## National President's Notes

*Bill Jones*

### Junior Development Camp

The final camp for 2004 was held Sept 28th, 29th and 30th with 17 Juniors in attendance. Six of these young shooters continued on into the NSW Championships with the entire NSW Junior team comprising shooters who had attended the camp.

My thanks to Russell and Lauryn Mark who organised the coaching for the camp.

Applications are now being called for the 2005 Development Camp and I encourage all Junior's to make their application direct via the National Office to Andy.

### NSWCTA State Championships.

Held at the National Ground.

Once again the Gemini Trap - Corsivia Target combination threw quality targets with some excellent scores being recorded.

Cobar shooter Bryan Manns shot 646 Double Barrel straight and quite a few Single Barrel breaks were recorded as well. Ben Rumbel shot the 50/50 in Double Rise to continue his good form. Victorian Shooter Phil Grainger shot 117/117 to take the Single Barrel and 573/573 to also win the Double Barrel. A great effort.

Kevin Perkins and Michael Diamond were inducted into the NSWCTA Hall of Fame, which also saw the official opening of the Hall by Warren Charlton. The Hall of Fame is now fitted out with showcases and is a credit to the NSW Association.

# World Cup Final 2004 Slovenia

***Coach: Greg Chan***

***Trap: Adam Vella, Suzy Balogh, Stacy Roiall***

***Double Trap: Tom Turner, Suzy Balogh.***

Outside of the Olympics, and the World Championships, the World Cup final is the most prestigious tournament on the ISSF shooting calendar.

It is held every year and is an invitation only event that brings together the world's top 12 shooters in each of the three Olympic clay target disciplines. The twelve contestants are made up of the defending champion, the three Olympic medallists (in the Olympic year) and the top 8 shooters from the World Cup series for 2004.

This year we had a record number of shooters qualify which is a good indication of the shape Australian clay target shooting is in. Others to qualify but unable to attend were Michael Diamond, Susie Trindall, Steve Haberman and Lauryn Mark.

The team travelled for 28 odd hours via Singapore to Frankfurt then on to Ljubljana in Slovenia, then just to top it off, a two hour bus trip to our final destination of Maribor in the west of the country.

***World Cup Team***

Slovenia is a very small country of some two million people nestled between Italy, Austria, Hungary and Croatia. It was a part of the old Yugoslavia and as you would expect of eastern Europe, is very mountainous. The area is famous for its wine and honey and during winter is a popular destination for skiing. Our hotel was in fact a ski resort with ski slopes and chair lifts right outside the door.

The shooting range is privately owned, with 3 trap layouts and 4 skeet ranges, all equipped with Mattarelli machines. Next year it will be expanded to 6 trap and skeet ranges for the European Championships, then to 8 ranges in 2007 for a world cup. There are two clubhouses, an original small one and a very large new one

just being completed when we arrived. The grounds were beautifully maintained and one look at the background of grass, green meshing and trees indicated that scores would be fairly high, weather conditions notwithstanding.

The weather on arrival was perfect at around 23 degrees, but as is normal, deteriorated to cold, rainy windy 14 degrees when competition started.

#### Women's Trap

1. Stefecekova Z. SVK 71 + 24 = 95
2. Gao E. CHN 70 + 21 = 91 + 1
3. Balogh S. AUS 72 + 19 = 91 + 0 (25 24 23)
4. Ma H. CHN 69 + 21 = 90
5. Laritcheva I. RUS 68 + 21 = 89
6. Santasilia M. ITA 68 + 18 = 86
9. Roiall S. AUS 62 (20 20 21)

A tremendous effort by Suzy to shoot her personal best of 72 in qualifying. Unfortunately a sub standard final relegated her to a shoot off for the silver which was won by the Chinese shooter Gao. Stefecekova the Slovakian shot a tremendous 24 in the final to clinch the gold. A bronze at the world cup final against this class of competition is a fantastic achievement and showed that Suzy was able to maintain her Olympic form and well and truly deserving of the number one world ranking she currently holds. While Stacy was disappointed with her result she can be proud of her achievements this year in winning a world cup and qualifying for this event in her first year on the circuit. We all know what she is capable of and with the international competition she has experienced this year will be one of the top women over the next few years.

#### Men's Trap

1. Vella A. AUS 122 + 22 = 144 + 3 (25 24 25 23 25)
2. Alipov A. RUS 120 + 24 = 144 + 2

**Maribor Shooting Range**

3. Pelliolo G. ITA 120 + 23 = 143 + 1
4. Bade L. USA 121 + 22 = 143 + 0
5. Nummela P. FIN 119 + 23 = 142
6. Malone D. IRE 117 + 21 = 138

What a superb effort by Adam to win in this field! His 122 in qualifying made light of the unpleasant conditions but an ordinary 22 in the final pitted him up against the Olympic gold medallist Alipov for the gold. Alipov drew the favoured number one shoot off position and they went shot for shot until Alipov missed his third to give Adam a much deserved win. An Olympic bronze, now a world cup final championship, truly an amazing year for one of the best trap shooters in the world. The bronze was won by the Italian Pelliolo the Olympic silver medallist, which confirms why these three are at the top of the current world ranking's.

#### Double Trap Women

1. Li Q. CHN 102 + 37 = 139
2. Hansen P. SWE 103 + 33 = 136
3. Lee B. KOR 101 + 34 = 135 + 4
4. Gao E. CHN 103 + 32 = 135 + 3
5. Inoue M. JPN 100 + 31 = 131

**Suzy Balogh on the dais.**

6. Ding H. CHN 99 + 31 = 130
- 10 Balogh S. AUS 85 (33 30 22)

Conditions for the double trap had deteriorated even further making the targets difficult to break. Scores were lower than expected as most struggled to cope with it. Suzy never found her timing, which is so important in doubles while the winner Li of China managed a good final to come from behind and overtake Hansen of Sweden, with the Olympic silver medallist Lee of Korea taking third place.

#### Men's Double Trap

1. Innocenti M. ITA 140 + 45 = 185
2. Eller W. USA 132 + 47 = 179
3. Di Spigno D. ITA 133 + 43 = 176
4. Al Athba R. QAT 133 + 42 = 175
5. Fokeev V. RUS 132 + 40 = 172
6. Wang Z. CHN 128 + 41 = 169
8. Turner T. AUS 125 (43 40 42)

The Italian Innocenti defied the conditions to shoot a fantastic 140 in qualifying and a respectable 45 in the final to win by a comfortable 6 targets. Eller of the USA had a great final of 47 after a low qualifier to snatch the silver from the Italian Di Spigno. Tommy battled all day and shot consistently to miss the final by 3 targets.

We had a record number of shooters qualify for the world cup final which is an indication of how well the team has done this year and it augers well for the Commonwealth Games in 2006 then on to Beijing in 2008.

# *No power, but the* **West Australian Gun Club (inc) 2 Day D.T.L Carnival** *gets finished - 17th & 18th July 2004*

Over the many years that the West Australian Gun Club (inc) has held its Annual 2 Day DTL (Trap) Carnival, never has it had to finish the carnival using a vehicle mounted diesel generator. This year for the first time, the Club was reduced to quickly sourcing a generator to power the Gemini machinery for completion of the Carnival. The good side of the power failure was that it occurred with the very last Squad of the last Event for the 2 Day Trap Carnival. At this point the Club would sincerely like to thank all those that helped to find a solution and in particular David Fox for the use of his generator, after the Clubs President - Geoff Day, realised that his generator was out of petrol.

Well it seems that this Carnival, which started with absolutely wonderful conditions, had a little surprise in store as mentioned. On Saturday 17th July, the sun was shining brightly, not a cloud in the sky and no wind present to send the targets in all directions. All in all a perfect day to shoot some targets and win the superb prizes from the fully laden trophy table, some \$8,000 plus trophy value. To our sponsors of Day 1 - Urenco Supplies, Kambo's Retravision Beechboro, Rio Oceania Pty Ltd and Joe Pintaudi we thank you for your continued support and hope that shooters and members take time to support your businesses

We saw the day start with a quick "10t Winner Takes All" event sponsored by Ollie McPartland from Urenco Supplies and Neil McWhirter showed that he was going to be the bench mark over the weekend with a perfect 30/30. Next up came the 25t Points Double Barrel District Championship sponsored proudly by Kambo's Retravision - a long time valued supporter of the Club. In this event Gary Kelly showed his form to win Overall & "AA" Grade with a 96/96 from L Bager (93/96) & M Alexander 84/87. "A" Grade was hotly contested with D Berry 70/75 first from T McBride 75/81 and L Fisher 72/81. N Tarves 73/75 led the way in "B" Grade from a promising Junior N Wells 68/75 and T Vizzari 67/75. In "C" Grade, Chris Brown 65/78, showed her prowess early and continued through out the weekend with her win over J Pintaudi 62/78 & W Kuser 60/75.

