NATIONAL PRESIDENT'S NOTES

John Mack

Over the last five years, our member clubs have signed up more than 8,700 new members to our association a tremendous effort on their behalf with every year showing a steadily increasing number. Currently our total membership stands at just over 12,200, with this information you may be lead to believe that our membership is growing at a rapid rate! However our membership retention is very low over the same period our membership has grown by little more than 1,000, there would be varied reasons for members wishing not to re-join our association, times have changed and your association needs to change and adapt with the times.

With over 1,200 members failing to re-join every year your national executive must attend to this issue, currently your national membership fees are collected for the association by the clubs and we rely on voluntary officials to be pro-active in chasing late membership fees. At this year's, National Executive Meeting a decision was made to write to 25 of our clubs inviting them to forward a copy of their club membership fees to which the national office would personally write to members of each of these clubs who had not renewed their membership. The outcome of this sample would then determine how the national executive would proceed, surprisingly only 50% of those clubs responded to this offer!

The association four years ago to entice new members to our association introduced club level membership. This has proven successful with nearly 400 members joining at this level last year. My thoughts are that this level of membership should be made available to our existing members who for whatever reason wish to stay as members but would prefer this level of membership to continue enjoying their chosen sport, this I believe would be a positive step to retain existing members.

In next months, issue of CTSN our chairperson of Membership Growth and Services Mr. Allan Kenny will outline his committee's future policies including Club Only memberships.

On a more positive note you will see in this month's issue an open day being held at Melbourne Gun Club on October 14th this is available to "Ladies Only" the organiser of this event which is being widely promoted is Beretta Australia. Representatives of the National Executive will be in attendance to answer questions and put interested persons in touch with their nearest club, I commend Beretta Australia for their vision, which will benefit the sport of clay target shooting as a whole.

Coffs Harbour Clay Target Club SKEET CARNIVAL

Location 5 hour drive from Sydney and about 5 hour drive from Brisbane

The 28th and 29th of July was the annual two day skeet carnival for the Coffs Harbour Clay Target Club with perfect weather and over 25 competitors it was set to be an exciting weekend.

L-R- Ladies HG Sarah Watson, Junior HG Alex Young Event 3 & 4 winner Dennis Savage Event 1 winner- David Dundon & event 2 & OA winner Ian Stewart

The results of the first event the Bananacoast 50 Target Handicap were 1st David Dundon, 2nd David Mulhearn, 3rd Derrick Wyllie, 4th Gary Kachel and 5th Dennis Savage. The overall winner for the Bananacoast 50 Target Handicap was David Dundon 50/50.

The second event was the Emerald Beach Championship the results were, 1st AA Grade Ian Stewart, 2nd AA Grade Neil Dimmick, 1st A Grade Tom Harris, 2nd A Grade Dennis Savage, 1st B Grade Ken McWhirter, 2nd B Grade Salvatorie Zapalla, 1st C Grade Gary Kachel, 2nd C Grade Greg Hartman. The overall winner for the Emerald Beach Championship was Ian Stewart 50/50.

The third event was the Holiday Coast Championship the results were, 1st AA Grade Colin Sim, 2nd AA Grade Ian Stewart, 1st A Grade Dennis Savage, 2nd A Grade Tom Harris, 1st B Grade Ken McWhirter, 2nd B Grade Salvatorie Zapalla, 1st C Grade Greg Hartman, 2nd C Grade Bob Aitchinson. The overall winner for the Holiday Coast Championship was Dennis Savage 50/50.

The forth and final event for the weekend was the Lake Russell Championship the results were, 1st AA Grade Ian Stewart, 2nd AA Grade Colin Sim, 1st A Grade Dennis Savage, 2nd A Grade Tom Harris, 1st B Grade Paul Koroupis, 2nd B Grade Salvatorie Zapalla, 1st C Grade Charley Lambus, 2nd C Grade Dennis Savage. The overall winner for the Lake Russell Championship was Dennis Savage 50/50.

The Junior High Gun for the weekend went to Alex Young and the Ladies High Gun went to Sarah Watson. The Overall Winner for the Coffs Harbour Clay Target Club Two-Day Skeet Carnival was Ian Stewart with an outstanding score of 197/200.

Congratulations to all competitors and a big thank you to our sponsor for the weekend Kachel's Wholesale Meats and to the club members and volunteers who without your help the weekend would not have been such a success.

FROM THE EXECUTIVE OFFICER

At time of preparing this report it is mid August and I am pleased to advise that the inaugural ACTA Board Meeting occurred on July 31st in a meeting room at Melbourne Airport, which was the lowest cost location at which the President, the 5 Board Members, I and the new National Executive Officer, Carrie Elton could assemble.

That was an all-day meeting which examined and actioned all of the key issues of the Association. As a result of that meeting I remain of the view that the increased governance that will result from 2 monthly meetings of the Board will be of great benefit to us all, and all aspects of our operations will be enhanced and tightened up.

That meeting also gave Carrie the chance to meet all Board Members and to contribute on all issues so that she will start with the Association on September 3rd with a greater awareness of our key issues.

Over the past month we have undertaken a major review of our 2007 Accounts and the Budget to the end of 2007, together with the preparation of an exhaustive budget for the 2008 Trap Nationals. Both of those budgets are being worked through by the Finance Committee at time of writing.

During the past 2 months we have also undertaken a complete review of the set-up of all of the Skeet and Trap layouts on the National Grounds. This has involved greater diligence in the set-up and tuning of all of the traps and I am pleased to report that I believe that we are now throwing greatly improved and more consistent targets than has been the case in the past. In my view our Mattarelli Traps are throwing excellent singles and doubles in both Skeet and Trap and I predict that scores will now greatly improve during all future competitions. I would like to thank John Mack, Ron Traill, Dave Jocelyn and Fred Rapley for their time, assistance, guidance and input to this process. The 1st to benefit will be the Wagga and Downside clubs which both shoot monthly on the National Ground and almost immediately thereafter will be the NSW Clay Target Association who will hire the National Ground for the NSW Skeet Championship mid August and then the NSW Trap Championship at end September.

I can't wait to see what the improvement will be to the scores and the competitor satisfaction levels at the 2007 National Skeet Titles in November and then at the 2008 National Trap Carnival next March/April.

No matter what discipline of the Clay Target Sports is your passion, and no matter what your grade or experience level, I urge all members to consider attending your National Championships. All of the Nationals are graded competitions, so they are not just events for the elite shooters. You shoot in your grade and have the chance to also win overall and meet + mingle with some of the best in the Country. It is therefore a great learning experience as well as a heap of fun and you can guarantee that your shooting or approach to the sport will improve in some way as a result.

For the 2008 Trap Nationals you will see a separate call in this issue of CTSN for "Expressions of Interest" with regard to possible attendance, and coaching being available from, Leo Harrison III.

I couldn't leave this position without acknowledging and addressing the hornet's nest that I kicked with a few of you with regard to my column about OH&S obligations.

My previous column came from a desire by the ACTA to adopt "best practice" on OH&S issues and it is certainly true that we have employees where the spotlight possibly shines brighter than it does for many of our Clubs which are staffed by unpaid volunteers.

However there is also a community expectation that good practices and a reasonable level of training will be given to all volunteers and staff. It is overstating the present position, but to make a point I say to you all that it is obviously no longer acceptable to use club

members below "shooting-age" children to sit in the trap house all day and manually load the old non-hoper fed traps like many of us used to do on a regular basis not so long ago.

Similarly, I contend that it is no longer acceptable to have club members undertake activities that may carry any possible level of risk unless they are given reasonable training and unless a reasonable attempt is made by clubs to identify hazards and take steps to mitigate against them.

A couple of you have called Work Cover in NSW and advised us that Work Cover have no interest in volunteer organizations, so I have taken this up again with the ACTA's advisor who provided the following summarized response:

The intention of the management system and advice provided to, and adopted by, the ACTA was to offer our employees, visitors and competitors a safe and healthy environment in which to work and compete, as required by NSW legislation. As stated in the ACTA's Policy Statement, we want to move beyond minimum compliance with the legislation and develop a culture which actively promotes safety in the workplace and on our grounds for all visitors and competitors.

It is strictly correct, as a couple of our members have advised, that the OH&S Act 2000 does not apply to workplaces staffed by volunteer labour. Work Cover would probably attend in the event of an accident, but would probably not take court action. However, an injured person or an Insurer still has the right to seek redress through other means in the event of an accident and the NSW OHS Regulation 2000 (and similar instruments in the other states) is the only specific compendium of safety rules that is available for governance of safety in the workplace (or at our Clubs). In the event of an injury, the distinction between an action brought by Work Cover in the Industrial Court or by some other entity in the civil court is possibly irrelevant when considering a Club's financial and ongoing position.

With the above point in mind, it would appear to be unwise for our affiliated clubs to disregard any reference to the OH&S Act. The approach of the NSW OH&S legislation (and that of the other states as well) is to manage workplace safety by a process of hazard identification, risk assessment and risk control, overlaid by a comprehensive process of consultation and record keeping. It seems to me to be wise to promote this process to our affiliates, rather than to ignore it.

A couple of our members have also made the point that minor maintenance of a trap might not be "construction work" under the Act, however many other activities such as the use of a range of power tools and equipment to, say, remove or undertake substantial disassembly of a trap, to construct a new fence or other item on your range, or carry out maintenance work on their buildings would be regarded as "construction work".

The NSW "White Card", while perhaps not strictly technically required in these circumstances, is still the only entry level training for such activities that is available. Again, it seems wise and conservative to suggest that affiliated clubs consider this basic entry level induction training for any members who are undertaking what may be considered as "Construction" on your grounds, if for no other reason that it provides evidence of the club's duty of care towards its members.

In closing on this issue, the ACTA are not being prescriptive on this matter and each Club can make their own judgements on how they want to treat this subject. If the recent feedback is accurate some of you may choose to ignore advice of this nature. That is your call, however good management demands that you also consider the possible downside in the event of an accident on your grounds and I make no apology for bringing this to your attention.

Regards to all Members
Geoff Kidd

AUSTRALIA CUP DARWIN

The 2nd Australia Cup round was held in Darwin on the weekend of 20- 22 July. With blue skies and cool breezes to greet the competitors, approx 60 shooters from all over Australia, including quite a few locals took up the challenge. The fully automatic layout of Laporte traps worked without fault and made for a great weekend of shooting with competition commencing on Friday with the double trap events.

Some good scores were posted throughout the day with Tom Turner setting the pace and going into the final leading by one target from Craig Trembath, Blair Signorotto and Tom Hamilton not too far behind. It was good to see two local juniors competing - Tom Hamilton from Darwin and Tom Evans from Alice Springs. Tom Evans was at a disadvantage, as the Alice Springs club has no ISSF facilities so all his practice was immediately prior to the event. After the final the standings were:

1- Craig Trembath 125 + 43 Total 168; 2- Tom Turner 127 + 40 167; 3- Blair Signorotto 122 + 42 164; 4- Tom Hamilton 121 + 33 154; 5- Nino Pedula 113 + 39 152; 6- Brett Hall 112 + 37 149.

JUNIORS

1- Tom Hamilton 121; 2- Thomas Evans 101

Saturday saw the commencement of the Trap and Skeet events, and once again with great weather and targets the shooters hit the walks. The final results for the Women's Trap were:

1- Stacy Roiall 62 + 20 Total 82; 2- Tania Burke 61 + 19 80; 3- Michelle Beecham 65 + 14 79 + 1; 4- Suzy Balogh 63 + 16 79 + 0; 5- Anna Shedrina 63 + 15 78; 6- Laetisha Scanlan 63 + 15 75.

The final results for the Women's Skeet were:

1- Natalia Rahman 71 + 24 Total 95; 2- Cherie Ryan 67 + 23 90; 3- Zita Dettori 59 + 24 83.

A highlight of the women's skeet was Natalia Rahman's effort in gaining her PQS. The women's skeet final between Natalia, Cherie Reeves and Zita Dettori was a fine display of international standard shooting with two 24s and a 23. A great effort girls - you certainly impressed the locals!

After the 7 squads had gone through the first 50 targets of the Men's Trap, leading the trap field by one target was Tom Turner from Craig Henwood closely followed by Jar Smaniotto and Jeff Tonna. The skeet shooters were equally as close together with Keith Ferguson leading Anthony Sottosanti and James Bolding.

The weather was once again perfect with blue skies and comfortable 28 degrees on the Sunday. With that the competitors got down to their final 75 targets. With some up and down scores posted over the final three rounds the final results for men's trap and skeet are below. The men's skeet must have taken a leaf out of the women's

Women's Trap Stacey Roiall, Tania Burke, Michelle Beecham, Laetisha Scanlan

effort as their final was another fine display of international standard shooting. Keith Ferguson had just too much lead for Anthony Sottosanti 24, Paul Rahman 25 or James Bolding 23 to catch up.

MEN'S TRAP

1- Tom Turner 114 + 21 Total 135 + 6; 2- Jeff Tonna 115 + 20 135 + 5; 3- Craig Henwood 114 + 20 134; 4- Daniel Di Pietro 112 + 21 133; 5- Jar Smaniotto 110 + 22 132; 6- Todd Malone 111 + 17 128.

JUNIOR TRAP

1- Joshua Collard 93; 2- Tom Hamilton 92; 3- Thomas Evans 91.

MEN'S SKEET

1- Keith Ferguson 119 + 23 Total 142; 2- Anthony Sottosanti 116 + 24 140; 3- Paul Rahman 114 + 25 139; 4- James Bolding 108 + 23 131; 5- John Doyle 105 + 21 126; 6- Colin McTaggart 102 + 19 121.

The Northern Territory Clay Target Association NTCTA and the Darwin Clay Target Club would like to thank the Australian International Shooting Limited for the opportunity to hold the Australia Cup and hopefully look forward to holding an Australia Cup in 2008. Also a very special mention must go to the judges and referees who kept the shoot rolling on, as well as the office staff for their efficient work. A special thanks to the Chief Range Officer Vince Mollica Snr and also judges Judith Kent and Greg Chan. Commiserations to Glenys Lawrence who was coming to Darwin and we hope that she has recovered from her accident.

For competitors travelling to the NT in 2009 bear in mind that the NTCTA has applied to hold the 2009 Arafura Games at the Darwin Clay Target Club and we would love to have as many competitors as we can get. Continue to watch the CTSN for details.

