National President's Notes

Our National ISSF Championships held at the Brisbane Gun Club in January was a huge success due in no small part to the members and committee of the Brisbane club. Their hospitality to our members and overseas visitors and the help given to our association during the week was overwhelming and a credit to their President Michael Bopf. Congratulations to both Lauren Mark and to Michael Diamond on both achieving PQS scores.

Our association can lay claim to yet another World Champion in Queenslander Damien Birgan having won the 31st World FITASC Championship held at Warrnambool. Damien achieved this outstanding result from a field of 650 competitors from all around the world including 7 times winner George Digweed.

You will see outlined elsewhere in this issue that all National Championships are by pre-nomination ONLY, the association appreciates your co-operation to make your National Championships run more efficiently and harmoniously and bringing your association in line with other national shooting associations.

Executive Officer's Report

The first of the National Championship events, the 2010 National ISSF Championships, were conducted at the Brisbane Gun Club from the 18th – 24th of January. A very strong field contested all events with not only the Championships title on the line but also was part of the Commonwealth Games selection process.

Pre nominating was introduced to all National Events for 2010, we had 187 shooters at Brisbane for the Championships, the International shooting committee will be discussing the number of shooters we can cater for as we are now approaching maximum capacity for these championships.

NATIONAL CHAMPIONSHIPS

ACTA Nationals are now Pre Nomination only

The National executive at its annual meeting in July 2009 passed a motion to have all National Championships conducted under the Pre Nomination format.

The decision will allow the National Office to prepare and conduct the Championships in a professional manner with the appropriate staff and catering services as well as on ground amenities.

Completed Nomination forms including Grade & Section are to be received by the advertised date on the Nomination Form. The nominations must be paid for via the options on the form. Failure to fill in all requirements will result in the nomination form being returned.

Those who have pre-nominated and have a valid reason for not competing will be considered for a refund (conditions apply)

No Nominations will be accepted after the advertised closing date.

The advantage of pre nominating is clear, we are able to determine numbers for shooting and the general running of the shoot and office as well as catering. This will also allow us to have prize money allocated and cheques drawn in advance of the Championship, these prizes would then be advertised on the Website. I would like to thank Michael Bopf and the Brisbane Gun Club members and volunteers for hosting the event. The club house staff provided a great array of food and drinks whilst the grounds & trap staff worked tirelessly to ensure the event ran smoothly. Congratulations to all of the competitors and winners of each of the respective events.

The issue of the ACTA insurance cover has been brought to our attention. As we have now provided a brochure on the cover provided it has raised some questions by members which I will explain. This insurance cover has been the same for a number of years, however this is the first time we have actually sent out details.

Public Liability Insurance is provided to clubs.

Personal Accident insurance is provided to members of the Clubs and ACTA. This insurance has Death & Disability, Loss of Income Student Assistance Benefits, Funeral Benefit and home renovation benefit.

The age for the Personal Accident insurance component of the policy is advertised in the brochure as between 3 – 80 years of age. Following further discussion with the insurer the age is extended to 85 years of age, however the minimum age is still three. Our insurer has tried a number of companies in relation to further extension of the age limits, however has been unsuccessful. Our coverage however is the best available.

The loss of income component is restricted to 16 years – 75 years (work years) again the insurers are not prepared to accept any extension of age groups.

These insurance details I hope clears up the questions being asked. As with most people these days I would encourage all of our members to have personal income protection which is readily available in the insurance market.

There are many challenges ahead as we continue to add "Professionalism" to the organisation and the way we do things. Professionalism does not necessarily mean money moreover the way we do "business". There is a need to look at our overall strategic plan now that we have purchased the National ground. We need to look further into the future to determine where we need to be placed in relation to other sports and other shooting sports. As you can see from the sports market there is seven a side rugby, 20/20 cricket. What is the next big thing on the horizon????

I am not saying drop what we have, however we need to think about how we get more people joining our clubs and shooting our sport. I have provided a request to the Promotions and Development Committee to consider the question as well. This will be discussed by the committee leading into our National Executive meeting in June. If you have any suggestions you could contact Rob Fox, Chair of the committee through the National office.

Kempsey Clay Target Club

Sash winners – Peter Brenton 1st C Grade, Ken McWhirter 1st B Grade, Overall Paul Deland, John Webster 1st A Grade and Kerry Miller 1st AA Grade with Sponsors Rosie & Dennis Pearson

IT WAS A LOVELY DAY in October '09 to start the Dennis Pearson sponsored program. It was fine and sunny and we began shooting at 10am with 34 competitors ready to take home a share of the prizes. Not all managed to do this, but those who did were very pleased to do so. Dennis is always a great supporter of clay target shooting and Kempsey appreciates his ongoing patronage.

We went out for the first event, the 25 Target Double Barrel Cash Divide. This was a hotly contested start to the program and if you weren't on your game straight off then there was nothing to do but watch the winners grin. A lot did, and I arrived late unfortunately so I had to sit back and watch, knowing I was "behind the eight ball" all day. No chance of High Gun and no chance of overall, however, that's pretty typical of a weekends shooting when you're still on an upward learning curve. I knew there was every chance that I would have to sit and watch as the top shooters fought out the placing in each grade. The results were AA Grade K Miller 25/25, B Jones 22/25, H MacInnes 21/25, A Grade J Griffiths, P Deland 24/25, J Webster 23/25, B Grade J Burke 25/25, B Ellison, S Hooper 24/25, C Grade P Brenton 22/25, M Carter 21/25, M Burke 20/25.

