you can see, when you win an event at this competition, as both Michael and Russell have done in the past, you know that you are 'the best in the world'.

The team assembles at 2020 hours for a departure on Emirates

Deserie Baynes — Silver medal trap XIII ISSF World Cup

Airlines via Singapore, for Dubai and Larnaca. We had a one hour stopover in Singapore and a ten hour stopover in Dubai where the airline put us up in one of their 5* hotels to rest and freshen up. This was a 'free of charge' service and helped break up the 25 hour flight. Emirates has always gone out of their way to make the Australian Clay Target Team feel welcome each time we have used their services, allowing us excess baggage and if possible leaving seats along side each person, issuing lounge vouchers and as already mentioned, the free accommodation in Dubai and then again in Melbourne on the return trip. This is indeed a 'Great Airline' with good prices to most countries. Our trip was organised by AIS Travel (Ansett) in Canberra by Rachel - a very helpful lady who went out of her way to help, many thanks from all of the Team members.

On arrival at the Larnaca airports at 1935 hours, we were met by members of the Organising Committee who soon had us, along with the USA Team and a few others, on the bus to Nicosia which was about a 40 minute drive away. The hotel where we were to stay was called the Intercontinental Forum - a nice old place but starting to show its age. Most of the competitors would have liked to have stayed in Larnaca at the Lordos hotels on the beach (usually used for World Cups - very nice, with great relaxation facilities, gyms, pools etc). The weather was quite warm, around 28 degrees C for most of our stay. We did have some showers but

Deserie Baynes, Michael Diamond and Russell Mark at reception at Presidential Palace, XIII ISSF World Cup.

Deserie Baynes waiting to shoot.

that came later in the week - on the Trap Final day!

Wednesday 18th October - unofficial practice in all disciplines. We went out to the ranges at around 080 hours, secured our ammunition and generally settled in. Deserie, Michael and Russell had some practice on Double Trap and then Deserie some extra Trap practice as she had not shot this since the Olympics. All of our ammunition was waiting for us at the range; this was a great burden off everyone trying to organise their own cartridges from their own countries, which can be a real nightmare. This has been organised by Luca Scribani Rossi of Beretta Australian and RC Cartridges, who fully sponsored the entire Team. All the shells used were RC4, seven and a half, 24 gram loads - a great shell. Thanks a million Luca from all of the Team and many thanks to RC Cartridges.

Thursday 19th October - official Double Trap practice, the Technical Meeting and the

Official Opening Ceremony at the range followed by a reception at the Presidential Palace where we all dressed in our official uniforms. I must say that our three competitors who all wore their Olympic suits were, I believe and I am not being biased, the best dressed Team amongst the guests - (you can see by the photograph). I was very proud of my Team - well done! The reception was quiet and we were all back at the hotel around 210 hours for an early start of competition the following day - the bus was to leave at 0730 hours.

Michael Diamond — Silver Double Trap.

Friday 20th October - Competition for Men and Women in Double Trap. I had high expectations of our three competitors as they had all practiced reasonably well. In the men's competition Michael shot a score of 46-48-46=140. Russel shot 48-46-42=136 and was extremely disappointed with his last round but given the work load since the Olympics I was still proud of his achievement as

should all other Australians. the finalists were China 142, Kuwait 142, Italy 142, USA 142, Australia 140 and Hungary 140. Italy's second shooter missed out in the shoot off for the last two positions on 140. After one of the best finals in Double Trap that I have seen especially Michael's 49 that brought him into = first place on 189 with LI Bo from China, after four pairs in the shoot off, LI Bo won the Gold medal with 8 over Michael on 7. What a great effort for Michael's Silver medal in the World Cup Final in Double Trap.

In the Women's Double Trap Deserie started well shooting a 35-34-33=102 but was not quite the champion we all know that she is. Again the work load before and after the Olympics for our shooters was telling its tale. Deserie finished in 7th position - well done. The Final was won by Zhang Yafei from China setting two new World Records with a 150/160.

Women's results were as follows:

Yafei ZHANG CHN 150/160

Hongping DING CHN 143/160+16

Kimberly RHODE USA 143/160+15

Susanne KIERMAYER GER 143/160+3

Deborah GELISIO ITA 137/160+2

Pia HANSEN SWE 137/160+1

Saturday 21st October - Competition for Trap and Skeet - Men and Women. In the Men's 75 targets Michael was shooting very well given the conditions that the wind had started coming in and brought with it occasional showers and the temperature had dropped by about 8 degrees C. Michael ended up with a 24-22-25=71. Other countries shooters shot: Russia 71, United Arab Emirates 67, Portugal 69, Italy 67, USA 72, England 70, USA 69, Romania 68 and the second Portuguese shooter finished on 61.

Women's Trap and Skeet - 75 targets + Final. The day did not start well for Deserie who twisted her 'good ankle' leaving her in great pain. Her other leg and ankle had been damaged earlier in the year when she fell in Lonato, Italy resulting in her having her leg splinted for quite some time prior to the Olympics. However, being the true champion that she is, she on this occasion went out and shot a 24-22-21. Her ankle was giving her a lot of trouble after the first round but she still had a one target lead on Susan Natrass (Canada) going into the Final. The weather deteriorated as the Final started.

The scores ended up as follows:

Deserie BAYNES USA 67+19=86+1

Susan NATRASS CAN 66+18=84+3

Ann FOCAN BEL 65+20=85

E. GAO CHN 64+22=86+2

Irina LARITCHEVA RUS 62+22=84+2

Delphine RACINET FRA 63+17=80

What a final this was - the leaders se-sawing in every direction making it one of the most stressful times in my life. It got down to the last target being shot by the last shooter. Deserie, and yes, she missed it which created a shoot off for the Gold and Silver medals. Deserie was very unlucky to lose this as she was undoubtedly the better shooter in the Final but I believe her ankle was much more painful than she was prepared to show. Congratulations Deserie on your Silver and there is always next year for a Gold and the crystal.

The Women's Skeet results were:

Olga PANARINA RUS 94/100+2

Shan ZHANG CHN 94/100+0

Yerjanik AVETISIAN RUS 92/100+13

Sveltana DEMINA RUS 92/100+12

Diana IGALY HUN 91/100+1

Sunday 22nd October - The last 50 targets for Men's Trap and Skeet + Finals. the weather started a little better but we could all see that rain was on the way. The rain came with the wind when the finals were about to start. Michael shot a 23-24 to give him 118 leaving him in 2nd place in the Final behind the Russian shooter, Alexei Alipov who was on 119. Another 'heart stopping' and 'nail biting' Final and with Michael shooting a 24 the World Cup Trap Championship was his - WHAT A CHAMPION!

The results for Men's Trap were:

Michael DIAMOND AUS 118+24=142
 Alexei ALIPOV RUS 119+19=138+8
 Ahmed ALMAKTUM UAE 116+22=138+7
 Joao REBELO POR 117+21=138+2
 Marco VENTURINI ITA 116+22=138+1
 Joshua LAKATOS USA 116+20=136
 The results for Men's Skeet were as follows:
 Petr MALEK CZE 122+25=147
 Hennie DOMPELING NED 120+24=144
 Valeri SHOMIN RUS 119+24=143+2
 James GRAVES USA 119+24=143+0
 Boriss TIMOFEJEVS LAT 119+23=142
 Jan-Henrik HEINRICH GER 118+22=140

The weather cleared away for the medal presentations and what a proud moment for Michael and for Australia. All winners received a magnificent crystal trophy standing about 60cms tall and weighting about 18-20 kg - very beautiful as you can see in the photographs.

A farewell banquet was held in our hotel forum for all. I was very proud to hear Horst Schreiber, Secretary General of ISSF express accolades on the Australian shooters and he suggested that Michael is probably the greatest shooters for his age ever to compete at this level of competition. What an honour being bestowed upon one of our ACTA members.

Another incident arouse from the Trap competition - Ahmed Almakum from the United Arab Emirates won the bronze medal. Ahmed and his lovely partner Jackie come from Dubai and have been good friends with the Australian team for some time and he has been a great help to me. Ahmed usually uses RC cartridges but either RC1 or RC2. He was invited to compete in Cyprus at the very last minute and he had no chance to organise his own ammunition. After shooting a 20 in the first round of trap he made the comment that he wished he had his RC cartridges with him. As we had a few hundred cartridges to spare, I mentioned that I would 're-load' some for him as a joke, provided that he would not beat Michael and that if he did the 're-loader' would stop work. Before each round I would give him one or two packets of cartridges and his scores went up to 22, 25, 24 and then a 25. His grin just got bigger and bigger. He ended up in the Final and then went on to win the bronze medal, a nice ending for both Ahmed and Jackie. Ahmed must have told the woman representative from RC cartridges about what we had done and she was most appreciative that a Team from another country had helped in such an emergency.

Monday 23rd October - Later this day we would be making our way back home to Australia by virtually a direct flight. However during this week I had arranged through the Australian Ambassador to Cyprus, to have a tour through the United Nations demarcations zone between the Turkish and Greek sides of Nicosia. We were picked up at the hotel at 1300 hours by the Australian United Nations Police in three 4-wheel drive vehicles. The tour lasted for two and a half-hours. What we saw was virtually unbelievable - this area was brought about in 1974 and still exists today, in the modern city. There are virtually thousands of troops on both sides of the zone, all heavily armed, in trenches, with numerous turret-like structures housing guns all of which was surrounded by land mines, cutting the city in halves. The United Nations 'No go zone' are is some 4 metres wide at it's narrowest point and up to 7 kilometres at it's widest point, United Nations Police from all over the world are stationed there for up to 9 months at a time. People still get killed there and the hatred shown is just terrible - we really do not know just how luck we are to be living in Australia.

