## Consistency & Perfection in all Conditions... Time, after time, after time.

When it comes to perfection, and in any conditions, **White Flyer** is the name you can look to and trust. Year after year chosen as the target of choice for the Grand American, the world's largest trap event.

**White Flyer Targets** help shooters win championships and break record scores with target that undergo a minimum of **27 quality control steps** keeping our targets consistent in weights and dimensions, time after time after time.

Now **White Flyer** has set its mark in Australia and gained a reputation as the **"best target available"** and is the preferred choice of most State Trap Championships and also the ACTA National Shooting Grounds. Along the way, record scores have been established using **White Flyer Targets** that still stand.

## HAZARD WARNING!

### HEALTH HAZARD INFORMATION

#### Acute Health Effects

The following acute (short-term) health effects may occur immediately or shortly after exposure to Coal Tar Pitch:

- Coal Tar Pitch can irritate the eyes on contact.
- Coal Tar Pitch vapor can irritate the nose and throat and can cause hoarseness, nosebleeds, coughing with phlegm, and shortness of breath.
- Exposure to Coal Tar Pitch vapor can cause dizziness, headache, poor appetite, irritability and mood changes. Higher levels can cause fainting or even coma.

Some targets currently sold in Australia are manufactured from **"Coal Tar Pitch"** Independent studies have shown that **"Coal Tar Pitch"** can be hazardous to humans. **White Flyer Targets** are made of "Petroleum Pitch" Below is an extract from a circular in the USA.

#### Chronic Health Effects

The following chronic (long-term) health effects can occur at some time after exposure to Coal Tar Pitch and can last for months or years:

#### Cancer Hazard

- Coal Tar Pitch is a CARCINOGEN in humans. It has been shown to cause skin, lung, and bladder cancers.
- Many scientists believe there is no safe level of exposure to a carcinogen. Such substances may also have the potential for causing reproductive damage in humans.

## National President's Notes

Most members would be aware of the flooding leading up to our National Titles. Most of the city of Wagga Wagga was lucky to escape with minimal damage, however it was a catastrophe for those outside the levies. Our thoughts are with those who have lost so much. The National Ground was inundated but damage was minimal with no flooding affecting any buildings. Traphouses were flooded at one end of the grounds but all were operational again in less than a week.

The Association naturally considers itself a part of the Wagga Wagga community, being based there, having staff reside there, and conducting most National titles there. Suggestions on how the Association might be able to show some support to those affected would be welcomed.

These types of occurrences bring out both the best and the worst in people. Due to closing dates I am writing this on the 15th of March, 9 days from the Pre Nationals start date. As late as yesterday I had a telephone call from a member who had been told by at least two people that the nationals were off. No statement was ever made by the ACTA that the Nationals were off. Rumors and gossip abound despite photos showing the grounds ready to operate as normal being displayed on our website since the 8th of March. This is also despite the ACTA advising every state that it is business as usual, and requesting they put the information on their website. Sadly, some people do not know the damage they can do by repeating unconfirmed gossip, or distributing sensationalist emails and photographs without first confirming the facts.

Flood donations received for the appeal conducted for the 2011 floods were recognised in the previous CTSN. Requests have been received from a number of clubs for assistance and we have asked ACTA Patron Mrs. Kay Hull and a member of our Legal and Governance committee Mr. Kelynn Prescott to consider the requests and allocate the funds. Recipients and amounts will be publicised in the CTSN.

The Board of the ACTA will meet on the 24th of this month to address current issues. We are still keen to have a person with a financial background become a board member. To date, surprisingly no-one has expressed an interest in this position, which runs from appointment until June 2013. Please contact us if you are interested.

I was considering last year's AGM today and the criticisms raised at that time, and questions regarding sundries and Executive expenses. I then looked at the financials for the year, shown besides last year and thought - why is the Executive being criticised? You would think from a financial viewpoint members would be happy with a committee that has delivered over \$570,000 of surpluses in two years. Executive members work hard on your behalf and along with the staff strive to bring in a good financial result. They also make the hard and necessary but sometimes very unpopular decisions to achieve this.

As an example, from time to time the Executive makes changes and adjustments to payouts for events. In 2010 I was told by a shooter in the trade area, that "you" are thieves considering what we paid out on a particular event. I informed him that the big picture was that at the previous Nationals at Wagga in 2008 we had only just broken even. He agreed we would be stupid if we made a loss. So, if we make a profit we are thieves, if we make a loss we are idiots. I told him that in the interest of all members I would prefer to remain a thief in his eyes, as opposed to an idiot in everybody's. The association has a lot of money invested in the National Ground so that those that wish to compete for the National Titles can do so at a reasonably central, properly equipped and serviced ground. We believe it is only proper that the whole membership gets a return on this investment and thus we budget for a reasonable surplus from the Nationals.

The Trap Nationals will have been conducted by the time this goes to print and I would like to take this opportunity to thank all those that helped during the event. The flooding throughout NSW and Vic. has placed an extra strain on our volunteers and their support is appreciated. Hopefully by the time you read this we will have had a great Nationals, a Mackintosh reunion to remember and a Hall of Fame dinner enjoyed by all.

Until next month.

# Executive Officer's Report

*As the President has indicated, the National Grounds recently experienced an indication of what some clubs went through with the floods last year. Fortunately, things are now back to normal and we were only affected for two days, thanks to the work of Dave Jocelyn and Fred Rapley. We quickly placed information on the website to assist members who had planned to attend the*

*Nationals and to give them an indication that the grounds are in excellent condition.*

*Some members have questioned the process used to select the new target contract for the next year. The companies who tendered to supply targets were advised of the process before testing and informed of the result. After submission of tenders the ACTA received samples of 5 different targets at Wagga Wagga. I organised six experienced shooters to test the targets and then prepared a questionnaire based on flight, visibility and breakability of the targets.*

*The squad was asked to score each batch of targets out of 10 with*

*only myself being aware of the sequence of batches. After testing I collated the results and placed the test results in order. A recommendation was given to the Board based on the order of the test. This was accepted although one Board member who had been present of the test abstained from voting to avoid any suggestion that he was aware of the order.*

*Some members have asked why change if the current supplier is satisfactory. In any business you regularly test all options? When buying a car you do not automatically buy the same model and brand as before. You test drive and look at others to see what improvements or changes have been made. If the ACTA was not doing this on a regular basis for all our activities, we would not be doing our job properly. We try to obtain consistency by having arrangements for a fixed period of time and then testing options in a fair and impartial manner. At no stage does this mean other products are not good or satisfactory but, like in shooting, they were beaten on the day.*

*We look forward to working with all suppliers and sponsors on an ongoing basis and providing them with an opportunity to work with the Association to benefit the shooting sport.*

*The CTSN will increasingly have reviews of products, not only for the benefit of members, but to provide the sponsors with a chance to make members aware of their products.*

*Any suggestions for type of products to be reviewed would be welcomed.*

*As this is the time of the year for membership renewals the office receives a lot of phone calls from members advising that they have not received their handicap cards and wish to shoot. In the initial phase of renewal processing may take a couple of days due to the number of renewals. At the moment memberships are currently being updated on the day of arrival from clubs, however members should be aware that, if they have not received their card, they can prove they are a financial member and able to shoot by showing their receipt from their club.*

# Australia traps the Glenn Shield Trophy

**T**he Glenn Shield event, for the Jack Sutherland (Calrossie)-Jim McKenzie Trophy held in Waikato, New Zealand this February, was the first ever event of its discipline, created by ACTA and sponsored by Casella Wines. The cup is an original trophy won by Calrossie and was donated by the Sutherland family.