The 3rd event - 25t Single Barrel District Championship - sponsored by Rio Oceania Pty Ltd, presented us with another very capable Overall & "AA" Grade winner - Michael Boschetti 33/34 from G Faulkes 32/34 & M Howley 24/26. In the background under the disguise of "A" Grade some hardened stalwarts vied in R Hawke 26/28 from R Bailey 25/28 & G Parsons 24/27, mind you "B" and "C" Grades were no better. "B" Grade M Simunovich 25/30, T Vizzari 26/32 & M Amazzini 25/35. "C" Grade C Brown 19/25 from J Pintaudi 24/33 and R Priolo 23/33. Next saw everybody having to change tack and shoot Double Barrel again sponsored by Club member Joe Pintaudi and capably won by Gary Kelly 80/80. 2nd "AA" was M Howley 79/80 from N McWhirter 75/76. I Halbert 58/58, outshot the 'youngens" R Vivante 51/52 & R Hawke 65/66 (from a shoot off) to win "A" Grade. P Vivante 49/50 reappeared on the "B" Grade scene to beat Junior N Wells 48/50 and M Urquhart 50/54 and in "C" Grade Joe Pintaudi 45/50 (sponsor) turned the tables on C Brown 44/50 and A Siccade. Well that finished

Saturday and all looked forward to the major competition on Sunday.

Sunday came, with Day 2 sponsors being - Express Appliances, Highland Sports and Urenco Supplies. Again the 1st Event was a "10t Single Barrel Winner Takes All" sponsored by Lars Bager & Express Appliances. A southerner - Geoff Faulkes won this with a 27/27.

Next event of the day was the high profile 75t State "Champion of Champion" sponsored by Highland Sports from Moss Vale, a much appreciated and continued supporter to the West Australian Gun Club (Inc). Martin Waterfield Highland Sports, was in attendance and saw the magnificent trophy table set up that Highland Sports had sponsored, which included the Overall of a Crown 6 gun safe, Miroku Gun cases, Ridgeline apparel, cartridge bags & accessories. Lady & Junior winners were presented with Ridgeline apparel. Highland Sports donated Miroku caps that were handed out to all winners and competitors. Thank you Highland Sports for the magnificent trophies and support of the Club. One can only say that with that array of trophies, it certainly put the cat amongst the pigeons with the Overall winner being Neil McWhirter 123/125 from "AA" Graders L Bager 121/125, G Kelly 144/154 & M Boschetti 142/154. Even the "A" Graders were high in scores with G Smith 121/125 taking from D Berry 120/125 & R Bailey 119/125. But as it seemed for the day "B" Grade was where there was plenty of competition in shoot offs to decide the victor - S Saunders 134/154, O McPartland 132/154 & M Urquhart 135/150. "C" Grade saw the return of the "three Amigos", C Brown 111/125, J Pintaudi 103/125 & W Kuser 102/125.

Sunday finished with a 25t Handicap event and as by name that's what it ended up with the Club being hit numerous times through out the day with power spikes. Finally just as the last squad of this event was about to hit the tracks, it blew all electrical equipment including the trap machinery. Well, after all it was sponsored by Murphy's cousin Ollie McPartland of Urenco Supplies. Thanks to Ollie for the sponsorship, but a very heartfelt thanks to David Fox for the use of the generator to finalise the Squad and

subsequent shoot offs. Overall went to Geoff Faulkes 46/46 from D Fox 45/46, C Brown 43/44, R Bailey 35/36, T Morris 34/36, M Mascio 33/34 and L Bager 25/26.

Over the two days Garry Kelly won the High Gun with Chris Brown the Ladies and Nicholas Wells the Junior High Gun.

The weekend can not be successful without the help and therefore thanks must go to all that pitched in and assisted. Through the adversity when the electrical problem hit, the ladies & men behind the catering and office areas, Ray Hawke with his "softballer" trappers and in particular our sponsors, especially Highland Sports. Thank you one and all from the West Australian Gun Club (Inc) and its Members

Watch this space for next years 2 Day Carnival which will feature Commonwealth Night Double Barrel Points and the State Continental Championships.

# Premier Skeet Carnival at the West Australian Gun Club (Inc)

## 24th & 25th July 2004

Still reeling from all the tribulations of the previous weekend with the DTL Carnival, all were hoping that the Skeet machinery was unaffected by the power spike, which took the DTL machinery & Carnival out on the previous Sunday. Thankfully it turned out that the West Australian Gun Club's Gemini Skeet machines were unaffected and the traditional "Premier WA Skeet Carnival commenced in plenty of sunshine and warmth.

This year as in past years, Winchester Australia proudly sponsored our first event, the 100t Whiteman Park Skeet Championship. To Winchester, the Club and its Members are grateful for the support and special relationship that has been built up over the past 7 years. The table was adorned with slabs and packets of Winchester ammunition and signage in support of their sponsorship. This year the Overall Winner was Sam Forsyth 108/110 from "AA" Graders P House 106/109, M Ponta 94/100 and M Voke. "A" Grade saw G Marsh 99/102 beat the youngest - M Anick 105/108 and the "old stager" C Bertini 104/108. There were new faces on the scene and "B" Grade was no exception when M Pedri 103/106 won from K Green 96/100 and E Toomey 103/108. Age & experience, G Jannings 90/100 over youth - M House 93/104 from lady - C Alexander 89/101 after a shoot off, saw "C" Grade with all of the game play of the day. L Cole 93/100 took the Unplaced Lady, C House 79/100 took Juniors and R Bailey 96/100, the Veterans. It was good to see an increased number of Ladies & Juniors in the event.

On Sunday, PMI Stronghold Industries and Roy Alexander & Sons joined together once again (for the 3rd year) to sponsor the 100t Newton Thomas Skeet Championship. Numbers increased on the day for this event with more new faces joining the merry band of "Skeeties". An ecstatic Peter Vosper 112/114 won the Overall, noting in his speech that this was the one he had always wanted to win and now he had done it. "AA" Grade saw M Ponta 107/108 defeat P House 105/107 and M Anick 97/100 (who had just been regraded to AA). J Dyas decided that he needed practice by having a shoot off with G Schweikert finally winning with a 147/150 from 143/149 and 3rd was S O'Brien 110/114. As I said the competition had picked up on the day. "B" Grade saw M Pedri 111/114 take it out from E Toomey 94/100 and K Green 98/106. C Alexander 90/100 improved to take out "C" Grade from J Anick 86/100 and A Howe 84/100 - a new Junior.

Not to be left out, all the Members from the West Australian Gun Club were vying for a position in the WACTA Interclub Team. The Team ended up consisting of K Green 49/50, R Bailey 49/50, M Pedri 49/50, D Williams 49/50 and J King 49/50 - totalling 245/250. Good score and best wishes boys, hope it gets us the Skeet Pennant for 2004.

Over the weekend, we had a very special sponsor come on board for the first time with Perpetual trophies for both the Overall and Ladies. The sponsor, Mikasa Australia, through the Cannington Branch Manager - Deborah, donated 2 absolutely beautiful Mikasa

modern range heavy glass vases as Perpetual Trophies for the 2 Day Skeet Carnival. They were etched accordingly and took pride of place on the Trophy table for all to vie for. These Perpetuals complimented the trophies for the 100t Newton Thomas Championship, which were all Mikasa products. Thank you Deborah and Mikasa for the support

The inaugural winners of the Mikasa Perpetual trophies were - Overall: Max Pedri 196/200 and Laura Cole 182/200 the Ladies.

Throughout the Carnival, it showed that there is a lot of depth coming up in the Junior ranks and that Skeet is having a resurgence. Numbers will never be as strong as the DTL, but people will always support, promote and enjoy shooting targets and the camaraderie of this discipline.

Time comes to finish and always there are thanks that must be said, whether to the sponsors or all of the helpers that made the Carnival as good as ever and to all - thank you. One special area to be mentioned is the ladies that manned the kitchen without electricity - thank you for your innovativeness and boy you cost me drinks.

# Rat's Routes

*Well we're off the Grand American again.*

Glen Castellaro and myself left Tullamarine via Sydney after 13 hours and 45 minutes we arrive in L.A. I had one of the worst trips I've ever had, no sleep, headaches uncomfortable the whole bit. After checking out my passport customs inform me as far as they were concerned I had never left the USA 2 years ago! We then board another plane for Chicago and then our final plane for Dayton.

Peter Streuber was there to pick us up as he has done for myself on previous trips, from Tongala (home) to Dayton took us 31 hours and to say I felt a little bit second hand is an understatement. Back to Pete's for a few beers and meet up with the other 2 blokes whom have decided to make this trip to the Grand - Lynne Curtis and Laurie Lewis. Lynne's luggage and gun has been misplaced but should be here tomorrow.

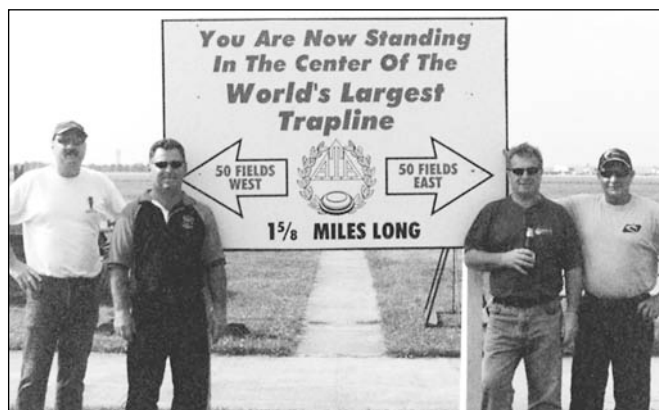

Day 2 after a breakfast that would have stopped Tony Bradshaw we all jumped in to the Buick to go to the Ohio State Fair at Columbus, the 2nd biggest in the USA.

Lynne rings Delta Airlines and is informed his gun has turned up but no luggage.