We left the hotel around 1800 hours to go on the 40 minute drive back to the airport. We had two taxicabs pre-arranged by the Organising Committee - Deserie and I were in an old Volvo, driven by an elderly gentleman. It was raining but that did not stop him sitting on 160 kilometres per hour and I cannot say how relieved we were to arrive safely at the airport.

We were greeted by Emirates airline official who quickly arranged our baggage and ticketing. Ahmed Almakum and Jackie had

organised that we should be upgraded to First and Business Class all the way home to Australia. This was much appreciated by our tired and worn out bodies and the airline crew thought it was wonderful having Michael's crystal trophy buckled in with a seat belt, into a First Class seat. The trip home was very pleasant and we landed in Melbourne at 0145 hours on Wednesday 25th October.

I would personally like to thank Michael, Russell and Deserie for making this trip one of the most memorable and enjoyable trips that I have had the privilege of being on. I would also like to express on behalf of the Team my thanks, to the Australian Sports Commission and the ACTA for making this trip possible with funding.

Fellow ACTA members and shooters, I believe that we all owe Michael, Russell and Deserie a huge vote of thanks for competing in Cyprus for us and for Australia. I personally do not believe many people knew just how much of a toll the Olympics had taken out of your bodies, both mentally and physically. To me you are all true Champions.

Graham Michell
TEAM MANAGER
 Cyprus, WORLD CUP FINAL, 2000

— Vale —

Clarrie Riches
 7/4/1934 - 27/9/2000

It is with deep regret that the Yarrowonga Gun Club Inc informs fellow shooters of the sad loss of Clarrie who was well known in shooting circles throughout the Goulburn Valley and North East Victoria and Riverina NSW. Clarrie was a life member of both the Yarrowonga Gun Club and Wangaratta Gun Club and also a member of the Finley Gun Club.

Clarrie was a tireless worker around the club cutting the grass and cleaning out the club house.

Our deepest sympathy is extended to Clarrie's family and loved ones in this time of sadness.

Neville Clark
 Secretary

Harry Hillery
 14/4/1916 - 16/9/2000

The Griffith Gun Club regrets to report the passing of Harry Hillery, a familiar face at the office window from the late 1960's until 1996.

Harry was instrumental from the early days of the club in a huge amount of voluntary work, in preparing and running the National Titles held in Griffith in 1972 and again in 1979.

He was active in the building of the additional trap-houses, fences and lanes and played a major part in the building of the new Club House in 1975. Harry was Club Secretary for over 20 years and was made a life member in 1973 in recognition of his efforts on behalf of the club.

The sympathy of the committee and members is extended to Mrs Hillery, his daughters Edith, Ann and Patricia and their families.

CUZZO'S RAMBLINGS — JANUARY 2001

Well, the Skeet Nationals are over for another year. And if you are a keen Skeet shooter and you are sitting at home reading this, and you were not there, let me tell you something. You missed a fabulous week. And don't say I didn't warn you. Back in the November issue, I exercised my powers of clairvoyance and predicted that on the Sunday night, there would be a bunch of worn out, shot out, skeet shooters travelling home from Wagga with a pile of empty hulls and a heap of great memories. So if you're looking for someone to blame for you missing it, go and take a good look in the mirror.

Why do I think it was such a great shoot? Well, a number of reasons actually. Every day the shoot ran smoothly and on time, to the point where you could almost set your watch by the presentations starting at six o'clock. For that I need to thank all the people who came out early and squadded up in the first flight, as well as all the people who volunteered to referee the first flight. Special thanks to Phil Crute and Barry Munt, who were always the first ones to volunteer every morning. And to all the other people, who backed up all day, and were ready to shoot on time, and returned promptly to work after shooting. Everyone seemed to be in a friendly co-operative mood and I probably spent less time chasing people up, than at any previous Nationals.

On four of the seven nights we ran a lucky number shoot-off and these proved to be very popular. As each day's qualifying started to wind down, people would congregate around the front of the clubhouse and wait for the number to be drawn. The encouraging part was that nearly all of the people, whose number wasn't drawn, stayed around to watch the shoot-off and be a part of the fun by cheering or jeering the various competitors. One morning I was chatting with Bob Thorne and he was telling me how his shooting was in a bit of a hole at the moment, but you should have seen the grin on him that night after winning the lucky number shoot-off.

On another evening, when all the competitors on the favoured score assembled on field five to do battle in front of a noisy and spirited crowd, the combatants turned out to be two "recognised shooters", three ladies and two old stiffs. (For those of you, who are not au fait with the Billy Iles dictionary of useful slang terminology for shooting, an "old stiff" is anyone older than Bill). Anyway, the two recognised shooters then proceeded to both miss on the first station, much to the enormous enjoyment of the crowd, and leave the other five to proceed to Station four, whereupon the two mature gentlemen decided it was time for them to retire to the bar and leave the fairer sex to continue. And continue they did, putting on a great display of doubles shooting and proving that the opposite sex is never to be underestimated.

I had never met Nicole Hyland from Queensland before, but I will certainly never forget her after that great performance, as she proceeded to direct the other two ladies back to the parking-lot, and go on to collect her case of Rio shells from Pedro DaSilva. Pedro's company had been kind enough to provide us with several cases of shells at the start of the week, without any directives attached, other than to use them as we saw fit. And they certainly turned out to be very popular prizes with all the lucky number recipients. Thank you Rio Australia.

On Monday night, after the completion of the National 20 Gauge, we conducted the second (unofficial) National Skeet Deauville Doubles Championship, at the completion of which, my wife was none too happy with me. Last year we ran two Skeet Deauville Doubles events. The first was a sort of try-out event to make sure the format would work and fine-tune the rules, and the second was billed as the First (unofficial) National Skeet Deauville Doubles Championship. To cut a long story short, Karen and I won both matches last year, much to the disdain of all the other competitors, who cried foul and alleged that we had been home practicing for months on the quiet and creating an unfair advantage.

Now although there was no truth in that at all, as I had only dreamed up the game during the week before the Nationals, I saw

no point in defusing a perfectly good rumour. So without actually lying, I did everything I could to propagate that story and infer that they had all been scammed and defrauded out of their entry money. The nett result of which was that most of them went home determined to come back and get even next year. Maybe I've got a twisted sense of humour, but I see a wonderfully poetic reverse logic twist in that form of promotion. Anyway, it worked, particularly with Laurie Chelepy who, teamed with that infamous Queensland icon, the great Gary Darr, had been relegated to the runner-up spot on both days. Laurie roared out the gate on the last day in a cloud of dust, doing a great General McArthur impersonation and vowing "I shall return".

And return he did, but unfortunately the auto wrecking business in Gladstone must be particularly brisk at the moment, as his "partner in crime" was unable to attend this year. (No problem Gary, but we did miss Erica terribly). Not to be so easily thwarted, Laurie set out to enlist a new partner, with whom to continue the "holy crusade" upon which he had embarked. And as luck would have it, he happened upon an obscure Skeet shooter from Victoria who was attending his very first Skeet Nationals this year, by the name of Peter McVicar. Now although Peter may be obscure on a National basis, he is well known around Victoria as one of the stalwarts of the Metropolitan Gun Club. And a more fitting partner Laurie could not have found.

Everyone knows that Laurie enjoys a reputation for being the fastest shooter in Queensland, as does Michael Rooke in NSW. However that title in Victoria is unquestionably bestowed upon one Peter McVicar. So between them they not only secured their place in history as the Second (unofficial) National Skeet Deauville Doubles Champions, but also along the way wrote themselves into the Guinness Book of Records as the Worlds Fastest Skeet Deauville Doubles shooters. During the entire match, I never saw their targets get even close to half way to the crossing point, before entering a lead-filled no-fly zone.

And as for myself? Well I came out of it with my tail between my legs and my wife chewing on my butt. I mean, you've got to see it from her perspective. She had been shooting some pretty nice doubles in practice prior to the event, she was the defending titleholder and she was teamed up with one of the best Skeet Doubles shooters in the world. So she would have to see herself as odds-on favourite, right? Well we did manage to make it to the shoot-off, but only after she had picked me up once in order to get that far. Then I totally failed to shoot at a pair due to some perfectly legal sledging from the crowd and she had had to shoot another pair to keep us in. Then, on the first occasion she missed her target, I managed to dutch a pair. So although she broke my target, I failed to keep my end up when she actually needed me. That night at the restaurant, as she was paying the bill, she was giving me one of those looks that a grazier gives an errant cattedog, whilst contemplating whether he's worth feeding or not.