The Australian delegation was a three man team (Frank Minici, Brett Dunstan, Danny Di Pietro) picked from last year's Nationals and the Australia Cup Final held late last year.

NZ used the North Island Championships as part of their selection criteria to select their top 3 representatives (Gavin Paton, Allan Sinclair, Myles Browne-Cole) to compete against the Australian Team in this historic debut.

Overall results for the North Island Championships by the Australian Team saw Frank miss his last target to finish on 115 missing out on the final by one target. Danny shot 116 and Brett came out all guns blazing posting a world class score of 121/125. Jeff Tonna, not officially on the team, also posted a great score of 116, christening his new gun. (In practice he shot a score of 99/100).

A special acknowledgement must go to the women's events, held in conjunction as part of the North Island Championships, where the girls were entitled to shoot against the boys in the open event. Upcoming talent, Laetisha Scanlan, in the open, shot a brilliant score finishing on 120. In the finals she equalled with Brett Dunstan requiring a shoot off finally determined by Brett winning all spectators and competitors would not have wanted to be in Brett's shoes considering the bar that Laetisha was setting.

Lucky for the boys that Laetisha had family commitments taking her away from the NZ Nationals which drew a collective sigh the team as Frank was over-heard to have commented that he didn't think he "could handle being beaten by a girl again!"

Day 1 of the National title in conjunction with the Glenn Shield Trophy, had Frank posting a score of 65/75, shooting 23, 19, 23. Second round where the weather became cloudy

and glary with visibility almost impossible as targets could not be seen in the first 3 metres of flight (though professional shooters might have commented that Frank choked), it was lucky for the team, Danny posted the highest score on the day with 71/75. Brett shot 69/75, seeing the boys only 3 behind on their first day.

While daytime saw hot competition and fierce rivalry between all the boys (Aussie and NZ), night time saw them arm in arm socialising as comrades under the warm and friendly NZ hospitality.

Day 2 atmosphere was next to none, with the New Zealand team giving it all they had against their Australian brothers. Frank posted 23, 24 (47/50), Danny 22, 22 (46/50), Brett 24, 24 (48/50). Such a great group performance positioned the Australian team to win the trophy by 1 target. The shooting highlight was Brett shooting a world class score, winning all events and taking out the New Zealand High Gun and shooting a possible 25/25 in a single barrel final.

Stay tuned for next year's Glenn Shield which

will be held on home ground here in Australia in conjunction with the Australian National Titles in Brisbane, January 2013.

A heartfelt, and special thanks goes to Brant Woodward, Chris Robinson and Ian Hovenden for their exceptional hospitality with the highlight being a visit to the highest point in NZ (Mount Egmont aka Mount Taranaki, 3000 meters above sea level).

A big thank you to ACTA and Casella Wines for covering costs and accessories for the team's wardrobe. Without them, this trip would not have been possible.

On a final note, Frank, Brett and Daniel are privileged to be the first representatives of this inaugural occasion and they would like to express their gratitude to the ACTA for creating this event and for Casella Wines' sponsorship. This initiative of introducing and supporting a new Olympic Trap event demonstrates a deep respect and appreciation for the sport and it's evolution in Australia. It is a legacy which will enrich gun sport in this country for spectators and competitors alike.

# Australian Launch of the Beretta DT11

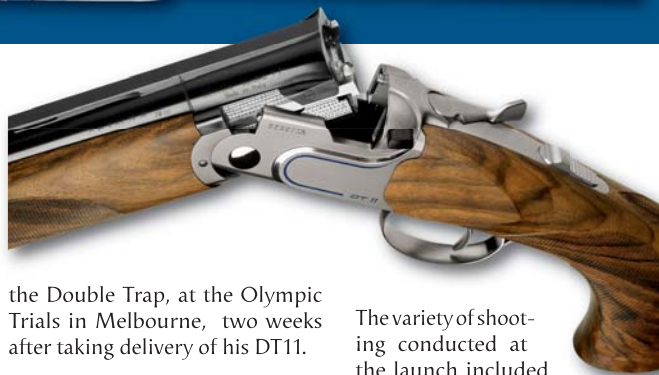

In February Australia saw the launch of Beretta's new DT11, which replaces the DT10. Australia was chosen for the first market launch after the gun was launched internationally in December. Australia was chosen by Beretta International because the growth of Beretta sales in Australasia was the largest in any of their markets in 2010-2011.

What is so different about the DT11 to justify this effort. Beretta has spent over \$30 million Euros on new equipment for the manufacture of shotgun barrels using new cold hammer forging and vacuum distension techniques which are designed to enhance the ballistics of the barrel. Whilst this system has been previously used for rifle barrels, this is the first time it has been used, on a commercial scale, in producing the new Steelium pro shotgun barrels. The new design also includes a longer cone in the barrel to improve the shot pattern and a 3mm wider receiver to improve

balance of the gun. All versions of the DT11 will be available with the B-FAST stock adjustment system to assist in customising the gun to suit individual shooters and all include a new adjustable trigger designed for both right and left handed shooters. All barrel design features, gun balance and the Micro-core recoil pad work to reduce recoil, limit rise of the barrel and improve acquisition for the second shot.

Beretta sees this model as a major improvement over previous models however the proof of the pudding is in the eating. Results so far appear to back up the hype with Laetisha Scanlon producing excellent results in the New Zealand ISSF Championships and the DT11 recording its first Australian record with Russell Mark shooting a new record in

the Double Trap, at the Olympic Trials in Melbourne, two weeks after taking delivery of his DT11.

ACTA member, Matt Dwyer, who was present at the launch, was asked to provide some comments from a shooter's perspective of the DT11. His comments are as follows:

"It was a great privilege to be a guest at Beretta's "Discovery Tour 2012" to be a part of the Australian launch of Beretta's new DT11 shotgun. The entire show in itself was magnificent, with the Beretta people putting on a first class event. The formalities aside I was keen to put the new

The variety of shooting conducted at the launch included Trench, Trap and also Sporting Clays and with a seemingly endless supply of RC cartridges on hand the guns got no rest whatsoever. I am pleased to report that the DT11 proved reliable from the perspective the guns were literally "running hot", to the point where they were consuming cartridges at such a rate accidentally touching the barrels rewarded one's fingers with a painful experience. This is a good test of reliability as I have seen guns falter once they became that hot.

I shot the Trap gun first, and knocked out 100 targets in pretty quick time in the drizzling rain. For a gun I was using for the first time the DT11 was very easy to just pick up and get shooting with. I certainly noted the reduced perceived recoil and associated muzzle flip, and the patterns seemed to be sufficient to really break up targets convincingly. I was extremely impressed with the trap gun, not only because it made an average trap shot look more credible, but the ability to keep the gun on target after the first shot was amazing. Shooting chips was as tempting as ever, especially with free cartridges, and anything remotely like a chip was soon engaged with the second barrel for good measure. This bodes well for DTL shooters who might require the second barrel for either a wayward first pattern or during double

Lauryn Mark trying the new gun

DT11 through its paces, and I was asked by the ACTA to provide a brief summary of my initial shooting impressions for inclusion in CTSN. Here's what I thought.