*Happy shooting
Vincent Mollica Jnr*

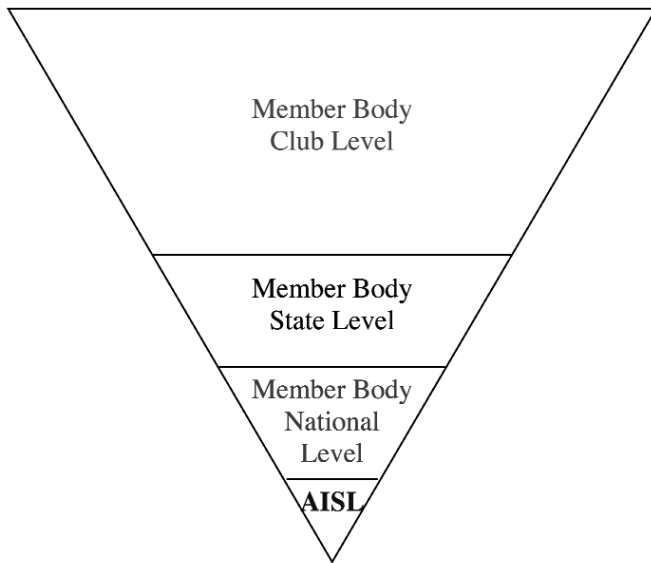

Junior Trap Joshua Collard Tom Hamilton Tom Evans

Men's Trap Craig Henwood, Tom Turner, Jeff Tonna

AISL HIGH PERFORMANCE PROGRAM STRUCTURE

Member State Level Talent Identification Programs

Member State Level Development Squads

(top 2 or 3 in each discipline/event within State)

Qualification: achieving or close (with improving trend) to MQS levels

Benefits: 4 weekend training camps, partially funded, run by Member coaches

Responsibilities: Maintain training records, attend majority of organised training events and own state and national championships

Member National Development Squads

(top 5 or 6 in each discipline/event from state squads)

Qualification: achieving Performance Qualification Score (PQS) in fair conditions

Benefits: 1 or 2 broad focus training camps, up to 4 days, partially funded with AISL high performance coach(s) in attendance. May attend International events either as MQS only or development

Responsibilities: Maintain training records, attend major selection events. Develop training plan. Adherence to the anti-doping policy.

AISL Elite Squad

(1 or 2 for each discipline/event)

Qualification: consistently exceed PQS under all conditions

Benefits: Open access to AISL high performance coaches etc, substantially funded team membership to selected overseas events, discretionary funding where athlete wishes to attend other overseas events for experience.

Responsibilities: Maintain performance levels; demonstrate necessary commitment to training etc.

OVERVIEW

The structure adopts a bottom down view of sports development; that is rather than a pyramid supporting the elite few, it is a filtering or distillation process to identify, develop and support the most skilled athletes. Each of AISL Members will have very differing membership bases but in this model that is not a significant factor other than increasing competition to select the best available in each discipline. In other words, the size of Member membership will not greatly impact allocation of funds.

In an ideal world funding should extend as far as possible to the 'grass roots' but there is an obvious dilution effect in applying this principle. Accordingly, focus may/should be on developing coaching expertise at state/club level rather than funding athletes below state development squad level. In general state coaches should be funded to travel to regional venues to identify potential for the state development squads rather than funding athlete travel to a central venue. Talent identification should be a duty for the Member bodies who should also pursue the numerous other channels for funding at State level.

State development squads should be the breeding ground for athletes aspiring to representative honours and a prerequisite for moving on to the AISL squad.

Any athlete showing the potential or performance necessary to reach AISL level should then be prepared to in a sense 'part company' with their parent body and regard themselves as a member of an AISL squad with the accompanying responsibilities.

At this level, athletes may well experience conflicts with career, family and other lifestyle issues and AISL must be prepared to discuss these on a case by case basis and demonstrate some flexibility without compromising unduly, the commitment required of an individual who wishes to excel in any field of endeavour.

The highest level is envisaged to be those athletes who are demonstrably (by score) at the peak of achievement within Australia AND are clearly competitive in a world sense. It is unlikely more than 10-12 would achieve this status. Such athletes would be virtually automatic selection for any Australian team.

Funding allocation concepts

Overseas teams are heavy consumers of funds but costs are such that it is unrealistic to expect athletes to carry all costs. The JMC-HPPMC should set policy (see governance below) but athletes should expect

Continued on page 6

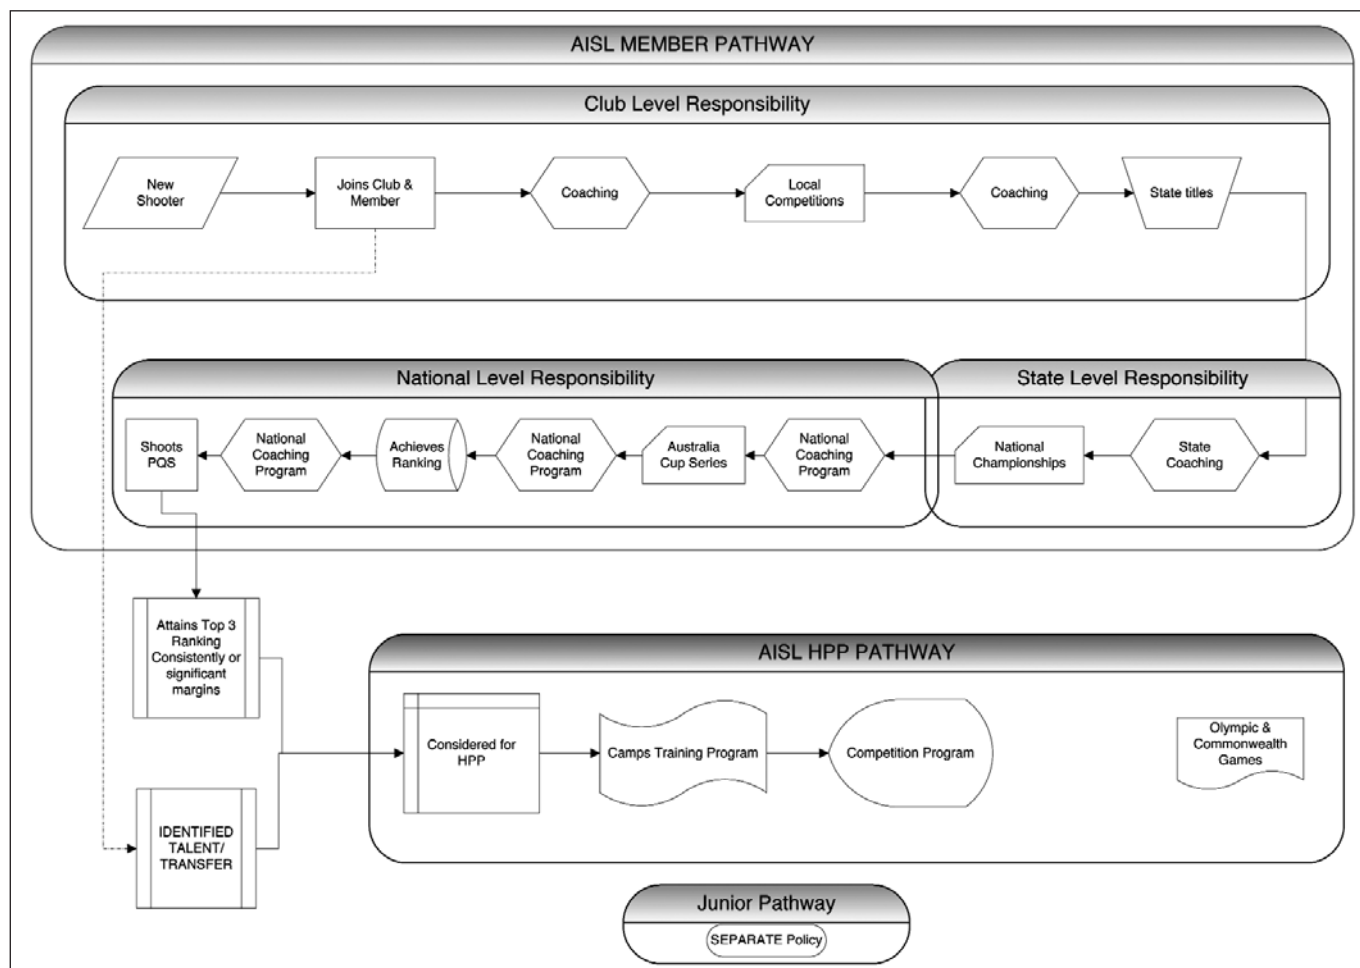

The 2nd AISL Youth National Championships 30 November - 2 December 2007 Sydney International Shooting Centre

Entry information to be posted on the AISL web site shortly
www.ausshooting.org
or to register your interest please email: nick.sanders@ausshooting.org

AISL HIGH PERFORMANCE PROGRAM STRUCTURE

Continued from page 5

part of the costs to be met by AISL. Members may also provide support to their particular disciplines but care should be taken to avoid 'them and us' situations within the team through differential funding. Possibly AISL should be empowered to levy each Member a 'per capita' team contribution based on the number of team members for the relevant discipline. (An example might be, AISL funding \$3,000; Member funding \$1,200; Athlete contribution \$800).

Currently, we are all riding on the remains of the OAP programme and the athlete performances developed by that programme. The

skills learned will decay and a greater proportion of funds need to be directed towards planning for the future rather than simply sending teams overseas.

The attached budget (pictorial) overview entitled Finding London has been agreed as the model, with a boost this year approved for the Olympic Discipline Member bodies to \$35k each.

Membership of the AISL squad does not automatically mean attendance at events. Actual team selection will be dependent on events, not all disciplines may compete or there may be other factors. AISL has a selection panel which includes representation by the HPM.

Joint Management Committee and the HPerformance Program Management Committee

The JMC has a role to play in setting policy covering the AISL squads, resolves high level issues that may arise, approves attendance by AISL teams subject to advice from the HPPMC, provide the HPPMC with Member views etc and contribute the in depth information required to support funding requests. The JMC is also charged with monitoring the effectiveness of Member level development programmes and key performance indicators relevant to the AISL squad.

Structure

A separate specific purpose committee is justified because of the importance of athlete development as part of AISL's duties compared to other administrative issues.

MICHAEL DIAMOND COACHING CLINICS

Be Coached by a 2 time Olympic Gold Medalist

Specialising in DTL, ISSF Trap and ISSF Double Trap

Group bookings with a maximum of 15 people or one-on-one coaching is available

Adam Vella Shoots to Number 1 on World Rankings

Adam's consistent form on the international World Cup circuit this year has seen his ranking jump to number one in ISSF Trap.

He started the season by winning silver in the Dominican Republic with a great 121 + 23, 14th in Korea on 116, silver in Lonato Italy with 121 + 21 and finally 12th in Slovenia on 119.

Apart from his bronze medal in trap at the Athens Olympics this is Adam's best season since 2003 in which he became the only clay target shooter ever to hold the number one world ranking in two disciplines (ISSF trap and double trap) at the same time.

As a member of the AISL's High Performance Squad no one is working harder than Adam to continually improve his physical and mental fitness and leaving no stone unturned in striving to find that one extra target that can mean everything.

As this goes to print Adam will be competing at the World Championships in Cyprus, followed by the World Cup Final in Belgrade in October then the all important Beijing Olympic selection trials back here in Australia.

If form is any indication, Adam is on track to improve on his Athens bronze medal.

GOLD COAST CLAY TARGET CLUB

With the biggest Carnival of the year only weeks away would your club install new traps and re-build all the trap bases in every trap house? We at the Gold Coast knew we were in the good hands of Club Trap Captain Mike Swale and his son James. With a very small band of helpers they very professionally installed 4 Canterbury traps on new bases and had everything operating perfectly for our August Carnival.

A slightly larger band of supporters mowed the grass (yes there is still some there) cleaned the clubhouse and exterior, trimmed the edges, packed trap houses and did all those things required to prepare to run a Carnival. – Well done one and all!!

We think a new record has been set – 28 clubs from Atherton in the North, Hobart in the South and out to Scrubby Creek in the West were represented at the shoot. Gold Coast fielded 50 members alone, almost 40 other Queenslanders attended

while 10 New South Welshmen, 8 Vicwigans, 4 starters from Hobart and another squad from 'around the traps' made up the numbers.

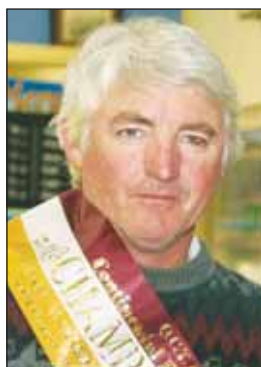

The weekend kicked off early on Friday with a couple of entertaining warm-up events and the prime event was the Queensland State Night Deauville Doubles Championship. A complimentary BBQ dinner hosted by the club started the evening, the weather was fine and there was no wind, and a record 67 competitors turned up for the evening

Psychological Skills for Shooting

by Michael Kruger-Davis

DON'T BE DISTRACTED BY YOUR SCORE

In last month's article I explored the internal and external distractions that prevent us from staying focused and performing well. This month I want to explore this concept further, especially with respect to your score.

There was a very interesting article in the May 2007 issue of the UK magazine Clay Shooting, by Mark Brownlee called "The Ultimate Question". For Mark the ultimate question relates to our score: "How did you do?" or "What did you shoot?" Brownlee sees this question or one of its many forms as a significant internal distraction because it forces us to make judgements about our performance and focuses our attention away from the present and back to past performances that may not have been as good.

So when we are asked "How did we do?" how does our mind respond?

Firstly, as a response to the question, a thought forms in the conscious mind; the number, that is your score. What happens then is we focus on the number and not some of the many variables that may have gone to make up that number. For example, we may have been ill before the event. We may have had a near miss in the traffic on the way to the competition there may have been foul weather, etc. Given some of the external distractions and variables, this score may have been quite good.

Secondly, the thought is analysed and comparisons are made with other numbers or score provided by past experiences, present conversations or by the scoreboard.

Thirdly, the number is perceived to be good or bad.

Next, the mental perception stimulates glands to secrete hormones that change your mental and physical state, and finally, as I have stated in many previous articles, these thoughts create self-doubt, anxiety, fear and stress and as a result our muscles tense up and we shoot poorly.

Brownlee also states that the "How did you do" question, has another side in that it you invariably find out how someone else did. Hearing how others performed may lead you to make further judgements about your own score, your performance or even your self worth. This preoccupation with numbers can set in motion negative and performance-killing thinking. These thoughts take you away from thinking about the here and now and being able to focus all your attention on the target you are shooting. To be in the zone you need

to focus on the present. Responding to the "How did you go question" either focuses your attention on the past or takes your attention to the future; either way you are no longer in the present. By avoiding the "number", according to Brownlee, you keep yourself in the present and are more likely to enter the zone.

Knowing that this "How did you do" question has hidden dangers that will keep you from staying focused, what can be done to prevent it from affecting your performance?