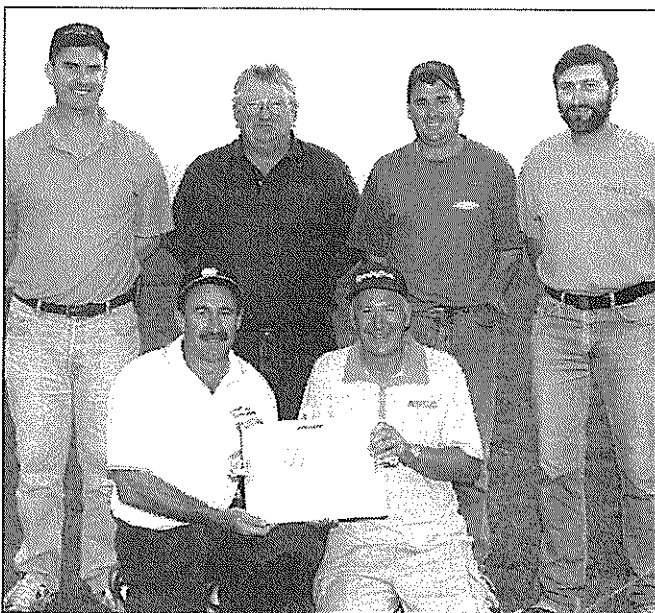

The Skeet Doubles Handicap Shoot-out turned out to be a success and was very popular with the participants. More than half the field entered it, and at the end of the first round over a third of those remained, however nearly everyone was down to scratch, so I think the handicapping formula was close to the mark. I'm sure we'll do that one again next year. Three different events involving New Zealand were decided during the week. One was the Glenn Trophy Shoulder to Shoulder Team Shoot, as it was our turn to contest the match in Australia this year. I shot poorly that day and missed the team by a country mile. But I congratulate the five guys who made the team and so ably defended our National honour against a very strong Kiwi contingent. Particularly my close friend and training partner, Gerry Petruska, who not only got to shoot for his country, but also finished the day as AA-first in the National Skeet Championship. Upwards and onwards next year, Gerry.

The Glenn Trophy Team to shoot for Australia in New Zealand next March was also selected during the week. I got a bit closer to

that one, but still missed the boat. Four people qualified outright, and left myself and four others to shoot off for the last place. After several rounds it got down to myself, Billy, and a guy from South Australia by the name of Kim Retsas. Now Billy and I were both shooting well, and I thought we might have worn him down, but it was not to be. He gave us both a shooting lesson and sent us back to the carpark. Congratulations Kim. I hope you all shoot well in Hamilton and keep our name on the jug.

Several years ago Skeet shooting was incorporated into the Macintosh International Postal Teamshoot between the various countries of the former British Commonwealth. Unfortunately, soon afterwards, the whole Macintosh competition folded up due to a lack of interest from the Northern Hemisphere. However, support for the concept remained strong in the South Pacific area, and so Australia and New Zealand decided to go it alone and continue on with what has become a major part of both our Nationals. Our International Postal Skeet Team was selected over the first three days of competition and shot on Friday evening.

Although New Zealand had already posted their scores in March, I am not aware, at this time, of any of the results in the various sections. However, I will be very surprised if the Open Team loses, as our shooters missed only five targets out of six hundred. In fact,

the first squad did something that I have never seen done before in this country. All six shooters broke every target and posted a total squad score of 300x300. See the accompanying photo of six very happy shooters. I am very proud of that team achievement and can assure you that, as the last shooter, when I walked out to shoot the final three targets, the adrenaline rush I was experiencing was generated as much by fear, as it was by excitement.

This month's Shooting Trivia Question: How many twin brothers have won the same event in different years at any ACTA Nationals? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 25-01-2001. The first correct answer drawn shall receive a free entry to this year's Commonwealth Skeet Championship. The correct answer to November's STQ was: Two people have won the High Gun at the Skeet Nationals and also been National ISU Skeet Champion: Ian Hale and David Cunningham. The first correct answer drawn was submitted by Bill Attwood from Coburg in Victoria, who won a free entry to this year's National Skeet Handicap. Congratulations Bill. If anyone has a good trivia question or an interesting subject for discussion in this column, please forward it to me at the above address.

Happy New Year.....
Adrian Cousens (0418-516395)

Improving the Handicap System??????

Based on results for NSW Clubs in the November 2000 issue of Clay Target Shooting News, 55% of clubs, (at least of those 60 clubs who quoted attendance figures), had attendance's of less than 25 shooters, in 3 cases the attendance was less than 15, are we to assume that there would then be three handicap winners incurring no penalty whatsoever for their win, and another 30 handicap winners who happily go on shooting until they win another handicap before incurring any backwards movement? Hey that's wonderful - win two handicaps and only do one metre. Somehow that does not seem quite right or fair to me.

May I say that the personal opinion of someone who doesn't know what the inside the inside of an ivory tower looks like, is that the idea of half metre handicap penalties is ridiculous, not to mention impractical, and to then base this penalty on the number of shooters is even more ludicrous, especially when a careful check of the results pages in the CTSN will show that a large number of country gun clubs around Australia rarely achieve 25 shooters in attendance. We do not have the shooting population that many overseas countries have.

Further could someone please explain to those of us out here in the real world, who incidentally already have more than enough work to do in the "office" how it is proposed to keep track of all the half metre penalties, when a large number of shooters will shoot at several different clubs each month.

Further food for thought, it is difficult enough now to find people who are willing to take on the positions of secretary, handicapper, etc, do you really wish to make the job so complicated that no one will take the jobs on. Think about it - no secretaries, etc, club folds - no club? Oh well we no longer have any reason to keep those nasty guns, so hand 'em over

I feel that it would be very hard to find a fairer or simpler method than that which is already in place, i.e.: Win the handicap do a metre, regardless of how many shooters there are, secretary / handicapper alters handicap on front of card and sends handicap report to ACTA - job done!

Neil Taylor
Secretary / Treasurer
Mt Bogong Clay Target Club

Dear Sir,

I am writing this letter about trap maintenance, or should that be the lack of in some clubs. There are clubs that I have attended shoots for over sixteen years that I am yet to witness bad or "illegal" targets leaving their trap houses or having encountered a major breakdown during the meeting.

Large attendance's and plenty of red chalk on the scoreboard say it all. The committees of these clubs I greatly thank for the years of good work.

On the other hand, you can shoot at clubs in which one or even two of their traps, even as far as to say "all" traps throw all sorts of funny targets, illegal angle heights and way too many broken targets. Even trench like targets, anything but good targets.

You will attend these same clubs months later and find these particular traps doing the same things.

I would like to know how much maintenance and setting these traps are getting.

These are clubs that are asking shooters why don't they support their club.

These are the same clubs that if you mention anything about their targets they respond by saying that it is the same for everyone, or if you complain they call you everything under the sun.

It does not matter what brand of traps these clubs are using or how old they are, I am sure that with a bit of regular maintenance and proper setting they can throw reasonable targets across all of their traps.

Then these clubs can say "it's the same for everyone". I have only one thing to say to these particular committees, SHAPE UP OR SHIP OUT.

If there is one thing for sure in this sport is that we ALL miss targets from time to time, some of us more than others, but we certainly don't need these committees and their targets to help us miss a whole lot more.

It's about time these committees gave shooters a fair go.

Kind regards,
Paul Farrugia

Dear Sir,

The recent success of Australia's fine shooters at the Sydney Olympics has raised the public awareness of Clay Target Shooting. Is this not a prime time for your organisation to grab the opportunity to promote the sport?

We have duel Gold medallists, gold / silver medallists, world champions within the trap shooting fraternity, why not 'seize the day' Michael Diamond and Russell Mark are excellent representatives for clay target shooting, and alleviate any obscure perceptions of men and guns. My young son had heard so much about Michael Diamond over the Olympics he even had him mixed up in the nursery rhymes. "Twinkle, twinkle little star, How I wonder what you are, Up above the sky so high, Michael Diamond in the sky." From the mouths of babes!

Sincerely,
Leah Costanzo

Dear Sir,

I take this opportunity, my first as a member of the ACTA, to write in response to our President's notes on page 2 of the November addition of the Clay Target News.

Our President stated in his report of the NSW State Carnival that, "..... The carnival appeared to be well organised and ran smoothly over the three days." I have a great deal of trouble agreeing with those comments. I say this because of the following events that befell not only my own two children, but also four other juniors that attended this carnival from my home club.

We arrived at Wagga Wagga and attended the National Shooting Ground to register our juniors for the competition. They (3 females and 3 males) registered in accordance with the provided registration form, paid the full nominations (as there were no reduced nominations for any competitor), my daughter Simone, and our club's secretary's daughter Emily, both nominated in the provided square to be eligible for the "Ladies" section, as opposed to the "Junior" section, an option provided on the form. This was not uncommon, as they had followed the same practice at our State Carnival and at the Nationals earlier in the year.

Unfortunately, at the end of the first day's competition, with Simone having placed very well in her chosen category, we were advised, as were several other parents of Junior shooters, that the young female shooters were only eligible for "grade prizes and the Junior section", they were excluded from the Ladies as nominated. To say that this ruling caused some controversy would be an understatement.

Parents and junior shooters protested and held several discussions with Mr Mark McInnes, the spokesperson and elected official of the New South Wales Clay Target Association. We were advised of the following (abbreviated form by reflecting as best I can the tenure of the conversation): -

1. The NSWCTA at it's meeting in June had reviewed the program and had decided to amend the classification of shooters and did not have an "OPEN" Team, therefore Junior shooters would be restricted to their own category.

