## National President's Notes

John H Byrnes

### WAGGA NATIONALS

It is now only 4 weeks to the DTL Nationals at Wagga. In last months magazine you will have seen that the programme has been reorganised to improve the carnival. The Nationals and Pre Nationals will now be shot over 2 weekends and include just the one working week instead of 2 as occurred previously. We hope this will make it easier for those who need to get time from work.

### SPONSORSHIP - GREAT NEWS

Beretta Australia has recently announced that they will be on board as major sponsors of this years DTL Nationals. They will be generously sponsoring the National Single Barrel Championship with approximately \$10,000 worth of trophies. I am sure that all competitors will greatly appreciate this support.

In last months magazine we acknowledged Miroku's (Highland Sports) support of the Double Barrel Championship and Browning's (Winchester Australia) support of the Champion of Champions events. We hope all shooters will support these 3 companies who are the main supporters of our Nationals.

### TARGETS

In an effort to ensure that good scores will be shot at the upcoming Nationals a testing programme of targets has been undertaken. The selected targets to be shot will be black corsivia.

### WORLD DTL CHAMPIONSHIPS AND OCEANIC TEAMS

At this Nationals we will be selecting the teams who will represent Australia at the 2001 Oceanic Championships and the 2002 World DTL Championships in New Zealand. this will be a great opportunity for a number of competitors to gain selection in an Australian team to travel overseas.

### AGM

A reminder to all clubs delegates that the AGM of the ACTA will be held at the RSL club on Monday 2nd April 2001. The meeting will begin at 8.00pm with delegates registering from 7.30pm.

# Victorian State Trap Carnival 2000

In sometimes wet and mostly cool condition, the Trap Carnival was again well attended and keenly contested. Echuca grounds were in top shape with the Club committee working tirelessly throughout the weekend to provide an enjoyable time for all. We were well fed and watered by the ladies in the kitchen, ensuring that the inner man and woman were ready for the contest.

### STATE HANDICAP.

Entries totalled 185, and 13 possibles shot off for the Red Sash and Silver Victoria Badge. The VCTA again offered \$1000 in added money, divided equally from 1st to 10th place, in addition to the usual prize money. There were just two shooters left after 101 targets, Socrates Pilipasidis from Werribee Victorian off 21 metres and Reg Walker from Glenvale off 18 metres. They continued past the 200, when Reg missed his 226th target, Sox shot his and took the title making it back-to-back State Handicaps. Third overall was Rob Viney from Echuca 100/101, fourth Danny Moloney 84/85, fifth Greg Coleman 74/75, equal sixth were Glen Hayden and Ossie Hayek both on 72/73, eighth Ian Phillips 66/67, ninth Lee Webber 65/66 and tenth Scott Wythe 58/59. ### STATE DOUBLE RISE CHAMPIONSHIP.

The VCTA State Council had decided to pay prize money down to fifth place in each grade, in the four graded events at the Carnival, which proved popular with the shooters.

181 shooters faced the starter in this difficult discipline. Rob Kirley Mansfield won the Championship outright with 49/50 from Chris Brandon from Junee in second place overall with 58/60, and Rob Rose from Illawarra third with 75/80.

## PREV CHAMP LIST HELP WANTED

Every year, just before each of the National Championship Carnivals, we endeavor to publish a comprehensive list of all the previous winners of that discipline in the CTSN. As the Trap Nationals will be conducted next month, that list is included in this issue. Unfortunately, over a period of time, a number of factual and typographical errors have crept into some of these lists. As we now have the resources to prevent future occurrences of that problem, we have made a concerted effort this year to correct as many of those errors as possible.

We now seek the assistance of any and all interested members to proof-read these lists and advise us of any such errors that we may have overlooked. In addition to this, we are also endeavoring to improve these lists by printing the first names of each of the previous winners, rather than just their initials. If anyone is able to help us with this task as well, particularly with some of the older and lesser-known winners, we would be most appreciative of that assistance also. Please contact the National Office by phone, fax or e-mail.

# Maryborough Tid Bits Qld

[www.mctc.org.au](http://www.mctc.org.au)

A young lady takes her father's fishing boat and drops anchor to do a bit of sun baking and reading when a game warden pulls along side and says you are fishing in a restricted area. The young lady says you would have to be joking I am only getting a tan and reading. Yes said the officer but you have all the equipment for fishing so I will have to take you in and book you. So quickly, she replied if you touch me, I would have you up for rape. The officer sat back a bit and in a raised voice says, but I have not even touched you. No says the young lady you have not touched me but you do have all the equipment. With the deadline for February being before our Christmas Shoot I had to leave it for this copy and as there is only a few days after our shoot in January and February I will leave our shoot till next copies to be on the safe side.