On arrival at the Fair it was like most things in the State - bigger than anything we had been used to. There was more tucker stalls than you could poke a stick at, I'm not sure what was in it but it sure has been working well when you check out the size of the population, some of them would make Fats Holshier look like an Ethiopian refugee. There was everything from the usual side-shows, the showing of breed champions in most farm species and one that caught our eye was the pig racing.

Laurie Lewis, or should I say Cletus worried me quite a bit with his expert commentary and knowledge of pig racing and breeding. He picked the winner every time.

Glen was more concerned with work related breeds and made a point to check out most sheep and cattle judging.

*The last time 100 traps will be in use at the Grand American.*

We seen the Grand Champion in the Hampshire breed which Glen was very impressed with, the owner was - B and Joe Picker from Hicksville, Kentucky. And even I thought it was one of the prettiest ones I've ever seen.

Day 3 Off to Pro Bass in Cincinnati, Glen and Laurie are chanting at the bit and still no suitcases for Lynne. Arrived at Pro Bass, what a store! There was everything a hunter or fisherman could ever wish for. The store has 250 employees and has 144,000 square feet of floor space. I had to give Glen a valium tablet to calm him down in the store as he went right out of control and I was concerned he wouldn't have any money left to pay his noms at the shoot.

Back to Dayton, picked up the guns and went out to Vandalia for a practice.

After shooting singles, doubles and handicap in the wind I was

more than happy with how it went, I hope; it continues.

That evening Pete and Jackie put on a BBQ, Ray and Pat Mack and Pete's old mate Jack C Davis were also invited. Jack is the guy who has been kind enough to put Simon Gloster and his partner Tammy up at this home whilst at the Grand. Simon and Tammy have just spend the best part of a month in the UK shooting and holidaying. The highlight being Simon's win in the Eley Classic where he was the only shooter to post a 300/300. Great Effort!

Day 4. Today is the first day of competition, 100 Singles, 100 Handicap and 50 pair of doubles. After these events had been shot we had ended up with a mixed bag, Lynne shot 100/100 in Singles, Glen, Simon and I 99/100 Glen shot 96/100 in the Handicap, myself 95/100, Simon 94/100, the top score was 98/100.

In the Doubles I let one escape for a 99/100 not a real bad score considering it was fairly windy only problem was there was five 100/100 out of 2,500 shooters, I got zilch!

Day 5 what an interesting day this turned out to be. We started shooting the 100 Singles and when we had shot 30 targets all competitors were ordered by the Secret Service to halt shooting because the Vice President of America - Dick Cheney was flying in and out of the airport which is adjacent to the gun club I can't remember that ever happening at Echuca Gun Club. Lynne followed up his first 100 with a very steady second 100, I let one go for another 99, Glen 98, Laurie 97 and Simon (Scooter) shot 97 also.

I should have mentioned we ran into the three boys from Sydney, Allan Jones, John Crompton and Gary Kennerson, as usual they

*Two big kids having a bit of fun at the Ohio State Fair.*

have been in the States for a month or so going to as many of the big shoots as possible.

Next event was a 100 target Handicap, we were informed before we shot it would be a good idea to check at the ATA office to see if we gained yardage from the day before, sure enough Glen was no on 26 yards and I got punched half a yard.

We went out there hoping to improve on yesterdays Handicap scores, as it turned out I must have looked like I picked up the wrong gun, I was in the horrors along with Lynne, I missed 13 and Lynne 15. Glen shot 93 off his new mark, Simon 92, Laurie 92 also, not bad going considering he was using a borrowed gun. Left the gun club early, went out for pizza and an early night.

Day 6. 100 Singles, Lynne's long run ends at 215, good effort! Glen punches his first 100 at the Grand and I let my 96th land. Simon shoots a 99 and Laurie a 98. In the 100 Handicap Glen shoots 94, Simon continues to be consistent with a 93 and my run of poor shooting continue with 88.

All the boys have been picking up little bits in the purses, usually the Lewis but I don't seem to be able to either shoot the right score

or go in the right purse.

We thought it would a good time to go Jeffersonville to do some serious shopping, it is only 35 miles from Dayton yet it took us over 4 hours to get there.

There is 78 shores all together in one big complex out in the middle of no where.

After the four of us had given our credit cards a fair work over it was in the chevy and back to Dayton.

Stopped in for a steak at this joint and it wasn't until we sat down that I noticed that out of 40,000 people we were the only white honkey's, that was a little different. After the feed we got

lost again, this time for about 2 hours, after asking a police officer we finally got back to Pete's at 1.00am.

Day 7. 200 Singles, Glen missed at 155 which meant he had run 255/255 to end up on a 199/200, Simon shot a 198/200, Lynne 196/200, Laurie 196/200 and I shot a disgraceful 194/200 to put this in context I was punished by B, C, and D Graders, ladies, Juniors, Sub Juniors, veterans and chair shooters, doesn't make you feel real good but you have to cop it on the chin and hopefully put in enough effort in the up coming events to turn it around.

Old Peter says the swimmers should start arriving tomorrow (the good old boys from Kentucky) because the major Handicaps are coming up. A lot of them tend to shoot unregistered targets for a lot of the year and then hit the big shoots on a handicap from 18-23 yards which puts them in a real good position to drive it into everyone else.

We decided to go out for a few jars, nothing to messy just a bit of fun with the local red necks as we were walking out of the last nightclub there was a pick up truck limosine parked at the entrance with the back door open, so I thought I should introduce myself to whoever was in there. To my surprise there was a dark gentlemen in the rear seat who after a brief chat I was invited out to party with "Pimp Daddy Puff", he like my accent but was more impressed with my Chad Morgan impersonation. It was a wild invitation but his idea of partying and mine I think would be quite different so I thought I would give it a miss, worst thing was I lost my feral over denture in the limo - I will have to make another set when I get some spare time!

Day 8. Woke up feeling a bit ordinary, must have been the hog jowels and grits at the last pub. 100 Handicap, Glen shot 92/100, Lynne 94/100, Simon 93/100 Laurie and I 87/100. Laurie and I had a good reason for shooting 87, that was the number you needed to get a shot for a Perazzi MX2000. That's our story and where sticking to it. Out we went and true to from we were both back in the car park after 10 birds, the guy who won it shot 40 straight.

50 pairs of Doubles, once again Glen proved his outstanding ability to shoot all disciplines so well with a 98/100, Simon 96/100 myself 94/100 Lynne 92/100 and Laurie 90/100.

We found out Glen ahd won A class Singles from 2 days ago with 250/250 as well as A class Preliminary High Gun, if anyone thinks that is not that big of a deal that is OK but he ended up 15th Overall in the High Gun and I personally think that is a pretty fair effort for his first lash in the States.

Day 9. 200 Singles Class Championship, Glen Shoots a 197/200, John Crompton 199/200, Lynne 196/200, Laurie 192/200, Simon 197/200 and I managed to scrape through and shoot a possible. Old Pete whot a 199/200. I was informed I should be at the sign up desk at 8.00pm for a 9.00pm shoot off - 57 possibles out of 3,550 shooters 17 of which were in my class "AA".

To make a long story short, I felt good and just wanted to stay there as long as I could and "see what happens", quite a lot dropped out early including the "AAA" graders and I missed my 24th target, the disappointing thing was my sight picture looked good and I thought it should have broke, never mind still had a good

experience. The guy who won it shot 550 straight which I reckon is pretty good going.

Harold Loper, one of the local gentlemen who look after us each time we come to the States tells me Lynne and I are no in "AAA", the strange thing is I have won stuff all, yet Glen is giving it to them in A class and hasn't been re-classified - such is life.

Before the shoot off at 6.30 there was an exhibition by a Muzzle Loading Association, this was reel good fun and our association could learn a lot from the yanks in how to have some fun after the shoot and having people join in and stay at the club.

Day 10 100 Doubles, Simon 97/100, Glen 97/100, Lynne 95/100, Laurie 92/100 and myself 97/100, not enough! 100 Handicap, Lynne has his first miss at number 50, Simon dropped his 47th and Glen at 24, I dropped everywhere.

Glens second miss was at 96, a very costly target.

I ended up on 94/100 and Lynne on 95/100, Simon and Laurie let a few breeders land. At the end of the event there was one 100/100, ten 99/100 and twenty five 98/100.

What I witnessed that night at the shoot off which Glen was in was something I will never forget and something he should be very proud of.

Most of the big names were there, Leo Harrison, Ray Stafford, Harlon Campbell etc. Glen shot 25/25 in the first bracket, this meant there was only five left in the shoot off. His second bracket he let one land but so did everyone else. His last bracket he nuked the 25 and everyone else missed at least two targets there was quite a few asking who was the little stocky bloke from down under? Glen was presented with his 27 yard pin - top job!

Day 11 the Clay Target Championship of America. 200 16 yard Singles. I missed three targets in the first 20 or so, had the concentration span of a grasshopper! I ended up on 196/200, Lynne 196/200, Simon 197/200, Laurie 193/200 and Glen finished up on 199/200, he missed his 198th target, not a happy little vegemite. Most of the big guns never shot the possible either, there was a total of 43 possibles. At 7.30pm Scotty Robinson (a Beretta rep) put on a trick shooting display, it was awesome, off the shoulder, off the hip and gun above his head, I would hate to be anywhere near him on a duck swamp!