2. That provision had made for the better recognition of the Junior Shooters achievements at this carnival with increased allocation of prize money for them.

When questioned regarding the nomination forms and lack of notification of such dramatic changes, he (McInnes) stated that they had advised the ACTA (who had been contracted to run the carnival on behalf of the NSWCTA) of these matters. That he had only been made aware of the nomination notice the day prior to the event and had issued instructions to the ACTA office to advise all Junior shooters of the change. This explanation was somewhat different than what we were advised by the ACTA Office Staff. We were then offered a refund if we felt so aggrieved by the changes. When questioned as to the rationale for these changes, as one of the first reasons and examples that he quoted Mr McInnes related to an experience that his association had a few years back where two junior shooters had qualified for both the Open Men's Team and the Junior Team. Both had elected to take their position in the Open Team. At the subsequent National Titles, both had not performed to their previous winning standard, and as a result the Open Team had not been successful. The decision of the two junior shooters to take their rightful place in the Open Team had deprived the Junior Team of the State's two best junior shooters and they had also failed to win their event. This event had caused discussion at their meeting, which resulted in the change of the status of shooters and eligibility standards for teams representing NSW.

Several of those present when this discussion was taking place were appalled that the NSWCTA had made a decision to exclude junior shooters from taking a place in an Open Team, no matter how good their ability or scores were. We gained the impression that winning appeared to have greater importance than the right of any individual who has achieved the required position to represent their State. Mr McInnes made several references to "nurturing" their juniors and not exposing them to unnecessary pressures. I question his true motive and patronizing attitude to our young shooters.

I also question his response that the junior lady shooters were now "recognised" in their own right. I wish to point out to the NSWCTA, that until our intervention, there had been no provision of prizes to be allocated to junior female shooters. This was reinforced at the closing presentation where there were insufficient sashes and medals for all the junior female winners, after the new class had been introduced. And in fact, to this very day Simone has not received her sash or medal.

This injustice did not end with the above events, as a result of this rule change our young female shooters were deprived of the following:

1. Open Ladies High Gun - my daughter was 8 points ahead of the declared winner.
2. Emily Signorotto being deprived of shooting - off for the Ladies Point Score Championship having attained the same score as those that did shoot - off.
3. Elizabeth Barton was deprived of the opportunity to gain selection to the NSW Ladies Team and possibly represent the State alongside her mother.

I beg to then ask the following questions:

1. If the decision was made in June, why was it not communicated on the advertisements placed in the Clay Target News - there would have been at least 2 editions that it could have been communicated in.
2. In who's interest was this decision made. Particularly when we know from our own junior training squad that all they desire to do is compete against the best in the sport and where possible achieve recognition for having beaten their peers.
3. What right has the NSWCTA have to discriminate against junior shooters, in particular our female shooters? They had made no provision to offer any prize to young female shooters until our intervention.
4. Finally, does the ACTA and other State Association intend to follow the same agenda as initiated by the NSWCTA and discriminate against the very competitors that our sport needs in order to grow and survive.

When parents make such efforts to take their children to such prestigious events, in support of other State Associations and at considerable cost, it has caused us to question whether we will

ever support another State's carnival again or expose our young shooters to such inflammatory and in our opinion discriminatory practices. I look forward to our President's response.

*Yours sincerely,
Domenic Tigani*

Dear Domenic,

You are not the first to question my comments about the NSW Trap Carnival. At the carnival I was unaware of this controversy and had left to drive to SA on Monday before the conclusion of the event and the High Gun and Points situation arose. The next day I submitted the Presidents Notes to meet the publication deadline. It was two or three days later that I received the first of several letters expressing concern about how the juniors had been treated at the Carnival. Had I been aware of these situations my comments about the Carnival may have been different.

The ACTA has not proposed any such similar changes for National Championships and I would personally vehemently oppose any such recommendations. Most State Associations I believe are also trying to encourage junior participation in their State Carnivals. I would encourage you to try these and not give up because of this experience.

*John Byrnes
National President ACTA*

Dear Editor,

Following recent events at the ISSF National Championships in Brisbane, I wish to comment on the feelings which were expressed during said championships.

The number of shooters appears to be dropping at every level of competition in these disciplines. Obviously, if there is not as many shooters, it is not economical to continue to pay out the same amount of prize money. Increased prize money will not attract new shooters, but, increased nominations will increase prize money. Hopefully, the distribution of this increased prize money will be wider, and the shooters who are new to the discipline may feel encouraged to continue on with it, if more people benefit from the increase.

The ISSF Skeet shooters are continually segregated from the Trap and Double Trap shooters at ISSF Carnivals. Geographically, it is not possible to have the Skeet shooters shoot anywhere else except far away from the Clubhouse, because at many clubs, there are no Skeet layouts near the Clubhouse. The ISSF Skeet shooters feel that they are lacking the attention that the Trap and Double Trap shooters receive from spectators because their layouts are generally so far away from the clubhouse. I put this forward as a solution: Incite interest by increasing the number of competitors, and giving the spectators something exciting to watch.

To neutralize these problems, the solution amounts to simply encouraging more people to shoot the ISSF disciplines. To do this, takes time, and requires a lot of encouragement at the grass roots level, the clubs. I challenge every shooter who attends the ISSF National Championships to go out to their home club, and encourage one person to take up the discipline. If every person who shoots these disciplines took the time to assist and encourage one person to at least give it a go, the future will look a whole lot brighter for these disciplines.

If the clubs who have the facilities added one event in each of these disciplines to their monthly programme, a few more people may be persuaded to shoot it at club level. If these people then continue to shoot it every month, and their scores improve, they may feel that they would like to attend their State Championships, and from there, they may move on to the National Championships.

In theory, this may be a step forward, but it will amount to nothing if no-one will offer to put in the time required. If we want these disciplines to move forward, we must all pull in the same direction, and expend the energy with which we complain, in a positive manner.

*Yours sincerely
Cherie Reeves*

Dear Sir,
I would like to make comment that in my opinion since "Cuzzo's Ramblings" has been a regular feature of Clay Target Shooting News, the magazine is a much more enjoyable read. I look forward to "Cuzzo's Ramblings" because it's not just a small column, but a comprehensive in depth article that is often as thought provoking as it is informative. Adrian's commitment to our sport is unquestionable and I believe that his opinions should always be evaluated in the context that they are given which is for the benefit of shooters and shooting.

Robert Taylor.

Dear Editor,
I would have thought that one of the jobs of an editor was to proof read articles.

You have printed a letter from the Sec. of Lightning Ridge Gun Club, which surely calls for an explanation. It would be fair to think that the article printed by you about Mr. Bill Attwood, (and the presentation of an opal); should have been clarified before printing.

Surely the writer should have realised that Bill did not write the article, so it was not him saying that he presented the opal; and you should have replied to the writer to that effect.

Bill Attwood has been, indeed still is a very generous supporter of junior shooting and to impugn him in this manner (by not clarifying the details to the writer first) is grossly unfair.

Bill does not need to visit Lightning Ridge to know the virtues of hard labour, and the implication in the writers letter is insulting!

*Your sincerely,
Brian Devitt*

Dear Sir

I am writing in reply to the letter from Mr Charlie Strike of Lightning Ridge, regarding the opals presented by Mr Bill Attwood to several recent lady winners at various State Carnivals. Mr Strike is as obviously confused over this issue as were the authors of the articles in the CTSN covering them. However, the cause of this confusion is in no way attributable to Mr Attwood. I was there at the presentation of at least two of these opals, and on each occasion Mr Attwood went to great lengths to make it known that the opals were in fact donated by Mr Bob Lisle. He further stated that his own part in the process was only to have them set and bring them to the shoot. Mr Lisle was in fact thanked during presentations by the recipients on each occasion. I believe that Mr Strike would have been well advised to get his facts straight, before wrongly maligning the character of a man as honest, dedicated and generous as Bill Attwood.

*Adrian Cousens
Bairnsdale*

Dear Sir

Today upon receiving our copy of the CTSN, I sadly read a letter from Mr. Charlie Strike referring to the opals donated by Mr. Bob Lisle, which were quoted as being donated by Mr. Bill Attwood. Being a recipient of one of those beautiful opals, I would like to make it clear that indeed upon receiving my opal, Mr. Attwood told me that Mr. Lisle had very generously donated the opals.

Whilst giving my speech for winning the State High-Gun, I had the pleasure of thanking both Mr. Lisle and Mr. Attwood for their part in making such a gift available to women in shooting, an area largely overlooked at times. I was saddened by the fact that in the coverage for the State Shoots, credit was not given to Mr. Lisle.

This was most unfortunate, but it was of no fault of Mr. Bill Attwood, who over many years has done a lot for the shooters and should not be discredited through no fault of his own. In finishing I would once again like to thank both these men and also thank the many others who donate to our wonderful sport. Without these people it would not be half as good.

*Yours truly,
Karen Cousens*

Another successful Macquarie Masters at Dubbo

Almost perfect conditions over the weekend of 4/5th November attracted fifty-four members and visitors to Dubbo Gun Club's annual Macquarie Masters Open Championships.