Our main event of the day was the second event. It was the 85 Mixed Targets Championship - Sponsored by Denis Pearson (25t Double Barrel 15m; 25t Single Barrel 15m; 25t Point Score 15m; 10 Pr. Double Rise 15m). Paul Deland in A Grade was outstanding all day and deserved the Overall, however, anyone in the four grades could have easily have taken out the top honors' with just a couple of targets either way. This was not to be and the only shoot offs were in B Grade with Ken McWhirter beating Bill Neill by a few points. The final results were

Overall Paul Deland 131/145, AA Grade 1st K Miller 125/145, 2nd D Pasfield 124/145, A Grade 1st J Webster 126/145, 2nd J Griffiths 118/145, B Grade 1st K McWhirter 137/157, 2nd B Neill 134/157, C Grade 1st P Brenton 117/145, 2nd M Burke 108/145. High Gun Paul Deland 155/170.

It was a great day shooting and a big thank you goes out to Ted Baker

for all his work preparing the grounds and his supportive committee who help set up, along with our wonderful catering team, Kerry Powick, Robyn Baker and Meg Gosling. Thanks ladies and gents for all your efforts. Also to our dedicated scorers, Lesley and Jenny Baker, they didn't seem to stop all day keeping the shooters on track. Great job team and thanks again to Denis and Rosie Pearson for their ongoing sponsorship.

Lesley Langer (Publicity Officer)

West Wyalong Clay Target Club

There was hardly a flinch when the first shot was fired to begin the 100 Target Hangover Trench Shoot hosted by the West Wyalong Clay Target Club on Boxing Day.

Although it rained quite heavily during the day no one was complaining and all the talk amongst the shooters was about how much rain they had measured and how much more was needed.

Whether it was the weather or whether shooters who normally attend wanted to be at home with their families only three squads of shooters managed to make the trip to West Wyalong.

After the first 25 targets, Matty Patmore looked hot with 23/25 and Michael Kruger-Davis was one target further back with 22/25.

When the scoreboard was checked after 50 targets, Matty Patmore had moved further ahead with another 23/25 and Clive Foster moved into contention with 21/25.

At the end of a long but enjoyable day of shooting, Matty Patmore had maintained his form and was the clear overall winner with 88/100.

Clive Foster won A Grade 82/100 while J Zammitt won B Grade 76/100 and K Longmire was the C Grade winner with his 72/100.

Psychological Skills for Shooting

Michael Kruger-Davis

DENYING THAT YOUR PROBLEM IS PSYCHOLOGICAL

Think of a problem you have when competing? Is it a problem of technique or is it a psychological problem?

Most of us want to believe that any problems we have: missing right hand swingers from lane five, high 2 in skeet, springing teals or rabbits in sporting, etc, are due to some technical issue and therefore can be corrected with some coaching or diligent practise.

To explore if the problem is psychological we need to revise some information from previous articles. Firstly, our thinking and behaviour can come from either our conscious mind or our subconscious mind, although most of what we do and think comes from our subconscious mind.

Secondly, human beings do not like anxiety. Anxiety, as defined by Wikipedia is a psychological and psychological state characterized by cognitive, somatic, emotional, and behavioural components. These components combine to create an unpleasant feeling that is typically associated with uneasiness, fear, or worry.

Anxiety is a generalized mood condition that occurs without an identifiable triggering stimulus. As such, it is distinguished from fear, which occurs in the presence of an observed threat. Additionally, fear is related to the specific behaviors of escape and avoidance, whereas anxiety is the result of threats that are perceived to be uncontrollable or unavoidable.

Anxiety can also be considered as "a future-oriented mood state in which one is ready or prepared to attempt to cope with upcoming negative events" suggesting that it is a distinction between future vs. present dangers that divides anxiety and fear.

Anxiety is considered to be a normal reaction to stress. It may help a person to deal with a difficult situation, for example at work or at school, by prompting one to cope with it.

Next, we will go out of our way to keep ourselves calm and contented. To do this sometimes we create mechanisms that will defend our ego from feeling under threat or anxious. Sigmund Freud referred to these processes as "defence mechanisms". Denial and repression are very effective ways by which we can protect ourselves from anxiety but they do have a downside.

Denial is probably one of the best known defense mechanisms, used often to describe those who seem unable to face reality or admit and obvious truth (i.e. "He's in denial."). Denial is an outright refusal to admit or recognize that something has occurred or is currently occurring. Drug addicts or alcoholics often deny that they have a problem, while victims of traumatic events may deny that the event ever occurred. The function of denial is to protect the ego from things that the individual cannot cope with. While this may save us from anxiety or pain, denial also requires a substantial investment of energy. Because of this, other defenses are also used to keep these unacceptable feelings from consciousness.

Repression is another well-known defense mechanism. Repression acts to keep information out of conscious awareness. However, these memories don't just disappear; they continue to influence our behavior.

For example, a person who has repressed memories of abuse suffered as a child may later have difficulty forming relationships.

So with this information in mind, we must remember that self-doubt is the biggest factor in making us miss or fail. Anxiety, fear, denial, not staying in the present, etc are all factors that produce and maintain self-doubt.

According to Nideffer, chances are your problem is psychological if:

- a. you are satisfied with your level of skill when you are playing well,
- b. mistakes tend to occur more frequently under pressure,
- c. you find yourself having a lot of negative thoughts or feelings during the performance, and
- d. a breakdown in one area leads to other problems as well.

Now, it is easy to fix a technical problem, but denial and repression take over when we think that the problem might be psychological. The other issue is that we think because "it is in our head" then there is nothing we can do about it. This leaves us worse off, because we now know what our problem is, and we know what is causing it, but because we do not know how to deal with it, it will get worse.

So how do we resolve the situation that we now find ourselves in.

Firstly, if it was a technical problem we would develop a plan to fix it. Therefore, we need a mental plan to help us deal with any psychological issues. The initial aspect of the plan should be setting goals that we want to achieve. Once we have decided upon the goals we wish to achieve then we need to learn strategies that will help us achieve these goals. Whilst specific problems might need discrete strategies, eg: concentration techniques, mental rehearsal, other aspects can be helped by generic activities such as relaxation, meditation, visualization.

Secondly, as athletes we have to develop a mind set that will reduce the doubt producing self talk. To do this we need to focus on the present, focus on the process rather than the product and focus on our breathing.

