NATIONAL PRESIDENT'S NOTES

John Mack

It gives me great pleasure to inform our members that we now have a new National Executive Officer; Ms Carrie Elton has taken up the board's offer of employment with our Association. Carrie will commence her employment with the Association by end of August. I look forward with the executive in working together with Carrie to begin a new era for our Association.

I would also like to take this opportunity on behalf of the executive to thank Mr Geoff Kidd for his time over the last four months as temporary Executive Officer, Geoff's offer of assistance has been truly inspiring to all involved during this period, Geoff has brought fresh idea's, vision and enthusiasm to the executive which has been warmly welcomed.

My thanks also to both Ron Traill and Fred Rapley for their efforts on the trap machinery at our National Grounds, we now have targets presented that we all will be happy to shoot, I look forward to attending the NSW State Trap Championships to see how we have progressed.

KEMPSEY “MACLEAY CLASSIC”

Location Situated right in the heart of the
Mid North Coast of NSW

This shoot was the Kempsey Macleay Classic “Open Shoot” sponsored by Kapla Partners who are Financial Advisors owned by Paul Pritchard. Paul is a supportive and active member of the Kempsey Clay Target Club and his financial support each year ensures that we can offer competitors excellent competition and the possibility of taking home a share of the prize money on offer.

The six squads started the day under cloudy skies and cool conditions but the competition was hot with all grades vying for a share of the cash. Thirteen shooters in three grades, all broke 25 targets in the 25 Target DB 15m Cash Divide.

AA Grade: V. Balliana, S. Wallis, B. Jones, J. Webster, M. Height, K. Thompson 25/25.

A Grade: D. Pasfield, G. Brown, H. MacInnes, K. Ellison, K. McWhirter, J. Gemmill 25/25.

B Grade: D. Pearson, 25/25.

The day became overcast but the accuracy of the shooters did not deteriorate in the Kempsey Macleay Classic 100 Target Points Score. Shoot offs were required in AA and A Grade to determine the placings and the number of \$50 notes placed in their wallets. The winners listed below received their prizes from Paul Pritchard and vowed to return for next years Classic at Kempsey.

AA Grade: 1st - K. Thompson 297/300 2nd - G. Oehm 293/300

A Grade: 1st - D. Pasfield 292/300 2nd - N. Wilkinson 291/300

B Grade: 1st - M. Wilkins 282/300 2nd - A. Young 277/300

C Grade: 1st - J. Diamond 268/300 2nd - S.Kelly 264/300

K Thompson 1st AA

Mick Wilkinson 1st B

Alex Young Junior Winner

Lesley Langer Ladies High Gun

The final event of the day was the 50 Target DB Club Championship which was shot in deteriorating light but this had little impact on the competitors. Unfortunately Event 4 the 25 Target DB Continental had to be abandoned as the committee determined that conditions would not be equal for all shooters, so with the refund all shooters took home some cash, albeit not as much as the winners. The winners in this final event were

Overall: K. Thompson 83/83

AA Grade: 1st: S. Wallis 82/83 2nd: J. Gemmill 62/63

A Grade: 1st: D. Pasfield 57/58 2nd: M. McDonnell, B. Aitchison 74/75

B Grade: 1st: J. Gosling 49/50 2nd: D. Pearson 47/50

C Grade: 1st: D. Young 47/50 2nd: S.Kelly 46/50

The High Gun was won by K. Thompson 372/375, Lesley Langer was the ladies winner and Alex Young, an up and coming young man from Coffs Harbour, won the Junior division.

It was a wonderful day shooting and the Kempsey Clay Target club is extremely appreciative of the support of their sponsor, Kapla Partners. I would also like to thank the dedicated ladies who not only prepared lunches but also a great afternoon tea. Ken and Glen Baker also relinquished their shooting on Saturday to ensure the traps were restocked and the day ran smoothly, thank you gentlemen.

Come and join us if you are on the Mid North Coast.

FROM THE EXECUTIVE OFFICER

Well this should be the last EO's report from me as at the time of writing we are preparing for the inaugural meeting of the Board on July 31st and as you will have seen from John Mack's President's column, a new National Executive Officer has been selected, will be attending that Board Meeting, and will be in place for the next edition of this Magazine.

I commend the new National Executive Officer to you all and I am confident that her experience, drive & charm will ensure that the ACTA is run more efficiently, that our major Events are better co-ordinated and are more "fun" for all, that our sponsors and supporters are better handled and acknowledged, that the ACTA is well positioned with every level of Government to better handle the myriad of issues that impact on our Sports, and that all of our members needs are better and more efficiently addressed.

As you are all aware, we have been in somewhat of a holding pattern while a new National Executive Officer is appointed and I came in on an interim basis, however some issues just could not be left unaddressed. I hope that what has been done over the last couple of months will be a reasonable base from which the new appointee can grow the ACTA.

In particular I would like to thank our President, John Mack, for his tireless efforts on behalf of the Association and I say to all members that if John can maintain his activities and enthusiasm at the present levels, then the ACTA will be well served.

I have recently written to all Clubs who have not provided proof of Incorporation and for those that are unincorporated or that have not responded this is now a critical issue. WE appreciate that there are a couple of Clubs with circumstances that do not allow incorporation and those are being looked at further at the present time, however our Constitution requires that member Clubs be Incorporated bodies and great latitude has been given to date. All members of all Clubs that are not Incorporated should be aware that your Club is likely to be uninsured by the time you read this, and such a position puts all executives and members of those Clubs at risk. The ACTA has now contacted those Clubs on numerous occasions and has perhaps allowed more time for you to comply than is prudent, so if your Club does not comply I suggest that members take the matter up with your executive as a matter of urgency.

Those who know me would be aware that the last thing I want to be known as is Geoff "the compliance freak", but in these days of litigation, any Club that is not protected by Incorporation or by our insurance umbrella is taking what I would suggest to you all is an unacceptable risk . . . and for what?

Now please let me raise 2 other compliance issues that good management demands Clubs and their members to address.

The First is GST and you will see a separate article in this edition on how this is interpreted by the Tax Office and how it should be handled for our competitions. If your Club is registered for GST, then we believe it is crystal clear on how the matter should be handled. More details of the relevant ruling is on our website.

The Second is OH&S. Now I know that many of you might see this as an unreasonable imposition on your sporting pursuits and some of you have contacted me along those lines (some even using stronger language) and what I say to all Clubs and all ACTA members is that I understand that position BUT you ignore this matter at your peril. The hard fact of life is that if your Club experiences an accident that breaches the OH&S regulations in your State, you will

be charged and it will most likely cost the Club and the management a massive amount of money. Make no bones about it, this issue has potential to wipe out some Clubs and it is no excuse, nor is it reasonable management, to pretend that OH&S is not applicable to our operations at all levels.

Many of you have experience with OH&S management in your workplace. Be aware that exactly the same regulations apply at your Club.

While the legislation varies in all States, they are all similar in that they hinge on the requirement to undertake a formal identification of hazards, to examine and establish the manner in which those hazards can be mitigated and controlled, and to put in place a plan to correct all areas where hazards are identified.

You will find that if you have been managing your operations well, you will have most of these issues partly or fully in hand, however this is a specialist business and we have recently employed an expert in this field to look at the National Grounds and Office. Now it is not hard to identify that being struck by a target or arm has been one of the hazards of our sport and I remember getting into trap houses last century and squinting with crossed fingers while hoping that the trap didn't go off. That type of procedure is no longer allowable and you need all trappers to be inducted and to have signed off on a procedure to access the traps in a manner where they CANNOT be injured. As an example, if the trap cannot be discharged and de-energised so that there is no chance of an accident, then you need to make the necessary changes to allow that to occur readily and you need a written procedure on how your trappers and trap mechanics will handle that, plus you probably need that procedure on a sign on the trap house near the access point.

We are further advised that in NSW all members or staff that undertake any maintenance on your traps or grounds must have a Workcover approved "White Card". I understand that similar requirements apply in other states.

Other areas to be kept in mind are trip & slip hazards, safe access down into trap houses or up into skeet houses, earth leakage protection on all electrical connections (including portable generators in your camping area), the control of hazardous materials, safe fittings on all mowers and workshop equipment, the use of safety glasses and clothing etc, etc ad infinitum.

You ignore this OH&S issue at your financial peril as in NSW, fines of tens and hundreds of thousands of dollars are issued for breaches and your Workcover department always investigates after an accident with the benefit of 20/20 hindsight, so in the event of an accident it will almost always be the Club's & Management's fault.

The Consultant who has completed the work for the ACTA has offered a very attractive concessional rate for any Clubs that want his advice and an effective way to progress this might be for several Clubs to band together and have our Consultant or another of your choice attend your location to address all Clubs on what you need to do . . . BUT PLEASE BE CLEAR THAT DOING NOTHING IS NOT AN OPTION if you want to protect your Club's ongoing operations and your bank balance.

Best regards to all members and thanks to all those that offered their support during my time in the chair. See you at the Nationals.

Condamine Gun Club

Location 373 km west of Brisbane.

The Condamine Gun Club held its Annual Two Day Shoot on Saturday the 9th and Sunday 10th June. The week of wet weather before the shoot, was a relief for local farmers, but played havoc on the clubs organisation of the shoot. Last minute loads of crusher dust and a new gas heater were needed to ensure the grounds and club house were ready for the big event.

Brett Pile Club President with Wes Humphreys O/A HG

The two days brought in excess of 70 shooters, with 15 clay target clubs represented. Shooters travelled from clubs as close as Surat and Chinchilla to as far away as Cunnamulla, the Sunshine Coast and Tyagarah in NSW. Unfortunately for the shooters from Glen Innes, the Friday night before the shoot, brought over a foot of snow and they had to make a quick departure to return home to feed cattle.

The weather on Saturday provided for a challenging day of shooting, with light drizzle at the start of the day, then wind and cloud, and eventually fining-up to a cold and relatively calm afternoon. Three events were shot on the first day, with a few possibles shot. The 30 Target Medley

Event, which was sponsored by Queensland Gas Company, was taken out by Benn Durkin 72/75 (Texas). The main event for the first day, the 50T Double Barrel "Condamine Bell" Championship was fiercely contested, with Scott Trafford 50/50 (Sunshine Coast) taking the overall prize, consisting of the much coveted Condamine Bell.

Sunday, brought totally different weather conditions, with a cold but calm day and blue skies. Shooters however, did not respond as well to the favourable weather conditions, with only one possible being

shot for the day.

Two events on the second day, stand out, the first being the 30 Target Points 15M "Chair Event" in which first prize is a Squatter's Chair. This event is sponsored by Condamine Kitchens, which is owned and operated by Club President Brett Pile, who also makes the chairs. This year, as always shooters came with the intention of taking home a chair; however only five ever manage to leave with one. Overall in this event was Wes Humphreys 98/99 (Sunshine Coast). George Costanzo 95/99 (Ballandean) took out the AA grade; Robbie Smith 87/90

(Toowoomba) took out the A grade; Mark Liddle 92/95 (Wandoan) took out the B Grade and C grade went to Jason Dennis 86/90 (Surat). The 30T Single Barrel "Condamine Bell Championship" was the last event for the weekend, with David Robb 36/36 (Tarawera) taking home the coveted Bell, which was sponsored this year by Teys Feedlot.