Gympie had a good turn up of over forty shooters and it seems in our area who have given it away for a while but now making a come back. We welcome these shooters.

A mate of mine just returned from a trip to the USA and said driving on the right hand side of the road was great. So I thought I would try this driving on the right hand side of the road just to see what it was like and I can tell you this you have to be a good driver to miss all that traffic coming towards you. So I rang him up and told him he nearly go me killed and he said I have changed my mind about the USA. I said why you were all for America and he said I just heard that the USA has gone Bush. George W Bush.

A man stumbles up to the only other patron in the bar and asks if he could buy him a drink. Why of course came the reply. The first man then asks where are you from, to which he replies I am from Ireland replies the second man. You do not say says the first man. I am from Ireland too, let us have another round for Ireland. Curious, the first man then asks where in Ireland are you from. Dublin says the other man. I cannot believe it says the first man. I am from Dublin too let us drink another for Dublin. Of course if the reply. However, curiosity again strikes and the first man asks what school did you go to. Saint Mary's said the second man I graduated in 1962. That's unbelievable! says the first man I graduated from Saint Mary's and I too graduated in 1962. The bar man had been listening to all this when in comes one of the regulars and asks for a beer and says what's new Joe to the barman who replies nothing much except the O'Malley twins are drunk again.

## 28TH DECEMBER THE DAY THE BIBLE CAME

It was raining, cricket on the television and along come CTSN. So, there is nothing like reading the Bible, watching the cricket and your garden getting watered all at once. It was good to see so many "Your Say" writers for or against it shows shooters are reading CTSN and voicing their expressions. Keep having your say in "Your Say". The one I loved was Leah's young fellas twinkle twinkle little star. In addition, on page 18 I enjoyed the off trap stories in Cyprus of helping the other shooter with ammunition and the tour through the demarcation zone's. These are places we do not realise still exist when we enjoy our Australian way of life, thank you Graham.

## 7-1-01 BUNDABERG PRESIDENT'S AND PATRONS TRIBUTE SHOOT

A preacher man arrives in heaven expecting a great welcome and given a high position in heaven but was not taken much notice of and notices a taxi driver given a higher place than him. I do not understand he complains to St Peter, I have devoted my entire life to the church yet a taxi driver gets a higher position than I do. Yes says St Peter but when you preached many people fell asleep, when people rode in that blokes taxi they not only stayed awake they prayed.

Kingaroy 7th January 29, 2001 Max says their Christmas shoot with 54 shooters from all over was a great day with turkeys, hams, chooks, fruit trays and wine. A good time had by all sounds all right to me. 1st Monthly shoot of year 7-1-014 thanks for results Max don't forget program.

# DAVID KEMP MEMORIAL SHOOT

Oxley Gun Club on Toopuntul Station, NSW, held a memorial shoot for David Kemp on Saturday 27th January 2001. David, 19 joined the Oxley Gun Club when it started, and enjoyed his clay target shooting, particularly the father/son battles with his dad, Graham "Pinky" Kemp. David died in a tragic accident along with three other young people in December 1999.

*A grade and overall,  
Shane Bennett.*

It was a fine tribute to David that such a small Club as Oxley GC could raise 60 shooters, one of our biggest attendances, in an event to honour his memory.

Temperatures were in the mid 30's and not a cloud could be seen as the competitors took to the field in light scrub for a 50 tgt sporting clays event. Due to the number of visitors who had not shot at sporting clays before, it was decided

to follow the main event with a separate event for those who thought that it did not look that hard at all. This also allowed each squad of visitors to be supervised by the more experienced club members.

Seven stands provided a good variety of targets, and with Norm Quick, of Nepean GC (Vic), in charge they were a mixture of the moderate and the difficult. Shane Bennett, of Traralgon F&G (Vic), shot very well indeed to take out the overall with 47/50.

The Kemp family (Graham, Karen, Michelle & Renee) who sponsored the shoot, presented sashes for each grade and for men's and ladies novices at a BBQ held in the evening. With all guns safely locked away the BBQ was a rip roaring affair of the sort which anyone who has attended an outback BBQ would be familiar with.

Many of the prize winners spoke from the heart of their feelings about the loss of David and particularly impressive were the words of Ben "the Fisherman" Gooderham, one of David's best mates who won C Grade, his first ever win.

*Winners are grinners!*

*Graham Kemp and his daughters Renee and Michelle making presentations.*

The door prize, a handmade hunting knife from Wally Bidgood of Mornington, was won by Amanda Wojtylak, also a mate of David's, so a very popular winner.