The two day competition commenced with a 25T D/B C/D on Saturday afternoon where thirteen possibles were recorded. The club then hosted the New South Wales State Night Double Barrel Championship which was won overall by Dubbo's Arthur Turner with a score of 66/66 after a shoot-off with Charlie Strike (Lightning Ridge) who won A Grade with 65/66. Roger Squire from the New South Wales club was first in AA Grade with 50/51 from Neville Owens (Tottenham) 49/50. Luke Kenyon (Dubbo) collected second place in A Grade with 48/50 with Mick Daniel from Newcastle leading B Grade 50/50 from Terry Brind (Upper Hunter) 54/57. Noel Bruin from Scone won C Grade with 45/50 from Bob Newton (Dubbo) on 44/50.

Following a double barrel cash divide event on Sunday morning which indicated the excellent conditions with 21 possibles scored, the Macquarie Masters Double Barrel Championship of twenty-five targets was won overall by Arthur Turner with 159/159. Other results were:

AA Grade Peter Kenyon (Dubbo) 139/140 Neville Owen (Tottenham) 105/106

A Grade Gary Crocker (Shoalhaven) 158/159 Ben Squire 127/128

B Grade Rob Naef (Mendooran) 66/67 Brian Barlow (Cerberus Vic) 54/56

C Grade Peter Adams (Dubbo) 24/25 Noel Bruin (Scone) 54/56

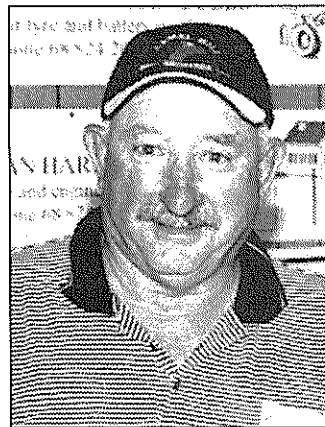

Arthur Turner receives overall high gun award from president Errol Tucker.

The Macquarie Masters twenty-five target Classic Points Score Championship resulted in five tied scores for overall requiring a shoot-off between Roger Squire, Jeff Nash (Canowindra) Garvin

Neville Owen

Terry Brind

Denniss (Goolma) Neville Owen and Arthur Turner. The overall trophy was won by Arthur Turner 129/129 from Jeff Nash who won AA Grade with 128/129. Other Grade winners were:

AA Grade Roger Squire 119/120

A Grade Gary Cocker 80/81 Ben Squire 77/81

B Grade Garvin Denniss 87/90 Brian Barlow 107/108

C Grade Bob Newton 74/75 Noel Bruin 70/75

The major attraction for the weekend was the twenty-five target Double Barrel Macquarie Masters Grand Handicap which commenced with fifteen possibles from Daniel Seve (Upper Hunter) Terry Brind, Roger Squire, Bob Lisle (Lightning Ridge) Rob Naef, Jeff Nash, Ben Squire, Peters Adams, Dave Miller (Cobar), Neville Owen, Ken Fuller (Dubbo) Alan McMahon (Lightning Ridge) Rick Fitzalan (Tottenham) Kevin Walton (Warren) and Charlie Cudmore (Tamworth). After a lengthy shoot-off, the gallery applauded Neville Owen from Tottenham who was placed first with an outstanding score of 95/95 from 21 metres. Second prize

went to Terry Brind (Upper Hunter) 94/95 from 12 metres followed by Kevin Walton 86/87 from 18 metres, Ben Squire (NSW) 62/63 from 16 metres and fifth place went to Jeff Nash (Canowindra) with 55/56 from 22 metres.

Four shooters were tied for High Gun on 149/150, which required a final shoot-off between Roger Squire, Jeff Nash, Neville Owen and Arthur Turner. The coveted overall High Gun trophy and sash was eventually won by Arthur Turner who missed only one handicap target during the day to score 174/175.

The Gun club in conjunction with NSW Field & Game Association Dubbo Branch conducted a twilight and night shoot consisting of five stand clays and skeet during the previous weekend. A good attendance of thirty-two competitors tried their skill at the challenging targets under lights with top results going to Peter Kay, Charlie Cudmore, Dean Delaney, Doug Alcock, Ken Fuller, Peter Adams and Peter Kenyon in both disciplines.

SHOOTERS BOOST CASTLEMAINE AMBULANCE

Rural Ambulance Victoria today thanked shooters at the Castlemaine Gun Club for raising money to assist the Castlemaine Branch Auxiliary.

"The Castlemaine Gun Club held a charity shoot yesterday and raised \$731 for the Castlemaine Ambulance Auxiliary", said Rural Ambulance Victoria spokesman Paul Bird.

"The Charity Shoot involved the club holding two 25 target clay target shooting events, which were contested by 41 shooters from Castlemaine, Kyneton, Maldon, Maryborough and Melbourne".

"The Auxiliary was also supported by a number of Castlemaine businesses that sponsored sashes and trophies for the event".

"Support was received from Star Electronics, Hot & Crust Bakery, Tonks Bros Timber & Hardware, Castlemaine Cycles, Main Dry Cleaners, Castlemaine Automotive Services and the IGA Supermarket in Hargraves Street."

Mr Bird said Rural Ambulance Victoria appreciated the support of community groups such as the Castlemaine Gun Club.

"It is marvellous to see a small group of clay target shooters use their sport to help us provide a better service to the community".

"Community fund-raising events such as this charity shoot are important to the Castlemaine Branch as they enable the Paramedics to enhance their equipment over and above the facilities provided through the Service budget".

"All ambulances have the appropriate equipment necessary for emergency response", said Mr Bird, "but it's always encouraging to see dedicated Paramedics aiming to add to that equipment so they can provide an even better service to the community".

"On behalf of the Castlemaine Branch Auxiliary, and Rural Ambulance Victoria, I would like to thank the Castlemaine Gun Club and the competing shooters for their support".

"We also congratulate the winners of the events".

Riverina Junior Classic

Back in August, 18 Junior shooters participated in the Riverina Junior Classic at the National Shooting ground, Wagga Wagga. Generous sponsorship was provided by the NSW Shooting Association and the NSW Firearms Safety Awareness Council, Stewart Gillman Internationale, Elks Fishing and Hunting: Albury, Ian McGeoch: Gunsmith, Riverina Firearms: Griffith and Downside International Gun Club.

Clay Targets were supplied by Wagga Gun Club and this provided considerable cost saving that enabled the competition to be run with free noms. Whilst the numbers were small the quality of the shooting was high. A feature of the competition was the donation by McDonalds Wagga of "Sports Awards" which was presented to all competitors.

The competition was 60 targets shot as one event be

The under 14 yrs Sponsored by Stewart Gillmans Internationale was won by Garry Barton from Yass 85/100, with second Donovan

Roberts from Coleambally 73/100. The under 15 yrs Sponsored by Ian McGeoch was won by Clayton Anderson from Hay 93/100, with second Elizabeth Barton from Cowra 90/100, and third John Leahy from Albury 83/100.

The under 16 yrs Sponsored by Elks Fishing & Hunting was won by Luke Roberts from Coleambally 98/100, with second Michael Vandergulik from Shepparton 97/100 with third being G. Crisp from Cowra with 78/100.

The under 18 yrs Sponsored by NSW Shooting Association was won Tim Knight from Bendigo 94/100 + 25/25, second was Clint Shields from Coleambally 94/100 + 66/67 and Angus Ferguson from Albury 94/100 + 65/100.

The Riverina zone appreciates the support provided by our sponsors and will be endeavouring to make this competition bigger in 2001.

Shooting under the Jacas

Grafton (NSW) was still recovering from its Jacaranda Festival when 12 November 2000 dawned to a typical November morning. The fine and humid day was an indication that something was in the air for the City of the Jacarandas. The Jacaranda trees at the Grafton Clay Target Club stood with their majestic purple coloring for they knew it was their turn to be the center of attraction.

This was to be the second day of a combined clay target carnival organised with the Coffs Harbour Clay Target Club. The day before Coffs Harbour had experienced excellent weather and a great competition and now it was Grafton's turn.

'El President' arrived at the grounds early. He knew his orders. They were to start the generator and have everything working when the 'crew' arrived but especially to have hot water for that initial cuppa. He pressed the starter button and nothing - flat battery.

Was this to be an omen for the day? Surely not! Some of the 'crew' began to arrive to hear the report on the deafening silence. Onto the crank handle and with a burst of life the generator jumped into action to play its part for the day.

Shooters began to arrive and although a little late with the hot water, our faithful band of ladies soon had the 40 odd shooters and their accompaniment set up with that cuppa. Each shooter was presented with a sponsors' cap and we all knew Which Bank that was.

Winner of Jacaranda Challenge 2000 and overall high gun winner Clem Cunningham with jacaranda Princess 2000 Amanda Slade.

Start time arrived and it was with a melancholy heart that proceedings began with a one minute of silence tribute to our esteemed Life Member and past hard working stalwart Glen Lawrence who had passed away recently.

Event 1 the 25 target Double Barrel Cash Divide soon showed that the competition for the day would be hot with almost a quarter of the field coming in with possibles.

Event 2, the Jacaranda Open Classic was a 50 target event

comprising 25 target Double Barrel and 25 target Single Barrel. Overall winner was Rod Riley from the Tamworth Club with an excellent possible 50/50.