Firstly, you need to know what the question is actually asking. Whilst the normal response to the question is a number, what does the number really mean? According to Brownlee, it is supposed to be a result: but a result of what. A possible, eg 25/25 is more than just a number. It is an indication that you were able to stay focused on what you had to do. It also means that you were more focused on the present and were not distracted by the past or the future. It may also mean that you were able to stay focused on the process of shooting and finally it is a good measure of how well you were able to follow your mental skills plan. A score of 19/25 may not mean that you didn't shoot well (because the 19 you hit may have been shot very well) it may mean that you were not able to remain focused, or control your breathing, anxiety or level of arousal. How many times have you heard someone say; "I only shot 23 but the one I shot I was hitting well." The flipside to this comment could be something like; "I wasn't able to stay focused for the whole round" or I just thought of the wrong thing" or "I was doing well and then I remembered I always shoot bad at this ground".

So what is the question, "how did you go" really asking? Is it asking "how well did you do the following?"

- use your vision skills,
- control your breathing,
- control your muscle tension,
- refocus your attention after a distraction,
- quieten your mind,
- control your emotions, and
- maintain an unwavering belief in your own abilities.

So, if this is what is really being asked, why reply with a number. By replying in a way that doesn't focus on the number, will keep you in the here and now and will avoid letting you make poor judgements about your ability, performance or self worth. By not caring about your score you are likely to be more confident, composed and focused. What you score this round will have no bearing on what you will score next round, next week, next month or next year.

By not focusing on the number what will happen? Firstly, you will let go of the good versus bad judgements about your performance. Secondly you will stay in the here and now. Next, you will stay focused on the process of what you are actually doing, feeling and thinking. Finally, you will be getting rid on the internal distractions that prevent you from being in the zone.

Sporting Clays Mountain Duck Challenge at Bendigo

Location in the exact geographic centre of Victoria,
only 90 minutes from Melbourne

A friendly rivalry exists between the Bendigo Clay Target Club and The Bendigo Branch Field & Game Australia and each year we come together to keep the rivalries brewing (and enjoy a social day with fellow shooters) by shooting the Mountain Duck Challenge.

Overall A C Lanyon

Over 50 targets the top 10 scores from each club are added together to decide the winning club and the winner gets to keep the trophy and have bragging rights for the year to come.

This year 51 shooters met for the challenge on a day where the weather was fine for most of the day until late in the day when the cloud came in and the temp stayed around 12 degrees all day, with two challenging grounds set it was game on and the scores reflected the level of skill required to win the day. An excellent display of shooting by A Grade Bendigo Clay Target

Glenn Woodhatch with Danny Ryan

Club member Craig Lanyon to win overall with 62/75 and a very credible effort in near dark to finish only 4 targets further back was the Field & Game member Danny Ryan with 58/75.

Bendigo Clay Target Club go into the final leg a credible 48 targets ahead, this is a great concept and we commend the idea to other clubs to develop a similar competition to make sure we are all aiming in the same direction and that is the continuation of our sport regardless of the discipline we shoot.

KEMPSEY CLAY TARGET CLUB

July 21, '07

Location: Situated right in the heart of the Mid North Coast of NSW

It was a fine day but reasonably cold due to the wind-chill factor. We had strong winds, gusty at times which made shooting conditions variable. It seemed at times the event suddenly turned into a Continental shoot and no one told us. The squads handled the challenging conditions without complaint but we are hoping for better conditions next shoot.

Russell McCloy & Ted Baker

The first event was the 25 target Double Barrel cash divide. There were six shooters who didn't drop a target, and the competition for a share in the cash was very tight. The results were as follows: AA grade D Pasfield & M Flanagan 25/25, B Jones 24/25, A grade K Saunders, B Ellison, T Cragg & D Piper 25/25, B grade S Kelly 24/25, J Gosling 21/25, T Baker 19/25, C grade K Aitken 24/25, L Langer & Rod McCloy 21/25.

The second event was the 50 target Points Score 15m Club Championship which was shot in one walk. The results were: Overall Russell McCloy 148/150, AA grade 1st M Flanagan 139/150, 2nd D

Shane Kelly

Bob Ellison

Pasfield 138/150, A grade 1st B Ellison 140/150, 2nd D Piper 139/150, B grade 1st K Berry 135/150, 2nd S Kelly 127/150, C grade 1st Rod McCloy 125/150, 2nd K Aitken 121/153.

The final event of the day was the Double Rise which was a lot of fun especially for those who managed to shoot regular pairs, but with fading light and the evening chill setting in perfect rounds were almost impossible. The results were as follows: AA grade 1st M Flanagan 27/30, 2nd B Jones 21/30, A grade 1st K McWhirter 26/30, 2nd Russell McCloy 23/30, B grade 1st S Kelly 19/30, 2nd J Gosling 18/30, C grade 1st M Carter 21/30, 2nd K Aitken 20/30.

The High Gun was achieved by Russell McCloy 192/205, who achieved his 50 target break badge during this shoot. He is an up and coming junior shooter who I am sure we will be seeing regularly in the winner's circles in various competitions up and down the coast. Very soon we are bound to be reading about his further successes in shooting and representative teams. Well done Russell and keep enjoying shooting,

As usual Ted Baker worked tirelessly to ensure the day was a success. The ladies (Robyn Baker, Kerry Poiwick and Meg Gosling) prepared a delicious afternoon tea which was appreciated by all and Jenny and Lesley Baker managed the recording as usual with expertise. Thank you one and all for helping ensure we had another great day shooting.

Annual 2-Day Carnival at Dysart

Location central Queensland

Some times it just happens perfect and that's what happened at Dysart for our two day shoot. About five inches of rain two weeks before the shoot date provided a green tinge. The new layout finished the red bank behind trap one covered with top soil and the weather perfect for the weekend. The only complaint was that the clays looked too easy.

Friday afternoon and practise started around 3pm. Quite a few of the visitors took the opportunity to shoot over all three layouts. Shooters came from Barcaldine, Bowen, Gemfields, Clermont, Pioneer, Gladstone Rockhampton, Brisbane, Tasmania and our local Dysart shooters, most camping on the grounds. At dark the Ladies provided a hot tea, then some of the brave shooters shot Tower under lights (no stars in that lot).

Saturday dawned cold and clear with the sun shining. With 48 shooters ready to go shooting got under way at 9.30am. The trophy table was once again heavily laden thanks to our sponsors and hard working club members. The scores shot reflected what a perfect day it was 15 possibles and 14 one point downs. Saturday night began

with a 3 course hot pot tea prepared by our ladies in the kitchen. Scott Meaney cooked the prawns again this year and they were special. After tea the Tower under lights, which was a real novelty. Local shooter and Club President Eddie Bates won the event 20/20.

Sunday dawned cold and clear again and perfect shooting weather. After bacon and eggs breakfast everyone was raring to go. Again conditions were perfect with 20 possibles and 19 one point downs. Three possibles in the handicap, with Dysart shooter Trevor Davis out lasting Adin Gorlick and Steve Millar to take home the \$700.

Overall High Gun was Leon Dodo, AA grade H/G Andrew Adams, A grade H/G Barry Whiteside, B grade H/G Jim Wiseman, C grade H/G Trevor Davis, Veterans H/G Barry Nasser, Ladies H/G Andrea Jones, Junior H/G Mathew Adams Just prior to the presentations the club President Eddie Bates presented long time member Rosemary Meaney with Life Membership and thanked her for her involvement with the club as Treasurer, kitchen co ordinator, trophy buyer and supporter.

The weekend finished at 3pm and all travellers were able to start their trip home in good time. Thanks must go to the office staff, shoot marshals and club members who worked tirelessly to keep everything moving smoothly and with the minimum of fuss for the whole weekend.

HG C T Davis, A B Whiteside, AA A Adams, OA L Dodd, B J Wiseman

GOLD COAST TRAP CARNIVAL

Continued from page 9

Gold Coast Cups

Thompson -Newcastle Lake Macquarie / John Maxwell -Maryborough Q (21/21), 2nd Dexter Barnes- Frankston Aust / Lynne Curtis -Bairnsdale (20/21), 3rd Matthew Patmore -Yass / Kim Nealon -Yamba (27/28).

Event Sponsor: John Monk of JDM Printing

Saturday morning saw the cars rolling in, the campers setting up and the mood was good. The Coffee Van was present for those who needed a "heart starter", and by the time we finished the first event we had 18 squads on the board and the excuses were already starting as to why I missed that damn target! There was only one possible recorded - this was our first introduction to Tony O'Leary, a Cowra shooter now residing on the Gold Coast. Following a short shoot-off the other winners sorted themselves out as follows:

30T Champion of Champions (18m): O/A Tony O'Leary - Cowra (50/50), AA 1st Kevin Thompson - Newcastle Lake Macquarie (99/100) 2nd Mark Joass - Gold Coast (96/100), A 1st Steven Steenstrup - Gold Coast (73/75) 2nd Tom Harris - Tumut (72/75), B 1st Peter Rado - Werribee Vict (49/50) 2nd Tony Scriven - Goondiwindi (48/50), C 1st George Tetley - Gold Coast

(43/50) 2nd Warrick Grinter - Gold Coast (42/50)

Event Sponsor: Tony Carroll of Brenton Beef

Another challenging event kicked off the second round and the office was running smoothly, the ticket sellers (captained by the imposing and hard-to-refuse George Scaff) were catching all the idle shooters and the rest of us were out trying to record a good score. It was noticeable with 4 Canterbury Traps operating, all the layouts were throwing very similar targets. The targets were not easy (when is 50T continental points easy?) - but they were similar. No possibles were posted and Wes Humphries was keeping a good watch on his 149/150. It could not be bettered on the day. Shoot-off's were again required to decide the minor places:

50T Continental Points Championship Tender Plus Perpetual Cup: O/A Wes Humphries - Sunshine Coast (149/150), AA 1st Daryl Stevens - Brisbane (148/150) 2nd Stephen Laffey - Gold Coast (162/165), A 1st Shane Weeden - Gold Coast (162/171) 2nd Brad Stevens - Brisbane (161/171), B 1st Steve Turner - Sunshine Coast (143/153) 2nd Kevin Seeney - Gold Coast (142/153), C 1st Neal Dimmick - Gold Coast (144/150) 2nd Warrick Grinter - Gold Coast (136/150).

Event Sponsor: Vince Vaina of Topcut Foods

The premier event for Saturday (the Bauman Gold Cup) kicked off with anticipation and it wasn't long before the possibles started rolling in, 32 in all so the scoreboard finally got a good dose of red ink. The shoot-off went 40 targets for the "stayers" before it became too dark. A short break was held and the shoot-off recommenced under lights. The 3 squads became two and then one, until national president John Mack proclaimed he didn't want to hold up dinner and gave up the

title to Matty Patmore. This is Matty's second time on the cup and the shoot-off duel created great interest.

25T Double Barrel Championship J M Bauman Perpetual Cup: O/A Matthew Patmore - Yass (104/104), AA 1st John Mack - Gold Coast (103/104) 2nd Andrew Thatcher - Gold Coast (96/97), A 1st Robert Harwood - Gold Coast (67/68) 2nd Graham (Soapy) Sinclair - Sunshine Coast (66/67), B 1st James Swale - Gold Coast (30/31) 2nd Ken Tomkins - Gold Coast (29/30), C 1st Donna Nugent - (24/25) 2nd Chris Herrington - Gold Coast (31/33), Junior Encouragement Award: Tom Auger -Warwick 25/25.

Event Sponsor: Terry Morony of Stratco

On Saturday evening following the completion of the shoot-off under lights, we were waiting to be seated when the constabulary arrived, quite un-announced, with a Wanted Poster for John "Mad-Dog" Mac (apparently he was wanted for questioning?). We should have guessed it was another Roma prank and to top it off they transformed the female "police ladies" into very capable hostesses who served Roma Canapés prior to tea. We can report Mr Mac was a little (make that a lot) concerned when he was placed into "custody." Gold Coast under the direction of the "Vince Vaina experience," prepared a fabulous meal for all those who required sustenance and the bar provided various coloured fluids for those who were "a little dry" after the first day's competition. There were 99 people for dinner & some just stayed 'cos they were "dry!"

The band - (The Rob Harwood All Stars) warmed up ready for mood music and dancing later in the evening and the raffles were drawn. Twenty plus prizes were again camouflaged in helium balloons and following the random draw the lucky winner had to pick and burst a balloon to claim their prize. Special note and a big

Sponsors with John Mack

Saturday night dinner

thank-you must go to Steve Szabo and Palazzo Versace for the prawns and oysters, they were "tops" and the accommodation and meal vouchers in the raffles were highly prized. The music kept our memories floating back, the Roma contingent behaved themselves and the evening was a great success.

Sunday morning dawned as another great day, many enjoyed the brekkie on offer and the fourth event kicked off in perfect conditions with great targets. It was handicap though and it was good to see the back marker squads attracting quite a gathering to see how they smoked 'em from back there. The emergence of a Gold Coast member who hasn't shot for all that long and has never made a shoot-off before created quite an interest in the shoot-off. Kevin Thompson (last years high gun winner) off 22m and Warwick Grinter off 15m were trading shot for shot and to his credit Warwick held it together. Curtis Smith another Gold Coaster also in his first major shoot-off performed well to take out third.

25T Handicap: 1st Warrick Grinter – Gold Coast (39/39), 2nd Kevin Thompson – Newcastle Lake Macquarie (38/39), 3rd Curtis Smith – Gold Coast (31/32), 4th Robert Bond – Gold Coast (27/28).
Event Sponsor: Alan Vacy Lyle of Framgram Tools

While the handicap winners were still smiling and shaking hands our points score event got under way. Four possibilities stood proud at the end and a couple of iterations of shoot-off's were required to sort out the place getters. Peter Luppi (a past Gold Coast member in the Gold Coast colours) was the delighted winner and trap mechanic extraordinaire George Mariner had to settle for AA grade.

25T Double Barrel Points; O/A Peter Luppi – Atherton (93/93), AA 1st George Mariner – Brisbane (90/93) 2nd Scott Trafford – Sunshine Coast (161/162), A 1st Brad Stevens – Brisbane (129/130) 2nd Bill McKechnie – Gold Coast (128/130), B 1st Fred Borgstrom – Gold Coast (74/75) 2nd Cody Driscoll – Roma (73/75), C 1st Donna Nugent – Roma (68/75) 2nd Chris Herrington – Gold Coast (67/75).
Event Sponsor: Greg and Curtis Smith of Teledata Electronics and Communications

High Gun scores were being tallied, some wounded egos were being consoled and the hopefuls were out and off to stitch up the single barrel. Tony O'Leary and evergreen Brisbaneite Paul Hill were the combatants in the shoot-off but come the second shot if you took too long to get your seat – you missed it, and Tony nabbed his second overall of the Carnival. It was great to see our sponsor Phil Sorby up and around for the presentation following a recent nasty car accident. You will also notice your "It's Your Call" author Bill McCarthy taking out A grade.