With many of the competitors camping on the property for the weekend a carnival atmosphere prevailed and many spent time in the Murrumbidgee River cooling down. The smell of a BBQ was always in the air. Many young people attended and by Sunday many of the clubs older members, including the author, had discovered that they were not 20 years old anymore.

It was a great shoot and a fine tribute which, the Kemp family can be well pleased with. Thanks to Mark and Janine Mitchell, managers of Toopuntul Station who arranged the evening events. Thank you also, to all those who attended, participated and helped with the set up of the club. We all know that without helpers nothing gets done.

## Save Geelong Clay Target Club

Dear Member / Friend,

This will be the most important exercise in our quest to change the State Governments mind and allow the Geelong Clay Target Club to remain at its present site.

We are asking if you could all please take the time to construct a hand written letter as set out below.

It is imperative that we obtain the greatest number of letters that we can. In order to do this please ask your family and friends to also write a letter. Once you have these letters please follow the points below.

\*Hand them in to the club or send to the mailing address below

## SOME FURTHER THOUGHTS ON RULE CHANGE PROPOSALS

### 1. Target Settings.

Angles event settings up to 22 degrees left and right of centre, it is my feeling that reducing the angles can only ultimately lead to a lessening of shooting skills, making things easier will not lead to any improvement in skills, no matter what the sport involved, if you happen to take your gun out into the field, do you think that little black duck won't fly past you at 45 or even 90 degrees?

Angles Shoot Off Settings up to 35 degrees left and right of centre, does this not change the conditions for the shoot off? My understanding has always been that shoot offs were to be conducted under the same conditions as the event, can anybody tell me when this changed? However if the objective of these changes is to have large numbers of shooters contesting prolonged shoot offs, well and good, but, has anyone considered the effect of such shoot offs

on the small one trap club, it can really screw up the days programme, image the effect of a 200 plus target shoot off on such a club, great fun trying to complete the days programme. (This is not a wild dream, I have actually seen this happen, even under the old rules), not to mention the possible financial impact of large and prolonged shoot offs on the small clubs. Do we now have to consider the possibility of charging shooters for their shoot off targets in the case of a prolonged shoot off? Hopefully this situation would never arise, but who can tell?

## 2. Grading

15 Metre Percentage to include all 15metre scores, does this mean that 'Eye Opener' scores are to again be included in grading calculations? If so it once again opens up the opportunity for the unscrupulous shooter (but we don't have any of those do we?) to 'throw away' a target here and there in the eye opener and thereby maintain a lower grade than his true grading (Nobody would do that - would they?), still I guess we could get around that by shooting all eye openers off 16 metres.

Furthermore, after stating that ALL 15 metre scores are to be included, you then go on to say that low score are NOT to be included, isn't this just slightly contradictory?, and as to the 8% does this relate to the shooters overall percentage or his grade percentage?, either way is all means more work for the already busy office workers.

## 3. Double Rise Grading

Finally could someone please explain to me (Preferably in words of one syllable) why, after all these years, there is suddenly a need to introduce a separate Double Rise Grading system (Apart from still more work for those office people), when, as the majority of clubs would have no more than 1 or 2 double rise events in a year, it would seem that they are not the most popular of events.

Summing up I would be interested to know exactly who the 'Interested Shooters' were, as talking to club level shooters around the traps, the majority seem to feel that the proposed changes are not necessary, and constitute a step backwards when it comes to improving shooting skills. On further consideration of the target angles and settings, they seem remarkably similar to the ATA target settings so I have to wonder if for "used internationally" I should be reading "used in the United States of America" and if the next rule change will be Double Barrel is out all events now Single Barrel.

First, I would like to express my sincere thanks to Bill Attwood and his hard working mates in producing and presenting the Opal trophies as he assured me he would do. It is not very often that you find men who live by their word and I am very proud and honoured to have met Bill at the Nationals.

If the future permits I shall help again, so keep up the good work Bill, every shooter needs people like you.

## Proposed trap rule changes 18th November, 2000 ACTA Journal

The last rule Book printed (ink still not dry) and effective 1/01/2000, but alas still can't get it right, we need more changes. When will it stop? The cost of printing and collating these rules must be high. If I remember years ago they said rules were to stay for at least a period of 5 years without change. I have been Secretary of the Bundaberg Clay Target Club inc for the past 13 years and for nearly all of those have been handicapper, but now another lady Janice a shooter also, do the card voluntary (none of us paid). We have had enough of rule changes, we can't keep up with them, with all of these 1/2, 1 and 1 1/2 meters you will have to have a degree in SOMETHING to keep up to all of these changes.