Day 12 today is the first time we drew the traps down in the boondocks, banks 2A and 2B for the Handicap and 3C and 3D for the doubles, for those of you who are not aware what this means, it is about 1 mile to left of the clubhouse, we had to take a cut lunch, a box of cans and a compass!

**Lost in pro bass fishing shop in Cincinatti.**

In the Doubles I finished up on 95/100, Lynne 95/100, Simon 93/100, Glen 92/100 and Laurie 88/100.

There was a kid called Jacob Turner (a Sub Junior) who ran the whole 600/600 Singles targets for the Grand, I would suggest he is starting to get the hang of this mud pie shooting.

Day 13 100 Handicap and a day we would all like to forget as far as our scores were concerned, I shot 92/100, Simon 91/100, Laurie 91/100, Glen 86/100 and Lynne 80 something.

One of the guys in Pete's tent is Andy Davidson, he came second overall in yesterdays Handicap, he shot 99/100 plus 24/25 in overtime.

Great shooting especially when you are on the back fence.

Finished shooting at 1.00pm so off to the Air force Museum and some more shopping. This museum is an absolute beaut, although I have been there before you really leave yourself a full day to have a real good look about.

For our evening meal we went to the Rib House in Vandalia with Peter and Jackie and Harold and Pat Loper and just to say thank you to them both for their wonderful hospitality, they really are a great couple.

It should be mentioned what a great help Ray and Pat Mack have been to us whilst we have been at the Grand.

Day 14. The big one, The Grand American Handicap, once again we are down in the boondocks targets were little bit higher but looked good. I shot 77/100 yes this is not a misprint, I tried all sorts of things and it just got worse, but you get that on the big jobs, there is always another shoot somewhere where I hope I might get lucky even it is a small one.

Glen shot 92/100, Simon 90/100, Lynne and Laurie low 80's.

Not what we wanted but anyone who has been at the Grand would appreciate how hard it is to win anything.

We take Lynne and Laurie to the airport at 3.30 for a departure at 5.30pm, I expect Laurie will be hit for excess baggage as he has bought up for his wife Julie and kids like I have never seen before, a very generous bloke.

Day 15. Last day - back to Pro Bass in Cincinatti as Glen needed more fishing gear and I bought more things for Hun and the kids.

In the afternoon we just relaxed at Pete's as we new we were in for a long trip to get back to Oz.

On the big leg of the trip home (L.A. to Sydney) I drew the crow again, I had a bone head next to me who had the light on for 12 hours reading some stupid book on the similarities between humans and chimpanzees.

Arrived home safely Tuesday morning completely knackered but glad to be home.

As nice as America is we still live in the best country on earth.

I'm sure the blokes that stayed with myself at Pete and Jackies place had a great time as I did also, and Simon and Tammy were looked after magnificently by old Jack D Davis.

After we had been home three days, believe it or not no Lynnes luggage turned up.

*Stephen Atkins.*

## **Tasmanian Clay Target Association Inc.**

The Tasmanian Clay Target Association Inc. held its annual Skeet Carnival at the Tasmanian Gun Club, Nile Road Evandale on the weekend of the 9th and 10th October 2004. Conditions were excellent but quite windy, making the competition very difficult. Both days were very nice sunny days an excellent turn up saw 53 shooters compete over the weekend.

Some very good competition was seen between Chris Rockliff and Stuart Browning of Hobart, with Chris coming off the better with wins in the Don Taylor Memorial Championship and the State 100 Target Skeet Championship. Chris won the Overall High Gun for the weekend with a very creditable 195/200, dropping only one target in 150 for the ordinary skeet events and just 4 targets in the skeet doubles.

For a full report of all the events and team qualifiers can be found in the Shoot Results.

## Night Zone Event Shot at Mathoura

**Friday night the 24th of September, overcast but mild and free of wind, looked tempting enough to encourage three full squads of shooters to travel to Mathoura Gun Club for the night's competition which included a Victorian North East Zone, Night Single Barrel Continental Event.**

For shooting clay targets under lights, you would be hard pressed to find a more difficult event than this, although Donald shooter, Leigh Knight led the way, missing only one target to collect Overall and A

Grade showing everyone how it's done.

Cohuna shooter Scott Bruns, after a three way shoot-off, collected first prize in the third event, a fifteen target Double Barrel.

Unfortunately for the farmers the rain held off, but it did make it a perfect night for the competition, with conditions mild and calm all throughout the shoot.

Full results for the night are as follows.

Event One, a 10 target Double Barrel Continental cash divide, and six shooters shared the cash all on 10/10, T Berryman, H O'Conner, Ben and Roger Kerslake, all Mathoura registered members, and L Knight (Donald), and G Bradley (Cohuna).

Event Two, a 25 Target Victorian North East Zone Night Single Barrel Continental. Overall and A Grade Leigh Knight on 24/25, B Grade R Kerslake on 22/25, C Grade Shane Howe (Mathoura) on 18/25.

Event Three, a 15 Target Double Barrel Night Continental. Scott Bruns taking off first with a clean 26/26, Ben Kerslake dropping one target in the shoot-off to collect second prize with a score of 25/26, and N Sutherland from Cohuna taking third with a 23/24.

Tough competition kept the shooters keen, and Jennie Kerslake had hot food and drink on hand for anyone that felt hungry throughout the night.

After being thanked by the club President Roger Kerslake, for travelling to the shoot, and for making a good nights' competition, the shooters all declared they had enjoyed their visit and would be there for the next shoot.

# Psychological Skills for Shooting

by Michael Kruger-Davis

## SUPERSTITIOUS SCHEDULING

There are several schools of thought in psychology; I often joke at work that if you put six psychologists in a room you'll come up with seven opinions and each school of thought is designed to explain human nature. Common theoretical frameworks include psychoanalytical (Freudian), behavioural, cognitive-behavioural, Gestalt, Existential and so on.

Behavioural learning theory argues that we learn to do something if we are reinforced. The most well known example of this was Pavlov and his experiments with dogs. He noticed that when he went to feed his dogs they salivated. So he then rang a bell every time he fed them and the dogs learnt to associate the bell with food. Soon the dogs would salivate at the sound of the bell even though no food had been presented. If the experience is pleasurable then the reinforcement is called a reward and we will be more likely to do what is expected of us again. If the experience is not pleasurable then the reinforcement is called a punishment and it is hoped that we will not do that particular behaviour again. If we get reinforced for a particular behaviour then we will most likely do it again. Take for example a poker machine: the machine is programmed so that it gives intermittent reinforcements so as to keep the player hooked. Sometimes the reward will be in the form of a jackpot and some times it will only be a token amount; what is important is that the punter knows that soon he will be rewarded in some way so keeps playing the machine. If you go to a particular gun club and you shot well then you'll probably go back to try and repeat the performance. If you shoot poorly, you may be reluctant to go back there.

Superstitious scheduling involves believing that something will happen (usually an unpleasant experience) based on something that happened before even if there is no rational or logical explanation. A good example of this is; you go out to a new restaurant and you order the prawns. Later that night you are violently ill with food poisoning. This experience will mean that you will be unlikely to go back to that restaurant again and if you do you will definitely not order the prawns.

Superstitious scheduling is very important in sport and especially shooting. Some people will refuse to play their sport if they are not wearing their lucky charm or favourite earmuffs or if they have to change something that they consider important. The trouble with superstition is that it clouds your ability. If you worry because you're not using your regular brand of shells, or the targets are black when you prefer fluoro, then you will start focusing on those things that are different and not the target. This will lead to doubt and as I have said before when we experience doubt we tense up. When we tense up, our muscles lose the fluidity they need to perform well. We focus on the past or the future and forget about what we are doing at the present. We make mistakes and miss. And because you might attribute your failure to some outside variable it is easy to develop a belief that "I can't shoot well over these traps" or "I never shoot well at .....". This doubt becomes a self-fulfilling prophecy and until the irrational belief that is fuelling the superstition is challenged it is likely that you will be right and that you will never succeed.

The reason that I mention this is that at the NSWCTA AGM there was some debate by a couple of shooters about the traps at the National Ground. For whatever reason, these shooters believed that it would be impossible to shoot "good scores" with the current traps. These shooters believed that the traps should be replaced because in their opinion a better product was available. Unfortunately for these shooters the results of the double barrel didn't support their argument, because at the conclusion of the double barrel, 5 shooters had shot over 550 each and the only thing stopping any of these shooters going on to shoot a state record was

that we run out of time. There were 72 possibles in the double barrel and to get into the state team you had to shoot off for the last four places if you were three points down. Brian Manns from Cobar shot over 650 and I'm sure that if time was on his side he would have kept going. Given their criticism of the traps and the outstanding scores achieved at both the Nationals and the State Carnival, I'm at a loss to understand what a "good score" (by their criteria) is. As I stated in an article after the Nationals human beings are able to discriminate things that are the same and targets are recognised as targets. But whether an individual shooter can discriminate further than that, I am not convinced.

If you believe you can't shoot over the traps at the National Ground then you will probably not be disappointed because your irrational beliefs will cause you to doubt your ability and you will tense up and become anxious, lose concentration and you will miss. You will miss because you will believe this to be certain; it is not because of the traps or the targets. I often say that every target is missed by 6 inches; the distance from one ear to the other. But if you believe that you can shoot well regardless of the trap, the targets, the weather and the location, then you will be able to maintain your concentration, focus on the target and the process of shooting them, stay in the here and now, and maintain fluid and loose muscles, then you will shoot well.