25T Single Barrel Championship Lee

Hogarth Perpetual Cup: O/A Tony O'Leary – Cowra (51/51), AA 1st Paul Hill – Brisbane (50/51) 2nd Kevin Thompson – Newcastle Lake Macquarie (45/46), A 1st Bill McCarthy – Gold Coast (24/25) 2nd Mike Herrington – Gold Coast (29/31), B 1st Richard Vary – Richmond River (27/30) 2nd Phillip McGrath – Hobart (26/30), C 1st Donna Nugent – Roma (21/25) 2nd Justin Willis – Gold Coast (23/29).
Event Sponsor: Phil Sorby of Go Camping Nerang

For the first time in quite a few years Gold Coast was able to conduct a double rise event (because of the new traps) and it was the last chance for all who had not yet been clever to "show their stuff." John Maxwell from Maryborough (in Qld) just managed to nudge out one of our visitors from down south in Dexter Barnes, with a fine 29/30.

15 Pair Double Rise: O/A John Maxwell (29/30), AA 1st Dexter Barnes – Frankston Aust (28/30) 2nd Tony Mokomoko – Gold Coast (36/40), A 1st Mike Herrington – Gold Coast (27/30) 2nd Shane Weeden – Gold Coast (34/40), B 1st Phillip McGrath – Hobart (25/30) 2nd Cody Driscoll – Roma (33/40), C 1st Noel (Kiwi) Lamb – Roma (22/30) 2nd Donna Nugent – Roma (21/30).
Event Sponsor: Mike Swale of UTEC and John Mack from Southport Hydraulics

Again with little fuss (thanks to the wonders of computing power) the office had all the details on all of the winners in President Shane's hand and the presentations got underway straight after the High Gun shoot-off. Shane recognised the efforts of Mike our Shoot Marshall and presented him with a gift, the wonderful ladies in the office Debbie and Laurie were both presented with flowers to say "thanks" and all the sponsors were bought forward and thanked with a tasteful plaque recognising their collective support. The sponsors all assisted in their relevant presentations and the winners were appreciative and complimentary of their weekend adventures. With a great atmosphere evident and contented competitors one would have to say 2007 was one of Gold Coast's best August Carnivals.

The High Guns were the last offering and some happy shooters stepped up to accept their sash and trophies. None more than Tony O'Leary the Overall winner, and it gave Gael and I great pleasure to present the Bill and Agnes Witt crystal bowl to a new club member.

Overall Low Gun Neil Hanmer – Gold Coast 211/380 Sponsor: Queensland Gun Exchange

8th July

Hello once again fellow ISSF Shooters, today Johnsons ISSF Monthly Shoot fell on one of our NSW Grand Prix. The conditions were like 4 seasons in the one day, it started with a nice sunshine, then finished very wet & cold, with a touch of hail.

It was nice to see Graeme Ede (NZL) back shooting our Monthly Shoot. Also a young lady from Roma Gun Club, Helen Overton joined us as well. It was a great turn out with 4 squads showing up, even though we had 7 of our fellow team mates away shooting the Queensland State Championships.

The following Graded Results were: AA/A Grade - 1st Dom Carlino = 89/100, 2nd Graeme Ede = 88/100, B Grade - 1st David Perri = 81/100*, 2nd Paul Farrugia = 81/100, C Grade - 1st Vince Belcastro = 65/100*, 2nd Henry Yin = 65/100*.

(*) Shooters agreed to split the prize money instead of shooting off.

Winners on the day

The following Overall Final Results were: 1st - Graeme Ede 20 24 23 21 + 18 Final, 2nd - Dom Carlino 25 21 24 19 + 16 Final, 3rd - Tony A 22 18 23 20 + 21 Final, 4th - Steve Zadro 17 21 24 23 + 16 Final

5th - Kevin Perkins 21 23 19 22 + 15 Final, 6th - Vince Gatt 20 22 20 20 + 17 Final*.

It was nice to see that for the first time I shot a 25/25 in ISSF Trap, but as you can see the pressure got to me in the last round. It was a very tidy Final from Tony A, keep it up mate!

Until next time shooters...

"... a one thousand mile journey begins with the one step ..."

Dom Carlino-T.A.V.

ISSF - 5th August

Hello fellow shooters & readers, today was a fine & windy day on our monthly Issf shoot sponsored no other than our loyal sponsors, Johnson Solicitors. I would also like to welcome Lebanon's International Representative, Nidal Asmar.

For the passed 8 Months, I have noticed that our ISSF Discipline has grown by an extra 2 squads (12) shooters, many thanks to our fellow shooters that get up out of bed 2 hours early before competition and get everything organised for our shoots to run smooth and professional at the elite level. Those people know who they are, a big thank you from the bottom of our hearts.

The results are as followed...

1st A - Nidal Asmar, 2nd A - Frank Minici, 1st B - Joseph Skarf, 2nd B - John Croaker, 1st C - George Chaihne, 2nd C - Randolph Rossi.

The Overall Results are...

1st - Nidal Asmar 91 + 21, 2nd - Frank Minici 87 + 19, 3rd - Stephen Zadro 84 + 15. Shoot off for 4th, 5th & 6th: 4th - Gavin Zovi 84 + 14 + 1, 5th - Micheal McNabb 84 + 14 + 0 + 1, 6th - Andrew Mintzas 85 + 13 + 0 + 0.

Thankyou for everyone showing up, hope to see all of you disciplined shooters next month.

A Quote from Leo Pezzano-
"A man already wet, is not afraid of the rain"

WIRELESS - Canterbury has now developed full wireless systems for DTL and Skeet. No more cables over your field; eliminate maintenance issues of sockets & cables; full use in handicap events; ease of set up/take down – lots of benefits with this new technology.

DTL - can function as solo microphone practice unit, 5 station DTL or Ball Trap – just change one setting

SKEET - purpose designed unit that will require no learning to use – simply press one button when the shooter takes up position on the plate and leave the system alone. In full use at NZ Skeet Nationals 2007.

BUNDABERG CLAY TARGET CLUB'S ANNUAL SHOOT

Location at the southern tip of the Great Barrier Reef 4hrs north of Brisbane

Bundaberg Clay Target Club held its Annual shoot on Sunday the 29th July, with 59 shooters vying for the cash & cartridges in light winds & fine conditions. An excellent roll up of Shooters travelled from Rockhampton, Central Burnett, Brisbane, Gladstone, Sunshine Coast, Redcliffe, Toogoolawah, Maryborough, Gympie and Bundaberg. It was very pleasing to see a good roll up as we had to change our usual day due to the Air show being held on our normal weekend. We thought that the planes may interrupt our line of sight. Doing loop the loops in front of us or the F1 11 doing fly bys. It was pleasing to see a good roll up of our own shooters attend. Bundy had two new members join just prior to this shoot and this was their first competition shoot.

Zone Championship Shoot at Echuca

**Location: On the Murray River which forms the border
between Victoria and New South Wales**

A fifth Sunday on the 29th July saw five full squads of shooters arrive at Echuca Clay Target Club to compete for the overall placing in a Victorian North east Zone, 75 target Champion of Champions event, and without the need for a shoot off. Brad Harbor, a young Numurkah Shepparton member saw off all others with a 122/125 score, collecting the Overall Winners Sash and A grade first trophy. An excellent score of only three points down, shot on a reasonably poor day weather wise for shooting, with overcast sky, only nine degrees temperature and light rain almost constantly falling, the visibility of the black targets was very poor. So, well shot Brad. 2nd in A grade was another Numurkah Shepparton member Alan Cole 118/125, AA 1st Arthur Turner 121, 2nd Stephen Atkins 120, B 1st Kyle Bateman 120, 2nd Nathan Harris 114, C 1st Sean Everett 107 and 2nd Leigh Calleja on 106 a score.

Event 2 was a 50 target Skeet graded cash divide shoot and Murray Roberts almost clean scored, missing one target after a dispute over a double throw saw him drop one target on the rerun, Murray collect first in A grade on a 49/50, B 1st was John Pola on a 47/50 and C grade 1st was Steven Traill on a 48/50 score which was pretty impressive as he usually does not shoot Skeet, these three winners made the event an all Echuca Club member affair.

Event three, a 15 pair Double Rise Championship, once again no shoot off required with Stephen Atkins taking out the Overall winner sash and AA grade 1st on a score of 28/30, Arthur Turner keeping him honest only one target less on 27/30 collect 2nd in AA grade. A 1st A Cole 29/32, 2nd Gordon Fletcher on 28/32, B 1st Laurie Gee 24/30, 2nd N Harris 22/30, C 1st L Calleja 22/30, 2nd was a lady shooter from the Cosgrove club, Emma Cox on a score of 18/30.

All shooting and presentations were over by the early time of 4.30pm and although it was a fairly miserable day as far as the weather was concerned, all shooters enjoyed the competition and an early finish on these short winter days.

Night Handicap at Mathoura Shoot

**Location: 768 km south-west of Sydney in the Riverina
Region of NSW**

Four squads of competitors arrived at Mathoura Gun Club's July shoot to do battle for places in the almost all Night Handicap events. Cool and clear weather with a slight breeze, should have made full scores an easy task, but the shooters struggled on the night. With only one veteran shooter, Harry (Snow) O'Connor, able to shoot the only full score for the night, a 10/10 in the first event.

Event one was a 10 target Handicap cash divide and H O'Connor collect 1st place cash 10/10, with Laurie Fitzpatrick (Euroa) on 9/10 taking 2nd place cash with Trevor Lindberg (Deniliquin) & Roger Kerslake (Mathoura) both on 8/10 picking up a share of 3rd place money.

Event two, a 25 target Handicap and a Deniliquin member, Tim Maher shooting from 19 metres collected 1st place trophy with a target down on 24/25, 2nd place was local member W (Bill) Simpson shooting off the 17 metre mark on a 23/25 score, and after a one target shoot off Peter Lindberg (Deniliquin) ensured 3rd place with a score of 23/26.

Event three the last event and once again won on a target down after a shoot off, a local member, George Bradley on a 23/24 score collecting 1st place trophy, Peter Lindberg close behind with a 22/24 picking up 2nd place and Tim Maher taking out 3rd with a 17/19 score.

The club's committee wishes to apologise for the absence of food catering as there was a mix up and unfortunately ended up with no food on the night and thanks to the shooters for their good natured response.

Murray Roberts

THE AUSTRALIAN CLAY TARGET ASSOCIATION
presents the

CLASSIFIEDS

RATES AND CONDITIONS

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

PLEASE NOTE: Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates (inc GST) are as follows:

\$11.00 – 0-60 words

\$22.00 – 60-100 words max.

Advertisers must comply with the copy deadlines as detailed on page 2 of this issue, and your name, address and telephone number must be supplied. Copy should be typed or carefully hand-written.

Payment must accompany advertisement.

NSW Members and Dealers

As stated in Firearms Act 1996, Section 54 "A person must not cause an advertisement for the sale of a firearm or firearm part to be published unless:

(a) the person is a licensed firearm dealer, or
(b) the proposed sale is to be arranged by or through a licensed firearm dealer and the advertisement contains such particulars as may be prescribed by the Regulations".

The Regulation states, "For the purposes of section 54(b) of the Act, the following particulars are prescribed in relation to an advertisement for the sale of a firearm that is arranged by or through a licensed firearms dealer.

(a) the licence or permit number of the seller,

(b) the name and address of the dealer concerned."

The Firearms Act 1996 applies to both the Publisher and the individual placing the advertisement. Failing to abide by this Section attracts a maximum fine of \$5,500.

That was incorrect and will all competitors and officials please take note that the following is the way in which the Event 2 Champion of Champions will be run:

Monday November 19 – 8.30am
1st National Champion of Champions
Skeet Championship

Details 100 targets with broken targets to count. To be shot 50 targets 20g & 50 targets 12g in 2 visits to the trap as a graded event, squad system. Ties to be broken by shoot-off squad system, miss and out as doubles from station 3, 4 & 5 with the smallest gauge gun.

National Sporting Championships
will be held on
Saturday 17th May
and Sunday 18th May
2008

National Skeet Championships
will be held on
Monday 19th May
through to Saturday
24th May 2008

OLYMPIC TRAP SHOT AT ECHUCA

A 25 target Olympic Trap championship was one of the four events on offer on Sunday the 12th of August 2007 at Echuca Clay Target Club. Seven squads of shooters arrived to compete, which is a good turnout for a cold winter's day. And with forty plus competitors to get

through on a single Trench layout, the committee had to get the shoot going early and keep it going smoothly to get through the program, and they did that well, with all shooting and the presentations over shortly after 5.00pm. The weather was not in favour of clay target shooting, with a dark patchy overcast sky, and a strong, cold, gusty south west wind that moved the targets

Stephen Atkins OA AA trench

around, which did keep most scores low throughout the day.

Event one, was the 25 target Trench Championship, and after a five target shoot off, local shooter Steve Atkins saw off all others to collect the Overall Sash and 1st in AA grade with a very good score of 28/30, 2nd in AA was another Echuca member, A (Tony) Bradshaw on 19/25, A grade 1st Peter Lindberg 18/25, A 2nd Brad Harbor 13/25, B 1st Rob Viney 21/27, C grade 1st Steve Traill 21/25, and C 2nd R Ehlers 17/25.

Steve Traill
OA & AA Double Barrel

Event two, was a 20 target Points Score Championship, and Numurkah, Shepparton shooter, Leanne Harbor, a C grade member, led the field to an Overall win with the only full score of 60/60, collecting C grade 1st as well, congratulations Leanne, well shot. C grade 2nd was Doug Faulkner on 50/60, AA 1st S Atkins 65/66, AA 2nd Ray Peatling 64/66, A 1st Ian Gebhardt 57/60, A 2nd James Peatling 55/69; B grade 1st Lauree Gee 51/60, and B 2nd was Echuca member Barry Rogers 47/60.

Leanne Harbor
OA & C grade Points Score

Event three, was a 20 target Single Barrel graded trophy event, and AA 1st was S Atkins with a full score of 20/20, AA 2nd R Peatling 19/20, A 1st J Peatling 22/22, A 2nd Conrad Robb 21/22, B 1st A Loubey 21/26, C 1st D Faulkner 15/20, and C grade 1st was D Faulkner 15/20, C 2nd Rhys Ehlers on a score of 14/21.

Event three, the last event was a 20 target Double Barrel shot off the 18 metre mark, and after a 17 target shoot off, Echuca member, Steve Traill saw off all others to collect the Overall Sash and AA grade 1st trophy with, considering the weather conditions, an excellent score of 37/37, AA 2nd was S Atkins 20/21, A grade 1st Echuca shooter, Greg Norris, shooting very well, dropping his 37th target to end on 36/37, A 2nd was S Harbor 24/25, B 1st S Scott 18/20, B 2nd T Thomas 17/20, C grade 1st C Arthur 14/20, and C grade 2nd was A McNight on a 13/20 score.