Laetisha Scanlon, Stacy Roiall and Lauryn Mark discussing whether the DT11 will give them a better chance for London 2012

rise events. I found the DT11 trap gun was very controllable and shooter comfort was without question.

I headed straight from the DTL layout and lined up to get a crack at the sporting targets. Again the DT11, this time in sporting guise, was a very easy gun to get used to and it balanced nicely. I felt the gun was very "shootable" gun down straight out of the box, and there was a very slight increase in perceived recoil compared to the trap gun. There was no set order of targets and it eventually ended up being pot luck which targets were thrown and more often than not there were more targets in the air than the gun held cartridges. I can't even recall which chokes were in the gun, but it was testament to the DT11's ease of shooting that most shooters managed respectable scores with the test guns.

I followed up the launch by using a

George Barton thinking "what a job"

DT11 sporter at the Victorian State Skeet carnival a few days later. Assisted by some chamber inserts I came away with a grade win in the first event, the state 20ga, with a 48/50 after dropping "Low 2" in the first round, then immediately dropping the repeat! I was not unhappy with my scores over the weekend, in fact I probably shot some of my best skeet along the way, and the DT11 certainly held up its end of the bargain even if I didn't at times. There was significant interest shown in the DT11 by shooters at the carnival. The enthusiasm of some towards the gun leads me to believe the hype is already building, and if the groundswell is anything to go by I believe the sales of the new gun will keep Beretta very busy.

I will cover the Beretta DT11 in a full review in the near future, however to sum up my initial shooting impressions of the new

gun, I would rely on just a few words. Comfortable. Shootable. Quality. An added bonus is the guns are available with a "headed stock" enabling the buyer to be precisely fitted for best results. Even though there are relatively few examples out in the marketplace at this point in time people are already on podiums and setting new records with this gun, so a word of advice here to finish off. If you are thinking about a DT11 then I would strongly suggest you get your order in sooner rather than later. Given the current factory production rate and the frenzy of interest surrounding the gun it will pay to be closer to the top of any potential waiting list as opposed to the bottom."

New development in guns is always of interest to shooters and we look forward to the response from competitors, as the shooter is always the beneficiary.

## Victorian State ACTA 5 Stand Sporting Championship

### Approximately 35 shooters attended the Bendigo CTC for the State Sporting Championship on March 3rd.

The event was held under windy conditions with a mixture of light showers. The program ran smoothly with some excellent results rewarding determined competitors vying for the coveted red sash and the chance to represent the State.

Competitor numbers were down from previous events as the State was suffering from extensive flooding. However, the depleted number of participants was not a reflection of the high quality of the competitors or their determination to win.

The overall and 'AA' grade winner was Bendigo local Leigh Roberts, 94/100. 2nd in AA went to Sox Pilipasidis 121/130 after a challenging shoot off against Peter Hall 3rd place AA.

'A' grade winner was another Bendigo local Brian Taylor with 89/100. Second went to Hayden

Mountjoy 86/100, 3rd Phillip Stowe 85/100.

B grade results - Gaye Shale was rewarded with a well earned 1st place after braving the flood waters to drive to Bendigo 81/100, 2nd Bruce Billings 80/100 and 3rd Colin Finn 78/100.

'C' grade results - Gabriel Haralambous 69/100. Stephen Foster, 64/100 and Luke Torney 59/100.

Veterans - Bruce Billings, 80/100.

Ladies - Renae Birgan, 90/100.

Juniors - Adam Shale, 89/100.

The State team placing are Leigh Roberts, Peter Hall and Sox Pilipasidis, congratulations and good luck. The reserve positions will be filled by Jeffrey Zammit and Nathan Harris.

The day was a success with many people willingly volunteering their time to set-up, refill traps, score, referee etc.

Brian Taylor congratulates Leigh Roberts, Overall and AA winner

As usual with any event it is the silent unseen participants that ensure the success of the event. Well done to the ladies in the canteen for their endless supply of first class food. Thank you to all the shooters that braved the elements to ensure the day was an enjoyable, successful event.

# ***In Memory of Tony Calandro***

## **ECHUCA CLAY TARGET CLUB**

Echuca Clay Target Club on Sunday the 11th of March 2012 held a memorial shoot in memory of Shepparton personality, Tony Calandro. Tony, a businessman, a father, and a grandfather to a large family population in Shepparton was also a Clay Target shooter, and is sadly missed by all his friends and family. The major sponsors for the shoot were Calandro Excavations, and the Calandro family, and the Echuca Club is very thankful for their contribution towards what ended up being a truly magnificent shoot.

If the day had been ordered to above it could not have been any better, with a clear sunny sky, 27 degrees, and a little wind from the south, not enough to worry the twelve full squads of shooters, but enough to blow any insects away from the competitors. The actual six trap layout looked picture perfect, due in no small way to the hard working Echuca Club committee's working bees prior to the shoot. And although a lot of the visiting shooters had brought family along which did swell the numbers, the free afternoon tea that the ladies committee supplied had more than sufficient tasty food for everyone in attendance. So many thanks to, Dot Roberts, Heather Bradley, and Helen Atkins for all the superb home cooked goodies that were on offer.

With four grades in each of the three events, catering for a 1st and 2nd place, and High Guns as well, there were Sashes galore to endeavour to win. Also the value of the trophies, being cartridges, attracted some very good shooters, and they produced quite severe competition with resulting excellent scores.

A shoot off was needed to decide an Overall Winner in event one, a 50 tgt Tony Calandro Memorial Points Score Championship, and that was between Cohuna member Casey Fletcher and Echuca's Steve Atkins. Finally Casey buckled, giving the Overall Winners Sash

*Stephen Atkins OA PS*

*David Calandro 1st in A PS*

and 1st place in AA grade to Steve, 174/174 was Steve's well shot score! The 171/174 score that Casey shot earned him the 2nd place trophy for AA grade.

Fifty targets of Single Barrel shooting was the next event, being a 50 tgt Tony Calandro Memorial Single Barrel Championship, and only one shooter was good enough to down all fifty and that was

Bendigo member, Emma Cox. Emma needed no shoot off to claim her Overall Winners Sash and 1st in AA grade trophy after shooting that excellent 50/50 single barrel score, well shot Emma!

Finally, event three, a 50 tgt Tony Calandro Double Barrel Championship, and although there were at least three squads of shooters with a clean score it was not long before it was a battle between five, then quite suddenly down to two, Tom Allen a Mansfield member, and Terry Walls a shooter from Yarrawonga, then Terry dropped his 269th target and when Tom shot his it was all over, with Tom Allen putting his hand up for the Overall Winners Sash and the 1st place in AA grade trophy with a magnificent score of 269/269.

Stephen Atkins and Casey Fletcher both with a High Gun score of 247/250 having lost just three points for the day, decided because it was a memorial shoot for Tony Calandro, to not shoot off, but to share the Overall High Gun Sash in honour of Tony.

The Ladies High Gun Sash was won by Emma Cox having scored a 241/250 for the day. The Junior High Gun Sash was claimed by Albury Wodonga member Ethan Brindley who shot a 244/250, and the Veterans High Gun Sash was awarded to Mansfield member David Luelf who shot a 243/250 score for the day.

Shared OA HG S Atkins & Casey Fletcher

Single Barrel Championship to put his name to the 1st in C grade place and receive a Sash. I am sure both these boys will put those Sashes in a prominent place in their homes.

An excellent shoot that ran smoothly all day, and with twelve squads needing just two waves over the six traps, the shoot, even with the fairly long afternoon tea break, finished at an early time, allowing all the visitors' ample time to travel home in daylight.