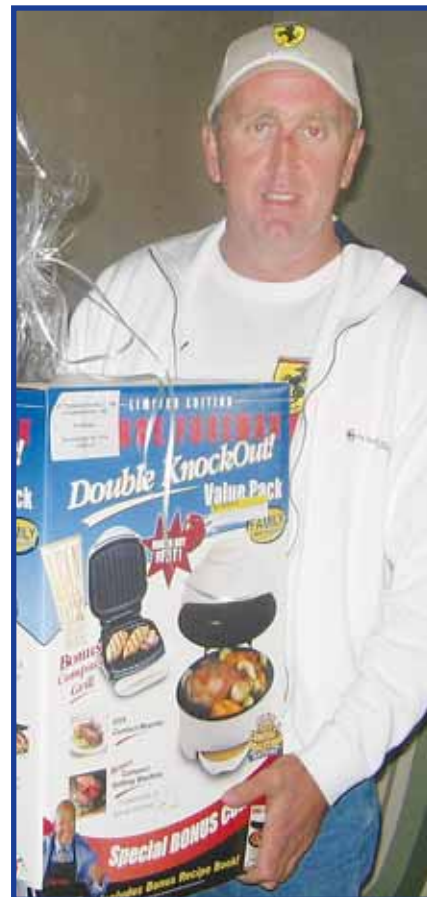

The Overall High Gun was sponsored by Charolais Cattle Company and was won by Wes Humphreys 266/280 (Sunshine Coast). AA Grade was sponsored by Millard Tyre Centre - Miles and was won by George Costanzo 265/280 (Ballandean). A Grade was sponsored by Kerwick's Earthmoving and was won by Spike Scouller 249/280

(Chinchilla); B Grade was sponsored by CRC Electrical and was won by Peter Mitchell 252/280 (Chinchilla); and C Grade High Gun was sponsored by Peter Vowels Real Estate and won by Blair Jackson (Dalby). Veteran High Gun was awarded to Eddie Mills 240/280 (Cunnamulla); Ladies High Gun was awarded to Jenie Fawckner 247/280 (Roma) and Junior High Gun was awarded to Georgia Costanzo 240/280 (Ballandean). The "Kiwi Trophy" which is awarded annually to the best local member was taken home by Ray Turner (Tyagarah).

Full details of the scores for the two days can be found in the results section.

A special thank you must go to all of the staff in the kitchen, behind the bar and on the layouts. An extra big thank you to Christine Newton and Julie Allan who did the office work for the weekend - both are members of other clubs but agreed to give us a big helping hand - Thankyou.

All in all an excellent weekend was had by everyone and we look forward to seeing everyone again next year.

Riverina Ramblings

**The adventures of a couple
of ordinary blokes in the
Eastern Riverina**

Pee Wee seems to be distracted lately. I don't know if it's all the gardening he's been doing or the concrete foundations he has been pouring, but it arrived late, sans gun, vest or shells. That was OK I leant him mine for all the use they are to me. Pee Wee cut a fine figure strutting around with the mighty 682 slung over the shoulder and the Beretta spray jacket on. Shot like a champion too, maybe he felt more manly and confident knowing that when he pulled the trigger it would actually go off, just a hypothesis of mine, maybe he should ask MKD.

Griffith Gun Club opened their new trench layout with a two day shoot, sponsored by Casella wines, I didn't attend, as to be honest, the embarrassment of the "Yard Boy" rolling around on the ground laughing after the clay has landed and me still looking for it, rankles a bit. So here's me sitting at home watching the footy and I get, three, (count them, 1,2,3) phone calls in ten minutes informing me that Pee Wee has had another gun malfunction at a trap event.

It arrives home and lobs around "Have a good time Pete", "No dramas, shot all right mate?" says I.

"Yeah, shot ok, BUT (and here it comes) Marcello had them cranked right up, going 50 yards past the peg, just didn't catch a few of

them", sickly grin. "Had a bit of a (looks away, the gun, mumble, mumble) anyway better get off home, see ya mate"? says Yardy.

"Hang on, what happened; the gun what?" says I.

"The bloody V spring broke about the third bird on the second fifty, @\$&? thing", goes the Illustrious one.

"At least you have fast lock time", says I.

"BANG", that's the door slamming. Temper Temper.

They say you can't teach old dog's new tricks and I am starting to believe it. Albury yesterday, The Yard Boy winches the "exotic ladies" case out of the boot, puts her together and it's as if she's had a face lift. "Yeah, new cheek piece, cost over \$500.00 bucks" says Pee Wee proudly. Nearly choked on my hot dog, 500 scooves for a thing that weighs about 100 grams and looks like it's made from a recycled car tyre.

Out it walks full of confidence, looking the goods, still wearing the Beretta Spray jacket and bang, bang. OOPS

"Get that bloody jacket off Pee Wee" says I just to plague him a bit, you know, really help his concentration. Shoots everything else wanders back in and gets the allen keys out to start fiddling with the new cheek piece. "It's not quite right" says the luminous one "reckon it cost me that bird".

God help us at least the "FLY" might get a break for the Winter.

YAMBA CLAY TARGET CLUB

Location situated at the mouth of the Clarence River
in Northern NSW

Yamba Clay Target Club held their 2 day shoot over the Queens Birthday long weekend. In the few days prior to the weekend of the competition Yamba and the Lower Clarence areas experienced a great deal of heavy rain and threat to a shoot. Having rained Friday night and Saturday morning was cloudy but rain kept away that day and Yamba decided to go on with the shooting.

S Harding B 1st Event 2, 3 & 6

Nominations were disappointing on day one but numbers doubled on day 2. All clubs were represented down the coast, tablelands and southern Queensland. A program was put together making up 6 events consisting of Day 1 a 25 target cash divide, a 50 target Points Score and a 25 target Double Barrel event. On Day 2 a 25 target Double Barrel Cash Divide, a 50 target Double Barrel and finally a 25 target Single Barrel.

29th Central Victorian GRAND PRIX

The 29th Central Victorian Grand Prix was held at the Maryborough and District Gun Club grounds at Carisbrook in cold, overcast conditions. Thirty-two clubs were represented, coming from all over the State as well as five from South Australia. In all there were ninety-two competitors of which eleven were juniors and six were ladies.

Trophies included Brno rifles, electric outboard Minnkoto electric outboard
motors, LCD TV's and GB cartridges

The first event for the day was the 25 Target Single Barrel Graded Championship sponsored by Doran Earth Moving. The overall sash went to AA Grade shooter, Colin Saxton, from the Numurkah/Shepparton Club. Colin's score was 27/27. Bryan Rafferty and Jim Shepherd shared second prize in this grade, 41/43. Rhys Hendrickson won A Grade with a score 26/27 from Terry Foster, 25/26. Brooke McMillan was the winner in B Grade with a score of 22/25 from Warren McPherson, 21/25. Another lady shooter won C Grade. This was Emma Brache, 23/25, from John McIntyre, 23/26.

The main event for the day was the 25 Target Double Barrel Graded Central Victorian Grand Prix Championship. The eventual winner was AA Grade shooter Ashley Bolwell, with a score of 88/88. Ashley's home club is Central Wimmera.

Ray Mack of Earmold Australia and Len Johnson discussing the fact that winning's not everything

For the first time a Grand Prix Classic event was held. The prize was a Brno CZ Rifle. Shooters could enter as many times as they wished. Five names were drawn out. The first name drew out which lane from which they would shoot from and had one shot from 25 metres.

It was not until the third person shot that a winner was declared. Congratulations went to Junior shooter, James Hipwell from the Bendigo club. A great way to finish off the day. Maryborough President, Darren Watts, was lucky enough to be the number two shooter, but alas he missed.

The Maryborough Gun Club wishes to thank the sponsors for their generous support - Doran's Earth Moving, Lang Mechanical and Bruce Burns from GB/Corsivia.

Psychological Skills for Shooting

by Michael Kruger-Davis

DISTRACTIONS

Recently at a shoot I was asked if I had any strategies that would improve concentration. There is a range of skills and techniques that can be learnt and practised both in and out of competition, to improve concentration. The main technique is to be able to stay focused in the here and now and deal with the process of shooting and not with the outcome. So when I gave this question some thought on the drive home I realised that concentration is a component of a wider set of skills and not just a single entity.

The important aspects of concentration are; staying focused in the present, attending to details and enjoying the process rather than dwelling on the outcome. Concentration needs to be specific (eg focusing on the target) rather than broad (eg focusing on the whole event). The problem with concentration is that we need to be able to recognise the internal and external distractions that limit our ability to focus, so that we can attend to the job at hand or the target about to be thrown.

Internal distractions that limit our ability to stay focused are;

- Thinking too much about either the past or the future outcomes. Shooting is a sport where you have to remain focused in the here and now. Thinking about a missed target or previous performance means that you are focusing on the past. Thinking about the result, the prize, etc means that you are focusing on the future. Both these trains of thought take you away from the here and now.
- Self-doubt or negative judgements about your performance. Judgements lead to self-doubt. Self-doubt produces anxiety, and this leads to our muscles tensing up and we lose the ability to move and perform in a fluid way.

SHOOT MARSHAL'S POOL

Applications are now being sought for persons' wishing to register their name for upcoming National Championships.

Shoot Marshal's listed in the pool need to advise which Championship they wish to be available for.

Interested persons should apply in writing, stating experience and preferred discipline, to:

Executive Officer
PO Box 466, Wagga Wagga
NSW 2650

- Worrying about missing a target or having a fear of failing.
- Having a fear of the competition level or being intimidated by the enormity of the competition. This distraction is evident at big competitions such as state carnivals and the Nationals.
- Getting frustrated with your performance or your opponents. If you get frustrated or angry with your own performance, then you begin to focus on the past and because you're not dealing with the present, you will often miss the target.
- Worrying about statistics, such as your next break badge. This means that you are focusing on the future and again you are not staying in the present.
- Trying to break records and focusing on achieving personal bests. Again this distraction is future focusing.
- Wanting to impress others such as parents, friends, or peers. This distraction means that you are focusing on the outcome and not the process of the sport or the competition.
- Dwelling on past errors. This means that you are focusing on the past again and not staying in the present.
- Thinking too much about what others are thinking about you. If you worry about other people's judgements you will not be focusing on the process, because the outcome at the end will be more important.
- A past injury affecting your performance.
- Over-analysing your skills or techniques. Yet again this is a way of focusing on the past and avoiding dealing with the present.

