K-80 PRO TRAP

There's a good reason why the K-80 Pro Trap is a shotgun legend. It's a combination of everything that makes that crucial difference in competitive shooting. The raised and adjustable floating rib, provides a significantly broader field of view. The adjustable stock allows individual fitment, merging shooter and shotgun into one. With a 10 year warranty and legendary reliability, it will still be wearing in when the others are worn out!

Presidents Notes

I have been advised by the Editor that there is one further article required from me before the June meeting being held in Wagga from the 18th to the 21st. If you have any issues that you wished raised at this meeting, please have your club forward same to either of your State Delegates for inclusion and discussion.

This June meeting is being conducted under a different format. In the past, committees planned for the coming year and at the meeting reported on what they had achieved in the past 12 months. Newly formed committees then took ownership of the planning of others. At this meeting the committees will be formed before the planning sessions so that committee members will take responsibility for the delivery of their own strategies and plans over the coming year. As with anything, if it doesn't work, the next President I am sure will change it back to the old (or a different) format.

There is an old saying, "Nothing changes if you don't make change". Sometimes it works, sometimes it doesn't, however unless tried, things just "stay the same"! Nothing progresses.

I had the pleasure of attending the 2015 Skeet National Championships held in Wagga this month and attended the 'shooters meeting'. Several issues were raised and I thank everyone for their input. The Executive Officer, Tony Turner has noted them and will raise all of these at the June meeting for consideration. Several discussions included:

- the installation of another skeet layout (or two):
- fencing of layout eight, and
- rules regarding camouflage clothing.

There were some other issues, each of which will be reported on in the minutes of the meeting.

It was heartening to see over 160 competitors attend this

carnival and enjoy the camaraderie between shooters. The skeet "Hall of Fame" was also held during the carnival and without mentioning any names, I congratulate all award recipients for their achievements. I find the depth of achievements by individuals, is absolutely incredible and I am continually amazed that one person can achieve so much.

I also thank the Shoot Marshall, Sue Pim for her outstanding work during the carnival, the ACTA staff, Executive Committee members Don Power and Terry Marsden (Tournament Director) for their work and assistance – nothing was too hard for them at any time, and finally Alison for completing the shoot books and regrading shooters when required. Thank you all.

There are several other persons I would like to thank for their work in the ACTA – these include Adrian Cousens as the "ACTA Historian" and Mark McInnes for the work that he has previously completed on ACTA records and history. Without the dedication of both, our history would be lost forever. Adrian explained to me that the trap records are at a good level; however there are many skeet records that need to be located and included. I hope that all States will assist Adrian in completing our historical records when contacted!

I also would like to thank the Vice Presidents that have assisted me over the last two years, namely the late Ron Traill, Robert Fox and Robert Nugent. I hope that the incoming President receives the same assistance that I did from my Vice Presidents during my term. I thank also past Presidents, John Mack, John Byrnes and Glenn Woodhatch for their counsel and assistance when required – it made my position far easier knowing what had been achieved in the past when planning for the future.

I have enjoyed immensely my time as President and have met many varied and interesting people with varying personalities. I look forward now to more competition shooting, more field shooting and getting back onto the water fishing! My garden also needs much work, so hopefully I can get into it and start using the various implements that I have accumulated over the years but lacked time to take out of the box!

Stay safe!

Allan Vileins

Executive Officer's Report

The National Executive meeting is being conducted under a new format in 2015 to allow for a comprehensive review of the aims, objectives and opportunities of the Association. The review will look at the opportunities and direction of the Association in the medium to long term.

The results of this review will be pivotal in setting the strategic direction of the Association into the future. Whilst not pre-empting the outcomes, I have highlighted some areas that will be addressed at the meeting.

The review will include the structure of the Association, always a controversial issue with any association, however one that needs to be addressed based on the needs of the Association in moving forward. In the current climate it is not sufficient that members holding Executive positions have the right intentions, they must have the right skillset to offer the body they represent. There may be new processes to have elected members on the Executive. There is also the need within the Association to have the right balance of "specialist" business skills on the governing body.

There are examples of many sporting organisations in Australia "seeking" these specialists as "Non-Executive" members, that is they are sought out because of their expertise. If it is available through the membership that would be a bonus.

President Allan Vilcins has highlighted that the Sub Committees' structure is not ideal and is not producing the desired results. This can be addressed simply by modifying the "terms of reference" of these bodies. With numerous sub-committee roles intertwining it is more practical to have

these sub-committee's amalgamated to ensure the "ripple effect" of decisions is addressed. When decisions are made there are ramifications down the line and I give as an example a rule change, any rule change has an effect on Clubs, States and National competition. With Rules, Championships, Coaching and ISSF all working through one committee, any changes would be addressed by those involved at all levels.

Our structure of reporting will be reviewed with consideration given to how the Club, Zone, State, National structure works, is it effective? Do we have the correct communication process that allows National matters to be directed down the most efficient path to allow them to be addressed.

As stated I am not pre-empting any changes, however these are just some of the issues we need to address whilst planning the future direction of the Association. When strategic planning is mentioned many organisations choose to put their head in the sand when it is really an easy process. The questions that needs to be asked: Where did we come from? Where are we now? Where are we going? How do we get there? Answering these questions give us the information required to then make the decisions that allow us to make informed decision on the Association for the future of the Association. Remember, your State Executive elected delegates to the Association are your link to the National Body, talk to them and be prepared to offer constructive suggestions, we are listening.

Rule Interpretation

QUESTION

Hi

I had an occasion at a shoot recently as a referee where I gave a shooter a "no target" for a clay that came out of the trap house on its edge straight up in the air. The shooter hit the target which I called a "no target" which he then repeated with a legal target.

Discussion after the completion of the day gave me the impression I may have been incorrect with this decision, as consensus was that the target was unbroken so should not have been given as a "no target". Checking through the latest rule book showed that on the face of it, it was a legal target, but looking at clause 4.04 on page 37 gives a clear indication of what a legal target is, it's not a clay on its side going straight up. This target had no effect on the competition but I would like to have a ruling on this for future reference as I do like to be correct with my referee duties.

Thanks.

If you have any questions in relation to the interpretation of a rule in our Rule Book, please send your questions to the ACTA office and we will endeavour to provide answers in the CTSN

ANSWER

This is a very easy question to answer and is covered in the Rule book in 2 instances.

Rule 1.06 clearly specifies that the target **MUST NOT** be fired at to be called a "no target", or else be a broken target when it leaves the trap.

The other is Guideline no. 17 "Interpretation of refusal rule" :

17. Interpretation of refusal rule:

- A shooter may refuse to shoot at any target which he considers to be illegal.
- There is no limit to the number of targets the shooter may refuse as long as the Referee agrees with the reasons. Obviously, if too many targets are refused for illegality, the Referee must find the cause, then correct it. If the Referee does not consider that the target refused is illegal, he will ask the shooter why he refused the target. If the Referee is not satisfied with the reason he will tell the shooter. He will also state that any further targets which are refused, and are considered by the Referee to be legal will be scored "Lost Target". If the above situation seems likely to arise, it is preferable that a third party, qualified if possible, adjudicates subsequent refusals. The foregoing procedure in no

way discriminates against the Referee, it is meant to assist in equity of competition. **A major point missed by Referees is that although a shooter may refuse to shoot at an illegal target, he is equally entitled to accept an illegal target. However, if he shoots at and misses an illegal target, the only decision open to the Referee is "Lost Target". Similarly, if he hits it "one" or "two" is scored, abide by result.**

(c) A Referee should not call "No Target" for a fast or slow released target, nor if the target seems to him to be too high, too low or too wide. "No Target" should only be called in the case of a broken target, a pair of targets emerging instead of a single (or vice versa), or where a safety hazard exists if a shooter elects to shoot at the target.

(d) Referees are to ensure that "R" for refusal is entered on scorecards. Every refusal must be called either "No Target" or "Lost Target" by the Referee.

The simple answer to the question is that the Referee made an error of judgement.

If the target was a complete target and was fired at by the shooter then the result of the shot must stand. Abide by result.

FLYING FOX CARNIVAL

TAREE WINGHAM CLAY TARGET CLUB
APRIL 24, 2015

The Taree Wingham Clay Target Club's Flying Fox Carnival is done and dusted for another year. In the lead up to the weekend the Newcastle and Sydney Metropolitan areas were inundated with the most amount of rainfall in two consecutive days in 168 years and the phone at the club was ringing hot asking if the shoot was still on. Fortunately the rainfall did not reach the Taree-Wingham area and the shoot was full steam ahead. Caravans and campers rolled into the club grounds a week prior to the official carnival in the hopes of securing the prime camping spots and to escape the rain further south. The club grounds were looking fabulous thanks to the dedicated members who put in a grateful effort to showcase the lovely grounds. The 2015 carnival kicked off on Friday 24th April with official practice and principal sponsors Hunts Shooting Supplies providing a number of Perazzi guns for people to try on the practice trap. Michael Hunt was kept busy with stock adjustments and alterations as shooters

High Gun winners

were eager to try the Perazzi guns that were on offer.

Handicap Champion Peter Larcombe

Clear blue skies, calm conditions and warm sun greeted shooters on Saturday morning as 83 shooters nominated with over half the field consisting of AA grade shooters which shows the Flying Fox title is held in high regard across the upper echelon of the shooting fraternity. Honouring ANZAC day a moments silence was held following the playing of the last post with Kevin Raymond dutifully reading out the Ode, Lest We Forget. With the formalities over it was onto the lanes to shoot the first event, the 25t GB Corsivia Handicap Championship. Seventeen squads took to the lanes with only 3 shooters shoot-

ing the possible, which was surprising considering the class of shooters in attendance and the near perfect shooting conditions. 18 shooters were one target down with 24/25 and after a shoot off places 5th and 4th were decided with Rod Haug & Steve Wallis taking these places respectively. The shoot off to determine 1st-3rd commenced and lasted 4 targets before local Club President and handicap specialist Peter Ryan dropped a target to claim 3rd place. The shoot off continued between Tony Ryder (AA 23) and Peter Larcolombe (B 17) and lasted until the 16th shoot-off target which Tony let fly free enabling Peter to claim the Handicap title and 5 slabs of GB ammunition.

Conditions remained perfect for the commencement of the second event, a 25t Points Score Championship sponsored by local club member Kerry Bourke, proprietor of Bourkes Transport Industries. As expected with the conditions a number of excellent scores were posted. C grade was taken out by Gary Maytom with an excellent 74/75 with Kevin Aitken taking 2nd

in C grade with 71/75. B grade was taken outright by Dan Thistleton who held his nerve and posted a well shot 73/75 with a shoot off required to find 2nd place in B grade. Colin Crighton and Lionel Finlay wowed the crowd and both shot well above their B grade averages smoking targets on their first barrel up until the 20th target when Col dropped a whole target. Lionel hit his next target and took out 2nd in B grade. A grade was won outright by Karen Berry with a 73/75 and 2nd place was secured by Peter Fiorenza with 72/75. AA Grade shoot off commenced with 5 shooting the possible. After a further 75 points Tony Ryder and John Reid decided to let fate decide the winner. Tony came up with the right call and claimed overall honours with John settling for 1st in AA.