Event 3 was the 25 target Jacaranda Pointscore Challenge. In fact it proved to be a worthy challenge since it was being shot from the 18 metre mark and a distinct wind had sprung up causing the clays to buffet a bit. Still it was exciting shooting with the Overall Winner being Clem Cunningham from the Dorriggo Club with a commendable 74/75. Clem also took out the High Gun for the day with an excellent 146/150. Full results of the program are published elsewhere.

Winner of the Jacaranda Open Classic 2000 Rod Riley with Jacaranda Queen 2000 Tracey Lawson.

Then came the prize distribution and to the delight of everyone, and particularly the prize winners, some of the recently crowned Jacaranda Party arrived. The party was made up of the newly crowned Jacaranda Queen Tracey Lawson, Jacaranda Princess Amanda Slade, Matron of Honour Cheryl Barnes and the President of the Jacaranda Committee June Allen. A representative from our Sponsors was also in attendance and was delighted to see that many competitors were wearing their Which Bank cap that they had been given. He declined to distribute prizes as he claimed he couldn't compete with the competition of the Jacaranda Party. The Jacaranda Party proved a popular hit with everyone and all agreed they are charming ambassadors for the City of Grafton. Most of them had not seen Clay Target Shooting and showed a particular interest in the light of the recent Olympics and asked many intelligent questions.

With the day completed the Jacaranda trees had played their part magnificently. They gave us great weather - superb shooting - we will forget their blunder of the flat battery.

Shooting under the Jacas at Grafton is a delightful experience.

SUNSHINE COAST CLAY TARGET CLUB

Yesterday, the 19th November, the Sunshine Coast Clay Target Club (SCCTC) held their monthly Shoot. 30 keen shooters participated in changing shooting conditions throughout the day. We had the usual contingent from Brisbane, one shooter from Mundubera plus a couple of shooters returning to the sport after a number of years in the wilderness.

The first event for the day was a 50 target double barrel event. Club legends, Kev Howard and Quinto Porfiri backup to decide the winner in AA grade after shooting possibles. 23 targets later, Kev had defeated Quinto in what was to become the norm for the day for Quinto. Phil Grove also shot a possible in taking out the A grade but Club President, Don Portors required an extra 52 targets to loose the second place to Neil Sinclair. Scott Bailey returned to shooting after a year's lay off to shoot an excellent 48 in taking out B grade from Jim Davison. Veteran Bill Wilcocks defeated Mick Marshall in winning the C grade.

Event two was the championship event for the month, 25 targets points. Three possibles were recorded, excellent shooting considering the conditions. After a very short shoot off, B grader, Jim Davison had taken out the title from Quinto Porfiri, who won AA grade, and Neil Sinclair A grade. Deaf mute, Frank Robinson from Mundubera, shot particularly well considering he was using a

borrowed gun in taking out the B grade. And new shooter Tim Travis-Jones is starting to be noticed in taking out the C grade.

The last event for the day was the Club's Champion of Champions event for the year. This event is shot in a medley format of 5 double barrel, 5 single barrel, 5 points, and 5 pair double rise. Wayne Murray and Terry Crowson both recorded 33/35 requiring a shoot off to decide this title. To quote Terry, "I had my arse fairly well whipped" in being defeated by Wayne. Great to see Wayne win the title of Club Champion of Champions for 2000. Terry took out the A grade with Pygmy McAndrew taking out AA grade. Frank Robinson and Tim Travis-Jones again shot well in taking out the B and C grade titles.

For a change, there were no shoot offs required to decide the high-guns. With good shooting throughout the day, Wayne Murray won the Overall. A number of Quinto Porfiri's "friends" were quick to remind him he was clean going into the last event before he lost the plot in the double rise. He was still successful in taking out the AA grade. Terry Crowson picked up the A grade, it has been a long time between drinks for Terry. "Old stager" Jim Davison continues his good run of late in taking out the B grade. And Tim Travis-Jones continues to improve in taking out the C grade.

A couple changes were introduced to the shoot calender for the

remainder of the year. Over the summer months, the night competitions will continue as normal but at the end of the 3 or 4-month period, each grade will be awarded a highgun prize based on the shooters totals posted at these night shoots. To find out more, please get along to the club for more details and support your club. A gentle reminder to some of our club members, it is a requirement of your shooters licence to attend a minimum number of competitions a year.

Also the Christmas shoot programmed for the 17th December will involve 4 events across both trap and skeet disciplines. The day will require all shooters, from both disciplines, to shoot 25 skeet, 25 ball trap, 25 DTL, and 15 pair double rise. Shooters please note, the start time for the day will be 9 AM not 10 AM as advertised.

EVENT 1: 50 TARGETS DOUBLE BARREL

AA Grade 1st Kevin Howard 73/73; 2nd Quinto Porfiri 72/73
A Grade 1st Phil Grove 50/50; 2nd Neil Sinclair 106/107
B Grade 1st Scott Bailey 48/50; 2nd Jim Davison 47/50
C Grade 1st Bill Wilcocks 46/50; 2nd Mick Marshall 46/50

EVENT 2: 25 TARGETS POINTS CHAMPIONSHIP

Overall Jim Davison 81/81
AA Grade Quinto Porfiri 80/81
A Grade Neil Sinclair 75/78
B Grade Frank Robinson 71/75
C Grade Tim Travis-Jones 66/75

EVENT 3: 25 TARGETS MEDLEY (5DB, 5SB, 5PTS, 5DR)

C Grade B. Robinson 19/25

The next major shoot for the SCTC will be our annual January Super Shoot to be held over the weekend of the 13th & 14th January 2001.

Caboolture Clay Target Club

On the 4th & 5th November Caboolture Clay Target Club held its November 2 Day Shoot. We saw visitors from the Sunshine Coast, Gold Coast, Gympie, Maryborough, Toowoomba, Brisbane, Redcliffe, Central Burnett, Townsville, Lightning Ridge, Richmond River, Condo-bolin & Hobart.

The first event was 25 Target Points Championship Phil Grove from the Sunshine Coast won the overall with a score of 87/87 after a short shoot off against Scott Trafford 1st in AA grade 86/97 & Pygme McAndrew 2nd AA grade 77/78. 1st A grade Glen Durre 80/81, 2nd A grade R Jones 79/81, 1st B grade Bill Weedon 73/75 & 2nd B grade Justin Webb 72/75, 1st C grade Dave Gardner 67/75 & 2nd was Brad Stevens 65/75, best Lady Marivic Manalon 64/75, best Junior Travis Vania 74/75 and best Veteran Richard Wright 84/87.

The second event was the 50 Target Medley (25 D/B & 25 Points the overall winner was Daryl Stevens with the only possible 100/100 1st in AA grade was Pat Burke 99/100 & 2nd was Quinto Porfiri 137/140, 1st in A grade John Winnall 99/100 and 2nd in A grade Vince Vaina 123/125, 1st B grade Tom Brereton 96/100 & 2nd B grade Anthony Smits 133/139, 1st in C grade was Ron Roberts 92/100 & 2nd in C grade was Brad Stevens 86/100, best Lady Sharyn Tunney 86/100, best Junior Andrew Smits 93/100 & best Veteran Tom Brereton 96/100.

The 3rd event was 25 Target D/B Championship with 10 possibles the overall went to Daryl Stevens 67/67, 1st AA grade Travis Vaina 43/44, 2nd AA grade Pat Burke 37/38, 1st A grade Phil Grove 66/67, 2nd A grade Vince Vaina 41/42, 1st B Grade Eddie Smits 64/65 2nd B grade Anthony Stegman 31/32, 1st C grade Brad Stevens 23/25, 2nd C grade Ron Roberts 22/25, best Lady Sharyn Tunney 23/25, best Junior Travis Vaina 25/25 and best Veteran Richard Wright 25/25.

An extra event was put on Saturday afternoon not to count in the hi-guns, winners of the Deauville Triples were Karl Nasarenko & Eddie Smits 16/16 & 2nd went to Vince Vaina & Ron Smits 15/16. Saturday night many stayed and came for the meal and live entertainment by local band and the Blue Tongue Wizards.

Event 4 was 30 Target Points for the Martin Gough Trophy the overall winner was taken by the popular junior Travis Vaina with a score of 96/96 well done Travis. 1st in AA was Robert Page 93/96, 2nd in AA grade was A.C.T.A. management member from Tasmania Allan Kenny 104/105, 1st in A grade was Bob Thompson 87/90, 2nd in A grade was Glen Durre 86/90, 1st in B grade Tony Codington 86/90 with local shooter Justin Webb taking out 2nd in B grade with a score of 85/90, 1st in C grade was Tim Travis-Jones 84/90, 2nd in C grade Brad Stevens 85/93, best Lady Meredith Page 83/90, best Junior Travis Vaina 90/90 & best Veteran Bill Stevens 86/90.

Event 5 was 25 Target Handicap with 12 possibles Vince Vaina shot another 34 Targets to take out 1st, 2nd Glen Durre 58/59, 3rd Pat Burke 49/50, 4th Glenn Murfitt & 5th Darren Howard 34/35.

The 6th event was 25 Target S/B Trophy overall was won by Karl Nasarenko with score of 32/32, 1st in AA grade was Wayne Murray 31/32, 2nd in AA grade went to Peter McAndrew 24/25, 1st in A grade Bill Smits 24/25, 2nd A grade Peter Luppi 32/36, 1st in B grade Anthony Smits 25/26, 2nd B grade Paul Chang 25/28, 1st in C grade Damian Murfitt 22/25 & 2nd in C grade went to Ron Roberts with a score of 20/25.