I heard years ago "WE" the shooting fraternity have got the rules right. With all of these rules changes we wonder why we are

loosing shooters. As most clubs shoot some handicap events, if these rules come to fruition, I feel some clubs will opt not to shoot handicap events and this will defeat the purpose of these changes to try to catch the few who try to beat the system. They are only hurting themselves.

I feel that most of people who try to implement rule changes have not been involved in this side of the shooting clubs running shoots from an office point of view or maybe only at larger clubs.

We are Australian and do not need to follow other countries to appease a few. We need shooters from all walks of life who enjoy the shooting for shooting sake to keep shooting alive and to bury it in continuing rule changes. We have enough restriction with the new Gun laws.

Come on shooters have your say on the new proposed Trap Rule changes.

*Thanking you  
K Rehbein.*

Dear Sir,

After discussions on rules changes with shooters wherever I travel, I have yet to find anybody who agrees with Mr McInnes and his committee. I think you people must live on another planet. Letters from Jim Boyes and Geoff Archer in the February 2001 "ACT Shooting News" are spot on and Mr McInnes and his team should take note and immediately reassess their changes.

As Jim Boyes states there are no benefits to be had in the skeet changes plus 15 seconds for a shot only promotes primadonnas that detracts from equitable sportsmanship.

Geoff Archer's assessment of handicapping should be considered and implemented. Really a half metre handicap is pathetic. In fact I think Geoff Archer's analysed assessment of handicapping as it now stands would have by far the majority of shooters agreeing with him.

The changing to 22 degrees and then 35 degrees for shootoffs is an appalling decision and time wasting.

All the clubs I visit are run by volunteers and it is usually the executive doing all the work, organising the events, taking responsibility and trying to enjoy themselves shooting. Now you come up with this additional damn nonsense burden on them.

Between your lack of consideration of the points mentioned and the additional government red tape, no wonder some clubs just linger and barely survive and executives loose heart.

*Michael D Collins  
Atherton*

## The Winner

Joseph Raines of Lightning Ridge Gun Club proudly displays the new Under & Over gun that he won in the Bower Bird Competition, which was run for the Best Junior over 2000. Bob Lisle the sponsor of the Bower Bird Trophy set a tough programme for the gun, and Joesph won through with persistence. His smile says the rest.

## **Dennis John Mackie**

**16.3.1928 - 16.12.2000**

The New South Wales Gun Club regrets to announce the passing of Dennis Mackie. Dennis was a long time member of this club having joined in 1974 and served for some time as a Director. He was a very fine Trap and Skeet shot who firmly believed that the sport of shooting should always be bigger than the participants. His other activities was President of Port Macquarie Gun Club for three and a half years and an accomplished fly fisher being a member of the Rod Fisher Society. Always a gentleman and will be missed by many.

## **Bruce James Walker**

**June 28th 1936 - January 13th 2001**

Maryborough Clay Target Club lost a valued friend and member when Bruce lost his battle with ill health on January 13.

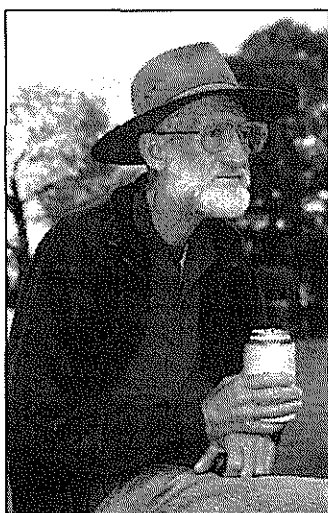

Born on the family farm in Wangaratta, Bruce was a tireless worker, first shearing and then moving to North Queensland as a timber-cutter. After retiring to Bundaberg, he was able to devote more time to his shooting and pass on his love of the sport to grandson, Jarrard Smith. We look forward to helping Jarrard achieve his potential in clay target shooting - Bruce would like that.

Bruce was a gentleman and a good sport and will be missed by his fellow shooters.

The members of Maryborough Clay Target Club extend their sympathy to Bruce's wife, Patricia, daughter and son-in-law Robyn and Jeff Smith and grandson Jarrard.