The final event of the day was the Taree Leading Appliances 50t Double Barrel Continental Championship. With the traps switched over to continental the shooting began and the change in height and elevation fooled a number of shooters. C grade was taken out by local club member Allan Mudford with 50/54 after a shoot off with a red hot, in form Gary Maytom 49/54. B grade had an outright winner with Peter Larcolombe claiming his second trophy of the day with 48/50, ahead of Colin Crighton on 47/50. A grade was a 3 way race for the title between Rob Marko, Terrie Busiko and Rod Haug. Nerves claimed the scalp of Terrie on the first target in the shoot-off quickly followed by Rod on his 4th target who settled for 2nd place and Rob Marko taking 1st in A grade. AA grade was an exciting chase for the title with shooters knowing a score of 50/50 would be required as a golden ticket into the shoot off. 9 shooters across 2 squads were in the shoot off for overall and AA grade. Squad 1 took to the tracks with Phil Baker the sole survivor of the squad, clean on 75/75. Squad 2 showed no signs of letting the title go with Arty Del-Ben, Glenn Kable, Vito Balliana and Nick Xenos all remaining clean. Shooters were re-squaded with Nick and Phil missing an identical low left hand target on their 81st. With conditions becoming darker it was only a matter of time until light would play a role in the decider. Vito would stumble on his 99th target with Glenn & Arty hitting 100/100. The two club mates decided that with the light fading a coin toss would decide the winner. Arty called heads and the coin landed heads up giving Arty bragging rights in the coin toss department, or as Arty would say in his thank you speech "A few people have called me a tosser and I guess I proved them right". Well shot gents and a great show of sportsmanship.

Overnight it was as if a switch was hit on the weather with a polarising cool and strong westerly wind blowing that had shooters reaching for their winter jackets. The 4th event of the carnival, the 25t Single Barrel Perazzi championship commenced. The strong blustery wind played havoc with the

clays and did not discriminate with shooters of all grades struggling. Charlie Sherry was the only shooter to post a possible and take out the title, a fitting win for a Perazzi user winning the Perazzi Championship. C grade was won by Russell Sainsbury with 21/25, 2nd in C grade was Allan Mudford with 24/32 after a shoot off 4 others including new shooter Adam Wilkinson who impressed in the tough conditions. Megan Wilkins claimed B grade with 21/25 and Dan Thistleton placing 2nd on 25/30. A grade winner was Karen Berry (26/27) after a 2 target shoot off with Tammy Henshall (25/27). AA grade was a 2 horse race between Tony Ryder and Vito Balliana with Vito victorious on 31/32.

The main event, the 19th annual Flying Fox sponsored by Hunts Shooting Supplies commenced in similar windy and cold conditions. The annual Flying Fox event consists of 25t Double Barrel and 25t Points Score shot in one walk as one event. A graders Steven Littlefield and Scott Anshaw put the field on notice early with a well shot 99/100 before the final wave of AA grade shooters took to the tracks knowing the door to the title was left open, however no possibles were posted amongst the elite shooters with 8 settling on 99/100. Under shoot off conditions, 5t Double Barrel followed by 5t Points Score with totals added after the 10t were shot. Steven and Scott would exit the shoot off in respective order and claim A grade honours. After a further 50 points it came down to defending 2014 Flying Fox champion Phil Baker and Joe Camilleri. Another 40 points would be required to determine a winner with Joe missing a double barrel target and Phil holding his nerve to claim his second consecutive Flying Fox title with 159/160. B grade was won by Lionel Finaly and 2nd Peter Larcolumbe, while C grade was won by Gary Maytom and 2nd Kevin Aitken.

The final formal event of the programme, the 30t C&L Paving and Asphalt Champion of Champions Cash shoot, off 18m was underway by 2.00pm. A change in meterage back to 18m did not deter C graders Gary Maytom & Allan Mudford who were the two most consistent C graders all weekend with the pair tussling it out in yet another shoot-off. Gary came up trumps to win with 63/75, over Allan on 57/75. B grade was won outright by Lionel Finlay on 46/50 and Lee Maytom taking 2nd on 43/50, ensuring her husband Gary wasn't the only winner in the family. Steven Littlefield shot well to win A grade outright on 49/50 over Tammy Henshall one point behind on 48/50. Overall Champion of Champions Champion would be between Tony Ryder, Steven Caltabiano and Hank MacInnes. Steven bowed out in the early goings to settle for 2nd in AA grade while Tony & Hank continued shot for shot. Hank would be the first to stumble on his 58th target and pull a second barrel, however as Hank stumbled, Tony fell and missed his target entirely dropping 3 points in the process which gave Hank the title and cash.

Once scores were calculated and High Guns were determine the inaugural Grand Champion shoot off sponsored by Leichts Tyre & Auto, an event exclusive to Taree Wingham CTC got underway with the overall and graded High Gun winners shooting 5t handicap until a grand champion was crowned. A short shootoff commenced and after 5t it came down to AA grade High Gun Tony Ryder and A grade High Gun Tammy Henshall. Tammy let the 7th target hit the ground with Tony hitting his next target and the crowd, thinking a winner was declared cheered in applause, not understanding a full 5t round was required to be shot to declare the winner. Tony would go on to miss his 9th and 10th targets and see Tammy crowned the inaugural Flying Fox Grand Champion.

As an aside to the carnival the NSW Gun Club/Taree Wingham Clay Target Club cup was contested throughout the weekend with 10 shooters representing both clubs. Shooter for shooter, grade for grade the TWCTC had to match

NSW Gun Club Team

the NSWGC members with the scores of the shooters tallied over the weekend. In the end the NSWGC team prevailed with 3004 targets against TWCTC 2918 targets to retain the cup.

The TWCTC committee would like to formally thank all attendees, local members for their tireless work and the sponsors who without their support we would not be able to provide the fantastic prizes that were on offer. We hope to see you back again for the 2016 Flying Fox that is guaranteed to be Bigger & Better again.

Lead Recovery

PCM Enviro Pty Ltd recover lead shot from gun clubs around Australia. They offer long term lead management agreements directly with clubs and can liaise with public and government bodies to give your club peace of mind throughout the process.

Craig and Paul Mitchell have been getting around the traps for some time now. If you haven't seen them driving slowly around your outfield collecting the lead shot you have been depositing, then chances are they have been standing next to you on the layout just putting a bit more out there to collect. Both are very competitive shooters.

They started PCM Enviro to help clean up the environmental issues related to lead shot. Their main focus is to give every clay target club the opportunity to make some money from the lead shot that they recover to recycle, not just the

bigger clubs. By giving every club this opportunity, clubs are improving their financial status as well as becoming environmentally friendly.

Having a lead management agreement in place with PCM Enviro can ensure that your club not only remains open for years to come, but also ensures that you are doing the right thing by caring for the environment.

In just the first 12 months, their initial site evaluations as well as their work with clubs that now

Craig & Paul Mitchell

have PCM Enviro lead management agreements has taken them to over 90 clay target clubs throughout Australia. They have been on the road for quite some time. PCM Enviro also contributes back to the sport by sponsoring a wide variety of events as they travel around the country and they are major sponsors of the ACTA Nationals.

PCM Enviro's specialised recovery equipment continues to be fine-tuned and with the expected commissioning of a new machine in early May 2015, they are quite excited about the new potential generated and the opportunity to assist more more clubs in lead recovery.

They are still continuing to develop equipment designs and are also actively looking for new markets to recycle the lead shot into. Hopefully this will allow an even greater return to clubs.

Speaking with Craig, "PCM Enviro has a straight forward approach. We aim to keep the gun clubs clean. Currently we recover around 95% of the lead shot in fallout zones where possible."

\$12,000 Prize Pool for Elsewhere's second birthday

APRIL 17-19, 2015

They started rolling in as early as Thursday in anticipation of securing a preferred camp site. Twenty plus caravans, campers and tents of all shapes and sizes. The weekend events kicked off at 3pm on Friday with a cash divide with the total prize pool in excess of \$1000.

After a BBQ tea, setting of the lights, and the fires stoked to ward of the cool evening, the State Night Points Score Championship was under way. A record number for Elsewhere CTC of 72 shooters vied for the overall position, this was taken out by Steve Zadow of Kingston SE only one point down.

Saturday started out cool and misty, with the 100t Double Barrel underway precisely at 9am. This Championship takes us back to our very first "opening" competition, with the winner being recognised on the honour board. The two previous winners were Des Mills and Darryn Nicholls. Only three were able to finish with 100/100, Steve Baynes, Jack Cullinan and Ross Collumb. After a brief shoot off, Steve Baynes was the overall winner with 122/122.

Time for the social side of the weekend, a magnificent roast dinner, dessert and a beverage or two, time to catch up and talk about the one that got away! The evening rounded out with Danny Hooper entertaining us all with a wide range of music, and encouraging our patrons to take to the floor. A visit from the local constabulary to ensure activities weren't getting out of hand didn't dampen the enthusiasm of the evening, although it is said there was one guest recommended not to drive for at least 4 days.

Sunday morning came around all too soon for some, with the Mixed Targets proving very evasive. The outright winner was Darryn Nicholls with the only possible 70/70. This was followed by the Handicap event, and after missing his first target Billy Baynes went on to win 34/35, after a shoot off with others that also let one slip.

With some tremendous sponsorship secured, the prize pool was in excess of \$12,000 over the weekend. It is with sincere thanks and gratitude ECTC acknowledge their sponsors – Platinum Gun Supplies, Perazzi Australia, Winchester, Rocky River Ag, Falcon Cartridges, Lokaway Gun Safes, TAMA, Elders, Murray Pest Control, Railway Hotel, Peracto SA, Hunts Fuel, Quality Wool, Adelaide Gun Shop, Collumbo Shooting Supplies, Morgan Sawmill, Glenrest Campers, LH Perry & Sons, Redden Brothers and Landmark.

It would be remiss not to recognise the enormous efforts of the Committee and Members of Elsewhere Clay Target Club for their commitment to ensuring a successful weekend that commences well before the events of the weekend. Preparation of the grounds, volunteering their time, food, equipment, it couldn't happen without your dedication. Thank you. A thank you also to Gary and his band of volunteers who fed us all on Saturday evening (140) and kept the hot chips coming!

87 competitors in all, (including 7 women), representing NSW, VIC, QLD and SA. South Australian State Skeet Carnival

SA STATE SHOOTING PARK
MARCH 7-9, 2015

The South Australian State Skeet Carnival was held over the Adelaide Cup long weekend of Saturday, Sunday and Monday the 7th, 8th & 9th of March. A few caravanners arrived on the Friday morning so that they had a nice spot with a view. A whole bunch of shooters took advantage of the practice session over the Friday afternoon so they could get a bit of a psychological edge. Once again, the State Shooting Park grounds were manicured perfectly thanks to JoHanna Brown our caretaker doing a magnificent job leading up to the event. Weather conditions were near perfect in the morning other than a little overcast with the temperature for the day only expected to reach the mid 20's. Only a mild breeze blowing and the targets looked easy to find.

Saturday morning got underway right on 9am and 72 shooters fronted up for the first event which was the 50 target State Skeet 20 gauge Championship. Scores looked generally pretty good on the board and after all the shooting had gone quiet, the eventual winners were: Overall was taken by Malcolm Briggs with 54/54. After a good shootoff, AA grade went to Robert Dower on 80/81 and 2nd place went to Laurie Durham on 79/81. A grade winner was Bronte Evans 61/62, and in 2nd place was Bruce Baker on

60/62. Adam Corless came out in front of the B graders with a perfect 50/50 and Guy Yoannidis was 2nd just 1 target behind on 49/50. Troy Oakes in C grade was 1st with 46/50 and Jeff Raper came in 2nd place after a shootoff with 50/56. Veteran winner was Robert Dower 49/50, Ladies placing went to Jacqui Durham 53/55 and the Junior winner was Aislin Jones on 46/50.