In conclusion, it is easy to think that if we know how to shoot, then when we miss it may be psychological, but it may have been due to a range of factors. However, if we miss, and then miss again and again, it is most likely in our head.

Constitution – What is it, how does it work?

A constitution is a system for governance that establishes the rules, principles, structure, procedures, powers, duties and responsibilities.

It is designed to establish a long-term structure and scope for your club, in other words the instruction book for how things work.

It also governs the club's internal management and has the effect of a contract between the club and each member, the club and each committee member, the club and the secretary and a member and each other member.

WHAT'S THE DEFINITION OF A CONSTITUTION?

The Oxford English Dictionary defines a constitution as "a body of fundamental principles or established precedents according to which a state or organisation is governed".

HOW DOES IT WORK?

Associations and clubs generally incorporate under State or Territory legislation known as the Associations Incorporation Act. The Acts are not identical in each State or Territory. You should refer to the relevant legislation in your State or Territory. Information on the relevant legislation is usually available from departments of fair trading or their equivalents in each State and Territory.

Clubs constitutions are generally guided by the State's Model Rules which are normally available from the Departments of Fair Trading in each State and Territory.

A constitution sets out how all the elements of the club are organised and how power, duties and responsibilities are carved up among different units. It contains rules about what authority is used, who uses it and how it is used in the club.

And, as a kind of deal or contract between those on the committee of management and those who are subjected to certain responsibilities within the club, a constitution defines the rights and duties of members, and the devices that keep those in power in check

WHAT DO YOU USE CONSTITUTIONS FOR?

A constitution is the foundation for building a club. It should contain all the key agreements made by members on how the club will work. In law it is called the "founding document" and it is legally binding on the executive and members of the club. It should tell you the following:

1. **Why** the club exists, its purpose and objectives;
2. **Who** the club's key constituency and stakeholders are, who should benefit from its work; and
3. **How** the club intends to work, its broad principles and the basic structures for decision making and getting the work done as well dealing with the finances and assets of the club.

The constitution or founding documents should be clear and simple so that members understand their rights and responsibilities, leaders understand their mandate and how to be accountable and the members understand why the club exists and how it operates.

The constitution or founding documents will usually have detailed and clear sections on:

- **The purpose** of the club: why the club exists, who should benefit from the work and how they should benefit.
- **The objectives** of the club: what it intends to achieve.
- **The type of it is:** for example not-for profit voluntary club.
- **The membership** of the club: Who may become a member and the duties and rights of members. How members join and how members can resign or be expelled.
- **The structures and main procedures** of decision-making in the club:
 - annual general meetings and other meetings,

- elections and appointments for the different structures of the club
- their powers and functions,
- who makes what decisions,
- how the club is governed and how decisions are made
- how it is organised to get the work done.

- **The roles, rights and responsibilities** of members holding specific positions and of the different structures: what different individuals or structures are responsible for, to whom they account.
- **How the finances and assets of the club are controlled** so that no money or resources that belong to the club can be abused or misused.
- **Financial year and audit process** that advises the club when the annual financial account will be finalised and audited and who the report will go to
- **Closing down the club:** what process must be followed and what will happen to the money and assets of the club.

IMPORTANT THINGS TO KNOW ABOUT CONSTITUTIONS

Constitutions are long-term decisions

Constitutions should be written so that they will not need to be changed throughout the life of a club. They should not need to be changed often, although they can be changed [amended] if members feel the need to make new agreements about the basic principles of the club. It is a major decision to change a constitution and the existing constitution should say when and how it may be done. Any changes should be publicised to members and as the club is registered with the Department of Fair Trading, it is the Public Officer of the club who will need to inform the Department of the change. Check with the Department if not sure.

Constitutions should not be too detailed. They should record only those agreements that will remain true throughout the life of the club or until some major change happens.

Using constitutions

The constitution is the key founding document of a club. It is a record of agreements on the basic principles of the club and is legally binding on all members. Constitutions are not like plans. They should not change regularly. The Constitution records all those agreements that will be important for the whole life of the club. Constitutions play a key role at different times in the club's life and they cover the following:

1. Name
3. Objects
4. Membership and Management
5. Meetings
 - General Committee Meetings
 - Annual General Meetings
 - Special General Meetings
6. Subscriptions
7. Finance
8. Dissolution
9. Amendments
10. Interpretation
11. Suspension and Expulsion
12. Copies of Constitution
13. Custody and Use of Common Seal
14. Registered Office

If you require any further information on the club's constitution (rules) refer to the Department of Fair Trading under the Association Incorporations Act or the Model Rules in your State or Territory.

TOP RESULTS ON SCORCHING DAY

OVER 30 SHOOTERS BRAVED the hot weather on Sunday 10 January to compete in a 100 target 5 stand sporting clays championship. Shooting under these conditions only attracts the keenest members, however the high scores obtained demonstrated that some shooters are unaffected even under difficult conditions.

The overall winner was AA grade shooter Brett Jory, who dropped only 14 targets, with a result of 86/100. Second in AA, Yarrawonga top shot, Trevor Beach was not far behind on 82/100, local gent Kudri Demaj took out A grade with 72/100 and Brian North 2nd place on 66/100, B grade results were very close, with Reg Carmody winning with 78/100 and 2nd by David Jackel shooting 76/100, Christian McGauran won C on the excellent score of 85/100 defeating Shepparton competitor Colin Finn with 70/100.

The best veteran shooter was Reg Carmody and top junior Stephen Penrose.

Echuca Clay Target Club

Ball Trap Championship

ECHUCA CLAY TARGET CLUB had amongst its four events for January 2010, a 25 target Ball Trap Championship, difficult at any time, and often described by top shooters as more difficult than "Olympic Trap", and in the extremely hot, 43 degree heat that this program was shot in it really tested all shooters to produce a good score. Yet a testament to the quality of the shooters present, three managed to shoot a full score in this event.