## **Barry Munt**

Barry Munt has been one of the stalwarts of Skeet shooting for longer than I can remember. I think I first met him back in the early eighties when I visited the Darwin Gun Club a couple of times in my quest to hang a Northern Territory Skeet Sash on my trophy wall. Over the ensuing time, even though I would only see him once or twice a year, I came to know him quite well and eventually included him on my list of good friends. Although he was usually quiet and reserved, he was always the first one there to offer to lend a hand when required. He was always a fair and honest competitor and was universally considered to be one of the true gentlemen of our sport. Back in my column in the January 2001 issue of the CTSN, I had the pleasure of thanking both Barry and his close friend Phil Crute for being the first ones there every morning at the Skeet Nationals to help me out with that most arduous of tasks, refereeing and scoring

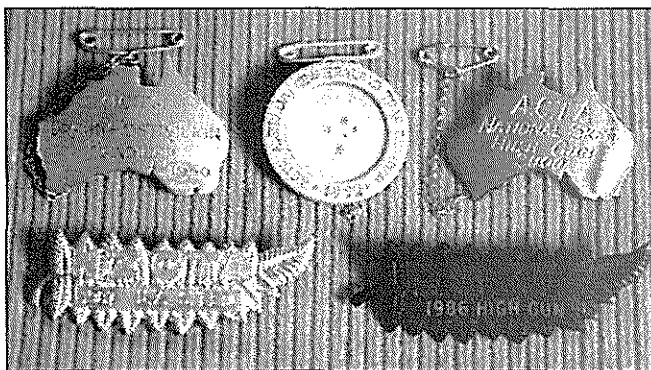

the first flight. Sadly I now have to advise that the Skeet fraternity has lost one of its keenest competitors and most ardent supporters. I miss you already Barry, and I know that my sadness is shared by the entire clay target shooting fraternity.

*Adrian Cousens*

# **CUZZO'S RAMBLINGS** **MARCH 2001**

When I originally agreed to write a monthly column for the CTSN, it was suggested that the content should include coaching pieces, shoot reports and topical articles. However, it was also agreed that, from time to time, I should enter a veritable minefield, and publicly air the various grievances and controversies that are generally overheard being debated behind clubhouses. In this way it was thought that these matters could be brought out into the open, correctly addressed, and hopefully resolved to the satisfaction of the majority. With that in mind, I intend to tackle several provocative issues this year.

The first such topic is Silver Australia Badges. These are the little metal badges they give you at the Nationals, if you win any of the designated events. Those events are the various National Titles and the Overall High Gun. At the Trap Nationals they also give out an additional badge to the Mackintosh Team High Gun winner. Interestingly, the term "Silver Australia Badge" is usually applied fairly loosely.

*The three types of "Silver Australia Badges" — Silver, Round and Gold along with their New Zealand counterparts, the "Silver Ferns".*

It generally also includes two other badges that do not strictly conform to the definition of being silver in colour and cut in the shape of our country. One is gold rather than silver, and the other is a different shape. The gold one is quite easy to work out. Because the Overall High Gun is considered to be the most prestigious event of any Nationals, it was decided to make the corresponding badge indicative of that additional prestige, and thus it is gold plated. The other one is a little more confusing.

For reasons that have never been clear to me, one of the events at the Trap Nationals has an odd and non-sequential name. It is the Pointscore event, and instead of being called the Australian National Pointscore Championship, it is titled the Australia - New

*Some States now provide their equivalent of Silver Australia Badges.*

Zealand Trap Championship. In keeping with its strange name, it is also the one with an unusual badge, which is round in shape, and about the size of a one-dollar coin. Its designation is inscribed around the perimeter, rather than across the middle, which is recessed with the Southern Cross engraved into it.

The reason I have raised the issue of these little badges this month is because a rather unique problem has developed with them. That problem is worsened by the fact that the 90% of the people who are not affected by it, are pretty much oblivious to it. And the other 10% are mostly quite passionate about it, and yet are almost universally hesitant to either discuss it openly or do anything about it. During my research, I spoke with quite a lot of the people who have these badges and initially most of them simply stated that they had no comment on the matter and/or did not want to be drawn into it.

This is mainly because the issue is extremely sensitive and most of them were concerned that their outlook would be unpopular, and make them enemies they did not need. However, once I agreed not to quote their comments, or even admit to them being a source of reference, it was like opening Pandora's box. Nearly everyone was acutely aware of the problem, and some of them were extremely outspoken about it. Although most people could not offer a solution to the problem, they were almost universally in agreement that a solution needed to be found, and the sooner the better.

So what is the problem with these little badges? Nobody wears them anymore! Once upon a time, most of the people who had them, wore them at least occasionally, and almost certainly once a year. The Trapshooters started that practice. I think it was originally Newton Thomas's idea. The plan was that everyone who attended the Trap Nationals, and had won Silver Australia Badges, wore them on the day of the Mackintosh Team Shoot. After a while, the Skeet shooters picked up on this, and started wearing theirs on the day of the National Skeet Championship.