The sun came out and the sky cleared for the afternoon and the targets became even easier to see when the 2nd event for the day, the 50 target State Skeet Handicap Championship got started. 14 squads nominated and headed out to the layouts to see how they would fair up. Everyone was grateful that the afternoon winds that are usually experienced here stayed away for the rest of the day. Some said they were the best targets they had seen for a long time. The squads kept going till about 7pm when daylight started to fade and it was decided to pick up the shootoffs from 8am on Sunday morning.

Everyone gathered in anticipation early on Sunday morning for the continuation of the Handicap shootoff. Weather was again kind to us with slight overcast conditions, just a very light breeze and about 18 degrees. An hour later, it was all over and the final scores were in: 5th placing went to Lynton Schubert with 86/87, 4th place was taken by John Taarnby on 79/90, 3rd was Sjoerd

OA HG Hayden Mountjoy

Kerkhoven 87/94, 2nd placing was taken by Peter Kay with a 93/99 and in Overall, shooting 98/98 – Barry Moss. A great effort by everyone who had to come in early to finish it off.

The main event of the day got started right on time. The 100 target State Skeet Championship had fantastic clear conditions with literally no breeze to speak about. Everyone had a great time with some decent scores shot and at the half way mark, they were all gathering up around the scoreboard to see who had done what!! The 2nd rotation started and it was all over including all the shootoffs by 7pm. The final outcomes were as follows: Nathan Campbell ended up with a perfect 100/100 and took out the Overall title. After a good shootoff, AA grade 1st went

State Postal Team

Mark George B HG

Ladies HG Jacqui Durham

Junior HG Aislin Jones

to Hayden Mountjoy with 134/135 and 2nd was taken by Shane O'Brien 133/135. 1st place in A grade was Bruce Baker 97/100, while 2nd went to Aislin Jones with 96/100. Michael Raper came out on top for B grade on 105/111 while 2nd went to Ron James 104/111. C grade went to John Taarnby 89/100 and Matt Stokes got 2nd with 98/110 after a shootoff. Veteran winner was John Pethybridge 87/100, Ladies went to Jacqui Durham 97/100, and the Junior was Aislin Jones 96/100.

The public holiday Monday arrived and the day started at 8am with the Zone Team shoot. Eastern, Central and Western all headed out to see who could claim the honours. At the end of it all, Eastern Zone came out victors with 119/125. Team members were Cockles, K Atkin, M Raper, A Lock, K Mules & T Decaux. Central Zone was 2nd on 118/125 and finally with 110/125, Western Zone.

8.45am everyone got started on the 50 target City of Adelaide Championship. Overcast conditions came in but we were still lucky enough to have calm air and no winds. As the morning went on the cloud cover cleared to some fine conditions. The Postal Teams match was shot in conjunction with the 50 target City of Adelaide Championship. The 'Open' team was made up of Nathan Campbell, Lynton Schubert, Bronte Evans, Bruce Baker, Anthony Lock, Michael Raper, Benn Baker, Greg Kessegian, Ken Atkin, Kevin Mules, Peter Kay, Phillip Obst, Sjoerd Kerkhoven, Kenneth Carey and Peter Hendy. Veterans team is Sim-Hee Neoh, Steven Chambers and Trevor Decaux. The Ladies team was Melanie Jones, Deb McPherson and Heather Ryan. When all the maths had been calculated, the Open Team High Gun winner was Michael Raper, Veteran Team High Gun was Sim-Hee

Winning Zone Team EZ

Neoh and the Ladies Team High Gun winner was Melanie Jones.

The final winners for the 50 target City of Adelaide Championship were: Hayden Mountjoy worked hard to take out the Overall title with a fantastic 163/163. 1st in AA was Pedro DaSilva on 65/65 and in 2nd place was Barry Moss only 1 behind on 64/65. A grade winner was Nathan Campbell 61/62 and in 2nd place Anthony Lock with 60/62. Michael Raper got the sash for B grade with a perfect 50/50 and 2nd place went to Greg Kessegian 49/50. C grade was taken out by John Taarnby 46/50 and 2nd went to Sam Daou. The veteran winner was Sim-Hee Neoh on 48/50, Ladies went to Tracey Ashton 48/50 and the Junior went to Aislin Jones on 46/50.

At about 2pm, we all got started on the 25 pair State Skeet Doubles Championship. The 14 squads went through fairly quickly and by 6pm it was all over. When the results came in they read as follows: The Overall winner was Hayden Mountjoy with a perfect 50/50. Following up in the grades was AA 1st Barry Moss 64/66, 2nd was Shane Bennett 63/66, A grade 1st Bronte Evans 52/54, 2nd David Lemmich 51/54. In B grade Mark George came out on top with 50/54 and Tracey Ashton took 2nd on 51/58. C grade 1st went to Sam Daou 44/50 and a close 2nd to Jeff Raper on 42/50. The Veteran winner was Trevor Decaux, Ladies was taken by Tracey Ashton and the Junior winner was Max Sammon.

The Overall High Guns for the 3 days went to: Junior was Aislin Jones on 274/300, Ladies went to Jac-

qui Durham on 279/300, Veterans winner was Sim-Hee Neoh with 267/300. Overall C Grade winner was John Taarnby with 262/300, B Grade was taken by Michael Raper with 280/300, A Grade was won by Nathan Campbell 290/300, Barry Moss took out AA Grade with a 294/300. Missing only 4 targets over the 3 days, the Overall 3 day Open High Gun with a well shot 296/300 was Hayden Mountjoy. What an amazing effort and congratulations for also setting a new Skeet club record here at International Clay Target Club of 262/262. Amazing !!!

The South Australian Champion shooter was Nathan Campbell with a magnificent 196/200 and the Junior Champion shooter was Doyle Yoannidis.

Presentations were done and everything was wrapped up by 7.30pm so that everyone that had travelled could be on their way. In all 86 shooters competed which was a record for the South Australian Skeet Carnival. Thank you to all the interstate travellers who come over each year. It's great to have you on this side of the line. Comments coming from the crowd indicated that everyone had had a great 3 days, had enjoyed themselves amongst their friends and were looking forward to the next time they all got together at the Nationals

LAKEESIDE CLASSIC

NEWCASTLE LAKE MACQUARIE CLAY TARGET CLUB
MARCH 7-8, 2015

"IT'S BACK" after a short absence due to council restrictions, and a new DA in place, NLMCTC hosted its annual 2 Day DTL Lakeside Classic. After much pre work, and a generous answer for help by Cessnock Club, following a disastrous last minute event at the club, we welcomed an enthusiastic bunch of shooters. Some new visitors and some good old regulars lined up to see who would finish up with the O/A High Gun Green Jacket.

Fantastic prizes awaited all grades, with wonderful sponsorship from Manager Jared at the local BCF at Glendale, and generous sponsors Tom and Sarah Turner from Arms and Ammo at Beresfield. The event was looking to be a cracker.

First up was the 30T P/S Cash Divide, and some great scores including 4 possibles. Tony Arvanitakis and Cessnock's quiet achiever Paul Turner were equal 1st AA, followed by local all rounder Frank Searles 1st A, and club secretary Russell Williams 1st in B. Cessnock's Anthony Snow pulled off a very credible 84/90 for 1st C.

With the day warming up nicely to be a really top day for shooting, the BCF Glendale 30T S/B was the next event. Again great scores were the normal, with Sydney visitor Steven Caltabiano taking O/A and 1st AA from local quick Vito Balliana in a "Blink and you missed it" shoot off with 34/34.

Local painter and all round good bloke, Romano Bacci pipped local glass guru Ceri Aubrey with a 35/38 for 1st A. The Cessnock boys, Dan Thistleton and Nicholas Snow, took out 1st and 2nd B grade, and again Cessnock's Anthony Snow took 1st C from Robert Warren. 1st in each grade received a Navman with 2nd taking home Leathermans.

The day was going great, beaut weather, good targets and great company. Family man Ben Bartolo from Cecil Park made it a real family affair, with all 3 of his children shooting in the same squad. It doesn't get much better than seeing a whole squad from the same family enjoying themselves.

Again, BCF Glendale came up trumps for us with sponsorship for the 50T D/B. Prizes were the very popular Weber Q BBQ and Waeco Esky.

Steven Caltabiano was again showing his form with a clean 57/57 to knock off Peter McDonald for O/A and 1st AA. Young Jason Hancock, who stepped up a grade over the weekend, took Andrew Tsolakis to a shoot off to win A Grade with a very good 68/70. B Grades Peter Ryan and Peter Strickland only took 1 target to decide the winner. Maybe afternoon refreshments were on their minds.

C Grade was hotly contested by two of the nicest blokes you could meet. New dad Hugh Boyd showed his little fella how it's done to pull off a 48/50 from our local legal guru Ted Wright.

The day finished nicely, and with traps refilled and speakers covered up, some of the caravan crew of visiting shooters opened a few bottles of social ale.

HC winner Alex Nohra and Jack Turner with event Sponsor Tom Turner

Dan Thistleton being presented with 4th HC by Sponsor Tom Turner

Sunday dawned clear and still, with traps set by 7:30am, we waited for the 30T P/S to commence.

Port Macquarie's Hank MacInnes gave Arms and Ammo's Tom Turner a run to take out O/A and 1st AA with 119/120. Jason Hancock was again in form doing Dom Frasca for 1st A with a great 89/90. Young Nicholas Snow took 1st B grade from down south's 1st time visitor Steve Cassar with 88/90. Robert Warren took 1st C with 83/90 from Cecil Park's young Sam Bartolo.

The 30T Handicap was generously sponsored by Arms and Ammo, with a Howa 22-250 1st prize and other firearms and prizes.

Alex Nohra and Jack Turner went out for a few more targets to decide who took 1st and 2nd, with Alex pulling up 45/45 from Jack's 44/45. What are you going to do with another rifle Jack?

Local Cesar Diaz managed to wrestle big Dan Thistleton down to take 3rd with 53/54 to Dan's 52/54, while Shane Pinkerton got 5th with 42/44.

The canteen was humming with people enjoying the home made meatball and gravy rolls, as well as way too many calories in the range of slices made by Lorraine Bannerman and her team of tireless friendly ladies.

Romano Bacci crunching a target

Sash event and grade winners from NLMCTC Lakeside Classic

Last event was 30T Champion of Champions. If you ever want to see two great blokes and gracious winners, look no further than brothers Paul and Tom Turner who took out equal O/A and 1st AA with a perfect 75/75.

A Grade was again won by the man shooting anything with anything, local field shooter Frank Searles, with a 50/50 from fellow local lad Ceri Aubrey on 49/50.

Secretary Russ Williams pulled off B Grade with 48/50 from another local character Phil Pemberton on 47/50. Ted Wright used up another leave pass to shoot Sunday and very happily won C Grade with a 45/50. A shoot off for 2nd in C saw Robert Warren again in the money with 60/75.

With the office running like clockwork by Sally and Renae, it was time to find some of that marshmallow slice and a cuppa while the results were finalised.

It is only because of people like the Turners at AAA and BCF Glendale that clubs can offer such excellent prizes. Please support those that support your sport next time you are in the market for anything shooting or outdoor related.