An all Echuca member shoot off, consisted of Craig Fitzgerald, Steve Atkins, and Drew Healy, with Drew dropping a target first to collect 1st in A grade with his 34/35 score, Steve dropping his 66th target to collect 2nd in AA grade with a result of 65/66, and after shooting his 66th target, Craig, proudly accepted the Overall Winners Sash, and 1st in AA grade trophy, after attaining a magnificent clean score of 66/66.

Event two was a 20 Target Points Score, and again Craig Fitzgerald led the way, winning the Overall Winners trophy, with the only possible shot, a perfect 60/60 score, "well shot Craig". AA 1st was Steve Atkins only one point down 59/60, A 1st Drew Healy, after a shoot off to decide this place, with Drew ending on a 117/120 score, B 1st was Chris Thompson on 47/60, and Barry Rogers claimed C grade 1st with his 50/60 score.

Event three a 20 target Handicap, with only one full score, and again an Echuca member, Chris Thompson, shooting so well, and

producing an unbeaten 20/20 score, earned himself the 1st place trophy, and a metre penalty on his score card, 2nd place was decided with a shoot off, with Russell Felmingham (Cosgrove) collecting the trophy with a 35/36 score, David Cox (Echuca) picking up 3rd place with his 34/36 score.

The final event was a 20 target Double Barrel Championship, and six shooters managed to hit all targets to qualify for the shoot off, and after shooting 41 targets in total, Colbinabbin member, Laurie Gee, could not be matched, so he gratefully accepted the Overall Winners

Sash, and 1st in A grade trophy, recording a score of 41/41, A grade 2nd was Greg Norris (Echuca), 39/40, AA 1st R Felmingham 40/41, AA 2nd C Fitzgerald 21/22, B 1st D Cox 23/24, B 2nd C Thompson 26/27, C 1st Neil Ham (Echuca) 16/20, and C 2nd B Rogers 15/20.

The saying is "only mad dogs and Englishmen go out in the midday sun" and when the temperature is 43 degrees it was surprising for such a good roll up to occur on such a day, the Echuca committee is very thankful for so many shooters to make the effort to attend, what, apart from the heat, turned out to be a well run, and a very enjoyable day, finishing at

the early time of 4.30pm.

The full results of the Ball Trap are as follows, OA & AA 1st C Fitzgerald 66/66, AA 2nd S Atkins 65/66, A 1st D Healy 34/35, A 2nd S Traill 28/29, B 1st W Kely 24/25, B 2nd G Ervin 23/25, C 1st Ken McPherson 24/28, C 2nd Peter Falkinder 23/28.

Nominations for this event have to be in to the National office by October 31 each year with the actual event to be shot in November or December. Each team comprises 5 Women club members registered with the ACTA. Where clubs have insufficient Women members to field a team, a maximum of 2 women from a neighbouring Club can combine to form a team entry. The most ever entered is 7 and that was in 2006.

Thank you to the teams that did nominate for the 2009 competition and we look forward to receiving even more entries for 2010. Good shooting!

Tom Turner Snr Memorial

28 & 29 November '09

THE WEEKEND WE HAD ALL been preparing for was here! Traps checked & in order, 8 pallets of new turf laid, heaps of fresh seafood brought in for the big dinner, and excellent prizes on display for the hopeful winners! And we were not the only ones that had made big preparations; shooters had come in from the far corners of the state to camp over, and even from Victoria. There were whole families making a holiday of it, including kids of all ages and dogs of all sizes. It could have been a madhouse, but for the cool heads of the organising committee. Thanks to John Douglas, Bob Pople, Shannon and Beau Brown, Blackie Collins, Milo, Kevin Pearce, Dave Porteus, Matt and Bobby Carmichael, Brian Whipps, and the guys in charge; you know who you are. If not, check with Ruth Porteus, who (everyone knows) is really in charge.

Saturday started hot, and just got hotter. I stopped looking when the gauge read 39 degrees; I didn't want to know. There was a big run on cold drinks & icy poles, and thank goodness for the shower stalls. I know one hard-working lady that jumped in about 5 times on Saturday – and she wasn't even shooting!

This is the 4th year of the Tom Turner Sr Memorial competition. It's probably the most important event of the year for Cessnock, and it seems that a lot of shooters feel the same way about coming along as a tribute to Tom Turner Sr. We had competitors from Cecil Park, Marconi, Newcastle-Lake Macquarie, Singleton, Kariong, Tumut, NSW Gun Club, Cobar, and Guyra. And with over \$15,000 in prizes to be won, the excitement of competing was heightened even more. Of course, for some of us, the highlight of the weekend was going to be the dinner. No one, but no one, puts on a better spread than the Wonder Women of the Cessnock CTC kitchen. Fresh prawns, fish, calamari, salads, desserts;

Overall High Gun and Handicap winner Tony Norris, with Virginia from Highland Sports, and Tom Turner, club Vice President

nothing but the best for our shooters. This has to be the most awesome \$10 feed on the east coast. Thanks to the kitchen heroes Sarah-Jane and Taylah Turner, Carmen Main, Gwen Turner, Sue Turner, Janice Morgan, Tammy Lomas, Leigh Brown, Gina Dunn, Yvonne Height, and Crystal Whipps. And one honorary woman Paul Turner, who washed a lot of dishes.

Now on to Saturday's winners. Event 1 was a 25t DB Elimination, with Frank Bladwell winning AA (55/55), Tony Norris winning A (55/55), Tom Clarke taking B (25/25), and Darren Whipps taking C (24/25). AA High Gun was Tom Turner, with 326. A High Gun was Paul Deland, with 322. B High Gun was Amy Buys, with 321. C High Gun was Steven Begley, with 289. Junior High Gun, sponsored by club president, Craig Mains, was James Ewart, 298, with Daniel Lomas 2nd in Juniors with 295. Ladies High

Youssef Yarak – one of our excellent Junior shooters

Gun, sponsored by the club treasurer's family, the Munro family, was Helen Overton, 322, and Veterans High Gun was Kevin Bosanko, 314.