External distractions that limit our ability to stay focused are;

- Noises such as loud speakers, cars, people yelling, etc.
- Visual distractions such as rubbish being blown over the grounds or birds, etc.
- Bad weather
- Cameras or television crews
- Thinking about your family or work
- Poor refereeing
- Poor or faulty equipment
- Less than ideal conditions
- Being heckled or intimidated by a regular opponent
- Being purposefully psyched-out by other competitors
- Being confused by listening to too many people

Most of the external factors are something that can be put out of your head or dealt with by using visualisation strategies such as the Black Box Technique. The final three listed are external distractions that also have an internal component, in that, we think about them and because we think they are bad, or we judge our performance as bad, this will get in the way of performing well.

Concentration during competition can be improved by remaining in the here and now. Stay focused in the present. This can be best done by focusing on your breathing and focus on the process and not on the outcome. Out of competition, practise needs to include, breathing and practising bringing the focus of attention back when the focus is lost.

It's Your Call

No. 21

By
Bill McCarthy

As the Referee in a shoot off, you are confronted with a situation regarding malfunctions. Simple enough! We are all aware of the procedures to be adopted.

After the shoot off has been in progress for a while, you notice that a shooter has had three malfunctions since the start of the shoot off. You are about to warn him that his next malfunction will be a lost target and that (because it is a shoot off) he has ten minutes to get a replacement gun or cartridges.

However, you remember that you have just refereed him in the qualifying event where he has had a previous malfunction. You inform the shooter that the event and the shoot off are as one. Therefore the target is lost and the shooter is to retire from the event.

IT'S YOUR CALL.

Technically the Referee is correct but he has erred fundamentally in the application of the rule fairly and equitably. This is an occasion when the referee could have thought more about the incident and exercised a degree of judgement. Let us look at why.

Had the Referee not been the referee in the original qualifying event he would have been unaware of the Shooters previous

malfunction. Moreover, it is extremely unlikely that the original qualifying event sheet would have accompanied the "shoot off" sheet to the tracks. Normally there would be no reference to the previous malfunction. Hence, any referee would not be aware of any previous occurrences. Indeed, there may have been others in the shoot off squad who had had malfunctions of which it was virtually impossible for the referee to know about and who could have had their malfunction started again in the shoot off event. Therefore, there was a question of equity which the referee could have considered in his ruling.

If the referee was to strictly apply the rule (which he was entitled to do), he should have warned the shooter after his second malfunction in the shoot off as it was in fact his third malfunction in the event. In that case the shooter may have elected to replace or repair his gun. The shoot off rules allow him ten minutes to do so.

Now there is no criticism of this very competent referee. He is one of the best we have. The report of the incident here is to merely remind us that sometimes we must think outside the square. However, it does not give us a licence to disregard or misinterpret rules. This is an exceptional and unusual case and should be treated as such.

The procedures for malfunctions in qualifying rounds and in shoot offs are somewhat different in that

(a) after three malfunction in a normal qualifying round the shooter is given five minutes to repair or replace his gun (or cartridges) or be re squadded.

(b) after three malfunctions in a shoot off the shooter is given ten minutes to replace his gun (or cartridges). There is no provision to re-squad. Incidentally, this incident highlights a need for all shooters to know as much about the rules as possible.

On a lighter note I am happy to report that the shooter accepted the decision in very good grace and exhibited great sportsmanship and understanding.

Why I missed that target

I entered to the Pawpaw club
And agreed to accept the rules
You see I'd missed the first one
In one of the shoot off duels
Can't imagine why I missed
It couldn't have been me
That pulled that very awful shot
Out there for all to see
I know there is a reason
If I've been thinking right
Maybe a fly had caused the loss
When it landed on the sight
I wandered round the usual mob
My head down in my knees
To get advice from those that know
Or think they know you see
One said your head was up
Another "Yer moved yer gun"
I began to wonder why

That shooting was for fun
I wandered further round the club
To seek some more instruction
The advice was coming thick and fast
From those experts in deduction
Just shorten up the stock a bit
And push the comb down low
Don't listen to those other Blokes
They only think they know
The pitch is what your problem is
Your barrels' full of lift
Wouldn't have that gun of yours
If I got it as a gift
I was told it was my ammo
Wouldn't use the stuff they said
Isn't quite just fast enough
It makes you lift your head
Nar, his timing is his problem
Said an expert from his car

I often saw a glimpse of him
While I was at the bar
Your elbows are the problem
Your feet too far apart
I saw you on the second lane
I'd watched you from the start
From frustration and unhappiness
My confidence was just soaring
I'll take instructions to the next event
I'll get the crown "a roaring"
So out I went at a jaunty pace
Competing with shot for shot
Yes you may already have guessed at it
I missed the bloody lot
There's a moral to this story
And I won't tell you what
Because you must already know
Why I missed that shot.

NSWCTA State Continental Carnival

Location Mid North Coast of New South Wales Australia

Wingham, bathed in sunshine and perfect weather conditions, greeted the competitors for the State Continental Carnival, some having travelled as far a field as Orange, Brewarrina, Gunnedah, Tamworth, Queanbeyan and Sydney.

These great conditions were to stay for the entire weekend and removed any possibility of the weather being a contributing factor of poor performance.

The grounds and associated facilities were once again presented excellently, thanks to the hard work and dedication of the local members.

The scores recorded over the carnival weren't what you would call flash, due in the main I believe to the application of rule 1.22(e), which requires the low continental target to be thrown 46 metres (+/- 2 metres) in still air. This equated to an increase in target speed by some 5kph off the plate than a normal trap target, and it was this additional speed, be it only minor, being enough to vary what is ordinarily by the trap shooters.

Following the initial 25 target eye opener, the State Single Barrel Continental Championship, sponsored by Conplant Ammann Australia, was conducted, and with a shoot-off being required between Cliff

Daryl Pasfield DB, Kevin Thompson PS, Cliff Overton SB

Overton of Brewarrina and Wal Maryska, NSWGC, to determine the overall winner. After 7 targets, Cliff was the new Champion with the score of 54/57, with Wal taking out the AA grade from Steve Wallis (Port Macquarie CTC). A grade went to Ken Saunders (Kempsey CTC), B grade Michael Wilson (Taree-Wingham) and Tony Sewell the C grade, also another local.

The State Double Barrel Continental Championship, sponsored by Westpac Agribusiness, followed with 7 shooters contesting the shoot-off for overall, with our local Club Secretary, Daryl Pasfield ultimately winning the event 64/65. AA grade to Michael Height (Taree-Wingham), A grade to Michael McDonnell (Taree-Wingham), B grade to Yvonne Height (Taree-Wingham) and another local, Rod McCloy the C grade.

Sunday, another perfect day and the running of the Flying fox Fifty Championship, an event synonymous with the Club, and once again proudly sponsored by Denis Pearson - Chartered Accountant and a great bloke. Steve Wallis was the overall winner of this event, the unique trophy and \$300.00 cash, with a skinner 99/100. AA grade Michael Height from regular Tamworth visitor Ross Freestone, A grade Paul Jackson (Cessnock CTC) from our local club Treasurer Gary Brown, B grade Steve Bailey and C grade Shane Kelly (Taree-Wingham).

The annual inter club challenge between the lads from the NSW Gun club and the team from Taree-Wingham was also contested over the Flying Fox Fifty, with an inaugural win being recorded by the locals, Michael Height, Michael McDonnell, Gary Carlyon, Daryl Pasfield, Gary Brown, Michael Wilson and Russell McCloy.

The final event for the weekend was the state Point Score Continental Championship, sponsored by Hitachi Construction Machinery Australia Pty Ltd, and saw Kevin Thompson (Newcastle-Lake Macquarie CTC), again with skinner, take the red state sash and the cash, with the fine score of 147/150. AA went to Cliff Overton, A grade Hank

Macinnes, B grade Michael Wilson and C grade Rod McCloy.

At the conclusion of the carnival, the High Guns were Helen Overton Ladies, Russell McCloy Junior, Ken McWhirter Veterans, C grade Rod McCloy, B grade Michael Wilson, A grade Hank Macinnes, AA grade Kevin Thompson and overall to local, Michael Height 356/376.

In what was a successful carnival for both the Taree-Wingham Gun Club and the NSWCTA, special recognition is warranted for the significant support and sponsorship of the naming sponsor, Westpac Business.

Regional Manager, Hank Macinnes made the comment at the presentation that "our business is based on local people, living, working and supporting local communities. For the Taree-Wingham Club to be able to secure this prestigious event on the NSW Shooting calendar, they should be congratulated and supported, and Westpac was pleased to be able to assist in promoting and supporting this carnival".

The committee extends it's appreciation to all the shooters who patronized the Carnival, and we gratefully acknowledge the support of our sponsors, Westpac Business, Conplant Ammann Australia, D.C Pearson Chartered Accountant, Hitachi Constuction Machinery (Aust), Winchester Ammunition Australia and Corsivia Targets.

Cold July Shoot at Echuca

Sunday July the 8th, and although it was a clear sunny day, it was very cold with a wind straight off the snow, or so it felt that way. But the weather did not stop six full squads of shooters to travel to the Echuca Clay Target Club grounds for an afternoon of competition, which in these cold conditions, really, was a good roll up.

*Peter Lindberg
OA mixed target*

*Pat Calandro
OA Double Barrel*

Three events on offer for the day, the first a 20 target Points Score graded cash divide, and a Bendigo shooter, P Akkermans, was the Overall winner being the only one to shoot a clean score of 60/60 points. AA grade 1st was Tony Bradshaw (Echuca) 57/60, A, Pat Calandro (Numurkah/Shepparton) also with a 57/60, B grade Nathan Harris 56/60, C grade Doug Faulkner (Echuca) 50/60.

Event two was a 40 Mixed Target Championship, and after a four way shoot off, Deniliquin shooter, Peter lindberg triumphed, collecting the Overall Sash and B grade 1st trophy with an 69/74 score, B 2nd was Tony Colandro 66/74, AA 1st Leigh Fitzgerald (Echuca) 54/60, AA 2nd another Deniliquin member, Ron Glenn on 53/60, A grade 1st Peter Sing, Echuca Clubs secretary, who has been shooting very well of late, with a good score of 67/74, A 2nd Conrad Robb (Echuca) 66/74, C 1st Ajit Prasad 51/60, and C grade 2nd was Doug Faulkner on a score of 42/60.

Event three, an 20 target Double Barrel Championship, and after a reasonably short shoot off for a double barrel event, Pat Calandro held off all others to collect the Overall Sash and A grade 1st trophy with a 33/33 score, A 2nd Ian Gebhardt (Echuca) on a 27/29, AA 1st P Akkermans 32/33, B 1st K Bateman 23/24, B 2nd P Lindberg 22/24, C 1st A Prasad 19/20, and C 2nd D Faulkner, achieving a draw in each event, finishing with a score of 16/20. The shoot ran very smoothly and because of a short shoot off in the double barrel event, all shooting, and the presentations, were over before 5pm allowing all shooters an easy run home in daylight.