The 7th event was 25 Target D/B Cont. Championship that's when the heavens opened up & stopped the shooting for a while because of the thunder, lightning, hail & heaps of rain, with another 12 possibles all winners were worked out except for the overall, as we were waiting for the rain to slow down there was a mighty crack which put the power out so the winner was decided by a toss of a coin and the winner was Allan Kenny with the score of 44/44, 1st AA grade Kev Howard 43/44, 2nd AA grade Wes Humphreys 27/28, 1st A grade Cam McClymont 42/42, 2nd A grade Vince Vaina 28/29, 1st B grade Eddie Smits 41/42, 2nd B grade Ari Lestani 29/30, 1st C grade Ron Roberts 24/25, 2nd C grade Brad Stevens 22/25, best Lady Sharyn Tunney 25/25, best Junior Travis Vaina 31/32, best Veteran Cam McClymont 42/42.

The three man team was won by Karl Nasarenko, Tony Codington & Tim Travers-Jones with 461/495.

A special presentation was made to Paul Moore, Brad Garrick & Tony Codington all missing 1 target in the Handicap event and the three lost a target for not having shells in there gun, Paul & Brad none in the bottom barrel & Tony none in either barrel.

\$500 went to Peter McAndrew 353/365 for the overall hi-gun, AA grade Karl Nasarenko 352/365, A grade Glen Durre 352/365, B grade Bill Weedon 345/365, C grade Brad Stevens 320/365, Lady Sharyn Tunney 303/365, Junior Travis Vaina 347/365 & Veteran Dick Osborne 339/365.

The boat raffle was drawn by Allan Kenny and the winner was present and in shock, the first prize that Grant Kirkwood won after joining Caboolture was a crab pot now he won the boat don't call Grant lucky call him lucky lucky. Good going Grant.

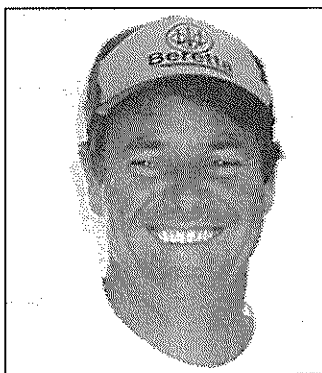

Thanks again to all the sponsors Bunnings Morayfield, B.B.Q. is Galore, Vince Vaina and Anthony Stegman and what a shame that Karl, Marivic & Greg Nagy didn't have to give the \$1000 away because no one shot the possible over the weekend. We would like to wish everyone a safe but Merry Christmas and a Happy New Year.

Ballandean Clay Target Club Celebrates 40 Years

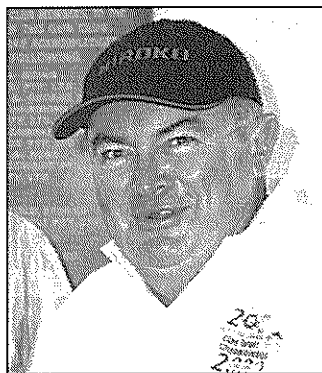

Ballandean Clay Target Club hosted its 40th Anniversary 14th & 15th October 2000. The weekend proved to be a huge success, even with torrid shooting conditions hampering the first day of shooting.

Trap shooting enthusiasts traveled from near and far to compete in some of the blue ribbon events on offer. The incentive of \$5900 in cash and prizes proved a big drawcard, along with the Queensland Clay Target Association allocation of the State Mixed Target event, the Single Barrel event in honour of founding member and past president Chub Smith, and the 50 target Double Barrel Ballandean Clay Target Club 40th Anniversary Graded Calcutta.

The Anniversary Dinner was held on the Saturday evening, a tribute to founding and past members, and the formation of Ballandean Clay Target Club.

Ken McBean, AA high gun

Graham Smith, A high gun

From humble beginnings in 1957, when a group of local shotgun enthusiasts got together and trialed a few locations about the district, to a public meeting being called at Ballandean in 1960. Elections were held and office bearers installed. AJ (Chub) Smith, the first president held the position for 23 years. His brother Noel Smith was voted in as the first Secretary, a position he held for 20 years, and Jack Lynam as Treasurer also 23 years of loyal service. Jack Lynam can still be seen on the lanes at Ballandean at the age of 80, and honoured the club with shooting a creditable 20/25 in the Chub Smith Memorial Single Barrel event this weekend.

The late Les Day agreed to lease land at Lyra for the formation of the Gun Club on the agreement that 1 pound per year be paid toward the lease.

Ballandean Gun Club, as it was then known, held its first shoot in September 1960. Monthly shoots were conducted, and an Annual 2 Day shoot held in May of each year. This tradition was continued until 1978, when the 2 day shoot was dropped in favour of a 1 day event. This weekend had Ballandean host its first 2 day program in 22 years.

Ballandean hosted the 1st and only ever shoot for a Motor Vehicle in Queensland in 1964. 140 shooters lined up for the program with only 2 hand release traps. Local shooter David Odling of Inverary won the black Minnie, it was auctioned later in the day, the highest bidder was a young Bernie Day.

In 1964 Ballandean hosted the Commonwealth Walkup Championship, a title sought by shooters from all over the country. 1971 saw local Les Day win the Queensland Double Barrel event. A highlight on the shoot calendar in the early days was a trap shoot held at Storm King Dam in conjunction with Apple Blossom Week, now known to us as the Apple and Grape Harvest Festival.

The club relocated to its present location on the Ballandean Sports Grounds in 1975.

Some 29 years after the success of Les Day in 1971, saw another local with a State Championship, the State Mixed Targets.

Certainly a highlight of the weekend was this event being won by local hotshot Ray Mascadri. Locals performed very well in the

event, George Costanzo picked up 3rd in AA, Michael Bertinazzi 1st in A, Milco Volpato 1st B, SJ Puglisi 2nd B, Angel Musumeci 3rd B, and Michael Dahl 2nd C and Tim Bonner 3rd. Considering the horrendous conditions shooting was of a very high standard. George Costanzo shot very well on the weekend, along with the 3rd in the Mixed Targets, he collected Overall in the Day 1 50t Double Barrel, 2nd in AA in the Single Barrel and was 5 points off taking home the AA High Gun.

AA High Gun went to Ken McBean of Inverell. Ken, along with his wife and 2 sons performed very well over the weekend. Ben McBean shot off against Warwick favourite, Greg Newey for AA in the 50t Graded Calcutta, unfortunately he dropped his 80th target allowing Newey to take the event. Ken McBean also took a 2nd in AA 25t Pointscore.

Graham Smith of Warwick won the A High Gun. He collected 2nd in 50t D/B Day 1, 3rd in the State Mixed Targets, and 1st in the 50t Graded Calcutta. Local shooter Michael Bertinazzi was just pipped at the post for the A High Gun. He won the A State Mixed Target event, and was 2nd in A in the S/B, shooting consistently good scores in all events.

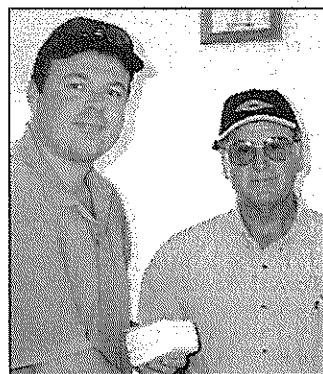

The local shooters had B grade covered, with SJ Puglisi winning the High Gun as well as 50t D/B, 25t Points and 2nd in State Mixed Targets. Along with the 1st in B in the State event, Milco Volpato won the S/B. Angelo Musumeci played bridesmaid over the weekend with 2nd in 50t D/B, 25t S/B and 3rd in the State event. Walter Mattarollo shot the possible, barely pulling a second barrel to win the B 50t Graded Calcutta.

Michael Dahl shot good consistent scores to win the C High Gun, and subsequently be re-graded at the end of the day. He took a 1st in the 25t Points and 2nd in the Mixed Targets. Andrew Loy of Warwick won the 50t Graded Calcutta, 25t S/B and the Mixed Targets, upholding the fine shooting traditions of Loy Family of Warwick. Local shooter and High Gun sponsor Tim Bonner also shot well, he collected 1st 50t D/B and a 3rd in the Mixed Targets. Anthony Cannavo has also remained consistent taking 2nd in 50t D/B and 25t D/B. Cliff Fitch of Texas took the 2nd in the remaining 2 events, shooting off with Andrew Loy for the 50t D/B.

Weekend surprise package came in the form of Rob Auger of Warwick, shooting in his 2nd competition, off the handicap of C 11m. Auger came out and blasted the possible in the 25t Points taking the event Overall. 15 year old Travis Vania of Gold Coast won the Junior High Gun as well as a 1st in the Points event.

SJ. Puglisi, B grade high gun with Ballandean president George Costanzo.