Our sponsors for this competition have been amazing, as always. Cessnock Clay Target Club would like to give special thanks to O'Connor Harvesting, Peter O'Neill Jewellery and Adina Watches, KC Tools and Vince Gatt, Highland Sports, Arms and Ammo and Brad Webb at Nioa Trading, Yellowtail Wines and Marcello at Cassella Wines, Clay Targets Australia, and all the club members who have helped and supported us in so many ways. As indicated above, many of the High Gun prizes were sponsored by club members, who (Oh! I just remembered!) asked me not to mention them. I'd also like to thank Keith Beddie, who helped me out with some excellent photographs.

And one final observation. It was noted by our vice-president, Tom Turner, that we had some extraordinary demographics in our winners list this year. Most notably – Women! We also saw some excellent scores from the Juniors. And I think everyone was thrilled to see how well some of our newest shooters have picked up the game – amazing work. Congratulations and thanks to all.

Anne and John Grice Memorial Handicap at Alexandra Gun Club

Sunday 3rd January 2010 was a nostalgic trip back for shooters at Alexandra.

The inaugural Anne and John Grice Memorial Handicap was held to honour club stalwarts of yesteryear.

Two of their daughters and family were present. They helped in the presentations and spoke of their pleasure to be at the shoot honouring their parents.

The first name on the beautifully crafted trophy by club member Chris Petersen was Rick McKinnon of Castlemaine outlasting a disappointed Kevin Elward of Alexandra in a four man shoot off.

Better luck next year Kevin!

GRAEME NEW

Passed away 29 October 2009 aged 71 years

A valued member of the Beaufort Gun Club in Victoria, who sadly passed away on 29.10.2009, aged 71.

Graeme or "Sparra" began his clay target shooting in 1998 and instantly became hooked and thus a new lifestyle for him in his latter years. It would be hard to estimate the numerous hours spent at the club, assisting in the installation of the Ball and Double Trap, range mowing, maintenance, practice and coaching the local school students on a weekly basis.

He was a likeable chap, whom was unfortunate in his later years, to lose both his legs, but being confined to a wheelchair did not stop him. He managed to maintain B grade scores.

The club appreciated his reliability, dedication and member respect that was so much Graeme at the club.

The President, Vice President, Committee and Members offer their condolences to Graeme's wife Dawn and family.

Sparra now you're a member of the Gun Club above,
We hope the wind is light,
The targets fly true
And you shoot'em all first barrel!

SPENCER ANGEL

Passed away 28 November 2009 aged 79 years

Spencer Angel was an ambassador of Clay Target Shooting in the South Burnett region & in fact throughout all of Queensland.

Spencer was involved in the establishment of the Queensland Clay Target Association (QCTA) in 1977 and was the first President; his many

years as a Councillor on the Murgon Shire Council prepared him for this role as a figurehead & negotiator of all things relating to running a fledgling State shooting association. He proudly supported the first State teams to represent Queensland under the new QCTA banner.

Spencer was the grandson of the "mother of Murgon" - Martha Angel and the Angel surname has been synonymous with Murgon since 1907. Spencer inherited much of her good business sense and he was a butcher and ran a chicken farm as well in the district.

Spencer still found time to be involved in shooting and he held committee positions at Kingaroy Gun Club and was the driving force behind the establishment of the Murgon Gun Club. The land for the club (on Spencer's property) was leased to the club for a "peppercorn rental." They obtained a school building from the district & established a two story clubhouse on site. This is all history today as the club no longer exists but shooting is better off following his involvement.

He travelled widely for the association and the love of shooting and Stow Kentish, Jim Taylor & Jim Haymes all remember the good times had with Spencer. They also recounted his time spent time with Merv Champney the (King from Kingaroy) and Eddie Ransome & they are now all together again in shooters heaven.

Spencer Angel was a gentleman albeit a little "old school", at his retirement from Council in 1996 his personal resume suggested he pre-dated gay rights, computer dating and credit cards – and his speech went on to confirmed: "We got married and then lived together and we thought fast food was what you ate during Lent and foul play meant feeding the chickens."

Spencer is survived by his wife Norma, a son Peter & daughter Tricia and seven grandkids and we as an association wish them all the best.

When our first QCTA president arrived "upstairs" – he probably started organising the establishment of another chapter of the QCTA where past shotgun shooters could meet, have a chat and burn some gunpowder.

2010 YARRA VALLEY CLASSIC

Sponsor Brett Dunstan smokes a flash target in the Mens Final

On Saturday 9th and Sunday 10th of January the Melbourne Gun Club hosted the 2nd Yarra Valley Olympic Trap Championship.

Brett Dunstan and ATech Electrics (Wes Asmar & John Tannous) were again the major sponsors this year along with the support of Jim Hutchinson, Tindar Constructions (Darren & Tina White) and Casella Wines.

8 squads lined up on the tracks in some very warm conditions with temperatures soaring into the high 30's on both days. Shooters travelled from all parts of Victoria and NSW to compete in the 200 Tgt + final event.

Day 1 and with the mercury hitting 38 degrees in the Yarra Valley and strong winds to go with it, shooting was never going to be easy. Daniel Allam from Sydney posted the first 25 of the weekend in his first round. Other shooters to post 25's for the day were Craig Henwood and up and coming young junior shooter Geoff Aston shooting his first ever 25. Well done Geoff!!!!

After 100 Tgts, Todd Malone held a 2 tgt lead on the rest of the field with Craig Henwood on 93, Talia Boukamel ready to poise on 92, Steve Trembath on 91 and a big swag of shooters all right in the hunt.

In the ladies Catherine Skinner and Michelle Beecham had looked set to tussle it out with nothing between them at the half way mark and Geoff Aston leading the Junior's from Danial Cauchi.