Sadly, both these practices have now fallen into disuse, and I have not seen anyone wear one of them for ten or twelve years. Why? Well unfortunately their disappearance is only a symptom of the real problem, which is the fact that they now give away too many of them each year, and this has caused them to devalue. A good analogy would be if the Reserve Bank decided that, as the several hundred people who currently have a 1930 penny are very happy, they would get out the old dies and remint several thousand more, in order to make a lot more people very happy.

In order to get a clearer understanding of the problem, let's look at some history. Up until about twenty years ago, Silver Australia Badges were only given out to the overall winners of the designated events, which made them rare, prestigious and very desirable. Thus, the wearing of them on special occasions was something the recipients could do with great pride, much to the envy of the spectators. However, around that time, it was decided to conduct two concurrent divisional events as part of the National Double Barrel Championship. These divisions were for Women and Juniors, and rightly or wrongly, the decision was made to give out Silver Australia Badges to the two concurrent winners as well.

I can clearly recall the time of this decision, and remember thinking that the whole thing was a great idea. However, it never occurred to me that the concurrent badges would not be made slightly, but noticeably, different to the Overall winner's badge, so that you could easily differentiate between them. I vaguely remember thinking that they would probably be made slightly smaller, which in hindsight is probably not a viable alternative. Anyway, when the concurrent badges finally appeared, and turned out to be identical to the "real ones", I was surprised to say the least, and immediately saw the potential for the current problem.

Over the ensuing twenty years, rather than this problem finding a solution, it has steadily increased in proportion, due to each of the other five major events at the Trap Nationals gradually attaining the two additional concurrent divisions, and then most recently, another separate concurrent division for veterans also being added to each of the six events. The nett result of all this is that we now give out each year, in addition to the eight overall badges, eighteen concurrent badges as well.

So the problem we now have, is that neither group of recipients will wear their badges. The owners of the concurrent badges tell me that they won't wear them because they would feel like pretenders, and would be embarrassed to have to explain to any enquirers that they weren't "real ones". And the owners of the "real ones" tell me that they won't wear theirs, because they feel that the influx of additional identical badges has devalued them.

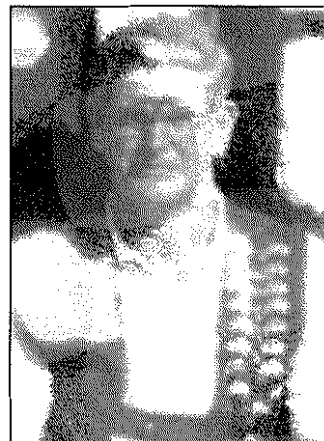

The one redeeming feature of this whole mess is that neither side appears to feel any antagonism towards the other. In fact, quite the opposite. Nearly everyone I spoke to, on either side of the fence, empathised with the other group, thought the problem to be unfortunate, and simply wished for a solution of some kind. Interestingly enough, very few of the people I spoke to, including many of those who were quite passionate about it, had any sort of solution to offer. Most of them were vaguely interested in my original idea of a slightly smaller version of the original badge, but that plan aborted immediately when someone came up with what I believe to be the perfect answer.

Like most brilliant ideas, it is so simple and obvious that it's hard to figure out why it wasn't thought of earlier. We currently have a Gold Badge for the High Gun, and Silver Badges for the individual events, and the time-honoured progression for metal awards is gold, silver and bronze. So why not award a Bronze Australia Badge to the concurrent division winners. That way each badge would be immediately obvious for what it was, and everyone could wear their respective badges with the pride that they deserve. And as an added bonus, manufacturing costs would be minimised, as they could all be made in the same die.

During the course of researching the concurrent badge issue, I uncovered another smouldering problem with Silver Australia Badges. Back in 1971, Doug Smith and Newton Thomas set a precedent, when they were tied on two points down for the Mackintosh High Gun, and decided to split it, instead of shooting it off, as was the established procedure at that time. This meant that they were listed as co-winners, and both received a Royal Blue Sash and Silver Australia Badge. Following this, we have had periods of time when the ties were shot off, and periods when they split. I believe the current procedure is to split and pronounce co-winners. It's interesting to contemplate what will happen the first time that half a dozen people are all tied.