A cold, bleak, winter's day, vastly improved by good shooting competition, a warm clubhouse, and excellent catering by Dot Roberts and her helpers.

Murray Roberts

THE SHOOTER

I hang back in the car park
Cos I'm due to ref or score
Someone else will do it
I've done this trick before
I've got to know the tricks you see
I'm as cunning as a hare
Otherwise I get these jobs
And have to do my share
Plenty other shooters there
Who'll go and fill the gap
While I prattle in the corner
And let them take the rap
I ignore the PA system
As though I haven't heard
Always for the second time
And even on the third
I'm even better sometimes
When I become a pain
I've got my head stuck in the boot
While the squad waits in the rain
I like to make an entrance
Be last to make the tracks
It makes me feel important

And helps me to relax
I dislike all those silly rules
That are printed in the book
Except that when they favour me
Then I'll agree to look
Officials are all volunteers
They're not paid at all
Makes it easier to have a go at them
And nearly start a brawl
I give advice to all concerned
My voice goes near and far
Cos I finally shot a 25
So I can brag around the bar
I eject my shells onto the ground
Instead of in the bin
A dirty look from the ref I get
You'd think it was a sin
I carry my gun in funny ways
With the barrels pointed back
Always bumping other things
And never in the rack
I'm always last to nominate
As late as late can be
They have to know who they're dealing with
Especially when it's me
Oh! I forgot about the targets
Which are never properly done
I could do a better job

And make them suit my gun
The committee hasn't got a clue
They need some good instruction
I'll get around to doing that
And create some destruction
I always close my gun too soon
Before the previous call
It makes me feel important
No care for safety at all
I always move across the lanes
Just after I have shot
Who cares about the other bloke
And whether he's shot or not
I load before I'm on my make
When going from five to one
Silly rules this safety thing
I'm out here to have some fun
I refuse a lot of targets
Irrespective of the brand
To test the metal of the junior
Whose got the button in hand
My behaviour is all good and proper
That's why I can't understand
That the committee has written a letter
And told me I'm going to be banned

'Shoot on over to Beautiful Norfolk Island'

And be a part of the Norfolk Island Clay Target Association's annual event

3-10 February 2008

Each year the Norfolk Island Clay Target Association hosts a week of clay target shooting. Next year is the 28th Anniversary of the Association. If you love shooting, you are going to love Norfolk Island. The target range has magnificent ocean views, and a back drop of majestic pines. It's an event that should not be missed. Why not combine your shooting and spoil yourself with a holiday on beautiful Norfolk Island.

The week kicks off with nominations and a friendly welcome local Fish Fry on Sunday night. Then followed during the week with 25 Skeet, Double Rise, Single Barrel, Points Score, Ball Trap, Single Rise then concluding with the Presentation Dinner. All events graded A-B-C. A separate two-man team event on Skeet and Continental events over 50 targets. The Premier four-man team event is run on Event 6 and is each member's 50 target total. Rules used are ACTA.

7 night twin share holiday package prices from.....

\$ 1095 per person ex Brisbane; \$1159 per person ex Sydney
Holiday packages include return airfare to Norfolk Island, airfare taxes (excluding Norfolk Island), 7 nights twin share self-contained accommodation, 7 days car hire (petrol and car insurance additional), return airport transfers, complimentary 'A Walk in the Wild', complimentary miniature golf.

Darwin Clay Target Club Annual Shoot

26-29 July 2007

The Darwin Clay Target Club 2007 Annual Shoot was held again on our usual last weekend of July that is 26-29. It has been a busy time for the club as we had hosted the AISL Australia Cup #2 over the previous weekend and on the following weekend held an ISSF event as preparation for the NT ISSF Carnival on 18-19 August. Darwin has experienced one of the better dry seasons that I can remember from my 41 years in the place. Cool dry mornings, clear blue skies, maximum in the low 30s - what more could you ask for in the middle of a southern winter?

Apparently a lot of people agreed with that proposition as 74 competitors attended the shoot. There was a real tent city of campers at the club many of whom came early and also many have stayed on. The shoot commenced at midday on Thursday with the Bob Dalglish Memorial 50 American skeet. Bob Dalglish was a well-known member of the club who unfortunately passed away during the 2002 Darwin annual shoot. Six squads competed in the event which was sponsored by Barbeques Galore. The overall and B Grade winner was Craig Herbert after a shoot off with fellow locals David Searl and Greg Bateson. Detailed results are shown at the end of this article.

The trap section of the carnival opened on Friday morning with the National Jet Systems 10 points score. Local shooter John Williams made his weekend by picking up the \$400 on this event! The shoot-off was conducted in the usual Darwin style of single file on the one layout. The next event was the Winchester sponsored 60 targets Champion of Champions. The overall and AA Grade winner was local shooter Chistos Despotis with 98/100. The final event for the day was a 50 points score sponsored by local gun shop Tex Gun Supplies. Visitor David Leulf won the AA and overall after a shoot off.

Saturday morning commenced with a 10 single barrel sponsored by Frontier Carpets & Vinyl owned by former ACTA Executive Member Mark Bulluss - thanks again Mark! This time the \$400 was picked up by a local shooter Tony Papadonakis.

The major event for Saturday and indeed the weekend was the 100 target double barrel generously sponsored by Gwelo Developments, a sponsorship organised by Mary Hamilton. This company, which had a stand in the clubhouse during the shoot, is undertaking an exciting development in Darwin city area: Pandanas Apartments. Potential investors are advised to check out Gwelo's brochure on the Darwin club's website for details. The weather must have been too good for shooters making them relax a bit too much as only one possible was recorded by AA shooter Willo Cameron with AA shooter Doug Chan and A grader Darryl Reed right on his heels both with a 99. Veteran shooter Dino Fracaro won the B Grade with a 93 and it was great to see Dino back in his old club. Dino started shooting at the Darwin Club back in the '70s when it was located on the other side of town and was back to see how his old club was going. Peter Richards took out C grade with 92. New Gove Gun Club shooter Chelsea Foon won the ladies and John Bainbridge, always competitive, won the veterans trophy.

The club had a few problems with the traps when layouts 3 and 4 both gave trouble causing some delays in the 100 target event.

However the boys did a terrific job of innovative mechanical repair work and ultimately got them both working again in time for the next day. Many thanks to Kevin Thomas (great ideas Kev!), Rodney King (hope your hand is OK Rod), visitor Wayne Green (glad you know your way around Matarelli traps Wayne!) and club Vice-President Dave Searl (not bad for a busted arse skeet shooter Dave!). George Hennessy did a great job in ensuring the traps remained full and were working properly.

The Calcutta dinner was held on Saturday night under the stars out in front of the clubhouse. Clubhouse director Kim Hamilton did a tremendous job of catering for the mob with a selection of roasts, vegetables plus sweets to follow. Former club president Ted Easton and John Williams did the honours as auctioneers again. Despite not having been a club member for many years, Ted has helped out in this capacity for as long as I can remember and his assistance is gratefully acknowledged. All had a good night and the less said the better about the quantities of red wine and the impromptu fireworks!

The final day, Sunday, started again with 10 points score sponsored by local contractors and long time sponsors of the club T&M Concreters. Due to concerns about whether the traps would see the day out this event was shot cash divide, a change from our usual practice and one that we hope we don't have to do again. In the end the traps lasted the distance but given people's travel arrangements we didn't want to take a chance. The next event was a 25 single barrel sponsored by local sports store and long time sponsors of the club, Fishing and Outdoor World. Overall and A grade winner was local Greg Bateson with 32/32 after a shoot off with his best mate David Searl.

The final event was the prestigious 50 target graded handicap sponsored by Shenanigans Irish Pub. Graded handicap means that C grade shoot off 15 m, B off 16, A off 17 and AA off 18m. Surprisingly no possibles were recorded. Local junior Tom Hamilton shot the only 49 to become overall winner and he also picked up the Calcutta money. Well done Tom but I understand that were some debts to be paid at home!

I can't thank the club committee enough for their support over two tough weekends. Vince Mollica Snr flew all the way from Melbourne to act as Chief Range Officer during the Australia Cup on the previous weekend as well as Shoot Marshall for our annual shoot - many thanks Vince, you did a top job. Dave Howe and Tom Hamilton ran the office exceptionally well - never an easy job. Rod King hopped in and did the handicap cards in between fixing traps. Kim Hamilton did a terrific job of catering with the assistance of Lionel Wylie and Joanna Winslade. Vince Mollica Jnr and Snr had organised a proper coffee machine for the bar and Kim soon became a dab hand at preparing really good coffee. The early morning heart starters for the workers were particularly appreciated! Linda O'Grady stepped in and sold the Calcutta tickets. Vice President Dave Searl not only looked after the Calcutta auction money but also helped everywhere and in everything - a great effort thanks Dave! A big thanks to all our sponsors without whose support the Club would not survive. Thanks to all those who helped out in one way or the other during the weekend and finally a big thank you to all the visitors who made the event such a success.

R E Fox

VCTA STATE TRAP CARNIVAL

To enable the Victorian State Trap Carnival to run efficiently pre-nominations will apply for 2007. A discount of \$10.00 will be given per event to all pre-nomination entries.

Please note that squadding will still take place on the day of competition. Competitors nominating on the day may find themselves shooting late in the day and left without the choice of selective squadding.

NOMINATIONS WILL BE REFUNDED TO ANY SHOOTER WHO CANNOT ATTEND.
An office / handling fee of \$5 will be deducted.

VICTORIAN NORTH WEST ZONE SCHOOL STUDENTS' CHAMPIONSHIPS

Location just off the Western Highway, 32 km north-west of Ararat, 235 km north-west of Melbourne

Callawadda-Stawell Gun Club was the venue for this year's North West Zone School Students Clay Target Championship. The event, sponsored by the Zone and Winchester, attracted 124 competitors from twenty secondary schools and colleges.

James Peatling

Conditions for the day, although cool, gave students every chance to post good scores. The slight breeze didn't seem to concern the enthusiastic throng of students.

Proceedings got underway at just on 10am. Zone President John McVitty made reference to the safety record of school persons' shoots and wished competitors good luck.

The grounds were impeccably manicured and all three traps were functioning well. Callawadda-Stawell members had been given tasks and worked well ensuring no time was lost. Zone delegates, a number of club presidents, teachers and parents were on hand to assist with the refereeing and scoring.

After the first 10 targets six shooters had posted 'red ink'. Two of these were Kate Mulvenney [Stawell] and Megan Wallis [Kaniva].

After the second bracket of 10 targets James Peatling [Cohuna] was the only student on 20/20 and thus earned the "Overall" sash.

Peter Mitchell [Warracknabeal] took out the Senior Boys with 19/20. Six boys shot off for 2nd and 3rd places. After fifteen targets Rhys Hendrickson [Highview] earned second and Des Martin [Stawell] third.

Kate Mulvenney shot 19/20 to claim the Senior Girls title in front of Megan Wallis [18/20] and Jessica Mayberry [Goroke] who won a lengthy shoot off.

In the Junior Boys Warracknabeal's Nick Arbuckle claimed first after shooting ten targets in the shoot off. Liam Schwarz [Nhill] placed second and Darren Ash [Swan Hill] gained third.

In the Junior Girls Erin Mitchell [Castlemaine] was a clear winner with 13/20. Lauren Tink and Kimberlee Howe [both from Kaniva]

Winning team Warracknabeal L-R Trent Orval, Jarrod Brown, Peter Mitchell, Morgan Erhardt

took second and third places respectively following the shoot off.

Warracknabeal Secondary College team tied with Stawell Secondary College in the Teams section but proved to be too strong in the shoot off.

Winchester representative Anthony Post presented the sash and the medallions to the winners and place getters.

The Zone thanks the Callawadda-Stawell club members for their help in running the event and the efficient way they catered for the many hungry growing boys.

VICTORIAN NORTH EAST ZONE SCHOOL STUDENTS' CHAMPIONSHIPS

**Location on the Murray River which forms the border
between Victoria and New South Wales**

Jack Collicoat OA

Echuca Clay Target Club was, on Thursday the 9th of August 2007, host for the Victorian North East Zone school student's championships, which proved to be popular once again, with 28 schools, and a very pleasing total of 158 students participating. The weather was coolish with an at times fairly brisk North West breeze which was moving the targets around and making high scores just a little bit more difficult to achieve, taking into consideration this is a single barrel event, also luckily, no rain fell, and with six trap layouts in use the

shoot ran very smoothly, with a finish time including presentations before 3pm.

VICTORIAN SOUTH EAST ZONE SCHOOL STUDENTS' CHAMPIONSHIPS

Frankston Australian Clay Target Club

On Thursday 2nd August at this very well presented venue, located at Carrum Downs 148 students competed. The number was down on last years record number of 179. Students came from 27 schools and submitted 27 teams.

Overall winner Robert Elder and brother Edward Junior Boys 2nd

Senior Boys L~R James Heyblom 2nd Lachlan McMahon 1st
Nathan Kotlarewski 3rd

Winning Team Gippland #4 L Crawford L McMahon B Marshall C Boyle

The weather looked to be against us as it had been for the past few years luckily it held off until the end when the shoot off squads just caught a few drops. The wind did make its presence felt all day.

This is a big event and it takes many helping hands to make it flow smoothly. Thanks to all who helped this year and there were many, teachers, parents and shooters from local clubs and from throughout the Zone.

The first ten target round of the twenty target Single Barrel event saw only one ten and this was recorded by junior Paul Jeffrey, with five of the remainder of the field shooting nine's.

There were three ten's in the second round Nathan Kolaeski, Robert Elder and Lachlan McMahon all of whom were to figure in the placings. Robert and Lachlan posted nineteen's and shot off for Overall with Robert the winner. Nathan ended with a seventeen and shot off with James Heyblom with James winning the shoot off after two rounds of the best of five shoot off targets and taking second in the Senior Boys, Nathan was third.

The next shoot off was for third in the Senior Girls, between Gracie Cartwright and Michelle Parks with Michelle the victor. The final contest was for second and third in Junior Girls between Georgie Tiler and Megan Boast with Georgie the winner.

Meagan Boast 3rd

Senior Girls L~R Michelle Parks 3rd Laetisha Scanlan 1st Kim Speechley 2nd

NORTH EAST ZONE SCHOOL STUDENTS

Continued from page 55

Overall Winner for the 20 target event was a Deniliquin High School student, Jack Collicoat, shooting brilliantly, dropping only one target to score a winning 19/20, the Senior Boys three places included two more Deniliquin High School students, 1st Alex Everitt (Deni) 18/20 plus 5/5, 2nd Nathan Harris (Weeroona College) 18/20 plus 3/5, 3rd Jason Allitt (Deni) 16/20 plus 10/10.

Senior Girl. 1st Louise Cail (Rochester Secondary College) 15/20, 2nd April Thompson (Echuca College) 14/20 plus 5/5, 3rd Megan Grassi (Galen College) 14/20 plus 4/5 in the shoot off.