Beretta Open Day at Brisbane Gun Club a Great Success

I arrived at 10.00 am and went to the main clubhouse to sign the range register and to look around to see how many people had taken up this great opportunity to have their gun checked by the professionals. I sat around in the clubhouse and watched Russell Mark talking to shooters giving tips on gun fit and gun mount. I reckon there were about 140 or more people waiting to have a talk and to have things checked and ask all sorts of questions. Greg Chan (Olympic Coach) was on hand down at one of the trench layouts with an assortment of Beretta Demo guns to suit Trap, Skeet, Sporting, and Trench along with a really neat machine that measures all aspects of any brand and type of gun. Greg Coleman (sales and technical) would take you to trap layout two with one of the demo guns to have a shoot to see how you liked them and also to give some shooting tips. You can imagine how long that took with over 140 people lined up. Not only that but if you wanted your own gun measured, it did not matter what brand it was, the Beretta Team would take the time to check them all and would send you to one of the trap layouts to try the adjustments. If there were out a touch Greg or Russell would adjust it some more and away you go to try the gun again. Free snacks, coffee, tea and biscuits were provided by Paul Vit and members of the Brisbane Gun Club. It came 3.00pm and the Beretta Team were still doing what they enjoy doing, the layouts were still busy with shooters testing their adjusted guns and others trying the new Beretta's. It was time for me to go so I packed up my adjusted gun and left with a lot more knowledge about gun mount and fit. I am sure all shooters who attended this Beretta open day have learnt a lot as well. Many thanks to Russell Mark, Greg Chan, Greg Coleman and Phil Grove. Phil helped Greg all day with changing and adjusting stocks. I hope the Beretta Team do this again in the near future.

MICHAEL DOWSE COLLINS

The Clay target community of Queensland is saddened by the death of Michael Dowse Collins. Mike was well known as a straight shooter and a straight talker, and a founding member of the Atherton Tableland Gun Club. He was a hard, willing worker for his Club, never missing a working bee, taking on jobs of President, Zone Delegate, and Handicapper to mention a few, and was rewarded a life membership for his valued contribution to building the club into the success it is today. Mike could always be relied on to give 100% effort.

Mike won his first state Championship while still a junior, and was a consistent winner right up to his last shoot in December 2006. He was chosen to shoot in the State Veterans Team in 2007 but his failing health prevented him. In Norfolk Island recently he took out the Overall trophy.

The Atherton Tableland Gun Club sends its heartfelt condolences to his loving family. He will be sadly missed by all who knew him, especially his friends and traveling companions in the ATGC.

Farewell dear friend.

DARRELL KING – ACTA No 23985

22.10.28 – 18.6.2007

It is with deep sadness that we say farewell to a valued club member and great friend. Darrell King lost his valiant battle with cancer on June 18th.

Darrell was one of those treasured members, always there and always smiling, at meetings and when there was work to be done. Those old White Flyer traps hummed under his care for many years and the day before a shoot you could be sure a familiar figure in blue overalls would be guiding his whipper-snipper around the grounds. Members have fond memories of Darrell's skills, such as a shooter breaking a firing pin late one Saturday afternoon at practice, the day before a major competition, and Darrell going home and making one ready for the morning.

Shooting was a major part of Darrell's life and his dearest wish was to escape the clutches of C Grade – he almost made it a few times but sadly it was not to be. However he had a ton of fun trying. Darrell's smiling face and Betty's cream scones were such welcome regulars at every shoot at Maryborough, with rarely a shoot missed in almost twenty-seven years.

A perfect gentleman, Darrell was well-respected and highly regarded by everyone who knew him and we will miss him.

Our thoughts and sympathy are with Betty, daughters Narelle, Rhonda, Michelle, Julie and their families.

Farewell dear friend.

ANDREW "ANDY" KINNEAR

11 6 63 to 12 5 07

It is with great sadness that the Warrnambool Clay Target Club advises ACTA members that Andrew passed away suddenly after a very short illness.

I first met Andrew as a student when I first came to Warrnambool as a teacher 1971. I started the School Gun Club in 1972 and Andrew was one of my students who quickly mastered the art of trap shooting.

Whenever we had practice days at the Warrnambool club Andrew's father Peter was always available to bring Andrew over for a few shots, and it wasn't long before he was showing older members how it should be done.

After leaving school and while doing his apprenticeship Andrew became one of the best trap shooters around Victoria and when it came to a shoot off 9/10 times Andrew would be the winner, I wouldn't try to guess how many Championships Andrew has won, but when I was out at Peter and Betty's home his sashes were everywhere.

I think it was in 1983 Andrew went over to America to shoot in a competition and that was a great achievement. If Andrew could not drive to a shoot he would fly as he had a pilot's licence. Andrew became President of the Warrnambool Clay Target Club in 1984 and held this position until 2001. As President of our club Andrew achieved many outcomes for our members and visiting shooters. 1. In 1985 Andrew and I had the club Incorporated. This was no small job and it took many hours. 2. Andrew attended many Zone Meetings representing our club. 3. Purchased and helped erect our light tower for night shooting. 4. Was instrumental in introducing Skeet Shooting to our club and did a great job of getting the traps into operation. 5. When the Howard Government brought in the new GUN LAWS we had many regulations and plans to submit to the ACTA before we could get approval to shoot. The plans Andrew drew up were perfect, and the government inspector congratulated our club and said they were the best he had seen while travelling around Victoria inspecting the gun clubs. 6. Constructed and built the present trap house we use today.

After being a student and a teaching colleague at the South West College of TAFE we often shared each other's skills.

Andrew was a dedicated teacher, and Head of Department at Warrnambool TAFE College his skills were an inspiration to all those who had the pleasure to be taught by him.

We will all miss his company and friendship and the Warrnambool Clay Target Club would like to extend our sincere sympathy to his wife Veneranda and children Thomas, Alana and Isabella.

Harry M Brooksby

Secretary Warrnambool Clay Target Club Inc

Thank You

Peter Carlon and family would like to thank the clubs and members of those clubs for their sympathy and kind words on the recent death of my wife and their mother, Carmel.

Thankyou from Peter Carlon and daughters; Debra, Sandra, Sarah and Allison.

Dear Your Say,

I'm a relatively new member of the organization and I notice that many of the clubs advertising their scheduled shooting activities in the magazine don't put their location addresses in their ads. e.g. Cecil Park Clay Target Club. Members and experienced shooters would know this information but it requires a phone call from any one new to the game. Is there a reason for this? Security perhaps?

Anyway, enjoying reading the magazine.

June Shoot at Mathoura

Location: 768 km south-west of Sydney
in the Riverina Region of NSW

Leigh Knight

Mathoura Gun Club's June shoot was down in competitor numbers and the only reason the committee could fathom was that the fourth Friday came early in the month, possibly tricking some competitors, and also that the main event was a 20 pair Double Rise and some shooters might have thought that would test them too much, especially on a cold winter's night. Actually the

shooting conditions could not have been better, being the mildest temperature for many weeks and no wind at all making the night's shoot a very pleasant affair.

That aside there were visitors from Bendigo and Finley and even one shooter from Queensland all fronting up to see how well they could compete in the night. The first event was 10 target Double Barrel cash divide, and Rob Collicoat (Deniliquin) and Leigh Knight (Bendigo) were the two with the possible 10/10, sharing the cash.

Event two, a 20 pair Night Double Rise, and Leigh Knight led the way, dropping only five targets, to easily win Overall & AA/A grade with his 35/40 score, B grade was collected by club president, Roger Kerslake with 27/40, and A Berryman from Finley won C grade with a 23/40 score.

Event three, a 15 target Double Barrel and after a three way shoot off between the shooters with a clean score of 15/15, Leigh Knight saw off the others to collect first place with a score of 28/28, Tim Maher (Deniliquin) 2nd with a 27/28 score, and another Deniliquin shooter, Bruce Cook, collected third place with a 16/17 score.

With only two full squads of shooters to compete, the three events and the presentations were all over by 10pm, allowing for an early trip home for all. Certainly all those that did attend declared it was a most enjoyable night's sport.

AISL YOUTH / JUNIOR TRAINING CAMP

May 5–6 2007

Frankston Australia Clay Target Club, Melbourne

Men's Trap: Daniel Allam, Brendan Burgess, Matt Rocco, Todd Malone, Marcel Tigani, Josh Spicer.

Women's Trap: Catherine Skinner, Mel Kirley, Laetisha Scanlan, Simone Tigani, Anna Shedrina.

Men's D/Trap: Nic Kirley, Rowen Lendan, Blair Signorotto, Rodney Mitchell, Tom Hamilton.

Men's Skeet: Anthony Sottosanti, Paul Rahman, James Bolding, Matthew Maloney, Webley Hirt, Mitchell Onley.

Women's Skeet: Natalia Rahman

Coaches: Greg Chan, Adam Vella, Gleniss Lawrence, Valeriy Timokhin.

Cordinators: Nick Sanders, Gleniss Lawrence, Robyn White.

Catering: Mandy Kirley, Anne Skinner.

Sports Science: Nick Sanders, Sean Richardson, Lisa Sutherland, Bianca Share, Pete Kupcis

Massage Therapy: Darien Roach.

This camp brought together some of the top youth (U25) ISSF shooters in Australia. Some had never been exposed to a structured training camp that not only gave them practical shooting, but also an introduction to a whole range of sports science personnel who were able to provide possible means of

finding that one extra target that we all look for. That one target that may mean making a final or not, winning a medal or not, winning gold or silver.

Participation in sport is a wonderful thing and everyone should be encouraged to play sport of some kind. However, the reality is that not everyone can reach the top, not everyone can excel. These young men and women have by their performances shown that they have the potential to do just that. Attending camps such as this would perhaps give them the motivation, desire and pathway to achieve that goal.

Saturday commenced with an overview of the weekend's program, distribution of the training diary, followed by measuring and patterning of each gun. Each pattern was assessed and advice given as to the implications of the results. This subject raised so much interest that a full session was devoted to the implications of patterns and how it affects one's shooting.

The sports scientists were kept busy all day with sessions by Sean on psychology, including individual consultations with each athlete, Nick with fitness, warm ups and exercise, Lisa on nutrition and general healthy lifestyle and Bianca and Pete videoing the athletes on the range.

Adam, Greg, Valeriy and Gleniss were kept busy with the practical coaching and video reviews while back in the kitchen Mandy and Anne were cooking up a storm to feed

the masses breakfast, lunch and dinner. Mandy's morning and afternoon snacks were also worthy of 5 star rating.

Saturday evening after dinner a group session was held with Greg outlining the pathway for the group to embark upon. The message that came from it was that AISL is prepared to assist the athletes in any way it can, but the athletes themselves must have the desire, motivation and most of all the commitment to want to succeed. So many want to have the results without putting in the effort. That is never going to work, and the aim of these camps is to show the kids that it can happen if they are prepared to make sacrifices and put in.