My discussions with many of the current top echelon of shooters has shown that this whole splitting procedure is extremely unpopular, as they seem to believe that it further devalues the Silver Australia Badges. I can see their point, particularly when you consider that on several occasions there have already been three way splits, and in one four year period, from 1977 to 1980, a total of ten badges were given out as a result of this splitting. Another undesirable progression from this practice could occur if two or three people were tied on 125/125 for the National Champion of Champions one year, and decided they wanted to split that event too, instead of shooting it off. They could cite the precedent of the Mackintosh High Gun and ask to be named co-winners, and each get a Royal Blue Sash and Silver Australia Badge.

A similar situation occurred at the World Skeet Shoot on one occasion, when Al Buntrock and Tommy Hefron decided to split the World 12 Gauge Skeet Championship after about 40 rounds in the shoot-off. That decision ultimately proved so unpopular that a new rule was added to the NSSA rulebook, before the following years shoot, so that co-champions would not be permitted. During the time I lived in San Antonio, I got to know Tommy Hefron quite

well, and he assured me that in hindsight it definitely wasn't a good decision, and that if he had it to do over, he would certainly shoot to finality.

Please think both these issues over very carefully, and then pass on your thoughts to either your National Executive members, or directly to the ACTA Championships Committee. In that way, these people will have the maximum amount of competitor input to guide them, when they sit down and accept the responsibility of making the administrative decisions that control our sport. The desired objective is to bring Silver Australia Badges back out on display, and restore their prior position of eminence. In this way they can once again enhance the spectacle of our sport in general, and the Nationals in particular, rather than languishing in drawers gathering dust

This month's Shooting Trivia Question: How many Silver Australia Badges have been won by left handed shooters at the Skeet Nationals? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 25-03-2001. The first correct answer drawn shall receive a free entry to this year's National Skeet Championship. The correct answer to January's STQ was: The only twin brothers to have ever won the same event in different years at any ACTA Nationals are Julian and Adrian Lucchitti, who won the Commonwealth Skeet Championship at the Skeet Nationals in 1998 and 2000. Interestingly, Paul and Michael Lyons almost qualified, but lost out on a tiny technicality. They have each won the Double Rise at the Trap Nationals, they are brothers and they are twins. Their only problem is that they are not twins to each other. The first correct answer drawn was submitted by Doug Moorby from Bathurst in NSW, who wins a free entry to this year's Commonwealth Skeet Championship.

## Mount Isa Gun Club

33 shooters in total contested the first shoot of the 2001 year at the Mount Isa Gun Club on Saturday 13/01/01. This was the best turn out for a January shoot for several years.

The shoot was a day/night occasion with Sporting in the afternoon followed by Down-the-Line events at night.

Event 1 consisted of 25 Sporting or Simulated Field targets and the expected challenging targets did not disappoint anyone with no possibles being recorded. Ross Walsh shot 22/25 to take A grade while Ron Power and Ian Harris took out B & C grades respectively with scores of 20/25. The large number of entries caused event 2 to be reduced to 15 targets to allow completion before dark. Mick McGill won A grade with 12/15. Dave Stitt won B grade with 12/15 while Daryl Grant collared C grade with 10/15.

Sporting is only shot a couple of times per year but this occasion was enjoyed by all participants.

Before commencing the Trap program, a shooter is drawn to compete for the club jackpot. This consists of five targets shot single barrel from drawn metres between 11 and 25 metres. Mick Coleman was the drawn shooter with metres of 15,15,12,15 and 20m. Unfortunately, the extra distance on the last target was too much for Mick so the Jackpot increases again next month.

Event 3 consisted of 25 targets Double Barrel. Ross Walsh using his brand new Beretta for the first time in competition won A grade with 25/25. B grade went to Jim Edmonds with 25/25 while Kevin Moss claimed C grade with 23/25.

Event 4 was 25 targets Single Barrel. A grade was won by Bruce Murphy with 27/28 following a short shoot off with Ross Walsh 26/28. Joe Sebastiani Snr won B grade with a fine 23/25 while Nick Kemp was tops in C grade with 19/25.

Event 5 consisted of 10 pair of Double Rise targets, another rare event at the club. Bruce Hall won A grade with 52/70 following a long shoot off with Ted Matthews. The evergreen Alan Lord claimed B grade with 15/20. Kevin Moss following a shoot off with Joe Sebastiani Jnr won C grade.

## Top year for Clay Target Club

Castlemaine Gun Club President Noel Blake said the clay target club had experienced its most successful year, and consolidated its position as one of the leading clubs in country Victoria.

"Yesterday was our final clay target shoot for 2000, and it was attended by 66 shooters, many of whom brought family with them to join in the Christmas festivities" Mr Blake said.

"One of the highlights of the day was the presentation of the Club's Annual Aggregate sashes, which go to the shooter in each grade who has the most number of targets over the year".