Junior Boy. 1st Ricky Shelly (Goulburn Valley Grammar School) 15/20 plus 4/5, 2nd Blake Norris (Deniliquin High School) 15/20 plus 3/5, 3rd Rhys Eeles (Rochester Secondary College) 14/20 plus 3/5.

Junior Girl. 1st Olivia Comelli (Kyabram Secondary College) 12/20, 2nd Kayla Grassi (Galen College) 6/20, and 3rd place another Echuca College student Amanda Carrington, 5/20.

The winning Team to represent the North East Zone was once again a Deniliquin success story, with Jack Collicoat, Justin Barker, Alex Everitt and Jason Allitt, all Deniliquin High School students with a winning score of 66/80.

These scores on a windy day are fairly impressive, considering some of the students have done very little actual clay target shooting in competition.

Thanks must be given to the Schools and students for participating, and to Winchester Australia, represented on the day by Anthony Post, for their partial sponsorship, and to the numerous teachers, parents, and committee members who helped to run this popular shooting competition. Certainly, thanks, to the students for their excellent behaviour proving themselves worthy ambassadors for their schools.

Murray Roberts

SOUTH EAST ZONE SCHOOL STUDENTS

Continued from page 56

During the presentations Zone President John Mollica thanked the Frankston Australian Club and its Committee for the use of the venue and for their very generous support to junior development in donating the targets for the whole event. John also thanked Anthony Post and his Company Olin Winchester for its promotion of junior shooting and enabling the series to be continued each year.

Overall Winner Robert Elder 23/25 Billanook College

Senior Boys 1st Lachlan McMahon 22/25 Gippland Grammar

2nd James Heyblom 25/30 Padua Sec, College

3rd Nathan Kotlarewski 23/30 St Monicas College

EXPRESSIONS OF INTEREST ARE INVITED FOR ATTENDANCE AT COACHING CLINICS BY LEO HARRISON III ONE OF THE GREATEST TRAP SHOOTERS OF ALL TIME

The ACTA is in early discussion with the USA's Leo Harrison III about his possibly attending the 2008 National Trap Championship and about he & Bill Iles providing Trap Coaching Clinics for our members in the 1.5 - 2 weeks ahead of the Trap Nationals in March.

Attendance at such Clinics will be strictly limited and on Leo's and Bill's behalf, the ACTA are inviting immediate Expressions of Interest from our members who would be interested to participate in one of Leo's Coaching Clinics.

The cost of each place will be approx. \$AU300.00 per day and the primary location will be the National Grounds in Wagga Wagga, however subject to Leo's final travel timing and availability, and subject to the level of interest from participants, it MAY (potentially) be possible for one of these Coaching Clinic Days to be available in Sydney and/or Melbourne.

This is YOUR chance to obtain direct access to the skills and techniques of one of the greatest Trap Shooters that has ever lived and this is not just for our elite competitors. If you are a B or C grader this may be your one and only opportunity to access such expertise and I urge all of our Trap Shooting members to consider this opportunity.

Leo achieved his first "Grand Slam" of 200/200 common mark, 100/100 Handicap from 27 yards, and 100/100 doubles in July of 1979 and at the time of his induction into the ATA Hall of fame in 1997 he had achieved 200/200 from common mark (single barrel in the USA) on 157 occasions, 100/100 Handicap (SB) from 27yards on 14 occasions, and 100/100 Double Rise on 92 occasions.

In the last 10 years Leo has achieved all of those feats on numerous other occasions and he has been offering his Trap Shooting Clinics for several years in the USA to all trapshooting enthusiasts who want to improve their skills.

Since he started trap shooting at 10 years of age, Leo has won more than 35 different state titles, 110 Grand American trophies and was named 26 consecutive times in the All-American team.

One of his best achievements came in 1990 at the Grand American championships in Vandalia, Ohio, when he set the High- Over-All (HOA) record by breaking 991/1000 when he scored 400/400 common mark single barrel, 394/400 in handicap (SB) off the 27 yard line, and 197/200 double rise.

Please mail, fax or email a copy of this page back to the ACTA National Office advising the following and we will contact you in due course to advise final details of the locations times and content of the Australian Courses. At that time you will need to provide a 50% deposit to secure your place. Expressions of Interest will be logged as to time and date received and will be prioritized on a 1st come/1st served basis.

Regards Geoff Kidd

Jack Wins Continental at Mathoura

A 10 target, followed by a 25 target, Continental Double Barrel, was the first two events on Friday night, the 24th of August at Mathoura Gun Club. A reasonably difficult discipline in daylight, definitely harder under lights, and especially so when the slight breeze was pushing the low targets lower than normal. The final event was a 15 target Single Barrel, and although that is a tough discipline in the night, all shooters were sure it was easier than the first two events.

Jack Collicot Overall and A

Leigh Knight (Bendigo) and Jack Collicot (Deniliquin) were the only two shooters able to shoot all ten targets in event one, sharing the cash dividend. Event two, the 25 target Continental, and two Deniliquin members were the top scorers, Jack Collicot and Bruce Cook, both dropping one target to end on a 24/25, and after a six target shoot off, junior shooter, Jack, held his ground, collecting the Overall Sash and A grade trophy with an excellent 30/31 score, Bruce picking up AA grade 1st with his 29/31, and Mathoura shooter Roger Kerslake collecting B grade 1st on a 21/25 score, there were no entries of C grade shooters on the night.

The last event belonged to Leigh Knight, dropping just one target to collect first place with his 14/15 score, Euroa shooter Laurie Fitzpatrick won 2nd place with a 12/15 score, and Bruce Cook, this time surviving a six target shoot off with Jack Collicot, picking up 3rd place with a score of 17/21. All shooting and the presentations on this quite mild night were over by the early time of 10.00pm.

Murray Roberts

Double, Doubles & Double at Bendigo

**Location in the exact geographic centre of Victoria,
only 90 minutes from Melbourne**

Saturday 21/7/07 Bendigo Clay Target Club 36 shooters including travellers from Echuca and Maryborough decided to ignore the cold conditions and shoot the monthly DTL program.

First event 20 pair Double Rise with a small trap issue the pairs where challenging to say the least and the winning score of 37/40 by Jamie Elliott was excellent shooting in cold and trying conditions.

The fun continued for 20 pair Deauville Doubles with Nathan Cassells and Tony Karakizos combining to show all a clean pair of barrels with 20/20 again great shooting. The final event 25 tgt Double Barrel in fading light 9 possibles lined up for some free ones to end the day and decide the winner. After 20 targets only 3 shooters remained clean and 4 targets later we had a winner - A grade Peter Beaman.

Thanks to Jan and Breanna in the canteen, hot food and drink all day made the cold more bearable and the day more enjoyable.

Thanks to all who attended especially the shooters who travelled.

Peter Beaman OA DB

Dear Your Say

ACTA Handicap Shooting - a Proposal for Improvement

Introduction

I believe that the existing ACTA Handicap System does not work, and needs to be replaced. Rather than just criticise, this letter will provide suggestions on creating a system that does work.

Firstly, let us address the reason for a handicap. Put simply, it is to "equalise the competitors". This is not achieved by handicapping a shooter beyond his ability.

Definitions of Handicap

The following dictionary definitions of handicap are given, sourced from the web.

1) "A race or contest in which advantages or compensations are given to different contestants to equalise the chances of winning". Source: The American Heritage® Dictionary of the English Language, Fourth Edition copyright ©2000.

2) "Advantage given to a competitor to equalise chances of winning".

Source WordNet® 2.0, © 2003 Princeton University

3) "Put at a disadvantage".

Source WordNet® 2.0, © 2003 Princeton University

The following Encyclopaedia definitions also assist:- Handicapping (<http://www.reference.com/browse/wiki/Handicapping>)

"Handicapping, in sport or games, is the practice of assigning advantage through scoring compensation or other advantage given to different contestants to equalise the chances of winning."

"In principle, a more experienced player is disadvantaged in order to make it possible for a less experienced player to participate in the game or sport whilst maintaining fairness".

My own analogy is that if all horses in a race are correctly handicapped, and all perform to their abilities, every horse would cross the finishing line at the one time. It is the extra performance that creates the winner, and it is failure to perform that gives the stragglers.

Discussion

The system to be used for handicapping shooters should therefore be based on equalising the chances of winning. It must therefore be based only on performance from the handicap mark.

The failed ACTA system is based on performance of shooters at the 15 metre Common Mark. It has no relevance to shooting from Handicap marks. It takes no account of the ability of a shooter at another, more distant mark.

When the ACTA made the decision to impose a two metre difference between each grade, two errors were made.

a) this created a large metreage spread, and

b) this minimum was made mandatory, with no provision for inability to perform at that mark. While one can be re-handicapped

backward for outstanding performance, there is no provision for forward movement based on inability to perform at the minimum metreage mark assigned to your grade.

Each of us wants to be competitive, and that is not the case with the present system. There is resentment at a perceived waste of nomination money, and wasted ammunition.

Proposed Solution

I want to address the solution in two parts, firstly to describe a better system, and secondly on how to deal with the transition from the existing system.

New System

1) If we were introducing Handicap for the first time, and no competitor had an existing Handicap mark, I would suggest initially (and once only) assign shooters to the following metreage marks, based on their Common Mark performance:-

11 m "C" Grade

16 m "B" Grade (or has shot 50/50 from 15 metres Common Mark)

17 m "A" Grade

18 m "AA" Grade (or has shot 25/25 from 18 metres)

No minimum metreage should apply after this initial Handicap assignment, with forward and backward movement being defined solely by performance at the Handicap mark.

2) Re-handicap shooters after 100 targets (qualifying event minimum of 25 targets).

3) Forward movement

After two consecutive groups of 100 targets, where the shooter has not shot 25/25 or 49/50 in any qualifying event,

Handicap percentage is less than 90% 1.0 metre forward

Maximum forward movement in one calendar year of 1.0 metre.

4) Backward Movement

No backward movement will be applied where the shooter has not shot 25/25 or 49/50 from his Handicap mark, other than:-

a) Where a shooter shoots 50/50 from 15 metres, his handicap is to be a minimum of 16 metres

b) Where a shooter shoots 25/25 from 18 metres, his handicap is to be a minimum of 18 metres.

Backward movement will apply:

where the shooter has shot 25/25 or 49/50 1/2 metre and also (irrespective of score) where

i) Prize Money won exceeds \$100 to: 1/2 metre

ii) Prize Money won exceeds \$200 to: 1.0 metres

iii) Prize Money won exceeds \$500 to: 1.5 metres

iv) Prize Money won exceeds \$1,000 to: 2.0 metres

Prize money is defined as 100% for cash, and 85% of Recommended Retail for goods.

The shooter's card is to be ruled off at any handicap change, and the 200 targets will then restart.

5) Minimum Metreage Mark 11 metres

6) Maximum Metreage Mark 25 metres

Transition from Existing ACTA Handicap System

As each shooter has an existing ACTA Handicap Mark, there would need to be a transition to the new system.

Any earned metreage above the minimum applied under the existing handicapping formula will remain (ie A grade shooter, with earned metreage of 20, would remain at 20 metres).

Each shooter must apply to be re-handicapped by the Club Secretary / Handicapper. Any shooter not applying for re-handicap accepts his current Handicap mark.

Continued on page 63

It's Your Call

No. 22

By
Bill McCarthy

You are the referee of a squad in a double barrel event in which a shooter has had three malfunctions. You have warned him that any further malfunctions will result in the loss of targets in each instance. You also correctly advise him that he has 5 minutes to get a new gun or cartridges or that he may be resquadded. If it was a shoot off you would have advised him that he had 10 minutes to replace the gun or cartridges.

YOUR SAY

Continued from page 62

The shooter must be able to justify his claim based on his Handicap card(s).

Based on the shooter's ACTA Handicap card(s), the Handicapper would:-

- a) Reassign the shooter to the mark in 1) above, where the shooter has not shot 25/25 or 49/50 from any metreage mark.
- b) Where the shooter has shot 25/25 or 49/50 from a handicap mark, apply the formula in 4) above to that mark.
- c) Any new Handicap would then be reported to the ACTA on the standard Handicap Return.

Conclusion

A shooter's metreage mark should be defined by performance at that metreage mark and not, after initial handicap assignment, by their ACTA Common Mark Grade.

I estimate that within two years ACTA shooters will find their true metreage marks, based on performance at the mark.

Shooters who perform well, who are able to shoot 25/25 or 49/50 in qualifying and more in any shoot off, have proven their ability, will be re-handicapped accordingly. Conversely, shooters who are unable to perform to a minimum of 90% over 200 targets will be re-handicapped forward one metre per calendar year, allowing them to shoot from a more forgiving handicap mark. This is both fair and equitable, which is the objective of a true handicap system.

Shooters who are able to perform at 25 metres are to be admired and praised, and it should be the aim of all of us to reach that mark. These shooters are true champions, and the rest of us have lesser handicap marks to compensate!

Regards,
Adrian Lloyd
Mobile 0415 914 706
Home 02 9520 6765; Work 02 9088 9250

The shooter decides that he will remain and take his chances and after a while he fires at a target and breaks it with his first barrel. He then tries to fire at a target piece and has a malfunction, his fourth. After some difficulty he manages to get his gun working again and the squad has been held up for a couple of minutes. What do you rule?

IT'S YOUR CALL

If you rule "one" you would be correct.

Clearly, the shooter has broken the target. The malfunction (his fourth) although annoying, happened after he had broken the target and he is entitle to claim that target. Naturally, had he missed the target with this first barrel and had the malfunction on his second barrel then the target would have been lost.

Although Rule 1.10(f) is specific it does not operate to include a malfunction where a target has been broken. For instance, if a shooter hits say 10 targets straight with his first barrel and each time he fires at a piece and has a malfunction on the second barrel, none of those malfunctions are counted. It is only meant to operate where his malfunction precludes him from breaking the target and of course only after he has had three malfunctions.

2-DAY FIELD SHOOT AT CESSNOCK

Location 151 kilometres north of Sydney

Cessnock Clay Target Club held its first ever 2-Day Field Shoot of the 14th & 15th of July. This field shoot was split into 2 days with prizes for both days & sashes for the Overall grade winners for those who competed on both days. On the Saturday we had a roll up of 66 shooters who

Amanda Condran

were the first competitors to shoot the new 50 target layout spread across two 25 target courses at Cessnock. This new layout enabled the competitors to shoot 50 of there 100 targets in one visit to the layout and incorporated a lot of new stations that had not previously been shot at Cessnock. With the traditional Rabbit target and the exotic Battue target plus great variations of standard targets as well as incorporating the natural terrain this created a new and challenging course. With great weather conditions that lasted the whole day, only the temperature could have been a few degrees higher, the shooting started at 9.45am and all

groups were finished by around 3.30pm. A lot of groups finished the layout quickly by not taking a lunch break.