Members of the Calandro family to have a win were David Calandro, who claimed a 1st place Sash in A grade in the Points Score Championship with a score of 148/150, and Anthony Calandro who shot a 41/50 in the

## Wangaratta 5 Stand Sporting Clays

Perfect weather ensured a terrific day of 5 Stand Sporting clay target shooting at the Wangaratta range on Sunday 11th March. The club attracted nearly 40 shooters, some of whom were getting some practice for the coming duck

opening season. The competition was generously sponsored by John Argilla, from Into Shooting. John's business supplies targets, traps and ammunition and the Wangaratta club uses his Bowman traps for the main 5 Stand Sporting Clays ground.

Great visibility resulted in some top scores being achieved on the day. As usual, several of the traps were set to throw some challenging targets and the others were a little more straightforward. Offering shooters a range of targets satisfies competitors of different skill levels. The club is very proud of the excellent infrastructure and design of the three different disciplines we can now provide. This level of excellence provides state of the art facilities for local and visiting members alike and ensures good attendances for the club.

Due to the generosity of our sponsor, Mr John Argilla from Into Shooting, the club was able to provide three places in each grade, including Juniors, Ladies and Veteran High Gun awards. Robert Hall

Back L-R Christian McGauran, Alex Reid, Gordon Le Poidevin, Robert Hall, Reg Carmody and Paul Reynolds. Front: Terry Pigram, Will Robinson Rhys McGauran

## Two days of simulated field featuring the GB/Corsivia Hillview Challenge Championship.

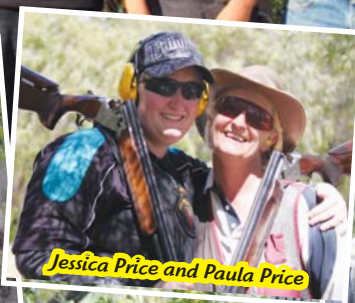

The recent Augusta Clay Target Club's annual two day Hillview Field Carnival featuring the GB Corsivia Hillview Championship attracted a great field of 110 shooters for 2 days of stimulating simulated field shooting. This is the Club's premier event each year and clay target shooters travel from near and far to participate. Bushfires that threatened East Augusta caused concerns to some shooters and this may have caused some shooters to miss this premier event. Fortunately for all, the very large fire was brought under control before too much damage was done to farm buildings etc and East Augusta was spared.

The Club's location on the eastern flank of the Leeuwin Ridge affords a wonderful visual sensation of the Blackwood River Valley and the Great Southern Ocean and the Club makes the most of this wonderful attribute when setting the shooting stations.

Maximum use of the types of targets makes for a challenging shoot. Black, orange, white and green; battue, chondelle, single, double, raffael pair, midi, super mini, rabbit and simultaneous pairs are all used the provide

a variety of targets that ensures that only the most determined and focussed shooters score the high percentages.

To ensure the minimum of "no targets" and to maximise the true flight of targets, Augusta exclusively uses Corsivia clay targets due to superior quality, cost effectiveness and availability.

Handicaps this year were calculated from past performance over the last 3 years at Hillview rather than using the more traditional approach of ACTA handicaps and this proved to be a great success.

The weather for the weekend was excellent for clay target shooting. Bright conditions with a few clouds enhanced target visibility and the cooling breeze was not strong enough to cause too much flight variation with the targets.

# REX VARLEY HONoured

The boards naming the office bearers in the Guyra Gun Club say it all! From 1963 until 2012 the name Rex Varley appears as the sole Club Secretary/ Treasurer. Rex was recognised during the open shoot on Sunday, 26 February 2012, during a moving ceremony to name the new club skeet layout in his honour, for 50 years of continuous service to the club.

Richard Torbay, Member for Northern Tablelands, spoke of Rex's remarkable achievement to volunteer in such a position for this length of time.

"Fifty years is like seven political careers!" he said. "To keep a secret this long would never happen in Parliament!" stated Torbay, (of the ceremony for Rex). "This is the best shooting facility I have been to," Torbay added. "It is a great sport and I am proud to say that!"

Torbay also recognised the NSW Department of State and Regional Development for its contribution to assist in funding the skeet layout.

Herb Williamson, a past president and co-patron of the club with Richard Torbay, spoke of the history of the club of which Rex has been a continuous part. "We had a ship's tank as a trap," recalled Williamson, "With a steel rod running up a galvanised

A special thank you must go to the ladies, Doreen, Fiona, Ruth and the others in the kitchen for their hard work in feeding the masses. I would also like to thank Elizabeth and Sandy for their help in the office and the numerous others who kept the squads moving and filling the traps. # LAETISHA WINS COUNTRY VICTORIAN LADIES CHAMPIONSHIP

**O**n Sunday 11th of March the Wonthaggi Gun Club hosted its annual 100 target Double Barrel Country Victorian Ladies Championship. This was shot in conjunction with 50 targets Double Barrel and 50 targets Points Championship. The ladies event was for 1st, 2nd and 3rd with broken targets to count.

Well what a day it was! 11 squads, 55 shooters of which 14, were lady shooters. What a fantastic result to have so many ladies participate. We had ladies from as far away as Tasmania and the Western District. It was overcast for most of the day with a slight, but cool breeze. The grounds were in top condition thanks to member Jim Maffett and the canteen was well staffed by Brenton, who was assisting on behalf of his mother.

Shooting was done in lots of 25 which got us through fairly quickly and gave shooters a chance to relax between rounds. By the end of the day most of the places were cut and dry, with only a couple of shoot offs.

For the 50DB and 50 PTS Championship it came down to a shoot off for AA and OA between Hecta Crawford and Bernie Stokes. They went to the tracks to shoot in multiples of 5DB and 5 PTS. They got through the DB no problem but Bernie uncharacteristically missed 2 whole targets in the Points giving Hecta the win and OA. Great shooting from Hecta.

Final results were AA & OA Hecta Crawford 219/220, AA 2nd Bernie Stokes 213/220, A 1st Rebecca Madyson 193/200, A 2nd Geoffrey Palmer 192/200, B 1st Craig Maroney 193/200, B 2nd Rodney Lide 180/200, C 1st Indi Gladman 169/200, C 2nd Stuart James 167/200.

For the main event, the Country Victorian Ladies Championship, Laetisha Scanlan took out first with a great score of 99/100. It was then left to Renae Bergen and Rebecca Madyson to shoot off for second and third as both were tied on 98/100. The shoot off only went a couple of targets with Renae Bergen taking out second with 100/102 and Rebecca Madyson third with 99/102. The girls took home \$300 for first, \$200 for second and \$100 for third. Well worth the drive down to Wonthaggi.

I would like to thank everyone for attending and helping out on the day and look forward to seeing you all soon at one of the friendliest clubs in South Gippsland.

*Cheers, Steve Ziegler, President WGC*

# NORFOLK ISLAND International Clay Target Championships

**Anson Bay, 5th – 10th February**

**F**rom beautiful conditions, to fog and rain in minutes, caused disruption to air-craft operation for incoming flights from both Australia and New Zealand.

Prior to weather conditions closing in, we had a total of 14 shooters on the ground and we were eagerly awaiting our visitors as flights were continually being turned back to their destinations.

Finally one flight got in from Sydney on the Saturday but Sunday's flights were again disrupted. Then reshuffled to pick up from both Sydney and Brisbane, New Zealand flight arrived mid afternoon Tuesday.