Two day High Guns were fantastically sponsored by Arms and Ammo at Beresfield, with winners taking home sashes and GoPros among the prizes. O/A winner Peter McDonald with a 357/364 was also presented with his winners Green Jacket after he pipped Hank MacInnes who took AA 356/364. Frank Searles had a great weekend taking home A Grade on 319/340. Russ Williams was chuffed to take B Grade with 314/340, while "Proud as Punch" new dad, Hugh Boyd, brought his little fella up to be presented with C Grade High Gun on 300/340. Vets was won by visiting John Lisle with 317/340, and young local, Jason Hancock, finished up with a very pleasing 318/340, watched by very proud grandad Ron. Ladies was taken out by a lovely young lady from Cecil Park, Rebecca Bertolo with 260/340.

I think next year I might leave the presentations to our two boys Michael and Lachlan, as they seem to make me feel redundant!

New Dad, Hugh Boyd, and his young son with the C grade HG. Start 'em young Hugh

All up a great weekend was had by shooters from local clubs and visitors, with friendships formed and renewed. If you didn't come this year, pen it on the calendar for next year 1st weekend March. If you did come, hope you enjoyed it as much as we did your company.

Australasian-Pacific Grand Prix

BRISBANE GUN CLUB
MARCH 13, 14, 15, 2015

Mid-March, and Brisbane Gun Club once again lived up to its reputation as one of Australia's premier Olympic discipline clay target venues, by conducting the annual Australasian-Pacific Grand Prix for the Olympic disciplines of trap and skeet.

This year, 2015, marked the 21st holding of the Australasian-Pacific Grand Prix which was first conducted in February, 1995. Over the years, the competition has attracted many of the World's best shooters including Olympic Gold Medalists, World Champions, Commonwealth Games medallists and National Champions from throughout the Pacific region, Asia, Europe and the Americas.

As is always the case, this year's Grand Prix was well attended by international, interstate and local shooters alike, and it was with pleasure this year that we welcomed a very enthusiastic group of shooters from Papua-New Guinea. Again, we also welcomed a contingent of some 35 shooters from Japan's Top Gun Club, which has enjoyed our competition and the generous sponsorship of Winchester Australia for many years.

The established program of 250 targets of Olympic Trap and 200 targets of ISSF Skeet was once again well embraced by those in attendance, in particular the trap shooters who this year would

have the opportunity of perhaps sharing in the 10 rounds of 'Skins' which would be on offer during the 3 days of competition.

Friday, the first day of the weekend's competition, saw the conducting of the popular Olympic Trap Skins Badge match which as always gave competitors the opportunity to build towards the weekend's event, and at the same time participate in the 100 target competition which includes 4 rounds of graded Skins.

The established procedures were once again in place and shooters were again divided into two groups AA and A Grades combined and B and C grades combined, with \$10 of each shooter's nomination fee pooled for each of the four rounds of the event. The established rules are that the highest score in the group wins the prize money for that round, and if two or three shooters have the same score in the round, the prize money is shared. If however, four or more shooters shoot the equal highest score, the prize money is held over and jackpots to the next round.

The first of the seven squads entered for the Olympic Trap Skins event kicked off the morning with a leisurely 10.00am start, and it was obvious as usual that the competition for the Skins prize money throughout the day would be hotly contested. In the AA/A group, Sam Bylsma of Bundaberg, Justin Hitchins and Brisbane member Fernando Cilli, all recorded 23/25 to share

the \$80 skins in the round. The B/C group was shared with 24/25 by local members Franco Di Bartolmeo and Scott Dobeli who both pocketed \$160, the first of a number of cash envelopes they would be receiving over the weekend.

Round two, with good shooting conditions, the AA/A group was shared by local member Michael Cilli with 23/25. The B/C section this time around was won by relative new comer to Olympic Trap shooting, Shaun Ezzy of Brisbane, who carded 23/25 to take the money.

AA shooter Dan Johnson of Warwick, had the first possible score of 25/25 to take the money in the AA/A group, while Corey Bysma of Bundaberg won the B/C section with 22/25 to collect \$330 in that group.

The final round of the day again saw Dan Johnson in the money, this time sharing with fellow Warwick member and long term supporter, Greg Newey, recording 23/25 to share the group. The B/C section went to Kurt Goody of Callide Dawson Gun Club, who pocketed the \$330 with 24/25.

100 target Skins Badge Match: AA Grade Dan Johnson (Warwick) 91/100, A Grade Justin Hitchins (Hobart) 87/100, B Grade Filip Markovic (International) 85/100, C Grade Shaun Ezzy (Brisbane) 83/100, Junior Sam Bysma (Bundaberg) 86/100, Lady Erin Stewart (Kingaroy) 79/100, Veteran Greg Newey (Warwick) 86/100.

The first day of the 150 target Olympic Trap Australasian-Pacific Grand Prix also saw a Skins competition held in conjunction, with the field now expanded to 12 squads with the inclusion of the Japanese visitors. Again, the competition for the spoils was fierce, and it has been said on a number of occasions that during the skins competition you really find out who your friends are.

Skins throughout the day were evenly distributed with Sam Bysma (2), and Dan Johnson (2)

sharing the money from the AA/A section while Erin Stewart, Franco Di Bartolomeo, Terry Heslin, Phillip Kellar and Col Gurski all shared in the B/C pools.

At the conclusion of the first day of the Olympic Trap event, with only 50 targets and a final to be shot on Sunday, Dan Johnson (95/100) was two targets ahead of promising junior Sam Bysma (93/100), while a number of others including Kevin Perkins and Kurt Goody were all hovering looking for a position in the finals.

Sam Bysma started well on Sunday recording 49/50 for his final rounds to finish at the top of the leaders board with 142/150, while Dan Johnson who had also shot consistently over the two days ended on 140/150 to be second qualifier. Next into the new-system 15 target single barrel semi-final were Kevin Perkins, Kurt Goody, Scott Dobeli and Japanese visitor Masahiro Ichimura, who took the last position following a shoot off with Warwick's Greg Newey.

While all this was happening, Skins were also still being won. In the AA/A group, Sam Bysma picked up two Skins for the morning and in the B/C group, Scott Dobeli, Terry

Heslin and Angus Donald (PNG) all shared the spoils. After the 4 rounds in the Badge match and the 6 rounds in the Grand Prix event, the total paid out in Skins money for the weekend was \$5,760.

At the conclusion of the 15 target semi-final, former Champion, Kevin Perkins, was into the Gold/Silver final with 13/15, while Kurt Goody, Masahiro Ichimura, Samuel Bysma and Dan Johnson all scored 11/15 to enter into a sudden death shoot off to determine the 3 shooters

who would contest the overall final against Kevin Perkins, and the Bronze medal final for third position. Scott Dobeli was out of finals contention in the first round.

Dan Johnson missed his first target of the shoot off to put him out of contention, while Japan's Ichimura outscored Kurt Goody & Sam Bylsma in a thrilling shoot off to go to the Gold Medal match.

In the Bronze Medal final, Sam Bylsma and Kurt Goody once again tied on 11/15, necessitating a further shoot off which eventually saw Kurt Goody taking the Bronze Medal.

The Overall Gold Medal final between Kevin Perkins and Masahiro Ichimura also proved an exciting contest with 2005 Champion Kevin Perkins finally taking the Gold Medal 12 to 11 over Ichimura.

Although the field in the Australasian-Pacific Grand Prix Skeet competition was small, there was some good shooting by a number of the competitors and some who do not have the opportunity to shoot ISSF skeet very often enjoyed to the challenge.

In all, nearly 80 shooters took part in the holding of the competition, and all in attendance once again expressed their appreciation of the conducting of the event. As the annual two day Scaf/Meadows DTL shoot was to be held the following weekend, the grounds and facilities at the club were in excellent condition and many commented that Brisbane Gun Club looked as good as it had for many years. The amount of work done by club members to have the club so well presented was remarkable and the effort made by those involved must be congratulated on their efforts.

Again, Brisbane Gun Club would like to further acknowledge the great support received from Winchester Australia and in particular the personal support of Chris Milligan and Tim Steer. The attendance of the 40 strong contingent from Japan always guarantees our competition to be a success and without the support from the Japan Top Gun members our Grand Prix competition would not enjoy the ongoing success that it does. The many members and supporters of Brisbane Gun Club including Paul Vit, Darby Munro, Rohanna Abberton, Alex Smith, Scott Dobeli, Fernando Cilli, Bob McNamara and many others contribute enormously to the successful running of the weekend's proceedings, as do the contributions made by the Italian fraternity and the Gentleman's Club members, who have always ensured the traps are set as well as they always are.

We all look forward to the conducting of the 22nd Australasian-Pacific Grand Prix on February 19th, 20th and 21st in 2016.

As many would now be aware, after 21 years of organising the Australasian-Pacific "Grand Prix", I have decided to stand down and hand the reins over to someone else to continue to administer the event. The years of involvement have been amazing and it is my intention to continue to be involved as a shooter and in any way I can assist thank you all for the assistance and the good times.

Launch of Parliamentary Friends of Shooting a great success

Olympic and Commonwealth Games gold medallists Michael Diamond and Laetisha Scanlan were the guests of honour at the recent launch of the Parliamentary Friends of Shooting event held at Parliament House in Canberra.

The Nationals Senator for Victoria Bridget McKenzie launched the Parliamentary Friends of Shooting in March, in an effort to raise awareness about sporting and recreational shooting among parliamentarians. Senator McKenzie said sporting and recreational shooters were often demonised in the mainstream media for participating in a pastime that is not only legal but delivers significant social, economic and environmental benefits to Australia.

"Shooting often cops a bad rap in the mainstream media by commentators who are misinformed," Senator McKenzie said.

"Shooting has produced a number of Olympic, Commonwealth and World champions such as Michael Diamond, Laetisha Scanlan and Russell Mark.

"The public is happy to support these champions every four years when they are winning gold for Australia but outside of this the sport can be frowned upon – I am committed to changing this.

"In my home state of Victoria we know recreation hunting contributes around \$440 million per year to the local economy, much of that in regional Victoria.

"Our farmers rely on shooting to humanely cull invasive pests such as rabbits, foxes and deer, while also delivering significant environmental benefits.

"Many thousands of Victorians also compete at sporting shooting clubs each and every weekend in events such as clay target shooting, with the best of those going on to compete for higher honours.

Michael Diamond, Senator Bridget McKenzie & Laetisha Scanlan at the launch.

"Shooting is wonderful activity which I have proudly participated in for many years and I want to see it get the credit it deserves.

"We know our licensed firearms owners are seldom responsible for any of the horrible gun crimes such as the recent Martin Place Siege, yet if you picked-up your newspaper or listened to the constant harping from Greens Senators such as Penny Wright you may think otherwise.

"Through the Parliamentary Friends of Shooting I hope to begin to change these negative perceptions about shooting. I would even strongly encourage the Greens to come along, meet with those who participate in the sport, farmers and recreational hunters to help dispel some of the myths."

Senator McKenzie said following the launch of Parliamentary Friends of Shooting many Members and Senators had expressed interest in joining and had said they would love to learn more about the sport and even have the opportunity to use a firearm.

"Our launch in March was the beginning of what will be an important association," Senator McKenzie said.

"To give Members and Senators the opportunity to hear from Michael Diamond about the thrill he got from winning gold for Australia in front of his home crowd in Sydney, or how Laetisha Scanlan begged her dad to let her try out the sport before going onto to win gold at the Delhi and Glasgow Commonwealth Games was truly a great moment.

"For our next event we plan on holding a clay target shooting day in the very near future, where Members and Senators will have the opportunity to try the sport first hand."

Senator McKenzie said those wanting to find out more about the Parliamentary Friends of Shooting could contact her office in Bendigo on (03) 5441 4251 or email her at Senator.McKenzie@aph.gov.au.