After Saturdays 100 targets Gary Sweeney scored 96/100 to take the honours for Saturday. In double AA grade Josh Sweeney took 1st place with 94/100, Greg Condran 2nd with 92 and Tom Turner 3rd with 91/100. A grade was won by Kevin Raymond with 95/100, A Bower 2nd with 88/100 and Neil Newberry with 87/100. B grade saw Peter Polie first with 97/112 after a shoot off with Sam Sweeney 2nd

Andrew Garvie

OA HG Gary Sweeney

Narrabri Open Shoot

Continued from page 59

Overton - Brewarrina 69/70, 2nd Frank Robinson - Central Burnett 60/61. 1st in A Grade went to the old local veteran Brian Holcombe 79/80 and 2nd Wayne Selway - Gunnedah 53/55. B Grade 1st went to local Barry Thompson (off the grass) 59/61, 2nd placegetter Keith Moses - Gunnedah 58/61. C grade won by Steve Green - Gunnedah 48/61 and 2nd Murphy Divine also of Gunnedah 47/61.

Saturday evening we filled in a bit of time with 10 pair Double Rise, which saw 1st Helen Overton - Brewarrina, 2nd John Sleightholme - Tamworth. 2nd event for evening was a 10 pair Deauville Doubles off 18 metres. The pairs were decided by a draw from the hat. Frank Robinson - Central Burnett & local Graham Baylis picked up 1st money from about 10 other pairs.

Sundays 1st event was 30 target Points Score Championship, Overall was D Stevens - Brisbane with 113/114. 1st AA Grade was John Sleightholme - Tamworth 112/114, 2nd was Cliff Overton with 108/111. 1st in A Grade was Peter Adams - Dubbo 87/90 & 2nd local Mike Northy 86/90. 1st B Grade was local Hugh Faris 83/90 and 2nd Steve Goode - Gunnedah on 91/99. 1st C Grade was Steve Green - Gunnedah 80/90 and 2nd J Haynes - Moree 74/90.

The next event was 30 target Handicap, 1st placegetter was Andrew Polock - Cobar with 36/37, 2nd was Peter Fitzalan - Dubbo 35/36, 3rd

place local Graham Baylis 34/35 & 4th J Haynes - Moree with 33/36.

The last event on Sunday was 30 target Double Barrel cash divide off 16 metres. Sharing the money for AA grade was Frank Robinson - Central Burnett, D Stevens - Brisbane & Peter Fitzalan - Dubbo all with 30/30. 1st in A Grade was Robbie Coombes - Gunnedah with 30/30, sharing 2nd was Wayne Selway - Gunnedah & J Owen from Narromine with 29/30. Sharing 1st in B Grade was Noel Edlington - Gunnedah and Andrew Polock - Cobar 29/30. 1st C Grade was Murphy Devine 27/30, 2nd Steve Green 26/30 both from Gunnedah.

High Gun Overall went to Peter Fitzalan 273/280, Pete is always up there wherever he goes, AA Grade went to D Stevens - Brisbane close behind 271/280. A Grade local Mike Northy got the sash 256/280, B Grade went to Cobar shooter Andrew Polock 253/280. C Grade went to Steve Green - Gunnedah 241/280. The Veterans Highgun went to (now old) local High Faris 246/280. Ladies Highgun was won by Helen Overton - Brewarrina 26/280. Junior Highgun went to J Owen from Narromine with a good score of 249/280.

The shoot was well organised and everyone enjoyed themselves and we hope to see you all back next year.

Special thanks goes to Mike Northy who organised Garry Porter on the Barby and Keith Moses and family who cooked a camp oven lunch both volunteers from Gunnedah. Both guys have offered to cook again next year.

Also special thanks goes to new Secretary Cath Leys who was assisted by Trevor Atkinson.

Peter Davis

Jnr HG Ben Hayes

HG Kevin Raymond

B HG Sam Sweeny

with 96/112 and R.Dolphin 3rd with 80/100.C grade was won by Craig Main with 75/100, John Douglas 2nd with 71/100 and Peter Davis 3rd with 70/100.Bob Elison won the Veterans with 77/100, Amanda Condron took out the ladies with 79/100 and the juniors was Alex Sanderman with 52/100.

Saturday night saw the Ladies Auxiliary put on a great meal for those who braved the cold and live entertainment from The Singing Chef to round out a great day.

On Sunday the Gary Hopkins Memorial was held in again great, if not cool, conditions. With 77 competitors shooting started on a slightly modified layout at around 9.30am with all competitors keen to get their 100 targets done and get back to the clubhouse and out of the cold light breeze. Once again some exceptional shooting saw the need for shoot off's for the overall winner and the winner in B grade. Andrew Garvie, Gary Sweeny and Frank Searles went head to head in a tense shoot off with Frank falling to the way side on target 11.Gary and Andrew the went on for another 20 targets with Andrew the eventual Overall winner with 126/132.AA grade was Gary Sweeny 1st with 125/132 and Frank Searles 2nd with 105/112 and Dean Delaney 3rd with 94/100.A grade saw Sam Sweeny 1st with 92/100, Don Harris 2nd with 90/100 and Alan Bauer 3rd with

88/100.B grade saw Guy Munro 1st after a shoot off with 96/111, 2nd Mick Daniel 93/111 and 3rd Rod Ward with 84/100.C grade saw Man Ying Poon 1st with 84/100, 2nd was Dick Chapman with 75/100 and 3rd was Garth Farley with 74/100.Vetrans was 1st Bob Clifton with 85/100, 2nd was Kev Moxey with 70/100 and 3rd was Nello Korlevic with 64/100.Juniors was 1st Ben Hayes with 74/100, 2nd was Simon Wright with 70/100.Ladies was won by Amanda Condron with 75/100.

After this the Overall results for the weekend were tallied and the outcome was Gary Sweeny O/A 191/200.AA grade Andrew Garvie with 186/200.A grade Kevin Raymond with 187/200.B grade Sam Sweeny with 178/200.C grade P Davis with 142/200.Ladies Amanda Condron with 154/200.Veterans Bill Williams with 150/200 and Junior Ben Hayes with 74/200. Also of note were 9 shooters that shot 25 targets without a miss. Congratulations to Gary Sweeny with 3, Andrew Garvie with 2, Tom Turner, Dean Delaney, Frank Searles, Mat Buys, Paul O'Neill, Greg Condron and Sam Sweeny.

Cessnock Clay Target Club would like to thank its sponsors AUSPIT, Peter O'Neill Jewellery, BJ's Shoe Repair & Engraving. Remember practice is every Tuesday from 3pm and everyone is welcome to come along and see just what Clay Target Shooting is all about.

Riverina Ramblings

**The adventures of a couple
of ordinary blokes in the
Eastern Riverina**

Ex El Presidento is still seething over the Coup De Et carried out by the Green Elf at the mighty Callawadda Club, but he has settled into our Riverina DTL circus like he was born and bred. He has been sneaking a few grade wins around the place which is more than can be said for the Pee Wee who, given the amount of concret-ing he has been doing, appears distracted, tired and possibly emotional. El Presidento felt he wasn't getting enough sleep but I know better; after using the Mighty 682 I think it is typical of someone suffering a severe case of equipment envy. That said, I snuck around the other day and wrestled the Beretta spray jacket out of his campaign bag as he is simply not worthy, particularly in light of his current form slump.

The Illustrious one has also been at loose end cartridge wise since the demise of our black crackers and has been using the B&P's or the Star Teams in both barrels. He has finally decided after about six months that the super shells from Italy/Spain probably don't actually help in a gun choked a tight ? and full. I gave him a few boxes of the Keman 8's which I have been using and of which he has been scathing of as they aren't going 1450 fps, so it is with begrudging admission the other day after some practice rounds at Albury (a mere 150 target warm up for Pee Wee) that he mumbles "Jeez' those little Pink Crackers go alright don't they, just smoked those White flyers". "Spare me, Lord" is the only utterance I came up with.

Talking about smashing clays I had a shot out of Pee Wee's gun at Albury to try out the new \$500.00 cheek piece and I have to admit that the "Lady" puts you in touch with your emotional self, mainly the bit that worries. The first thing that crosses the mind of course is the good which could be done in Africa if I could convince him to sell it and buy a more reasonable firearm, something like a high grade S05 for instance. The second thing that crosses one's mind is the concern that if you have a flinch, this gun will expose it as you can never be sure if it will actually fire when you pull the trigger.

Anyway, I must have had it on a good day as there is not much more than dust if you point it straight and of course it has very fast "lock time". This I must admit, is a concept beyond me and I will have to get Ian McGeogh to explain it sometime so that I will be able to follow Pee Wee and the The Green Elf during one of their technical love ins' when they get to fall in LoooVe all over again. It's pretty pathetic actually.

Stop press: Following the disaster that befell the Illustrious one over at the Griffith Trench Shoot and no that wasn't the broken V spring, but the scores shot, the Pee Wee has decided to bin Trench and concentrate on the DTL discipline. As such the "Ladies" barrels have been sent off to a "secret" location to be opened up a little. It would be in the finest of traditions if I did little more than smile benignly and say to myself quietly and privately that, "I told you to do this a hundred times".

El Presidento (in waiting) felt it was a private thing, between a man and his gun and that it would be in "bad form" to discuss it publicly. But alas; the reality is different; I can't find that much charity in my sole, I will now get to bag him mercilessly, for months. Pink Crackers and a half choke indeed after all the swaggering bravado about (said in a deep manly voice) "I like to know when I shoot 'em, ha ha".

State Skeet titles this week (end) at Wagga. It should be an unmitigated disaster for my fellow DTL cohorts who decide to have a lash and I can't wait for the excuses this weekend. I only know two or three serious Skeet shooters. Dennis Savage has worked himself into a lather worrying about the 410 event, I also have it on good authority David Coleman has been unbearable at work getting psyched up and that defending champion MKD has had a (minor) mental breakdown from the pressure of defending his title. It's a funny thing; I didn't reckon MKD was that old. Yep this should be a good day out

*Cheers
Keep knock'n chips off 'em
Chris Levitzke - Henty*

MEMBERSHIP GROWTH AND SERVICES

ACTA SUB-COMMITTEE

At the recent meeting of the ACTA Executive, it was proposed by the Promotion and Development sub-committee to change its focus and name to better reflect the important issues of membership Growth and Services and registered shooters. The sub-committee will now be called the Membership Growth and Services, chaired by Allan Kenny.

If clubs are finding it hard to recruit or retain members, we would encourage them to contact our committee. If members believe that there are services that we could investigate again please contact us. Likewise if there are sponsors or other businesses that would like to offer services or products for ACTA members please contact us.

The Membership Growth and Services Team consist of Chairperson Allan Kenny 0362750656, 0438371183, akenny1@vtown.com.au, and committee members George Pinner, Allan Vilcins, and Rob Andrews.

SERVICES ANNOUNCEMENT

Redbanks Fish and Field

Owner and ACTA member Lindsay White has offered a personalised service for ACTA members who visit his Fish and Field organisation situated 45 minutes from Hobart at Nugent.

Redbanks provides trout fishing, archery, rifle, aqua golf, clay target and of course the best pheasant hunting in Australia.

Redbanks contact phone number (03)6257 5162, 0428 140 177

RULE CHANGES

APPLICABLE 1st JANUARY 2008

- 1) Rule 2.01(a) amended by deleting the words "Mackintosh events" from the note.
- 2) Rule 2.01(h) amended by deleting the words "one (1)" from the third sentence.
- 3) Change the current grading system by the implementation of a running percentage, calculated after each 200 targets.

Add to end of Rules 2.01(h).

Process of percentage calculation

- (i) Once 200 or more targets have been shot at and recorded, the percentage shall be calculated

This shall be known as the 200 target percentage. (example $215 / 225 = 95.6\%$)

- (ii) This 200 target percentage figure shall be recorded in the percentage column above the ruled off line.

- (iii) This 200 target percentage shall be added to the previously recorded grading percentage and halved

This shall determine and be known as the grading percentage. This is the percentage that shall be used for determining the shooters grade. (example previous grading % 97.2 - 200 target % 96.5 - $(97.2 + 95.6)$ divided by 2 = new grading % 96.4).

- (iv) This grading percentage shall be recorded in the percentage column below the ruled off line.

- 4) ACTA will adopt the NSSA rules (Procedures and Field/Trap Settings) in their entirety to conform to other skeet shooting nations.

This requires the deletion of the last two sentences of Rule 1.25(g) starting "However" and ending with "house."

- 5) Recommendation to implement from now to change the wording in first sentence of Rule 1.02(j) to read: All competitors shall change lanes as per event conditions (eg Single or multiple targets per lane)
- 6) That Rule 4.11 is amended immediately to read: Automatic traps are strongly recommended for all disciplines.

NATIONWIDE TRAP SWEEPSTAKES

Event - 50 Targets Points Score off 15 metres

1. Entry fee \$10.00 including administration fee.
2. Multiple entry, enter as many times as you wish.
3. The sweep is graded AA, A, B, C and is based on the shooter's grading in the ACTA database (Unless verifiable evidence of a grade change is provided).
The sweep prize pools will depend on the nominations per grade
4. Each sweep will run for 3 calendar months.
5. Clubs will collect and submit entries and forward to the sweep manager signed by the club secretary or president.
6. Entries received after the 15th of the month following each three months of competition will not be accepted.
7. Sweep payments will be posted on the 20th of the month following the end of the three month cycle.
8. A financial audit will be conducted by the Tasmanian Clay Target Association Inc. and reported to the ACTA treasurer.
9. Administration fee will be \$2.00 per entry.
10. First sweep commences 1st October 2007
11. The sweep manager will be the management committee of the Tasmanian Clay Target Association Inc.
12. All enquiries and entries to the:

Sweep Manager
c/o Secretary/Treasurer
Tasmanian Clay Target Association Inc.

Perfect Day for Kempsey Club Shoot

Saturday 18th August

**Location Situated right in the heart of the
Mid North Coast of NSW**

Saturday 18th August was almost a perfect spring day, with a cool tinge creeping in as the day progressed. Ted and Glen Baker had prepared the grounds beautifully and it was rather special standing in front of the trap house ready to shoot and looking out into a clear sky and on to the mountains in the distance. No one could say they couldn't see the clays when they called for them. The only excuses heard for a miss or two was as usual "human error" and those infernal "straight-aways" that aren't always that straight. Anyway the top shooters in the squads still were quite capable of breaking every target on offer. Shoot offs were inevitable and the handling of pressure being the final test.