Sunday was competition day. Each discipline shot a 75 target plus final. This was held to see if they could put into practice anything they may have learnt. Results of this competition is inconsequential, it is more about seeing if the athlete is at least trying some of the suggestions made to improve their technique, including their mental game.

Results of the hydration testing was made known with some of the athletes receiving a surprise to find out how dehydrated they actually were and the consequences of their condition.

Travel strategies were discussed to assist those travelling to overseas competitions and giving them an insight as how to

Echuca Year Nine and Ten Sharpshooters

Location: On the Murray River which forms the border between Victoria and New South Wales

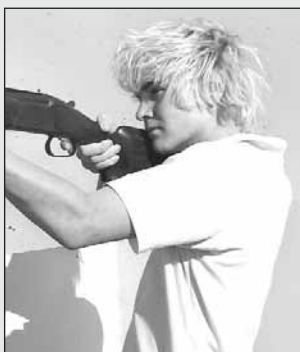

Echuca college year nine and ten students each paid two visits to the Echuca Clay Target Club over two weeks in June 2007, to learn the correct and safe use of 12 gauge shotguns in the sport of clay target shooting. On their first visit both groups were given a lecture on safety issues and handling procedures, then given the task of attempting to shoot ten targets single barrel with the help of several committee members to coach them.

James Hayes & Steven Johnson

John Simpkin

Gavin Paine

Trent Starkey

Student Gavin Payne was the sharpshooter for year nines first visit with a very good eight out of ten score, and several others on sixes and fives. For year ten's first visit Trent Starkey From Mathoura almost cleaned scored, dropping just one target to achieve a nine out of ten score, and Jarrod Hudson on a very credible 7/10 score.

Visit two on the 19th June and for year nines, James Hayes and Steven Johnson shared top honours, both on an excellent 8/10 score. For year ten John Simpkin top scored with a 9/10 and Jarrod Hudson and Trent Starkey both only one target less on a very good 8/10 score, both missing their first and last target.

Out of the total twenty seven students the best scores and places over the two visits were for year nine, sharing overall 1st was Gavin Paine and Ryan Hon both on 13/20, Matt Costello and James Hayes 2nd on 12/20 and third place shared by Kyle Forge and Steven Johnson both on a 11/20 score. For year ten students overall 1st was Trent Starkey on a very good score of 17/20, 2nd place Jarrod Hudson 15/20 and third place was taken by John Simpkin with a 13/20 score, These scores are very good for newcomers to the sport, and speak well for the students attention to their coaches, and are easily good enough to stand them in good staid if they wanted to enter the annual Victorian school persons championship.

A big thank you to the Echuca Clay Target Club members for donating their time and effort to coach the students. And to the teachers, Kate Tyndall and David Pearson, also to the Echuca College for taking an interest in the sport. And especially to the students for their interest and concentration in achieving such good results.

minimise the effect of the long flights and jetlag and how this affects performance.

Darien made available his massage therapy services and athletes were encouraged to utilise this often under rated resource. Massage can be so helpful in pre match routines through warm up and stretching and post match recovery. All of the open Australian team make extensive use of massage therapy in their match strategies.

Videoring of the athletes continued through-

out the competition and a CD of the footage given to each athlete before they departed on Sunday evening.

A debrief and summary of the camp was held before the athletes disbanded and made their way to their respective homes.

This Youth Camp was held as part of the AISL's commitment to the future of the sport. Talent identification in this youth area is the key to the future. To fast track the development of these kids through high level coaching, access to sports science and exposure to good competitions both

domestic and international is the pathway for the future.

This is only made possible by the support of the Australian Government through the Australian Sports Commission and the commitment of AISL to the Youth Development Program.

Thanks must go to all the people involved in the preparation and running of this camp. Without these great people we would struggle to provide the standard of camps we do.

Sub Juniors - are those who, on November 18, 2007 will be under the age of 15 years.

Starting Time

Each day's event shall commence at 8.30am.

Shooters who fail to appear in time for their squad may forfeit their nomination and may be re-squadded towards the end of the event. Should a shooter being late for his squad then elect to withdraw from the event, he will not be eligible for any refund of nominations paid.

Cartridges

For all events, excluding the National 20gauge Championship and National Champion of Champions, load size is limited to 28gr struck measure shot size not larger than No.7. For the National 20gauge Championship and Champion of Champions Championship load size is limited to 24gr struck measure shot size not larger than No.7.

Cartridges of the competitor's choice, including re-loads, may be used in all National Championships. Cartridges will be available for purchase at the National Championships. Random checks may be carried out.

Target and Traps

Targets through the program are to be as determined by the Management Committee. All targets thrown remain the property of the organisers. All throwing equipment will be electronically operated.

Classification

It is the responsibility of the competitor to see that their entry is

correctly classified - and indication can be obtained from the daily scoreboard. This applies to skeet grades, Womens, Juniors, Sub Juniors and Veterans divisions.

Contestants are reminded that re-grading and re-handicapping will be carried out on a daily basis, where required by the rules.

Major Sponsors

The Association gratefully acknowledges the sponsorship received from sponsors.

Practice

Practice, subject to trap availability, will be available throughout the championships. Tickets or tokens may be purchased at the event office.

Shoot-offs, Continuation of Events

If, for any reason, the event cannot be completed on the day it commences, the management reserves the right to stop shooting at any time, if considered necessary. In such a case, the competition will recommence where it left off on the following day.

Nominations - All Events

All championship nominations include a contribution to the discipline fund.

Note: *Reduced Nominations shall apply to Juniors and Sub Juniors. Reduced Nominations shall also apply to partners, they being wives or husbands, whose nomination must be lodged at the same time as the member paying full nomination fees.*

Welcome to the 2007 NSWCTA Trap Carnival

September 28 – October 1

For the first time in many years NSW Clay Target Association will conduct the carnival entirely “in house” i.e. all facets of the carnival will be run by and in the control of NSWCTA.

Nominations – Due to the generosity of our major sponsors, Casella Wines, Access Training Group, Horsley Park Gun Shop, Don Johnson, RIO Ammo & White Flyer, GRH Transport and Singleton Retravisio we have been able to hold the event nominations at last years levels for all shooters except Juniors. Junior shooters will receive FREE nominations. All shooters will still be required to pay \$1 per day enviro levy.

Targets – NSWCTA will purchase targets independently of the ACTA.

Due to time constraints a full Tender and Test Procedure could not be conducted, however the target selection took into account all information and test data available to the NSW Executive Committee with least emphasis on price. The Committee believes that the selection of the White Flyer Fluro Target will enhance the competition.

Administration – all major admin positions will be filled by NSW Executive Committee members

Tournament Director – David Hagarty

Shoot Marshalls – David Coleman, Garth Hosking, John Finn

Trap Mechanic – Fred Rapley

Trapper Co-ordinator – Bob Blake

Jury – Daryl Pasfield, Fred Rapley, Paul Watchorn

Handicapper – Daryl Pasfield

Office – Lynne Teale, Helen Gay, Clare Kesby, Trina Watchorn

MC and Event Manager – Neal Gay

NOTE – all these positions are voluntary and unpaid.

Catering – at the time of writing, the catering contracts have not been finalized, however a selection of fresh food from two or three caterers is envisaged.

Competition – all events are conducted under current ACTA rules and tournament conditions set down by the NSWCTA. The main difference for 2008 will be the inclusion of check referees, three shooters to remain from the previous squad to act as referee, scorer and check referee. Three shooters from the last squads each day to referee the following morning.

Shoot Off - for the Double Barrel Event, depending on conditions and scores, we may start the shoot off on Traps 12-15 BEFORE the completion of qualifying. Shooters may wish to take this into account when squadding. For further information ring Neal Gay on 0418 490 009.

Zone Teams – as with 2006 Zone Teams will be presented & photographed at the Official Opening on Friday Evening when Trap allocations will be advised. Zone teams competition will begin promptly at 8:00am on Saturday Morning, penalties may apply to teams who start late!!

Hall Of Fame – Two shooters will be inducted into the NSWCTA Hall of Fame on Saturday Morning (approx 8.30 immediately after Zone Teams Event) all shooters are requested to attend this event.

Trophies and Prize Money – As in the past few years all section prizes will be donated by sponsors, High Gun Prize Money will be from our Major Sponsor Casella Wines and Overall Event Winners and Grade Prizes will be a breakdown of nominations received as follows

Overall \$4 per nomination received for event

1st in Grade \$5 per Nomination for that grade

2nd in Grade \$2.50 per Nomination for that grade

On 2006 numbers that would mean over \$14 000 in cash prizes. Ladies, Juniors, Sub Juniors and Veterans winner receives a case of cartridges.

Long Break – if the shooter attaining the longest break of the carnival is using any of the listed brands of ammunition, they will be reimbursed one cartridge for each target. Brands include Champion, Express, Kemen, Mirage, RC, RIO, Winchester. If your favourite ammo is not listed ask your supplier to contact NSW Clay Target! In addition if a long break of 1000 is achieved an additional \$1000 in cash will be split between the achievers! – this is sponsored by RIO Ammo and Singleton Retravisio.

Anyone wishing to have a trade site at the Carnival please contact the State Office 02 6931 9980.

For on site Camping/Caravans – please contact the NSW State Secretary, Kaz Butts on 02 6931 9980 to book a site.

CONDITIONS OF ENTRY - NSWCTA TRAP CARNIVAL

In the event of any shooter not being able to produce his/her handicap card, a duplicate shall be issued for the duration of the Carnival. This card will then be forwarded to the Club Secretary to enable scores shot to be recorded.

Note: A fee of \$20 may be charged for the issue of any duplicate handicap card.