Cuzzo's Ramblings

JULY
2015

The fact that a large number of people still contact me and ask questions that illustrate the fact that they do not understand how the Hall of Fame concept works has prompted me to try to offer a detailed explanation of it this month. The basis of the whole thing is a point system. Each calendar year a finite list of specific events are allocated points for results attained at State, National and World Championship level.

Geography Criteria

State wins are acceptable from every State and Territory of Australia. At the moment this encompasses all six States and the Northern Territory, however in times past the ACT has conducted "State" carnivals. Such historic results are eligible and would still be if the ACT decided to resurrect these Carnivals. National results are acceptable from Australia, New Zealand and the United States. World results are acceptable in Trap from both the Grand American Trapshoot and the World DTL Championships conducted by the ICTSF. World results for Skeet are only accepted from the NSSA World Skeet Shoot.

Specified Events

For Trapshooting there are eight events that are eligible each year for point allocation. For simplicity they are the eight major events conducted at the Nationals. They are Double Barrel, Single Barrel, Points Score, Double Rise, Handicap, Champion of Champions, Overall High Gun and (Mackintosh) Team High Gun. For Skeet Shooting there are five events that are currently eligible. They are 12gauge, 20gauge, Doubles, Handicap and Overall High Gun. Unlike Trap where the designated events date back a long way, Skeet had fairly slim pickings up until relatively recent times. The National Championship didn't start until 1970 and State Carnivals didn't appear until almost the end of that decade. However recently

the pendulum has swung the other way and in order to achieve a more balanced degree of difficulty between Trap and Skeet, the eligible events list was capped at the above five. For both Trap and Skeet the only other relevant proviso is that specified events must be conducted at the designated Carnival and if "stand-alone" events are held, they are ineligible at this time.

The Arithmetic

World Championship events attract 50 points for a win and 20 points for runner-up. National events attract 20 points for a win and 10 points for runner-up. State events only attract points for a win and at the rate of 10 per each. Induction into the National Hall of Fame requires a minimum of 200 points but has the additional proviso that such totals must include at least three National wins. Induction into State Halls of Fame is obtained by simply accumulating 100 points without any other "fine print".

Rare Exceptions

The only deviations from this strict points requirement relate to "ancient" historic situations before any such point system gained relevance and a small number of truly eminent shooters have been accepted on a "known ability" basis and are already inducted. No further such exceptions are envisaged. Each year I create points charts in order to establish our annual medal winners and to document our major event history for that particular year for posterity. In order to illustrate the above explanation I have included last year's Trapshooting results chart. Enjoy!

April's Trivia Question

Last month I decided to expand the answer to the Trivia Question to such an extent that it became half of my entire column. I did this for a number of reasons. The primary one is because when I was asked to resume writing a monthly column

Billy Jones -
a visionary who
fixed more than
just our finances

for the CTSN a couple of years ago, after an absence of almost ten years, the charter had changed immeasurably. In 1998 when Billy Jones first asked me to write in the magazine, he obviously saw a lot of unresolved issues in our sport and our organization and invited me to feel free to express my personal opinions on anything and everything that I thought was relevant.

Shake the Tree

He empowered me to play the "devil's advocate" and to deliberately be provocative, argumentative and at times openly critical of the ACTA, in order to bring a lot of the latent "car park agendas" out into the open so that they could be dealt with and hopefully resolved one way or the other. Sadly Bill was the last of the old school administrators who was prepared to say what he meant and act accordingly without shying away for fear of political or legal repercussions. Obviously I think that we accomplished a great deal between us in this manner. But clearly that is a biased opinion and I'm sure there are others who would see it differently, particularly those whose decisions or actions we were in the process of changing or rectifying.

A New World Order

However fifteen years is a long time and for better or worse the world has changed enormously. On the previous occasion I was probably operating at the edge of the envelope and pushing the boundaries anyway and in today's world of political correctness and rampant spurious litigation, such outlandish journalism was "never gonna float". This time I was asked to temper my writings in a manner more befitting the organisation's historian, rather than that of a rebellious, smart mouthed rabble rouser. So for that reason and because Pud Burgess rates well up the chart on my personal list of the Top 20 ACTA Trapshooters of all time, I simply couldn't let the chance to extrapolate go by.

Legends All

Plus Pud is one of only four on that list, along with Doug Smith, Newton Thomas and Sperry Marshall, that are no longer with us and thus our current crop of shooters is deprived of the opportunity to meet and/or see them in action. Obviously Warren Charlton, Jimmy Ellis and Jon Whittakers don't shoot much any more, so I see their occasional visits to the Trap Nationals for Hall of Fame inductions, Mackintosh Reunions or even just social visits, as wonderful opportunities for living legends to mingle in the presence of us mere mortals and thus provide a face and a personality to go with the tales of their exploits that old issues of the CTSN are liberally strewn with. The rest of the list still competes regularly and I certainly enjoy seeing them continue to embellish their reputations.

Newton, Sperry and Doug – gone now but their exploits will live on forever

May's Trivia Question

The fact that the young girl (she was 16 at the time) in the photograph standing in front of the dais is Pud Burgess' daughter is purely coincidental. Although all four of Pud's children shot clay targets at various times, Louise (Machul) is certainly the most accomplished of them, although I must admit that Pud and Victor were a very formidable Deauville Doubles team. She won a couple of NSW Ladies Team High Guns as well as the Ladies section in each of the Mackintosh events (DB, SB & PS) at the Nationals at various times. She is a link in the chain of five generations of trapshooters starting with her great grandfather as her son Ben has already started accumulating Open Hall of Fame points. I was surprised by the number of "correct" answers this month (all bar one and that was a good guess) and the first of those drawn was submitted by Robbie Thomson. As he is from Cobar I considered disqualifying on insider trading grounds, but as he is such a nice bloke I couldn't bring myself to do it.

This Month's Trivia Question

The fact that I felt obliged to include the clue that Desiree was not the correct answer to May's

Trivia Question speaks volumes in itself. Desiree had won the Ladies section of the National Double Barrel event for the two years previous to Louise's win in 1977 and went on to win it four more times during the next six years, prior to going into "trapshooting retirement" for almost a decade. She is unquestionably the greatest lady trapshooter in ACTA history, as evidenced by the fact that she has almost three times as many hall of fame points as the next best lady.

Absolute Domination

The Ladies High Gun award at the Nationals commenced in 1974 with Eley donating a very impressive perpetual trophy for this new section. The timing could not have been better for a little blonde 13 year old girl from Mildura who was just starting to hit her straps. She not only put her name on this trophy in it's inaugural year but went on to add it every year bar one for the first eleven years, before entering the retirement period referred to above. Since reappearing again in the early 90s she has added another six wins, including another three in a row between 1992 and 1994 for a total of sixteen as at 2015.

1974 – a little girl congratulates her dad on becoming National Skeet Champion. I wonder if either of them had any idea what would start at the end of that week

An Opening Appears

Returning to the original eleven year period, the only gap was in 1981 and that year is a complete mystery to me even though I was definitely there and a close friend of the family. She appeared on the first day and won the Ladies section of the Skeet but then totally disappeared off the radar for the rest of the week. Having been recently married she may have had other priorities but that is purely speculation on my part. However there's an old saying about when the cat is away and I'm sure that all the other ladies saw this as a "golden opportunity". One of them seized it in both hands and proceeded to dominate the Carnival in a way that only Desiree had previously been able to do. Name this great lady shooter. E-mail your answers to cuzzo@a1.com.au before the 15th of July and the first correct one drawn will get a complimentary entry to one National Championship event of your choice during the next twelve months.

Psychological Skills for Shooting

MICHAEL KRUGER-DAVIS

WHAT CAN THE SCORE SHEET TELL US?

Every week when we shoot, a part of us ends up on the score sheet. It may not be our DNA but it is a snapshot of our performance in that event, at that time.

Can we use the score sheet to our advantage? Can we interpret the range of 1s and 0s to tell us more than just how we performed in that event.

The following table might be a squad of 5 shooters anywhere, shooting any discipline. It may be DTL, single barrel, double barrel or points score, skeet, ball trap, trench, sporting or field and game. The discipline is irrelevant to this exercise, other than the shooter is presented with 25 targets

1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	25
0	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	24
1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	24
1	0	1	1	1	1	1	0	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	23
1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	0	0	0	0	1	1	1	1	1	1	21

If we take shooter number 1, it is easy to read this score and assume that he is a good shot. We see he/she is able to hit the targets, so his/her gun fit is probably correct, good combination of gun and ammunition, possibly good conditions.

1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	25
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	----

What does his/her performance tell us about his/her mental skills? It is likely that our shooter here is able to maintain his concentration for the complete round. He/she has probably learnt to focus on the process of shooting the targets rather than the product or the score. This shooter is probably confident in his/her own ability and has worked out how to regulate his/her attention to the target. The shooter has the ability to narrow the focus of attention to deal with the target being presented. This assumption is even more likely if we look at the same row of targets but a different score at the end.

1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	75
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	----

This shooter is able to concentrate, attend to the targets and rely on his or her pre-shot routine. This is what we all want to achieve.

If we look at shooter number two. Again it is a good score. It shows that the shooter has the ability to shoot targets and that the gun probably fits well. What is different here is the score.

0	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	24
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	----

If we focus on the 24 as a failure then we are doing the shooter an injustice, because he /she can shoot. If we look at it and say there was 1 lapse of concentration, then we will be closer to the mark. Missing one target means that you let your mind wander and because it was the first target missed it is likely that the shooter just wasn't ready. His mind (read concentration, focus, attention) was not ready to tackle the target. This is where pre-shot routine is important of some ritual that you develop to focus your attention on the task at hand when you start shooting. This might be a physical signal or a verbal instruction to yourself to switch on your focus.

Shooter three has again demonstrated an ability to shoot and shoot well, but this time the lapse of concentration, being the last target, tells us that the shooter had moved away from the present (shooting the target) and started to focus on the future, his score, the trophy, the high gun, etc.

1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	0	24
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	----

To shoot well and to concentrate continually means you have to remain in the present. Focusing on the future will distract you and lead to a missed target.

Shooter four is also showing good shooting but a real problem with staying focused. For this shooter, we see again a score that represents good shooting. The lapse of concentration on target two might have been due to being not ready, focusing on the future, wind, change in light, etc.

1	0	1	1	1	1	1	0	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	23
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	----

The important target to look at here is target 8, which is also missed. This target could have missed because the shooter had left thinking in the present and had thought about missing the target before. When we think about the past we will miss because we are thinking about our previous mistakes, making judgements about ourselves or our abilities, and not focusing on the task at hand: shooting this target (not the one missed earlier). If the shooter went on to miss targets from the same pad over and over, then there maybe some fear about that target creeping in. Again this means that the shooter is in the future and not the present.

Finally, shooter number five, seems to be shooting well and then because of a lapse of concentration, 'loses it'. What happens here is that the shooter is angry, annoyed, cranky about missing the target so when the next target is thrown he/she is still in the past, thinking about the lost target, and misses again. Whe the next target is thrown he/she has moved his/her thinking to the future (worrying about his score, percentage, losing the prize, etc) that he/she misses again.

1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	1	0	0	0	0	1	1	1	1	1	1	1	21
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	----

Now he/she tenses up and in an effort to try harder and because his/her muscles are not fluid, he/she misses again. The shooter here has decided to take a couple of deep breaths, focus on the process of shooting the target and let the product look after itself. By doing this he/she is back on track.