The first event was the 25 Target Points Score Cash divide (always a good event to spread out the scores of the shooters for the High Gun). The four squads which were all after a strong start didn't disappoint the spectators. The winners who took home a share of the cash were:

Michael Flanagan the winner of the William Saul Memorial Medal with the Saul Family (Steve Tracy Emily and William)

Steve Wallis High Gun 1st AA Grade

Lesley Langer 1st C Grade

AA Grade: S. Wallis 74/75; M. Flanagan 71/75; B. Humphries 70/75; A Grade: B. Neill 74/75; S. Saul 72/75; B. Ellison 70/85; B Grade: J. Gosling 68/75; S. Kelly 67/75; C. Brenton 67/75; C Grade: M. Burke 67/75; C. Sozou 66/75; R. Duck 64/75.

The second event was the 75 Target Double Barrel 15m William Saul Memorial Shoot. William Saul was a very keen and dedicated original Kempsey Clay Target Club member who shot clays thrown by trap boys squatting behind sheets of tin for protection. As some would say "that was in the good old days!"

Chris Brenton 1st B Grade

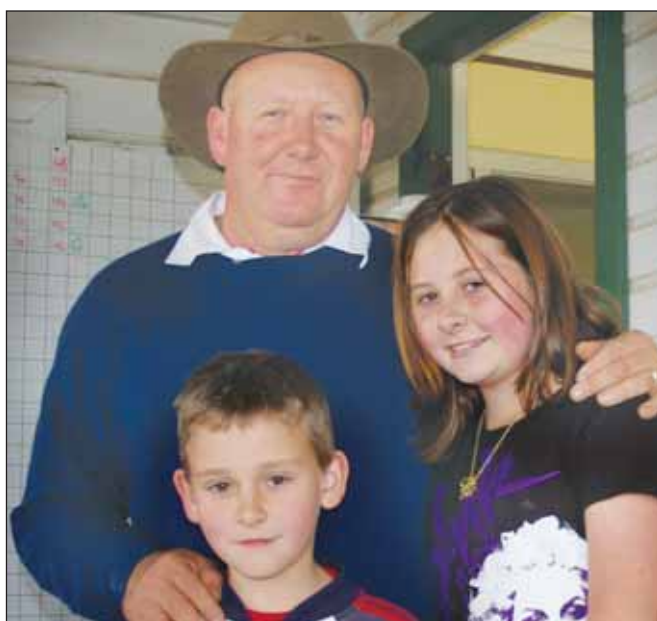

Steve Saul, his wife Tracy, daughter Emily and son William, were the sponsors of their father's shoot, and not surprisingly Steve did end up taking home some of his families sponsorship as he too, like his father is a very fine shooter. Kempsey CTC thanks the Saul family for their continued support and sponsorship and all competitors gave thought to the man who we were remembering at this shoot.

The results were as follows: Overall: M. Flanagan 125/126; AA Grade: 1st - S. Wallis 124/126; 2nd - B. Humphries 72/75; A Grade: 1st S. Saul 95/96; 2nd - B. Ellison 94/96; B Grade: 1st - C. Brenton 82/86; 2nd - D. Piper 81/86; C Grade: 1st - L. Langer 65/75; 2nd - R. Duck 64/75.

High Gun: Steve Wallis 148/150

AA, A and B Grades all had to decide 1st place by a shoot off and the pressure took its toll. Michael Flanagan won the overall in the shoot off for the William Saul Memorial Medal but Steve Wallis secured the High Gun for the day with his combined total of 148/150.

The club scheduled afternoon tea and the ladies (Robyn Baker, Kerry Poiwick and Meg Gosling) prepared a delicious array which was appreciated by all. Jenny and Lesley Baker carried out the recording of results and handing out the cash and what a great job they did. Thank you one and all for helping ensure we had another great day shooting.

Steve Saul 1st A Grade with Emily and William Saul

**Lesley Langer
(Publicity Officer)**

ROCKHAMPTON

Location on the Tropic of Capricorn Qld.

One hundred and nine shooters from all parts of the State travelled to Rockhampton for the Annual Two Day Shoot on the Queens Birthday long weekend in June. The grounds once again were prepared to a high standard by the resident caretaker Les Gordon, who works tirelessly throughout the year for the Club. With perfect Queensland weather and shooting conditions the weekend got off to a fine start.

The generous support from our sponsors saw a great display of trophies and a \$2,000 handicap purse. As every Club would know sponsorship is the key to staging a successful event and special thanks goes to the following sponsors:- Cambridge Hotel Motel, Laceys TJM 4x4 Megastore, Campco's Great Outdoors Centre, Thomas & Coffey, Grange Contracting, Westco Truck Sales, Rural Press Ltd, GAB Robins and Kenna's Chartered Accountants. When in Central Queensland please support our sponsors.

Event one was the 30 Target Lacey's TJM Medley Capricornia Championship and the Overall Winner was Peter Brandt from the Rockhampton Clay Target Club with a score of 74/75.

Other results were as follows: - 1st AA GRADE: - Duncan Ferguson 73/75 2nd AA GRADE: - Leam Bunker 73/75. 1st A GRADE: - Phil Doring 49/50 2nd A GRADE: - Lynne Thompson 48/50. 1st B GRADE: - Brett Kelly 49/50 2nd B GRADE: - Matt Grange 46/50. 1st C GRADE: - Doug Wust 57/75 2nd C GRADE: - Karlene Kelly 54/75.

Event Two was the 30 Target Kenna's Single Barrel Capricornia Championship and the Overall Winner was Jamie McIntyre from the Bundaberg Clay Target Club with a score of 29/30.

Other results were as follows: - 1st AA GRADE: - Garry Wright 39/41 2nd AA GRADE: - Lil Brandt 38/41. 1st A GRADE: - Anthony Nugent 34/36 2nd A GRADE: - Terry Gordon 33/36. 1st B GRADE: - Carl Bennett 28/32 2nd B GRADE: - Max Thomas 29/34. 1st C GRADE: - Noel Senini 25/30 2nd C GRADE: - Steve Vale 24/30.

Event Three was the 30 Target Thomas & Coffey Double Barrel Capricornia Championship and the Overall Winner was Leam Bunker from the Callide Dawson Clay Target Club with a score of 89/89.

Other results were as follows: - 1st AA GRADE: - Bruce Powell 88/89 2nd AA GRADE: - Robbie Caban 49/50. 1st A GRADE: - Anthony Nugent 33/34 2nd A GRADE: - Lynne Thompson 34/35. 1st B GRADE: - Clarke Peardon 32/33 2nd B GRADE: - John Back

Peter Brandt OA Medley & Club President Brian Muirson

31/33. 1st C GRADE: - Wendy Bell 33/36 2nd C GRADE: - Noel Senini 32/36.

Saturday night dinner was provided by the Cambridge Hotel Motel and enjoyed by all. With a few refreshments most shooters had an early night to prepare for the next days shooting.

Event Four was the 30 Target Campco Great Outdoors DB Continental Capricornia Championship and the Overall Winner was Lynne Thompson from the Bundaberg Clay Target Club with a score of 39/39.

Other results were as follows: - 1st AA GRADE: - Ryan Olive 38/39 2nd AA GRADE: - Robert Nugent 33/34. 1st A GRADE: - Lindsay Watts 34/35 2nd A GRADE: - Rob Harms 33/35. 1st B GRADE: - John Back 28/30 2nd B GRADE: - Danny Forster 35/38. 1st C GRADE: - Sean Dolan 27/30 2nd C GRADE: - Wendy Bell 25/30.

Event Five was the 30 Target Grange Contracting Points Score Capricornia Championship and the Overall Winner was Geoff Bryant of the Roma Clay Target Club with a score of 92/93.

Other results were as follows: - 1st AA GRADE: - Grant McPherson 91/93 2nd AA GRADE: - Leam Bunker 88/90. 1st A GRADE: - Paul Barnard 88/90 2nd A GRADE: - Lindsay Watts

Handicap Winners - Robbie Caban, Al Grimshaw, John Rodden, Brian Muirson & Geoff Bryant.

OA HG Robbie Caban

87/90. 1st B GRADE: - Shorty Moore 108/111 2nd B GRADE: - Jason Glover 105/111. 1st C GRADE: - Richard Waugh 85/90 2nd C GRADE: - Noel Senini 78/90.

with a score of 30/31. Second place went to John Rodden 29/31; third place was Brian Muirson 33/35, fourth place Robbie Caban 32/35 and fifth place Al Grimshaw 32/35.

The High Gun winners were:-

Overall High Gun: Robbie Caban 247/260, AA Grade High Gun: Leam Bunker 244/260, A Grade High Gun: Geoff Bryant 242/260, B Grade High Gun: Matt Grange 235/260, C Grade High Gun: Dickie Waugh 217/260, Ladies High Gun: Lil Brandt 233/260, Veteran High Gun: Geoff Bryant 242/260, Junior High Gun: Anthony Nugent 235/260

We would be amiss if we did not mention the efforts of Geoff Beck who put his shooting aside for the weekend and attended to kitchen duties. Geoff and his helpers worked tirelessly to keep smokos and lunches flowing throughout the weekend. Also a big thank you to all who lent a hand on the weekend, your help was very much appreciated.

Last but not least thank you to the travelling shooters, without your support the shoot would not have been the success it was. Be sure to put this event on your agenda next year.

SWAN HILL CLASSIC

Location 338km north of Melbourne

Saturday the 18th of August saw yet another Swan Hill Classic being run at the ever developing and expanding Swan Hill Clay Target Club Inc.

SWAN HILL CLASSIC

Continued from page 71

Up for grabs were sashes and electrical goods to the value of \$3,500.

On a perfect day despite a slight breeze that was not that noticeable in terms of shooter comfort, but did make targets testing at times, 23 shooters competed in this annual event.

This year, as in our May Retravision Championship we made the Classic a 100 target event. The 100 targets were composed of 50 double barrel and 50 points score. In an endeavour to stop pothunters taking everything, as can often happen, we spread the trophies across 7 grades with an overall High Gun as well. This was designed to give ALL shooters the chance to share in the trophies and not to cater for the top shots only. At the end of the day those present were very appreciative of our efforts.

Robert Hosking, a Castlemaine shooter, who has supported our club on many occasions, and been a personal opponent of mine in the past in A grade, but was way better than me or anyone else on the day triumphed to win the Overall High Gun. A very popular result. Robert and Dell like many of our visitors always hop in and referee and score to help the club on the day.

Reg Packer, one of the major sponsors, showing how much he enjoyed the day

The day was sponsored by several local businesses and we were lucky to have Reg Packer of Swan Hill Chemicals present to help in the presentations. Reg is also a shooter and appeared to thoroughly enjoy himself, which should be what it is all about. The other major sponsors were Arthur Graham AMP, Cutri Packaging, The Pickering Transport Group and V.F. Siciliano & Sons.

Another aspect of the day that was good for shooting was that we had three women competing, Katrina who shot the only possible in the double barrel leg of the program, Gloria who is new to shotgun shooting and finds it very enjoyable and Chris (a former secretary of the club) who has not been able to shoot for quite a while made a welcome return.

Also it was good to see that a new member on the day Michael Cunningham, enjoying his birthday, had a draw in the trophies. He left early in search of purchasing a Brittany Spaniel, but will have to come back to receive his trophy!

Enjoying their wedding anniversary was Nola and Allan (Curly) Mills

Bruno Rullo the BBQ King with backup, Garry Nalder on the left and Lindsay Swinnerton on the right

who popped out for a visit. Both absolute stalwarts of the club with a combined service and dedication record of at least 60 years! They are also very deserving Life Members.

Many thanks to the members who helped out at the working bee last week and to those members and visitors who rolled up their sleeves and had a crack on the day. Special thanks to Barbara, Carmel and Bruno for their culinary efforts and it was great to see Garry Nalder back in competition.

Results

Overall High Gun Robert Hosking 194/200, AA 1st Anthony Rullo 186/200, AA 2nd Gary Cowland 183/200, AA 3rd Neil Morrison 174/200, A 1st James Absalom 188/200, A 2nd Garry Nalder 183/200, A 3rd Lindsay Swinnerton 169/200, B 1st Freddie Siciliano 168/200, B 2nd Geoff Manuel 167/200, B 3rd Cameron Ferrier 163/200, C 1st Andrew Cowland 185/200, C 2nd Frank Massara 105/125, C 3rd Michael Cunningham 96/200; Ladies 1st Katrina Siciliano 174/200, 2nd Gloria Cunningham 100/200, 3rd Chris Swinnerton 71/125; Veterans 1st Charles Peach 189/200, 2nd George Goddard 181/200, 3rd Reg Walker 171/200.

Unleash your potential with the next generation...

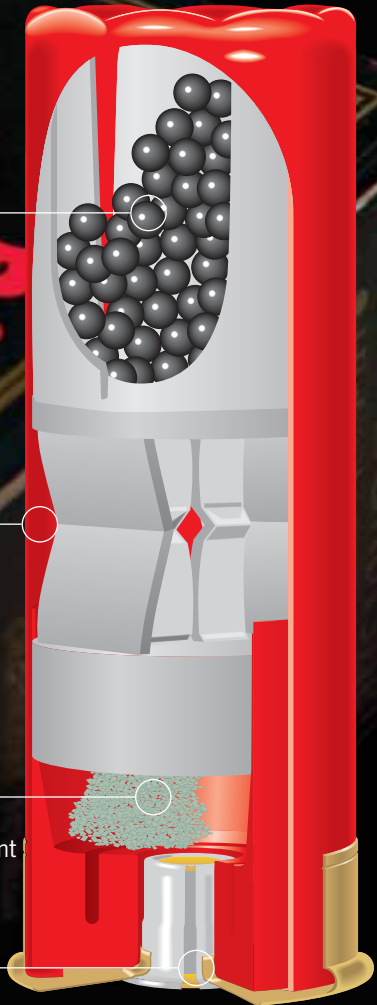

6% Antimony shot for tighter hard hitting patterns -
Standard across the US AA range with the exception of size 9 shot loads

High Strength shell case –
Features smooth side walls for trouble free feeding and ejection as well as being reloadable

Clean burning AA primer and powder -
Combines to give crisp consistent performance shot after shot

User friendly brass base cup -
Easier case head re-sizing for those wishing to reload

Clay target shooting excellence enters a new phase with the arrival of the US range of AA shotshells. It takes a special shell to carry the AA name and few can challenge AA's reputation for consistent high performance in the most competitive shooting arenas here and around the world.

A comprehensive range to suit all levels of shooters from specialist low recoil loads for beginners through to heavy hitting 1 1/8oz sporting loads.

| Name | Shot Wgt. | Velocity(fps) | Shot Sizes | Application |
|-------------------------|--------------|---------------|-------------|----------------------------|
| AA International | 7/8oz/24gr | 1325 | 7 1/2, 9 | ISSF Trap/Skeet |
| AA Low recoil/Low noise | 26gr | 980 | 8 | Junior/Ladies/Training |
| AA Xtra-Lite | 1oz/28gr | 1180 | 7 1/2, 8, 9 | Low recoil trap and skeet |