Watching the last stages of the double barrel shoot off it was apparent that all the shooters were focusing on the process of shooting the targets. They all appeared relaxed and the targets seemed to break with effortless ease. These shooters were not going to let irrational belief or thoughts get in their way. They all wanted to win and performed accordingly. Maybe we should just focus on the target and not worry about what type of machine is in the trap house; for most shooters, it is none of our business. The reason we go to a shoot is to do just that, shoot. It is a disappointment that we can allow our beliefs to hamper our ability when we should be enjoying our sport.

# Wilkawatt Gun Club - Anniversary Shoot

## *by Hot Shot*

The Anniversary shoot of the Wilkawatt Gun Club was held on Saturday the 11th & Sunday the 12th of September. 45 shooters from far and wide braved the wind, rain, hail, and cold to compete on this weekend. Our oldest veteran shooter for the weekend was 79 years young and another celebrating his 78th birthday on the day.

There was at least a 1/2-hour delay with the 1st event due to heavy rain but it did not stop the keen ones from starting. A 10tgt Double Barrel Graded Cash Divide started the day with W. Hawker, E. Hall, D. Oliviero, P. Hendy, P. Fabris, P. Clarke P. Rundle all

**Grade Winners of Wild Dog Skeet (l-r) Clinton Wohlfeil (A grade) Peter Rundle (B Grade) Peter Fabris (C Grade)**

shooting 10/10 in AA grade. T Famiglietti, K. Mules, D. Inge, B Clothier shot 10/10 in A grade. B grade saw P Johncock shoot the only 10/10 with W Perry, N. West, T Marshall, L. Hawker, I. Dunbar 9/10. C grade had K Cornwell with 10/10, and J Ough, B. Lock (9/10)

25tgt Wild Dog Skeet was next with some reasonable scores coming in (by this time the wind was starting to pick up). A grade C Wohlfeil 23/25, L. Schubert 22/25. B grade P. Rundle 33/35, D. Oliviero 32/35. C grade P Fabris 29/31, R Andrews 28/31. This was shot in conjunction with the "Wild Dog" Skeet shield which was

won by the Wilkawatt 3 man team of D. Beelitz, C. Wohlfeil, L. Schubert 67/75

The clouds were coming in thicker and the vision was finding it harder to pick up the targets, therefore the last squad of the next event and the last 3 squads of the last event had to finish these events on Sunday morning.

The final results for the 50tgt State Continental C/ship were AA grade & O/All T. Steer 49/50, P Fabris 48/50. A grade T Famiglietti 48/50, K Mules 51/54. B grade M. Booker 44/50, I Dunbar 43/50. C grade J Ough 44/50, W. May 39/50.

**State Continental C/ship winners (l-r) Jim Ough (C grade), Mark Booker (B grade), Tony Famiglietti (A grade), Tim Steer (AA & O/all)**

The last event of the day was the 25tgt Booker Family Single Barrel C/ship with R. Clarke winning AA grade & O/All with 33/34, W.Hawker 2nd with 32/43. A grade K. Mules 27/29, P Bird 26/29. B grade T Marshall 22/29, M Booker 21/25. C grade G Phelps 20/25, B Lock 18/25.

Sunday looked a bit more promising weather wise, but it wasn't to last very long, the clouds started to come in with a slight wind and the odd shower. Again there were 45 shooters competing.

**Single Barrel winners (l-r) Graham Phelps (C grade), Robert Clarke (AA grade & O/All), Kevin Mules (A grade) with Terry (far left) and Mark Booker (right) absent Trevor Marshall**

47/50, C Mayberry 47/51. C grade B Lock 47/54, G Phelps 46/54. This event saw the return of the "Dontlingatoolonga" shield, which is competed against Lake Albert, Monarto and Wilkawatt clubs. It has been hanging on the wall at Wilkawatt for the past 13 years, when it was decided to get it back into circulation. This year Monarto ably won it with P. Hendy, R. Clarke, A. Famiglette, P. Kay and A. Mules with 242/250.

# SINGAPORE SHOOTING FESTIVAL

The 4th Singapore Shooting Festival held 20-26 August attracted some 350 competitors from 10 countries over the disciplines of Shotgun, Small bore rifle and Pistol events.

This year the Australian Shooting Association supported a small group of competitors from all three disciplines with the object of providing various aspects of International experience.

As some of the competitors had the experience of travelling overseas for the first time they not only got a taste of competing against other countries but also other important aspects of travelling, cultural changes with food etc.

Overall the trip and competition was successful with a collection of Medals and knowledge built up that hopefully has been inspired some to achieve higher accolades in the future.

The Singapore Shooting Association looked after us superbly and welcomed us to their competition with warmth and respect.

Dear Sir,

We have just completed the NSW Trap Championships held at the National Grounds on 1st - 4th October and I wish to put the following points before ACTA Members.

1. The Shoot Marshal is to be congratulated on the smooth, competent & friendly running of all Events.
2. The Trap Mechanics and Target setters did a terrific job to give us great and consistent targets - see below.
3. The above two points resulted in a Carnival where there were numerous possibles in the 50 tgt SB, heaps of possibles in the 50 tgt DB and plenty of possibles in the 50 tgt PS Events with the DB shoot off going well over 600 before they moved into pointscore to resolve the Event. Even with the event resolved there were still 4 or 5 shooters still clean on targets. That is GREAT shooting at a GREAT Event.
4. Now even with scores like those, there were a very few shooters, often operating in complete squads, who complained about the targets and there rests a couple of my problems with their activities as set out in the following:

I am sick and tired of hearing either Sales Representatives or Agents of alternative Trap Suppliers trying to sow the seeds of discontent amongst competitors by unfounded criticism of the targets that are thrown at this State Title or at the Nationals.

I have no problem with commercial competition between trap suppliers and that is to be encouraged, however for it to proceed in the underhanded way it is at present is sowing discontent in a manner that verges on conduct that is prejudicial to the sport.

This is done without those people declaring that they have a commercial interest in denigrating the existing equipment at the National Grounds and is often done through their squad-mates or cohorts, again, without declaring a commercial interest.

This type of behaviour appears to be a modus operandi of some in the Trap Supply business as the same approach was taken a year or 2 ago in the USA on [trapshooters.com](http://trapshooters.com) before the accusations were retracted by the agent of one of the trap suppliers.

What we had at the NSW Titles was an agent of an alternative Trap Supplier whingeing about the targets that were coming off the Gemini Traps and when his squad shot a 299/300 in the 50 tgt DB, his response was that the only way that was possible was that the targets were being "lolly-popped" to 40 metres and were landing short of the peg. As no lane 3 straight-away target had been missed to see if this was a fact, the Referee then threw several targets to demonstrate that they had been set, and were landing, absolutely correctly.

One of our veteran shooters who also has a set against the existing traps was loud in his criticism of the angles being thrown on his

layout until it was demonstrated by the Trap Setter that they were absolutely correct.

I have nothing against targets being questioned if they are incorrect, but what we appear to have at present is an orchestrated attempt by commercial interests to discredit existing equipment without justification through a campaign of persistent bitching, sniping, whingeing and moaning so if ACTA members experience this on the grounds or even at a State Meeting, just have a look into the background and see where the money might flow if they are successful in weaseling a change.

And what they are winging about is a system of Gemini Traps and Corsivia Targets in the trap-houses at the National Grounds that gave us even and consistent targets, and almost record good scores in all events at the NSW Championships, as set out above.

From memory, the scores were also pretty good at the Nationals on those grounds earlier this year.

To be fair in all this, I need to declare that I have known Ludwig Kohler for about 20 years and in that time we have been friends, but we have also had "words" at times. I have no commercial interest in Gemini Traps or in anything to do with his businesses.

While I am at it, a couple of other Rule and Shooter behaviour issues came up at those Championships:

1. Kevin Perkins and I refereed and scored a full Squad of mates, or business associates, where there were more hands going up than at a Kindergarten News Day. Various squad members were spotting chips for their mates, when neither Kevin nor I could see anything come off the target on each occasion. We disallowed all of these and several squad members had another go at us in the break after the 1st 25 targets. I would suggest that if that Squad had been refereed by a couple of C Graders who might have been more easily intimidated, rather than two AA Graders who were prepared to stand their ground, some scores would have been 1 or 2 higher.

2. What is also appears to be occurring more and more are that spectator shooters are walking forward onto the lanes to check scores of those in a Squad while it is shooting. In some cases this involves competitors who want to see how their arch-rival is going. In this latter category, some even use the tactic of standing beside the scorers for a long time to make sure that their arch-rival is affected to the maximum degree.

I urge the ACTA to have a look into all of these practices, which are poor behaviour at best, and cheating at worst.

## *A step in the right direction.*

Having had the opportunity to read through the minutes of the recent Meeting of the Executive Committee I must congratulate the committee for having the foresight and courage in their decision to allocate a number of upcoming national championships away from the "National Ground" and take them to the people.

If we want our sport to prosper and grow we must give it exposure to the wider audience and what better way to do this than showcase our sport across the nation.

I understand the thinking behind having a national ground but do we really believe we have a large enough membership base to warrant it? A national ground for somewhere like the US makes perfect sense where you get thousands turn up to shoot a national.

We have a number of very good venues around this big country that are more than adequate to stage a national event of any discipline and should be given the opportunity to do so and lets hope that those that stood up to be counted are supported by all shooters from the various states and when the nationals visits a town near you, give it your full support.