So just don't walk off the layout next time you shoot. Take a look at the scoresheet and look at how you can use the array of 1s and 0s to tell how and where you should be focusing your attention.

Remember to focus on the target by attending to the process and let the product look after itself.

QCTA South East Zone SKEET CARNIVAL

BRISBANE GUN CLUB

MAY 3, 2015

The Brisbane Gun Club hosted its first QCTA 2 day Skeet Carnival since 2009 with the South East Zone Championship on Saturday the 2nd and Sunday the 3rd of May 2015.

Despite an almost unprecedented downpour across the South East on the Friday, the skies lifted on Saturday giving the total field of 6 squads near perfect shooting conditions.

The South East Zone team selection was based on 100 targets over the two days and the top 6 were: Glenn Walker (AA) 98/100; Mark Fanning (AA) 98/100; Sam Smith (AA) 98/100; Rodney Kneipp (A) 97/100; Glen Graham (upgraded A to AA) 94/100 and event organiser Paulette Walker (A) 94/100.

Brisbane Gun Club is very proud of junior member Sam Smith's achievement in the

SEZ team selection. Sam's a product of BGC's policy of nurturing junior talent by providing free competition, nomination and practice.

While the event was primarily a zone selection, Saturday

SEZ Doubles OA Mark Fanning and OA High Gun

included a 50 targets handicap which was won by B grader Adam Corless, in a shoot-off, after posting a score of 48/50.

Sunday featured a 50 target doubles won

SEZ 100T OA Glenn Walker and wife, Paulette Walker, also the event organiser

SEZ HC Adam Corless

South East Zone High Guns

by Mark Fanning (AA) with a score of 48/50.

Overall High Gun was Mark Fanning (AA) with a score of 195/200; AA Grade Glenn Walker 192/200; A Grade Rodney Kneipp 189/200; C Grade John Fordyce 161/200; Veterans Kel Madsen 173/200; Juniors Sam Smith 188/200 and Ladies Paulette Walker 178/200.

Many visitors commented on the positive atmosphere, the quality of the competition and acknowledged the great support by sponsors Winchester, Eley and Beretta.

CONDITIONS OF ENTRY

NATIONAL SPORTING CLAYS CHAMPIONSHIPS

1. Any shooter wanting to compete at the Sporting Clays Nationals must be a registered member of the ACTA for the current financial year that the championships are being held or a member of another sporting association to which we grant reciprocal rights.
2. Proof of association membership must be shown. In the event of any shooter not being able to produce his/her Handicap Card, a duplicate shall be issued for the duration of the National Championships. This card will then be forwarded to the Club Secretary to enable scores shot to be recorded. Note: A \$20 fee will be charged for the issue of any duplicate Handicap Card.
3. Squads of 5 shooters to shoot 100 targets in four rounds of 25.
4. The Organising Committee will decide the order of shooting.
5. Skeet or Trap targets will be thrown, as well as mini, midi, battue, rockett rabbit or flash or any other sporting clay target approved by the Association. Target type for any stand will be at the discretion of the shoot Marshal, but shall number five (5) in total.
6. Shooters will be squadded as per ACTA rules and regulations and any interpretation of this will be the responsibility of the Tournament Director.
7. Each shooter is to take enough cartridges to shoot at 25 targets.
8. Shooters who fail to appear in time for their squad may be re-squadded towards the end of the event, but this is not guaranteed and non-participation is a possibility.
9. Should a shooter being late for his squad then elect to withdraw from the event he may not be eligible for any refund of nominations paid.
10. All shooters must sign the score sheet after each 25 targets. Once a shooter has signed his score sheet he has accepted his score and grade. Any score sheet not carrying the shooters signature will be credited with the lowest score recorded.
11. Any competitor will be called upon to referee and/or score throughout the period of competition. The persons' designated to referee and score must fulfill their obligation to do so. Failure to either referee or score may incur a penalty of the LOSS OF ONE TARGET.
12. Shooters will be drawn from each day's last round squads to referee and score the first round of the following day, being ready to officiate at the advertised starting time. Shooters who fail to fulfil their responsibility may be penalised one target. While replacement referee and scorers are permissible, the penalty of a loss of one target for their failing to officiate shall be made against the officially designated person.
13. Any unauthorised shooter interfering with or attempting to interfere with the trap may be penalised FIVE (5) TARGETS.
14. All disputes must be in writing together with \$20 deposit, which is refundable subject to the appeal being upheld.
15. All disputes and deposits must be lodged with the Tournament Director, who shall arrange a hearing with the appointed jury.

SEBASTOPOL GUN CLUB

MAY 17, 2015

Sebastopol Gun Club Inc conducted its monthly shoot on Sunday 17 May 2015 in near perfect sunny and windless conditions. These conditions are 'rarely' experienced in Ballarat. The club shoots at its grounds located on the eastern side of the Marty Busch Recreation Reserve, Sebastopol overlooking the picturesque Yarrowee Creek.

In all, 40 shooters attended from district clubs including Beaufort, Colac, Maryborough, Noorat and Melbourne to compete in the four (4) events on offer.

Both shooters and their families also enjoyed a traditional 'sit down' afternoon tea in the clubrooms during the competition. Many thanks to our 'enduring' life member Mick Dignan for his efforts in putting on such a great afternoon tea, a task he does at our monthly shoots all year round.

Winners of our main events were Travis Gull shooting 72/72 in the Double Barrel Championship; evergreen veteran Ian Dickens winning the

Travis Gull, Double Barrel winner

Handicap shooting the only possible of 25/25 (well shot Dicko) and Thomas Pilgrim winning overall in the Ball Trap Championship with 15/15.

The full results of the days shooting were as follows:

Event 1 – 10 Target PS Eye Opener: Seven shooters shot 30/30.

Event 2 – 25 Target DB Championship: OA & AA 1st Travis Gull 72/72, 2nd Nicholas Lloyd 71/72. A 1st Gary Went 35/35, 2nd Mica Roca 39/40.

VCTA North East Zone Skeet Championship

WANGARATTA CLAY TARGET CLUB APRIL 26, 2015

Wangaratta Clay Target Club once again hosted the annual Victorian Clay Target Association North East Zone skeet shoot on Sunday 26 April. Clear skies and some light wind on the day helped make another very successful shoot here at one of the best skeet layouts in country Victoria.

The first event was the 50 tgt. NE Zone Skeet Championship with AA grader Leigh Roberts from Bendigo producing a perfect score to win overall, with local shooter David Jackel in 2nd place on 47/50. Numurkah-Shepparton skeet enthusiast Colin Finn performed very well winning A grade with 49/50 ahead of club treasurer Phil Smith in 2nd place 65/68. Lady competitor Alison Harwood shot very consistently winning B grade with a score of 46/50, leaving Dennis Savage in 2nd place on 52/58. Alison has been in good form lately and it was great to see her win her grade at the Wangaratta shoot. Benalla gent Max Gribben took out his

grade by smashing 44/50 targets placing Simon Kirley in 2nd place in C grade 18/50.

The next event was the NE Zone 25 pair skeet doubles Championship which once again had Leigh Roberts taking out the Overall champ sash only two targets down finishing on 48/50, leaving David Jackel in 2nd place again on 45/50. Rob Holloway had a satisfying result of 49/52 taking out A grade ahead of Greg Miller with 48/52. Brian Reid shot his best doubles result yet to claim 1st in B grade 45/50 with Dennis Savage next on 40/50. Max Gribben again won C grade 40/50 leaving Simon Kirley in 2nd place 29/50.

The overall High Gun winner for the 2015 Zone shoot was Leigh Roberts finishing with an unbeatable result of 98/100.

War Veterans Open the 2015 Easter Carnival Shoot

HAY GUN CLUB

To commemorate the Anzac Centenary, marking a 100 years since our involvement in the First World War, local war Veteran Eric McCullough and Guyra's Graeme Armour opened the Hay Gun Club's Easter Carnival shoot with the first shots fired off Trap 1. The Anzac Centenary is one of the most significant commemorations to take place in our lifetimes and it be a time to honour and reflect upon the service and sacrifice of all those who have worn our nation's uniform past and present.

Friday night the club held the NSW State Night Shoot Deauville Doubles event. We had 88 competitors register for the event. Taking out 1st place were Craig Ceeley and John Maxwell, 2nd placing went to Nathan MacDonald and Clayton Anderson.

Saturday morning started very overcast and it actually rained in Hay. 118 shooters lined up at 8.30 for the Cass Hanna Memorial Medley Event. Squad No 1 was the family and connections to the Hanna Family Mick, Brett and Sam Callanan, Olivia and Denis Comelli. It was great to see all of the Hanna family present for this very special occasion. Edna Hanna also celebrated her 80th Birthday on the weekend.

Cass had a passion for clay target shooting that was nurtured by club stalwarts such as Jack Houston, Harry Cox, Les McKinney & Jack Headon to name a few. Their encouragement stayed with Cass and he passed this on to others along with mate Lloyd Booth as he continued to shoot, not only in Hay but travelling to many other towns to compete for the Hay Gun Club. Cass won the Hay Gun Club Cup in 1964, which he was very chuffed about according to Edna. The remarkable thing about Cass and his ability with the shot gun was that he was suffering from double vision at the time of winning the cup. A car

Hanna Family

accident in 1957 left him with a severe knock to the head and the subsequent eye problems that was never picked up until the late 1960's.

Wayne Dunbar was the eventual Overall winner, shooting 75/75. Edna Hanna presented Wanger with the Memorial trophy. This was a very emotional day for Edna and it was great to see Wanger being the first trophy winner, as her and Edna are very close friends.

Sunday the shoot was held back for 1½ hours due to the fog on the range.

2nd Event was the Spartan Global Handicap \$2000 cash prize event. Arthur Turner from Cobarr shot 61/61 to take first 1st, Trevor Stockton 2nd 60/61, Andrew Evans (Coleambally) 3rd 51/52, Allan Fennessy (Coleambally) 4th 46/47, 5th Warwick Kelvy (Echuca) 44/45 and Backmarker was Steve Haberman shooting off 25 metres 41/42.

The Casella Wines Overall High Gun for the shoot was Steve Haberman missing only 3 targets for the whole programme 257/260.

Of the 118 shooters who registered for the weekend, many travelled from other states, QLD, SA, VIC and Tasmania. Also entered were shooters from NZ and Germany. Competitors started arriving on the Tuesday and took the opportunity to visit the local tourist attractions. Campers were spread throughout the showgrounds, with some shooters being involved in the Mitchell Reunion. A major fundraising raffle was drawn on Sunday afternoon at presentations, over 25 draws for prizes. The major prize winners were Brian Mack and Linda Eade.

Caretakers of the Hay Showgrounds complex and the Hay Gun Club grounds look immaculate for the weekend, thanks to the new care taker Steve, who now resides on the grounds.

Dudley Pigram Memorial Handicap

The feature event for Mt Bogong Clay Target Club's March shoot was the 25 Target D Pigram Memorial Handicap. This event is held annually in memory of Dudley Pigram, a Founding and Life Member of the club and President from 1976 to 1994. Doug Sutherland shot the possible 25/25 to win the Handicap outright from Darrel Taylor 24/25 and Phil Matthews 23/25.

and C Grade Ian Erbacher 24/25. Winner of the High Gun with score of 87/90 was Doug Sutherland.

There were 23 shooters in attendance for the day including visiting shooters from Wangaratta, Corowa and Albury Wodonga Clay Target Clubs. Congratulations to all winners, thanks to all shooters for coming along and making it a great day's shooting and thank you to all of our sponsors.