Day 2 and conditions again hot although not as windy making it a little more shooter friendly for some good scores. Daniel Allam again opened with 25 to get the ball rolling but unfortunately as he did on day 1 he couldn't keep the pace up for the rest of the day.

Talia Boukamel came home strong shooting very consistent to

Ladies Winner Catherine Skinner & Overall Winner Talia Boukamel with Wes Asmar

lead into the final with Nino Pedulla on 187. Next to qualify was Todd Malone 186, Craig Henwood 184, Rosco Liersch 183 and Brett Dunstan 181.

In the Ladies, Catherine Skinner took a big lead into the final shooting some great scores to end on 180/200 just missing out by 1 tgt from the Open Final. Others to qualify were Michelle Beecham, Stef Tigani, Simone Tigani and Anna Shedrina.

Ladies finalist with sponsors Brett Dunstan, Wes Asmar & John Tannou

up their own teams of 3 and came up with a team name. All teams were given a handicap based on the grades of the shooters in that team. A total of 10 teams were entered to ensure a bit of friendly rivalry. At the end of the days shooting team "Oooh" had come out on top ahead of "Bangbus" and "Damfat". The winning team members were Nidal Asmar, Danny DiPietro & Talia Boukamel.

This brought the 2010 Yarra Valley Classic to a close. Melbourne Gun Club would like to thank all its sponsors for the event particularly Brett Dunstan and ATech Electrics (Wes Asmar & John Tannous) as without their help a shoot like this would not be the success that it is. A big thank you also to Casella Wines for providing wine for 3rd place in the event and Tindar Constructions (Darren & Tina White) for their donation of the prizes to the winning team members. Last but by no means least a big thank you to the tireless Jim Hutchinson for his kind donation towards the prize payouts as well as his

Mens Finalists with sponsors

many hours in assisting to help make the event run smoothly.

Thank you to the big list of workers who helped out over the weekend be it help with setting targets, filling traps, ref & scoring, scoreboard etc and of course to all of the shooters who came and supported the event.

Melbourne Gun Club plans to run this event next year so keep an eye out for it, its one that you do not want to miss!!!

Sunday National Title perfect weather the same as Saturday, with a light breeze.

Our group was excited and ready for our first National title being held at Griffith GC. After some of the shooters wore themselves out with 3 hours practice the event started at 12.20pm. There was an attendance of 16 shooters who were as follows Norm Basile, Vinnie Basile, Lee Fitzgerald, David Calandro, Dom Milojevic, John Tannous, Mick Tannous, Peter Agostinelli, Marcello Casella, Anna Shedrina, Adrian Emery, Marc Crimmins, John Marcocci, Neale Guy, Vince Gatt & Shelly Barber.

A special thanks to all that attended.

Results for Sunday as follows 1st Sweeps 10/10 John Tannous, 2nd Sweeps 10/10 Adrian Emery, 3rd Sweeps 10/10 Mick Tannous, David Calandro, Marcello Casella. 4th Sweeps 10/10 Mick Tannous & Marc Crimmins, O/A Mick Tannous winning the National Title outright with a 23/25. 2nd Place after a great shoot off went to John Tannous with a 22/25 + 8. 2nd place shoot off was between John Tannous, Adrian Emery who shot 22/25 + 7 and Marc Crimmins who shot 22/25 + 1.

It was nice to see Mick come good for the main event as he has been playing 2nd fiddle to his brother John for most of the year. All in all we think it was a good weekend and hope to see more ZZ shooters get behind this great sport and support it during 2010.

We'd like to give a special thanks to Neale Guy for running & designing the computer control box and helping run the comps throughout 2009, also to Louis Galea for his help throughout the year even though he was unable to make it to Griffith for the National Title, last but not least a special thanks to Marcello Casella from Casella Wines and Alf Gugliemino (President of Griffith Gun Club) & the committee of GGC for allowing us to use the grounds and also for supporting the shoot with the BBQ. Thank you.

SUMMIE SCORCHIE AT ALBURY

THE BUREAU'S FORECAST boded badly for a high attendance, with temperatures set to reach the early 40s and possible blustery conditions – certainly not ideal! Despite all the negative factors, 39 brave souls battled through to make the Albury Wodonga Clay Target Club's January shoot another raving success.

The first event for the day's program was a 50 target Ball Trap Championship and bound to be a challenge given the conditions. It was also the first opportunity to use the newly improved concreted pads on the first layout, which was extremely well received from all shooters. Being one of the few lucky clubs to have two Ball Trap layouts, the event was concluded in great time with an absolute minimum of fuss.

Not surprisingly, there were no perfect scores shot, but several very competent shooters "loitering" around that elusive 50 mark. Craig Ceely collected the honour of Overall Winner with an amazing 49/50 followed closely by local Ball Trap exponent Phil Matthews with 48/50 (2nd AA Grade). 1st in A Grade was Bryan Bockman with another 48/50, Bob Leita 2nd with a 47/50. B Grade was hotly contested with Jaidon Parker eventually winning the tussle with a very respectable 47/51, 2nd in B Grade to Peter Munro with 46/51. One of the better scores posted for the event came from C Grader Richard Mathers with an amazing 47/50, guaranteeing Richard a fairly short existence in C Grade in this particular discipline! Second in C Grade and way off the pace considering Richard's great score, was Nick Gilder with a 40/50.

The second event for the day was a 15 pair Double Rise Graded Cash Divide, another tough one to test everyone's resolve! Phil Matthews was rewarded with Overall Winner after posting a 26/30, 2nd in AA Grade was Richard Mathers with 34/40. 1st in A Grade was regular Albury attendee Phil Wojtowycz with 25/30, Bryan Minos just one target off the pace with 24/30 to take out 2nd in A Grade. One of the most entertaining results for the day was Martin Tomasoni giving his father Vic a small lesson in Double Rise with a 30/40 to claim 1st in B Grade. Running closely behind with a 28/40 Vic didn't give too much away to the younger Tomasoni. 1st in C Grade with 21/30 went to James Browne, Nick Gilder one target behind for 2nd in C.