Rather than "putting all their eggs in one basket" (Tim Braybon. Your Say August CTSN) lets share them around, promote the sport, get it televised and make it front page news. This will in turn help develop our sport at not just a national level but also at a state, zone and club level.

Anyway, that's my say.

# Southern Gun Club Wild Turkey Shoot

**This was the first time this event has been shot at Southern Gun Club. This event has a huge tradition in America, and remembers the time in history when wild turkeys were shot in September in America's Wild West.**

Orlando Wyndham sponsored this event with over \$2000.00 worth of Wild Turkey products. Each winner of a grade and Ladies, Vets And Juniors, then went into a shoot off for the title of "Head Turkey".

To get the idea of what an enjoyable and heart-stopping event it was, I have included a piece of Luke Higgins' (14years old) English homework from a day or so after the event. I think this says it all. Winner of the Morry Jaeger Shield was a 5-man team from Southern Gun Club, Jeff Higgins, Rod Schubert, Wayne Reilly, Luke Higgins and Jess Higgins with a total of 114/125. Southern

*Alex Dunn receiving second in B from Peter Dunn.*

Gun club also came in second with team members A Caire, Di Humberstone, John Mitchell, Kevin Hobbs and John Humberstone 111/125. The John Stuart Reilly Memorial HI-Gun Trophy went to Rob Clark 50/55 For full scores see results section.

Another wonderful day was had by all at Southern Gun Club, with 45 shooters and just as many visitors. The weather was good, and the atmosphere fantastic. We would like to thank Orlando

*From left Luke Higgins, jeffrey Higgins and Nobby Clark who lent a gun for the event to the Higgins family.*

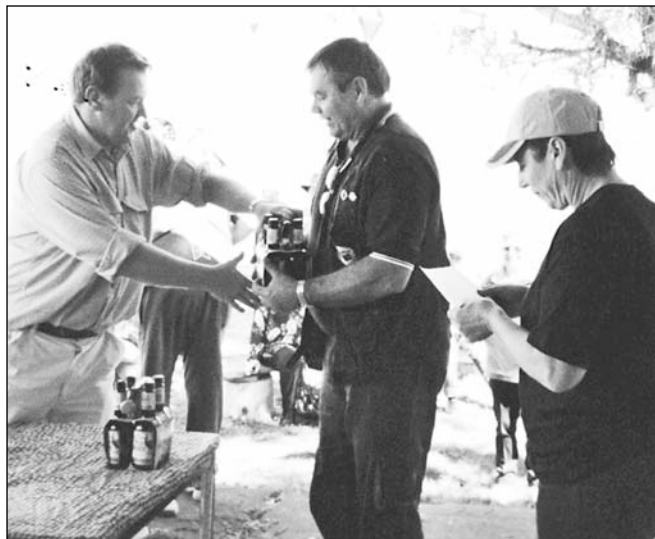

Wyndham for their wonderful support and to Peter Dunn for organising the event. There were some outstanding efforts. The team from Southern gave an excellent performance to win the third shoot for Morry Jaeger's perpetual shield.

*Luke Higgins receiving "Head Turkey" prizes with Peter Dunn.*

## A WONDERFUL MOMENT IN MY LIFE

One of the happiest memories I have had happen to me, was just a week ago. It was the big one for my home Down the Line Clay Target shooting club. The Wild Turkey shoot. Sponsored by Wild Turkey Bourbon, in America. In America at this time of the year, wild turkeys were shot in the olden days, and today events like this are held to remember that time. The event was a 25 target Double Barrel, to be shot with side-by-side classic shot guns. My family had been lent an old gun by Nobby Clark of Port Elliot, who had not shot the gun for many years, and was in the crowd to see the Higgins family use it. The event drew a huge amount of shooters for the thousands of dollars of Wild Turkey products as prizes.

*Ian Archbold reciving "Wild Turkey{ prize for second in C.*

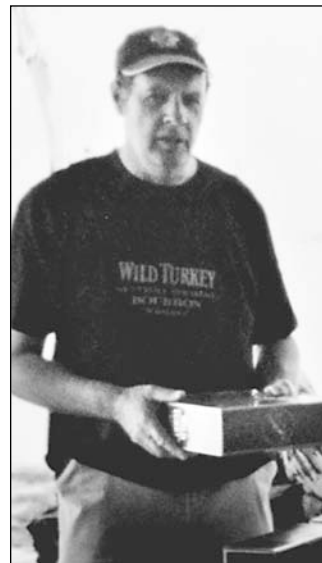

**Harold Whitehead receiving veterans trophy.**

**Di Humberstone (president) receiving second in ladies trophy for Wild Turkey event.**

**Jessica Higgins receiving prizes for first i ladies and C grade in Wild Turkey event.**

**Jeffrey Higgins receiving Wild Turkey prizes for AA grade.**

The event started and the first 2 squads went out and shot and came back, no perfect scores - but Jessica, my older sister, came in with a nice 19/25. The next few squads went out - it was my turn - I started off badly missing my first and tenth target. I then knuckled down and went on to shoot another 12 straight before missing the last target of my 25. I finished with a 22/25, top score so far. The next few squads went out - the last squad went out, this was the squad to watch. The squad had Dad and top shot Schubert in it. Dad finished with a 23/25 and Schubert finished with a 24/25 - wow!

So I stood to go into the final shoot off with, Ladies - Jess Higgins, Veterans - Harold Whitehead, Junior - Luke Higgins, B grade - Gino Claramellano, A grade - Rodney Schubert and AA grade - Jeff Higgins. These were the people who would shoot off in the final for the title "Head Turkey".

The shoot off began; Harold Whitehead dropped his 3rd target, making a quick exit from the shoot off. Then Rodney dropped his 6th target, then Gino his 8th. The shoot off had now become an all Higgins event. The next to go was Dad, missing his 11th target; this was now a brother versus sister shoot off. I could hear the murmuring behind me, as the huge crowd watched us. Jessica was hitting her targets brilliantly, the shoot off was dragging on and the heat was wearing Jess and I out, and it was hard to keep the concentration up. But eventually Jessica missed her 16th target and I was Champion. The champion part was good but what made the moment so happy for me was that Nobby Clark who had lent

me the gun for the event was there and was so happy to see what his gun could do.

There was a big presentation at the end of the event. Everyone was shouting and clapping, I was so proud to be presented with the "Head Turkey" hat and prizes, as well as my Junior prizes. It was great that Jess and Dad got prizes for their Ladies and AA wins too.

**Luke Higgins**

### Steven Shane "Ben" Hiscox

20.11.56 to 11.09.04

It is with regret that we advise of the death of Steven Shane "Ben" Hiscox.

Ben thoroughly enjoyed his shooting; be it clay target or out at night in sub-zero temperatures. In addition to shooting targets at the monthly shoots he also contributed in many ways to the Guyra Gun Club. Ben was always doing something - trapper when needed, looking after the bar, cleaning up empty shells in the dark or building work at the club on weekends. Ben was also a member of the club committee this year.

With his easy-going manner Ben influenced many people's lives as he came in contact with them; through his involvement in many sporting clubs and social activities, and in his successful building business. His willingness to be the person to do it, and not just talk about it, will be fondly remembered. Ben also enjoyed fishing trips, visiting different parts of Australia, playing tennis, horse riding and camping on the river bank with his family and friends.

Ben was married to Kay. They have three children; Jason who is at university, Simone in Year 12 and Mitchell in Year 10. As the children grew, Ben and Kay became involved with their school and sporting pursuits, thus broadening their large circle of friends, Ben and some Guyra Gun Club mates had travelled to Goondiwindi a couple of days early for some rest and recreation prior to Goondiwindi's annual two day shoot. It was at the conclusion of a successful first day's shoot, and a day of telling jokes and having fun that Ben passed away suddenly.

Thanks Ben for being a travelling mate and a life long friend. 2004 Goondiwindi Trip: Andrew, Joe, Jamie, Tim, Dale and Kevin.

Members of the Club extend their deepest condolences to Ben's wife Kay, his children Jason, Simone and Mitchell, his father Keith, stepmother Daph, and his sisters and brother and their families.

## A Club Reborn

It is not often that we hear of a Gun Club opening (in this case Reopening). The Dysart Gun Club in Central Queensland is located next to a railway line. In 1998 the Gun Club approached the Queensland Rail (QR) for firing rights over the rail corridor, which was 183 metres from the 11 metre mark. QR refused and asked the club to stop shooting. This was yet another casualty of the gun law shake up and things did not look good for the club.

The interesting thing was that the Gun club existed before the railway line and the railways opted to build the line through the Gun clubs safety zone.

I was nominated to pursue this matter on behalf of the club. Now as you can imagine, I could rave on here for hours, as this story could probably be a best seller. I dealt with the QR hierarchy, local member, native title, surveyors, land clearing, stock route, council, Ergon Energy, earthmover, concreter, builder, electrician and the weapons branch. Out of this came three very important things to remember, never throw any paper work away. If laying concrete ALWAYS write the date in it and if you want it done, do it yourself!

On 6th February 2005, the Dysart Gun club will hold its opening shoot. We have a new clubhouse and one DTL trap is finished and the second one will be completed by February. All compliments to QR, 300 metres from the old clubhouse. It would be good to see everyone who has ever shot at Dysart, be there for our opening.