1. Squads of 5 or 6 to shoot 50 targets/75 targets in brackets of 25, one visit only to the traps. Handicap event qualifying will be shot 5 targets per lane. Shooters will be squadded as per ACTA rules and regulations and any interpretation of this will be the responsibility of the Tournament Director.
2. Each shooter is to take enough cartridges to shoot at 50 targets/75 targets. A time limit of two minutes will be imposed for the changeover for each 25 targets. Should the two-minute time limit be exceeded then a penalty of the LOSS OF ONE TARGET may be incurred.
3. Shooters who fail to appear in time for their squad may forfeit their nomination and will be re-squadded towards the end of the event.
4. Should a shooter being late for his squad then elect to withdraw from the event he may not be eligible for any refund of nominations paid. All shooters must sign the score sheet after each 25 targets. Once a shooter has signed his score sheet he has accepted his score. Any score sheet not carrying the shooters signature will be credited with the lowest recorded.
5. Any competitor may be called upon to referee and/or score throughout the period of competition. The persons' designated to referee, check referee and score must fulfill their obligation to do so. Failure to either referee or score may incur a penalty of the LOSS OF ONE TARGET in the next event. Should a following event not be programmed then the penalty of the LOSS OF ONE TARGET may be incurred in the event concerned.
6. Any unauthorised shooter interfering with or attempting to interfere with the trap will be penalised FIVE (5) TARGETS.
All disputes must be in writing together with a \$20 deposit, which is refundable subject to the appeal being upheld.
7. All disputes and deposits must be lodged with the Tournament Director who shall arrange a hearing with the appointed jury.
8. When team selection is involved, Veteran, Junior and Sub Junior men are eligible for selection in Mens, but can only compete in Mens team or Section team not both. Veteran, Junior and Sub Junior Women are eligible for selection in Womens, but can only compete in Womens team or Section team not both.
9. A minimum of three persons must compete in any Grade or Section, including High Gun before sashes, medals, trophies and/or cash are awarded, irrespective of nomination paid.
10. Nominations will close daily at 11.00am. or at the discretion of the Tournament Director.
11. Any interpretation of the program and conditions of entry will be the responsibility of attending members of the NSWCTA Executive Committee whose decision shall be final.
12. An acceptable standard of dress is required for all competitors - Tournament Director to adjudicate.
13. Reduced Nominations: These shall apply to Juniors & Sub Juniors only.
14. All High Gun Shoot Offs will be conducted Points Score from 18m squad rotating, Miss and Out.
15. ***All competitors must comply with Firearm Licensing Laws in their state of residence. LICENCES/PERMITS (DUPLICATES NOT ALLOWED) MUST BE SHOWN AT TIME OF NOMINATING TO BE ELIGIBLE TO SHOOT.***
16. Club Teams Event – 5 competitors affiliated through same club – entry fee \$15 per team – all monies returned to prize pool – split if tied.
17. State Team Selection – 15 men, 6ea Ladies Junior & Veteran Selected over events DB SB PS. Shoulder to shoulder team then selected from aggregate including DB SB PS & Team Score

The Condamine Gun Club would like to thank everyone who contributed to making our annual shoot a great success. In particular we would like to thank our major event sponsors: Queensland Gas Company & Condamine Kitchens and our High Gun sponsors: Millard Tyre Centre - Miles, Peter Vowles Real Estate, Charolais Cattle Company, Teys Feedlot, Kerwick's Earthworks and CRC Electrical. A big thank you to everyone who worked in the bar, office, kitchen and on the layouts. An extra special thanks to Christine Newton and Julie Allan for doing the office work.

Sunshine Coast Clay Target Club runs a successful farewell shoot

Location 1hr north of Brisbane

The SCCTC bids farewell to thirty-four years of Clay target shooting and sadly next week their modern clay target complex will be bulldozed to the ground by local council to make way for a rubbish dump. This leaves 135 members without a home for their sport on the Sunshine Coast Qld.

At the Saturday night final social a superb meal prepared by Ken Holst (Pig on the Spit) was enjoyed by all, with entertainment by

L to R Suzanne Wilson, Violet Wilson, Jamie McIntyre winner of the Ray Wilson Memorial Event and Pauline Wilson

Dave Reynolds country band. The speeches expressed emotions and anger especially from the older members who transformed a sanitary dump to the existing modern clay target complex; with a lot of blood sweat and tears and little financial assistance.

I, Gordon Watson President of the club believe the members have the drive, spirit and courage to start again but the club will certainly need the support from our State and National bodies. I thank the shooters and their families for their supporting letters and phone calls from across Australia, this certainly encourages the members to fight on and keep our sport alive.

The club has hired the Caboolture Qld grounds as a short term solution to conduct their monthly shoots on the 3rd Sunday, thus enabling the club to stay affiliated with ACTA.

The SCCTC Committee are pleased with the results of their three day final farewell shoot, with 153 shooters nominations to compete for the grand display of trophies and medals awarded to all winning shooters in all events.

The weather was not kind to the shooters for the three days, with 20 degrees consecutively, clear sunny skies, but unfortunately the strong gusty winds took their toll on all scores. With a total of twenty-two squads over the three days competing over five layouts, the shoot ran very smoothly, and finished in daylight on each day. Thus giving visiting shooters from most states of Australia time to spend at the beach and the other Sunshine Coast tourist venues.

With so many youngsters entering the sport of Clay Target Shooting today, it was a nice moment to see Sam Turner (Junior shooter from the Sunshine Coast) receive our Local Member for Caloundra Mark McArdle MP Encouragement Trophy.

The High Gun Winners were:

Overall Jamie McIntyre 389/420 Bundaberg Qld
AA Travis Gull 383/420 Sebastopol NSW
A Brett Brown 362/420 Sunshine Coast Qld
B Kaye Rehbein 342/420 Bundaberg Qld

Moree Clay Target Club's "Frank O'Neill Shield" Two Day Open Shoot An Outstanding Success

Location on the New South Wales and Queensland border

Saturday 31st June and Sunday 1st July 2007 saw the Moree Clay Target Club hold its annual two-day open shoot, which featured the NSWCTA State Night Double Barrel Championship.

A strong field of 105 shooters took part over the weekend. Shooters from 23 clubs representing both NSW and Queensland; including Cessnock, Dubbo, Cobar, Orange, Ballandean, Surat and Camel Hill Gun Club and many more, had a great weekends shooting.

Saturday was tough going with a cool breeze and dark cloud hanging around, making shooters work harder for their scores.

The first event was a 25tgt D/B cash divide which got shooters ready for a tough afternoon of competition. The prize money was awarded across all grades with only 10 possibles from 40 shooters in AA grade.

Event 2 was the Lillyman Brothers Cordials 50tgt Single Barrel Club Championship. There were no possibles shot, indicating how difficult the conditions were. A short four target visit to the layout for a shoot off between Dale Ellis and Ralph Larkings saw Dale come away with the Overall on 54/55, and Ralph took A grade with 49/50. AA grade went to Tamworth's Peter Holmes (48/50) with Goondiwindi's Doug Makim, second on 61/64. Veteran Noel Campion of Glenn Innes was second in A grade with 47/50. Steve Warburton (Goondiwindi) won B grade with 47/50 and second went to John Fea of Tarawera (44/51), Tamworth's Tammy Kelly collected C grade with 39/50 and Ballandean's high flying bachelor Tom Ford took home second with 38/50.

Event 3 then saw conditions get even harder with the 25tgt Points Score Tom Boydell Memorial Trophy. Still no possibles were shot. Paul Tattam (Moree), Murray Johnson (Moree) and Peter Fitzalan (Dubbo) took to the layouts for the shoot off for Overall and 1st/2nd in AA grade. Johnson went early taking AA second with 85/87. Things then got interesting with Tattam using a 2nd giving Fitzalan a chance to take it out. The pressure was too much and Fitzalan also used a 2nd, only 2 targets later the same thing happened again. Eventually Paul Tattam was triumphant taking out Overall with 117/120 and Peter Fitzalan first in AA Grade with 114/120. A grade went to Tony Robb (Tarawera) 73/75 and second to Darren Wells (Cobar) 96/99. Terry Johnston (Moree) secured B grade with 74/75,

O'Neill Shield - L-R Andrew McManus, Steve Warburton, Frank O'Neill

second was Dennis Roughan (Camel Hill) 77/81. Moree's Jenny Haynes won C Grade with 72/75 while second went to Dallas Codrington on 71/75.

With the Saturday's program finishing early shooters were keen to participate in an impromptu Deauville Doubles cash divide before the night shoot. This was a fun and interesting event shot off 18mtrs, there were many hot shot teams but the final laugh was had by the father and daughter team of Tony and Jessica Robb from Tarawera eventually shooting from 25mtrs, second went to the Cobar pairing of Aaron (Mushy) Marsh and Darren Wells.

The evening then saw event 4, the NSWCTA D/B Night Championship sponsored by Nufarm Australia under way. In very cold conditions (and the Rugby Test on the big screen in the club house) shooting was again rather testing. With only three possibles, Moree brothers Paul and Charles Tattam along with Graham Baylis of Narrabri, braved the cold again in a shoot off. The cold got to Graham, dropping his very first target giving him second in AA grade with 50/51. The Tattam brothers then

got settled in under the lights for another 98 targets before Charles let one go taking first in AA grade with 147/148 giving Paul Tattam the championship with 148/148. A grade saw Darren Wells (Cobar) on first with 51/52 and Tony Norris (Camel Hill) second with 50/52. B grade stayed in Moree with Andrew Uphill first with 49/50 and Mathew Long 47/50 second. C Grade saw Tom Ford take the grade with 48/50 and Dallas Codrington second on 47/50. Josh Player (Orange) took out the Juniors with 49/50, Veterans went to the old man John Kent (Inverell) 48/50, and Queensland Viv Moore (Surat) was successful in the Ladies with 48/50.

Sunday saw a great day arise with perfect weather to shoot under. Event 5 was the Namoi Cotton 50tgt Double Barrel Trophy. Once again Dale Ellis was in the spotlight taking out the overall after a shoot off with a 97/97. Moree's Brian Kneipp took out AA grade with 96/97 and Colin Betts (Brewarrina) came second with 93/94. A grade went to Brenton Long (Moree) 50/50 and John Clarke got second with 62/63. Wal Rae took out B grade with 55/57 and Hugh Farris (Narrabri) collected second with 54/57. C Grade went to Glenn Codrington (Warren) 47/50 and Moree Junior Teagan Press won second in C Grade with 45/50. Christine Codrington prevailed in the Ladies shooting a 48/50 and again Josh Player won the Junior award shooting 49/50.

The last event for the weekend was the 50tgt Graded Metreage "Frank O'Neill Trophy" sponsored by McManus Engineering and Lowrey Small Motors. Goondiwindi shooter Steve Warburton took home the lawn mower and "The O'Neill" in 1st place after a short shoot off with

a 52/53 from 17mtrs, foot loose and fancy free Tom Ford off 17mtrs was second with 51/53, Ian Larkings came third also from the 17mtr mark with 49/51, Rob Machul (Cobar) came in fourth from 21mtrs with a score of 49/53 and again a 17mtr shooter Dennis Roughan was fifth with 48/53.

Jukes & Son Tyre Service High Gun for the Juniors went to Josh Player with 226/250 and the Peter Fitzalan took out the Veterans with 237/250. The Ladies High Gun, sponsored by Bella Sante' Beauty Salon was won by Christine Codrington 226/250.

The Black Truck and Ag sponsored High Guns went to; C Grade Tammy Kelly 219/250, B Grade Steve Warburton

234/250, A Grade Noel Campion 230/250, AA Grade Paul Tattam 238/250 and the Overall High Gun went to Rob Machul 238/250.