"The sashes were presented by Hon Bob Cameron MP, Member for Bendigo West, and Mr Cameron received a Certificate of Appreciation from the club for his active support of our continual growth."

## State Trap Carnival — Kingaroy.

The full program will appear in the April Shooters News, until then here are some points of interest that may help you decide to come to Kingaroy for 5th, 6th & 7th May.

QCTA Nominations Policy allows 60% nominations for women, junior and veterans per event with NO discrimination in the allocation of awards. Yes, that's right, if a junior wins the overall championship, they still take the junior section.

For the first time this year the Championship events will be shot in rounds of 25, in the past it has been 50 straight with a shell break in the middle.

The Kingaroy Club has done major improvements to their shower and toilet facilities and has recently completed an awning along the front of their Club house in readiness for this year's Carnival. Come to Kingaroy, you know the place — Sir Joh and Lady Flo live there . . .

If you would like accommodation information, contact Club Secretary Max Behm on 07 - 4162 1791.

## Zone Coaching:

The QCTA South-East Zone have programmed a Coaching Day at the Maryborough Club on Saturday 24th March from 9.30am through until 4.30pm. A small charge of \$10.00 will apply to cover the cost of the targets — lunch will be available. All ACTA members will be welcome.

More information can be obtained from Zone Secretary, Michael Dahl 0414 530 101 or Zone Coaching Co-ordinator, Chris Harrison 07-5498 5992.

The Maryborough Club has their Annual 1 Day shoot the following day — Sunday 25th March — so why not make it a weekend.

## Date Correction:

The Goondiwindi Clay Target Club Secretary, Richard Cairns has advised that they made an error with the dates for their Annual Shoot when submitting for the QCTA Program Book. Please make the following adjustment — Goondiwindi Annual Trap will be 8th/9th September, 2001 and will include the State Day Deauville Doubles Championship.

## Thanks Coach, Thanks Ref Campaign.

A campaign launched in October last year by the Queensland Government, Department of Communication and Information, Local Government, Planning & Sport, to recognise the efforts of hard working coaches and officials, many of whom are volunteers at the grass roots level.

Each sport was invited to nominate an "Ambassador" or contact person — QCTA appointed Colin Witt.

All QCTA Clubs are invited to nominate people from their Club who "put in the hard yards" and more often than not, never receive thanks, acknowledgment or recognition of any sort. Nomination forms can be obtained from the QCTA State Office (02-6762 5525) or from Colin Witt (07-3397 0939 AH).

Nominees of the "Thanks Coach, Thanks Ref" award will be presented with their awards at identified events by either the Hon. Terry Mackenroth MP, Minister for Sport, Members of Parliament or Campaign Ambassadors. Alternatively when this is not possible, awards will be presented by the QCTA President or respective Zone President or Delegate.

Initial recipients for QCTA have been Neal Dimmick, Bill Turner and Don Cameron. Congratulations to all three.

Further information about the Campaign can be obtained from the QCTA State Office, Colin Witt or you may like to visit the web site : [www.sportrec.qld.gov.au](http://www.sportrec.qld.gov.au) and follow directions to the "Thanks Coach, Thanks Ref" page.

## State Teams to Trap Nationals:

Time to congratulate the Qld. Trap Teams on their selection, and wish them every success at the upcoming National Championships — OPEN TEAM: Ray Collinson, Barry Bosworth, Bill Koitka, George Sckaf, Col Witt

WOMENS TEAM: Annette Vassalini, Carol Betteridge, Diane Reeves

JUNIOR TEAM: Travis Vaina, Heath Cauley, Matthew Gall

VETERAN TEAM: Barry Nasser, Lyle Vidler, Gerry Hermle.

Try as Teams have in the past, the Best Presented Team trophy continues to elude the Queenslanders, there has been some suggestion that a fit out in sequin covered G-Strings may be the answer this year, but you will have to be at the Nationals to see what surprises have been thought up !!!

## 2001 Overseas Skeet Contingent Venues:

A further reminder, as you are taking the wrapper of the Shooters News — the first venue for the year — Brisbane Sunday 4th March — 100 targets will be upon us.

The Western Zone follows on Saturday 12th May at Roma to be followed by the Central Zone venue — Tallawalla (Blackwater) on 7th/8th July. The Burdekin Club

(Ayr) on the 11th/12th August is the Northern venue and the final and compulsory for the year will be the State Carnival at Toowoomba 14th to 16th September.

If any skeet shooters or prospective skeet shooters would like more information on this rewarding series, don't hesitate to contact the State Office — 02-6762 5525.