Michael Dahl accepts his C grade high gun from Ballandean VP Ron Songo

Ballandean witnessed a few rising champions over the weekend, with Vania, and young Ben Bloxsome of Glen Innes who took home the Encouragement Award. A convincing total for David Cunningham of Glen Innes gave him the Veterans High Gun. On the Loy front, Carloine won the Ladies High Gun and 2nd in Graded Calcutta B grade. John Loy won A 50t D/B and shot off with John Bacchetti to take 2nd in the 50t D/B Graded Calcutta and 2nd in A 25t

Points. Alec Loy won the A S/B and 2nd in the A Mixed Targets. Michael Loy took out 1st AA in the Mixed Targets and 50t Double Barrel. Michael had something to smile about when his ticket was drawn for nominating for both days, winning an U/O shot gun. Last of the seven Loy shooters, Robin took 2nd in the 50t Double Barrel. The Loy family is a name synonymous with Trap shooting in South Queensland, great supporters of Ballandean and generous sponsors of the weekend.

Another name synonymous with trap shooting, George Scaf of Gold Coast also sponsored our 40th Anniversary. Scaf won the AA 25t D/B event. His syndicate, along with the Warwick syndicates featured prominently in the bidding at the Calcutta Dinner. We congratulate Rhonda Mattarollo for a fine pickup, her husband

Walter, who went on the win the event, as well as a place in her heart and wallet!

Ballandean Clay Target Club hosted a fantastic weekend of shooting. 54 shooters shot the first day in miserable conditions and 66 on Day 2. The non-ACTA 20t D/B event was fought out by 3 past members and a novice. John Baronio won the event, with Steven Baronio taking a 2nd.

Ballandean CTC again wishes to thank sponsors FG Loy & Sons, Aloomba Spreading, George Scaf, Netpro, Stanthorpe Electrical, Maddies Gift Gallery, Ballandean Estate Winery and Ron Wilson Insurance. A committed effort by all club members helped make the clubs first 2 days shoot in 22 years an enormous success.

Katanning Clay Target Club

97 shooters came from all over the State to attend the Cherry Tree Pool Championships held on the 4th and 5th November. The conditions were overcast and windy, but this didn't stop good scores being shot over the weekend. The grounds looked in pristine conditions due to the hard work of the Committee and shooters who had attended a previous working bee.

From left: Sunday winners junior champion Wesley Muntz, ladies champion Elaine Forward, overall high gun Greg holly and Clegg Memorial Trophy Trenton Kowald.

After presentations, the shooters and their families remained for an evening meal compliments of the club. This was followed by

the usual reasons for missing targets over a few drinks and an enjoyable evening was had by all.

Sunday everyone shifted out to the field grounds at Cherry Tree Pool. These grounds owned by Greg Kowald and his family, are loaned to us for the day. The day was fine and hot and we had a field of 129 shooters. Once again, excellent score were shot. Congratulations to Greg Holly on his win.

The day was followed by a BBQ and drinks. Congratulations to all winners over the weekend. They were well deserved.

Cherry Tree Pool Championships - Saturday 4-11-00

Primaries Classic - Overall: C Thompson; AA: 1st P McGowan 2nd P Finis; A: 1st C Thompson 2nd M Daden; B: 1st P Carbone 2nd S Vlahos; C: 1st K Dickens 2nd R Hampel; State Champion of Champions - Overall: J West; AA: 1st G Faulkes 2nd B Kowald 3rd P Finis; A: 1st D Walker 2nd L Shipp 3rd C Thompson; B: 1st I Norrish 2nd T McBride 3rd G Parsons; C: 1st G Doak 2nd V Oliveri 3rd C Scherr; Ladies: E Forward; Juniors: T Black; Veterans: T Catling; Sherwell Classic: Overall: R Bailey; AA: 1st B Kowald 2nd R Balloch; A: 1st R Bailey 2nd R Conning; B: 1st P Carbone 2nd R Holtfreter; C: 1st C Holly 2nd G Doak; High Guns for Saturday (Sponsored by Burando Hills) Open: I Norrish; Ladies: E Forward; Junior: T Black; Veterans: T Catling.

Toowoomba Clay Target Club

The Toowoomba Clay Target Club Inc. held their annual two day shoot on 11th and 12th November.

The weather was fine but cloudy for both days but a bit cold on Saturday night for the 50t state night DB championship which was contested by eight squads resulting in the OA winner being H Potts 48/501.

Over the two days, over nine events, 128 shooters attended. We served lunch on both days as well as dinner on Saturday night which was very well received. OA winner of the 30t DB Darling Downs Championship was G Bedington following a lengthy shoot of 150/150. OA for 15 pair double rise Richard Dean memorial was C Carver 28/30. OA Darling Downs Points was P Black 89/90.

High gun winners, M. Bryan (B grade), P. Black (A grade), D. Stevens (overall high gun), C. Witt (AA grade), B. Sevens (C grade).

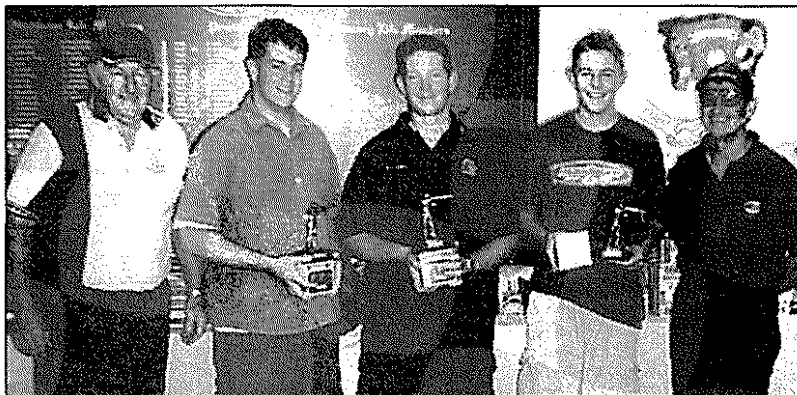

The 20t state Winchester Junior event was hotly contested with L McDonald 40/40 2nd J Wiedon 38/40 3rd M Spargo 36/40. Well done juniors.

The 20 pair Aldo Sceresini Deauville Doubles championship, won following a shoot off by a father and son team - Max and Justin Barton 62/62 2nd C Grimshaw and M Jones 61/62. High guns, ladies - S Tunney 178/215. Junior - M Cauley 187/215. Veteran A Page 188/215, C Grade B Stevens 180/215. B Grade M Bryan 198/215. A Grade P Black 205/215. AA Grade C Witt 206/215. OA High Gun - D Stevens 209/215.

Thanks to many visitors from local and interstate that competed over this programme. Thanks to the shoot marshall, Col Witt and all sponsors and supporters for a successful weekend.

Special thanks to Gold Coast and Warwick Clubs for the use of their voice release units which proved a great success for all events. Full results in January issue of CTSN

RATES AND CONDITIONS

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

PLEASE NOTE: Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates (inc GST) are as follows:

\$11.00 — 0-60 words

\$22.00 — 60-100 words max.

Advertisers must comply with the copy deadlines as detailed on page 2 of this issue, and your name, address and telephone number must be supplied. Copy should be typed or carefully hand-written.

Payment must accompany advertisement.

NSW Members and Dealers

As stated in Firearms Act 1996, Section 54 "A person must not cause an advertisement for the sale of a firearm or firearm part to be published unless:

- (a) the person is a licensed firearm dealer, or
- (b) the proposed sale is to be arranged by or through a licensed firearm dealer and the advertisement contains such particulars as may be prescribed by the Regulations".

The Regulation states, "For the purposes of section 54(b) of the Act, the following particulars are prescribed in relation to an advertisement for the sale of a firearm that is arranged by or through a licensed firearms dealer.

- (a) the licence or permit number of the seller,
- (b) the name and address of the dealer concerned."

The Firearms Act 1996 applies to both the Publisher and the individual placing the advertisement. Failing to abide by this Section attracts and maximum fine of \$5,500.

FOR SALE: 1680 - 1980 Commemorative Beretta Model, 12GA Under-Over muzzle loader unfired, complete kit includes powder flask with measure, shot bag with measure, cleaning kit, spare nipples, gun bought in 1980, still in original box, #X03337B. \$2200

We also wish Roy Ellis all the best with move to Mulwala and thank him for years of dedicated service to our club.

SHEPPARTON CLAY TARGET CLUB INC.

Dear Fellow Shooters

I'm writing this letter to inform all shooters that as of December 3rd 2000, Shepparton Clay Target Club Inc will no longer be shooting from its River Rd Kialla Grounds. At the time of writing this letter the land, which the club owns and has utilised for the past 25 years has not been sold. This has been understandably frustrating for the club as it is difficult to start work on a new gun club without the funds resulting from the sale of the

land. We also need time to remove the shot from our fallout zone as to make the land more attractive to potential buyers.

In the interim the Shepparton Clay Target Club Inc has accepted a generous offer from the Numurkah Clay Target Club Inc to utilise their grounds to conduct our shoots on our prescribed days (1st Sunday of the month). Therefore, until further notice, the program printed in the VCTA program book will remain the same but the shoots will be conducted at the Numurkah Shooting Grounds, until further notice. Shepparton Clay Target Club Inc will keep all clubs informed of further developments.

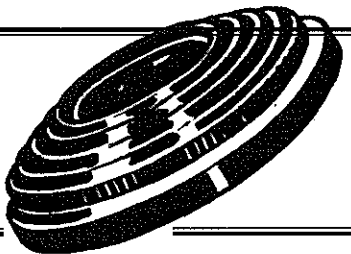

Yours in shooting,
Brendan Corboy