I wish to apologise to the members for taking so long, but the world took 6 days, Rome wasn't built in a day and I have only taken 6 years.

**Regards: Ray Meaney**

# GOLD COAST CLAY TARGET CLUB

## August Carnival 13, 14 & 15 Aug 2004

In 2003 it was the "super working bee" to prepare the club for our annual carnival and it rained so much that Noahs' Ark almost had a second coming. This year it forgot how to rain and the lawn mower brigade searched for some green blades of grass to cut.

Again, the normal housekeeping activities were performed, the clubhouse was spic and span and all the glass polished (ie the windows and the drinking vessels). The tiles were spotless, the kitchen prepared and the office had its usual spring clean nearly two weeks in advance.

The trap committee worked hard to ensure that the "skeeties" and "sporties" did not make any mess. All of the broken clay pieces were cleaned up across the 4 DTL layouts by a contingent of rake wielding shooters. Never have I seen a group of shooters look more out of place on a shooting layout, yes, they had a piece of wood in their grip but it caused blisters and would not go Bang! (and my blisters take a while to heal). Talk about another "sight" at the working bee. Two top chefs in our club were individually spotted, one with a 1/2" hammer drill and the other (a lady), with a coal chisel and a 2lb "nock hammer", they may show finesse in their day jobs but watch out at the gun club!

**George Scaf overall winner Qld Night Points C'ship**

Yes we did shoot too! On the Friday evening we again conducted the Queensland State Night Points Championship, however before we started, a complimentary meal was served prior to the event. Luckily Friday night was not part of the High Gun, as a lot of competitor's were not very happy, as the wind made shooting conditions very difficult. By the end of the 50, there was an overall winner in the form of George Scaf on 144/150, a creditable 75/75 in the second half sealed his win and the other club patron had to hand over his 2003 crown to the "heir apparent".

The overall trophy and sash was gleefully accepted, as this was the hardest we have seen George "work" for a while. The other winners were 1st AA Glenn Wyatt Maryborough 138/150, 2nd Colin Witt Gold Coast 134/150. 1st A Neil Cracknell Maryborough (Vic) 146/162, 2nd Terry Morony Gold Coast 146/162. 1st B Sam Cannizzaro Redcliffe 130/150, 2nd David Cooper Hobart 117/150. 1st C Phil Sorby Gold Coast 118/150, 2nd G Silva 82/150.

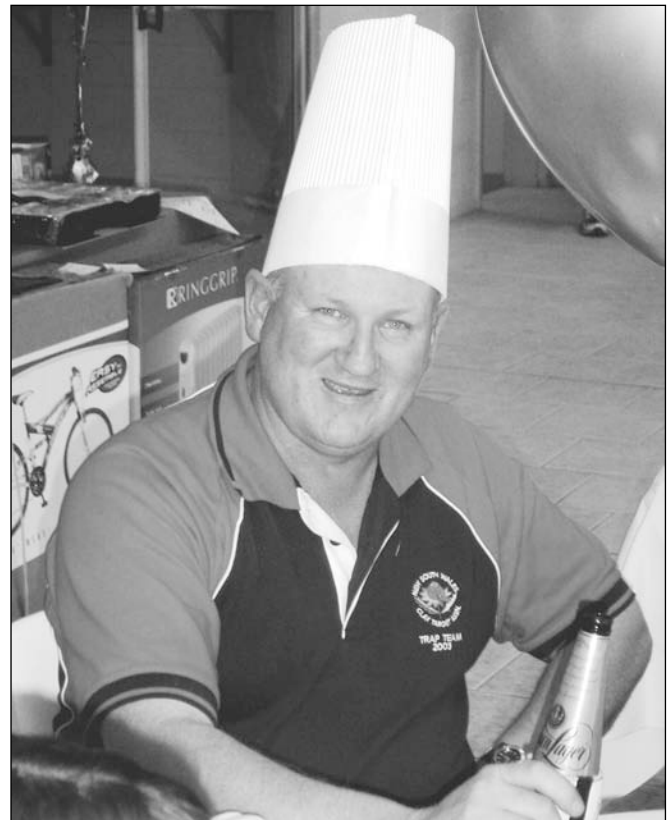

Saturday morning dawned and the wind wasn't far behind the sun, however eighty plus shooters arrived from five states and

represented 28 clubs. Last year's High Gun winner Stuart Browning from Tassie, was "kept in" by his employer and was unable to defend his title. All the "choc-o-holics" in Australia will appreciate your hard work I'm sure, as Cadbury's commission their new machines.

The Gold Coast 100 target D/B Championship and Bauman Cup took the attention of all, and when the dust settled there was no "red" in sight on the board. Only 2 shooters were able to post a 98/100, they were Matty Patmore from Yass and Colin Witt from the Coast. Again this year by the time the spectators found a chair to watch the battle - it was over, and Matty was the victor, with only two more targets being shot and the booty from the Winchester sponsorship was happily stowed in the back of the car. The other shoot off's provided a bit more of a tussle and the winners were 1st AA Colin Witt Gold Coast 99/102, 2nd Glenn Wyatt Maryborough 97/102. 1st A Neil Cracknell Maryborough (Vic) 96/100, 2nd Jonathon Penfold Teelba 105/110. 1st B Aiden Richardson Brisbane 95/100, 2nd James Coggan Teelba 92/100. 1st C Bill Wilson Gold Coast 90/100, 2nd Don McAdam Gold Coast 87/100.

On the Saturday afternoon an expatriate Victorian and now resident Queensland pest exterminator, treated one and all to the rules of an extra event called an "Annie Oakley". After a lot of laughter Lynn Thompson walked away pocketing the loot. It was decided that this event would probably happen again.

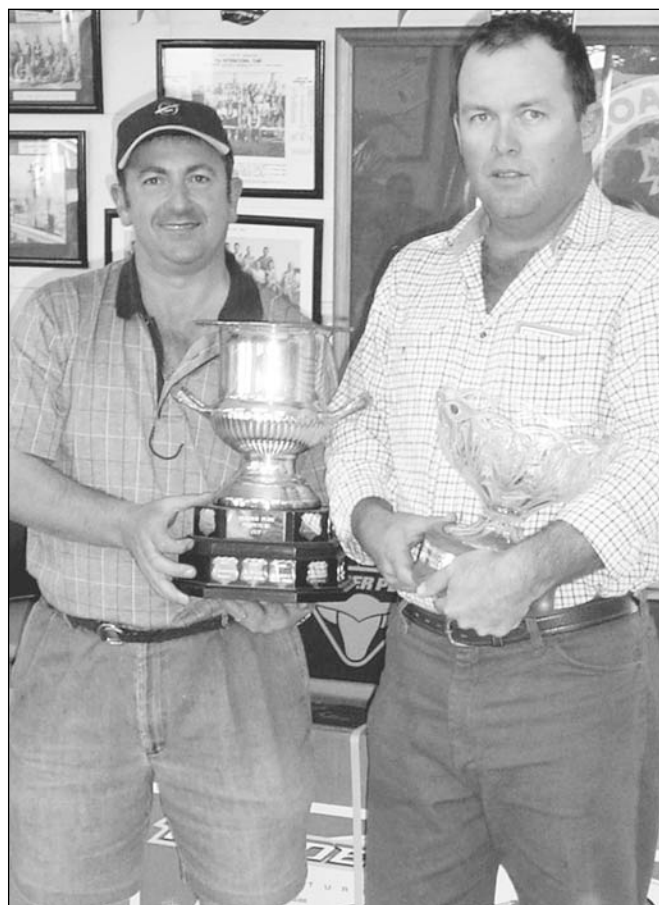

The very popular Gold Coast evening entertainment or "The TenderPlus Extravaganza" was organised again this year by President Vince Vaina and his capable band of chefs and helpers. It was apparent that the prawns under the ice sculpture were XXOS (only about 4-6 to the kilo, but they were beautiful!). Shooters and families were treated to a most enjoyable evening, (it's still

**Who is this man "the godfather" or someone "cooking up a good sponsorship?"**

amazing just what the balloon blower was capable of, just what was it that Frank Robinson was wearing and parading in front of the bar, it seemed to capture the attention of the Roma boys??). The DJ set up after tea and kept the music flowing until the early hours, ably supported by our biggest band of travellers being the aforementioned Roma Gun Club members!

Sunday dawned with more of the same, a beautiful breakfast in the clubhouse and a liberal use of headache pills. The early morning working bee had resurrected the club facilities and it was looking a picture, but the ice sculpture was more like a melted mess on the front grass. The optimists were suggesting the wind may drop and others were concerned for the clubhouse roof.

**Shaun Ryan and the TenderPlus trophy presented by president Vince, this was one of his "double" for the week-end.**

Ninety shooters stepped up to the plate to contest the George Scaf Points Championship. The outright winner was Shaun Ryan from Springsure on 89/90. A tie between Pat Burke from Caboolture and Mark Joass from the Coast on 88/90 in AA was broken when a second barrel on the forth target saw Pat take the grade and his share of George's generous sponsorship. 1st AA Pat Burke Caboolture 100/102, 2nd Mark Joass Gold Coast 99/102. 1st A Phil Zapantis Brisbane 101/105, 2nd Meredith Page Gold Coast 98/105. 1st B Sam Cannizzaro Redcliffe 85/90, 2nd Graham Dowling NSW Gun Club 84/90. 1st C Sam Nucifora Gold Coast 73/90, 2nd Phil Sorby Gold Coast 78/96.