The third and final event for the day was a 30 target Double Barrel Championship. Temperatures hadn't eased and several scores in this

event demonstrated that the heat was certainly taking its toll. After a shoot off to determine most results, David Whyte Snr prevailed with a strong 63/63 to clench Overall Winner (1st A Grade), Phil Wojtowycz 2nd in A Grade 62/63. 1st in AA was Craig Ceely with 48/49, Peter Munro 2nd in AA Grade with a 33/34. John Palffy didn't allow the conditions to interrupt his rhythm with a 40/41 to take out 1st in B Grade, Vic Tomasoni making the presentation list yet again with 37/38 for 2nd in B. James Browne was able to "pip" Nick Gilder by one target again for 1st in C Grade scoring a 28/30.

Although everyone had really enjoyed the day, and a very interesting program, there was definitely an audible sigh of relief on the completion of the shoot, retiring to the Club House for a well deserved cold drink and take advantage of the air-conditioning!

Not surprisingly, Phil Matthews was awarded High Gun for the day with an amazing 103/110 – a great result considering the heat. Phil had the High Gun Trophy, but Most Valuable Person undoubtedly went to Marie Petts in the canteen. Keeping the crowds well fed and watered made a huge difference to everyone's enjoyment of the day and all this with a constant smile – Marie, you're amazing!

With the fantastic hospitality, great views, challenging program and generous prizes, every shooter left knowing why the Albury Wodonga Clay Target Club is such a brilliant place to shoot!

Boxing Day Shoot Success at Echuca

ECHUCA CLAY TARGET CLUB committee were very pleased with their annual day after Boxing Day shoot, which included a good roll up of a full fifteen squads of competitors, perfect weather of 30 degrees, clear and calm, and a shoot that ran smoothly all day.

With plenty of good trophies on offer, the shoot attracted some very talented shooters from a wide area, and the resulting scores indicated the quality of the competitors, with shoot off's required for overall winners in each event, except for the Handicap, where Maryborough shooter, Neil Cracknell, was the only full score, indicating that overall the handicapping system is about spot on.

Echuca member Rob Viney gave Callawadda/Stawell gun club member, Colin Dunn, a

Colin Dunn OA PS

run for Overall in the first event, a 25 target Points Score Championship, but Colin was too good and outstayed Rob to win the Overall Sash and 1st in AA grade trophy with an excellent score of 175/175, Rob collected 2nd in AA one point down on 174/175.

Deniliquin member Jack Collicoat took on Echuca member Craig Fitzgerald in the second event, the 25 target Single Barrel Championship, and he won, Craig dropped his 36th target and Jack made sure of his, collecting the Overall Winners Sash and 1st in AA grade trophy with his 36/36 score, Craig taking out 2nd in AA grade on a score one target less, 35/36.

Neil Cracknell
1st Handicap

Neil Cracknell's score of 25/25 in the 25 target Handicap could not be matched by any other shooter so he proudly accepted 1st place cash money of \$500, Ian Phillips of Echuca successfully survived a shoot off to collect 2nd place cash of \$300, scoring 44/45, Rhys Eeles (Echuca) taking 3rd

cash of \$150 on 41/43, Andrew Calandro collecting \$100 for 4th on 38/40, and Melbourne Gun Club member John Mollica taking out the 5th placing on a 35/37 score, and collected \$50 for his success.

HMAS Cerberus GC member, Peter Mills, could not be beaten in the final event, the 25 target Double Barrel Championship, although Craig Kelly did his best trying, but unfortunately for Craig he lost his 137th target, and Peter jumped on that opportunity and promptly downed his, ensuring himself the Overall Winners Sash

Peter Mills OA DB

and 1st in AA grade trophy, with an excellent 137/137 score, Craig having to settle for the 2nd in AA grade trophy with his 136/137 score.

Shooting top scores all day, Deniliquin member, Jack Collicoat, made it impossible for any one else to match his total score, and that gave him the Overall High Gun Sash with a 148/150 score. Echuca's Craig Fitzgerald collected the AA Grade High Gun Sash with a creditable 146/150 score, A grade High Gun went to John Mollica 144/150, B grade High Gun winner was Andrew Calandro 140/150, C Grade High Gun Sash was won by Mansfield member Vilya Vogelzang on a 133/150 score, Ladies High Gun was Echuca shooter Emma Cox 139/150, Junior High Gun went to Deniliquin member Ned Collicoat, and Euroa shooter John King won the Veterans High Gun Sash on a score of 136/150.

During the 2 day Boxing Day weekend there were many possibles shot with over 45 Shooters in the shoot off for the Double Barrel and there were many good breaks shot - 100, 200, 250.

I would like to pass this information to help some of the competitors who have a problem with targets, we have been using Olympic Targets QLD for just under 2 years. There are many types of targets in hardness, for DTL, Skeet, ISSF Trap & Skeet, and Sporting. Some clubs throw the Sporting targets up to 90 mt. Our club is using GT Orange Target only for DTL & Skeet, & a GTR Orange witch is a harder target for ISSF TRAP & ISSF SKEET. So be careful some Clubs can not afford to carry 2 types of targets, or will not. For example if they shoot DTL & Sporting they could be using the harder target for DTL& Skeet, so check your facts first before you blame the target manufacture if the target does not break as good as you expect it to.

AUGUSTA CLAY TARGET CLUB

Simulated Field Shoot

Hillview Challenge Championship

THE AUGUSTA CLAY TARGET CLUB'S two day Hillview Challenge Championship simulated field shoot held on December 5th and 6th was a resounding success. Record attendances marked both days' events with 100 shooters nominating for the 50 target Corsivia GB Stakes on Saturday afternoon and 116 shooters com-peting for the full day 104 target Hillview Championship on Sunday.