A big thanks goes to all our sponsors, without them the weekend would not be possible. We appreciate the contributions from: Lillyman Bros Cordials, NuFarm Aust, Namoi Cotton, Andrew McManus Engineering, Lowrey's Small Motors, Jukes & Son Tyre Service, Black Truck & Ag, Bella Sante', Harvey Norman Moree, Coates Hire, Hong Yuens Rods and Rifles and the family of the late Tom Boydell. We would like to also thank David Hagarty for doing the books all weekend and all the kitchen and office helpers. Also thanks to the helpers that made the weekend such a success; the Rural Fire Service for looking after the traps all weekend and Moree Junior Nic Brown. The last thanks goes to you, all the shooters for turning up and supporting our club and we hope to see you all again soon.

**Happy shooting

Both loaded cartridges and the components are produced at Nanclares de la Oca, the cases starting life as sacks of raw polyethelene and brass plated steel strip. Extruding machines stretching into the distance turn

plastic chips into tubing, while stamping machines form flat steel into the heads. This is a progressive operation, six stages being required for the deepest. Heads, base wads, primers and tubes are then combined, ready either for the loading machines or for sale to other companies.

Our next stop was something of a let down. A line of ancient loading machines, of the type you find anywhere, cranked out small-gauge loads at a pace best described as sedate. This was not the high-tech marvel I was expecting. "This is just the short run production for specialist lines", said production manager Antonio Fernandez. "My 12-gauge lines are wonderful but I can't show you those." It would appear that in the ever present search for speed and efficiency – vital in a market where profit margins are paper thin – UEE has come up with some very clever tweaks that their competitors haven't thought of yet.

Were they about to let a big mouth journalist with a camera anywhere near – no they were not!

They were happy however to show me the QC and testing facility, where production is constantly monitored and new ideas are tried out. It comprises a indoor range equipped with three test barrels and a sophisticated array of chronographs, piezoelectric pressure sensors and associated computer hardware. When each new production run is started, a sample of ten shells is tested against the standard specifications. Only when they are confirmed as within the specification can the line start running. The same checks are made at shift changes and the target range of variation from the nominal is impressively small. In any cartridge it is consistency that is most important. Chamber pressure is obviously one of the key measurements for any loader, primarily from a safety point of

TECHNOLOGY IS EVERYWHERE AT NANCLARES DE LA OCA TURNING RAW MATERIALS INTO LOADED CARTRIDGES IS A CONTINUOUS STREAM, (FAR RIGHT) LONG STRANDS OF POWDER BEING GATHERED READY FOR CUTTING.

TESTING AND MONITORING OF PRODUCTION FOR QUALITY CONTROL PURPOSES IS A MAJOR PART OF THE OPERATION. THE FACILITIES INCLUDE A TEST FIRING RANGE.

view. When a new load is developed the pressure is controlled principally with the powder type and dose and also wad design. The center section of a modern wad has a vital role to play because the rate and extent to which it collapses will have a direct bearing on the maximum pressure generated. The QC checking picks up production related problems that can also impact on pressure, notably crimps that are too deep or closed too firmly. Velocities are measured at one and ten yards (meters), the European standard figures. A photo cell also measures 'barrel time' – the elapsed time from the firing pin striking the primer to the ejecta leaving the barrel.

The range also provides the facility for pattern testing at any given range, with paper rolls allowing a number of shots to be fired in quick succession for later analysis. It was reassuring in amongst all this technology however to see the familiar 30 inch circle grid and manual counting. "The most boring job in the world", said Antonio, "I've done thousands!"

We had an interesting discussion about shot hardness and antimony levels and the current 'more must be better' trend. Antonio's view is firmly that 3% antimony is the most cost effective level. "Our tests show that the results from using 5% antimony are only marginally better and beyond that it is a waste of time. The antimony does not mix properly and density suffers, sacrificing down range energy. What many people don't realize is that the way the shot is made is also important; shot made by the 'long drop' tower method is, in our experience, harder and more consistently spherical, so a 3% antimony shot made in this way could be superior to another with 5%."

The latest product from Rio is the new Star Shot Silver, a one ounce load with highly polished shot that has been developed especially for sporting clays and particularly the new FITASC 28 gram (1oz) rule.

UEE's long term commitment to the US market is clear. They may have been late arriving but they intend to stay around a long time. Rio Ammunition Inc. has been established with a base in Houston since 2002 to handle the Rio brand and of course UEE are also the producers of the Kemen range of target loads. Despite the difficult dollar-euro exchange rate, the Rio division is on track to sell over 30 million shells in the US this year. In addition to the target loads they are extending the hunting and law enforcement ranges, as well as making those fine components available to reloaders. As one of so few totally integrated manufacturers they have both the know-how and the resources to get it right. ■

Prime movers

The Galdacano facility also makes the UEE-G primers for both UEE's production and outside customers and this small component is the result of some clever chemistry and impressive quality control procedures, all under the watchful eye of production manager Jose Luis Uriarte.

Each primer is formed from three separate brass parts – the outer case, the cap which holds the explosive material and an internal part called the anvil. These are all made in the same department of the cartridge loading factory that produces the brass heads for cases. The detonating mixture is very sensitive and both the temperature at which it burns and the shape of the flame are crucial elements in cartridge performance. Because of the dangers of handling it in bulk, the mixture is kept wet throughout the production process in a solution of PVA glue, drying of the finished product being the final step. All the processes that involve handling the mixture also take place over a water bath to keep the humidity levels high.

After filling the caps, they are covered with paper – and paper is also used to cover the flame hole in the outer case. The anvil (which transmits the force of the firing pin to create detonation) is dropped into the case and the case and cap are pressed together.

Although the production process is relatively low-tech, the QC checks are anything but. For example, the

depth of the anvil within the outer case is crucial to proper performance and the tolerances are very small. An optical device scans every single case. Any that are outside of these tolerances are marked with a blob of dye and replaced.

Each batch is tested for pressure and also for ignition sensitivity with a weight dropped from varying heights. "Everyone knows when a primer does not work", said Uriarte "It either goes bang or it doesn't! And even when the gun is at fault, the primer gets the blame. We have to set the tolerances so that we get 100% 'go' from a normal primer strike without compromising safety in any way. Cartridges have to be safe to handle and carry in your pocket."

Rio brand type 209 primers have recently been introduced to the American market in new packs of 100 for home loaders.

The Ilfracombe Clay Target Club ANNUAL TWO DAY SHOOT

Location between Barcaldine and Longreach approx
1080km northwest of Brisbane

The Ilfracombe Clay Target Club held their annual two day shoot on the weekend of the 7th and 8th July on two beautiful western Queensland winter days.

Mal Elliott winner of the Central Zone Mixed targets Championships

Andrew Adams winner of the State Continental Points Championship

Sixty shooters were in attendance from Mt Isa in the north to three shooters who travelled from Victoria and many Clubs in between.

We held the 50 target State Continental Points Championships and the overall winner was Andrew Adams from the Barcaldine Club with 154/159. The 30 target Central Zone

Alan Cameron 50 target
Bruce McPherson Memorial Trophy

Robert Hoolihan 30 target
Tom Chappell Memorial Handicap

Mixed target Championships was won by a B grade shooter, Mal Elliott from Callide Dawson Club who beat all the higher graders with a perfect 50/50 so well done Mal! The Bruce McPherson Memorial 50 target Double Barrel was won by Alan Cameron, a visitor from the deep south and a member of the Hamilton Club Victoria shooting 95/95 from Brad Marks from Scrubby Creek with 94/95.

The 30 target Tom Chappell Memorial Handicap was taken out by our trusty Treasurer Robert Hoolihan with 29/30. His \$500 first prize was last seen in his wife's hand so he may not see that again. Another metre will do him good!

The High Gun winners were: Overall Andrew Adams from Barcaldine; AA Al Grimshaw from Gemfields. A Grade Peter Brandt from Rockhampton. B Grade Mal Elliott from Callide

Dawson. C Grade Matt Young from Ilfracombe. Ladies Lil Brandt from Rockhampton; Veterans Alan Cameron from Hamilton; Junior Paul Adams from Barcaldine.

The Club would like to thank the Ilfracombe P & C for a great job catering, all the travellers, and supporters and last but not least, the sponsors for helping to make this a really great weekend.

ANOTHER GREAT DAY AT WANG!

Location Victoria, and lies 235 kilometres north east of Melbourne and 647km south of Sydney, New South Wales

Saturday 21st July saw 54 shooters converge on Wangaratta in the sunny North East for the Claude Dean and Ned Murphy memorial events.

The Wangaratta Club, just in case you haven't been there yet is situated at the rear of the historic Vine Hotel, Detour Road, North Wangaratta, about 2 minutes off the Hume Freeway. The Club is just 5 minutes from town, next door to a pub and has the Murray to Mountains Rail Trail running past it as well. Come to the next Wang shoot, make it a family day out, there's something for the whole family.

Claude Dean was a Club member who won a National Single Barrel title before I began shooting and Ned Murphy was a well liked member of our Club for many years. A confirmed bachelor and farmer, Ned's great loves were company, beer and shooting, not necessarily in that order. The Club honours the memory of these two characters every July with the DTL memorial shoot.

We had a bright sunny day for these two events, the Claude Dean 30 Tgt SB C'Ship and the 30 Tgt Ned Murphy DB C'Ship. In addition to the sash & great prizes, winners get their name inscribed on the perpetual trophies. Visiting shooter Buddy Morris won the single barrel while local shooter Keith Willett won the double barrel. A BBQ and a few relaxing drinks finished off a great afternoon. See you next shoot.

Buddy Morris and Kieth Willett with Club Secretary Kudri Demaj

Cecil Park 2 Day ISSF Skeet Handicap

Location Sydney

The 2 day shoot started with sunny conditions. The shoot was shot at the top layout at Cecil Park. The conditions on Saturday were challenging with the wind picking up half way through the 1st 100 targets of the event.

The two squads of ISSF Skeet shooters tested their nerve during the windy and cold conditions. Leading the pack after day one was Zita Dettori and Greg Schweikert with a score of 88/100.

Day two saw better conditions for the shooters backing up from Saturday. Sunday saw the last 75 shot with Mathew Maloney (Jnr) coming out of the pack with a score of 70/75 to make the final. The final 6 positions were:-

Greg Schweikert on 154/175, Zita Dettori on 151/175, Mathew Maloney on 150/175, Maruo Conti on 146/175, John Dunne on 141/175, Jack Doosey on 140/175. As this was a handicap event AA 0, A 1, B 2, C 4 per round.

This gave the lower grades an opportunity to make the final and be amongst the prize money. The final consisted of 2 C, 1 B, and 3 A graders.

At the end of the final as the dust cleared the Overall High Gun winner was Greg Schweikert with a score of 175/200.

Prizes were paid out to 7th place The following is a result of all the winners.

7th Leo Pezzano, 6th Jack Doosey, 5th John Dunne, 4th Zita Dettori, 3rd Mauro Conti, 2nd Mathew Maloney, 1st Greg Schweikert.