Given the delays with flights from both Australia and New Zealand, the rearranging of competition schedules did allow the delayed shooters to still compete in a full program. Finally we did catch up to still finish on Thursday.

Eighty-seven shooters from Australia and New Zealand together with the local members have had an excellent week.

Norfolk Island members do sincerely thank all competitors for their appreciation of the delays and we were very grateful for the efforts all shooters went to, to ensure that they were still able to complete the entire program great work from you all.

# Psychological Skills for Shooting

Michael Kruger-Davis

## QUESTIONS?

Last month's article called paradigm shift was by way of a foundation for what was to come this month. This month was going to look at the different thinking and responding styles of baby boomers,

Gen X, Y and Z's. There has been a great deal written over the recent years on this subject and sociologists and organisational psychologists see the rules of engagement between the generations as important within the workplace, family and sporting bodies.

Unfortunately, I am unable to go any further with this topic this month as the research documents are still on my desk at home and I am currently unable to get back to my house due to floodwaters. I have been stranded off the farm now for 8 days and it will be at least another week or so before I will be able to return.

Regular readers will be well aware that a chief component of psychological skills for sport is how we view ourselves. Our opinions, beliefs, attitudes and judgements get in the way of keeping us from the task at hand. Our thinking lets our minds wander from the present (where it essentially has to be) to either the past (where we form judgements about ourselves, our performances or our abilities) or to the future (where we can develop fears and worries about things that might never happen).

So, what are the questions we need to ask ourselves to stay on track?

**Watch your thinking.** *What sort of unhelpful thinking is keeping you stuck?*

The answer is usually: rigid rules about your life, self-limiting beliefs,

unrealistic expectations, harsh judgements, reason-giving, being right, etc.

**Be aware and flexible.** *How do you see yourself?*

Answer: do you see yourself as just your current struggle or is there more to you. Do you see yourself as a score, eg 100/100 and anything less is therefore no good. Do you see your self-worth tied up in your performance at the gun club from week to week or is there more to you? What do other people see when they see you?

**What matters to me?** *How disconnected are you from your true values-what really matters to you and not others.*

Answer: Are you driven by rules, Do your internal rules contain words such as 'should', 'must', 'have to', 'good', 'bad', etc. Are you focused on a worthwhile goal or is your motive driven by anger, revenge, hurt, greed, etc.

**Be present.** *How much time do you spend dwelling on /reliving the past/worrying about the future/getting lost in your thoughts?*

Answer: To be able to shoot well or to be able to function properly at most things you need to be able to stay focused in the present. Too many of us, let ourselves get distracted by the things around us or worse, by our own thoughts. Sometimes, it is necessary to let things go so that you can complete the job at hand. This was Tim Gallwey's mantra from the Inner Game of Golf: Trust and let go.

**Open up.** *What things (feelings, sensations, etc) are you avoiding, and how?*

Answer: What are the costs of avoidance. How much time or energy does this take up in your life?

Avoidance has an opportunity cost. It is costing you howta you could achieve if you changed your behaviour and thinking. It is about taking a risk. Having a go and not being tied up in self-doubt: You cannot win – if you are not prepared to lose.

**Do what it takes.** *Are your current actions helping you get where you want to be, or be the sort of person you want to be?*

Answer: Do you need to learn some skills for change? Do you give up too quickly, when sticking with something might have worked OR persist when such action isn't working. As human beings we are always growing and changing: we are dynamic, never static, and yet when I talk to some shooters the thing that I notice the most is the need to stay with what they know or think feels right even if it is of no use at all. Avoiding change, avoiding the discomfort of having to do something differently, often gets in our way of learning and or improving. In this case, we are our own worst enemy.

Think about the questions raised and how you can answer them.

Hopefully, before next month I will be able to get home and after a long clean-up put together the article on engaging with the different generational sets that I was hoping to look at writing for this month.

**I have put together all the articles that I have written for the CTSN (and some that have not yet been submitted) on CD. These are available for \$25.00 (which includes GST and Postage). If you wish to purchase a copy please send cheque or money order to me at the address below.**

## Strong performances by Australian shotgun shooters

**Australia's shotgun stars have shown preparations are in good stead ahead of the 2012 international season with more strong performances across the weekend at Australia Cup 2 in Lilydale, Victoria.**

Following Russell Mark's (VIC) new Australian record in the men's double trap on Friday, fellow Olympians Adam Vella (VIC) and Suzy Balogh (NSW), along with Keith Ferguson (VIC) all shot world-class scores over the weekend.

2004 Athens Olympic Games bronze medalist Adam Vella (VIC) won the final of the men's trap after shooting an imposing 121 in the qualifying rounds.

Vella held a three target lead heading into the 25-target final and closed out the event emphatically with a 23 to win by seven targets.

The result all but ensures Vella will be nominated to the Australian Olympic Committee and have the opportunity to compete at his second Games in London later this year.

Catherine Skinner (VIC) produced a come from behind victory in the women's trap after Balogh fell one target short of equaling the Australian record in the qualifying rounds.

The 2004 Athens Olympic Games gold medalist, who now seems destined to compete at her second Olympics, shot 72 in the three rounds of qualifying but was not able to hold off Skinner in the final.

Skinner, who had qualified with a score of 66, was peerless in the final as she shot 24 targets from 25 to finish with an overall score of 90, three clear of Balogh.

In the men's skeet Keith Ferguson (VIC) equaled the Australian record with an outstanding 124 targets.

Ferguson, who dropped one target in his first of five qualifying rounds, then shot four perfect rounds to lead by four moving into the final.

A score of 23 for Ferguson in the final was enough to win the event by five targets from Clive Barton (NSW) and Paul Adams (QLD), with Barton winning the shoot-off for second place.

Australian International Shooting Limited CEO Nick Sullivan said the performance of several key members of the Australian shadow squad was welcomed ahead of the first World Cup later this month.

"These scores across the weekend are an important stepping stone ahead of the international events just around the corner," Sullivan said.

"The first World Cup is less than two weeks away in Tuscon and these scores will give our team confidence heading into this event.

"All our athletes are capable of repeating these scores overseas and it would be good to hit the ground running in the first international event of 2012."

The first World Cup is being held in Tuscon, USA from March 23-April 1 with Australia sending a team of 16.

The Australian shotgun team will be nominated to the Australian Olympic Committee following the London World Cup, which also serves as the official 2012 London Olympics test event (April 18-29).

# ACTA CLUB HISTORY

## Wanted-Help with information regarding ACTA Clubs both past and present

Through my Association with Clay Target Shooting & my hobby of Gun Club badge collecting it has become apparent that there were hundreds of small clubs throughout Australia which are no longer in existence.

As we lose our older generation of shooters we are also losing the history of these clubs, so I am endeavoring to collect as much information on both past & current clubs to insure our history is preserved.

I have made up list of clubs (State by State) from old CTSN magazines and through the help of some of our more senior shooters. I would be most grateful for any additions to these lists & any basic information about any of the clubs on the lists.

I am looking for information such as: when the club started; is it still operating; location of the ground; any name changes or has the club amalgamated with any other club/clubs. Even just additional club names if no other information is available.

The lists when completed will be available to any interested persons or clubs.

P.S. I have no interest in becoming an historian.

I look forward to any help available.

The list of Victorian clubs was published in the CTSN in May 2011 and New South Wales in February 2012.