Attendances have been steadily building for this popular weekend of simulated field shotgun shooting and this a testament to the preparation works by Club members, especially Trevor McDonald and Kevin Dickens. This year, substantial civil works were completed to expand the course to add additional stations and variety for shooters to enjoy and be challenged.

The Club enjoys a remarkable outlook over the Blackwood River Valley to the northeast and the Great Southern Ocean to the southeast and the shooting stations have been designed to make maximum use of this panorama. The 2 day shoot has now grown to be one of the best simulated field competitions in Australia.

Corsivia GB Stakes

Kevin Dickens

Saturday afternoon's weather was excellent for the competition with sunny mild conditions. A shogun start got the completion underway with 14 separate stations being used. The high quality Corsivia clay targets varied in size, colour, speed and trajectory and provided the shooters with plenty of variation and challenges.

Noted field shooter and State Representative, Kevin Dickens was too good for the field and took out the Corsivia GB stakes with a good score of 43/50. Had it not been for the looping batu where Kevin dropped 3 of the 4 targets, his score would have been even more impressive. Neil Yates won AA

grade with 41/50, Garry Marsh B grade after a shoot-off with David Knight both finishing on 42/50 and Club stalwart Cole Thompson won B grade with 40/50. C Grade was taken out by R Banks with 39/50, and the best Junior was Robert Ellis with 34/50.

The ladies associated with the Club did a fine job catering for the large field all weekend and Saturday night was no exception. Many thanks from all of the competitors and their guests to these wonderful ladies.

Hillview Challenge Championship

By Sunday morning the weather deteriorated considerably with overcast skies and misty rain. Two rounds of 52 targets comprised the Hillview Championship and Trevor McDonald and Kevin Dickens set a great course of 15 stations. Augusta is a small club and we are enormously grateful for the assistance that visiting shooters provide with helping make this event the success that it is. Many thanks to all those involved.

Round one got underway and it wasn't long before the top shooters

were making their mark. Michael McDonald shot extremely well to drop only 2 targets and card 50/52. Phil House did well to score 48/52 followed closely by Kevin Dickens on 47/52 with Murray Tucker, David Knight and Jon Dyas on 46/52. The rain was playing havoc with the score cards but the lack of wind was helping shooters considerably.

The break for a great lunch of BBQ fish and beef allowed shooters time to compare notes but importantly for the weather to improve too. The rain was gone and the mild weather made conditions close to perfect.

Scores generally improved in the afternoon round with shooters enjoying the experience of the morning round however some of the better shooters failed to capitalise on the better conditions. Phil House

continued his good consistent form with another 48/52. Veteran Mike Daden scored 46/52 and Trevor McDonald, Marco Ponta, Josh Fleay, Tyron Sylvester, Martin Perry and Craig Ellis did much better with a 45/52. Craig's son Robert did remarkably well for a junior shooter and scored a great 41/52.

Phil House had done enough though to take the Hillview Championship though with a fine 96/104. 1st in AA grade was Kevin Dickens with 100/112 after a shoot-off with Neil Yates and Jon Dyas. Michael McDonald won A grade with 95/104 and Dave Mainwaring was a very

pleased winner of B grade with 94 after being runner up in B grade last year. The Sylvester family tradition of good shooting was maintained by Ross's grandson Tyron who took C grade with 88/104, Mike Daden took the Veterans with 90/104, Amanda House the Ladies winner with 83/104 and Robert Ellis won the Junior's prize with 76/104. Best unplaced morning round was won by David Fox with 46/52 and best unplaced afternoon round was won by Garry Marsh with 45/52.

The two day High Gun was taken out by Phil House with 134/152 after a shoot-off with Kevin Dickens. Kevin shot particularly well over the weekend even though he worked tirelessly before and during the event to help ensure it was a resounding success.

A new initiative of the Club was the Queenie Elliot Trophy for the highest aggregate score attained by a competitor at Cheery Tree Pool

Neil Yates

Michael McDonald

and the Hillview Championship. Queenie is a recent life member of Augusta and works tirelessly to help out and raise money for the Club. Michael McDonald accepted the fine trophy with 167/194.

A great vote of thanks must go to Augusta's sponsors which included Solofin Cranes, GB Corsivia, Silva Fox Sports, CSBP, Summit Fertilisers, Ketteridge Stockfoods, Winchester, David Fox, Southwest Firearms, Watershed Premium Wines and Xtreme Sports.

New UGB25 Xcel

Beretta Make A Breakthrough In Firearms Technology.

UGB25 Xcel

The operating principle of the Beretta UGB25 Xcel semiautomatic gun with break-open barrel is based on **short recoil**, which keeps the internal parts of the gun clean even after prolonged use. The short recoil (and low barrel axis position) almost completely compensates for muzzle jump during firing, with quicker and easier realignment of the barrel on the target for the next shot. The low barrel axis position transmits the recoil forces in line with the shooter's shoulder, thus **minimising felt recoil**.

Unlike conventional fixed-barrel semiautomatic shotguns, this new type of break-open design enables the shooter to immediately determine the condition of the shotgun (**loaded or unloaded**), while allowing others to see the gun clearly in "safe" mode with an open action.

The Beretta UGB25 Xcel features the unmistakable touch of Giugiaro Design. The ergonomically rounded back of the light alloy receiver fits smoothly into the stock, allowing quick and instinctive target acquisition. The polished sides contrast pleasingly with the other matte anti-glare surfaces. The streamlined receiver and the newly designed fore-end with its extended checkered configuration combine to give the UGB25 Xcel an extremely **attractive look**.

The exclusive use of special spring dampers on the barrel monobloc allows, when shooting, to dissipate in heat a part of the barrel kinetic energy, decreasing the stress for the parts and in the meantime increasing the shotgun life.

The single barrel offers the advantage of maintaining the point of impact of the second shot exactly in line with that of the first shot, thus ensuring excellent performance.

The cartridge carrier receives the second cartridge on the right-hand side of the receiver, making it immediately ready for use. The ejection port is in the bottom of the receiver.