We would like to thank our major sponsor Dexter Barnes from HJB for his generous sponsorship. We would also like to thank Greg Schweikert for sponsoring the Junior High Gun and Leo Pezzano for sponsoring the Ladies High Gun and their continued support in ISSF Skeet.

Once again we would like to thank all the helpers and participants in making the shoot successful and we hope to see you at Cecil Park at the next ISSF Skeet Shot.

For those Clubs who are registered for GST or for those of you who are just interested, we are aware of a Goods & Services Tax (GST) Ruling regarding the payment of Cash Prizes that we believe to be relevant to our sport.

We hope that you find the following to be relevant and of interest.

The Goods and Services Tax Ruling - GSTR2002/3 - states the following:

Income deemed as Taxable Supply:

- * By accepting an entry into an event, the event holder is supplying the right to participate in the event.
Participants may be required to formally enter by completing an entry form and paying an entry fee.
- * The supply of a right to participate may contain a contingent right to a prize.
To claim the prize a participant must provide something additional to the entry fee, that is, participation or performance in the event.
- * An entry fee is the taxable supply of the right to participate and is therefore subject to GST.
eg: If an entrant pays \$60 entry fee to participate, the price of the supply is \$60, and therefore \$5.45 GST is payable.

Prizes deemed as Non-Taxable Supply:

A Cash prize is classed as GST free (therefore an input tax credit cannot be claimed) because or if:
The winner is unregistered, and/or the participation has no market value i.e. The winner is not participating in the course or furtherance of an enterprise they carry on.

A complete copy of this ruling can be found on the ACTA website if you are wanting more.

PEEL & DISTRICTS GUN CLUB

Location 60km south of Perth

The weekend of the 23rd and 24th of June saw the Peel and Districts Gun Club annual two day shoot. A week of dire forecasts by the weatherman and a heavily overcast morning kept the number of shooters down, but in the event only a few heavy showers fell on Saturday. In what seems to be becoming a Peel tradition, squads 3, 4 and 5 got some rain, while all the other squads enjoyed a mostly dry and sometimes sunny shoot.

A quick Points Score eye opener started the day. Most of the shooters took advantage of this event to get used to the conditions as only 4 shooters shot a possible.

The main event of the day was a 105 target medley; 35 targets points, 35 single barrel and 35 double barrel. It was hotly contested with the issue not being decided until the last squad was finished. Many possibles were shoot in each discipline though no-one managed to string three together. Club mainstay Alan Sexton took overall honours by one target with 171/175.

The smaller numbers of shooters meant that scheduled events finished with plenty of light left and a pickup shoot was soon organised. Unfortunately, this event meant that all the shooters saw their share of the rain.

Sunday dawned a much clearer day, but wind was to replace the rain with one of the more lightly built shooters being physically blown off their lane.

A point score eye opener again started the day but this time a little harder shooting continental. Again, only 4 people shot a possible.

Fishing Frenzy sponsored the next event, 50 targets continental. The wind was a factor in this event as only Jed Carter managed to shoot all 50 in a masterful display. Many shoot-offs were required to decide the minor placings.

Jed Carter Continental
& Handicap winner

OA HG & winner of the inaugural
Silver Dolphin Pin, Joe Gilbert.

Ben Hall
Junior High Gun

Wendy Cole, shoot secretary and
Ladies High Gun

Allan Sexton
105 target medley

Peter Iley, Veterans category by one
day, & the Veterans HG by 3 targets

The main event of the shoot was the W.A. State Handicap Title. A short shoot-off was required to decide the winner and Jed Carter again took the podium. The shoot-off for the minor places was much more hotly contested with the shooters needing to return to the lanes a number of times before Mal Howard finally dropped a wind affected target number 36 giving Chas Genovese a well deserved fourth place.

Chas also had to shoot-off for the Open High gun title with Joe Gilbert. Joe held on in a tightly fought shoot-off and was awarded with the inaugural Silver Dolphin Pin.

Despite the weather, the event went off smoothly and a good time was had by all. Most shooters took away improved skills for shooting in less than ideal conditions, and the memory of a fun, if wet, event.

BEERS WITH BENDER

Dear club presidents and committee members,

As the organiser of the Todd Bender visit to Australia in September this year, I would like to offer a suggestion to participating clubs. On the final day of coaching at each club, Todd has agreed to have an open forum/BBQ/Beverages for all interested people to attend. This is not exclusive to participants but open to the entire skeet public to come along to have a sausage, a beer and ask Todd a few questions that they always wanted answered.

This is a great opportunity for all clubs to open their bars and fire up the BBQ in the presence of possibly the best skeet shooter the world has ever seen, and all proceeds go to the club for its time and efforts.

Being the Australian agent for Dryfire and Todd Bender having a hand in its development I would love to supply and set up a Dryfire unit for the night for people to have a play in Todd's presence.

If your club agrees I will forward the advertisement to display at your club giving finer details of the event.

Proposed dates: Brisbane, Saturday September 8th
Sydney, Saturday September 15th
Melbourne, Saturday September 21st

VCTA SOUTH EAST ZONE TEAMS EVENT

Round Three Bairnsdale

Bairnsdale is not all that close to any of the visiting fifteen teams that travelled up to 350k to get there for the day, in which eighty nine shooters shot in cold and on occasions wet conditions.

Scott Barry High Gun

Josh Spicer OA Double Barrel

Event one, the Handicap started at 10 am and the word most used was, "struggled" when asked, how did you go? Sixteen squads shooting at twenty five targets and no possibles,

Only one twenty four, Burnie Stokes from nineteen metres, having missed his first and recovering to hit the rest. The eight, two down shoot off, saw Leon Howell 32/34 second and Peter Noy 27/30 third. Back Marker, Peter Mills 25/27.

The team section at the half way point placed Cerberus 109/125 in front, from Nepean and Foster on 105 and only six teams in triple figures.

Burnie Stokes Handicap Winner

Brooke Mcmillan Ladies High Gun

Event two the Double Barrel and again "struggled" was the word, only seven possibles, however there were twenty nine who had missed just one.

The Over All shoot off had two competitors left after thirty, with Josh Spicer 73/73 out lasting Todd Malone 1st AA and Wayne Parks 54/55 2nd in AA.

Col Widdows and Geoff Monson both missed the same target in the O/A competition then Col shot another seventeen to take A grade from Geoff. B grade was sorted in three targets with D. Gauchi 27/28 and W. Burke 26/28.

C grade was a battle between the Mornington junior team members with Daniel Cleary 22/26 taking the honours over Brent Young 21/26.

The High Gun was contested by six shooters with three points down, this was won by Scott Barry 55/58. Brooke McMillan won the Ladies High Gun 43/50.

The Junior High Guns went to A Grade Frank Finken 45/50. B Danial Gauchi 46/50 and C. Brent Young 44/50.

The winning team was Cerberus with the members C. Carrol, A. Crawford, L. Howell, J. Rowe & P. Mills 226/250 from Nepean and Werribee both 220/250.

The winning junior team was Werribee, with the combination of Jakup Biservic & Daniel Gauchi with a score of 90/100.

The forth round is at Frankston Australian on the 28th August.

Northern Zone Single Barrel Tower Championship

Location 500 km north of Brisbane

The Northern Zone Single Barrel Tower Championship was held recently at the Townsville Gun Club in conjunction with their regular monthly shoot. Conditions were cloudy with a moderate breeze and six squads contested the event conducted using skeet handicaps.

The event was dominated by the Reeves family as Errol Reeves took out A Grade (23/25), his cousin Greg Reeves took out B Grade (24/25) and Greg's son Jonathan Reeves took out C Grade (24/25). The resulting father versus son shoot off between Greg and thirteen year old Jonathan attracted considerable spectator interest, particularly when despite his fathers best efforts, Jonathan prevailed to take out the championship, leaving his father to deal with the inevitable ribbing from the spectators.

Northern Zone Single Barrel Tower Championship winners: Errol Reeves (A Grade), Jonathan Reeves (C Grade and O/A Champion) and Greg Reeves (B Grade)

CECIL PARK SIDE BY SIDE CARNIVAL

Location Sydney

After a preceding week of high winds, rain and storms, Saturday morning weather turned out to be perfect for our inaugural Side by Side competition day. It is always difficult to determine the amount of enthusiasm a full day of Side by Side shooting would generate. Would it appeal to all those members who had old and some new d/b guns in their safes not being used?

We tried to accommodate all those shooters with a program combining the conventional DTL with Five Stand, Skeet, and one of the old favourite events of years gone by Walk Up. (This separated the men from the Boys) In all we offered one event of 90 targets open to all users of safe side by side shotguns with no restriction on single or double triggers, or whether the guns were equipped with interchangeable chokes.

Through the generosity of our sponsors, Safari Firearms (Gary Georgio), Horsley Park Gun Sop (David Abella), Joe Camilleri Custom Stock Makers (Joe), KC Tools (Vince Gatt) we managed to offer approximately \$1700 worth of top shelf trophies for prizes from First to Tenth Place, all Off the Gun with Grading not applicable.

Prior to the commencement of the shoot all shotguns were required to be safety assessed by the Safety Officer, Terry Dawson. It was mandatory that all guns being used were Nitro Proofed. Only one of the forty plus guns tested failed, an old Hollis Hammer Gun.

A selection of the guns being used on the day included AYA, Simpson Suhl, Greener (various models from Empire, Blue Rock etc) Krupps, Hollis, A Allen, Cashmore, Sauer, Fabarm, Oscar, SKB, Bernadelli, Cogswell and Harrison, William Powell, Eibar, Brno, Boswell, Beretta, etc etc.

With all our facilities available we were able to start close to the nominated time with Five Stand, Skeet and DTL all running simultaneously with shooters from the previous squad backing up as referees and scorers. (Naturally we needed volunteers to get the competition going and to this end our Club members stepped in and gave up their day to ensure our success.) This continued all day until the completion of the shooting when shoot offs were held with all tied shooters fronting up to take two targets from the centre lane for each section of the event. Amazingly all shoot offs were completed with only one round.

At the end of the day from the seven squads the results were.

1st Greg Coleman 96/110, 2nd Nick Xenos 91/110, 3rd Bob Clifton 88, 4th Paul Farrugia 88, 5th David Perri 84, 6th Vince Gatt 83, 7th Andrew Shacklock 82, 8th Peter Papps 82, 9th Tas Psarakis 81, 10th Barry Kable 80.

A special inter-club trophy between NSW Gun Club and Cecil Park Gun Club was competed for for the first time with NSW running out winners by one target. Our thanks to Hugh McMaster and Vince Gatt for recognising the interest in this type of event for a regular competition between both clubs.

Finally we would like to recognise those who helped make this shoot a success.

Terry Dawson our firearms safety officer, Col O'Brien assistant firearms officer and scoreboard controller, Warren Charmers, Paul Farrugia, Barry Kable and all the club and visiting shooters for pitching in when required. All in all it was a great outcome and a friendly competition day enjoyed by all.