Clubs in **bold lettering** are clubs which I don't have a badge from.

## JIM FERRETT SxS MEMORIAL

March 4 started as a hot & very humid Sunday which didn't get much better (weather wise) as the day went on. However, 3 squads of shooters fronted for the days events which included 30tgt SxS Jim Ferrett Memorial Shield.

The day was started with 25tgt D/B which saw 2 possibles shot (Ray Turner, AA & Russell Bourke, A). Even after 1 event there was lots of mention of how hot it was on the layout. With daylight saving still on, it meant the real time was 1 hour earlier.

All soldiered on to the 2nd event, which was what those SxS die hards were there for. Any shooter not owning a SxS & who wanted to compete in the 30tgt event were very kindly lent a SxS by other owners. 2 squads shot for the privilege of having their names put onto the shield in

memory of our mate, Jim Ferrett. Being hotly contested, there was a shoot of in AA & B grades, with Ray Turner taking AA from Kevin O'Brien & Graham Gill taking B grade from Geoff Pringle. A grade 1st was Jim's long time friend, John Duyker with 2nd going to Russell Bourke. C grade went to Chris Doust.

With the SxS finalised, the day continued on to 25tgt S/B with AA shooter, Kevin O'Brien returning a possible. 25tgt pts finished the day (except for Club Mug), with AA, Ray Turner scoring 75/75.

The all important, and hotly contested, 10tgt, S/B Club Mug was shot by the stayers & was won by John Duyker with 10/10.

After a very hot day everyone went home worn out but will return next month for another great day of shooting & friendship.

## SINGLE BARREL CHAMPIONSHIP — 50T

Event sponsored by the Winchester Division — Olin Australia

Weather conditions were perfect for shooting the Single Barrel Championship, which attracted a total of 493 competitors — all looking for a win.

The lower scores reflected the change from double to single barrel shooting, with the Championship being decided over a total of fifty-nine targets. The event was dominated by New South Wales shooters, who between them won nine of the fourteen medals that were presented.

Gary Matchan (left) of Winchester Australia and National ACTA President Leighton Martin flank the 1992 Single Barrel Champ James Smith.

Rob Viney (centre) took AA grade in the SB Championship after losing the shoot off.

Overall first was J.W. Smith from Cowora, whose 88/89 gave him the National Single Barrel Championship ahead of Geelong's Robert Viney. With the event concluded by mid afternoon, those who had been working tirelessly on behalf of the shooters, appreciated the earlier than usual finish.

## WOMEN'S SINGLE BARREL CHAMPIONSHIP — 50T

A well deserved victory to Desiree Huddleston with a score of 48/50, making a welcome return to the Trap Nationals, a competition in which she had so successfully participated in earlier years. ## JUNIOR SINGLE BARREL CHAMPIONSHIP — 50T

AUSTRALIAN CLAY TARGET NEWS — JUNE 1992

# PHIL BODY - HIGH GUN AT BEGA

Despite the threat of more downpours, the hardy members of Bega Gun Club attended the March shoot. Nineteen brave souls turned up, including two from Cooma and one Bombalaite, to what proved to be a rain free day of great shooting.

The day's program consisted of four events, commencing with twenty targets double barrel.

C Grade was sorted fairly easily with John Walker dropping one target to win 19/20 from Dick McInnes on 17/20. Don Ubrien took out B Grade in similar fashion 19/20 with second going to Ray Kearns after a shoot off with a score of 26/28. Ray Welch and Alf Niesar decide to get value for money for the day by shooting another fourteen targets, with Ray winning 32/33 to Alf's 31/33. Not to be outdone, AA shooters Stuart Bennett and Phil Body took an extra target to sort out their division, Stuart winning, 21/21 to Phil's 20/21. Great shooting across the board.

Second event of the day was a 20 target single barrel shot off 15 metres. C Grade once again went to John Walker from Dick McInnes, although the scores didn't reflect their efforts in the first event. John collected the prize with a score of 13/20 to Dick's 11/20. Yes, it was definitely the same two shooting! Ray Kearns took out

B Grade with a score of 16/20 and Brody Walters collected second after another quick shoot off scoring 16/21. A Grade went to Ray Welch with a consistent 18/20 with Neville Teale collecting second in a shoot off with Alf Niesar, 24/28. AA Grade proved to be another close event with Stuart Bennett collecting first with 18/20 and Phil Body scoring 18/21 in the shoot off to take second.

Event three was a twenty target points score and Bob Walters found form in AA Grade to win his grade 60/63, with our fearless President, Phil taking second 57/63. A Grade went to Neville Teale who collected a creditable 57/60 one target down from Ray Welch 54/60, two targets down. Again, consistent shooting. In B Grade, John Siede and Don Ubrien took a couple of extra targets before John prevailed, 61/66 to Don's 60/66. In a reversal of positions, Dick McInnes scored 52/60 for first place with John Walker runner up with 40/60.

The final event, a twenty target double rise saw

Dick continue his good form winning C grade with a score of 29/40 with John taking second with a score of 19/40. B Grade again saw John Siede and Don Ubrien sharing the spoils with John winning 29/40 to Don on 25/40. A Grade saw Alf Niesar take the prize with a score of 34/40, with Ray Welch second on 31/40. AA Grade saw a reversal of places from events one and two with Phil Body collecting the rewards with a score of 36/40, from runner up, Stuart Bennett 31/40.

Presentation of prizes concluded a fabulous day. Phil Body was rewarded for his very consistent efforts across the day's events with the High Gun award. Congratulations.

The shoot raffle was shot by Bob Warner on behalf of 12 year old Alexander Eadie. Unfortunately for Alexander, the treasurer still has the \$500, but he collected a fine meat tray from our happy sponsor, Kydd's Butchery.

Glen Innes Clay Target Club recently lost a valued, long-term club member, previous President and friend in Monte Klingner. Monty travelled widely to shoots in DTL, Sporting Clays and Trench making many life long friends along the way. His larrikin ways and enthusiasm stood him in good stead for his fight. We will all remember his one-liners, such as "never seen the sun shine brighter".

Monte was President when the club relocated to its current grounds at the Stonehenge Recreation Reserve. He had been a Northern Zone Delegate. Monte was an instigator for organising our Annual Sporting Clays Shoot in April. He has also been a great supporter and sponsor of the club.

Monte will sadly missed by all members of Glen Innes Clay Target Club and all who knew him.

# RICHMOND RIVER CLUB NEWS

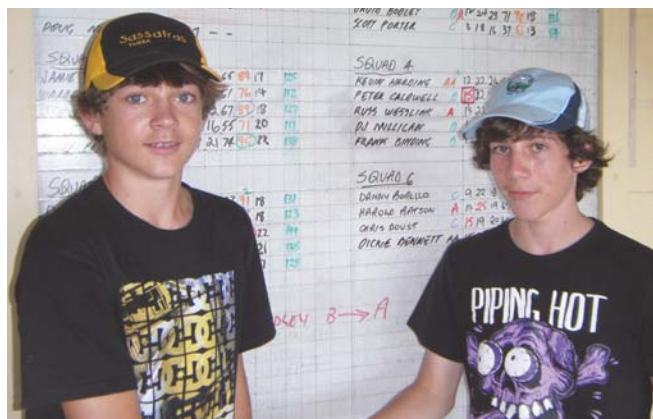

## SKEET

Skeet continues to be reasonably popular at Richmond River with 18 competitors shooting the monthly 75 target handicap event on Saturday 18/2/12. Don Johnson won the event, Paul Bodey 2nd with Ted Schneider and Jeremy Clarke equal 3rd.