Apart from a cameo appearance on Saturday night as a Mafioso Master Chef (we have photos as proof), Griffith visitor Arthur "the Godfather" Turner had kept a low profile until the Lee Hogath Single Barrel Championship. The first possible for the weekend (outside of the eye-opener) gave Arthur victory in an event sponsored by Beretta. He was happy to put his name on the silver trophy but generously donated the trophy back to the club. 1st AA Greg Newey Warwick 29/30, 2nd Matty Patmore Yass 43/45. 1st A Phil Zapantis Brisbane 29/30, 2nd Peter Luppi Gold Coast 28/30. 1st B Arthur Page Gold Coast 27/30, 2nd Russell Carracher Teelba

29/34. 1st C Don McAdam Gold Coast 23/30, 2nd Laurie Shehan Roma 22/30.

By the time the TenderPlus Continental Championship commenced, it was apparent that the wind was reducing to a breeze and seven possibles were registered on the scoreboard. After the best shoot-off of the carnival Shaun Ryan got to put his name on the second trophy for the weekend and then had to ponder how the TenderPlus sponsorship (a huge esky full of meat) would make it back to Springsure. Others with a "meat problem" were 1st AA Arthur Turner Griffith 101/102, 2nd Colin Dunn Callawadda/Stawell 53/54. 1st A Chris Lee Warwick 65/66, 2nd Jonathon Penfold Teelba 50/51. 1st B Sam Cannizzaro Redcliffe 48/50, 2nd Matthew Allen Dalby 47/50. 1st C Glenn Summergreene G/C 48/50, 2nd Sam Nucifora Gold Coast 45/50.

As we all know the High Guns are never decided until the last shot is fired and the overall could have gone any of 3 ways, with one point separating the three. A tie was the final outcome and Matty Patmore and Arthur Turner went back to the mark to decide the winner. After a couple of iterations, Matty was a jubilant victor and the Agnes and Bill Witt Crystal trophy got the second champions name attached to the base. The Sony digital camera donated by Gael and Colin Witt was also gratefully accepted by Matty who declared he had had a "great weekend!"

The grade High Gun Winners were 1st AA Arthur Turner Griffith Gun Club. 1st A Neil Cracknell Maryborough (Vic) 259/280. 1st B Sam Cannizzaro Redcliffe Clay Target Club 256/280. 1st C Bill Wilson Gold Coast Clay Target Club 236/280 and Ladies High Gun, Tania Burke Gold Coast Clay Target Club 252/280. Veterans High Gun, Bill McCarthy Gold Coast Clay Target Club 226/280. Juniors High Gun, Glenn Wyatt Maryborough Clay Target Club 256/280

The club would love to thank all the other sponsors who assisted with the trophy table: Mim Marie of Acusport; Wolf & Cheryl Becker; Bill McCarthy; Southport Hydraulics; Alan Vacy-Lyle; John Mack; Terranora CTC; Paul Santarosa; Dr Arthur Page.

All in all, another great carnival. Congratulations to the victors and thanks again to the sponsors and all the other competitors whose names did not make it to this report, your efforts in attending are the reason we all had a good time.

# Maryborough, Queensland Coaches Students

**For the third year Maryborough State High School students from grades 8, 9 and 10 chose clay target shooting at Maryborough Clay Target Club as their external sports activity for the winter/spring term. Club management is grateful to the members who devoted Thursday afternoons for 10 weeks to coaching twenty enthusiastic students.**

In 2002 this course led to student Glenn Wyatt joining the club and becoming a dedicated clay target shooter. He is now a member of the Australian Junior Team, which won the World Championship

**Maryborough State High School winners (from left) - Nat Martin, Brenton Mathiesen, Zoe Johansen, Fergus Cordie and Noel Thompson.**

in July this year. Younger brother Luke Wyatt has gained a place in the Queensland Junior team for the Nationals in Perth next year. This year several students showed potential and expressed an interest in joining the club and we hope they will receive their parents' support.

The first week was devoted to lectures on safety and firearm familiarization, with just enough time to give each student a shot. The need for correct footwear, eye and hearing protection was stressed.

Time only permitted ten targets per student and in the following weeks they progressed from straightaway targets on lane 3, to straightaway targets across the lanes and finally oscillating targets. The students did not carry ammunition and each coach handed a shell to his student when it was his turn to shoot. Each week particular attention was given to those who were having problems.

On the last day on September 16th parents and families were invited for the final competition. The headmaster attended to present a certificate of appreciation from the school to the club. The club provided high gun trophies for the Overall High Gun, Novice High Gun and Girls High Gun, with trophies for first, second and third in the final competition. All the students received a certificate to say they had completed an introductory course in firearm safety and clay target shooting. Teacher and club member, John Poulter, who was the instigator of this annual event, made the presentations.

The Overall High Gun was won by Noel Thompson, Novice High Gun by Fergus Cordie and the Girls High Gun went to Zoe Johansen. Brenton Mathiesen won the final competition, with Fergus Cordie second and Nat Martin third.

As in previous years, club members were impressed with the good manners and co-operative attitude of the students and hope to see some of them back at the club one day. Apart from attracting junior shooters, this

activity increases public awareness of our sport and has proved to be a good public relations exercise, which we can recommend to other clubs.

Thank you to Gerry Chizzotti, Denver Marchant, Terry Milera, Dick Osborne, John Poulter, Jim Robertson, Kevin Ross, Giulio Sartore, Mike Stevenson, and Andy Wood, who gave their time for the duration of the course.

# WATERHOUSE MEMORIAL

Wednesday the 8th of September, was a lovely warm night in Sydney. The N.S.W. Gun Club was prepared for the final of the Charles Waterhouse Memorial shoot which had been run once a month since January for qualification, with the ultimate stash of prizes at the final.

Squad 1 started shooting at 6.40pm and after 9 squads had shot the compulsory 30 targets. We only had 2 possibles, which was hard to believe, as all of the best shots in Sydney were here for this. Gus Yatak and Arty Del-Ben went out for the shoot off and 14 targets

and vowed that it won't be his last. Second went to local shooter J Diamond.

Many thanks must go to Theo Stamoulis and his band of helpers, for all the preparation of the free food and salads every month for this shoot. Thanks also to the lovely Waterhouse Family for their continual sponsorship of this event, which is in memory of Charles Waterhouse, a man who had a great passion for shooting until his passing in 1995.

*Sue Nicholls*

later, Arty proved victorious and collected a sensational digital camera. First in AA was Gus Yarak, Gus also collected a camera for his troubles.

Second in AA was junior shooter D Allam, he will be a force to be reckoned with in the future! First in A grade was Con Plessas and was closely followed by L Chahine who came second. B grade was won by shipping magnate Barry Grebert with local tax evasion expert Dennis Pearson running second.

C grade winner Bill Agearas was over the moon with his first sash

# Iron Man Shootout at Echuca

Echuca Clay Target Club for it's October shoot, hosted an Iron Man Event, which included ten targets each of the following disciplines. Points score, Olympic Double Trap, Double Rise, Handicap, Ball Trap, and Skeet all shot with the same gun, which to everyone's surprise really closed the gap between the lower grade shooters and the top grades. A and B grade competitors came in with scores almost equal to the best AA shooters.

The clubs committee was extremely pleased that this unusual event was so attractive, it brought in seven full squads of shooters to Echuca, interested in how they could handle the mixed disciplines, using one gun and no choke changing allowed.

With a perfect day for competition, 25 degrees, clear and sunny with no wind at all, and an excellent background for black targets, all shooters were given the best chance to perform well on the day.

Sixty targets amounting to a total of eighty points, and although the shoot had attracted some of the states top shots, not one shooter could come up with a clean score. A 74/80 was the top score, shot by Bendigo shooter, Craig Hill, taking out the Overall and AA grade and being declared the Iron Man for 2004.

The second event was also a reasonably tough challenge, being a Double Barrel shot off the eighteen-metre mark.

A shoot-off was required in this event for most placings, with a father and son performing well. Steve Atkins collecting Overall and AA grade on a score of 51/51, and son, Ryan Atkins really testing dad out, dropping his 51st target to collect the A grade trophy.

Steve Atkins OA DB with President Ron Traill

Ryan Atkins A DB

Full results are as follows. Event 1 a 60 Target Iron Man Championship. Overall & AA Craig Hill (Bendigo) 74/80, AA 2nd Rod Flower (Bendigo) 73. A 1st Steve Traill (Echuca) 70/80, A 2nd Ron Traill (Echuca) 68/80. B 1st Greg Norris (Echuca), B 2nd Peter Gobbo (Echuca) 64/80. C 1st Doug Faulkner (Echuca) 59/80, and C 2nd Simon Boyd on 56/80 also from Echuca.

Event Two a 25 Target Double Barrel Championship off Eighteen Metres. Overall & AA Steve Atkins (Echuca) 51/51, AA 2nd R Flower 32/33. A 1st R Atkins (Echuca) 50/51, A 2nd Tony Plum 24/25. B 1st G Norris 46/47, B 2nd Jordan Costa 23/25. C 1st David Squires 21/25, C 2nd S Boyd on a 20/25.

With 42 shooters to shoot a total of 85 targets for the days competition, the shoot needed to run well and it did, with almost no break in shooting the shoot and the presentations were all over by 5pm making all, but especially those who travelled, very pleased with the days outing at Echuca.