The Trevor Newman \$1000 100 Target Double Barrel

Trevor Newman is a gentleman in his 97th year. A shooter from the "old days". Trevor was shooting clay birds as they were known then and from what I have heard he was a "Top Gun".

In the sixties he was shooting with the likes of Paul and Sperry Marshall and did very well. In those days, as far as I can ascertain, most of the shooting was handicap events shot with semi-auto.

Trevor was still shooting competition when he was 92. I had only been clay target shooting for five years then and was shooting next to Trevor at a twenty five target ball trap event and I got thoroughly whipped by this gracious old gent much to the delight of the peanut gallery.

Trevor gave up shooting at about that time but even now still enjoys his singing and dancing at his country and western club in Granton. (A bit of a ladies' man is our Trevor). Our club has been lucky enough to have been serenaded by Trev on more than one occasion! He always comes to the club shoots every month just to catch up with old mates and have a chat.

On the 22nd of February 2015, Trevor sponsored a \$1000 – 100 Target Double Barrel shoot at his home club, "The Hobart Gun Club" now known as the "Hobart Clay Target Club". The prizes being for AA, A, B and C grades

President of the Hobart Clay Target Club Maurice Crow with veteran clay target shooter, 97 year old Trevor Newman

first and second. \$150 for first and \$100 for second. A very handsome trophy was also donated by Trevor to the grade winners. A big thank you to Trevor for his generosity and for making the shoot special!

The day started out well with a live 5 foot tiger snake falling out of the Club President's grill of his car having a "big" go at one of our shooters Adrian Hepburn. Tiger snakes are one of the most venomous snakes in Australia and the most venomous in Tassie. After a bit of argy bargy with old Tige it was back to the shooting. (Adrian didn't shoot too well after that for some reason).

The temperature by this time was climbing and was into the early thirties and peaked at 38°C. People from

the big island, may say "so what" but we in Tasmania pretty well suffer in this heat. Adrian was very hot by this time and by the end of the day, the snake-story had grown and got closer to a fatal attack. Gawd knows how big it is now.

The scores are as follows: C grade 1st Phil Spaulding 88/100, 2nd Jim Foster and Andrew Bramich 78/100, B grade 1st David Reynolds 90/100, 2nd Andrew Doyle 86/100, A grade 1st David Williams 99/100, 2nd David Dennison 96/100, AA grade Stewart Browning and Thaine Browning both on 99/100.

Fimac Engineering Handicap Shield

BEGA GUN CLUB MARCH, 2015

Despite the persistent showers throughout the day, the twenty-three shooters in attendance at Bega's March shoot, managed to create a shoot off situation in each event. As is often the case, the sun finally came out at the end of the day, but all seemed to cope and shoot well.

March saw the first round of the Fimac Engineering Handicap Shield as the feature event. Sponsored by President, Shane Platts' engineering business, the shield is shot over four rounds throughout the year and is highly sort after as recognition of shooting consistency.

The March program consisted of three events opening with a 40 target double barrel shot off 15 metres.

In AA Grade, Wayde Hawkins produced the goods, shooting 40/40 to win. Alf Niesar, Ray Welch, James and Phil Body, Shane Platts and Charlie Smith, all finishing on 39/40 proceeded to the shoot off for second. Strangely they missed in the order of shooting with Alf, followed by Ray, James and Phil, leaving Charlie and Shane to continue. After 40 extra targets they went on to single barrel, Charlie finally winning 96/97. A Grade continued the trend with Tony Gray shooting 39/40 to win and John Siede and Stefan Seckar using another 24 targets to sort out second place. John finally won, collecting 58/64. B Grade once again saw Robert Taylor and Craig Field sorting out positions when both finished on 39 for the first 40. Much more civilised than the other groups, they only needed one extra target, Robert winning 40/41 to Craig's 39/41. C Grade went to Mick Diss who shot 38/40. Runner up went to Brian Moffitt 43/49 after he and Gary Way took on an extra nine targets.

Second and feature event of the day was the Fimac Engineering Handicap Shield of 25 targets. After Robert Taylor, Phil Body and John Siede all shot 24/25 in the initial section, they proceeded

once more to a shoot off with Robert taking the points with a score of 39/40, with Phil second on 38/40 and John on 32/34 in third place. A great start to this event. Now all they have to do is maintain the consistency for a further three rounds.

A little light entertainment in the form of 20 pair double rise, finalised the day's

events. Wayde Hawkins once again showed good form to take out first in AA Grade with a score of 37/40. Ray Welch and Phil Body continued the shoot off tradition with Phil finally taking second with a score of 49/60. A Grade went to Tony Gray, 29/40 giving him a double for the day, with Stefan Seckar taking second with a score of 26/40. Robert Taylor and Peter Johnston were even after the first twenty pair in B Grade and took another five pair to get a result, Peter winning 36/50 to Robert's 35/50. C Grade saw Warren Packer shoot 28/40 for first place with Mick Diss in second on 27/40.

High Gun went to Wayde Hawkins with a score of 99/105, a very sound performance. In the shoot raffle, Robert Taylor missed on the fourth target to save the treasurer \$406. The meat tray would have been a very nice consolation prize.

Next month the Club presents the following program for shooters' entertainment: 25T Continental, 25T Single Barrel, 50T Ball Trap. Practice from 9.00 am with a 10.00am comp start.

Round Two— Fimac Engineering Handicap Shield

Golden sunshine, cloudless skies and some outstanding shooting, featured at the Bega Gun Club's May shoot. Numbers were down a little from our usual, with twenty

contestants enjoying the finest of Bega days. Thanks to the ongoing efforts of George Toyne, the grounds looked immaculate.

The key event, the second round of the Fimac Engineering Handicap Shield, saw three shooters competing for

the shield and points after the initial twenty-five targets had been delivered and they had finished clean. A Grader, Tony Gray took the shield with a score of 29/29 from C Grader, Tim Collins, 28/29 with the "senior citizen," John Siede in third on 26/28.

The day opened with a 25 target double barrel and results indicated the standard for the day, squad 2 dropping one target between them. In AA grade, Charlie Smith and Chris Rowland took an extra twenty six targets before Charlie emerged the winner on 51/51 with Chris second 50/51. Alf Niesar and Bert Deacon took an additional ten targets to decide A Grade with Alf winning 35/35 to Bert's 34/35. In B Grade, Robert Taylor cleaned the slate to win 25/25 from Doug Blewitt on 24/25. Tim Collins shot very well to win C Grade with a score of 23/25 with George Toyne taking second, 21/25.

The second event of the day was a 50 target points score and once again Tim Collins and George Toyne took the places in C Grade. Tim shot a 136/150 for first place with George in second on 115/150. In B Grade, Doug Blewitt once again took the honours with a score of 135/150 with second going to John Walker, one target further back. A Grade, once again went to Alf Niesar who tallied 145/150, to win from Dean Shipton on 141/150. In AA Grade, Charlie Smith was once again successful, shooting 146/150, with Phil Craig taking second with 144/150.

Charlie also collected the shoot High Gun with a score of 194/200 to continue his recent good form. John Gray stressed the treasurer in the

Presentations and a hearty thank you to Gail in the office, Tracy and Pauline in control of the food and all the other helpers that make a club work followed, finishing up another fantastic day of shooting.

Next month is one of our special shoots for the year with the running of the 100 target RV Repairs Continental Open Championship, sponsored each year by Phil and Pauline Body of RV Repairs, Eden. Usual practice at 9.00, with competition beginning at 10.00am. The third Sunday practice sessions continue to prove a boon, with good numbers turning up to tune up their skills. Anyone wishing to join in, sessions start at 2.00pm and run till 5.00pm.

Easter Continental and Ball Trap
There is nothing quite like a great autumn day, continental targets to shoot at and the thought of a fifty target ball trap to round it all out. Twenty-nine hearty shooters fronted up to accept the challenge, midst the sunshine and supposed threat of showers, that fortunately, stayed away.

The day began with twenty-five target Continental with Charlie Smith shooting one of the few possibles for the day to win AA Grade. Phil Body took second with a score of 38/39 after a shoot-off. Alf Niesar collected 24/25 to win A Grade with John Siede needing another six targets to take second, 29/31. B Grade went to veteran, Doug Blewitt with a score of 24/25 with another vet Brian Smith finishing second on 24/26. In C Grade, Tim Collins displayed good form to win with a 24/25 with Warren Packer on 21/25 in second place.

Round two for the day was again Continental, with the added spice of Points Score. Steve McIntyre from Cooma posted the second clean round for the day to win A Grade 75/75, with Alf Niesar taking second with 69/75. Robert Taylor continued his recent consistent performances to take B Grade, 73/75. Robert Secker shot 70/75 for second place. Tim Collins did it again in C Grade, scoring 64/75 for first with George Toyne second, 58/75. Charlie Smith maintained his first round effort to win AA Grade with a score of 74/75, with Phil Body again taking out second with 72/75.

The usual great lunch was followed by the final

Charlie Smith winner AA Grade Cont, Cont PS, R/U 50T BT & HG

event, a fifty target Ball Trap. Many thought we should have shot this first as I'm sure lunch slowed the movements of many my excuse and I'm sticking to it!! Ray Welch cleaned up A Grade with a fine score of 46/50 with Charlie Smith once again featuring with 42/50 giving him second. In B Grade, Bert Deacon and James Body finished the main

round tied. A brief shoot off, saw Bert victorious 43/52 to James' 42/52. Simon Buckley managed to hold off Mick Diss to win C Grade, with a score of 33/50 to Mick's 32/50.

The Club shoot raffle finally went off. After a number of unsuccessful efforts, Brian Smith's number came up. Displaying great skill, Brian shot the five targets necessary to collect the \$421.50

on offer, using the second barrel only on the last target. Congratulations!

Phil Body 2nd in AA Cont, AA Cont PS

Having won the first two events in his grade and taking out second in the other, Charlie Smith took the prize for the High Gun. Charlie has been shooting consistently at home and away. His trip to the Veterans Games resulted in three gold from three events, the Points Score Championship, Double Barrel and the Champion of Champions. A fantastic effort!

Gallipoli Centenary Championship at Swan Hill

Successful shooters in the DB Pat Orlando, Stephen Bates, Les Comensoli, Geoff Manuel, Alan Wilkinson, Joe Borg, Don Costa & Phillip Mangano

On a day that was initially sunny, always windy and eventually cold we had our second shoot for the year. Nineteen shooters attended for the two event program.

The first event was a 50 target Double Barrel Gallipoli Centenary Championship.

AA and overall went to Alan Wilkinson from Kerang after a shoot off against Stephen Bates. A grade was won by Les Comensoli with Joe Borg in second place. B grade was won by Don Costa with Geoff Manuel second. C grade was won by

HC winner & placegetters: Pat Orlando, Joe Borg, Adrian Atalotis & Wayne Upton

Pat Orlando followed by Phillip Mangano.

The second event was the 25 Anzac Centenary Handicap. The wind here sorted shooters out. First Pat Orlando 22/25, 2nd Joe Borg 24/29, 3rd Andrew Atalotis 23/29 and 4th Wayne Upton 20/25.

Boorowa Gun Club's Successful ANZAC Memorial Shoot

On ANZAC Day the Boorowa Gun Club hosted the Central Zone Handicap Championship, the NSW Double Rise Night Championship and the George Campbell Memorial Mixed Target Championship. This special day attracted seventy five competitors, almost double the normal programed monthly shoots. The day's success was due to very generous sponsorship and the efforts of many involved in the major redevelopment of our shooting traps and layouts. This allowed us to handle such a crowd with a late start time post the Anzac March and services. As George Campbell was a long time stalwart heavily involved in both our club and remembrance services of the RSL over his lifetime it was fitting the two events coincided on this day in his honor.