## TRAP

With a number of members taking part in the Guyra Two day event, only a small field of 29 shooters lined up at Lismore on Sunday 26th February in hot and humid conditions.

The first round of the 2012 Jan Harding Memorial shield 5 complimentary points score eye opener targets preceded a 25T DB graded cash divide to get things underway. With virtually no wind, scoring was not as good as expected. Terry Preston (AA), Jeff Lowndes and Harold Batson (A) were the only ones to score 25/25. Dickie Bennett collected second money in AA with 24. David Bodley and Frank Binding shared B grade with 24. Phil Consalvo won C grade with 23 from Danny Borrello 22.

Junior shooters Ben Pitman and Mitchell Johnson

his second barrel it didn't work. Graeme Turner, the only other person to shoot the single barrel stage clean took 2nd (95/100), B grade went to Geoff Pringle (95/100) from Don Johnson (91/100).

Juniors Ben Pitman and Mitchell Johnson went head to head in C grade and it was not until the last target that Ben gained the upper hand winning with 89/100 to 86/100. These two had another battle in the final event 15 pair of double rise Ben ultimately being successful (26/40) from Mitchell 24/40 after an additional five pair shoot off.

Shoot offs were also necessary to determine AA going to Dickie Bennett 31/40 from Phil Westbury. Harold Batson streeted the field winning A with 25/30. Jeff Lowndes secured the High Gun and 2nd in the double rise with 22/30.

Geoff Pringle had his 2nd win for the day in B grade and took Intermediate High Gun with 22/30 from Luke Barnes 27/40 after a shoot off with Peter Caldwell and Bruce Copper.

A 75 target medley and 15 pair of Deauville Doubles is scheduled for Sunday 22nd April and Sporting Clays on 5th Sunday, 29th April. Preparations are now under way for the club's two day shoot in May. See our ad elsewhere in this issue.

A score of 97/100 in the fifty target medley consisting of 25 SB and 25 PS gave the consistent Jeff Lowndes another A grade win and set him up well for the High Gun. Sadly for Jeff, on the one occasion he needed

## Mathoura Hosts Zone Continental

The program for the January 2012 shoot at the Mathoura Gun Club included a 25 target Victorian North East Zone, Single Barrel Night Continental Championship, possibly the toughest discipline in trap shooting. Three squads of shooters from a wide area arrived to test their skill at night shooting, in that, and the other three events on offer for the night.

Reid Knuckey a Yarrawonga member, and local shooter Peter McClusky were able to shoot all ten targets in event one, a 10 target Double Barrel Cash Divide, and they shared 1st place cash.

Event two, a lot harder, was a 10 target single barrel continental cash divide, and again Reid Knuckey, also Brian Knuckey from Yarrawonga and local, Bill Simpson, all top scored with an 8/10 result and all three shared 1st place cash.

Event Three was the main event and Echuca member David Cox only had to shoot 19 of the 25 targets to secure the Overall Winners Sash and 1st place in AA grade, Brian Knuckey shot an 17/25 and that earned him 1st place in B grade, and Mathoura member Thomas McClusky shot a 17/25 as well, and that gave him 1st place in C grade.

Event Four was the last on the program, and again David Cox showed off his skill by shooting a clean 45/45 score in the 15 target Points Score Cash Divide, and that score earned him the 1st place cash. Bendigo member Emma Cox shot a 41/45 score and that earned her 2nd place cash, and Thomas McClusky, shooting well on the night, shot a 37/45 and that was good enough to get him the 3rd place cash dividend.

A shoot enjoyed by all who attended. Running smoothly, and ending at a respectable time of night.

## February – 100 Target Sporting

Forty shooters braved the 39 degrees conditions and total fire-ban to contest Wattsies and Phil's strategically presented targets. Whilst most shooters found the combination a considerable challenge, Robert Hall was hotter than the weather and only two down after the first 65 targets. He left a couple of breeders at the finish but ran out a comfortable winner with 91/100 from Peter Hall on 89/100.

Kellie Norris blitzed the Ladies and A Grade with 84/100 from Phil Stowe's 79/100. Phil was no doubt fatigued from spending Friday setting up the grounds. Many thanks to Phil who,

whilst not a Maryborough club member, is always happy to assist.

B Grade and Juniors was won by the fast-improving and 'Rising Star'

William Preston

Darcy Watts, 75/100 from Rob Evans 69/100.

C Grade went to Bill Preston from Vice President Jim Gaunt. John Johns collected the Veterans before members and visitors pitched in to pack up the traps, completing an enjoyable day.

## March – "Come and Try Day"

For \$10, novices were provided a gun, targets, box of shells, individual tuition and a BBQ tea.

Twenty-two visitors were introduced to the safety essentials of shooting before venturing to the tracks where they were coached in DTL, Skeet and Sporting.

With club coaches, Jim Shepherd and Darren Watts and other club members instructing, it was not long before they were smashing targets. A number demonstrated real promise, with one totally novice junior recording 8 straight on the Skeet ground. From the interest shown, the Club is confident of recruiting a number of new members.

# Northern Zone Ball Trap Championship

## GRAFTON CLAY TARGET CLUB

Sunday 11 March dawned with clear skies and light cloud and no sign of the wet conditions. Grafton Clay Target Club had experienced over the prior weeks. It was all systems 'go' for the 50 target Northern Zone Ball Trap Championship of which Grafton Clay Target Club was the hosting Club.

The Club was fortunate to gain the sponsorship of Campbell Sawmills of Coutts Crossing (Grafton) and Balranald and with cash prizes of over \$1000 it was no surprise that competitors had arrived from as far away as Port Macquarie, Guyra, Richmond River, Dorrigo as well as shooters from the Clarence Valley and members of the host Club.

Eight enthusiastic squads lined up for the Championship with the odd numbered squads getting their eye in with a 16 metre Double Barrel Cash Divide whilst the even numbered chased the Ball Trap clays shooting 25 targets on the first visit and later returning for the next 25 targets.

When the even numbered squads were finished their allotted Ball Trap targets the situation was reversed and it was time for the odd numbered squads to catch up with those illusive Ball Trap clays.

When all were finished scores were counted and Geoff Field from the

Guyra Club came in with the highest score of 46/50 to be declared the Overall Winner and take home the Championship Sash.

No shoot offs were required to determine the first place in each grade. Winners in each grade were AA Grade Brendan Colson (Yamba) 44/50, A Grade winner was Robert Clarke (Port Macquarie) 45/50, B Grade winner was John Cunningham (Dorrigo) 43/50, C Grade winner was Mick Wilkins (Port Macquarie) 40/50. Each Grade winner took home a Medal provided by the Northern Zone and a cash prize supplied by the hosting Club.

Minor place getters took home a special medallion and cash prize supplied by the host club.

The full results for the Northern Zone Ball Trap Championship were:

Overall Geoff Field 46/50, AA 1st Brendan Colson 44/50, 2nd David Edmonds & Ian McDonald 43/50 (Shared), A 1st Robert Clarke 45/50, 2nd Rod Gardiner 46/53, 3rd John Reid 45/53, B 1st John Cunningham 43/50, 2nd

Robert Reeves 40/50, 3rd Kerry Miller 38/50, C 1st Mick Wilkins 40/50, 2nd Ian Sullivan 39/50, 3rd Nancy Davis 37/50.