ANZAC winners

Event 1. The Central Zone Handicap, saw only five possibles shot with most watching the heavy storm clouds which thankfully passed over. Shooters were inspired watching the shoot off for placings 1st to 5th. The 1st place winner was Craig Ceeley (Narrandera), 2nd place was Ben Murphy (Boorowa), 3rd place was Steve Schiller (Cobar) and equal 4th/5th place was Phil Body (Bega) & Brad Treadrea (Wagga). We thank J & A Geotech Testing for sponsoring this event.

Event 2. The premier event being the George Campbell Memorial mixed targets graded. Overall winner with a score of 123/125 was Dan Power (Majura Park). AA Grade 1st place winner was Cooper Mooney (Goulburn) and 2nd place was Mathew Corkhill (Boorowa). A Grade 1st place winner was Rex Murphy (Boorowa) and 2nd place was John Herset (Sydney NSW). B Grade 1st place winner was Piper Michie (Boorowa) and 2nd place was Warwick Keable (Berrima). C Grade 1st place winner was Corey Lees (Yass)

Mathoura Shoots Zone Single Barrel

A Victorian, North East Zone, Night, Single Barrel Championship was on offer for the April 2015 shot at the Mathoura Gun Club, and even though rain was on the agenda, and the following morning was Anzac Day, three full squads did arrive at the club to test their skills. As luck would happen the rain held off until well after the shoot finished, and as there was no wind, and the temperature was quite mild, it turned out to be perfect clay target shooting conditions.

Mark Large
C 1st SB

The first event was a ten target Single Barrel Cash Divide and the only shooter able to hit a full score was Mathoura member, George Bradley. George's score of 10/10 earned him all the 1st place cash, with Deniliquin's Tim Maher, and Numurkah Shepparton shooter Clayton Easden, both on a 9/10, and both sharing 2nd place cash.

The main event was next, and with the difficulty of 25 targets of single barrel shot under lights, no shooter managed a clean score, but Tim Maher and Echuca's Mick Keirl both scored a 21/25 putting them in a shoot off for the Overall Winners Sash. Tim shot his 37th target, Mick missed his, so Tim Maher became the Overall Winner, and the 1st in A Grade, in this North East Zone Night Single Barrel Championship Event with an end score of 33/37, well shot Tim! B Grade 1st was Emily McCluskey with a 17/25 score, and Num/Shepp member Mark Large shot an excellent score of 20/25 to claim the 1st in C Grade trophy.

The final event was a 15 Pair Double Rise, and surprisingly all winners were listed without the need for any shoot offs, with Mick Keirl top scoring with a 25/30 giving him 1st place in A Grade, Mathoura's Emily McCluskey, having a good night out, again winning 1st place in B Grade

with a very good score of 22/30, and another Mathoura member, Thomas McCluskey, taking out C Grade with an 18/30 score.

The events ran well, and with only one shoot off required for the night, even the presentations were all over by the early time of 10.00pm.

Medley Championship Shot at Echuca

Echuca Clay Target Club for its May program shot only two events on the Saturday, so as to not clash with Sunday the 10th Mothers Day. Actually, only mustering four full squads of shooters, perhaps because of the Saturday shooting, but also the foul weather may have deterred some from attending, as it was an overcast, cold, slightly wet and fairly windy day, certainly far from ideal for clay target shooting.

A 50 target Skeet Cash Divide was the 1st event and the results were A Grade 1st Echuca's Craig Scott shooting a 42/50 score. Top score was P McKendrick with a 46/50 and he collected all the B grade cash. Echuca's Mick Keirl shot a 38/50 and that score earned Mick 1st in C Grade Cash who took home the cash.

Event Two was a 90 target Medley Championship, and not one other shooter could match or better Bendigo member, Laura Woolley's, score of 146/150, so Laura became the Overall winner and the 1st in AA grade shooter, congratulations Laura, well shot!

Second place in AA grade was Echuca's, Warrick Kely, 144/150. A grade 1st Peter Keck 141/150, A 2nd Ian Gebhardt 137/150. Both Peter and Ian are Echuca members. B grade 1st was Mathoura's, Emily McCluskey, 137/150, with Bob Foster on

Laura Woolley OA Medley

Richard Avery C grade 1st Medley

a 124/150 score taking 2nd in B grade. Echuca's Richard Avery collected the 1st in C grade prize with a result of 122/150, and Richard was also awarded the Rob Viney, Encouragement sash, as he is a comparably new member of the Echuca Club.

An early completion, probably because of the numbers, but also as no shoot off's were required. Not a nice day weatherwise, but with a fire going outside, and a heated clubhouse and plenty of food and drink available, all shooters seemed happy with the competition.

Goulburn shooters perform well

There was some great shooting by all members from Goulburn Clay Target Club Inc at the Southern Zone Trap Carnival held at Majura Park Gun Club on 2nd and 3rd May 2015.

Our club's achievements:

Samantha Peck won the Ladies Double Barrel with a score of 136/137. Samantha also placed 4th in the Overall Championship.

Cooper Mooney won the Overall Single Barrel with a score of 50/50. Cooper was the only shooter in the competition to shoot 50/50!

Frazer Roberts placed 2nd in AA Grade Single Barrel with a score of 75/77 after a shoot off.

Samantha Peck first in the Ladies Single Barrel with a score of 47/50.

Sharon Shorrock took 1st place in C Grade in the Southern Zone Night Single Barrel with a score of 40/50. Sharon has only just taken up competition shooting and cleaned up C Grade!

Cooper Mooney won the Juniors Points Score with a fantastic score of 148/150. Cooper, after having to shoot off against fellow club member, Frazer Roberts, also won the AA High Gun. They both shot a score of 352/360!

Frazer Roberts, Samantha Peck & Cooper Mooney

Samantha Peck was the winner of the Ladies High Gun 289/300.

Goulburn's success does not stop there! Frazer Roberts and Cooper Mooney both made the Southern Zone Open Trap Team, together with Samantha Peck who made the Southern Zone Ladies Trap Team.

Frazer, Cooper and Samantha will now head to the New South Wales State Carnival to be held over the long weekend in October in Wagga Wagga. We wish you all the best of luck!

The Squire reports from West Wyalong

West Wyalong Clay Target Club schedules its monthly shoots on the fourth Sunday of each month and during April three squads were present at the shoot.

The first event of the day was a Ten Target Double Barrel Eye Opener and Adrian Hodges, Craig McVittie, Josh Player, Alan Bound, Bruce Dent, John Wason, Jason Anderson, Don Turner and Robert Lindsay all scored 10/10.

Shooters were called for the 25 Target Points Score Cash Divide and only one shooter, Josh Player 75/75 was able to shoot all targets with his first barrel to win AA Grade from Craig McVittie 74/75 who needed to fire one second barrel.

Jason Anderson 74/75 celebrated his promotion to A Grade with a win. Jason has put in a great deal of time and practiced very hard to improve his skills a well deserved effort.

Alan Bound, the old Borellan poacher, 67/75 was second in A Grade.

Adrian Hodges 70/75 claimed first in B Grade from Graham Duncan 61/75, who must have been having a shocker of a day.

The Squire inadvertently left Lydia "The Gun" out of a previous report (and got into trouble!) when she shot her first 25/25, however, Lydia "The Gun" on this occasion cleaned up C Grade at this shoot with a very creditable 68/75.

Bruce "The Baitlayer" Dent did the usual barbecue lunch with the able assistance of his good wife Angie in the kitchen.

Club Secretary, Sue Turner, weaved her usual magic in the office ensuring the shoot organisation and administration ran smoothly.

Competitors were wondering just how many targets it would take to win the 50 Target Double Barrel Championship, but surprisingly Craig

McVittie missed his 94th target handing the Overall to Clive Foster 95/95.

Jason Anderson 49/50 was revelling in his new grade easily winning A Grade being only one target down.

The ever consistent Adrian Hodges 47/50 claimed B Grade and Lydia "The Gun" 48/50 made it two in a row by taking out C Grade.

A smaller group nominated for the 15 Pair Double Rise Championship which saw John Blain 29/30 winning the event from Rob Lindsay 27/30.

The winner of the Duncan's Chainsaw and Mower Centre High Gun was John Blain 161/165.

As usual a small but relaxed and enjoyable shoot with President, Jason Anderson doing the honours at the presentation and thanking everyone for their attendance and assistance during the day.

VCTA South East Zone Premier Teams – Round Two

NEPEAN CLAY TARGET CLUB

APRIL 18, 2015

VCTA South East Zone Premier Teams Event round 2 was Mornington's, however it was shot at Nepean on the third Saturday in April. 130 shooters participated, representing 24 teams and 4 Junior teams. The weather was good, with a bit of a breeze which did cause the occasional dipper.

Event one the Handicap saw four possible's with Cam Gardner 32/32 taking 1st along with a couple of metres, Alexis Preston 31/32 was 2nd and Daryl Johnson 28/29 3rd. Rob Pistone 25/26 was the Back Marker and Thomas Armstrong 28/29 the Junior Front Marker.

Handicap Cam Gardner

The Double was next and with the program moving along very nicely, the thought of a late finish disappeared. This event produced 32 possible's and almost the same number of 24's. When the total was eighty five, the six squads had eliminated down to one. Craig Henwood 112/112 was the Overall winner with Steve Trembath 111/112 1st in AA and Mitch Foon 105/106 2nd,

A P. Gray 42/43, A. Bird 39/40, B I. Espin 39/40, G Monson 33/34, C T. Kupsch 30/31, J. Goiris 25/26.

In the Teams section Melbourne Blue & MCC on 116 lead the way in the Handicap from Werribee Two and Werribee One

both on 114. In the Juniors it was MCC 49 just in front of Werribee 47.

On completion of the D/B the leader was Werribee/Vic, Two with 237/250. T. Psalia, T. Faranda, T. Armstrong, C. Hudson-Czernieck & J. Moustis, the winning Team members.

MCC were the Winners in the Juniors, A. Preston & R. Wilson having a total of 95/100, just one up on Werribee /Vic, on 94.

Shooting for the High Gun were the nine one down's and as no one had shot the 50, which was in contrast to round one where there were two squads clean, same place just a very different result. The shoot off lasted another thirty five targets before Cam Gardner 69/70 stood alone to collect the very impressive array of shooting accessories provided by our major sponsor Beretta Australia, who he thanked for their participation in this very popular series.

Ladies High Gun was won by a very pleased Alexis Preston 49/50 who also won the Junior B grade trophy. A grade went to Jack Clerke 45/50 and C grade to Thomas Armstrong 47/50.

Next round Werribee/Victorian in July.

ACTA NEWS

Logo Design Competition

The ACTA is looking to update its Logo.

The Association has decided to initiate a competition for the new design open to ACTA members and the general public to design a contemporary new logo reflecting a modern concept encapsulating the role of the ACTA.

The logo is to be designed for use in all areas of the Association, from medals, clothing, advertising and promotional materials.

The first prize (if the winner is selected from the competition) is \$3000.00. This money will be payable on an agreement signing over the copyrights to the Logo.

Entries for the competition should be sent to:
execofficer@claytarget.com.au

Entries close at 5.00pm 28th August 2015

Note: Rule Changes

Any rule changes made to the current Rule Book will always be advertised in the Clay Target Shooting News and on the ACTA website.