Shooters showed there was no problem in handling a cross over to the 50 target DTL Double Barrel event off 16 metres with excellent scores being achieved. Geoff Field was again one shooter who showed superb skills in handling the slower speed clays by achieving a possible 50/50 allowing him to take home the High Gun Tankard.

Grafton Clay Target Club wishes to thank all shooters who came along and made the day a complete success as well as their own members who helped make the day run so smoothly.

Special thanks must go to the Northern Zone Committee and to sponsor Campbell Sawmills of Coutts Crossing (Grafton) and Balranald.

## *The Squire reports from West Wyalong*

**The start of the big wet was not a good time to have a shoot scheduled but that was the case when the West Wyalong Clay Target Club had their 100 Target Sporting Clays shoot on the last weekend in February.**

Fortunately Dozer Collins, Allan Schirmer and his mate spent the previous afternoon setting up the range. Dozer was a bit wounded but came good as the afternoon progressed.

The air turned blue the next morning when it started raining early and Allan Schirmer had to make a rushed trip out to the gun club to cover the traps with traps.

When the rain set in organisers knew the crowd would be down but four squads of hardy shooters turned up and donned their wet weather gear and got ready to shoot.

The rain became heavier and then the real problems started with the remote controls for the traps as the water seeped into the hand pieces.

Dozer remained calm and reorganised the layouts and despite a few hiccups things progressed using a shortened format of 75 targets.

The rain eased but it stayed inclement with the wind buffeting targets, nevertheless there was some good shooting on display.

State representatives and the Central Zone reps were in attendance to get practice for the State Sporting Clays titles being held in Wagga.

Mick Munro was the outstanding shooter under the conditions scoring two good rounds with a 22 and 23. Mick took out overall and collected the trophy shells courtesy of sponsor Duncan's Chainsaws and Mowers with a 64/75. Bruce Wilesmith had a round of 19 which spoilt his chances but his 63/75 secured him first in AA Grade, Second in AA Grade was Laurie Redfern with 59/75.

Mark Wilesmith 60/75 shot well to win A Grade from Allan Schirmer 58/75.

Steve Cooper 53/75 was the B Grade winner from second placed Matt Wilesmith 47/75. Keeping it in the family, Rebecca Wilesmith shot 50/75 to win C Grade from James Turner 31/75. Veteran, Adrian Hodges shot 44/75 and young Andy Heingous was the Junior winner 44/75.

Laurie Redfern and Doug Murray brought their traps along and when the wet weather problems started Laurie's spare trap was put to good use. Thanks Laurie, good try Doug.

Angela Dent was terrific in the canteen at tucker time and her husband, Bruce helped out all day.

The Wilesmiths were a great help driving the buttons, refereeing and scoring throughout the day.

President, Dozer Collins thanked everyone for their patience during the wet weather problems and also Duncan's Chainsaws and Mowers for sponsorship of the event.

## **Ironman Championship at Ararat**

**The Ararat Clay Target Club Inc. welcomed Telstra sponsorship for the second year with the 100 target Ironman championship, 50 D/B, 50 P/S. The day was not looking too good at midday with the weather looking pretty bad, the rain was continuous but not too heavy.**

The eye opener started with light rain falling but at the end we had five possibles.

The 100 tgt started with light rain still falling which must have been distracting with only two shooters coming in with 50/50, Rob Jorgenson & Wayne Harris. With the rain finished for the rest of the

day, good scores were expected in the P/S but not to be. At the end of the event we had Peter Carroll from Ballarat the overall winner with our trap mechanic Gary Hargreaves coming in one point behind.

Thanks once again to the Telstra Shop in Ararat for sponsoring the day.

# The Little Things

Small things can make a huge difference to the lives of some of our sportsmen, some of which may have a few more challenges than most. Goulburn Clay Target Club in recent times took the initiative to add additional concrete paths between the 5 shooting stands of each of our three trap layouts, which on the surface does not mean much at all. However, to the disabled and some of our older less nimble members of our club along with the traveling members from out of our area this thin strip of concrete can make a long and physically taxing day just that much more enjoyable.

*Paul Jenkins appreciates the new paths*

Paul Jenkins, from Majura Park Club in Canberra, through whatever challenges life has thrown his way has landed himself in a wheelchair. Like most people that are thrown a challenge Paul has not let his wheelchair get in the way of a sport he loves dearly. An accomplished "A Grade" shooter, on his day can mix it with the best. Paul has the same challenges that the rest of the clay target community has, along with the fact that he needs to navigate

his way, generally in the middle of an uneven paddock, in a wheel chair that is made for operation on level pavement. As a travelling shooter

Paul does not always have the luxury of tracks that are level and concreted like they are at Goulburn. This small detail means he can concentrate on the task at hand (breaking clays) and he does this well, regularly beating those more agile and standing three feet taller.

The Goulburn Clay Target Club is well known for running a fantastic family friendly sporting facility, the little things that go on behind the scenes often with little recognition and no expectation of any, is the reason that shooters from other clubs are drawn from hours away. The clubs loyal following was evident after the monthly shoot was over, the travellers were all on the road and the annual general meeting had just begun. Most people would have high tailed it knowing if they hung around for the meeting they would most likely score themselves a job for the year, this was not the case as almost half of the clubs members stayed for almost an hour to make sure the clubs future stays bright. Leon Cuzner was again unchallenged and unanimously appointed club president, all positions were filled with the addition of Lyn Clarke as the newly appointed treasurer (congratulations Lyn!).

Leon's love for the sport and commitment to the club shone through and he took out the Overall High Gun for the day with 97/100 along with the double barrel championship 96/96 after a lengthy shoot off and the double rise championship 47/50. Another standout was Les Burchill in the double barrel event with first in "B grade" with a hard earned 49 out of 50 targets.

If you have wondered what the sport is all about or just wanted to try your hand, this can be done on Tuesday 20th March at 6.00pm and every third Tuesday of the month, for more details Leon Cuzner can be contacted on 0428 382 995.

## Russell Mark And His Beretta DT II Break Australian Record

Olympic gold medallist Russell Mark set a national record of 195/200 in Double Trap, securing his spot for the Australian National Team for the 2012 London Olympic Games.

Russell used his new Beretta DT II Double Trap in the Australian Trials at the 2006 Commonwealth Games shooting range in Lilydale. He was one point off tying the world record after a perfect score of 50/50 in the final.

His victory sets him up to compete at his sixth Olympic Games in London, beginning in July.

From the Beretta Australia Team, congratulations to Russell on his brilliant performance.

### Beretta DT II Trap

Available with 30" or 32" Steelium Pro Barrels®. Beretta DT II is also available in left handed configuration and with adjustable stock. Please note that the recommended retail price below refers to Beretta DT II without adjustable stock.

## \$9,999 RRP

For forever servicing terms and conditions please refer to [www.berettaaustralia.com.au](http://www.berettaaustralia.com.au)

*'After using my new DT II for the very first time I honestly think I now have a clear advantage over any competitor that is not using one. It is very distinct with its total lack of muzzle flip and its lower feeling of it's perceived recoil. Both of these factors are paramount in producing world class performances. Its technological advantages comes by way of its unique barrel design, a function that no other manufacturer can copy on a standard competition grade shotgun. There is no doubt in my mind the DT II is the best competition shotgun ever produced and it will raise the standard that other firearm manufacturers will have to try and copy.'*
